CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 7, Amendment]

PART 1500—ADMINISTRATIVE

GENERAL

Pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, § 1500.6 (Recommendation No. 7, dated August 18, 1941, 6 F.R. 5017) is hereby amended to read as follows:

§ 1500.6 *Public information.* The functions of Industry Committees are in the public interest and are well able to undergo public examination. It is the responsibility of committees to see that the public is promptly and accurately informed as to actions taken and decisions reached. The means by which this is done is left to the discretion of the committees.

It is equally the responsibility of the committees to see that other members of the industry are kept informed on discussions of proper interest to them, or on matters under consideration which would affect the operations and planning of the industry. There may be occasions when such information can be most expeditiously disseminated to the industry through the press. The means for carrying out this dissemination likewise is left to the discretion of the committees.

The responsibility for handling public information or directing industry attention is up to the committees themselves, and they are expected to act within the dictates of discretion and judgment. They should avoid speculation and prophecy. Discussion of policy and action should be kept on the level of fact.

Problems of public relations may always be taken up with the Office of the Deputy Coordinator at any time, and correspondence on this subject is invited by him. (President's letter of May 28, 1941, to the Secretary of the Interior, 6 F.R. 2760)

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

[Ex Parte No. 147]

SUBCHAPTER C—CARRIERS BY WATER

PART 315—EXEMPTION OF CONTRACT CARRIERS

Towage of Floating Objects

At a Session of the Interstate Commerce Commission, Division 4, held at its office in Washington, D. C., on the 29th day of October, A. D. 1941.

[3] 6 F.R. 4736.
[4] 6 F.R. 5428.

[1] 6 F.R. 5014.

It appearing, That numerous carriers by water are engaged in towing empty vessels to and from shipyards, floating objects such as logs and piling in rafts, and derricks, dredges, tanks, caissons, pontoons, and other floating objects of varying shapes, sizes and drafts which are not designed or used for the carrying of passengers and property; that because of the inherent nature of the commodities transported, or their requirement of special equipment, such transportation is not actually and substantially competitive with transportation by any common carrier subject to part I, II, or III of the Interstate Commerce Act; that carriers engaged in such transportation under individual agreements or contracts are contract carriers by water; and the divisions so finding; therefore,

It is ordered, That the following regulation shall become effective December 4, 1941, and shall continue in effect until the further order of the Commission.

§ 315.2 *Towage of floating objects.* Transportation by contract carriers of empty vessels to and from shipyards, floating objects such as logs and piling in rafts, and derricks, dredges, tanks, caissons, pontoons, and other floating objects of varying shapes, sizes and drafts which are not designed or used for the carrying of passengers and property, is hereby exempted from the requirements of part III of the Interstate Commerce Act until the further order of the Commission. [Docket No. 1721-FD]

IN THE MATTER OF JOHN E. BROWN, DEFENDANT

CEASE AND DESIST ORDER

A complaint having been filed with the Bituminous Coal Division pursuant to the provisions of Sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 15, complainant, alleging wilful violation by John E. Brown, a code member in District 15, the defendant, of the Bituminous Coal Code, Rules and Regulations thereunder as follows: That the defendant with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District No. 15 for Truck Shipments, and with intent to violate the same, and in violation thereof, sold between October 1, 1940, and March 31, 1941, 921.375 tons of lump coal (Size Group 2) at $2.20 per net ton f. o. b. the mine for truck shipments; whereas the effective minimum price established for such coal is $3.30 per net ton f. o. b. the mine;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on September 29, 1941, before D. C. McCurtain, a duly designated Examiner of the Division at a hearing room thereof; all parties having joined in waiving the preparation and filing of a report by the Examiner;

The record of the proceeding thereupon having been submitted to the undersigned for consideration;

The undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith; [1]

Now, therefore, it is ordered, That the defendant, John E. Brown, his officers, representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist, and they are hereby permanently enjoined and restrained from selling and offering to sell coal produced by the defendant at prices below the applicable minimum prices established therefor contrary to the Bituminous Coal Act or any rules and regulations promulgated thereunder, the Bituminous Coal Code; the Schedule of Effective Minimum Prices for District No. 15 for Truck Shipments; and Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this order the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where such defendant carries on business or the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof, or may reopen the case for further proceedings under the conditions contained in section 5 (b) of the Act.

[Docket No. A-1112]

PETITION OF THE BOWIE COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 2, FOR CHANGE IN LOADING POINT

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting permission to change the loading point of its Weigle mine (Mine Index No. 948) from Grove City, Pennsylvania and Harrisville, Pennsylvania, both located on the Bessemer and Lake Erie Railroad, to Atwell Siding, Annandale, Pennsylvania on the Bessemer and Lake Railroad, to Atwell Siding, Annandale, ting the petitioner to load his coal on the railroad at a point five miles nearer to his mine; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

[1] Not filed with original document.

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is granted as follows: Commencing forthwith, all shipments from petitioner's Weigle mine (Mine Index No. 948) on the Bessemer and Lake Erie Railroad may be made from Atwell Siding, Annandale, Pennsylvania, and no further shipments on the Bessemer and Lake Erie Railroad shall be made by petitioner from Grove City, Pennsylvania and Harrisville, Pennsylvania. All adjustments required or permitted mines in Freight Origin Group No. 20 shall be applicable to shipments of these coals from the Atwell Siding, Annandale, Pennsylvania.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 3, 1941.

[Docket No. A-1092]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 11 FOR RAIL SHIPMENT

[Docket No. A-1092, Part II]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE ALLEN MINE OF THE ALLEN COAL COMPANY, INC., IN DISTRICT NO. 11 FOR RAIL SHIPMENTS ORIGINATING AT STEVENSON, INDIANA

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1092 PART II FROM DOCKET NO. A-1092 AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1092 PART II

The original petition in the above-entitled matter filed with this Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 11.

As the Director found in a separate Order issued in Docket No. A-1092, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except in so far as the establishment of price classifications and minimum prices for the coals of the Allen Mine of the Allen Coal Company, Inc., for rail shipments originating at Stevenson, Indiana, is concerned.

The Director is of the opinion that no price classifications and minimum prices should be established for the coals of the Allen Mine of the Allen Coal Company, Inc., for rail shipments originating at Stevenson, Indiana, without a hearing for the reason that no freight rates for coal shipments from this point have been published.

Now, therefore, it is ordered, That the portion of Docket No. A-1092 relating to the Allen Mine of the Allen Coal Company, Inc., be and the same hereby is severed from the remainder of Docket No. A-1092 and designated as Docket No. A-1092 Part II.

It is further ordered, That a hearing in Docket No. A-1092 Part II under the applicable provisions of said Act and the rules of the division be held on December 15, 1941, at 10 o'clock in the forenoon of that day, at hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 10, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 11 for the establishment of price classifications and minimum prices for the coals of the Allen Mine of the Allen Coal Company, Inc., in District No. 11 for rail shipments originating at Stevenson, Indiana.

Dated: November 3, 1941.

[Docket No. 1711-FD]

IN THE MATTER OF J. C. ROMAN, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on May 31, 1941, with the Bituminous Coal Division pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 by District Board No. 2, complainant, alleging *inter alia* that the defendant, J. C. Roman, a code member in District No. 2 operating the Grillo Mine, Mine Index No. 1995, in the Pittsburgh Seam, Allegheny County, Pennsylvania, wilfully violated the Bituminous Coal Code and Rules and Regulations thereunder in connection with the sale of coal to Thomas E. Brown for delivery to the Bureau of Mines, Pittsburgh, Pennsylvania;

Pursuant to an Order of the Director and after due notice to all interested parties a hearing having been held in this matter on August 18, 1941, before a duly designated Examiner of the Division, at a hearing room thereof in Pittsburgh, Pennsylvania;

All parties having joined in the waiving of the preparation and filing of a report by the Examiner and a record of the proceedings thereupon having been submitted to the Director for his consideration; the Director having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith, in which it was concluded that the defendant's code membership should be revoked because of his violation of the following:

(1) Section 4 II (e) of the Act, the Code, and the Schedule of Effective Minimum Prices for District No. 2 for Truck Shipment, by selling and delivering during the period between January 31 and May 31, 1941, both dates inclusive, to

Thomas E. Brown, 928.15 net tons of 2" x 0 and over screenings produced at the Grillo Mine, Mine Index No. 1995, in the Pittsburgh Seam, Allegheny County, Pennsylvania, at prices ranging from $1.80 per ton f. o. b. the mine to $2.275 per ton delivered f. o. b. bins, Bureau of Mines, Pittsburgh, Pennsylvania, when the effective minimum price established therefor was $2.20 per net ton f. o. b. the mine;

(2) Section 4 II (g) of the Act, the Code, and Price Instruction No. 6 as contained in the aforesaid Schedule of Effective Minimum Prices by delivering as aforesaid to the Bureau of Mines, 472.35 net tons of the aforesaid tonnage and failing to add to the effective f. o. b. mine price therefor an amount at least equal as nearly as practicable to the actual transportation charges from the aforesaid mine to the aforesaid point of delivery;

(3) Rules 1, 4, and 6 of section VIII of the Marketing Rules and Regulations;

(4) Rules 1 and 2 of section XI of the Marketing Rules and Regulations; and

(5) Rules 1 and 3 of section X of the Marketing Rules and Regulations;

(6) Order No. 14 of the National Bituminous Coal Commission dated July 15, 1937, adopted as an Order of the Division on July 1, 1939, and Rule 7 of section VI of the Marketing Rules and Regulations;

(7) Order in General Docket No. 19;

Now, therefore, it is ordered, That the code membership of the defendant, J. C. Roman, a code member in District No. 2 be and it is hereby revoked and cancelled; and

It is further ordered, That prior to any reinstatement of the defendant, J. C. Roman, to membership in the Code, the defendant shall pay the United States a tax in the amount of $796.35 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 3, 1941.

DEPARTMENT OF LABOR.

Wage and Hour Division.

NOTICE OF HEARING IN THE MATTER OF EMPLOYMENT OF LEARNERS AT LESS THAN THE MINIMUM WAGE RATE IN THE KNITTED AND MEN'S WOVEN UNDERWEAR AND COMMERCIAL KNITTING INDUSTRY AND IN THE KNITTED OUTERWEAR INDUSTRY

Whereas the Administrator of the Wage and Hour Division duly appointed Industry Committee Nos. 28 and 32 for the purpose of recommending to the Administrator the highest minimum wage rate (not in excess of 40 cents per hour) which will not substantially curtail employment in the Knitted and Men's Woven Underwear and Commercial Knitting Industry and the Knitted Outerwear Industry; and

Whereas the said Committees duly filed their Reports and Recommendations respectively on June 17, 1941 and August 19, 1941, to the effect that every employer shall pay not less than 40 cents per hour to each of his employees in the Knitted and Men's Woven Underwear and Commercial Knitting Industry as defined in Administrative Order No. 104 dated May 8, 1940 and in the Knitted Outerwear Industry as defined in Administrative Order No. 115 dated July 8, 1941; and

Whereas Industry Committee No. 28 unanimously adopted a resolution recommending to the Administrator that he consider a more liberal application of the learner regulations pertaining to this industry, the Committee being of the opinion that favorable consideration is warranted for allowing ten percent learners instead of five percent as heretofore, and such other modifications as the Administrator after consideration may find applicable for this industry; and

Whereas Industry Committee No. 32 unanimously adopted a resolution suggesting that the Administrator further study the problem of learners with a view to simplifying the present procedure:

Now, therefore, pursuant to the said Act and § 522.12 of the said Learner Regulations Part 522, notice is hereby given of a public hearing to be held in Room 3229, U. S. Department of Labor, 14th Street and Constitution Avenue, Northwest, Washington, D. C., to commence at 10:00 A. M. on November 14, 1941, before Alex G. Nordholm of the Hearings Branch of the Wage and Hour Division, hereby duly authorized as Presiding Officer to conduct said hearing and to take testimony for the purpose of determining what, if any, modifications of Part 522, §§ 522.060 to 522.071 (Regulations Applicable to the Employment of Learners in the Knitted Wear Industry) are warranted in the light of the above recommendations of the Industry Committee.

At this hearing opportunity to present evidence relevant to above questions will be afforded any interested person, provided the Presiding Officer shall have received from such person, prior to November 14, 1941, a notice of intention to appear, setting forth his name and address, the company or organization which he represents, and the approximate length of time required for such presentation. Any interested party unable to appear in person may file a brief or a statement which will be considered if received by November 14, 1941.

The definition of the Knitted and Men's Woven Underwear and Commercial Knitting Industry, insofar as it concerns the said hearing, shall be identical with the definition set forth in Administrative Order No. 104; dated May 8, 1940; and the definition of the Knitted Outerwear Industry shall be that set forth in

Administrative Order No. 115 dated July 8, 1941.

Signed at Washington, D. C. this 4th day of November 1941.

IN THE MATTER OF THE UNITED CORPORATION

ORDER POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 3rd day of November, A. D. 1941.

The Commission having by order dated October 17, 1941, postponed the hearing in these proceedings to November 4, 1941;

The United Corporation having requested a further postponement and the Commission having found that such further postponement is appropriate;

It is ordered, That the said hearing be, and it hereby is, postponed to November 17, 1941, at which time the hearing shall be reconvened for the purpose of taking evidence in accordance with the Opinion of the Commission this day issued.

By the Commission.

IN THE MATTER OF IOWA PUBLIC SERVICE COMPANY AND NEBRASKA PUBLIC SERVICE COMPANY

NOTICE REGARDING FILING SUBJECT TO RULE U-23

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 3d day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than November 20, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Nebraska Public Service Company, a wholly-owned subsidiary of Iowa Public Service Company which is a registered holding company and a subsidiary of Sioux City Gas and Electric Company (also a registered holding company), proposes to purchase for retirement 7,700 shares of its 10,000 outstanding shares of $50 par value common stock from Iowa Public Service Company for $325,000 in cash, thereby reducing its capital from $500,000 to $115,000.

The declaration or application recites that the Company considers section 12 of said Act and Rules U-42, U-43 and U-44 promulgated thereunder as being applicable to such transactions.

By the Commission.

In the Matter of John Maricak, an Individual, Trading and Doing Business Under the Name Continental Silver Company of America

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 28th day of October, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission (no answer thereto having been filed by respondent), testimony and other evidence taken before William C. Reeves, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of the complaint, report of the trial examiner upon the evidence, and brief in support of the complaint (respondent not having filed brief and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, John Maricak, an individual, trading and doing business under the name Continental Silver Company of America, or trading under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of his sales stimulator plan, including premium cards, advertising matter, silverware or any other merchandise, do forthwith cease and desist from:

(1) Representing either directly or by implication that respondent is a representative of, or has any connection with, the manufacturer of Wm. A. Rogers silverware; *Provided, however*, That this order shall not be construed to prohibit the respondent from dealing in such silverware;

(2) Representing either directly or by implication that respondent's sales stimulator plan is in the nature of an advertising campaign conducted by or on behalf of the manufacturer of Wm. A. Rogers silverware;

(3) Representing that respondent will supply dealers purchasing his sales stimulator plan with display sets of silverware for use in putting such plan into operation, when respondent does not in fact supply such display sets as represented;

(4) Representing that respondent will give silverware or other merchandise free, when such silverware or other merchandise is not in fact given free;

(5) Representing that premium cards or other similar devices will be redeemed in silverware or other merchandise, unless and until all of the terms and conditions of such offer are clearly stated in immediate connection or conjunction with such offer, and there is no deception as to the price to be paid in connection with the obtaining of such silverware or other merchandise;

(6) Representing that upon the redemption of a specified number of premium cards respondent will refund any sum of money to dealers purchasing such cards, when such refund is not in fact made, and if there are any conditions connected with such refund, such conditions must be clearly stated in immediate connection or conjunction with such offer of refund;

(7) Representing that the operation of respondent's sales stimulator plan is without cost to dealers purchasing such plan.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 24—HOUSING CREDIT

CHAPTER IV—HOME OWNERS' LOAN CORPORATION

[Resolution, Oct. 3, 1941]

PART 402—LOAN SERVICE DIVISION

RECODIFICATIONS OF LOAN SERVICE REGULATIONS

All those sections of Parts 402 and 409 of said Chapter and Title of the Code of Federal Regulations which represent Resolutions of the Board are revoked in their entirety, and the following sections are reenacted in lieu thereof:

§ 402.00 *General policy and home office—*(a) *Responsibility of Division for servicing accounts.* The Loan Service Division shall be responsible for the protection of the Home Owners' Loan Corporation's interest in the loans or purchase money contracts it holds in its portfolio until liquidated or the Legal Department or Property Management Division is instructed by proper authority to assume jurisdiction.

(b) *General policy.* The necessity of treating each case of delinquency as an individual problem is recognized, as is the Corporation's duty to collect indebtedness from home owners, and where clearly established that the default is wilful, steps are to be taken immediately to protect the Corporation's interest.

(c) *Nature of default.* In the consideration of cases where such default is not wilful, it will endeavor to determine whether the economic status of the home owner which causes the default is reasonably to be regarded as temporary or permanent. In the case where it appears to be temporary, it will consider the effect upon its own interest and where justified may defer exercising its legal rights.

(d) *Objectives of the servicing program.* The objectives of the Corporation's servicing program are to protect the Corporation's investment in the securities it holds in its portfolio; to maintain the maximum possible number of loan accounts in good standing; to deal speedily, effectively, and sympathetically with those that are, or become, in default; to secure the facts in each case and promptly take such action as the circumstances may warrant.

(e) *Home office.* The Loan Service Division shall be under the direction and control of the General Manager, who may delegate immediate direction and control to a Deputy General Manager appointed in accordance with the regulations of the Corporation. The General Manager or such deputy, subject to the limitations hereinafter provided, shall have all necessary authority to develop and enforce loan service procedure which will effectuate the policies and regulations of the Board.

(f) *4½% per annum interest rate.* In case of payments becoming due on and after October 16, 1939, and until further notice, interest will be accepted at the rate of 4½% per annum on the indebtedness of a home owner to the Home Owners' Loan Corporation arising from a loan, advance, or sale of property which carries an interest rate of 5% or 6% per annum. The General Manager, with the approval of the General Counsel, is authorized to prescribe procedure to carry out the provisions of this section.

(g) *Taxes.* The Loan Service Division shall be responsible for causing home owners to pay delinquent taxes, assessments, other governmental levies or charges, or ground rents.

(h) *Authority to pay expenses in connection with servicing.* The General Manager may, except as otherwise expressly provided by the Board, incur and approve the amount and payment of any expenses not exceeding $50 incident to the performance of any duty or function of the Loan Service Division in connection with the investigation, preparation, and processing of applications for releases, waivers, consents, subordination agreements, substitution of security, division of indebtedness and security, and extensions of time for the making of payments to the Corporation; offers of additional security; cases involving the acquisition of property covered by the Corporation's lien, or any part thereof, by eminent domain; cases where the land or improvements covered by the Corporation's lien have been damaged or destroyed by fire, flood, windstorm, landslide, or other hazard where the loss is not covered by insurance; and cases apparently insoluble in which foreclosure or the acceptance of a voluntary conveyance is contemplated. The General Manager may determine with the advice of the General Counsel, whether any expenses not paid by the home owner shall be charged to the home owner's account or to Corporation expense. All sums for these purposes shall be advanced or paid from such funds as the Comptroller may direct, in accordance with established Corporation policy. Any legal fees and expenses shall be incurred, approved, and paid in the manner provided in Part 406 of the Code of Federal Regulations.

In cases where it appears to him to be for the best interests of the Corporation the General Manager is likewise authorized to waive the requirement that funds for appraisal, credit report, or other expense in connection with loan service operations be deposited in advance or paid by the home owner upon consummation of such transaction.

Except as provided in section 108, of the Manual, any Regional or State Manager, with the advice or approval of Regional or State Counsel, as may be required, may exercise the authority herein granted under procedure and limitations prescribed and promulgated by the General Manager with the approval of the General Counsel.*

*§§ 402.00 to 402.25, inclusive, issued under the authority contained in sec. 4 (a), (k), 48 Stat. 129, 132, as amended by sec. 13, 48 Stat. 647; 12 U.S.C. 1463 (a) (k).

§ 402.01 *Regional offices*—(a) *Appointment of deputies.* The Regional Manager may, in the manner now or hereafter provided, request the appointment of deputies to execute forms on his behalf, to exercise any authority and to perform any duties vested in or required of the Regional Manager with respect to Loan Service operations: *Provided, however,* That such deputation is limited to the Assistant Regional Manager in Charge of Loan Service and employees of the Loan Service Division recommended by him: *And provided further,* That no such deputy shall exercise any power now or hereafter conferred upon the Regional Manager to direct advances of Corporation funds or to approve extensions for the accounts of salaried employees, whether such employees are mortgagors, vendees or their successors in interest.*

§ 402.03 *Analysis and review section*—(a) *Responsibility of analysis and review section.* The Analysis and Review Section shall be responsible for the consideration of cases beyond the authority of the Control Supervisor, and the making of recommendation as to the action to be taken.

(b) *Cases to be reviewed.* This Section shall review all cases where contemplated advances will affect the future servicing of the account, excepting those which may be reviewed by the Control Supervisor and those which may be made by State Managers without prior authorization from the Regional Manager.*

§ 402.08 *Servicing treatment of accounts*—(a) *Real estate cases.* Where it is clearly established that the economic status of the home owner is unlikely to improve to a point where he may discharge his obligation in accordance with the terms of his mortgage or other instrument, it is the policy of the Corporation to consider the effect upon its interest of delay, and, where justified, defer the exercise of its legal rights in order to afford the home owner an opportunity to so dispose of his property as to realize his equity or place his obligation in good standing. Though it assumes no responsibility therefor, it is the policy of the Corporation to render such assistance to home owners in this category as may be appropriate.

(b) *Field collections.* It is the fixed policy of the Corporation to discourage the personal collection of home owners' payments by its representatives but where such collections are in its own interests, Regional Managers are empowered to designate employees who will, where circumstances require it, be authorized to make collections. The method of identification and operating procedure shall be as set forth in Part 407 or Part 402 of this Chapter.*

§ 402.10 *Extension*—(a) *Extension of time for making payments.* Where the circumstances of the home owner, condition of the security, and the best interests of the Corporation justify it, the General Manager with the advice of the General Counsel may grant extensions of time for the payment of any amount, including principal, interest and advances, or the unpaid balance of the account, and change the payment plan contained in the loan or sales instruments whether the account is delinquent or not and in connection with any such transactions may (1) accept an extension or other agreement or new obligation and security instrument and execute any such instrument, or cause the same to be executed by a duly authorized officer of the Corporation, and (2) make advances for the payment of taxes, assessments, ground rents or other levies or charges which are payable: *Provided, however,* That in no case shall the term of repayment exceed twenty-five years from the date of the original loan or twenty years from the date of the sales instrument: *And provided further,* That the home owner, in connection with the granting of an extension, execute an agreement with the Corporation for a Tax and Insurance account in accordance with and subject to the provisions of § 402.11 (a).

(b) *Basis for granting extensions.* Such extensions shall be granted on the basis of monthly payments sufficient:

(1) To retire the present indebtedness within the remainder of the original fifteen-year term, or

(2) To retire the present indebtedness within a period not to exceed twenty-five years from the date of the original loan or twenty-years from the date of the sales instrument.

The authority vested in the General Manager by this Section may be exercised by the Regional Manager with the advice of the Regional Counsel, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.11 *Tax and insurance accounts.* (a) In cases where the establishment of a Tax and Insurance account is a requirement of the Corporation, and in other cases where home owners have requested the establishment of such account, arrangements may be made with home owners on an approved form for a Tax and Insurance account for the accumulation of funds for the payment of the following items or for such of them as the Corporation may in its sole discretion and from time to time desire to pay:

(1) Any taxes, assessments and ground rents which, in the judgment of the Corporation, may affect the property which secures payment of any indebtedness owing to the Corporation or which may affect such indebtedness or the instruments evidencing or securing it;

(2) The premiums and costs of such fire or other insurance as the Corporation may from time to time require; and

(3) Such other levies, charges or items as the Corporation in its sole discretion may deem it necessary or proper to pay.

The General Manager may waive any requirement of the Corporation providing for the establishment of a Tax and Insurance account, or may suspend the accrual for any or all of the above items in the Tax and Insurance account in any case or class of cases when he determines it to be in the best interests of the Corporation.

The authority by this Section vested in the General Manager may also be exercised by the Regional Manager under procedure and limitations prescribed by the General Manager and the General Counsel.*

§ 402.12 *Foreclosure*—(a) *Foreclosure and deficiency judgments.* After all efforts to collect the debt owing to the Corporation have been made, as is provided by the rules and regulations, and all efforts to assist the home owner have been exhausted and it becomes necessary to protect the taxpayers, the General Manager may authorize foreclosure or the acceptance of a deed in lieu thereof. When deeds in lieu of foreclosure are accepted from owners of mortgaged properties in settlement of the indebtedness owing to the Corporation no sum shall be paid to the owner of the property, but as a part of the consideration for such deed an owner may be permitted to continue in possession of the premises for a limited time within the discretion of the Regional or State Manager under advice of the Regional or State Counsel. When foreclosure is authorized it shall be determined whether or not a deficiency claim shall be retained on the books of the Corporation if the value of the security is less than the amount of the debt.

The authority vested in the General Manager by this Section may be exercised by the Regional Manager under procedure and limitations prescribed by the General Manger with the approval of the General Counsel.*

§ 402.13 *Suspension and withdrawal*—(a) *Suspension and withdrawal of foreclosure.* At any time prior to the acquisition of absolute title by the Corporation, the General Manager, with the advice of the General Counsel, may direct that foreclosure proceedings or negotiations for a deed in lieu of foreclosure be suspended or withdrawn and the loan or sales account reinstated on such terms and conditions as he may determine to be for the best interest of the Corporation. In connection with such withdrawal and reinstatement he may affect the cancelation of the old indebtedness and the taking of new loan or sales instruments. In connection therewith he may also direct the acquisition of title by the Corporation and the execution of instalment contracts or other like sales instruments or deeds to home owners or to third parties, accepting appropriate security instruments. No suspension, withdrawal or reinstatement in such cases shall be made which would involve a loss to the Corporation. The authority herein granted may be exercised in any case where a notice of withdrawal has been issued, but on account of the lack of time or for other cause, the reinstatement has not been accomplished prior to the acquisition of absolute title. All cases handled under the authority of this resolution shall be classified as withdrawn foreclosures and not as sales. The authority herein vested in the General Manager may be exercised also by the Regional Manager, with the advice of the Regional Counsel, or by the State Manager, with the advice of the State Counsel, under procedure and limitations prescribed by the General Manager, with the approval of the General Counsel.*

§ 402.14 *Property inspection.* (a) This Division shall be responsible for reporting on the condition of properties securing indebtedness to the Corporation and such reports shall be made at such time and in such manner as the General Manager may direct.

(b) The General Manager is authorized and directed to provide and maintain an inspection and fire prevention service with respect to all properties securing indebtedness owing to the Corporation or owned by it. The authority vested in the General Manager by this section may be exercised also by the Regional Manager under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.15 *Abandoned property*—(a) *Caretaker for abandoned property.* In any case in which it is found necessary to appoint a caretaker for property upon which the Corporation holds a loan and which has been abandoned, the State, or Regional Manager with the advice of the State or Regional Counsel, may appoint such a caretaker, appropriately instruct him as to the performance of his work, and determine the compensation therefor. The expense thereof shall be paid from the Regional Working Fund.*

§ 402.16 *Reconditioning* — (a) *Advances for reconditioning.* The General Manager may authorize advances for the account of borrowers, vendees and transferees, to accomplish reconditioning of any nature whatsoever, provided such reconditioning is determined to be in the best interest of the Corporation in order to protect its security, to facilitate the collection of the indebtedness owing to the Corporation or to promote the orderly liquidation of the assets of the Corporation; and may incur and approve the amount and payment of fees and expenses in connection with such advances, except legal fees and expenses which shall be incurred, approved and paid as provided in Chapter VI of the Manual. The authority herein granted may be exercised also by the Regional Manager, or by the State Manager except as provided in section 108 of the Manual, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.17 *Property transfer*—(a) *Property purchase by Corporation employee.* Officers or employees of the Corporation are not permitted to purchase from home owners properties on which the Corporation holds a mortgage or sales instrument unless and until the transaction has been approved by the Board. Such cases shall be submitted to the Property Committee in Washington for their recommendation and reference to the General Manager who, after review, will submit them, together with his recommendations, to the Board for final action.*

§ 402.18 *Deceased borrowers*—(a) *Filing of claims.* In cases where the home owner or other obligor has died, except in jurisdictions where it is legally necessary to file a claim to protect the interests of the Corporation, the General Manager shall determine whether a claim shall be filed against the estate of the decedent. Ordinarily probate claims will not be filed where it appears that any of the following circumstances obtain:

(1) That the account will be maintained in good standing or satisfactory payment made.

(2) That the assets of the estate are insufficient or of such nature that they cannot be reached by a claim.

(3) That the satisfaction of a claim from assets other than the security of the Corporation will deprive the family of its only means of livelihood or otherwise result in extreme hardship.

The General Manager shall refer the cases where he determines a claim should be filed to the Legal Department, and unless there are legal reasons which would make it inadvisable to file the claim, the Legal Department shall proceed to file the same.

The authority herein vested in the General Manager may be exercised also by Regional or State Managers under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.19 *Changes in liens or properties securing indebtedness*—(a) *Partial release, subordination, condemnations, waivers, consents.* The General Manager, with advice of the General Counsel, and subject to such terms, conditions and consideration therefor as the General Manager determines to be in the best interests of the Corporation may grant:

(1) The partial release or subordination of any lien or security instrument including the property covered thereby, or

(2) The waiver of any right under any security instrument, instalment sales contract, debt or evidence of indebtedness secured thereby, or of any additional or supplemental agreements held by the Corporation in connection with such instruments, whether arising by contract or by operation of law including the right for deficiency judgment (but excluding discharges based upon payment in full), or

(3) The written consent of the Corporation to the making of repairs and improvements to, or the removal or demolition of, property covered by any security instrument, contract or other obligation.

The authority vested in the General Manager by this Section may be exercised by the Regional Manager, with the advice of the Regional Counsel, under procedure and limitations prescribed by the General Manager with approval of the General Counsel.

(b) *Division of mortgaged property.* The General Manager, with the advice of the General Counsel, may authorize and direct a division of the property covered by a mortgage, other security instrument or sales instrument, the allocation of the indebtedness to each parcel, the reamortization of each indebtedness over a period not to exceed twenty-five years from the date of the original loan or twenty years from the date of the sales instrument, the execution or acceptance of appropriate releases, reamortization agreements, mortgages and other instruments by any official authorized to execute releases of the mortgage liens of the Corporation, and such further action as may be necessary to effect the division of the indebtedness and property: *Provided, however,* That if either indebtedness is reamortized or extended, the debtor must be eligible for an extension under the provisions of § 402.10 (a).

The Regional Manager, with the advice of the Regional Counsel, may exercise the authority herein conferred upon the General Manager under the procedure and limitations prescribed by the General Manager, with the approval of the General Counsel.

(c) *Substitution of security.* Substitution of security held by the Corporation under its mortgages is authorized to be made as herein provided and in accordance with the authorized procedure.

Where on account of condemnation proceedings, which have been commenced or are in contemplation, or on account of fire, windstorm, flood, other similar casualty losses, sale, transfer, or other matter affecting the security for the loan, conditions arise which make it for the interest of the Corporation to accept an offer from the home owner to substitute other real estate as security in lieu of that held by the Corporation under its mortgage or other lien instrument, or in addition to that to be held after the condemnation, casualty loss, sale, transfer, or other matter, a Regional Manager, with the approval of a Regional Counsel, may, after appraisal and pursuant to established regulations, authorize the acceptance of such other real estate and may consent to the removal and relocation of improvements and the repair, alteration, or reconditioning thereof, and may permit the home owner to use all or a portion of the award, insurance loss settlement, or other consideration for the purpose of acquiring the new or additional property, including additional improvements, of removing and relocating the improvements, making the repairs, alterations, or reconditioning, and of paying other proper expenses in connection with the transaction.

Advances for substitutions. Such officers may also authorize the making of an additional advance for expenses in connection with the removal and relocation of the improvements in such cases and for expenses of appraisal, title search, recording fees, and other necessary charges in connection with the substitution of the new or additional security: *Provided,* That the borrower is unable to pay such expenses and it affirmatively appears that such advance is necessary to prevent a material loss to the Corporation in the particular loan.

Upon the taking of any new or additional property as security, such instruments shall be taken to evidence and secure the total unpaid indebtedness as will adequately protect the Corporation, and such as will preserve a valid first lien on the old property retained, if any, and create a valid first lien on the new security. If a first lien is not obtainable, such cases shall be submitted to the General Manager who, with the advice of the General Counsel, shall direct the action to be taken in regard to the same. A release, in whole or in part, of the original security, where appropriate, may be made by any official authorized by the Regulations to execute releases of the mortgage lien of the Corporation; and releases may be made for such consideration as may be determined by the Regional Manager subject to the provisions hereof.

(d) *Consent to improvements by other Federal agency.* In the event Resettlement Administration, or any other department, establishment, agency, instrumentality, or corporation of the United States contemplates making an advance to any owner, lessee or occupant of any property securing a loan due Home Owners' Loan Corporation for the purpose of improving such property or providing any fixtures, equipment or facilities to be attached to, or used on such property, and finds it necessary to have a lien upon such improvement, fixtures, equipment, or facilities, the Regional Manager of the Home Owners' Loan Corporation, upon a written statement from the owner of such property and also from any lessee or occupant to whom the loan is being made, and the lender, and upon any other information available, may, in his discretion consent to such improvement, or the placing of such fixtures, equipment, or facilities, and to the removal of the same, for the purpose of being subjected to any lien for any purchase money or to any lien held by any such governmental authority, and each Regional Manager of Home Owners' Loan Corporation, with the approval of the Regional Counsel, is authorized to execute in the name of the Corporation any instruments necessary to accomplish the purposes of this resolution; provided that such consents shall relate only to the making or installing and removal of the improvements, fixtures, equipment, or facilities, and shall not afford any lien in favor of such governmental authority on the property theretofore held by the Corporation under its mortgage which will be superior to the lien of said mortgage; and such consents shall also be on condition that such governmental authority shall furnish satisfactory evidence of the satisfaction in full of any mechanics' or furnishers' liens which may arise by virtue thereof without loss or expense to the Corporation.*

§ 402.20 *Additional security.* The General Manager, a Deputy General Manager or a Regional Manager with the advice of the General Counsel, an Associate General Counsel, or a Regional Counsel may authorize and direct the acceptance of additional security for the Corporation's loans in such form and by such method as he may deem advisable when it appears that the best interests of the Corporation will be served thereby; the authority herein granted to the Regional Manager and Regional Counsel being subject to instructions and procedure promulgated by the General Manager or a Deputy General Manager and the General Counsel or an Associate General Counsel.*

§ 402.21 *Conversion of instalment contract—(a) Conversion of instalment contracts into mortgage accounts.* The General Manager, with the advice of the General Counsel, may authorize the delivery of a deed or other conveyance and the taking of a note or other obligation and a mortgage or other security instrument for the unpaid balance, (1) in cases where he determines that the purchaser or his successor in interest under an instalment contract, lease with option to purchase or similar instrument has fulfilled the requirements thereof to such extent that he is entitled by the provisions thereof to such deed or other conveyance, and (2) in other cases where he determines that it is in the best interests of the Corporation to do so.

The authority vested in the General Manager by this Section may also be exercised by the Regional Manager, with the advice of the Regional Counsel, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.

The provisions of this Section shall not apply to instalment contracts, leases with option to purchase or similar instruments, under which the Corporation has received payment in full of the purchase price.*

§ 402.22 *Miscellaneous credits.* (a) Upon the written request of the home owner, where necessary, the General Manager, with the advice of the General Counsel, may permit the payment of taxes, assessments, other governmental levies and charges, ground rents, attorneys' fees, cost of reconditioning from, or make such other disposition as he deems proper of, funds received by the home owner, or by the Corporation as mortgagee or assignee, in connection with transactions involving partial releases, grants of easements and flowage rights, insurance losses, mineral deeds, oil, gas or mineral interests, sales of timber, condemnation awards under decree or judgment of a court or by agreement, substitution of security, additional

security, other transactions which otherwise reduce or diminish the security held by the Corporation or the property sold by it, and from funds received as other credits to home owners' accounts, except repayments, before directing that the net amount received by the Corporation be applied to the appropriate account, as provided in § 408.00 (1) of this Chapter.

The authority vested in the General Manager by this Section may also be exercised by the Regional Manager, with the advice of the Regional Counsel, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.23 *Junior liens* (a) The General Manager may authorize foreclosure, where foreclosure of a junior lien has been commenced or is imminent, and the Corporation is entitled to foreclose its lien under the circumstances existing and under the terms of its lien instrument.

The authority vested in the General Manager by this Section may be exercised by the Regional Manager with advice of the Regional Counsel under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.*

§ 402.24 *Taxes—(a) Tax searches, authority limitations.* The General Manager shall determine when and how the public records shall be searched for taxes, assessments, or other governmental levies or charges and shall make or cause arrangements to be made for such searches. The Regional Manager is authorized also to cause tax searches to be made for the purpose of protecting the Corporation against loss of title or security on account of such items.

Such searches may be made by an employee of the Corporation or by competent and financially responsible tax searching agencies or competent individuals on a basis of reasonable cost per loan.

Any contract with any one corporation, firm or individual involving an expenditure of more than $500.00, or involving an entire State, Division or Territory, must be previously approved by the Board of Directors. The General Manager, or the Regional Manager, is authorized to incur expenses for such searches and for photographing, or otherwise reproducing tax search cards or other records of the Tax Section and to approve the amount and payment thereof.

(b) *Authority to certify payment, interest repayment.* The General Manager is authorized to direct the payment of any tax, assessment, ground rents or other levies or charges, or the repayment to effect redemption or recovery from any levy, sale, loss or forfeiture resulting from nonpayment thereof when in his opinion it is necessary or advisable. With the advice of the General Counsel he is authorized to direct the purchase of bonds or other evidences of indebtedness and to direct the transfer or surrender of same in payment of taxes, assessments, or other levies or charges when payment in such manner is allowed by law, and when he deems such procedure in the interests of the Corporation. The authority granted by this section may be exercised by the Regional Manager under procedure and limitations prescribed by the General Manager, with approval of General Counsel. Such advances shall be repaid in such manner, on such terms, and under such conditions and procedure as the General Manager with the approval of the General Counsel shall prescribe.

(c) *Consents to moratoria or assessments.* The Regional Manager, with advice of the Regional Counsel and the State Manager when authorized by the Regional Manager, with advice of the State Counsel may grant consents to home owners to enable them to comply with the necessary requirements to obtain the benefit of moratoria established or declared by proper legislative authority or legal action, relating to taxes, assessments, or other governmental levies or charges under such procedure and limitations as the General Manager with the approval of the General Counsel shall prescribe.

The Regional Manager, and the State Manager when authorized by the Regional Manager, may execute consents to proposed improvements out of which assessments or levies will arise, under such procedure and limitations as the General Manager, with the approval of the General Counsel, shall prescribe.*

§ 402.25 *Insurance.* (a) All properties securing indebtedness to the Corporation must be insured against loss by fire, as provided herein. Windstorm or other insurance may also be required in certain localities as the General Manager may direct.

The General Manager may accept insurance policies furnished by home owners when the following requirements are complied with:

(1) The insurance is written by an insurance company, association or organization licensed to do business in a particular state or territory, or specifically authorized by state law to transact business within the state or territory where the property is located, and whose policy contract and forms are acceptable to the General Manager.

(2) In the cases of home owners having a Tax and Insurance account or at the time of sale, of purchasers of Corporation-owned property, the insurance is written for a term of not less than three years, accompanied by a receipt for payment of premium in full. Exceptions may be made and policies for a term of less than three years may be accepted in the following instances:

(i) Where the period required for payment of the indebtedness to the Corporation is less than three years;

(ii) If insurance on the property cannot be obtained for a term of three years; or

(iii) Where policies written for not less than three years, when accompanied by a receipt for the first year premium, provide for annual endorsement renewal at reduced premium cost to the home owner.

(3) The minimum amount of the fire insurance is as follows, if not prohibited by the mortgage covenant:

(i) If the amount of the present indebtedness is more than the depreciated replacement value, full insurance to the depreciated replacement value shall be required on all buildings valued at $200.00 and over.

(ii) If the amount of the present indebtedness is more than the depreciated replacement value of the main dwelling, but less than the depreciated replacement value of all insurable improvements, insurance in the amount of 100% shall be required on the main dwelling and in addition, sufficient insurance shall be required on the remaining buildings in an amount necessary to bring the total amount of insurance to the present indebtedness, covering one or more of the remaining buildings, as recommended by the Supervisor, Insurance Section.

(iii) If the amount of the present indebtedness is equal to or less than the depreciated replacement value of the main dwelling, insurance shall be required on the main dwelling in an amount equal to the present indebtedness. If the other buildings or improvements are essential economically as a means of liquidating the loan or sales account and produce a reasonable portion or all of the home owner's income, either as a rental property or commercial interest of the home owner, then, upon the recommendation of the Supervisor, Insurance Section, the Regional Manager may, in his discretion, also require on the said other buildings such amounts of insurance as circumstances warrant.

(4) The amount of windstorm or other insurance is not less than the Corporation's requirements as determined by the General Manager.

(5) Co-insurance or similar clauses, when applicable, are complied with and the amount of insurance necessary to avoid penalty is furnished.

(6) If "extended coverage" or "supplemental coverage" is submitted by the home owner, all insurance coverage is made concurrent.

If the closing of a sale is authorized by the General Manager, notwithstanding the purchaser fails to provide insurance as required, or if the home owner fails to, or does not otherwise provide required renewal or other insurance, or, if for any reason the policy is cancelled and the home owner fails to provide an acceptable insurance contract in lieu thereof, the General Manager shall direct that insurance be ordered by the Corporation through carrier under contract, as follows:

(i) In cases of home owners who have not established a Tax and Insurance account, the Corporation's requirements

shall be those indicated in subparagraphs 3 and 4 above.

(ii) In cases of home owners having a Tax and Insurance account in which accruals for insurance have been established and not suspended, the requirements shall be those indicated in subparagraphs 3 and 4 above, except that the amount of indebtedness shall be considered to be the loan balance at the time accruals were established for the purchase of insurance. No funds accumulated in the Tax and Insurance account shall be used to pay any agent or insurance company for policies ordered by the home owner direct.

(iii) In cases of home owners who have established a Tax and Insurance account but who have not accumulated any funds for the purchase of insurance due to suspension of accruals for insurance, the requirements shall be those indicated in subparagraphs 3 and 4 above. The amount of indebtedness shall be considered to be the loan balance at the time the insurance is ordered by the Corporation. In these cases the Tax and Insurance Accrual for insurance shall be reestablished.

(iv) All insurance ordered by the Corporation shall be for a term of 3 years except in cases where no savings in premium cost would result from payment in advance for a term of three years or unless otherwise directed by the General Manager.

Exceptions may be made to any of the provisions of this section by the General Manager in any case or class of cases when he determines that the circumstances warrant and that such exception is in the best interest of the Corporation. The authority vested in the General Manager by this section may also be exercised by the Regional Manager with the advice of the Regional Counsel, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.

(b) *Fire, windstorm, or other losses.* The Insurance Section shall be charged with the responsibility of adjusting and settling all losses sustained on any property owned by the Corporation or securing indebtedness held by the Corporation, except that in the event an amicable settlement cannot be reached and litigation appears to be immediately imminent or court proceedings appear to be immediately necessary, the matter shall be referred to the Litigation Division of the Legal Department for appropriate action. Insurance loss funds may be applied to the proper account or used for the restoration, repair, or improvement of properties damaged, under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.

As directed by the General Manager, the Corporation need not be made a payee or one of the payees on drafts covering losses on property mortgaged to, or sold under instalment contract by, the Corporation where the amount of the individual loss totals $100.00 or less and he may instruct the insurer to deliver such drafts direct to the home owner except in those cases where the insurer denies liability to the insured or notice of foreclosure proceedings has been given to the insurer.

Where the Corporation receives drafts in such cases made payable to it, employees authorized to sign or countersign checks drawn on an account of the Corporation maintained in the United States Treasury are designated and directed to endorse for the Corporation, without recourse, such insurance loss drafts and shall transmit the drafts to the home owners.* (Effective date November 1, 1941)

[SEAL] J. FRANCIS MOORE,
Secretary.

[Administrative Order No. 3-221]

PART 402—LOAN SERVICE DIVISION

RECODIFICATION OF LOAN SERVICE REGULATIONS

All of the sections contained in Administrative Orders appearing in Parts 402 and 409 of the Code of Federal Regulations are revoked in their entirety, and the following Sections are adopted in lieu thereof:

§ 402.00–1 *Authority to pay certain expenses in connection with servicing.* Any Regional Manager with the advice or approval of the Regional Counsel where required, may exercise the authority granted to the General Manager in § 402.00 (n). Such authority shall not be exercised by any State Manager except as may otherwise be provided in this Manual, but State Managers shall make such recommendation to the Regional Manager as they may see fit in connection with their reports and other recommendations in any given case.*

*§§ 402.00–1 to 402.25–36, inclusive, issued under the authority contained in secs. 4 (a) (k), 48 Stat. 129, 132, as amended by secs. 1, 13, 48 Stat. 643, 647; 12 U.S.C. 1643 (a), (k).

§ 402.05–4 *Items included in Tax and Insurance Accounts.* The Regional Manager shall determine which levies, charges or items in addition to taxes, assessments, ground rents and insurance premiums shall be included in arrangements for tax and insurance accounts in the various jurisdictions in the Region. Generally, taxes and similar items shall be paid once each year. However, where the Regional Manager determines it to be in the Corporation's interests, and tax laws do not require payment more frequently, he may direct that such payments be made semi-annually. Instructions issued by the Regional Manager in conformity with the foregoing shall be given to all Service Representatives, the Property Management Division, and others making arrangements for Tax and Insurance accounts to the end that such accounts when set up may include all proper items. Items not paid from the Tax and Insurance accounts which may be or become a lien, shall be handled in conformity with Article 224–1 of the Manual and § 402.24–3 (d) of Part 402 of this Code.*

§ 402.06–3 *Instructions regarding placing of insurance.* No individual employee of this Corporation will be permitted to enter into any agreement or arrangement with any agent or company for the placing of insurance for the account of the home owner, or to influence the borrower in any way in his selection of an agent or broker to write his insurance. Employees of the Corporation are expected to impress upon home owners, not having Tax and Insurance accounts, the necessity of maintaining their insurance for their own protection as well as the protection of the Corporation.*

§ 402.06–4 *Fee attorneys and appraisers acting as insurance agents.* Fee attorneys and fee appraisers are not employees of the Corporation. If they are engaged in the insurance business they may be allowed to rewrite policies which they have previously written on risks which are covered by loans from the Corporation. Fee appraisers and fee attorneys are prohibited from writing insurance on risks covered by loans of the Corporation which have not been heretofore written by them, and from making memoranda or notes of expirations of any kind for future solicitation. Information secured in this manner is not in keeping with good ethics of the profession and will not be tolerated.*

§ 402.08–12 *R cases.* It should be recognized that the home owner, without other source of income, may realize sufficient income from the rental of his property to carry his obligation, or may salvage his equity by the sale thereof. Such possible solutions to his problem should be carefully considered by him as a means of protecting his own interests, but neither shall be considered as a requirement of the Corporation. If he indicates a desire to follow such a course, he should appoint his own agent and should enter into such a contract with him as best suits his own purposes and provide the Corporation with copies thereof for its information.

When a home owner indicates his intention to offer his property for sale Form 528 shall be executed and Form 153 may be furnished the home owner if he does not have available a form agreeable to himself and his agent. When a home owner indicates his desire to appoint an agent to collect rents he may use any agreement suitable to himself and his agent or may execute Form 152.*

§ 402.08–19 *Designation of service representatives to receive checks, etc.* The Regional Manager may, where he considers it necessary and in the Corporation's interest, and where the home owner will not be encouraged to expect personal collection of payments to the Corporation, designate Service Representatives who may receive checks, money orders, and bank drafts when tendered as payment to the Corporation in connection with the servicing of delinquent accounts, provided the Home Owners' Loan Corporation is the named payee in such items. The Service Representative shall transmit any such items received with servicing reports to the Control Supervisor, who will forward the items to the Regional Treasurer. Service Representatives shall not receive payments in cash under any circumstances, unless specifically authorized by the Regional Manager, by the issuance of Form RO–266, in which event the method of identification and operating procedure set forth in Chapter VII of the Manual, Part 407 of this Chapter of the Code, shall be followed.*

§ 402.10–1 *Policy and purpose.* It is the policy of the Corporation to grant extensions of time for the payment of indebtedness as provided in § 402.10 (a) on an individual case basis where the circumstances of the home owner, condition of the security, and the best interest of the Corporation justify it. Every effort shall be made to place the home owner in position to maintain his taxes, insurance premiums and loan or vendee account on a current basis. Extensions may be granted in order to provide further opportunity for rehabilitation or realization of the equity in the property through transfer even though the home owner may not be able to maintain a current status under the terms of such extension if there is, in the opinion of the Regional Manager a reasonable prospect of his being able to do so.

It shall be the objective of the Corporation to deal primarily with cases that are seriously delinquent and to give preferred attention to such cases. Although it is not a requirement that precedent to the granting of an extension the home owner be delinquent in any of his obligations to the Corporation, it is not considered necessary, ordinarily, to apply the extension program to home owners who are current in their obligations or to those who are not seriously delinquent.*

§ 402.10–2 *Items included.* In connection with the granting of an extension the Regional Manager may authorize advances for the payment of taxes, assessment, other levies or charges, or ground rents. Any extension granted shall embrace all present indebtedness including delinquent principal, interest and all advances previously made or made in connection therewith whether due or not. Payments shall be required in equal monthly instalments over a period commensurate with the home owner's circumstances but in no event shall the term of payment exceed the period authorized in § 402.10 (a). While the advantages of liquidating the indebtedness in as short a period as possible should be made known to home owners applying for an extension, no effort shall be made to arbitrarily shorten the time for payment within the limitations of § 402.10 (a) where the home owner can make a reasonable showing that there is necessity for the maximum period.*

§ 402.10–3 *Provisions for tax and insurance account.* It is required in all cases where an extension is granted that the home owner in connection therewith agrees to accumulate with the Corporation in addition to his regular payments, funds to provide for a Tax and Insurance account in conformity with and subject to the provisions of § 402.11 (a) and sections thereunder.*

§ 402.10–4 *Changes in payment plan not considered as extensions.* Reamortization within the present life of the loan resulting from curtailment of principal by lump sum payment or miscellaneous credit shall not be considered an extension within the purview of § 402.10 (a) but as a reamortization under the provisions of the Accounting Chapter of the Manual.*

§ 402.10–8 *Rate of interest and monthly billing.* The instruments used in granting an extension shall provide for monthly instalments based upon the rate of interest applicable to the original obligation. In all instances, however, the actual monthly payment to be billed shall be based on the rate of interest provided in § 402.00 (f) regardless of the rate of interest stipulated in the extension instrument. Therefore, the monthly instalment stipulated in the extension instrument will be greater than the amount of the actual billing except in those instances where the payment proposed by the home owner is equal to or in excess of the minimum monthly payment required for insertion in the extension instrument, in which cases the actual monthly billings and the monthly instalment stipulated in the extension instrument will be the same.*

§ 402.10–9 *Co-makers, endorsers and signatures on application.* Neither the application nor the extension need be signed by former home owners who are not in title. Regardless of the number of persons in title to the property, the signature of the applicant may be that of any one person in title. Whether or not the spouse of the applicant is a co-maker, either with or without title interest, the signature of such spouse is not required on the application. Other co-makers and endorsers of the present home owner shall sign the consent contained in the application for extension unless the Regional Manager determines that by reason of the good credit risk of the present owner, the high security value of the property, or other reason, the signature of any such endorser or co-maker may be waived without detriment to the Corporation's interests, or that to require such signatures would work a hardship on the home owner disproportionate to the benefits to be derived therefrom, or unless the Regional Counsel advises that the granting of the extension will not release their liability. Except in jurisdictions where the consent of co-makers and endorsers is not required, the Control Supervisor or the Analysis and Review Section shall enter in Block III of Form 193 the names of any co-makers or endorsers of the present home owner, whose signatures are to be waived with a statement covering the reasons therefor.*

§ 402.10–11 *Application form.* All applications for extensions shall be made by the home owner on "Application for Extension", Form 193, which contains the agreement of the applicant to accumulate with the Corporation, in addition to his regular payments, funds to provide for the payment of taxes, assessments, other levies and charges, ground rents and insurance premiums. Form 193 shall be executed in duplicate.*

§ 402.10–12 *Application preparation.* It will be the duty of the Loan Service Division to report in Block II of Form 193, the names of any persons in addition to those reported by the applicant whom it believes to be the present owners of the property.*

§ 402.11–1 *Tax and insurance accounts required.* The establishment of a Tax and Insurance account is mandatory in certain instances as indicated in other parts of this Manual. The Regional Manager may also require the establishment of a Tax and Insurance account in connection with the granting of partial releases, subordinations, waivers, substitutions of security, or consents for removal, improvements, alterations, transfers of title, or in other cases involving similar requests by the home owners. Arrangements for a Tax and Insurance account may also be made available to home owners desiring such facilities.*

§ 402.11–2 *Waiver of tax and insurance accounts.* Waivers of the provisions of the Manual requiring the establishment, in whole or in part, of a Tax and Insurance account is not generally contemplated.*

§ 402.11–3 *Suspension of tax and insurance accrual.* Suspensions of any accrual in a Tax and Insurance account, where the Corporation's right to establish the accrual at some later time is preserved may be authorized in the following instances:

(a) The Regional Manager may suspend the accrual for any of the tax items in cases where the home owner receives credit on taxes to be paid for services rendered, is entitled to abatement of taxes, or under similar circumstances where payment of the home owner's taxes by the Corporation through the Tax and Insurance account would cause the home owner to be deprived of any special rights with the respect to the payment of such taxes.

(b) The Regional Manager shall suspend the accrual for insurance premiums (1) in cases where the home owner has furnished to the Corporation insurance for a term equal to the remaining term

of the loan or sale, or (2) after a Tax and Insurance account has been established when the home owner has replaced insurance held by the Corporation in conformity with the Corporation's requirements, as set forth in § 402.25 and paragraphs thereunder.

(c) The Regional Manager may suspend the accrual for insurance premiums (1) in cases where extensions are granted or advances have been made by the Corporation and the circumstances of the case are unusual, and (2) in cases where home owners have maintained their accounts in good standing and are willing to accumulate funds for the payment of tax items only.

(d) In any case where the insurance accrual is suspended under the provisions of paragraphs (b) or (c) above, and the remaining accrual for taxes is less than twenty-five cents, the Regional Manager may suspend the remaining accrual if he considers it in the best interest of the Corporation.

In cases where home owners request a suspension of tax or insurance accrual at the time Form 193 or 533 is executed, the Service Representative shall explain fully the home owner's reasons for such request. The Control Supervisor shall hold all forms until the home owner's request has been acted upon by the Regional Manager.*

§ 402.11–4 *Suspension and re-establishment of insurance accruals.* When a Tax and Insurance account is established for a home owner and accruals provide for the accumulation of funds for insurance premiums, such accrual shall not be suspended until existing insurance in an amount required by the Corporation has expired and the home owner has replaced existing insurance policies with insurance acceptable to the Corporation in accordance with § 402.25 and paragraphs thereunder. If the home owner has furnished such insurance in the amount required by the Corporation, the accrual for insurance shall be suspended and he shall be so notified.

If the home owner does not furnish such insurance, the necessary insurance shall be ordered by the Corporation through its contract carrier, based upon the requirements of the Corporation as set forth in § 402.25 and paragraphs thereunder, and the home owner's accrual for insurance shall not be suspended.

If insurance accruals are suspended, the funds accumulated in the Tax and Insurance account for insurance premiums may be credited to the home owner's loan or sales account.

If the insurance accrual is suspended, it shall be reestablished upon the home owner's failure at any future time to deliver insurance policies to the Corporation in accordance with its regulations. In these cases the Insurance Section shall advise the Control Supervisor on Form 197 of the home owner's failure to furnish acceptable insurance at the time insurance is ordered through the Corporation's contract carrier and shall complete both sides of a new Form 198 based upon the requirements of the Corporation at that time. The Control Supervisor shall place one copy of the new Form 198 in the correspondence file, forward one copy with proper notice to the home owner and reestablish the insurance accrual by advice to the Regional Accountant on Form 197.*

§ 402.11–5 *Payments from tax and insurance account.* No funds accumulated in the Tax and Insurance account for insurance premiums shall be paid direct to agents or insurance companies for insurance ordered by the home owner.*

§ 402.11–7 *Advances resulting from insufficiency in tax and insurance account.* Advances to home owners for the payment of taxes, assessments, other levies or charges, ground rents, or insurance premiums, arising from deficiency in the Tax and Insurance account shall be charged to the home owner's account and billed as follows:

(a) When the amount of the advance less any existing prepayment balance is equal to or less than one monthly instalment of the loan or sales account (excluding the monthly provision for tax and insurance accumulations), on a demand basis;

(b) When the amount of the advance less any existing prepayment balance is in excess of one monthly instalment of the loan or sales account (excluding the monthly provision for tax and insurance accumulations), by increasing the instalment payments of the loan or sales account in an amount sufficient to repay the advance with interest over the unexpired term of the loan or sales contract.

In cases where foreclosure is contemplated or cases involving unusual circumstances, the advance may be billed on such basis as the Control Supervisor may direct.*

§ 402.11–8 *Continuation of tax and insurance account.* In cases where a Tax and Insurance account has been established and notice of transfer of the property, death of the home owner, or notice of other similar matters affecting the account is received, it is assumed that the present Tax and Insurance account will continue in effect unless the Regional Manager, with the advice of the Regional Counsel, shall otherwise direct.

In foreclosure cases the regular monthly accruals will be continued and the balance in the Tax and Insurance account will not be transferred to the loan account until judgment or sale if such sale is not preceded by the judgment, unless otherwise directed by the Regional Counsel, or the Loan Service Division.*

§ 402.12–6 *Direction to foreclose.* If it appears to the Regional Manager, after consideration of the recommendation of the Analysis and Review Section and the evidence in the case, that foreclosure or the acceptance of a deed in lieu of foreclosure is necessary, he is authorized to so direct the Regional Counsel, by appropriate notice to foreclose, provided it can be legally accomplished. The Regional Manager shall also simultaneously send "Notice of Foreclosure" to all other interested departments, divisions, and sections.*

§ 402.13–1 *Service of cases after foreclosure authorized.* Where subsequent to the issuance of notice of foreclosure the Loan Service Division ascertains from the home owner or otherwise that there is a possibility that satisfactory arrangements may be made with the home owner for the withdrawal of the foreclosure, and where the Regional Counsel advises generally or in particular cases that negotiations to that end will not prejudice the Corporation's legal rights or remedies or endanger the foreclosure proceedings, the Loan Service Division may service the account by contacting the home owner and negotiating with him for said purposes.*

§ 402.13–5 *Payment required.* Before temporary or other suspension is directed, the home owner should ordinarily be required to remit a sum at least equivalent to the costs and expenses which have been incurred, but cases will arise in which such remittance cannot be made immediately by the home owner, and in such cases the Regional Manager or the State Manager should determine whether the required sum will be paid in full within a short time and whether temporary or other suspension without the immediate payment of such sum will be in the best interests of the Corporation.*

§ 402.13–6 *Withdrawal prior to judgment or sale.* Where foreclosure has not progressed to final judgment or sale under power, the Regional Manager, with the advice of the Regional Counsel, should generally require a payment at least equivalent to all costs and expenses and a demonstration of the home owner's ability to maintain a satisfactory schedule of payments before directing withdrawal, but may in his discretion order "withdrawal" in any case where, in his opinion, such action is in the best interest of the Corporation. It is not desirable to keep the case in suspense longer than is necessary for this purpose.*

§ 402.13–7 *Withdrawal after judgment or sale.* Where foreclosure proceedings have progressed to final judgment or sale under power, but not to acquisition of complete title by the Corporation, the Regional Manager, with the advice of the Regional Counsel, should generally require a payment equivalent to the total of all costs and expenses, all delinquency existing when foreclosure was commenced, the amount which would have matured up to the date of withdrawal had foreclosure not been commenced, and all costs of reinstatement before directing withdrawal. However, cases will arise in which by reason of the Legal factors involved or the circumstances of the case it appears in the best interests of the Corporation to withdraw such proceedings without requiring the present payment of a sum equivalent to the total of such items. In these cases the Regional Manager may, if he considers it to be in the best interest of the Corporation, direct withdrawal without the present payment of such sum.*

§ 402.13–8 *Withdrawn foreclosures.* In cases where suspension or withdrawal of foreclosure is authorized by the Regional Manager, any Form 533 obtained in connection with Form 191–A shall be processed in accordance with the Forms Manual instructions. In order that adequate sums may be available at tax paying time, consideration shall be given to the necessity of a lump sum accrual in the Tax and Insurance account at the time suspension or withdrawal of foreclosure is authorized. Any lump sum accrual shall be provided for by the issuance of Form 197.

Exceptions. In cases withdrawn from foreclosure it is the policy of the Corporation generally to reestablish the security on the same basis as existed prior to foreclosure. However, exceptions may be made where the proposal does not justify the reinstatement of a long period of redemption or where for legal or other reasons the Regional Manager considers it in the best interests of the Corporation to arrange for the acquisition of title by the Corporation and sale to the home owner or a third party on sales instrument, in which event, the Regional Manager, prior to the acquisition of title by the Corporation, shall forward to the Regional Counsel and other appropriate sections and divisions a Notice of Withdrawal containing a direction that the reinstatement is to be effected through the acquisition of title by the Corporation and the execution of an instalment contract or other sales instruments. In the event that reinstatement is not consummated after acquisition of title in such cases, the Regional Manager shall issue "Notice of Resumption" but shall not issue a new Form 191–B. Upon receipt of such "Notice of Resumption" the Regional Counsel shall issue "Notice of Acquisition" to all appropriate sections and divisions.*

§ 402.13–9 *Terms of payment.* The Regional Manager should forward to the Regional Counsel with the "Notice of Withdrawal" a statement of the outstanding indebtedness and the terms upon which it is to be repaid, and, where required, a copy of Form 533 indicating that a Tax and Insurance account is to be established in connection with the withdrawal. Any new instruments used to consummate the withdrawal shall prescribe the same rate of interest called for in the instruments foreclosed. The Regional Manager should generally prescribe the same maturity of the indebtedness which would have existed had foreclosure not been commenced. Where the Regional Manager makes an exception to this general rule, he shall not fix more liberal terms of payment than he is now or may be hereafter authorized to grant in the case of an extension if no foreclosure were involved. In instances where sales instruments are substituted for lien instruments, the period of payment shall not exceed that prescribed for the extension of an original loan. In such cases, the forms approved for use in the sale of Corporation-owned property shall be employed to close the transaction, and the present loan number shall be retained and amended by inclusion of "R" at the end thereof. The suffix "R" shall likewise be added to the loan number of any case of withdrawal heretofore where the original loan number was retained, title was acquired, and sales instruments used.*

§ 402.13–10 *Care in authorizing a withdrawal or suspension of foreclosure.* Regional Managers are directed to use extreme care in authorizing a withdrawal or suspension of foreclosure, giving particular attention to the ability of the home owner to continue in a current status with the terms of his obligation. The danger of third parties taking advantage of both the home owner and of the Corporation should be fully considered in each case.

Equal lien maintained. No proposal of the home owner should be accepted unless in the opinion of the Regional Counsel the Corporation will maintain or secure a lien or rights equal to that held before withdrawal. Other persons liable for the payment of the indebtedness should not be released except upon the approval of the Regional Manager. The right of the Corporation to resume or recommence foreclosure upon failure of the home owner to carry out his proposal shall be preserved during all suspensions.*

§ 402.14–1 *Inspection forms.* Whenever servicing calls are made at the security property the Service Representative shall report the condition of the property in the space provided in Form 525. Property inspection reports on Form 529 shall be made of properties securing indebtedness to the Corporation at such times as the General Manager may direct.*

§ 402.16–5 *Regional Manager's approval.* If the Regional Manager determines that an advance for reconditioning is in the best interest of the Corporation in order to protect its security or to facilitate the collection of the indebtedness owing to the Corporation, the Regional Manager may, if the amount to be authorized (exclusive of legal and inspection fees) does not exceed $1,000, authorize the advance, subject to the advice of the Regional Counsel and to the provisions of Part 405 of this Chapter, by completing Block V.*

§ 402.16–6 *Regional Manager's recommendation.* If the amount of the advance to be authorized (exclusive of legal and inspection fees) exceeds $1,000, or, regardless of the amount, if the Regional Manager determines that any part of the advance for reconditioning is in the best interest of the Corporation in order to promote orderly liquidation of the assets of the Corporation, he shall forward the file, together with his recommendation, to the General Manager for determination.*

§ 402.17–4 *Property purchase by Corporation employee.* When an officer or employee of the Corporation desires to enter into a contract with a home owner to purchase any property on which the Corporation holds a loan or sales instrument, such officer or employee shall submit to the nearest State Office a statement of the proposed sale contract, with a statement by the home owner or other satisfactory evidence that said home owner has been informed of the purchaser's relationship to the Corporation and that the proposed sale agreement is voluntarily entered into. All statements and other information relating to the transaction shall be forwarded through the Control Supervisor to the Regional Manager. If the Regional Manager recommends approval of the transaction, he shall forward all information with respect to the proposed sale, together with the loan docket and his recommendations to the Property Committee in Washington. The Property Committee shall report the matter with its recommendations to the General Manager who, after review, will submit them, together with his recommendations, to the Board for final action. Unless specifically waived by the Board, the employee purchasing the property shall be required to execute Form 533 or otherwise to establish a Tax and Insurance account.*

§ 402.19–1 *Policy.* The Regional Manager, with the advice of the Regional Counsel, may grant partial releases, subordinations or waivers in accordance with the following regulations and subject to such terms, conditions and consideration therefor as he determines to be necessary to fully protect the Corporation's interests. Any land or interest therein received by the home owner in, or any enhancement in value resulting from, a transaction in connection with which any such instrument is to be executed shall inure to the benefit of the Corporation and any funds received by the home owner or by the Corporation as mortgagee or assignee shall be credited or disbursed in accordance with § 402.22 (a) and sections thereunder and Part 408 of this Chapter of the Code.

Payment for errors by employees. Where the Corporation is requested to release a portion of the property covered by its lien description, because of error in including more property than was owned by the home owner, the State Manager shall ascertain the party responsible for such error and require such party or parties, if still in the employ of the Corporation, to pay the expenses incident to the release. If the party responsible for the error is not in the employ of the Corporation, such steps as the State Manager deems advisable shall be taken to obtain from such party reim-

bursement for the expenses incident to the correction. However, the collection of the expenses as provided herein shall not be considered as a condition precedent to the granting of the release. If, in the opinion of the State Counsel and Regional Counsel, the Corporation has acquired any substantial interest in the property, by virtue of advances made, or otherwise, for which it has a right of recovery, either in law or equity, the release shall not be executed unless in the opinion of the State Counsel, State Manager, Regional Counsel, and Regional Manager, the release would be for the best interests of the Corporation.

Application. Applications for partial release shall be made by the home owner on Form 194. Where applicable, and with such adaptations as may be necessary, this form may also be used in connection with requests for subordination or waiver.*

§ 402.19–2 *Survey or plat.* When application is for the partial release, sufficient information regarding identification and description of the entire property covered by the Corporation's lien instrument and the portion to be released, including the location of any and all improvements thereon, in the form of a plat or survey or such other form as may be acceptable to the Regional Manager and Regional Counsel, shall be furnished by the applicant and made part of the original application.*

§ 402.19–3 *Appraisal waived.* If the value of the portion to be released is nominal, an inspection and report by a Service Representative, preferably one who has qualified as a Field Appraiser, may be substituted for an appraisal.*

§ 402.19–4 *Deposit for cash outlay.* Deposits for expenses of the transaction shall not be accepted with the application. Any costs or expenses incurred in connection with the transaction shall be deducted from the proceeds or charged to the home owner's account in accordance with the provisions of the application form.*

§ 402.19–10 *Payment of taxes.* Where it is necessary to pay all or part of the taxes, assessments, ground rents, or other levies or charges upon the entire property to effect a partial release, and the owner is not financially able to pay same, and if the sum received as consideration for the release is insufficient to pay all or part of such items, then the Regional Manager may direct that the pro rata part of any such items on the part to be retained be advanced by the Corporation.*

§ 402.19–14 *Consents to repairs, etc.* All requests for the Corporation's consent to the making of repairs and improvements to, or the removal or demolition of, property securing indebtedness to the Corporation, received in a field office, shall be referred to the appropriate Control Supervisor, who shall send the case to the field for the execution by the home owner of Form 535 and the completion of Block I by the Service Representative. If the circumstances of the case are such that it is not necessary to have a service report by the Service Representative, the Control Supervisor may obtain the execution of Form 535 by the home owner by mail. If the request originates in connection with a field contact, the Service Representative shall have Form 535 executed by the home owner, complete Block I, and forward to the Control Supervisor. Form 536 shall be executed in triplicate. The reverse side of the original shall be left blank, as it will be returned to the home owner after execution by the Corporation of the consent in the lower portion of the face of the form. The Control Supervisor shall complete Block II.

Use of Form 535 waived. The Regional Manager, with the advice of the Regional Counsel, may waive the use of Form 535 in minor cases where he determines that sufficient information is otherwise available. In such cases the Corporation's consent, if required, may be indicated in a manner approved by the Regional Counsel.*

§ 402.19–16 *Legal advice required.* In jurisdictions where the Regional Counsel advises the Regional Manager that the priority, validity and enforceability of the Corporation's lien will not be affected by the Corporation's consent to the making of repairs and improvements to, or the removal or demolition of, property securing indebtedness to the Corporation, the Form 535 need not be referred to the Regional Counsel for the completion of Block V.

In all other jurisdictions, however, where the Corporation's lien may be affected by the giving of such consent, the form shall be forwarded to the Regional Counsel for the completion of Block V. In jurisdictions where it is necessary on receiving notice of intended improvements, or because of any provisions of law, that action be taken by the Corporation to prevent any lien arising out of such repairs, improvements, removals or demolition which would become prior or superior to the Corporation's lien, the Regional Manager is directed to take appropriate action as the Regional Counsel may advise is reasonably necessary under the law of the particular jurisdiction to preserve and protect the priority, validity and enforceability of the Corporation's lien.*

§ 402.19–17 *Indemnity bond.* Where the Regional Manager determines that it is to the best interests of the Corporation for the consent to be given even though a lien superior to the Corporation's lien may be created, he may grant such consent, provided that by proper indemnity bond or otherwise the Corporation is reasonably protected against any lien arising on account of such improvements.*

§ 402.19–18 *Approval.* The Regional Manager shall consider the recommendations on Form 535 and unless he determines it will have an adverse effect on the Corporation's security or the enforcement of its rights, or interfere with the home owner's ability to properly discharge his obligation to the Corporation, he may approve the transaction by completing Block VI.*

§ 402.19–19 *Granting consent.* The consent which may be given in any case shall be in writing and shall, except in cases as provided above, by its terms, be upon the express condition that the priority, validity and enforceability of any instrument held by the Corporation shall not be affected or impaired. The Regional Manager, with the advice of the Regional Counsel, may insert in Form 535 such other conditions as he determines to be necessary to adequately protect the Corporation's interests.*

§ 402.19–22 *Directing the division of security etc. by the Regional Manager.* The Regional Manager, with the advice of the Regional Counsel, may direct the division of security, the allocation of indebtedness to each parcel, and the execution of instruments evidencing and securing the separate debts for the purpose of permitting a sale of a parcel, or parcels, of the property and the assumption of the indebtedness allocated thereto by a financially responsible purchaser, thereby placing the home owner in a better position to retain his home and to keep his account current subject to the procedure herein set forth.*

§ 402.19–26 *Instruments used and terms of repayment.* The Regional Manager with the advice of the Regional Counsel shall decide whether the present mortgage shall be released in full and two or more new mortgages taken in lieu thereof or whether the present mortgage shall be released in part and a new mortgage taken for the part released. Whether released in whole or in part, any new mortgage must be executed by the present home owner and the new mortgage on the property purchased must be assumed by the purchaser in the conveyance or otherwise. When the foregoing procedure pertaining to instruments to be taken cannot be followed under the laws and practices in any particular state, such procedure may be followed as shall be in conformity with such laws and practices. The total indebtedness secured by said mortgages shall equal the balance due the Corporation less any credits to the loan arising from the transaction. The Regional Manager, with the advice of the Regional Counsel, shall fix the amortization rate on any new mortgages and the terms of any supplemental agreement with the home owner providing for revised amortization of the indebtedness not assumed by the purchaser, in conformity with § 402.10 (a) of Part 402 of this Chapter. No instrument shall be executed the effect of which will be to release or modify the rights of the Corporation against sureties or other parties secondarily liable without the express approval of the Regional Manager with the advice of Regional Counsel. When the transaction is consummated, the indebtedness to the Corporation shall be secured by liens valid in the opinion of the State Counsel, who shall make a certificate to that effect.

When the division proposed involves properties upon which the Corporation holds a sales instrument, the transaction shall be completed upon such instruments as the Regional Counsel shall approve.*

§ 402.19–27 *Consent of junior lienors.* No substitution of security involving the removal of the improvements to, or the rebuilding of such improvements on, substituted security shall be entered into without the consent of junior lienors. The requirements of similar consents from co-makers, endorsers, or other sureties shall be within the discretion of the Regional Manager and Regional Counsel.*

§ 402.19–28 *Complete file.* Cases involving the substitution of security shall be processed through the channels provided for the handling of partial releases and prepared and submitted to the Regional Manager and Regional Counsel, with such adaptation as may be necessary, on such approved form as may be provided for this purpose. There shall be attached to said form in addition to the appraisals therein provided for, an appraisal of the entire property to be held as security by the Corporation, after the substitution is consummated, and an agreement by the home owner that in case of rejection of his request, all expenses incurred by the Corporation (normal overhead expenses excepted) shall be charged to his account and secured by or included in the principal of his loan or sales instrument to the Corporation.*

§ 402.19–31 *New note and mortgage.* In cases involving a full release of the original security or in which the Regional Manager and Regional Counsel deem it advisable to take a new mortgage covering both the new security and the portion of the old security to be retained, releasing the old mortgage in full, a new note or bond and a new mortgage shall be taken bearing the date of the transaction. The new note or bond shall represent the amount of the unpaid balance of principal and interest of the original loan and also the unpaid balance of any advances, including advances made in connection with the substitution. It shall be in the discretion of the Regional Manager and Regional Counsel whether amounts that are delinquent at the time may be included in the principal of the note or bond and amortized with that portion of the indebtedness not due, or whether the note or bond shall be in terms payable as the original note or bond, leaving any amounts previously delinquent as payable on demand. The indebtedness evidenced by said note or bond or the unmatured portion thereof may be amortized over a period not to exceed that authorized in the case of an extension under § 402.10; *Provided*, That the home owner is eligible for an extension under the provisions of said § 402.10. However, in the event the foregoing procedure cannot be followed under the laws and practices in any particular state, such procedure may be followed as will be in conformity with such laws and practices.*

§ 402.19–33 *Completion bond and insurance.* A bond approved by the Regional Manager and Regional Counsel unconditionally guaranteeing the performance and completion of the contract to remove and relocate improvements free and clear of all mechanics' and materialmen's liens shall be required, unless other forms of protection are authorized by the General Counsel or an Associate General Counsel. Workmen's Compensation and Public Liability Insurance, a bond against levies upon or attachments of the improvements by creditors, junior lien-holders or other claimants, or such other protection as will in the opinion of the Regional Manager and Regional Counsel adequately provide against risks involved in the removal and relocation of the improvements, shall be required in each case.*

§ 402.19–35 *Rejected cases.* All disbursements made for expenses incurred by the Corporation in cases subsequently rejected shall be charged to the account of the home owner.*

§ 402.20–1 *Procedure.* Additional security may be a factor in the solution of some delinquent cases. It is not desirable to take physical possession of personal property nor an absolute conveyance of real property because of the difficulties and expense of custody and servicing of such property. Therefore, additional security must be in the form of a mortgage or other lien on personal or real property which property will be converted into cash by the home owner or his agent at some reasonably certain future date.*

§ 402.20–2 *Review recommendation and approval.* A memorandum shall be prepared by the field describing the additional security available under these provisions, the arrangements for its liquidation, the date when cash will be available, and any other pertinent information, and forwarded with the regular service reports through the usual channels to the Analysis and Review Section. If the Analysis and Review Section does not consider the proposal acceptable, it shall so notify the field through the Control Supervisor. If considered acceptable, the Analysis and Review Section shall submit the file with its recommendation to the Regional Manager for approval. If approved, the Regional Manager shall forward the file to the Regional Counsel for consideration of the legal phase of the case, the preparation of an agreement and such lien instruments as may be required to consummate the transaction, and specific instructions as to the manner of execution, recordation and other similar details. When such papers and instructions have been prepared and such papers executed where necessary on behalf of the Corporation, they shall be forwarded to the field for execution by the home owner and recordation if necessary. Except as provided in § 402.00 (e) of this Chapter if recordation is required, the home owner shall be required to deposit the cost of recordation before being permitted to execute any agreement or lien instrument. If, in the opinion of the Regional Counsel, the additional security offered should not be accepted, the file, together with his legal opinion in writing, will be returned to the Regional Manager.*

§ 402.21–1 *Policy.* Ordinarily the Corporation's title or other interest in properties sold under instalment contracts, leases with option to purchase, or similar instruments will be conveyed and an obligation and security instrument accepted only where the purchaser or his successor in interest has requested such conveyance, has made payment of that portion of the purchase price required to be paid as a condition precedent to such conveyance, and has complied with all other covenants, terms and provisions of the agreement as to payment or otherwise. In cases where the instalment contract was assigned prior to the application for conversion, the Regional Manager, with the advice of the Regional Counsel, may, if he considers it in the best interests of the Corporation, authorize conversion to the present assignee notwithstanding that such conversion will operate to release the liability of the original purchaser or any intervening purchaser.

The Corporation's title or other interest in such properties may also be conveyed, however, in cases in which the Regional Manager, with the advice of the Regional Counsel has determined that:

(a) The purchaser or his successor in interest has requested such conveyance, has made payment of the required portion of the purchase price, and all other terms and conditions of the instalment contract, lease with option to purchase or similar instrument have been so nearly complied with that it is in the best interests of the Corporation to make such conveyance; or

(b) It is to the best interests of the Corporation that a conveyance be made and an obligation and security instrument taken as result of, or in connection with, changes in the forms and procedure employed by the Corporation in the sales of its acquired properties; or

(c) It is in the best interests of the Corporation, although the circumstances of the case are other than those described heretofore in this Section; *Provided, however*, That the approval of the General Manager is obtained.*

§ 402.22–1 *Application of miscellaneous credits.* Except as otherwise provided in this Part with respect to insurance loss proceeds, the Regional Manager, with the advice of Regional Counsel, may permit the payment of taxes, assessments, other levies and

charges and ground rents, attorneys' fees, surveys, appraisal fees, cost of reconditioning and charges or expenses necessary in connection with the consummation of the particular transaction before directing the application of any part of the funds referred to in the foregoing section.

Excess funds to home owner. In cases where the consideration (whether land, interest therein, enhancement in value thereof, or funds) exceeds the amount by which the value of the Corporation's security is reduced or diminished and the home owner has requested that any such excess consideration which is represented by cash or part thereof be retained by him or turned over to him for his own use, the Regional Manager may grant the request. In cases where such excess does not exist, and the amount requested does not exceed $100.00, or where there is an excess and the amount requested does not exceed the excess by more than $100.00, the Regional Manager may grant the home owner's request that such portion of the cash proceeds be retained by or turned over to him, provided the Regional Manager determines that such allowance is necessary for the completion of the transaction, and that the Corporation's interest would not be adversely affected. Where the circumstances are exceptional and the amount requested by the home owner is in excess of that which the Regional Manager is authorized to grant, and the Regional Manager recommends that the request of the home owner be allowed, he shall forward the file, together with a summary of the case and his recommendation, to the General Manager for direction.*

§ 402.22–2 *Other application of miscellaneous credits.* Generally miscellaneous credits should apply to the principal of a home owner's account in proportion to the reduction of security. However, it is recognized that the sources of the miscellaneous credit, the condition of the home owner's account and other circumstances of each case may warrant other application of these funds. It is not generally contemplated to use miscellaneous credits as prepayments on any account. Miscellaneous credits shall be applied to the appropriate account as provided in § 408.00 (1) of this Chapter unless the Regional Manager shall otherwise direct.

Reamortization. Where miscellaneous credits are so applied as to materially reduce the unmatured principal indebtedness, the home owner may request and the Regional Manager may direct a reamortization of the loan balance within the remaining life of the loan or sales instrument, or the home owner may apply for an extension if the time required for repayment of the loan balance is greater than the remaining life of the present loan or sales instruments, subject to the provisions of § 402.10 (a) of Part 402 of this Chapter.*

§ 402.22–3 *Notice of miscellaneous credits.* Miscellaneous credits shall be applied in accordance with §§ 402.24–12 and 408.00–26. When the home owner's written direction for the application of funds to taxes or other items is required and has not already been given, such written direction shall be obtained. When miscellaneous credits are used for the payment of taxes, the Tax Section shall prepare the vouchers and certify the amount of such payments.*

§ 402.23–4 *Foreclosure by junior lienor.* The Regional Manager may authorize foreclosure of the Corporation's mortgage or other security instrument in cases where foreclosure of a junior lien has been commenced or is imminent, and the Corporation is entitled to foreclose its lien under the circumstances existing and under the terms of its lien instrument. The Regional Manager should not resort to this action, however, until every reasonable and proper effort has been made to assist the distressed home owner to avoid foreclosure of the junior lien.*

§ 402.24–3 *Payment of taxes.* Unless otherwise directed by the Deputy General Manager in Charge of the Loan Service Division, the Regional Manager shall direct the payment of taxes, assessments, other levies or charges or ground rents and advances therefor as may be required as follows:

(a) *On foreclosure cases.* Prior to the institution of legal proceedings all such items as may be delinquent in cases where foreclosure or acceptance of deed in lieu of foreclosure is authorized. To the end that interest and penalty charges may be avoided in such cases, the Regional Manager shall also direct the payment of current items (i.e., taxes which are payable without interest or penalty charges) as such items become payable, either prior to legal proceedings or acceptance of a deed in lieu of foreclosure, or after foreclosure proceedings have been commenced, (1) in jurisdictions where such payments automatically become part of the mortgage debt; (2) in jurisdictions where such payments do not automatically become part of the mortgage debt, where he determines that interest or penalty charges of 2% or more otherwise would probably accrue on such items prior to the acquisition of complete title by the Corporation. Exceptions may be made in those jurisdictions where current taxes can only be secured or included in the redemption price of the property if paid after interest or penalty charges have accrued. In such instances current taxes shall be advanced after the smallest amount of interest or penalty charges has accrued, provided such charges do not exceed 2%. If such initial penalty charges exceed 2%, it shall be considered in the best interest of the Corporation to make advances for such current taxes prior to the accrual of any interest or penalty charges without regard to security.

In cases where security for advances for taxes, assessments, ground rents, or other levies or charges may be had through some affirmative action in connection with the foreclosure proceedings, the Regional Manager, with the advice of Regional Counsel, shall direct such action be taken when he considers it in the best interest of the Corporation, upon consideration of the amount of the advance, the cost of such action, the delay which may be involved, and the probability of loss to the Corporation.

(b) *Under tax and insurance account agreements.* All such items becoming payable on properties securing obligations held by the Corporation or sold under sales instruments by the Corporation where the home owner has a Tax and Insurance account and the tax statements or other information for the items to be paid have been received by the Corporation.

The Regional Manager with the advice of the Regional Counsel and the Assistant Regional Manager in Charge of Loan Service shall determine whether a form letter shall be sent requesting the home owner to obtain tax statements or other information and forward to the Corporation for payment, or the Corporation should request taxing authorities to forward the tax statements or other information direct to the Corporation for payment. Consideration should be given to local usage and the necessity, if any, of having tax statements reviewed by the home owner before payment. When such form letters are used, they should be prepared by the Tax Section and forwarded to the home owner through the Control Section.

At the time of payment of such items, in the event the balance in the Tax and Insurance account for any home owner is insufficient to provide for the payment of all items, then payable, the Regional Manager shall direct the payment of such items and an advance for the account of the home owner to the extent that the balance in the Tax and Insurance account may be deficient.

(c) *Other tax payments.* All such items on properties securing obligations held by the Corporation or sold under sales instruments by the Corporation where Form 533 and Form 193, approved as required, are received by the Tax Section.

At the time or times recommended by the Regional Manager and approved by the Deputy General Manager in Charge of Loan Service advances shall be made for the payment of taxes, assessments, ground rents or other levies or charges, (1) which are required to be paid by home owners not having Tax and Insurance accounts or (2) which are or may become liens and are required to be paid directly by home owners having Tax and Insurance accounts, but which are found to be unpaid in accordance with the provisions of Article 224–1 of the Consolidated Manual. In recommending the time for such advances, the Regional Manager shall also state the manner in which information will be obtained regarding tax delinquency in the various taxing jurisdictions.

The Regional Manager shall give consideration to the date when such items will become subject to sale and the amount of interest and penalties which will accrue. Exceptions to the requirements of the preceding paragraph may be made by him in instances where he determines that the payment of such items is not in the Corporation's interest. These may be cases where, (1) the amount of indebtedness to the Corporation is so small or the period of time when the remaining balance will be fully paid so short that an advance for taxes by the Corporation is not desirable; or (2) instances where information is received that the value of the entire security property, or some severable portion thereof does not justify the payment of taxes. The payment of taxes in such exceptional cases shall not be deferred by the Regional Manager beyond the time when the Corporation's lien would be extinguished by the expiration of the redemption period, or for other causes, without the prior approval of the General Manager in accordance with § 401.06 of this Chapter.*

§ 402.24–7 *Terms of repayment of advances.* Advances to home owners not having Tax and Insurance account for the payment of taxes, assessments, other levies or charges, ground rents, or insurance premiums will be billed on demand unless the Control Supervisor directs that they be amortized. Ordinarily, advances under the provisions of § 402.24–3 (c) will be billed on demand. Any advances billed on demand may be subsequently amortized by direction of the Control Supervisor. In cases where the advance is to be amortized, payment shall begin with the next installment due date for which the home owner is billed following receipt of direction by the Regional Accountant, unless otherwise directed by the Control Supervisor in individual cases. The period of amortization shall not exceed the remaining life of the loan or other contract.*

§ 402.24–8 *Advances for stock or rights in improvement companies.* Any advances for stock or rights in ditch, water, artesian well, or local improvement companies shall first be referred to the Regional Counsel for advice as to whether they would be secured under the mortgage or other security instrument held by the Corporation. Such advice may be furnished by the Regional Counsel to the Loan Service Division in an opinion as to whether the form of mortgage or other security instrument used in each of the several States in the Region will secure advances for stock or rights in ditch, artesian well, water, or local improvement companies. If, in the opinion of the Regional Counsel, such advances are not secured by the instruments held by the Corporation, the Regional Counsel shall furnish the Loan Service Division with whatever instruments are required to evidence and secure such advances, together with instructions for the execution thereof. Repayment of such advances shall be secured by pledge of stock, if not already pledged, or by pledge of the water rights or interests therein, or shall be secured in such manner as the Regional Manager with the advice of the Regional Counsel may determine.*

§ 402.24–16 *Relating to moratoria.* Consents relating to moratoria affecting taxes, assessments, or other governmental levies or charges shall not be executed unless in the opinion of the State or Regional Counsel such moratoria are valid and such consents will not affect the enforceability or priority of the Corporation's lien and will not render the Corporation liable for any taxes, assessments or other governmental levies or charges, or for any interest or penalties, and the home owner requesting such consent has executed an agreement for a Tax and Insurance account.*

§ 402.24–17 *Consents to proposed improvements.* The Regional Manager, with the advice of the Regional Counsel, may execute on behalf of the Corporation consents to proposed improvements out of which assessments or levies will arise, when in the opinion of the Regional Manager, such action is in the best interests of the Corporation. Consents which may be executed hereunder by the Regional Manager may also be executed by the State Manager, with the advice of the State Counsel, when the State Manager is thereunto authorized in writing by the Regional Manager. Petitions and requests for local or neighborhood improvements which affect properties under the jurisdiction of the Property Management Division and out of which assessments or levies will not arise are governed by the provisions of Part 403 of this Chapter.*

§ 402.25–1 *Insurance required.* The Regional Manager is authorized to accept direct insurance coverage from home owners and, when necessary, to order the required amount of insurance coverage through the carrier under contract in accordance with the provisions of § 402.25.

Co-insurance qualifications. If fire or other insurance is submitted by the home owner or ordered from the carrier under contract and co-insurance or a similar clause is applicable, the necessary amount of insurance to meet this condition shall be carried so that there will be no penalty in event of loss.

Windstorm and other requirements. Windstorm or other necessary insurance coverage shall be required in the certain states and territories as follows:

Group I

Windstorm insurance is required on the main buildings and on other buildings and improvements in an amount equal to the fire insurance required to be carried on such buildings by the provision of the manual in the following States:

3. Arkansas.
11. Illinois (Exception Cook County Solid Masonry Construction—50% of fire requirement).
12. Indiana.
13. Iowa.
14. Kansas.
23. Missouri.
25. Nebraska.
32. North Dakota.
39. South Dakota.

Group II

One-half replacement value. Windstorm insurance is required up to one-half the depreciated replacement value of the main dwelling and if fire insurance has been required on other buildings and improvements, then windstorm insurance shall likewise be required on these same other buildings and improvements in an amount equal to one-half their respective depreciated replacement values.

1. Alabama.
7. Delaware.
8. Florida.
9. Georgia.
15. Kentucky.
16. Louisiana.
21. Minnesota.
22. Mississippi.
31. North Carolina.
38. South Carolina.
40. Tennessee.
41. Texas.
46. West Virginia.
49. District of Columbia.
51. Puerto Rico.

Co-insurance qualification. In States where the windstorm insurance to be carried on any one building is required to be "at least one-half the amount of the replacement value," the insurance submitted is acceptable if the amount is at least equal to the loan, even though it is not equal to one-half the amount of the replacement value, but if windstorm insurance is written with a co-insurance or a similar clause applicable, the necessary amount of insurance to meet this requirement shall be carried so that there will be no penalty in event of loss.

Extended coverage qualification. Likewise windstorm insurance need not be carried in an amount equal to one-half of the replacement value if extended coverage is included under the fire policy and such coverage complies with the apportionment clause.

Group III

One-third replacement value. Windstorm insurance is required up to one-third of the depreciated replacement value of the main dwelling and if fire insurance has been required on other buildings and improvements, then windstorm insurance shall likewise be required in an amount equal to one-third the depreciated replacement value of all such other buildings and improvements

having an individual value of $600.00 and over.

Limitation in Michigan. 20. Michigan. (In the following counties, but none required in the remainder of the State.)

Allegan	Kent
Barry	Livingston
Berrien	Lapeer
Branch	Lenawee
Calhoun	McComb
Cass	Monroe
Clinton	Muskegon
Eaton	Oakland
Genessee	Ottawa
Hilledale	St. Clair
Ingham	St. Joseph
Ionia	Shiawassee
Jackson	Van Buren
Kalamazoo	

Group IV

No windstorm required. Windstorm insurance is not required on improvements in the following States and Territories:

2. Arizona.
4. California.
5. Colorado.
6. Connecticut.
10. Idaho.
17. Maine.
18. Maryland.
19. Massachusetts.
24. Montana.
26. Nevada.
27. New Hampshire.
28. New Jersey.
29. New Mexico.
30. New York.
35. Oregon.
36. Pennsylvania.
37. Rhode Island.
42. Utah.
43. Vermont.
44. Virginia.
45. Washington.
48. Wyoming.
50. Hawaii.
52. Alaska.

Group V

Explosion. Inherent Explosion insurance shall be carried on the main dwellings in the following state:

46. West Virginia.

Group VI

Waiver of Fallen building clause. The Waiver of Fallen Building Clause shall be included in all policies on the dwellings in the following states:

4. California.
10. Idaho.
26. Nevada.
42. Utah.

Group VII

Hail insurance. Hail insurance is required in the same amount as windstorm insurance in the following states:

11. Illinois.
13. Iowa.
14. Kansas.
15. Kentucky.
25. Nebraska.
40. Tennessee.
41. Texas.
47. Wisconsin.

Group VIII

Extended coverage. Extended coverage or supplemental coverage is required on the main buildings and on other buildings and improvements in an amount equal to the fire insurance required to be carried on such buildings by the provision of the Manual in the following states: (Effective on expiration of policies already accepted.)

24. Montana.
34. Oklahoma.

Group IX

Windstorm in Ohio and Wisconsin. Windstorm insurance is required on the main building in an amount equal to one-half of the current loan balance or to the value of the main building, whichever is the smaller, in the following states:

33. Ohio.
47. Wisconsin.

When the minimum premium, imposed by insurance regulations, will purchase more insurance than that equalling one-half of the loan, insurance will be procured in an amount sufficient to absorb the minimum premium provided the value of the improvement so warrants.

If home owner requests extended coverage. In cases where the Corporation orders insurance for a home owner, "extended coverage" or "supplemental coverage" may be secured upon specific request of the home owner and if windstorm insurance is required in the particular state, the "extended coverage" or "supplemental coverage" may be considered as complying with the windstorm requirements.

In cases where the home owner submits renewal or other coverage which is less than the minimum requirement, except the submission of insurance by a purchaser at the time of a sale or the submission of a renewal policy by a home owner having a Tax and Insurance account agreement for insurance, the same shall be accepted and the home owner shall be requested to provide additional coverage necessary to meet the requirement. If he refuses or fails so to provide, the additional required coverage shall be ordered through the carrier under contract.

§ 402.25–2 *Extended coverage sales cases.* If properties that have been acquired by the Corporation are disposed of on terms other than cash, the amount of insurance required shall be the same as that required for properties in home owner status as outlined herein. Where title is retained by the Corporation in properties sold under instalment contract, extended coverage in an amount equal to the fire requirement shall be included under the fire policy in the following States:

13. Iowa.
14. Kansas.
25. Nebraska.
32. North Dakota.
39. South Dakota.

Upon receipt of a closed sales file from the Regional Accountant, the Supervisor, Insurance Section, shall immediately remove all insurance policies from the file along with pertinent insurance data, complete Form 198 and transmit the file containing Form 198 and the other forms to the Control Supervisor. The Insurance Section shall review insurance for sufficiency and make proper notation of necessary information on the policy jacket. If such insurance does not meet all the requirements as stated herein, the purchaser will be so advised and if he fails or refuses to submit acceptable coverage, all policies will be returned to the purchaser as unacceptable and the required amount of coverage shall be ordered through the carrier under contract. Upon receipt of the sales file, in cases where the Regional Manager authorized the closing of the sale without the purchaser providing the required insurance, the Supervisor, Insurance Section, shall order the required amount through the carrier under contract to be effective as of the date of sale.

Form 12–A. In all cases where a property is sold under contract of sale Corporation Form 12–A shall be attached to all policies covering the affected property. If the agent or insurance company refuses to execute said Form 12–A, the policy will not be acceptable.*

§ 402.25–3 *Discretion in establishing requirement.* If, in any case, in the opinion of the Supervisor, Insurance Section and the Regional Manager, the strict application of manual requirements as to other buildings and improvements brings about an inequitable result, the Regional Manager may, in his discretion, upon recommendation of the Supervisor, Insurance Section, require less insurance or waive all insurance on buildings other than the dwellings; moreover, in any case where the out-standing loan balance is $100 or less all insurance may be waived; and further, insurance in the amount of $200 or less on the main dwelling may be waived when such waiver does not exceed 10 per cent of the requirement and the value of the land is equivalent to or greater than the amount waived. In such cases the home owner shall be notified. However, a memorandum of facts and justification for such action shall be filed with insurance policies. In all other cases not coming within the provisions of the above, waivers of insurance requirements must be approved by the General Manager.

Consent of home owner. In any case where it is necessary to order insurance coverage to fulfill the Corporation's requirements as stated, and the premium covering any insurance in addition to the amount originally furnished by the home owner cannot be charged to the home owner's account, for the reason that the mortgage contains a covenant which specifically states the amount of insurance to be furnished and which has not been modified by a subsequent agreement, or for some other reason, the consent of the home owner shall be obtained authorizing the Corporation to secure such additional insurance and charge the premium to his account. In any such case the Regional Manager, within his discretion, may direct the taking of additional instruments in legal form approved by the Regional Counsel to secure the advance.*

§ 402.25–4 *Acceptable insurance.* The Corporation will accept insurance written by an insurance company, association or organization licensed to do business in a particular state or territory, or specifically authorized by state law to transact business within the state or territory where the property is located, provided an acceptable mortgage clause is attached and such insurance does not include any limiting clauses that would prevent the Corporation or home owner from collecting insurance in accordance with the Corporation's requirements. Provided, further that the policies issued by any carrier shall not be accepted where, by the terms of the carrier's by-laws, the contract or the local laws, contributions or assessments may be made against this Corporation as mortgagee or owner or where contributions or assessments against the home owner would become a lien on the property superior to the lien of the Corporation and further where, by the terms of the carrier's by-laws or policy or other conditions, loss payments are contingent upon action by the Board of Directors or the policy holders or members.

If a home owner submits an insurance contract having a three-fourths value clause or any other restrictive clause limiting the amount of collectible insurance to less than the Corporation requirements, such clause must be eliminated or modified.

If such limiting clause cannot be modified or eliminated so as to afford required protection, such policy is not acceptable.*

§ 402.25–5 *Mortgage clause.* It is required that the Corporation form of mortgage clause, Form 12, or "contract of sale endorsement", Form 12–A, be attached to all policies securing its mortgages or other security instruments, making the insurance payable to the Corporation, as its interest may appear. If for legal or other reasons such mortgage clause cannot be attached, then the New York, New Jersey or Pennsylvania standard mortgage clause (without contribution) is desired, and if this clause cannot be secured, then the best form of mortgage clause or loss payable clause obtainable in the territory where the insurance is to be written shall be secured.

Where required the mortgage clause or loss payable clause shall be as "Trustee for the Home Owners' Loan Corporation". No trustee or Corporation employee shall be designated as mortgagee personally, but always as "Trustee for the Home Owners' Loan Corporation", and only in States where this is the practice.

In cases where another mortgage exists, it is permissible that such other mortgagee also be named in the mortgage clause, as an inferior mortgagee.*

§ 402.25–6 *Renewals.* All home owners who have not established a Tax and Insurance account or have established a Tax and Insurance account but who have not accumulated any funds for the purchase of insurance due to suspension of accruals for insurance are expected to renew their insurance on or before expiration and to furnish the original insurance policy to the Corporation with Corporation Form 12 attached except as provided in § 402.25–5, or with Corporation Form 12–A attached,[1] depending upon the type of instrument executed by the home owner. Where home owners have a Tax and Insurance account in which accruals for insurance have been established and not suspended, the Corporation will secure the required amount of renewal or other insurance through its carrier under contract unless the home owner provides such insurance as required herein. Renewal policies should be forwarded direct to the Insurance Section of the Regional Office and if the home owner secures insurance in excess of the Corporation's requirement, all such policies should be made concurrent with existing coverage and likewise forwarded to the Insurance Section.

In cases of home owners having a Tax and Insurance account, or, at the time of sale, of purchasers of Corporation owned property, no insurance policy provided by a home owner will be accepted unless accompanied by premium receipts as provided in § 402.25.*

§ 402.25–7 *Direct coverage in tax and insurance cases.* When the home owner elects to provide the required renewal insurance, the Insurance Section shall review the same to determine its acceptability and if such insurance does not meet all the requirements as stated herein, the home owner will be so advised and if he fails or refuses to submit acceptable coverage, all policies submitted by the home owner for the particular expiration shall be returned as unacceptable and the required amount of coverage shall be ordered through the insurer under contract.

In those instances where the Corporation places less than the expiring insurance, the home owner shall be immediately notified.*

§ 402.25–8 *Financed premium on direct policies.* When an insurance policy is submitted by a premium financing company with the request for a receipt in acknowledgment thereof, the Supervisor, Insurance Section will execute, without deviation, receipt Form 723, or a receipt in form identical therewith. Upon receipt of request from the finance company for return of the policy covered under the executed receipt, the Insurance Section shall immediately return the policy to the finance company and so advise the home owner and request the submission of replacing insurance in line with the customary cancelation procedure.*

§ 402.25–9 *Receivers.* When the property is in the process of foreclosure and a receiver is appointed, such receiver may have acceptable policies that are in force transferred or endorsed to him; or where desirable and possible may secure the required amount and kinds of insurance through Corporation facilities. Notice of the expiration of policies shall be furnished in such form and manner as approved by the Regional Counsel.*

§ 402.25–10 *Foreclosure endorsement.* Immediately upon notice from the Legal Department that foreclosure proceedings have been instituted, Corporation Form 12–B shall be attached to all policies covering the affected property, except in those instances where the insurer by an existing agreement has included the provision of this form in its policy. When the insurer has so agreed Corporation Form 12–B need not be executed. If the agent or insurance company, when requested, refuses to execute Form 12–B, policies will no longer be acceptable and will be canceled and coverage secured through the insurer under contract.

Other appropriate endorsements shall be attached to any affected policies showing any changed status.*

§ 402.25–11 *Lost or misplaced policies.* In cases where an existing insurance policy has become lost or misplaced, it will be necessary to obtain a replacing policy. The replacing policy can only be obtained by all interested parties signing a Lost Policy Release.

When it becomes necessary to execute a Lost Policy Release, the Supervisor, Insurance Section will execute such release for the Corporation.

In the event the original policy is found after the issuance of a replacing policy, the original policy shall be returned to the issuing agent for cancelation.*

§ 402.25–12 *Insurer's certificate.* When a loan is paid-in-full and an insurer's certificate has been issued by an insurer under contract, the certificate shall be mailed to the insurer, who will contact the former home owner to ascertain the latter's wish in regard to the continuation or cancelation of the insurance. Upon the cancelation of a certificate any unearned premium, from the date of liquidation to the expiration of the certificate accrues to the benefit of the former home owner. It is very important that this certificate be mailed to

[1] Not filed as part of original document.

the insurer, and in no event is the home owner or any outside party to be given any papers in connection with this coverage, with the exception of the invoice. If, at the time of payment in full, a credit is due the home owner's account arising from a previous cancelation or reduction of a certificate for which credit memorandum has not been received from the insurer, the amount of such credit shall not be considered in arriving at the balance of the account to be paid, and the insurer under contract shall be requested to make payment direct to the home owner.*

§ 402.25–13 *Expired insurance.* All expired insurance policies held by the Insurance Section for account of home owners shall be absolutely destroyed after four (4) months following expiration, except where expired policies are delivered to the home owners, the signing local insurance agent, or the insurance company, upon request made by any of the aforesaid parties prior to the expiration of the four (4) months period.*

§ 402.25–14 *Insurance placed by Corporation.* Twenty-five days after the expiration and immediately upon the cancelation or voidance of any insurance policy protecting a loan or property owned on which insurance is required, all contracts protecting such loan or property shall be reviewed. If the remaining effective coverage necessary to fulfill the requirements of the Corporation is insufficient, and acceptable new or renewal insurance policies have not been submitted within forty (40) days subsequent to the actual lapsing coverage, an order for the proper coverage shall be issued by the Corporation upon special forms furnished by its insurer under contract and shall be effective as of the termination of the insurance to be replaced. The order shall be subject to cancelation by the Corporation at any time during a period of 45 days from the termination date of the former insurance without charge, in the event adequate and acceptable new or renewal insurance contracts are submitted, or a loss has not occurred.

Limitation as to foreclosure cases. If subsequent to the time an order for insurance has been issued for which a certificate has not been received, foreclosure proceedings are instituted, the insurer shall be requested to issue the certificate immediately and to provide a receipted bill for the premium on the coverage in those instances where the Regional Counsel advises a receipted bill is necessary.

The receipted bill, when required, shall be delivered to the Legal Department.*

§ 402.25–15 *Receipt of policy after placing of order.* Wherever a home owner submits an acceptable new or renewal insurance policy, subsequent to the issuance of the order to the insurer, but prior to the expiration of the 45 day period, the order for coverage shall be canceled forthwith unless a loss has occurred. No new or renewal policy shall be accepted from a home owner after the expiration of the 45 day period, unless in the opinion of the Supervisor, Insurance Section special circumstances justify the acceptance of the policy and the home owner agrees to pay the earned premium, if any, incurred in the cancelation of the insurance procured from the insurer.

Routing of certificate and notice of insurance placed. The insurer under contract will issue a certificate or policy of insurance in accordance with the order. The certificate, home owner's notice of insurance placed and Accounting Division copy of notice of insurance placed (insurance invoices) shall be sent to the Insurance Section and shall be routed as provided in the Manual.*

§ 402.25–16 *Transmittal of debits and credits.* The insurer under contract will prepare a daily Transmittal Form of debits and credits listing thereon each and every insurance transaction. No entries shall be included on such form prior to the inception date of insurance. The effective entry date in all cases shall be the "Transmittal Date" as indicated on the form.

Cancelation of certificate. When a certificate is canceled and returned to the insurer under contract credit memoranda will be issued by the insurer showing the amount of return permium which the insurer will enter on the Daily Transmittal Form. The Accounting Division copy of the credit memoranda from the insurer shall be attached to the Daily Transmittal Form, and in those instances where insurance is canceled on a flat basis and no interest is to be charged, the Insurance Section shall stamp "No Interest To Be Charged" on the Accounting Division copy of the credit memoranda.*

§ 402.25–18 *Change of ownership and occupancy.* The Supervisor, Insurance Section, upon notification from the Legal Department, Property Management Division, or Control Supervisor of vacancy, tenant occupancy, change of ownership, or increase of hazard, shall immediately notify the insurance company concerned, shall obtain the necessary or appropriate endorsement as required as to change of ownership or otherwise and attach the same to the insurance policy.

Vacancy. In all such cases, it is presumed that the home owner will be able to pay for the additional premium, if any, permitting the property to be vacant. If it appears that the home owner cannot pay the additional premium, it may be paid by the Corporation; and the Regional Manager may, in his discretion, order that an inspector of the Corporation visit the premises and report his findings as to term of vacancy, whereabouts, and financial condition of the home owner. The agent writing the policy shall provide the Supervisor, Insurance Section with a certified invoice for any additional premium required. This invoice shall be attached to a properly executed voucher which, when approved by the Regional Manager, shall be paid from the Regional Working fund, and charged to the home owner's account.

Change of occupancy. When the property is found to be occupied for purposes more hazardous than those heretofore intended an immediate inspection of the premises is required. The inspector should report as to the date of the increase in hazard, the new occupancy, and the financial condition of the home owner. If the home owner is unable to pay the additional premium, if any, the agent writing the policy must provide the Supervisor, Insurance Section with a certified invoice. The procedure for payment, as described in the preceding paragraph, shall be followed.*

§ 402.25–23 *Reinstatement after loss.* A reinstatement of insurance is necessary if the amount of loss is in excess of $200 and the remaining insurance in force is not sufficient to fulfill requirements.*

§ 402.25–24 *Authority to sign proofs of loss.* The Regional Manager, the Supervisor, Insurance Section or an authorized deputy, is authorized to sign "proofs of loss" for the Corporation to insurance companies when home owners will not, or, through legal incapacity, cannot execute such proofs of loss.

The Regional Manager, the Supervisor, Insurance Section or an authorized deputy, is authorized to sign, for the Corporation, "proofs of loss" to insurance companies when losses occur and insurance is to be paid to the Corporation as owner or vendor, and likewise said individuals shall execute as owner such other forms that may be required.*

§ 402.25–25 *Emergency loss cases.* It is the obligation of the owner and a condition of his insurance contract to take such immediate steps as may be required to protect the property temporarily from further damage from any cause whatsoever after a loss, regardless of the estimated amount of the loss. It is the customary practice for the insurance agent or the company adjuster to assist the owner in providing this protection.

In unusual cases where the estimated amount of damage is over $500 and emergency repairs are necessary, and if the owner cannot arrange to protect the property immediately and adequately, the Regional Manager, upon request, may give telegraphic or telephonic approval to effect the restoration work immediately. Like approval may be given by the State Manager when estimated amount of damage is not over $500.*

§ 402.25–26 *Disbursement and reimbursement for repairs.* When restoration work involves insurance losses in excess of $100, the home owner must execute Form 115 as a prerequisite to disbursement of loss funds which shall be made as follows upon procurement of lien waivers as required under the provisions of section 618 and Articles thereunder:

(a) To individual material men or laborers, contractors, firms or corporations for amounts indicated by certified statements of amounts due.

(b) To the home owner for any amount certified by him to have been paid by him for materials or labor.

(c) Any balance remaining after disbursements of insurance loss proceeds in connection with restoration of properties shall be handled in accordance with the provisions of section 222 (a) of the Manual and administrative orders thereunder.*

§ 402.25–27 *Adjustment practice.* Representatives of the Corporation are not to meet insurance adjusters or insurance company representatives on the premises where the loss occurred or elsewhere, or communicate with such adjusters or representatives, attend conferences in which such adjusters or representatives participate unless the conferences are for emergency action or to expedite the settling of cases in controversy. However, where in an emergency a representative of the Corporation participates in such a conference, it is to be definitely understood that the Corporation will, in no way, waive any rights it may have against the insurer. It is the desire to cooperate with insurance companies to the fullest extent to hasten the adjustment of losses.

Adjustment by borrowers. When home owners employ adjusters or attorneys to represent them in the adjustment of insurance losses, it must be understood that the fees or charges of such representatives ordinarily are not to be paid from the loss proceeds. However, in cases where the proceeds exceed all costs in connection with restoration of the property to a condition satisfactory to the Corporation and the home owner is not delinquent, the Regional Manager may, if he considers it in the interests of the Corporation, turn over to the home owner part or all of any such excess to provide for the payment of adjuster or attorneys fees.*

§ 402.25–28 *Subrogation agreements.* Where an insurance company claims nonliability to the home owner and claims subrogation under its contract to the extent of the payment made to the Corporation as mortgagee vendor or trustee, the Corporation should not execute any separate subrogation agreement except where required by the specific terms of the insurance contract.

When payment has been made with a claim of non-liability to the home owner the insurance company and all parties liable under the debt shall be informed of this fact in such a manner as approved by the Regional Manager and Regional Counsel.*

§ 402.25–30 *Losses of $100 or less mortgagor cases.* Repairs to properties where the total amount of the loss is not more than $100 may be arranged for and carried out by the home owner, who may receive the insurance loss draft direct from the insurance carrier except in those cases where the insurer denies liability to the insured or notice of foreclosure proceedings has been given to the insurer. The Corporation will not require any notice of such losses.

Endorsement of drafts. In such cases where the Corporation is made the payee or one of the payees, the insurance loss draft may be endorsed by employees, in accordance with provisions of § 402.25 (b).*

§ 402.25–31 *Losses in excess of $100.* Repairs on partial losses in excess of $100 and less than $300 may be made immediately upon the approval of the State Manager.

Forms required. The home owner will be required to execute Form 115 in duplicate in such cases and the office having jurisdiction will be held responsible for securing lien waivers when required.*

§ 402.25–32 *Losses of $300 or more.* Restoration of total losses and partial losses of $300 or more shall be made in accordance with the following procedure.

When loss is $500 or less. When the loss is $500 or less, repairs may be authorized by the State Manager.

When loss is over $500. When the loss is over $500, repairs shall be made only upon approval of the Regional Manager.

The following procedure is applicable to all losses of $300 or more.

Inspection and report losses of $300 or more. Assignment of the case will be made to a Reconditioning Inspector for inspection of the property and preparation of estimate of the damage in compliance with the applicable reconditioning procedure. The inspector shall estimate on Form R–4D the probable cost of repairs on restoration. This information is to be given to the Supervisor, Insurance Section, and to the home owner if he so requests, in order that the latter may be in a position to complete his adjustment direct with the insurance company. It is not to be given to the insurance adjuster except by the home owner.

Forms required. The home owner will be required to execute Form 115 in duplicate and 125 in triplicate in all cases involving losses of $300 or more; and the office having jurisdiction will be held responsible for securing lien waivers when required.*

§ 402.25–33 *Partial payments.* If the work is not under the supervision of the Reconditioning Section, partial payments will not be permitted unless acceptable bond is furnished by the contractor; if no acceptable bond is furnished, disbursement shall not be made until the work is completed, inspected, and accepted.*

§ 402.25–34 *Repairs commenced or completed before notice.* In event restoration or repairs have been commenced or repairs have already been completed before any notice of the loss is received by a field or Regional Office, Form 115 shall be completed and every precaution including inspections during the progress of the work when deemed necessary shall be taken prior to disbursement to insure full protection of the Corporation's interest in accordance with the instructions herein prescribed, including lien waivers when required.*

§ 402.25–36 *"Amount of loss" defined.* The terms "loss" or "amount of loss" as used in this Chapter for the purpose of establishing procedure or otherwise shall be deemed to mean the amount paid by the insurance company or companies for the damage.* (Effective date November 1, 1941)

TITLE 29—LABOR

CHAPTER V—WAGE AND HOUR DIVISION

PART 526—INDUSTRIES OF A SEASONAL NATURE

NOTICE OF OPPORTUNITY TO PETITION FOR REVIEW OF THE DETERMINATION IN THE MATTER OF THE APPLICATION FOR THE EXEMPTION OF THE DEHYDRATING OF CITRUS PULP AND WASTE FROM THE MAXIMUM HOURS PROVISIONS OF THE FAIR LABOR STANDARDS ACT OF 1938 AS AN INDUSTRY OF A SEASONAL NATURE [1]

Whereas the Kuder Citrus Pulp Company of Lake Alfred, Florida, and sundry other processors of citrus pulp and waste filed an application for the exemption of the dehydrating of citrus pulp and waste as an industry of a seasonal nature, pursuant to section 7 (b) (3) of the Act and Part 526, as amended, of the regulations issued thereunder; and

Whereas in accordance with § 526.5 of the regulations, the Administrator of the Wage and Hour Division determined that a prima facie case for the granting of the exemption had been shown, and notice of this preliminary determination was published in the FEDERAL REGISTER (6 F.R. 1697) on March 29, 1941; and

Whereas within 15 days following that preliminary determination, the Administrator received objection and request for a hearing from the Citrus By-Products Workers Union No. 20831, of Los Angeles, California; and

Whereas the Administrator then gave notice of a public hearing to be held at the Federal Building, Los Angeles, California, on June 5, 1941, before Mr. Harold Stein, an authorized representative of the Administrator, who was authorized to take testimony, hear argument, and determine:

Whether the dehydrating of citrus pulp and waste is an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Act and Part 526, as amended, of the regulations issued

[1] This affects tabulation contained in 29 CFR, § 526.101.

thereunder, and if so, the appropriate limits of said industry; and

Whereas following such hearing the said Harold Stein duly made his findings of fact and determined as follows:

1. Approximately 13 plants in the United States, situated in Florida, Texas, and California, are engaged in producing cattle feed by means of dehydrating citrus waste.

2. These dehydrating establishments are located in the neighborhood of, or adjacent to, citrus canning plants and receive the citrus waste and pulp from the cannery as soon as it becomes available.

3. The pulp must be processed within a few hours after the juice or sections have been removed from the fruit. Such citrus pulp plants therefore operate during the period or periods in which citrus waste from citrus canneries is available and are dependent upon the citrus canneries for their principal raw materials.

4. Citrus waste is available during an annual period of not over six months in Texas, approximately eight months in Florida, and about ten months in California.

5. The dehydrating of citrus pulp and waste and the manufacture of cattle feed therefrom, takes place during a period too long in relation to the period of exemption afforded by section 7 (b) (3) of the act to warrant a finding that such dehydrating of citrus pulp and waste and the manufacture of cattle feed therefrom is an industry of a seasonal nature.

6. No evidence has been submitted which would warrant the granting of an exemption to the manufacturing of cattle feed from citrus pulp and waste in Texas as a separate branch of the industry.

7. The dehydrating of citrus pulp and waste, and the manufacture of cattle feed therefrom, is not an industry of a seasonal nature within the meaning of section 7 (b) (3) of the act and Part 526 of the regulations issued thereunder.

The application is denied.

Whereas said findings and determination were duly filed with the Administrator on October 21, 1941, and are now on file in Room 5418, Department of Labor Building, Washington, D. C., and are available for examination by all interested parties;

Now, therefore, pursuant to the provisions of § 526.7 of the aforesaid regulations, notice is hereby given that any person aggrieved by the said determination may, within 15 days after the date that this notice appears in the FEDERAL REGISTER, file a petition with the Administrator requesting that he review the action of the said representative upon the record of hearing held before the said representative.

Signed at Washington, D. C., this 3d day of November 1941.

PHILIP B. FLEMING,
Administrator.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 942—COTTON LINTERS

Amendment to General Preference Order No. M-12, as Extended

Section 942.1[1] (General Preference Order No. M-12, as extended) is hereby amended to read as follows:

Whereas, the national defense requirements have created a shortage of Cotton Linters for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply, regulate the processing, and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 942.1 *General preference order M-12*—(a) *Definitions.* For the purposes of this Order:

(1) "First Cut Cotton Linters" means those linters resulting from the first delinting of cottonseed by a mill that makes more than one delinting, and shall include imported Cotton Linters of Grade No. 2 or higher according to the standards of the U. S. Department of Agriculture.

(2) "Second Cut Cotton Linters" means all those linters resulting from all delinting of cotton seed subsequent to the first, and includes imported Cotton Linters of Grade No. 3 or lower according to the standards of the U. S. Department of Agriculture. Fibres obtained from the cottonseed hulls (otherwise known as hull-fibre) shall be included only if the producer of said fibers had previously made a first delinting with respect to the cottonseed of which the hulls were a part.

(3) "Mill Run Cotton Linters" means all those linters resulting from the delinting of cottonseed by a mill that makes only one delinting.

(4) "Person" means any individual, partnership, association, corporation or other form of business enterprise.

(5) "Mill" means any plant that delints fibres from cottonseed or cottonseed hulls by mechanical processes.

(6) "Chemical Industry" means the processing of raw cotton linters or hull fibre to produce purified cotton linter pulp.

(b) *Applicability of priorities regulation No. 1.*[2] Control of the supply, regulation of the processing, and direction of the distribution of Cotton Linters is hereby taken by the Director of Priorities and all future transactions of any kind in Cotton Linters are regulated and governed by the provisions and definitions contained in Priorities Regulation No. 1[3] issued by the Director of Priorities on August 27, 1941 (Part 944), except as otherwise specifically provided.

(c) *Cutting of linters.* No mill making more than one delinting of cottonseed shall, in the process, produce First Cut Cotton Linters to a higher proportion than 20% of its total cut.

(d) *Restrictions on sales, deliveries and use of linters.*

(1) No person shall hereafter sell, deliver or otherwise dispose of Second Cut Cotton Linters except to persons engaged in the Chemical Industry within the United States, its territories and possessions, including the Philippine Islands.

(2) No person may use Second Cut Cotton Linters except in the production of purified cotton linter pulp.

(3) No mill producing Mill Run Cotton Linters shall in any calendar month hereafter sell, deliver or otherwise dispose of more than 20 percent of such Linters produced during that month except to persons engaged in the Chemical Industry within the United States, its territories and possessions including the Philippine Islands, provided that Persons so engaged in the Chemical Industry may not use such Mill Run Linters except in the production of purified cotton linter pulp.

(4) The foregoing restrictions in paragraphs (d) (1) and (2) shall not apply to deliveries to or use by

(i) The United States Government or any agency thereof;

(ii) The government of any other country, provided the purchase is made by any agency of the United States Government pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(e) *Special permits.* Special permission for delivery of Cotton Linters contrary to the directions contained in paragraph (d) above may be granted by the Director of Priorities upon application of any Person affected by this Order in the following cases:

(1) To permit delivery of Cotton Linters of any grade under contracts entered into prior to July 31, 1941;

(2) To permit delivery of Cotton Linters of Grade No. 3 under contracts entered into prior to November 5, 1941;

(3) To permit delivery of imported Second Cut Cotton Linters under contracts entered into between July 31, 1941, and August 20, 1941.

Applications for such permission should be addressed to the Chemicals Section, Office of Production Management, Washington, D. C.

(f) *Reports.* Each Mill engaged in the production of Cotton Linters shall each month report to the Chemicals Section of the Office of Production Management, the manner of its compliance with this Order, and such report shall include a certified statement of the intake of cottonseed by such Mill and its production and disposition of Cotton Linters by grades. Every Person purchasing Second Cut and Mill Run Cotton Linters shall each month report to the Chemicals Section of the Office of Production Management, his purchases and disposition of such Cotton Linters. All Persons affected by this Order shall execute and file with the Chemicals Section of the Office of Production Management, such further reports and questionnaires as said Division shall from time to time request. All reports shall be on such forms as shall be prescribed from time to time by the Chemicals Section of the Office of Production Management.

(g) *False statements.* Any Person who violates this Order or who wilfully falsifies records to be kept or information to be furnished pursuant to this Order, or who refuses or fails to make the reports hereinabove required to be made, may be prohibited by the Director of Priorities from receiving further deliveries of any material subject to allocation by the Director of Priorities, and the Director of Priorities may also take any other action deemed appropriate, including a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(h) *Appeal.* Any Person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the Division of Priorities by addressing a letter to the Division of Priorities, Office of Production Management, Social Security Building, Washington, D. C., setting forth pertinent facts and the reasons such Person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Effective date.* This Order shall take effect on the 5th day of November, 1941, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 31st day of July, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session).

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-3]

IN THE MATTER OF C. E. WERNER, JR., REGISTERED DISTRIBUTOR, REGISTRATION No. 9584, RESPONDENT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") having issued a Notice of and Order For Hearing dated October 9, 1941 in the above-entitled matter to determine whether or not C. E. Werner, Jr., Registered Distributor, Registration No. 9584, has violated certain provisions of the Bituminous Coal Act (the "Act"), the Code, the Marketing Rules and Regulations, Rules and Regulations for Registration of Distributors, and the Distributor's Agreement (the "Agreement"), executed November 19, 1940, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties be imposed;

Now therefore it is ordered, That the Notice of and Order for Hearing dated October 9, 1941 in the above-entitled matter be and it hereby is amended and supplemented to read as follows:

2. The respondent, during the period from January 1, 1941 to April 11, 1941, both dates inclusive, purchased substantial amounts of coal of various sizes from code members, including the Moore Coal Company, a code member in District No. 8, whose address is 1202 Hamilton Bank Building, Knoxville, Tennessee, operating the Moore Mine, Mine Index No. 344, and secured and accepted distributor's discounts thereon from said code member producers which coal he resold to the Werner Coal Company, a retailer of Chattanooga, Tennessee, under whose control financially, or otherwise, said respondent was, in violation of § 304.19 (c) of the Rules and Regulations for Registration of Distributors, and paragraph (h) of the Agreement.

3. In the transactions referred to in paragraph 2 hereof, the respondent did not purchase said coal for bona fide resale, and the acceptance or retention of a distributor's discount in such circumstances was in violation of paragraph (d) of the Agreement.

4. The transactions referred to in paragraph 2 hereof were entered into between the respondent and the Werner Coal Company primarily for the purpose of enriching the respondent and when except for the incidence of Section 4 II (h) of the Act, the consumer would have purchased directly from a code member, and were, therefore, in violation of paragraph (g) of the Agreement.

5. The payment of a distributor's discount on the transactions referred to in paragraph 2 hereof created unfair competition, and was, therefore, in violation of paragraph (g) of the Agreement.

6. The respondent in his application for registration with the Bituminous Coal Division as a distributor of bituminous coal, dated November 19, 1940, as described in paragraph 1 hereof, failed to state as required on pages 5 and 6 thereof his financial relations with the Werner Coal Company, and failure to state that material fact was in violation of paragraph (f) of the Agreement and contrary to § 304.11 (c) (6) of the Rules and Regulations for Registration of Distributors.

7. The acceptance of a distributor's discount by the respondent on coal purchased by him, under circumstances whereby this coal was retailed by the respondent, was in violation of § 304.19 (a) of the Rules and Regulations for Registration of Distributors.

8. The transactions referred to in paragraph 2 hereof, concern sales to or through a broker, jobber, commission

[1] § 203.19 (e) is amended.

account, or sales agency, which is in fact or in effect an agency or an instrumentality of a retailer, whereby they or any of them secure either directly or indirectly a discount, dividend, allowance, or rebates, or a price other than that determined in the manner prescribed by the Act, and were, therefore, in violation of section 4 II (i) 12 of the Act, and Rule 12 of section XIII of the Marketing Rules and Regulations.

Notice is hereby given that answer to the charges, as amended, must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the said charges, as amended, and to have consented to the entry of an appropriate order on the basis of the facts alleged.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, as amended, be renewed in all other respects.

Dated: November 4, 1941.

[Docket No. A-1049]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD No. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT No. 13

[Docket No. A-1049, Part II]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD No. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE RIVERSIDE MINE (MINE INDEX No. 1261) OF THE PRATT-AMERICAN COAL CO. AND THE CROSS ROAD MINE (MINE INDEX No. 171) OF L. B. BAIRD

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1049 PART II FROM DOCKET NO. A-1049, GRANTING TEMPORARY RELIEF, AND NOTICE OF AND ORDER FOR HEARING

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was filed by District Board No. 13 in Docket No. A-1049, proposing price classifications and minimum prices for the coals of certain mines in that district. Among the mines included in that petition are the Riverside Mine (Mine Index No. 1261) of the Pratt-American Coal Co. and the Cross Road Mine (Mine Index No. 171) of L. B. Baird. Petitioner requested that each of these mines be permitted to ship coal by rail from more than one loading point. No explanation was offered for this request and the Director deems it appropriate that each mine be permitted to use only one loading point until a showing has been made of the necessity for more than one loading point. The temporary relief granted herein is accordingly so limited.

It is, therefore, ordered, That the portion of Docket No. A-1049 relating to the Riverside Mine (Mine Index No. 1261) of the Pratt-American Coal Co. and the Cross Road Mine (Mine Index No. 171) of L. B. Baird be severed from the remainder of that docket and that it be designated hereafter as Docket No. A-1049 Part II.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on November 19, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties, in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 14, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment of price classifications and minimum prices for the coals of the Riverside Mine (Mine Index No. 1261) of the Pratt-American Coal Co. and the Cross-Road Mine (Mine Index No. 171) of L. B. Baird for rail shipments from more than one loading point and for truck shipments.

It is further ordered, That a reasonable showing of the necessity therefor having been made, pending final disposition of the above matter, temporary relief be and the same is hereby granted as follows: Commencing forthwith the Schedules of Effective Minimum Prices for District No. 13 For All Shipments Except Truck and For Truck Shipments are supplemented by including the price classifications and minimum prices set forth in the Schedules marked "Supplement R" and "Supplement T" attached hereto and hereby made a part hereof.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective November 6, 1941.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

[Project No. 1853]

IN THE MATTER OF FIRST IOWA HYDRO-ELECTRIC CO-OPERATIVE

ORDER POSTPONING HEARING AND CHANGING PLACE THEREFOR

NOVEMBER 4, 1941.

It appearing that:

(a) On October 14, 1941, the Commission ordered a hearing in the above-entitled proceeding to be held on November 12, 1941, at 10:00 a. m. (C. S. T.), in Room 900, U. S. Customhouse, 610 S. Canal Street, Chicago, Illinois; and,

(b) The Attorney General of the State of Iowa, in behalf of the State, has petitioned for and has been granted leave to intervene herein and has requested that this proceeding be set not earlier than January 6, 1942, in order to enable him to prepare the opposition of said State to the granting of license to said Applicant;

The Commission finds that:

Good cause exists for changing the place of hearing and postponing the date therefor; and,

It is ordered, That:

The hearing in this proceeding heretofore set to be held on November 12, 1941, beginning at 10:00 a. m. (C. S. T.), in Room 900, U. S. Customhouse, Chicago, Illinois, be and it is hereby postponed until January 12, 1942, on which date said hearing shall commence at 9:45 a. m. (E. S. IN THE MATTER OF DENIS J. DRISCOLL AND WILLARD L. THORP, TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, DEBTOR, RESPONDENTS

ORDER EXTENDING TIME TO ANSWER OR REQUEST INTERVENTION AND POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 3rd day of November A. D. 1941.

The Commission having on September 4, 1941, issued its Notice of and Order for Hearing, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, in the above-entitled matter; said order having required that respondents file their answer herein on or before October 17, 1941, and having set the date for the hearing herein on October 28, 1941; and said order having further provided that any person proposing to intervene in said proceedings file his request or application therefor on or before October 17, 1941; and

The Commission having by order entered October 17, 1941, extended the time within which respondents shall file their answer and within which requests or applications for intervention shall be made to November 3, 1941, and having postponed the date of the hearing herein until November 13, 1941; and

Respondents having requested a further extension of time within which to file their answer until November 17, 1941, and having requested a corresponding postponement of the date of the hearing herein; and the Commission being of the opinion that said request may appropriately be granted and that the time within which persons shall file requests for intervention should be correspondingly extended;

It is ordered (1) that the time within which respondents may answer, and within which persons may file requests to intervene in these proceedings be and is hereby extended to November 17, 1941; and (2) that the date of the hearing in this matter be and is hereby postponed to November 25, 1941 at 10:00 o'clock A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue, N. W., Washington, D. C., in such room as may be designated on said day by the hearing room clerk in Room 1102, before the officer of the Commission previously designated herein; and

It is further ordered that the Secretary of this Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondents, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS FRIDAY, OCTOBER 31, 1941

Important. Although the apportioned classified Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from states which are in arrears.

The President

EXECUTIVE ORDER

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT

IDAHO

By virtue of the authority vested in me as President of the United States, it is ordered that, subject to valid existing rights, the public lands in the following-described areas be, and they are hereby, withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department as practice bombing ranges:

BOISE MERIDIAN

T. 2 S., R. 2 E., secs. 1, 12, 31 and 32;
T. 3 S., R. 2 E., secs. 5 and 6;
T. 2 S., R. 3 E., secs. 6 and 7;
T. 3 S., R. 3 E., secs. 26, 27, 34 and 35;
aggregating 7463.15 acres.

This order shall be subject to the order of April 8, 1935, of the Secretary of the Interior, establishing Idaho Grazing District No. 1. After the present national emergency has been officially terminated, this order shall be without effect upon notice to the War Department by the Secretary of the Interior that such lands are needed for grazing or other uses by the Department of the Interior.

TITLE 7—AGRICULTURE

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[ACP-1940-16]

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM

SUBPART B—1940 [1]

Pursuant to the authority vested in the Secretary of Agriculture under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148) as amended, the 1940 Agricultural Conservation Program, as amended, is hereby further amended as follows:

1. Section 701.101 (k) is hereby amended by adding the following subparagraph thereto:

§ 701.101 *Allotments, yields, productivity indexes, payments and deductions.*

* * * * *

(k) *Miscellaneous.*

* * * * *

(3) *Correction of errors.* Notwithstanding any other provision of this section, where the Agricultural Adjustment Administration finds that an error in a county or State office resulted in an allotment, yield, or productivity index for a farm which is substantially less than that which would otherwise have been determined, the correction of such allotment, yield, or productivity index may be authorized without requiring a redetermination of other farm allotments, yields, or productivity indexes in the county, unless such error has resulted in farm allotments, yields, or productivity indexes for other farms in the county which are substantially higher than they otherwise would have been.

* * * * *

2. Section 701.110 (g) is amended to read as follows:

§ 701.110 *General provisions relating to payments.*

* * * * *

(g) *Deductions in case of erroneous notice of acreage allotment.* Notwithstanding the deduction provisions of § 701.101, in any case where, through error in a county or State office, the producer was officially notified of an acreage allotment larger than the finally approved acreage allotment and the county and State committees find, if the notice was in writing, or the county and State committees, with the approval of the Administrator, find, if the notice was not in writing, that the producer, acting solely upon information contained in the erroneous notice, exceeded such finally approved acreage allotment, the producer will not be considered to have exceeded the acreage allotment unless he

PART 729—NATIONAL MARKETING QUOTA FOR PEANUTS

SUBPART B—1942

Whereas the Agricultural Adjustment Act of 1938, as amended, provides:

SEC. 358. (a) Between July 1 and December 1 of each calendar year the Secretary [of Agriculture] shall proclaim the amount of the national marketing quota for peanuts for the crop produced in the next succeeding calendar year in terms of the total quantity of peanuts which will make available for marketing a supply of peanuts from the crop with respect to which the quota is proclaimed equal to the average quantity of peanuts harvested for nuts during the five years immediately preceding the year in which such quota is proclaimed, adjusted for current trends and prospective demand conditions, and the quota so proclaimed shall be in effect with respect to such crop. The national marketing quota for peanuts for any year shall be converted to a national acreage allotment by dividing such quota by the normal yield per acre of peanuts for the United States determined by the Secretary on the basis of the average yield per acre of peanuts in the five years preceding the year in which the quota is proclaimed, with such adjustments as may be found necessary to correct for trends in yields and for abnormal conditions of production affecting yields in such five years: Provided, that the national marketing quota established for the crop produced in the calendar year 1941 shall be a quantity of peanuts sufficient to provide a national acreage allotment of not less than one million six hundred and ten thousand acres, and that the national marketing quota established for any subsequent year shall be quantity of peanuts sufficient to provide a national acreage allotment of not less than 95 per centum of that established for the crop produced in the calendar year 1941.

Whereas said Act contains the following definitions of terms here pertinent:

SEC. 301 (b) (6) (c). "Market", in the case of peanuts, means to dispose of peanuts, including farmers' stock peanuts, shelled peanuts, cleaned peanuts, or peanuts in processed form, by voluntary or involuntary sale, barter, or exchange, or by gift inter vivos.

SEC. 359 (d). The word "peanuts" * * * means peanuts which are picked and threshed by mechanical means, whether such peanuts are picked and threshed before or after marketing by the producer.

Now, therefore, be it known that the Secretary of Agriculture of the United States of America, acting under and pursuant to, and by virtue of, the authority vested in him by section 358 of the Agricultural Adjustment Act of 1938, as amended, proclaim that:

§ 729.101 *Proclamation and determination with respect to the national marketing quota, normal yield per acre, and national acreage allotment for peanuts for the crop produced in the calendar year 1942*—(a) *National marketing quota.* The amount of the national marketing quota for peanuts for the crop produced in the calendar year 1942 is 1,255,800,000 pounds.

(b) *Normal yield per acre.* The normal yield per acre of peanuts for the United States for the crop produced in the calendar year 1942 is 780 pounds.

(c) *National acreage allotment.* The national acreage allotment for peanuts for the crop produced in the calendar year 1942 is one million six hundred and ten thousand acres. (Sec. 358 (a), 55 Stat. 88; 7 U.S.C. Sup. 1358 (a))

Done at Washington, D. C. this 6th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

Secretary of Agriculture.

PART 204—POSTED STOCKYARDS AND LIVE POULTRY MARKETS

NOTICE RELATIVE TO A. J. CAMPBELL SALES YARDS, EVANS, COLORADO

NOVEMBER 5, 1941.

Whereas, the A. J. Campbell Sales Yards was posted on July 30, 1937, as a stockyard subject to the provisions of the Packers and Stockyards Act, 1921; and

Whereas, it now appears that the A. J. Campbell Sales Yards is not being operated as a stockyard within the meaning of that term as defined in said Act:

Now, therefore, notice is hereby given that the A. J. Campbell Sales Yards no longer comes within the foregoing definition and the provisions of Title III of said Act.

PART 204—POSTED STOCKYARDS AND LIVE POULTRY MARKETS

NOTICE RELATIVE TO SPICER & LONG COMMISSION COMPANY YARDS, TUPELO, MISSISSIPPI[1]

NOVEMBER 5, 1941.

Whereas in accordance with the provisions of Section 302 (b) of the Packers and Stockyards Act, 1921 (7 U.S.C. § 202 (b)), the Secretary of Agriculture posted the stockyard known as the McCollum & Long Stockyards, Tupelo, Mississippi, as being subject to the provisions of said Act; and

Whereas it appears that said stockyard is now known as the Spicer & Long Commission Company Yards, and is being operated by I. W. Spicer, doing business as Spicer & Long Commission Company:

Therefore, it is ordered, That the notice of the posting of said stockyard be, and it hereby is, amended to show that the correct name of the stockyard is Spicer & Long Commission Company Yards, Tupelo, Mississippi.

CHAPTER VI—ORGANIZED RESERVES

PART 61—OFFICERS' RESERVE CORPS[2]

§ 61.4a *Suspension of appointments in the Officers' Reserve Corps.* (a) Appointments in all sections of the Officers' Reserve Corps (except from those categories indicated in paragraph (b) of this section) are suspended with the following exceptions:

(1) Chaplain's Reserve.
(2) Medical Department Reserve.

(i) The Surgeon General and Corps Area and Department Commanders are authorized to recommend for appointment sufficient applicants to fill any vacancies existing or occurring under the approved peacetime procurement objective for Reserve Officers in the Medical Department Reserve.

(ii) All appointments under this authority will be limited to those who meet the requirements of §§ 61.1 to 61.7 and 61.69, and will be made in the lowest grade in the section in which commission is sought, with the following exception:

Former Medical officers who are available for and are desired for immediate active duty may be appointed in the highest grade formerly held, provided they meet the age restrictions for appointment as prescribed by Army regulations.

(iii) Each application must be accompanied by a written statement by the applicant that he does not come within the category of those entitled to resign under provisions of Sec. 3 (c), Public Resolution 96, 76th Congress, or that he will not exercise such rights if ordered to active duty.

(3) Positions which cannot be filled by transfer in the War Department overhead of the several supply arms and services for supply procurement duties and for Army Exchange Service, are subject to the approval of the Secretary of War in each case. The existing prohibition of appointments in the Specialist Reserve remains in effect excepting for appointments for the Army Exchange Service.

(4) Affiliated units.

(b) As indicated in paragraph (a) of this section, the suspension of appointments does not apply to the following:

(1) Recent graduates of:

(i) The United States Military Academy.
(ii) The United States Naval Academy.
(iii) The Citizens' Military Training Camps.
(iv) Reserve Officers' Training Corps.
(v) An Air Corps Training Center, who have successfully passed the educational examination prescribed by the Chief of the Air Corps for appointment as aviation cadet.
(vi) Special courses of training established under the supervision of the Chief of the Air Corps, who have successfully passed the educational examination prescribed by the Chief of the Air Corps for appointment as aviation cadet.
(vii) Schools established for the training of officer candidates.

(2) Candidates for appointment to commissioned grades who come within any one of the following categories: They will be exempt also from the requirements of paragraphs (b) (1), (e), and (f) of this section.

(i) Those who were enrolled in the Army Extension courses prior to December 20, 1939, and whose enrollments have not been cancelled.

(ii) Those whose enrollments in the Army Extension courses, or whose examinations, were authorized prior to March 4, 1941, required for commission in those sections of the Officers' Reserve Corps where appointments have not been suspended and whose enrollments have not since been cancelled.

(iii) Warrant Officers and enlisted men of the Regular Army and enlisted men of the Regular Army Reserve who were enrolled for the Army Extension courses at the time mimeograph letter from this office dated April 3, 1941, file AG 210.1 O.R.C. (3-24-41) R-A, Subject: "Suspension of appointments in the Officers' Reserve Corps for Warrant Officers and enlisted men, Regular Army" was received at Corps Area or Department Headquarters.

(iv) Those qualifying under special authority issued by the War Department.

(c) In those sections of the Officers' Reserve Corps requiring military knowledge qualifications, no appointments will be made without special authority from the War Department unless the applicant is a graduate of one of the schools mentioned in paragraph (b) (1) of this section.

(d) Completion of the Army Extension courses alone will not be construed as meeting the military educational requirements for a commission.

(e) (1) No applications for appointment received from men who are within the age for Selective Service will be approved without first being submitted to the Secretary of War, unless the candidate is a graduate of one of the schools mentioned in paragraph (b) of this section.

(2) Applications for commissions which are required to be submitted to the Secretary of War for his approval will be accompanied by the following statement signed by the Chief of Branch concerned:

This applicant possesses the special qualifications required for the position to which he will be assigned, if commissioned, and after careful inquiry no qualified officer is believed to be available for this assignment.

(f) All vancancies existing or occurring under the Reserve Officers' peacetime procurement objective for mobilization will be filled by procurement from the sources designated in paragraph (b) (1) of this section, or by promotion, or transfer of qualified Reserve Officers from other categories (paragraph (a) of this section).

(g) Applications for appointments to fill positions in affiliated units (paragraph (a) (4) of this section) and supply-procurement (paragraph (a) (3) of this section) will be forwarded to The Adjutant General only when accompanied by a letter of authorization to submit such application. Such letter of authorization will be issued by the proper

authority charged with filling such positions (usually the chief of arm or service, or the corps area commander in certain cases).

(h) Except with the approval of the Secretary of War in each case, appointments will not be made of individuals who, if appointed, would be unavailable, by reason of civilian occupational status, for immediate mobilization assignment in an emergency pursuant to such instructions on that subject as may be issued by the War Department.

(i) Applications not in accordance with the foregoing instructions will not be forwarded to The Adjutant General. (R.S. 161; 5 U.S.C. 22) [Letter A.G.O., dated Oct. 30, 1941, AG 210.1 O.R.C. (10–6–41) RB–A]

73.214 Relative rank.
73.215 Methods of separation.
73.216 Physical standards.
73.217 Physical examinations.
73.218 Waiver of physical defects.

§ 73.200 *Appointments; general provisions.* (a) The regulations contained in §§ 73.200 to 73.218 govern appointments made in the Army of the United States under the provisions of the act of September 22, 1941, Public Law 252, 77th Congress. (Sec. II, Bulletin No. 32, W.D., 1941). Such appointments are made for the purpose of providing, during the present emergency, necessary additional officer personnel that cannot be provided by the Regular Army, the National Guard of the United States, and the Officers' Reserve Corps.

(b) The provisions of these regulations are not applicable to temporary appointments in the Army of the United States made under authority other than that contained in the above mentioned act; and nothing contained here prohibits or affects appointments or promotions in other components of the Army of the United States under existing laws and regulations.*† [Par. 1]

[1] §§ 73.200 to 73.218, inclusive, are added.

*§§ 73.200 to 73.218, inclusive, issued under authority contained in the act of Sept. 22, 1941, Public Law 252, 77th Congress.

†The regulations in §§ 73.200 to 73.218 are also contained in AR 605–10, October 27, 1941. The particular paragraphs are shown in brackets at the end of sections.

§ 73.201 *Duration of appointments.* All appointments are made for the duration of the present emergency and 6 months thereafter, unless sooner terminated.*† [Par. 3]

§ 73.202 *Command and administration.* (a) Except as specifically indicated herein, the command and administration of officers appointed under these regulations, including the functions of procurement, assignment, promotion, transfer, and discharge, will be accomplished in accordance with current regulations and instructions of the War Department governing the Officers' Reserve Corps.

(b) Officers of the Army of the United States appointed under these regulations will, while on active duty, be subject to such laws and regulations for the government of the Army as are applicable to personnel whose permanent retention in the military service is not contemplated by law.*† [Par. 4]

§ 73.203 *Procurement objective.* Initial appointments in the Army of the United States will be made in such numbers and in such grades as may be specifically authorized from time to time by the War Department for the several arms and services and War Department agencies. These allotments will serve as procurement objectives for all appointments and promotions, and will not be exceeded without special authority from the War Department.*† [Par. 5]

§ 73.204 *Age and citizenship requirements.* (a) An officer of the Army of the United States must at the time of his appointment be a citizen of the United States between the ages of 21 and 60 years of age.

(b) In general, and except as indicated in paragraph (c) of this section, the appointment of officers of the Army of the United States under these regulations will be restricted to those whose age for the grade in which appointed does not exceed the maximum specified in current War Department instructions governing extended active duty of Reserve officers.

(c) The age-in-grade limitations specified in paragraph (b) of this section will not apply to the following:

(1) Graduates of the officer candidate schools selected in accordance with current War Department instructions.

(2) Authorized appointments for supply-procurement duties and similar activities under control of the Under Secretary of War. The age-in-grade requirements for such appointments will be those specified in current War Department instructions governing similar appointments in the Officers' Reserve Corps.

(3) Appointments for assignment to affiliated units or corresponding positions.*† [Par. 6]

§ 73.205 *Appointments not made from certain classes.* No person will be initially appointed in the Army of the United States from the following classes:

(a) Cadets, United States Military Academy.

(b) Persons qualified and eligible for appointment in the Officers' Reserve Corps as graduate aviation cadets or as graduates of the senior division, Reserve Officers' Training Corps. All such qualified and eligible graduates will continue to be appointed in the Officers' Reserve Corps.

(c) Persons on either the active or reserve list of the Navy, Marine Corps, Coast Guard, Public Health Service, and Coast and Geodetic Survey.

(d) Civilian officers or employees of the United States or of the District of Columbia, without the consent of the head of the department or service concerned.

(e) Any person subject to induction under the Selective Training and Service Act of 1940, without the express approval of the War Department in each case, unless he is a graduate of a school or resident course of instruction recognized by the War Department as qualifying him for a commission.

(f) Any person whose services will not be immediately available to the War Department upon acceptance of a commission.

(g) See also § 73.207.*† [Par. 7]

§ 73.206 *Grades in which appointed.* Appointments may be made in any grade for which the appointee is qualified and eligible, subject to the following limitations:

(a) Former commissioned officers of the Regular Army, the National Guard, the National Guard of the United States, or the Officers' Reserve Corps will not be initially appointed in the Army of the United States under these regulations in a higher grade than the highest permanent grade they could have normally attained had they retained continuous commissioned status. In determining the highest permanent grade that a former officer of the National Guard or National Guard of the United States could have attained, the computation will be based upon the years of service required for promotion in the Officers' Reserve Corps (see AR 140–5).[2]

(b) Appointments in the following categories will be limited to the grades indicated for each:

(1) Chaplains and appointments in the Medical Corps, Dental Corps, Veterinary Corps, and Sanitary Corps, first lieutenant to colonel, both inclusive.

(2) Appointments in the Medical Administrative Corps, second lieutenant to captain, both inclusive.

[2] Administrative regulations of the War Department pertaining to the Officers' Reserve Corps.

(3) Appointments for assignment to The Judge Advocate General's Department, captain to colonel, both inclusive.

(4) Appointments for assignment to the Military Intelligence Department, second lieutenant to lieutenant colonel, both inclusive.

(c) Graduates of officer candidate schools will be initially appointed as second lieutenants only.*† [Par. 8]

§ 73.207 *Qualifications for initial appointments.* (a) Normally, applicants for initial appointment will be required to qualify, as to military and nonmilitary education, under the standards established for appointment to corresponding grade in the Officers' Reserve Corps (§§ 61.36 to 61.84 and AR 140–22 to 140–39,[3] inclusive), except that military and nonmilitary educational requirements may be waived in whole or in part, upon the recommendation of the chief of arm or service concerned.

(b) In the case of persons recommended for appointment from civil life as commissioned officers in the Army of the United States the recommendation must include satisfactory evidence that the recommended individual possesses special qualifications, and that these special qualifications are required in the position to which he is to be assigned if commissioned.*† [Par. 9]

§ 73.208 *Applications for appointment.* (a) Except for graduates of officer candidate schools, applications for initial appointment in the Army of the United States will be submitted and processed as follows:

(1) *Form of application.* W.D., A.G.O. Form No. 170 (Application for Appointment and Statement of Preferences for Reserve Officers), in duplicate, modified to show that appointment is sought in the Army of the United States.

(2) *Accompanying papers.* Each application for appointment will be accompanied by:

(i) One copy of W.D., A.G.O. Form No. 178 (and 178–1 where applicable) (Classification Questionnaire of Reserve Officers).

(ii) Report of physical examination (W.D., A.G.O. Form No. 63 or 64 as applicable). See §§ 73.216 to 73.218.

(3) *How forwarded.* Applications, with accompanying papers, will be forwarded through military channels to The Adjutant General, Washington, D. C.

(b) *Graduates, officer candidate schools.* Applications for appointment from individuals selected to attend officer candidate schools will be forwarded to and processed by The Adjutant General in accordance with current instructions of the War Department governing officer candidate schools.*† [Par. 10]

[3] Administrative regulations of the War Department relative to the Officers' Reserve Corps.

§ 73.209 *Appointments, how made.* (a) All appointments as commissioned officers in the Army of the United States will be issued by The Adjutant General, upon the recommendation of the chief of arm or service concerned, or other authorities authorized by the War Department to submit such recommendations.

(b) The commissions issued incident to appointment will be without reference to an arm or service, except that, in the case of appointment as a chaplain or for service with the Medical Department, the service for which appointed will appear in the commission.*† [Par. 11]

§ 73.210 *Promotion.* Officers appointed under these regulations may, while on active duty, be promoted to higher grade in the Army of the United States to the same extent and under the same conditions and procedure as are prescribed in current War Department instructions governing the temporary promotion of Reserve officers on active duty.*† [Par. 12]

§ 73.211 *Length of tour of active duty.* (a) Officers initially appointed in the Army of the United States will be ordered to active duty for specified periods of service conforming to those prescribed for Reserve officers in current War Department instructions.

(b) Tours of active duty may be extended beyond the initially prescribed period, as authorized in current War Department instructions governing extension of tours of active duty of Reserve officers, except that no extension will be made beyond a date 6 months after the termination of the present emergency.*† [Par. 16]

§ 73.212 *Relief from active duty.* Officers of the Army of the United States will be relieved from active duty when and as prescribed by the War Department in periodic instructions directing such action, but in no case later than 6 months after termination of the present emergency. Orders for relief from active duty will be published by The Adjutant General, or by such subordinate commanders as may be designated by the War Department.*† [Par. 18]

§ 73.213 *Pay and allowances; rights and benefits.* While on active duty an officer appointed in the Army of the United States under these regulations will receive the same pay and allowances, and will be entitled to the same rights, privileges, and benefits, as members of the Officers' Reserve Corps of the same grade and length of commissioned service.*† [Par. 19]

§ 73.214 *Relative rank.* When an officer appointed in the Army of the United States under these regulations is ordered to active duty he will take rank as determined by the method prescribed by law and regulations for determining the rank of members of the Officers' Reserve Corps while on active duty.*† [Par. 20]

§ 73.215 *Methods of separation.* Appointments in the Army of the United States may be terminated by death, resignation, discharge, dismissal, or dropping from the rolls.

(a) *Resignations.* Resignations of officers appointed in the Army of the United States may be submitted and will receive consideration only as provided in current regulations and War Department instructions applicable to members of the Officers' Reserve Corps on active duty.

(b) *Discharge and dismissal.* (i) The discharge or dismissal of officers initially appointed in the Army of the United States will be accomplished in accordance with the laws and regulations governing the discharge or dismissal of personnel whose permanent retention in the active military service is not contemplated by law.

(ii) Except in the case of dismissal pursuant to sentence of a general court martial, an officer on active duty will be returned to his home and relieved from active duty prior to the effective date of termination of commission.*† [Pars. 23, 25, and 26]

§ 73.216 *Physical standards.* The physical standards for appointment and promotion, for retention of commission, and for entry upon active duty of an officer appointed in the Army of the United States under these regulations are those prescribed for the Officers' Reserve Corps in AR 40–100,[4] 40–105,[4] and, when applicable, 40–110,[5] all as supplemented or modified by current War Department instructions.*† [Par. 27]

§ 73.217 *Physical examinations.* Physical examination of applicants for appointment, and of officers appointed in the Army of the United States, will be required and conducted as prescribed for members of the Officers' Reserve Corps in Army Regulations and current War Department instructions supplementary thereto. Examinations of the scope prescribed for Reserve officers ordered to extended active duty are mandatory prior to initial appointment, upon being ordered to active duty, and upon completion of active duty. See § 73.208 (a).*† [Par. 28]

§ 73.218 *Waiver of physical defects.* Deviations from normal physical standards (§ 73.216) that will not interfere with nor prevent the full and satisfactory performance of the duty for which the individual is being appointed, or is being ordered to active duty, and that are not of a nature likely to be aggravated to a disabling degree by active military service, may be waived in the manner and under the conditions authorized in current War Department instructions applicable to members of the Officers' Reserve

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Special Regulation, Civil Air Regulations]

OPERATION OF CIVIL AIRCRAFT AT MARTIN AIRPORT, BALTIMORE, MD.

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 6th day of November 1941.

It appearing that:

1. Certain aeronautical activities will be conducted from the Martin Airport, Baltimore, Maryland, between the hours of 10:00 a. m. and 1:00 p. m. on Saturday, November 8, 1941;

2. The presence of uncontrolled air traffic in the vicinity of such airport would be hazardous to air commerce and to the activities to be conducted therefrom;

3. Its action in this matter is desirable in the public interest, the interest of national defense and the safety of air commerce;

Now, therefore, The Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 and 601 of said Act, makes and promulgates the following special regulation, to become effective immediately:

No civil aircraft except aircraft in scheduled air transportation shall be operated between the hours of 10:00 a. m. and 1:00 p. m. on Saturday, November 8, 1941, within three miles of the Martin Airport, Baltimore, Maryland, unless special permission shall have been obtained from the Administrator of Civil Aeronautics.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[1] Formerly, "Part 29, Loans to Indians from reimbursable funds".

§ 29.1 *Eligibility.* Under authority contained in the Act of June 28, 1941, (Public Law 136—77th Congress, 1st Session), the Secretary of the Interior is authorized to lend industry among Indians funds (which refers to appropriations made by Congress out of public funds in the United States Treasury) and tribal industrial assistance funds (which refers to appropriations made by Congress out of tribal funds in the United States Treasury) to Indians and groups of Indians; to advance tribal industrial assistance funds to tribes incorporated under the Act of June 18, 1934 (48 Stat. 984, 25 U.S.C. 461-470); to approve the establishment and operation of tribal enterprises with tribal industrial assistance funds; and to lend industry among Indians funds to any tribe. A tribe shall be deemed to include any band, pueblo, or group of Indians residing on one reservation having a form of organization recognized by the Commissioner of Indian Affairs.

(a) To be eligible for a loan from industry among Indians funds an individual must be an Indian whose name appears on the official tribal rolls, and, unless he has sufficient allotted or inherited trust lands to provide security for the loan, he must be an Indian of not less than one-fourth degree of Indian blood. To be eligible for a loan from tribal industrial assistance funds an Indian must be a member of the tribe. A tribe may prescribe additional requirements regarding eligibility for loans from tribal industrial assistance funds.

(b) To be eligible for a loan a cooperative association must have a form of organization, financial structure, and plan of operation and management acceptable to the Commissioner.

(c) Tribal industrial assistance funds and all accruals thereto belonging to a tribe incorporated under the Act of June 18, 1934, may be used only for advances to the tribal corporation for use under Part 21 of this title, except for educational purposes, which shall be used under Part 43 of this title.

(d) To be eligible for a loan from industry among Indians funds, a tribe must have a plan of operation and management acceptable to the Commissioner of Indian Affairs. To be eligible for use of tribal funds in the establishment and operation of tribal enterprises, a tribe must have a plan of operation and management acceptable to the Secretary of the Interior.*

*§§ 29.1 to 29.26, inclusive, except as otherwise noted, issued under the authority contained in 52 Stat. 302, 303; 25 U.S.C. Sup., 303, 306, 306A.

§ 29.2 *General loan policies.* Funds may be loaned to individuals for construction of permanent improvements, purchase of seeds, animals, machinery, tools, implements, and other equipment and supplies, development and cultivation of irrigable allotments, support of old, indigent, or disabled Indians: *Provided,* That the amount advanced in any one year for support purposes shall not exceed $300 and shall be made only to allottees; and for educational purposes in accordance with the provisions of Part 43 of this title. Funds may be loaned to cooperative associations, and industry among Indians funds may be loaned to tribes for the establishment and operation of productive enterprises. The use of tribal industrial assistance funds may be authorized for the establishment and operation of tribal enterprises and may be loaned for burial purposes. The granting or refusal of a loan shall be determined by:

(a) The type of enterprise to be financed and its prospects of success;

(b) The extent to which the enterprise will promote a permanent improvement in the applicant's economic condition;

(c) The character and past performance of the applicant, both generally and in the particular work involved in the enterprises;

(d) Prospects for repayment of the loan;

(e) Amount and kind of security offered;

(f) The need and availability of other funds for support and burial purposes.*

§ 29.3 *Preferred applicants.* In determining which applicants shall receive loans, preference shall be given in the following order:

(a) Applications or requests of tribes to undertake tribal enterprises;

(b) Applications of cooperative associations;

(c) Applicants presenting evidence of their probable success in enterprises which will be productive and self-liquidating, who do not have other sources of credit available.

In approving other applications, consideration shall be given to the need for support, educational, or burial loans, the applicant's reputation for industry and financial responsibility, and the security offered. Applications of Indians of high degrees of Indian blood shall receive preference over those of Indians of lesser degrees of blood, other factors being equal.*

§ 29.4 *Applications for loans.* Applications for loans and requests to use tribal funds in tribal enterprises shall be prepared on forms approved by the Comsioner of Indian Affairs and, unless otherwise authorized by the Commissioner, shall include signed agricultural, commercial, or industrial plans. The superintendent or his authorized representative shall be responsible for explaining to each borrower or tribe, the nature of all instruments signed, responsibility for care of the property, and the necessity for carrying out the provisions of the loan agreements. Applications of Indians married to Indians eligible for loans must be made jointly by both parties. If either spouse is not an Indian, or is an Indian ineligible for a loan, the spouse should not sign the application, but may be required to endorse securing documents.*

§ 29.5 *Approval of application.* Applications for loans and requests to use tribal funds in tribal enterprises shall be submitted to the superintendent. Unless otherwise authorized in writing by the Commissioner of Indian Affairs, loans may not be made until the credit agent has approved the same, with the exception of fully secured loans which will be repaid within one year, where the amount does not exceed $500, and loans for burial expenses, on which the credit agent may delegate final approval authority to the superintendent.*

§ 29.6 *Restrictions on approval.* Loans shall not be granted to any applicant:

(a) Except when authorized in the loan agreement, for the development of commercial enterprises unless such enterprises are to be conducted on a cash basis;

(b) For the purpose of obtaining grazing permits or leasing of land for the grazing of livestock, where grazing facilities are available through a cooperative livestock association, unless the superintendent and credit agent agree that sufficient reasons are presented in the application for not using such facilities;

(c) Who is indebted to the United States for loans, or who has livestock or crops of the same class upon which a lien exists, or the title to which is affected because of existing debts or obligations from any source, unless plans of repayment acceptable to the superintendent and credit agent are presented in the application;

(d) For a period longer than twenty years from tribal funds;

(e) For a period longer than five years from industry among Indians funds except for the development and cultivation of irrigable allotments which may be made for periods not exceeding twenty years;

(f) For the production of crops, unless the loan will be repaid within one year, except for crops from which no income will be received the first year. Maturity dates shall be fixed at the time when the crops are to be harvested and available for sale;

(g) For less than $25.*

§ 29.7 *Applications and requests, approval by Secretary or Commissioner.* Requests of tribes for use of tribal funds in the development and operation of tribal enterprises shall be submitted to the Secretary of the Interior for prior approval.

Applications of the following character shall require prior approval of the Commissioner of Indian Affairs:

(a) Applications of Government employees;

(b) Applications from individuals married to and living with a person already a borrower unless their loans are consolidated;

(c) Applications where the individual has funds on deposit in the Agency office sufficient to finance the approved plans;

(d) Applications from Indian women married to non-Indians or Indians ineligible for loans;

(e) Applications from individuals who will have an aggregate indebtedness to the United States exceeding $2,000;

(f) Applications for loans from tribal funds for the purchase of livestock, machinery, and equipment, and for the development and cultivation of irrigable allotments, with maturities exceeding six years;

(g) Applications for loans from industry among Indians for the development and cultivation of irrigable allotments with maturities exceeding six years;

(h) Applications of old, indigent, or disabled Indians for support purposes;

(i) Applications of cooperative associations;

(j) Applications for enterprises which are not conducted on tribal or allotted lands within the boundaries of the reservation;

(k) Applications of tribes for loans from industry among Indians funds.*

§ 29.8 *Commitment order.* Upon approval of the application, a commitment order shall be prepared to cover the amount for which the application has been approved. It shall be executed, signed, and dated by the approving officer, and accepted in writing by the borrower. Conditions of approval shall be inserted in the commitment order.*

§ 29.9 *Loan agreement contract.* The approved application for loan, supporting papers, commitment order, and note constitute the loan agreement contract.*

§ 29.10. *Advance and expenditure of funds.* Advances shall be made only in accordance with the terms of approved loan agreements. Advances shall not be made until such agreements are completed and the various copies distributed, including execution of repayment guarantees. Unless otherwise authorized in such agreements, all advances shall be deposited immediately to the credit of the borrower or of the tribe in an individual Indian money account. Disbursements from such individual Indian money accounts shall be made in accordance with the terms of the agreements. In the case of a borrower with inadequate security, the initial advance shall be limited, and subsequent advances made dependent upon the borrower's accomplishments.

Expenditures of tribal funds for tribal enterprises of unincorporated tribes shall be expended by the disbursing officer from the appropriation account, and all income accruing to the enterprise shall be deposited into the Treasury of the United States to the credit of the tribe in the appropriation account.*

§ 29.11 *Title to property.* Unless otherwise specified in the borrower's loan agreement, all property purchased under the agreement or from tribal funds used in tribal enterprises, except property purchased for resale in a merchandising business, shall be taken in the name of the United States in trust for the interested party, individual, cooperative, or tribe, and all buildings, fences, and other permanent improvements constructed wholly or in part with loan funds shall not be considered a part of the realty until the loan with which they were purchased is repaid in full.*

§ 29.12 *Property identification.* All livestock and issue therefrom, and all major articles of equipment purchased under the loan agreement, and trust property given as security for loans, except as otherwise authorized in writing by the Commissioner of Indian Affairs, shall be branded or marked with the letters "ID" to make identification permanently possible, and certificates showing accomplishment filed. In addition, such property and livestock shall be marked or branded with the brands or marks of the borrower.*

§ 29.13 *Security.* All possible security up to an adequate amount shall be obtained on all loans. Unless other arrangements are authorized by the Commissioner of Indian Affairs, appropriate liens, mortgages, or other securing instruments in favor of the United States must be taken on property purchased under the loan agreement which is not purchased in the name of the United States. The increase or issue of any livestock purchased under the loan agreement in the name of the United States, or given as security therefor, shall be security for the repayment of the loan. The borrower shall agree that if he is in default, any trust funds to or accruing to his credit, or any of his personal trust property, may be applied by the superintendent on his indebtedness to the United States. Generally, greater security shall be required on loans for nonagricultural enterprises, and full

security on loans for nonagricultural enterprises which are not located in or adjacent to Indian communities.*

§ 29.14 *Inspection of security.* All property offered to the United States as security for loans must be inspected before action is taken upon the loan by the approving officer. To reduce costs, agency records, if adequate, may be used in lieu of a physical inspection.*

§ 29.15 *Filing of liens, mortgages, and other guarantees.* All crop liens or mortgages, and all repayment guarantees covering nontrust property, shall be filed, registered, or recorded, in the proper county office in accordance with the respective state laws. Repayment guarantees covering trust property, other than crops, may be filed in the agency office. Expenses of filing, registering, or recording, shall be borne by the borrower. Borrowed funds may not be used for such purposes except when included in loans to the borrower.*

§ 29.16 *Bills of sale.* The superintendent must obtain bills of sale on a form approved by the Commissioner of Indian Affairs for all livestock purchased under the loan agreement, title to which is taken in the name of the United States. This form may also be used for machinery, equipment, and other purchases, title to which is taken in the name of the United States, or receipted invoices on the vendor's stationery will be accepted in lieu thereof. Receipted invoices or appropriate bills of sale must be obtained on purchases of all items costing twenty-five dollars or more.*

§ 29.17 *Interest.* Borrowers shall be charged interest at the rate of three percent per annum from the date the money is advanced until repaid, except on loans for support of old, disabled, or indigent Indians, and for burial expenses. Interest shall be charged on loans from tribal industrial assistance funds for support and burial expenses if such action is requested by the authorized governing body of the tribe involved. No interest shall be charged a tribe for the use of tribal industrial assistance funds for tribal enterprises.*

§ 29.18 *Modification of borrowers' loan agreements.* Modifications of loan agreements shall be handled through the same channels as the original agreements, except that the credit agent may approve modifications where the amount does not exceed $1,000, on applications originally approved by the Commissioner of Indian Affairs. Loan agreements shall not be permitted to remain in default; either payment must be made, a formal extension granted in the form of a modification, or action taken under the provisions of § 29.20.*

§ 29.19 *Protection of interests of the United States in property of deceased borrowers.* The superintendent shall take all steps which may be necessary to safeguard and protect the property of a deceased borrower in which the United States has an interest, until the obligation is liquidated or assumed by heirs of the deceased borrower or by other parties. The United States may collect from the ultimate owners of such property, or deduct from the proceeds from the sale thereof, reasonable expenses for its care. The superintendent shall also protect the interests of the United States in assignments of income from real property or other sources.*

§ 29.20 *Default.* Failure on the part of any tribe to use tribal funds advanced for tribal enterprises in accordance with its agreement, shall be grounds for any one or all of the following steps to be taken at the option of the Secretary of the Interior:

(a) Stop any further advance of funds contemplated by the agreement;

(b) Prevent any further disbursement of funds advanced but not expended;

(c) Take possession of and sell any property of the tribal enterprise;

(d) Arrange for operation of the enterprise until such time as the Secretary is satisfied that the tribe can operate the same satisfactorily

Failure on the part of any borrower to make repayments when due, to use funds in keeping with the loan agreement as originally approved or amended, to make every honest effort possible to continue operations successfully, or any improper use of the funds loaned, shall be grounds for any one or all of the following steps to be taken at the option of the superintendent after due notice to the borrower, with or without recourse to legal proceedings:

(e) Declare the entire amount advanced immediately due and payable;

(f) Stop any further advance of funds contemplated by the loan agreement;

(g) Prevent any further disbursement of funds borrowed but not expended;

(h) Take possession of and sell any and all collateral or security;

(i) Have applied on the borrower's indebtedness, any of his personal trust property or any trust funds accruing to the credit of the borrower.*

§ 29.21 *Disposition of property.* The sale or other disposal of any property purchased under the loan agreement, which has not been paid for in full, or property given as security for the loan shall be handled in accordance with instructions of the Commissioner of Indian Affairs. Except as authorized under such instructions, neither the United States' right to or interest in, nor the legal title to property purchased under the loan agreement, nor the interests of the United States in property given as security, shall be transferred to a borrower before the loan under which the property has been purchased has been repaid in full. When a borrower's loan agreement has been repaid in full, the superintendent may release the interests of the United States in property purchased under the loan agreement, as well as its lien on the property given as security and return the original note marked "paid" to the borrower. The superintendent shall also release repayment guarantees of record, on forms approved by the Commissioner of Indian Affairs, when disposal of property given as security is authorized.*

§ 29.22 *Reports by borrowers.* Borrowers shall be required to furnish signed statements and reports, keep records, files, and accounts, and follow correspondence procedures as directed by the superintendent and Commissioner of Indian Affairs.*

§ 29.23 *Repayment to the United States.* All repayments shall be made to the bonded Government disbursing officer or his authorized representative. The disbursing officer shall issue an official receipt to the remitter.*

§ 29.24 *Signatures by thumb mark.* Signatures made by thumb mark must be witnessed by at least two persons, one of whom shall write in the name of the person who cannot write, near the mark, at the borrower's request. Post office addresses of both witnesses must be shown, and they must actually see the mark made. Both witnesses must be disinterested parties to the loan agreement.*

§ 29.25 *Loans from Menominee Tribal Funds.* In the case of loans made to Menominee Indians, the period in § 29.7 (f) shall be eight years, and the rate of interest in § 29.17 shall be two per cent per annum. (Public Law 136—77th Congress 1st session)

§ 29.26 *Loans from tribal funds of the Shoshone Tribe of Wind River Reservation.* In the case of loans made to the Shoshone Indians, in addition to the purposes in § 29.2, funds may be loaned for the purchase of land: *Provided*, That the amount of funds which may be loaned for this purpose shall be determined by the Commissioner of Indian Affairs. PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 3 FOR CHANGES IN LOADING POINTS FOR MINES OF CERTAIN CODE MEMBER PRODUCERS IN DISTRICT NO. 3

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting permission to change the loading points of the following mines; and

It appearing that the operators of such mines have found it impossible to make further shipments from the loading points designated at the time of the classification of the coals of such mines and that it is necessary that changes be made in such loading points in order to maintain fair competitive opportunities; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief and conditionally providing for final relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming that his action is necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 323.6 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in the opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 13, 1941.

[SEAL] H. A. GRAY, *Director*.

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4 FOR ALL SHIPMENTS EXCEPT TRUCK AND FOR TRUCK SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices, for the coals produced at the mines of certain code members in District No. 4 for all shipments except truck and for truck shipments; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto Supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement R–V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Price classifications and minimum prices have not been established herein for certain coals of Alumbaugh No. 6 Mine, Mine Index No. 5, of W. Alumbaugh, for the reason that it appears from the official records of the Division that this mine has been abandoned.

Price classifications and minimum prices have not been established herein for the coals of Myers Valley Mine, Mine Index No. 3000, of Louis Thiebaud, for truck shipments, for the reason that temporary and conditionally final effective minimum prices were established for the coals of Mine Index No. 3000 in Docket No. A–897, under the name of Pleasant Valley Mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, and applications to stay, terminate or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 10, 1941.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming that this action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by ading thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 16, 1941.

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT No. 13

[Docket No. A–1049]

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 13; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 333.6 (*General prices*) is amended by adding thereto Supplement R–I, § 333.7 (*Special prices*—(a) *Prices for shipment to all railroads and for exclusive use of railroads*), is amended by adding thereto Supplement R–II, § 333.7 (*Special prices*—(c) *Prices for shipment by railroad, applicable to all coal sold for steamship vessel fuel*) is amended by adding thereto Supplement R–III, § 333.34 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–I, and § 333.43 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein to the Riverside Mine (Mine Index No. 1261) of Pratt-American Coal Co. and to the Cross Road Mine (Mine Index No. 171) of L. B. Baird, as these mines are affected by unique considerations set forth in an Order designating that portion of Docket No. A–1049 which relates to them as Docket No. A–1049 Part II and granting temporary relief.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 17, 1941.

PART 339—MINIMUM PRICE SCHEDULE, DISTRICT NO. 19

ORDER GRANTING CERTAIN TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 19, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 19

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at certain mines in District No. 19; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief, in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming this action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 339.21 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 19, for All Shipments, is supplemented to include, for the coals produced at the Timm Mine (Mine Index No. 224) of code member, Mrs. Wm. Timm, located in Sheridan County, Wyoming, in Subdistrict 7 of District No. 19, for truck shipments, the following effective minimum prices in cents per net ton:

Size groups	1	2	3	4	5	6	7	8	9	10	12	14	15
Minimum prices	280	280	270	260	260	260	220	220	160	135	170	90	90

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

No relief is granted herein for the coals of the Gebo #3 Mine (Mine Index No. 225), the Gebo #5 Mine (Mine Index No. 226), and the Joslyn Mine (Mine Index No. 220) for the reason set forth in the Order designating that portion of Docket No. A-1107 relating to such coals as Docket No. A-1107, Part II, granting certain temporary relief and scheduling that docket for hearing.

Dated: November 4, 1941.

[SEAL] H. A. GRAY,
Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 976—MOTOR TRUCKS, TRUCK TRAILERS, AND PASSENGER CARRIERS

Extension No. 2 of Limitation Order L-1-a to Restrict the Production of Medium Motor Trucks, Truck Trailers, Passenger Carriers and Replacement Parts.[1]

It is hereby ordered that: § 976.1, as amended (Limitation Order No. L-1-a), issued September 12, 1941, shall continue in effect until the 31st day of January, 1942, unless sooner revoked by the Director of Priorities.

In order to make this extension effective it is hereby ordered that § 976.1 (b) as amended be amended to read as follows:

§ 976.1 *Limitation order L-1-a.*

* * * * *

(b) *General restriction.* During the period commencing September 1, 1941, and ending January 31, 1942: (1) A producer shall not manufacture more than five-sixths the number of Medium Motor Trucks, Truck Trailers and Passenger Carriers, as the case may be, produced by him during the period from January 1, 1941 to June 30, 1941.

(2) A Producer shall not manufacture for replacement purposes, more than that number of Defined Parts sold by him for replacement purposes during the period from January 1, 1941 to June 30, 1941.

(3) The determination of the number of each category of vehicles produced, or of each category of parts sold, during the period from January 1, 1941 to June 30, 1941, shall exclude, and the foregoing limitation upon the number of each category of vehicles or parts which may be produced by any Producer during the five-month period, September 1, 1941 to January 31, 1942, shall not apply to any such vehicles or parts produced under contracts or orders for delivery to or for the account of:

(i) the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics, the Office of Scientific Research and Development;

(ii) the government of any of the following countries: the United Kingdom, Canada, and other Dominions, Crown Colonies, and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(iii) any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States". (Lend-Lease Act.)

(4) Each Producer must comply with such directions and instructions as may be issued from time to time by the Director of Priorities of the Office of Production Management with respect to the reduction or elimination of scarce materials in the production of motor trucks, truck-trailers, passenger carriers and parts or components therefor. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. § 115.94 *Forest policy.* The Act of August 28, 1937 (50 Stat. 874), laid the foundation and framework of a new forest policy for the revested and reconveyed Oregon grant lands. This measure provides for the conservation of land, water, forest, and forage on a permanent basis; the prudent utilization of these resources for the purposes to which they are best adapted; and the realization of the highest current values consistent with undiminished future returns. It seeks, through the application of the policy of sustained-yield management, to provide perpetual forests which will serve as a foundation for continuing industries and permanent communities.*

*§§ 115.94 to 115.113, inclusive, issued under the authority contained in sec. 2, 53 Stat. 1145.

§ 115.95 *Lands subject to exchange.* The Oregon grant lands which are subject to exchange aggregate about 2½ million acres, and are located in 18 counties in western Oregon. Nowhere do these lands occur in large, contiguous areas but to the contrary they are widely scattered and irregularly distributed. These lands comprise approximately 7,000 separate tracts or parcels. Their most consolidated form is practically in a checkerboard arrangement of sections of 640 acres each. If consolidated in a solid block they would cover an area of about 60 miles square. However, the land is scattered throughout a strip 60 miles wide and 270 miles long, extending from the Columbia River on the north to the California State line on the south. No other equally large area of publicly owned forest land in the United States is so broken up into small units and so intermingled with other ownerships and jurisdictions. The O. and C. lands are intermingled with private holdings, State lands, unreserved public domain, and lands reserved for national forests and national parks. This extreme condition creates an administrative problem of the first magnitude. Upon its practical solution depends in large measure the effective management of this outstanding forestry project.

Where the grant lands are intermingled in checkerboard arrangement with other public lands, important administrative problems on both would be simplified by segregating them from each other and concentrating them in solid blocks. Conflicts in land use which exist in certain localities may be solved by rational land use zoning and application of the exchange procedure to segregate the lands according to the dominant use. Elsewhere, the strategic advantages to regional conservation of resources which are inherent in the checkerboard land pattern, in many cases, may outweigh the administrative advantages which could be gained by concentrating the O. and C. lands in solid blocks. This advantage lies in the fact that progressive conservation practices being applied on the grant lands tend to encourage the adoption of similar practices on the intermingled lands. This aspect of the management of the O. and C. lands has deep significance for the entire region in which the lands are located and will receive careful consideration in the development of land exchange plans.*

§ 115.96 *Statutory authority.* The Act of July 31, 1939 (53 Stat. 1144), authorizes and empowers the Secretary of the Interior, in his discretion, in the administration of the act approved August 28, 1937 (50 Stat. 874), to exchange any land formerly granted to the Oregon and California Railroad Company, title to which was revested in the United States pursuant to the provisions of the act of June 9, 1916 (39 Stat. 218), and any land granted to the State of Oregon, title to which was reconveyed to the United States by the Southern Oregon Company pursuant to the provisions of the act of February 26, 1919 (40 Stat. 1179), for lands of approximately equal aggregate value held in private, or State, or county ownership, either within or contiguous to the former limits of such grants, when by such action the Secretary of the Interior will be enabled to consolidate advantageously the holdings of lands of the

United States. The act further provides that all lands and timber secured by the United States pursuant to any such exchange shall be administered in accordance with the same provisions of law as the revested and reconveyed lands exchanged therefor, and that parties to the exchange may make reservations of easements, rights-of-way, and other interests and rights. Under this legislation the Secretary of the Interior is authorized to perform any and all acts and to make such rules and regulations as may be necessary to carry out the provisions of the law.*

§ 115.97 *Primary objectives.* Concisely stated, the primary objectives sought by the Act of July 31, 1939, include the following:

(a) Simplification of administration, improvement, and protection through the consolidation of holdings and the reduction of diversified small ownerships.

(b) The development of a balanced distribution of age classes of timber with a view to promoting the policy of sustained-yield forest management provided for in the Act of August 28, 1937.

(c) The establishment of natural cooperative sustained-yield management units, with a view to sustaining dependent industry, dependent labor and dependent communities.

(d) The effective administration of cooperative forest units.

(e) Aid in establishing economic operating units for combined agricultural and grazing enterprises, where such enterprises appear to provide the most desirable use of the land.

(f) The protection of recreational and other values against impairment or destruction.*

§ 115.98 *Exchange policy.* Since the exchange authority of the Act of July 31, 1939, has been provided for the specific purpose of promoting the policy of sustained-yield management laid down for the Oregon lands, it is essential that the formulation of tentative sustained-yield unit plans precede the actual carrying out of the exchange program. This does not mean that the planning of the exchange program will be held in abeyance pending the final establishment of sustained-yield management units, since it is expected that exchange plans will be outlined concurrently with the setting up of sustained-yield units and an action program initiated as soon as the boundaries thereof are fully determined.

It may be broadly stated that the lands and timber to be acquired under authority of the Act of July 31, 1939, should be of a character and so located that the acquisition thereof will promote the conservation principles laid down by the Act of August 28, 1937. Lands and timber which will be disposed of by exchange should be of such a type and so located that the transfer of these resources to private ownership will not interfere with the carrying out of a regional program of cooperative sustained-yield forest management in western Oregon.

Generally speaking, exchanges will not be authorized where the exchange would create a serious disturbance of existing economic conditions; or in cases where the exchange would operate materially to reduce the revenues which should accrue to the counties under authority of the Act of August 28, 1937. Neither can approval be given to the exchange of lands which would prevent the free and ready access of the Government in the development of the resources under its jurisdiction, nor the passing of title to which would in any way interfere with the policy of sustained-yield forest management which governs the administration of the O. and C. lands.

Land exchange applications will be accepted and given consideration as occasion may arise. However, the right is reserved by the Government to reject any and all applications. Applications may be received upon approval of these regulations; but no preference in action will be granted because of priority of application. Upon the establishment of sustained-yield units the Government will consider all applications for exchange within the boundaries thereof and accept those which are found most advantageous in attaining the primary objectives of such units.*

§ 115.99 *Qualifications of applicants.* Applications may be filed by the State of Oregon, by the several counties thereof either wholly or partially within the former limits of the grants, by citizens of the United States, by associations of such citizens, or by corporations organized under the laws of the United States or any State, territory, or district thereof, authorized under its charter to own and sell real property and authorized to do business in the State of Oregon. Evidence of citizenship or of incorporation must be filed with the application, and when the applicant is a corporation a certified copy of the order or direction of the board of directors, or other governing body, to effect such exchange should accompany the application.*

§ 115.100 *Application for exchange.* Applications, in duplicate and verified, should be addressed to the Commissioner of the General Land Office and filed in the district land office having jurisdiction over the selected lands, and should set forth, by legal subdivisions of the public land surveys, the lands offered to the Government and the lands selected in exchange therefor. The application should contain the full name and post office address of the applicant; state that the applicant is legally capable of consummating the exchange; that he is the owner of the lands offered in exchange; that such offered lands are not the basis of another selection or exchange; state whether any reservation or easements, rights of use, and other interests and rights in or to the offered lands are desired, and what use thereof is contemplated. It should also show the reservations or easements which, if made by the United States, on the selected land will be acceptable to the applicant.

An application by the State should be accompanied by a certificate of the selecting agent showing that the application for exchange is made under and pursuant to the laws of the State and that the State is the owner of the lands offered in the proposed exchange. In the case of an application for exchange by a county, there should also be furnished a certificate of the proper officer or officers of the county, under seal, to the effect that the application is made under and pursuant to the laws of the State.

The application must be accompanied by an affidavit by the applicant or by some credible person who is familiar with the character, condition and value of the selected lands and the character, condition and value of the lands offered in exchange. This affidavit must be in duplicate, with the original duly executed. The affidavit must specifically describe by subdivision, section, township and range, the lands offered to the Government and the lands selected in exchange therefor, and show the following: whether there is within the limits of any of the selected land any known deposit of coal, or any lode or placer deposit, oil, or other valuable mineral; whether said land contains any salt springs or known deposits of salt in any form sufficient to render it chiefly valuable therefor; whether any portion of said land is claimed for mining purposes under the local customs or rules of miners or otherwise; whether said land is essentially non-mineral in character and has upon it any mining or other improvements; that the selected lands are unappropriated and are not occupied, claimed, improved or cultivated by any person adversely to the applicant; and give as full data as are available concerning the character, and the amount, kind, and value of timber upon each smallest or forty-acre subdivision of the lands offered in exchange. This affidavit must also show that the lands offered and the lands selected are approximately of equal aggregate value, consideration being given to any reservations or easements which may be made by the applicant or the United States. The values of both offered and selected lands are to be determined by the Secretary of the Interior. The application must be accompanied with a corroborated affidavit relative to springs and water holes on the selected lands, in accordance with existing regulations pertaining thereto (43 C.F.R. 292.1–292.9). Evidence of citizenship, or of incorporation, must be filed with the application.*

§ 115.101 *Costs and fees.* The applicant shall agree to pay the cost of publishing notices of the exchange. Filing fees must be paid by the applicant at the rate of $2.00 for each 160 acres, or fraction thereof, of the lands selected. The act provides that no fee shall be charged in applications filed by the State of Oregon or any county thereof, except one-half of the cost of publishing notice of the proposed exchange.*

§ 115.102 *Action by Register.* If the application for exchange appears regular and in conformity with the law and these regulations, the Register will assign the current serial number and after making appropriate notations on his records will transmit the original application and all other papers to the General Land Office with a statement as to the status of the land including any conflicts, and will forward the duplicate application together with copies of all other papers to the Chief Forester, Oregon and California Revested Lands Administration, Portland, Oregon.*

§ 115.103 *Report of Chief Forester.* On receipt by the Chief Forester, Oregon and California Revested Lands Administration, of the duplicate application and other papers, they shall be given consideration by him with a view of determining whether the proposed exchange appears desirable from the standpoint of the interests of the Government in carrying into effect the purpose of the Act of August 28, 1937 (50 Stat. 874).

Applications must be accompanied by estimates showing the volume, kind, quality, and value of timber upon each subdivision of the lands offered for exchange. Such estimates will be checked for accuracy by the Chief Forester.

If the lands involved are not valuable for timber, then their value and availability for any of the purposes given in the Act of August 28, 1937 (50 Stat. 874), may be given due consideration as a basis for determining that the lands offered are approximately equal in aggregate value to the lands sought in exchange. The report of the Chief Forester, as submitted to the Commissioner of the General Land Office, in addition to the foregoing, should show the volume and value of the timber on the offered and selected lands; whether the selected lands are occupied, improved, cultivated, or claimed by another; whether the selected lands contain minerals, springs, water holes, or hot or medicinal springs, or any special features which should be considered in acting upon the application; the value of the offered lands for use in determining the amount of the stamp tax required on the deed to the offered lands; whether there are any reasons why the exchange should not be consummated, and such facts as will aid in determination of whether the proposed exchange is in the public interests.*

§ 115.104 *Evidence required.* When the report of the Chief Forester has been received and an exchange of approximately equal aggregate values has been established, the Commissioner of the General Land Office, with the approval of the Department, unless he has reason to do otherwise, will direct publication of notice of the contemplated exchange, and will require the applicant, through the Register of the District Land Office, to submit proof of publication of notice, a deed of conveyance of the offered lands duly recorded, and in all cases except as hereinafter provided, an abstract of title showing that at the time the deed of conveyance to the United States was recorded the title to the lands covered by such deed was in the party making the conveyance. The abstractor's certificate must show that the lands as conveyed were free from judgments or mortgage liens, pending suits, taxes, tax assessments, or other encumbrances. If such certificate does not cover taxes and tax assessments, the applicant must furnish a certificate by the proper official of the county in which the lands are situated showing that all taxes or assessments levied or assessed against the lands conveyed to the United States, or that could operate as a lien thereon, have been duly paid; whether there is a tax or assessment due on such lands or that could operate as a lien thereon but which tax or assessment is not yet payable and that there are no unredeemed tax sales and no tax deeds outstanding against such lands conveyed to the United States. Such abstract must be prepared and authenticated by an abstractor or by an abstract company approved by the General Land Office, in accordance with section 42 of the Mining Regulations of April 11, 1922 (49 L.D. 15, 69), and must show that the title memoranda contained therein are a full, true, and complete abstract of all matters of record or on file in the office of the recorders of deeds and in the offices of the clerks of courts of record of that jurisdiction, including all conveyances, mortgages, suits, pending suits, judgments, liens, lis pendens, or other encumbrances or instruments which are required by law to be filed with the recording officer and which appear in the records of the offices of the clerks of courts of record affecting in any manner whatever the title to the lands to be conveyed to the United States.

Where the State is the applicant and the offered lands were acquired by grant from the United States, the State may furnish in lieu of an abstract of title a certificate of the proper State officer showing that the offered lands have not been sold or encumbered by the State, and a certificate by the Recorder of Deeds or official custodian of the records of transfers of real estate in the proper county that no instrument purporting to convey or in any way encumber title to the offered lands is of record or on file in his office; but in all cases of lands offered by the State which have been held in private ownership and were acquired by the State from such source, including cases where any of the lands offered by the State have been sold by it and title again acquired by it the State will be required to furnish an abstract of title.*

§ 115.105 *Publication and posting.* The publication notice must give the name and post office address of the applicant, serial number and date of the application, act under which application is filed, describe both the offered and selected lands in terms of legal subdivisions of the public land surveys, and state that the purpose of the notice is to permit all persons claiming the offered or selected lands or having bona fide objections to such exchange an opportunity to file their protests or other objections in the District Land Office within 45 days from the date of the first publication, together with evidence that a copy of such protest or objection has been served upon the applicant. The cost of publication of the notice must be at the expense of the applicant, unless such applicant is the State of Oregon or any county thereof, in which case each newspaper will collect one-half of the cost of publication from the applicant and submit proper vouchers to the United States for the remainder. The notice must be published once a week for four consecutive weeks in some designated newspaper of general circulation in the county or counties in which are situated the lands offered to the United States, and in the same manner in some like newspaper published in any county in which are situated any lands selected in exchange. In the event the newspaper is a daily, the publication should be made in the Wednesday issue thereof. A similar notice will be posted in the District Land Office during the required period of publication and the Register shall certify as to the posting. Publication of notice will be directed by the General Land Office in a certain newspaper or newspapers designated by the Commissioner of the General Land Office in instructions to the Register. Proof of publication of notice shall consist of an affidavit by the publisher, or foreman, or other proper employee of the newspaper, showing the dates of publication, and attaching thereto a copy of the notice as published. The Register shall transmit, by special letter, such evidence of publication to the General Land Office with his report as to whether protests or contests have been filed against the proposed exchange.*

§ 115.106. *Deed of conveyance.* The deed of conveyance to the United States must be executed, acknowledged, and duly recorded in accordance with the laws of the State, and must contain covenants of general warranty except where the grantee is prohibited by law from executing such a conveyance. The United States of America should be named as the grantee, and such revenue stamps as are required by law must be affixed to the deed and canceled. The deed should recite that it is made "for and in consideration of the exchange of certain lands, as authorized by the act of July 31, 1939 (53 Stat. 1144)". Where the deed of conveyance is by a private corporation, it should be recited in the instrument of transfer that the deed was executed pursuant to an order or by the direction of the board of directors, or

other governing body, and a copy of such order or direction must accompany such instrument of transfer and both should bear the impression of the corporate seal.*

§ 115.107 *Taxes.* In case taxes have been assessed or levied on lands conveyed to the United States, and such taxes are not due and payable until some future date, the applicant in addition to the certificates above required, relating to taxes and tax assessments, may make a deposit with the Commissioner of the General Land Office of at least twice the amount of the taxes for the preceding year with evidence as to the amount of the taxes for such year, or may furnish a bond with qualified corporate surety for such sum, in order to indemnify the United States against loss for the nonpayment of the tax so assesed or levied.*

§ 115.108 *Tax title lands.* Where the offered lands have been acquired by the applicant through tax foreclosure proceedings, it must be shown that the foreclosure was a matter of judgment and decree of the proper court; that the sheriff or other proper official has issued a deed based upon the judgment and decree of the court, and that the period of time provided by the laws of the State of Oregon within which to bring action, suit, or proceeding of whatever kind or nature, for the purpose of determining the validity of the sale, has expired. As part of the abstract of title to the offered lands, the applicant shall submit the foreclosure proceedings in full.*

§ 115.109 *Title insurance.* Title insurance issued by a company which is acceptable to the General Land Office may be furnished in lieu of an abstract of title, and same accepted upon proof that the insuring company is solvent and properly qualified, provided the policy is free from conditions and stipulations unacceptable to the United States.*

§ 115.110 *Mineral land excepted.* Mineral lands may not be selected in exchange proceedings hereunder.*

§ 115.111 *Coos Bay Wagon Road land.* An applicant under the exchange act selecting Coos Bay Wagon Road grant lands must offer as base in lieu thereof lands situated in the same county as the lands selected. (See act of May 24, 1939, 53 Stat. 753). The advantageous consolidation of the holdings of lands of the United States, required under the exchange act, may be with either the reconveyed or revested lands, or with both.*

§ 115.112 *Conveyed lands.* All lands conveyed to the United States pursuant to the act of July 31, 1939 (53 Stat. 1144), and under these regulations shall, upon acceptance of title, become a part of the revested and reconveyed lands and shall be managed, as a part of such lands, in the manner prescribed by the act of August 28, 1937 (50 Stat. 874).*

§ 115.113 *Action by General Land Office.* The publication of notice, conveyance, abstract of title, and other evidence required of the applicant will, upon receipt in the General Land Office, be examined, and if found regular and in conformity with the law and the regulations, and if there are no objections, title will be accepted to the offered lands and patent will issue for the lands selected in exchange.

If the report from the Chief Forester discloses inequalities of value, the Commissioner of the General Land Office will advise the applicant and afford him an opportunity to bring the proposed exchange within the provisions of the law.

Notices of additional requirements, rejection, or other adverse action will be given, and the right of appeal, review, or rehearing recognized in the manner prescribed by the Rules of Practice. Protests against exchanges should be filed in the district land office and will be transmitted to the General Land Office for consideration and disposal.

If the application for exchange be finally rejected for any reason, the abstract of title will be returned, and the applicant will be advised of his right to apply for a quitclaim deed under existing law for the lands conveyed to the United States.

An application for exchange will be noted "suspended" by the Register and unless disallowed, the lands applied for in exchange will be segregated upon the records of the district land office and the General Land Office.

Notice shall be given to the Chief Forester of final action taken on applications hereunder.*

[Contract No. W 241 ORD-8]

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: A. S. CAMPBELL CO., INC., BOSTON, MASS.

Contract: for * * * Case, Cartridge, * * *.

Amount: $1,864,000.00.

Place: Boston Ordnance District Office, Room 1501, 140 Federal Street, Boston, Mass.

The Cartridge Cases to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to Procurement Authority ORD 50,245 PO12-02 A0020-13, the available balance of which is sufficient to cover the cost thereof.

This contract,[1] entered into this 21st day of July 1941.

Scope of this contract. The contractor shall furnish and deliver * * * Case, Cartridge, * * *, for the consideration stated One million eight hundred sixty-four thousand dollars ($1,864,000.00) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Payments will be made on partial deliveries accepted by the Government when requested by the contractor whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Advance payments. At any time and from time to time, after the approval of this contract, at the request of the contractor and subject to the approval of the Chief of Ordnance as to the necessity therefor, the Government shall advance to the contractor, without payment of interest therefor by the Contractor, sums not to exceed Four hundred sixty six thousand dollars ($466,000.00), or twenty-five percentum (25%) of the contract price, as it may be amended, whichever shall be the smaller.

Price adjustments. The contract prices stated in Article 1 are subject to adjustments for changes in labor and materials costs.

Termination when contractor not in default. This contract is subject to termination by the Government at any time as its interests may require.

This contract is authorized by the Act of July 2, 1940 (Public No. 703—76th Congress).

ART. 5. *Changes.* The Contracting Officer may, at any time, by a written order make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

ART. 6. *Payments.*—(a) *Reimbursement for Cost.* The Government will currently reimburse the Contractor, subject to the provisions of paragraph (c) of this Article 6, for such expenditures made in accordance with Article 3 hereof as may be approved or ratified by the Contracting Officer and upon certification to and verification by the Contracting Officer of the original signed payrolls for labor, the original paid invoices for materials or other original papers.

(b) *Payment of the fixed fee.* Ninety per cent (90%) of the fixed fee set forth in paragraph (a) of Article 3 hereof, shall be paid as it accrues, in monthly installments.

(c) *Advances.* The Government as requested by the Contractor from time to time, shall make advance payments to the Contractor, without payment of interest thereon by the Contractor, of such sums as may be requested by the Contractor and approved by the Contracting Officer, the aggregate of which shall not exceed thirty per centum (30%) of the estimated cost of the work under this contract. Such advances shall be made upon such terms and conditions and with such security as the Secretary of War shall prescribe.

ART. 9. *Termination of contract by Government.* Should the Contractor at any time refuse, neglect, or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the Government that work be discontinued under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

ART. 22 *Title to property.* The title to all work under this contract, completed or in the course of manufacture or assembly at the Contractor's plant, shall be in the Government. Upon deliveries at the Contractor's plant, or at an approved storage site, title to all purchased materials, parts, assemblies, sub-assemblies, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed hereunder shall vest in the Government.

ART. 24. *Fire insurance.* The Contractor agrees unless and until otherwise directed in writing by the Contracting Officer to insure against fire all property in its possession upon which an advance payment or a payment in reimbursement for cost is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other advance payment or payments in reimbursements for costs, if any, theretofore made thereon, and further agrees to keep such property so insured until the same is delivered to the Government.

This contract authorized under the provisions of section 2 (a) Act of June 28, 1940, section 1 (a), Act of July 2, 1940, and section 9 June 30, 1941.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. 1879-FD]

IN THE MATTER OF THE APPLICATION OF THE KOPPERS COAL COMPANY FOR PERMISSION TO RECEIVE DISTRIBUTORS' DISCOUNTS ON COAL PURCHASED FOR RESALE TO KOPPERS COMPANY

NOTICE OF AND ORDER FOR HEARING

The Koppers Coal Company, a corporation, organized under the laws of Delaware, with its principal office at Pittsburgh, Pennsylvania, being registered with the Division as a distributor, No. 5223, filed its petition praying:

1. That the Division determine

(a) that the relationship between Koppers Company and The Koppers Coal Company is bona fide and was not established to secure price reductions under the Bituminous Coal Act of 1937;

(b) that the relationship between Koppers Company and The Koppers Coal Company is not within the prohibition of paragraphs 11 and 12 of section 4, Part II (1) of the Bituminous Coal Act.

2. That The Koppers Coal Company be authorized to receive distributors' discounts on coal purchased by it as a distributor for resale to Koppers Company.

3. That The Koppers Coal Company be permitted to retain discounts heretofore received on coal purchased by it as a distributor for resale to Koppers Company.

4. For such other and further relief as may be just and equitable.

It is ordered, That a hearing on such matter be held on December 10, 1941, at 10:00 in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before December 5, 1941, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: November 5, 1941.

[Docket No. A-1107]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 19 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 19

[Docket No. A-1107 Part II]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 19 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS, FOR ALL SHIPMENTS, PRODUCED AT THE GEBO #3 MINE (MINE INDEX NO. 225) AND THE GEBO #5 MINE (MINE INDEX NO. 226) IN DISTRICT NO. 19, AND FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS, FOR TRUCK SHIPMENTS, PRODUCED AT THE JOSLYN MINE (MINE INDEX NO. 220) IN THAT DISTRICT

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1107 PART II FROM DOCKET NO. A-1107, GRANTING CERTAIN TEMPORARY RELIEF IN DOCKET NO. A-1107 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1107 PART II

The original petition in the above-entitled matter filed with this Division on October 11, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests that orders be entered establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 19 and revising the effective minimum prices applicable to the coals of the Joslyn Mine (Mine Index No. 220), operated by W. C. Joslyn, a code member in that district, for shipment via truck to all market areas.

No petitions of intervention were filed in the above-entitled proceedings.

As indicated in a separate order in Docket No. A-1107, which established temporary and conditionally final price classifications and minimum prices for the coals produced at the Timm Mine (Mine Index No. 224) as requested in the original petition, a reasonable showing of necessity was made for the granting of that relief. Such a showing was not made, however, with respect to the establishment of permanent price classifications and minimum prices for the coals produced at the Gebo #3 and the Gebo #5 mines, operated by P. H. Burnell, a code member in Subdistrict No. 5, nor with respect to the revision in minimum prices requested for the coals of the Joslyn Mine.

The Director is of the opinion that temporary relief should be granted for the coals of the Gebo #3 Mine and the Gebo #5 Mine pending final determination in this matter, but that the petition does not contain facts sufficient to warrant, in advance of a hearing, the establishment of permanent price classifications and minimum prices for such coals, nor the requested revision in effective minimum prices for the coals of the Joslyn Mine.

Now, therefore, it is ordered, That the portion of Docket No. A-1107 relating to the Gebo #3 Mine (Mine Index No. 225), the Gebo #5 Mine (Mine Index No. 226), and the Joslyn Mine (Mine Index No. 220), be, and it hereby is, severed from the remainder of Docket No. A-1107 and designated as Docket No. A-1107 Part II.

It is further ordered, That a hearing in Docket No. A-1107 Part II, under the applicable provisions of said Act and the rules of the Division, be held on November 17, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, in the United States Post Office, Thermopolis, Wyoming.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions of law and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 13, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the original petition.

The matter concerned herewith is in regard to the petition of District Board No. 19 for the establishment of permanent price classifications and minimum prices for the coals of the Gebo #3 Mine (Mine Index No. 225) and the Gebo #5 Mine (Mine Index No. 226) for all shipments f. o. b. a tipple located at Gebo, Wyoming, some distance from the mouths of those mines; and for a change in the subdistrict classification number from 9 to 8 for the Joslyn Mine (Mine Index No. 220) and revision by size groups of the effective price classifications and minimum prices in cents per ton applicable to the coals of such mine for truck shipments to all market areas, as follows:

	Size groups																
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
From subdistrict No. 9 prices	-----	$2.40	$2.40	$2.40	$2.40	$2.40	$2.20	$2.00	$1.25	$1.25	-----	$1.50	-----	$1.25	$1.25	$1.00	$0.50
To subdistrict No. 8 prices	$2.00	2.00	-----	2.00	-----	-----	-----	1.30	1.30	1.30	-----	1.30	-----	1.00	.90	-----	-----

It is further ordered, That temporary relief, pending final disposition of Docket No. A–1107, Part II, is hereby granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 19 is supplemented to include the price classifications and minimum prices set forth below:

(1) Insert, on page 5 of that Schedule, the following listings in proper alphabetical order:

Producer	Mine No.	Mine index No.	County	Subdist. price group	Shipping point	Rail F. O. G.		Prices page	
						Road	No.	Rail	Truck
Burnell, Pat (Burnell Coal)	3	225	Hot Springs	5	Gebo	CB&Q	100	9	13
Burnell, Pat (Burnell Coal)	5	226	Hot Springs	5	Gebo	CB&Q	100	9	13

The coals of the above designated mines shall take the minimum f. o. b. mine prices in cents per net ton for shipment by rail transportation into market areas shown under Subdistrict No. 5 on page 9 of the Schedule of Effective Minimum Prices for District No. 19.

(2) Insert, on page 13 of that Schedule, Truck Shipments, below the heading "Subdistrict No. 5" and in proper alphabetical order, the following:

Code member name	Mines Nos.	County	Size groups														
			1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

IN THE MATTER OF THE UNITED GAS IMPROVEMENT COMPANY

ORDER GRANTING APPLICATION UNDER SECTION 10 AND PERMITTING DECLARATION TO BECOME EFFECTIVE UNDER SECTION 12 (b) AND RULE U–45

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 4th day of November, A. D. 1941.

The United Gas Improvement Company, a Pennsylvania corporation and a registered holding company, having filed an application and declaration and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 10 and 12 (b) thereof, and Rule U–45 promulgated thereunder, regarding advances for experimental purposes of not to exceed $500,000 in the aggregate, without interest, to Ugite Sales Corporation, a wholly-owned non-utility subsidiary, engaged in experimental research with water gas tars and their light oil constituents and similar derivatives; and

Said application and declaration having been filed October 24, 1941, and amendments thereto having been filed on October 27, October 29, and November 4, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U–23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect thereto within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Said party having requested that the effective date of said application and declaration be advanced; and

The Commission finding with respect to said application under Section 10 of said Act that no adverse findings are necessary under sections 10 (b) and 10 (c) (1), and that section 10 (c) (2) is not applicable to the proposed transactions; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration pursuant to section 12 (b) and Rule U–45 promulgated thereunder to become effective; and

The Commission being satisfied that the effective date of said declaration and the date of granting said application should be advanced;

It is hereby ordered, Pursuant to Rule U–23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U–24, that the aforesaid application be and the same hereby is granted forthwith and that the aforesaid declaration be and the same is hereby permitted to become effective forthwith.

By the Commission. Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

DUTIES AND OTHER IMPORT RESTRICTIONS, TRADE AGREEMENT WITH ARGENTINE REPUBLIC

THE WHITE HOUSE,
Washington, October 31, 1941.

MY DEAR MR. SECRETARY:

Pursuant to the authority conferred upon me by the Act to amend the Tariff Act of 1930, approved June 12, 1934 (48 Stat. 943), as extended by Joint Resolutions approved March 1, 1937 (50 Stat. 24), and April 12, 1940 (54 Stat. 107), I hereby direct that the duties and other import restrictions proclaimed in connection with the trade agreement signed on October 14, 1941 with the Argentine Republic, and all other duties and all other import restrictions now in effect and heretofore proclaimed in connection with trade agreements (other than the trade agreement with Cuba signed on August 24, 1934, as amended) entered into under the authority of the said Act, as originally enacted or as extended, shall be applied on and after the effective date of such duties and other import restrictions, or, as the case may be, shall continue to be applied on and from the date of this letter, to articles the growth, produce, or manufacture of all foreign countries, except as otherwise hereinafter provided, whether imported directly or indirectly, so long as such duties and other import restrictions remain in effect and this direction is not modified.

Such proclaimed duties and other import restrictions shall be applied to articles the growth, produce, or manufacture of Cuba in accordance with the provisions of the trade agreement with Cuba signed on August 24, 1934, as amended.

Because I find as a fact that the treatment of American commerce by Germany is discriminatory, I direct that such proclaimed duties shall not be applied to products of Germany.

My letters addressed to you on December 30, 1939,[1] and December 18, 1940,[2] with reference to duties heretofore proclaimed in connection with the trade agreements signed under the authority of the Act of June 12, 1934, are hereby superseded.

You will please cause this direction to be published in an early issue of the weekly *Treasury Decisions*.

Very sincerely yours,

[SEAL] FRANKLIN D ROOSEVELT

[Bulletin NSCP-601]

PART 706—NAVAL STORES CONSERVATION PROGRAM

SUBPART D—1942[1]

Sec.
706.300 Authority, availability of funds.
706.301 Definitions.
706.302 Duration of program.
706.303 Kind of payments.
706.304 Conditions of payment; performance required.
706.305 Excess cotton acreage.
706.306 Rates of payment.
706.307 Application and eligibility for payment.
706.308 Administration.

§ 706.300 *Authority and availability of funds.* Pursuant to the authority vested in the Secretary of Agriculture under section 8 of the Soil Conservation and Domestic Allotment Act, as amended, and in connection with the effectuation of the purposes of section 7 (a) of said Act in 1942, and contingent upon legislative authority to the Secretary to exercise after December 31, 1941, the powers now conferred on him by section 8 of said Act, payments will be made for participation in the 1942 Naval Stores Conservation Program in accordance with the provisions of this bulletin and such modifications thereof or other provisions as may hereafter be made.

The provisions of the 1942 Naval Stores Conservation Program are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments herein provided for is contingent upon such appropriation as the Congress may hereafter provide for such purpose; and the amounts of such payments will be finally determined by such appropriation and by the extent of participation in the program. Any increase or decrease in the rates of payment and deduction set forth herein because of the extent of participation in the program will not be in excess of 10 per cent.*

*§§ 706.300 to 706.308, inclusive, issued under the authority contained in secs. 7 to 17, as amended, 49 Stat. 1148, 1915; 50 Stat. 329; 52 Stat. 31, 204, 205, 746; 53 Stat. 550, 573; 16 U.S.C., Sup., 590g–590q.

§ 706.301 *Definition of terms*—(a) *Turpentine farm.* The land and turpentine timber owned or leased or operated on a sharecrop basis, and under one management and in one general locality, which is being operated for the production of gum naval stores.

(b) *Gum naval stores.* Crude gum (oleoresin), gum turpentine, and gum rosin produced from living trees. Gum naval stores does not include naval stores produced from dead timber, stumps, knots, etc.

(c) *Producer.* Any person or persons, firm, partnership, corporation, or other business enterprise, doing business as a single legal entity and producing gum naval stores from timber controlled for turpentine purposes through fee ownership, cash lease, percentage lease, share lease, or other form of control.

(d) *Face.* The whole wound or aggregate of streaks made by chipping, streaking, or pulling the live tree to stimulate the flow of crude gum (oleoresin), hereinafter referred to as gum.

(e) *Cup.* A container made of metal, clay, or other material hung on or below the face to accumulate the flow of gum.

(f) *Tins.* The gutters or aprons, made of sheet metal or other material, used to aid in conducting the gum from a face into a cup.

(g) *Crop.* 10,000 faces.

(h) *Drift or tract.* A portion or subdivision of a crop set apart for convenience of operation.

(i) *D. b. h.* Diameter breast height; i. e., diameter of tree measured at 4½ feet from the ground.

(j) *Turpentine season.* The entire calendar year or, if a turpentine farm is operated less than the full calendar year, that period within the calendar year during which a producer is operating his farm for the production of gum naval stores.

(k) *Application.* The prescribed form of application for payment for cooperating in the 1942 Naval Stores Conservation Program (hereinafter referred to as this program).*

§ 706.302 *Duration of program.* The period during which this program is to be in effect is the period January 1 to December 31, 1942, inclusive.*

§ 706.303 *Kind of payments.* Payment will be made, at the rates and subject to the conditions set forth in § 706.306, to producers who in 1942 carry out the approved practices set forth in § 706.304 with respect to turpentine farms currently being worked in 1942, beginning such cooperation within time limits to be established by the Forest Service of the United States Department of Agriculture (hereinafter referred to as the Forest Service) as appropriate and practicable time limits necessary to afford full opportunity to producers to cooperate in this program and to obtain a full measure of compliance with the objectives of this program.*

§ 706.304 *Conditions of payment; performance required.* In order to qualify for payment, producers shall meet the following requirements:

(a) *Working small trees prohibited.* No face (either old or new) shall be worked during the 1942 turpentine season on any tree less than 9 inches d. b. h. on any turpentine farm or farms owned, leased, or worked by the applicant producer.

(b) *Only one face permitted on trees under 14 inches diameter.* No tree that is less than 14 inches d. b. h. shall have more than one face worked during the 1942 turpentine season on any turpentine farm or farms owned, leased, or worked by the applicant producer.

(c) *Virgin faces on trees 10 inches or larger eligible for payment.* Payment will be made on all virgin faces worked on any crop or separate area owned or leased by the applicant producer if all virgin faces on such crop or area are on trees 10 inches d. b. h. or larger.

(d) *Method of determining base.* For each participating producer there shall be determined, in the manner hereinafter outlined, the maximum number of faces which he is entitled to work during the 1942 turpentine season. For the purpose of arriving at a base figure for each producer the number of faces which such producer worked in 1938 will be taken as a starting point. This figure is subject to modification, for the purpose of finally determining his base, by the addition or subtraction of such number of faces as may have been transferred to him from, or transferred by him to, another participating producer subsequent to 1938, provided such transfer carried with it the right to work the number of faces transferred. In determining the base for a producer who began operations in *1939*, the number of faces worked in 1939, subject to modification by any addition or subtraction, in the manner above prescribed, which may have been made in 1940 or 1941, or both, will be taken as his base. For a producer who began operations in *1940* the number of faces worked by him in 1940, subject to modification by any addition or subtraction, in the manner above prescribed, which may have been made in 1941, will be taken as his base. For a producer who began operations in *1941* the number of faces worked by him in 1941 will be taken as his base. Any producer without base, who begins operations for the first time in *1942* solely on land which is owned by him in fee simple, may participate in this program and receive a base not to exceed one crop; or any producer with a base less than a crop may increase his base to not more than one crop if such increase is made on lands owned by him in fee simple without acquisition of additional base; but in either case such base shall not be transferable during the period covered by this program and must consist of faces worked during 1942 and faces which he, himself, is required to remove from his working faces, as provided in paragraphs (a) and (b) of this section, which will be eligible for payment. In any case no transfer of base for 1942 will be recognized except between participants in this program, and then only if it is for the purpose of working more faces than the transferee's established base permits and such transfer is stated on a transfer-of-base form, which the producer submits together with satisfactory evidence of consent by the transferring producer, and is approved by the District Supervisor. In any case no transfer of base will be permitted after the final date for filing of work sheets.

(e) *Working and discontinuance quotas.* Each participating producer will be allowed to work faces in 1942 equal to 80% of his base, as determined by the provisions of paragraph (d) of this section. Where a producer has control, and his control continues through 1942 (without any renewal of leases), of more faces than 80% of his base, that portion of his base between 80% and 100% will be required to be discontinued: *Provided*, That if a produer installs new (virgin) faces either on timber already controlled or on timber acquired in 1942, or acquires faces through new leases or the renewal of expiring leases, such installation or acquisition will render ineligible for payment a corresponding number of discontinued faces which otherwise would be eligible for payment. Any producer with a base of 5 crops or less may work his entire base, or will be permitted to discontinue faces eligible for payment not to exceed one crop. No payment will be made for faces discontinued in 1942 unless the faces are 90 inches or less in height at the beginning of the 1942 turpentine season and unless (1) the land, including turpentine privileges, was owned in fee simple in 1941 or (2) the faces were controlled for turpentine purposes during the 1941 turpentine season and such control continues through the 1942 turpentine season. The producer's base as of December 31, 1941, before taking into account any transfers of base for 1942, will be the basis for determining the number of discontinued faces which shall be eligible for payment. The number of faces permitted to be worked may be increased by a transfer of base as provided in paragraph (d).

(f) *Written evidence of leases required.* Any producer who acquires faces through a new lease or the renewal of an expiring lease must present to the Forest Service satisfactory proof in writing of such a transaction.

(g) *Restrictions concerning non-participating operations.* Any producer otherwise participating in this program who permits his labor to operate timber which he cannot operate and remain eligible for participation under the terms of this program, or who assists in any manner in the operation of such timber or the sale or processing of the gum therefrom, either directly or through a relative or employee or through any member, officer, or employee of any partnership, corporation, or other business enterprise in which he has any interest or with which he has any connection, or in any other manner whatsoever, shall not be eligible to receive any benefit payment.

(h) *Faces installed on small trees in 1941 not eligible for payment.* As in previous programs, participants in this program will be paid for the removal of faces on trees under 9 inches d. b. h. and on trees between 9 and 14 inches d. b. h., as required by paragraphs (a) and (b) of this section, if the cups on such trees were installed during the 1938, 1939, or 1940 turpentine season. As announced in the 1941 bulletin, no payment will be made for the removal of faces that were installed during the 1941 season on trees under 9 inches d. b h. and on trees between 9 and 14 inches d. b. h.; and, in the event of a Naval Stores Conservation Program for 1943, no payment will be made on such faces installed in 1942.

(i) *Discontinued faces, except on small trees, required to be in drifts or tracts.* All faces discontinued for payment under this program shall be discontinued by drifts or tracts with the exception of faces discontinued on trees under 9 inches d. b. h. and on trees between 9 and 14 inches d. b. h., as required by paragraphs (a) and (b) of this section.

(j) *Cups and tins must be detached from small trees.* Cups and tins must be detached from removed faces on trees under 9 inches d. b. h. and on trees between 9 and 14 inches d. b. h., but need not be removed from the area.

(k) *Limitation of working area on faces and marking required.* Total streaks per face made during the period of this program, averaged by drifts or tracts, shall not exceed 18 inches in vertical measurement between shoulders of first streak and shoulders of last streak. In case of failure to observe this requirement no benefit payment shall be made with respect to the entire operation. The producer, at the time the first 1942 streak is placed upon the face, shall mark the point of beginning of 1942 streaks on at least 25 per cent of the faces that are 90 inches or less in height at the beginning of the 1942 turpentine season, well distributed throughout each drift, with a permanent mark without any injury to the tree, so that the season's height up the tree may be accurately measured at the end of the season.

(l) *Minimum number of streaks required.* Payment shall not be made on faces in production which do not average, by drifts or tracts, at least 12

streaks for the 1942 turpentine season, which streaks shall have been made at no greater frequency than two streaks per week.

(m) *Over 90 inch faces not eligible for payment.* Payment shall not be made on faces either retained in production or taken out of production in any drift or tract where the average height of faces exceeds 90 inches at the beginning of the 1942 turpentine season, in vertical measurement between shoulders of first streak and shoulders of last streak, including jump streaks.

(n) *Re-payment for faces removed from small trees.* Payment shall not be made on faces taken out, or remaining out, of production pursuant to the provisions of paragraphs (a), (b), and (h) of this section in any drift or tract unless (1) such faces were discontinued under the 1939 program or a later program and have been kept out of production continuously since removal from production and (2) also the cups on all such faces were installed during the 1938, 1939, or 1940 turpentine season and such faces are under the producer's control for turpentine purposes throughout this program.

(o) *Bark-bar requirement.* No tree shall have any new (first-year) back face unless a bark-bar on each side of the back face is provided and maintained throughout the 1942 turpentine season, the total of the two being not less than 7 inches in width, measured horizontally along the bark surface; *Provided, however,* That the restriction with respect to the width of the bark-bar shall not apply to any tree which has on it two or more old faces.

(p) *Consolidation of farms.* Any person having part ownership and control of more than one turpentine farm shall have the right and privilege of consolidating two or more such farms for the purpose of carrying into effect the provisions of this program.

(q) *Only participants eligible for loans.* In the event of a loan program being set up for producers during 1942, only those producers who are participating in this program will be eligible for loans except as provided in paragraph (r) of this section.

(r) *Operators on public domain not eligible for payments.* The provisions of the 1942 Naval Stores Conservation Program are not applicable to producers on such portion of their operations as may be within the public domain of the United States, including the lands and timber owned by the United States which were acquired or reserved for conservation purposes or which are to be retained permanently under Government ownership (such lands include, but are not limited to, lands owned by the United States which are administered by the Forest Service or the Soil Conservation Service of the United States Department of Agriculture, or by the Division of Grazing or the Bureau of Biological Survey of the United States Department of the Interior): *Provided, however,* That such producers shall have the privilege of borrowing under any loan program for naval stores producers which may be in operation during 1942.

This program is applicable to lands owned by corporations which are only partly owned by the United States, such as Federal Land Banks and Production Credit Associations.

This program is also applicable to land owned by the United States or by corporations wholly owned by the United States which is farmed by private persons if such land is to be temporarily under such Government or corporation ownership and was not acquired or reserved for conservation purposes. Such land shall include only that administered by the Farm Security Administration, the Reconstruction Finance Corporation, the Home Owners' Loan Corporation, or the Federal Farm Mortgage Corporation, unless the Forest Service finds that land administered by any other agency complies with all of the foregoing provisions for eligibility.

(s) *Fire protection requirements.* The applicant producer shall to the best of his ability protect from fire all forest land of any kind within each turpentine farm owned, leased, or otherwise controlled by him during the duration of this program, and in doing so shall cooperate with the State and Federal Governments in any cooperative forest fire protective system that exists contiguous to his turpentine farm or within the area within which such farm is situated: *Provided,* That the producer shall not be required to pay the cost of fire protection on land not owned by him unless so stipulated in the terms of his lease. He shall, however, conduct his operations in all cases in such manner as will prevent fire escaping to adjoining forest lands, whether protected or not.

(t) *Timber cutting requirements.* The applicant producer, in order to provide for restocking and to promote continued production of timber upon which the naval stores, pulp and paper, lumber, and other wood-using industries are dependent, shall, in any and all cutting of timber during the calendar year 1942, which is owned by him or is on land owned by him, meet or exceed the following minimum requirements for the salvage and cutting of turpentine timber:

In cutting operations on turpentine areas:

(1) All worked-out turpentine, defective turpentine, and non-turpentine trees may be cut, provided at least 6 thrifty seed trees (or turpentine species) per acre, 8 inches or more in diameter, outside bark, at the stump (12 inches above the ground), are left uncut, or provided sufficient young growth of turpentine species (at least 150 trees per acre not less than 6 to 8 feet high) is left uncut and undamaged; no round trees, except such as are defective or where thinnings are needed, shall be cut; thinnings may be made, but in such case there shall be left uncut and undamaged not less than 50 trees (of turpentine species) per acre at least 6 to 9 inches in diameter, outside bark, at the stump (12 inches above the ground).

(2) In all other cutting operations at least 4 thrifty seed trees (of turpentine species) per acre, 8 inches or more in diameter, outside bark, at the stump (12 inches above the ground) shall be left uncut and undamaged unless sufficient young growth (at least 150 trees (of turpentine species) per acre not less than 6 to 8 feet high) is left uncut and undamaged.

Payment on working faces, discontinued faces or removed faces shall not be made if the tree is cut or removed prior to the expiration of the 1942 program; provided, however, that trees having faces which attain a height in excess of 90 inches during the 1942 season may be cut after October 15, 1942, and payment will be made for such faces if written permission to cut is given by a District Supervisor of the Forest Service.

(u) *Records required to facilitate administration of program.* Each applicant producer in measuring his trees to determine those on which operation shall respectively be continued or discontinued under the 1942 program shall make an accurate count, by drifts, lots, or other suitable units, of all faces separately as to those which are to remain in operation and those which are not and as to those located on fee land and those on leased lands; and he shall make and keep a written record thereof and furnish such record to the Forest Service, together with a description of the lands. Each producer who files a work sheet shall assist the representatives of the Forest Service in the administration of this program by giving them free access to his turpentine farm, indicating the location of trees and faces recorded on the work sheet, furnishing competent labor to assist the inspector in counting trees, and otherwise facilitating the work of the inspectors in checking compliance with the terms and conditions of this program. All drifts or tracts must be clearly marked either by paint or non-injurious blazes, so that drift or tract lines can be traced in the field without a guide. Any producer participating in this program is required to notify the Forest Service promptly in writing after the work sheet has been filed (1) if there is any change in ownership or control, (2) if there is any transfer, expiration, or sale of lease, and (3) at least 10 days in advance if any timber on the operation is to be cut.*

§ 706.305 *Excess cotton acreage.* (a) Any person who makes application for payment with respect to any turpentine farm located in a county in which cotton is planted in 1942 shall certify in his Certificate of Performance and Application for Payment that he has not knowingly planted cotton, or caused cotton to be planted, during 1942, on land in any farm wherever situated in which he has an interest, in excess of the cotton acreage allotment for the farm for 1942, and that if cotton was planted in excess of such allotment it was done without his authority or consent and, if he had knowledge thereof, he made every reasonable effort to prevent such overplanting.

(b) Any person who knowingly plants cotton, or causes cotton to be planted, on his farm in 1942 on acreage in excess of the cotton acreage allotment for the farm for 1942 shall not be eligible for any payment whatsoever, on that farm, on his turpentine farm, or any other farm, for the year 1942, under the 1942 Naval Stores Conservation Program or Agricultural Conservation Program. Any person having an interest in the cotton crop on a farm on which cotton is planted in 1942 on an acreage in excess of the cotton acreage allotment for the farm for 1942 shall be presumed to have knowingly planted cotton on his farm on acreage in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting of cotton on the farm, unless the farmer establishes the fact that the excess acreage was planted to cotton due to his lack of knowledge of the number of acres in the tract(s) planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1942.*

§ 706.306 *Rates of payment.* In connection with the utilization, during the period of this 1942 program, of land devoted to growing trees suitable for and used in the production of gum naval stores, on all turpentine farms operated in accordance with the conditions hereinabove set forth, payment will be made to each participating producer at the following rates:

(a) 1¾ cents per face for each face in continuous operation during the 1942 turpentine season (including virgin faces, provided all virgin faces on any crop or separate area are installed on trees 10 inches or over, d. b. h.) except faces in drifts or tracts which, by drifts or tracts, average more than 90 inches in height at the beginning of the 1942 turpentine season.

(b) 3 cents per face for each face of the net reduction of faces which, at the beginning of the 1942 turpentine season, are 90 inches or less in height and are on trees 9 inches or over, d. b. h., for that portion of the base between 80% and 100%, or for a producer with base of 5 crops or less that portion not exceeding one crop; *Provided,* That the producer had control of all such discontinued faces throughout the period of the 1941 turpentine season and continuing throughout the 1942 season.

(c) 5 cents per face for any one face of one or more faces on trees less than 9 inches d. b. h., and for any one face of two or more faces on trees 9 to 14 inches d. b. h., which are removed from operation during the 1942 turpentine season, or which were taken out of operation during the 1939, 1940 or 1941 Programs and kept out of operation during succeeding programs including this program, for which payment was made in previous programs, and which were first installed during or after the 1938 turpentine season.

(d) *Payments limited to $10,000.* The total of all payments made in connection with all programs for 1942 under Section 8 of the Soil Conservation and Domestic Allotment Act to any individual, partnership, or estate, with respect to turpentine places, farms, and ranching units situated within a single State, Territory, or possession, shall not exceed the sum of $10,000 prior to deduction for association or other administrative expenses in the county or counties or other areas with respect to which the particular payments are made. The total of all payments made in connection with such programs to any person other than an individual, partnership, or estate, with respect to turpentine places, farms, and ranching units situated in the United States (including Alaska, Hawaii, and Puerto Rico) shall not exceed the sum of $10,000 prior to the aforesaid deduction.

(e) *Payment restricted to effectuation of purposes of this program.* All or any part of any payment which has been or otherwise would be made to any person under said 1942 programs may be withheld or required to be returned if he adopts or has adopted any practice which tends to defeat any of the purposes of the 1942 or previous programs, including the loan program, if any, or if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or if, with respect to grazing land, forest land, or woodland owned or controlled by him, he adopts or has adopted any practice which is contrary to sound conservation practices.

Any person who, for any part or all of the 1942 turpentine season, leases any turpentine timber owned or controlled by him, or transfers his lease on any turpentine timber, or sells his turpentine timber, to another person who he knows or has good reason to believe will not carry out all sound conservation practices throughout the 1942 turpentine season on such turpentine timber shall not be eligible to receive any payment whatsoever under this program or to receive under the 1942 Agricultural Conservation Program any payment with respect to the farm in which such turpentine timber was embraced.

(f) The total payment computed for any applicant producer with respect to his turpentine farm shall be increased as follows:

(1) Any payment amounting to 71 cents or less shall be increased to $1.00.

(2) Any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 per cent.

(3) Any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed:	Increase in payment
$1.00 to $1.99	$0.40
$2.00 to $2.99	.80
$3.00 to $3.99	1.20

(g) There shall be deducted from the payments to each applicant producer his pro rata share of all or such part as the Secretary of Agriculture may prescribe of the estimated expenses incurred or to be incurred in the administration of this program.*

§ 706.307 *Application and eligibility for payment*—(a) *Filing of work sheet and application.* Payments will be made upon the basis of facts established in an application for payment properly executed on a prescribed form and filed in a district or regional office of the Forest Service. Each person filing an application for payment will be required to show that a work sheet has been properly executed and timely filed covering each turpentine farm owned, leased, or otherwise controlled, and being

operated by him, with respect to which an application for payment is filed.

An application for payment may be made (1) by any producer who has a base established by his previous operations and/or who is actively engaged in the production of gum naval stores during the 1942 turpentine season or (2) by any person who was so engaged during 1941, or who participated in the 1941 program on land owned, leased, or otherwise controlled by him.

(b) *Time limit for filing work sheets and applications.* Work sheets and applications shall be filed in the manner prescribed and within time limits established by the Forest Service as reasonably affording opportunity to producers to participate in the benefits of the program and keeping the administrative costs within the budget and as low as reasonably may be reached.

(c) *Producer eligible for payments.* Payment will be made to the producer who operates the turpentine farm and who executes the application for payment. In the event one producer conducts the operation of a turpentine farm during a portion of the 1942 turpentine season and another producer (or producers) conducts the operation of the turpentine farm during the remainder of the season, payment will be made to the producer who last conducts the operation of the turpentine farm during the season; *Provided, however,* That, in the event of a mutual agreement between the original producer and the successor-producer, payments shall be divided between such producers on the basis of such mutual agreement as evidenced by their joint application.

(d) *Time of payment.* Payment will be made as soon as practicable after a final field inspection of the turpentine farm on which a work sheet has been filed and after an application for payment has been filed with respect to such farm.

(e) *Assignments.* In order to carry out the provisions of section 8 (g) of the Soil Conservation and Domestic Allotment Act, as amended, and as modified by the last proviso to the item entitled "Conservation and Use of Agricultural Land Resources, Department of Agriculture" contained in the Department of Agriculture Appropriation Act, 1939:

Any producer who may be entitled to any payment in connection with the 1942 Naval Stores Conservation Program may assign his interest in such payment as security for cash loaned or advances made for the purpose of financing the making of a crop in 1942. No such assignment will be recognized unless the assignment is made in writing on Form ACP–69 in accordance with the instructions (ACP–70 as amended) issued by the Agricultural Adjustment Administration, witnessed, however, by a district supervisor or an inspector of the Forest Service and filed in the Regional Office of the Forest Service, Atlanta, Georgia, or in the office of the appropriate district supervisor of the Forest Service located at Jacksonville, Florida; Savannah, Georgia; or Pensacola, Florida; nor unless such assignment is entitled to priority as determined under the instructions governing the recording of such assignments issued by the Agricultural Adjustment Administration.

The foregoing provision shall not be construed to give an assignee a right to any payment other than that to which the producer is entitled, and the statute provides that the Secretary of Agriculture and any disbursing agent shall not be subject to any suit or liability if the payment is made to the producer without regard to the existence of any assignment.

§ 706.308 *Administration.* The Forest Service shall have charge of the administration of this program and is hereby authorized to make such determinations and to prepare and issue such bulletins, instructions, and forms as may be required to administer this program pursuant to the provisions hereof; and the field work shall be administered by the Forest Service through the office of the Regional Forester, United States Forest Service, Glenn Building, Atlanta, Georgia.*

CHAPTER I—BUREAU OF ANIMAL INDUSTRY

[Amendment 5 to B. A. I. Order 309]

PART 75—DOURINE IN HORSES AND ASSES

ORDER AMENDING REGULATIONS GOVERNING THE INTERSTATE MOVEMENT OF LIVESTOCK

Pursuant to the authority conferred upon the Secretary of Agriculture by section 3 of the Act of Congress approved May 29, 1884 (23 Stat. 31; 21 U.S.C. 114), and the Act of Congress approved July 1, 1941 (Public Law 144—77th Congress—1st Session), § 75.3, Part 75, Chapter I, Title 9, Code of Federal Regulations [Reg. 5, Sec. 3, B.A.I. Order 309], as amended, is hereby further amended to read as follows:

§ 75.3 *Appraisal of and compensation for animals.* When it is necessary, in order to prevent the spread of dourine and to aid in its extermination, and an appropriation is available therefor, the department will cooperate with state and federal governmental agencies in the purchase of diseased animals in the following manner:

(a) The fact of infection with this disease shall be determined by the complement-fixation test applied in the laboratory of the Bureau.

(b) The animal shall be appaised at its actual value by a Bureau inspector and a representative of the cooperating agency, or, when provided by State law, assessed value as shown by the assessor's books will be accepted in lieu of appraisal.

(c) The department will pay one-half of the appraised or assessed value, not to exceed $100, if the owner signs an agreement to accept such sum as compensation in full for the discharge of all claims he may have against the department on account of the destruction of the animal in question: *Provided,* That if the eradication work is carried on in cooperation with a federal agency the department may pay all of the appraised value, not to exceed $100.

This amendment, which for purpose of identification is designated Amendment 5 to B.A.I. Order 309, shall be effective on and after November 17, 1941.

Done at Washington this 7th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3818]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF ACME STEEL COMPANY

§ 3.39 *Dealing on exclusive and tying basis.* In connection with the leasing, sale, or making of any contract for the sale, of respondent's machines, appliances and tools in commerce, (1) leasing, selling, or making any contract for the sale thereof on the condition, agreement or understanding that the lessee or purchaser thereof shall not use in or with such machines, appliances or tools any strapping other than that acquired from respondent, or from any other source designated by respondent; and (2) enforcing, or continuing in operation or effect, any condition, agreement or understanding in or in connection with any existing lease or sale contract, which condition, agreement or understanding is to the effect that the lessee or purchaser of respondent's machines, appliances or tools shall not use in or with such machines, appliances or tools any strapping other than that acquired from respondent; prohibited. (Sec. 3, 38 Stat. 731; 15 U.S.C., sec. 14) [Modified cease and desist order, Acme Steel Company, Docket 3818, October 29, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 29th day of October, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, and a stipulation as to the facts entered into between the respondent and W. T. Kelley, Chief Counsel for the Commission, which provided, among other things, that a certain statement of facts stipulated to in the Commission's proceeding against Signode Steel Strapping Company (Docket No. 3688), may be taken as the facts in this proceeding and in lieu of testimony in support of the charges stated in the complaint or in opposition thereto, and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provision of that certain act of the Congress of the United States entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, commonly known as the Clayton Act;

It is ordered, That the respondent, Acme Steel Company, a corporation, and its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the leasing, sale, or making of any contract for the sale, of respondent's machines, appliances and tools in commerce, as "commerce" is defined in the Clayton Act, do forthwith cease and desist from:

(1) Leasing, selling, or making any contract for the sale of, respondent's machines, appliances or tools on the condition, agreement or understanding that the lessee or purchaser thereof shall not use in or with such machines, appliances or tools any strapping other than that acquired from respondent, or from any other source designated by respondent.

(2) Enforcing, or continuing in operation or effect, any condition, agreement or understanding in or in connection with any existing lease or sale contract, which condition, agreement or understanding is to the effect that the lessee or purchaser of respondent's machines, appliances or tools shall not use in or with such machines, appliances or tools any strapping other than that acquired from respondent.

It is further ordered, That said respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF THE GERRARD COMPANY, INC., ET AL.

§ 3.39 *Dealing on exclusive and tying basis.* In connection with the leasing, sale, or making of any contract for the sale, of respondents' machines and appliances in commerce, (1) leasing, selling, or making any contract for the sale thereof on the condition, agreement or understanding that the lessee or purchaser thereof shall not use in or with such machines or appliances any wire other than that acquired from respondents, or from any other source designated by respondents; and (2) enforcing, or continuing in operation or effect, any condition, agreement or understanding in or in connection with any existing lease or sale contract, which condition, agreement or understanding is to the effect that the lessee or purchaser of respondents' machines or appliances shall not use in or with such machines or appliances any wire other than that acquired from respondents; prohibited. (Sec. 3, 38 Stat. 731, 15 U.S.C., sec. 14) [Modified cease and desist order, The Gerrard Company, Inc., et al., Docket 3498, October 29, 1941]

In the Matter of The Gerrard Company, Inc., a Corporation and American Steel & Wire Company, a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 29th day of October, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, stipulations as to certain of the facts, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiners upon the evidence and the exceptions thereto, briefs filed herein, and oral arguments by George W. Williams, attorney for the Commission, and by Knapp, Allen and Cushing, attorneys for the respondents, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of that certain act of the Congress of the United States entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, commonly known as the Clayton Act;

It is ordered, That the respondents, The Gerrard Company, Inc., a corporation, and American Steel & Wire Company, a corporation, and their officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the leasing, sale, or making of any contract for the sale, of respondents' machines and appliances in commerce, as "commerce" is defined in the Clayton Act, do forthwith cease and desist from:

(1) Leasing, selling, or making any contract for the sale of, respondents' machines or appliances on the condition, agreement or understanding that the lessee or purchaser thereof shall not use in or with such machines or appliances any wire other than that acquired from respondents, or from any other source designated by respondents.

(2) Enforcing, or continuing in operation or effect, any condition, agreement or understanding in or in connection with any existing lease or sale contract, which condition, agreement or understanding is to the effect that the lessee or purchaser of respondents' machines or appliances shall not use in or with such machines or appliances any wire other than that acquired from respondents.

It is further ordered, That said respondents shall, within sixty (60) days

after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 29—LABOR

CHAPTER V—WAGE AND HOUR DIVISION

PART 612—MINIMUM WAGE RATE IN THE WOOLEN INDUSTRY

WAGE ORDER, IN THE MATTER OF THE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 36 FOR A MINIMUM WAGE RATE IN THE WOOLEN INDUSTRY

Whereas on August 27, 1941, pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, herein referred to as the Act, the Administrator of the Wage and Hour Division of the United States Department of Labor, by Administrative Order No. 126, appointed Industry Committee No. 36 for the Woolen Industry, herein called the Committee, and directed the Committee to recommend a minimum wage rate for the Woolen Industry in accordance with section 8 of the Act; and

Whereas the Committee included five disinterested persons representing the public, a like number of persons representing employers in the Woolen Industry, and a like number of persons representing employees in the Industry, and each group was appointed with due regard to the geographical regions in which the Woolen Industry is carried on; and

Whereas on September 25, 1941, the Committee, after investigating economic and competitive conditions in the Industry, filed with the Administrator, a report containing its recommendation for a 40-cent minimum hourly wage rate in the Woolen Industry; and

Whereas after notice published in the FEDERAL REGISTER on September 30, 1941, Major Robert N. Campbell, the Presiding Officer designated by the Administrator, held a public hearing upon the Committee's recommendation at Washington, D. C., on October 15, 1941, at which all interested persons were given an opportunity to be heard; and

Whereas the complete record of the proceeding before the Presiding Officer has been transmitted to the Administrator; and

Whereas by notice given at the hearing, all persons who appeared at the hearing were given leave to file briefs on or before October 31, 1941; and

Whereas no request for oral argument having been received, oral argument on the Committee's recommendation was dispensed with in this proceeding; and

Whereas the Administrator, upon reviewing all the evidence adduced in this proceeding and giving consideration to the provisions of the Act with special reference to sections 5 and 8, has concluded that the Industry Committee's recommendation for the Woolen Industry, as defined by Administrative Order No. 126, is made in accordance with law, is supported by the evidence adduced at the hearing, and taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of the Act; and

Whereas the Administrator has set forth his decision in an opinion entitled "Findings and Opinion of the Administrator in the Matter of the Recommendation of Industry Committee No. 36 for a Minimum Wage Rate in the Woolen Industry," dated this day, a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington, D. C.;

Now, therefore, it is ordered, That:

Sec.
612.1 Approval of recommendation of Industry Committee.
612.2 Wage rate.
612.3 Posting of notices.
612.4 Definition of the Woolen Industry.
612.5 Scope of the definition.
612.6 Effective date.

§ 612.1 *Approval of recommendation of Industry Committee.* The Committee's recommendation is hereby approved.*

*§§ 612.1 to 612.6, inclusive, issued under the authority contained in section 8, 52 Stat. 1064; 29 U.S.C., Sup., 208.

§ 612.2 *Wage rate.* Wages at a rate of not less than 40 cents per hour shall be paid under Section 6 of the Act by every employer to each of his employees in the Woolen Industry who is engaged in commerce or in the production of goods for commerce.*

§ 612.3 *Posting of notices.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the Woolen Industry shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this Order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor.*

§ 612.4 *Definition of the Woolen Industry.* The Woolen Industry, to which this Wage Order shall apply, is defined as follows:

(a) The manufacturing or processing of all yarns (other than carpet yarns) spun entirely from wool or animal fiber (other than silk); and all processes preparatory thereto.

(b) The manufacturing, dyeing or other finishing of fabrics and blankets (other than carpets, rugs and pile fabrics) woven from yarns spun entirely of wool or animal fiber (other than silk).

(c) The manufacturing, dyeing, or other finishing of fulled suitings, coatings, topcoatings, and overcoatings knit from yarns spun entirely of wool or animal fiber (other than silk).

(d) The picking of rags and clips made entirely from wool or animal fiber (other than silk), and the garnetting of wool or animal fiber (other than silk) from rags, clips, or mill waste; and other processes related thereto.

(e) The manufacturing of batting, wadding or filling made entirely of wool or animal fiber (other than silk).

(f) The manufacturing or processing of all yarns (other than carpet yarns) spun from wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber; except the manufacturing or processing on systems other than the woolen system of yarns containing not more than 45 percent by weight of wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber.

(g) The manufacturing, dyeing or other finishing of the products enumerated in clauses (b), (c), (d), and (e) from wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber; except products containing not more than 25 percent by weight of wool or animal fiber (other than silk), with a margin of tolerance of 2 percent to meet the exigencies of manufacture.*

§ 612.5 *Scope of the definition.* The definition of the woolen industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That this definition does not include employees of an independent wholesaler or employees of a manufacturer who are engaged exclusively in marketing and distributing products of the industry which have been purchased for resale: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.*

§ 612.6 *Effective date.* This Wage Order shall become effective November 24, 1941.*

Signed at Washington, D. C., this 3d day of November 1941.

PART 613—MINIMUM WAGE RATE IN THE KNITTED AND MEN'S WOVEN UNDERWEAR AND COMMERCIAL KNITTING INDUSTRY

WAGE ORDER, IN THE MATTER OF THE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 28 FOR A MINIMUM WAGE RATE IN THE KNITTED AND MEN'S WOVEN UNDERWEAR AND COMMERCIAL KNITTING INDUSTRY

Whereas on May 8, 1941, pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, herein referred to as the Act, the Administrator of the Wage and Hour Division of the United States Department of Labor, by Administrative Order No. 104, appointed Industry Committee No. 28 for the Knitted and Men's Woven Underwear and Commercial Knitting Industry, herein called the Committee, and directed the Committee to recommend a minimum wage rate for the Knitted and Men's Woven Underwear and Commercial Knitting Industry in accordance with section 8 of the Act; and

Whereas the Committee included eight distinterested persons representing the public, a like number of persons representing employers in the Knitted and Men's Woven Underwear and Commercial Knitting Industry, and a like number of persons representing employees in the Industry, and each group was appointed with due regard to the geographical regions in which the Knitted and Men's Woven Underwear and Commercial Knitting Industry is carried on; and

Whereas on June 18, 1941, the Committee, after investigating economic and competitive conditions in the Industry, filed with the Administrator a report containing its recommendation for a 40-cent minimum hourly wage rate in the Knitted and Men's Woven Underwear and Commercial Knitting Industry; and

Whereas after notices published in the FEDERAL REGISTER on June 24, July 3, September 5, September 11, and September 25, 1941, Major Robert N. Campbell, the Presiding Officer designated by the Administrator, held a public hearing upon the Committee's recommendation at Washington, D. C., on October 13, 1941, at which all interested persons were given opportunity to be heard; and

Whereas the complete record of the proceeding before the Presiding Officer has been transmitted to the Administrator; and

Whereas by notice given at the hearing and by publication, all persons who appeared at the hearing were given leave

to file briefs on or before October 25, 1941; and

Whereas no request for oral argument having been received, oral argument on the Committee's recommendation was dispensed with in this proceeding; and

Whereas the Administrator, upon reviewing all the evidence adduced in this proceeding and giving consideration to the provisions of the Act with special reference to Sections 5 and 8, has concluded that the Industry Committee's recommendation for the Knitted and Men's Woven Underwear and Commercial Knitting Industry, as defined by Administrative Order No. 104, is made in accordance with law, is supported by the evidence adduced at the hearing, and, taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of the Act; and

Whereas the Administrator has set forth his decision in an opinion entitled "Findings and Opinion of the Administrator in the Matter of the Recommendation of Industry Committee No. 28 for a Minimum Wage Rate in the Knitted and Men's Woven Underwear and Commercial Knitting Industry," dated this day, a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington, D. C.;

Now, therefore, it is ordered, That:

613.1 Approval of recommendation of Industry Committee.
613.2 Wage rate.
613.3 Posting of notices.
613.4 Definition of the Knitted and Men's Woven Underwear and Commercial Knitting Industry.
613.5 Scope of the definition.
613.6 Effective date.

§ 613.1 *Approval of recommendation of Industry Committee.* The Committee's recommendation is hereby approved.*

*§§ 613.1 to 613.6, inclusive, issued under the authority contained in section 8, 52 Stat. 1064, 29 U.S.C., Sup., 208.

§ 613.2 *Wage rate.* Wages at a rate of not less than 40 cents per hour shall be paid under section 6 of the Act by every employer to each of his employees in the Knitted and Men's Woven Underwear and Commercial Knitting Industry who is engaged in commerce or in the production of goods for commerce.*

§ 613.3 *Posting of notices.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the Knitted and Men's Woven Underwear and Commercial Knitting Industry shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this Order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor.*

§ 613.4 *Definition of the Knitted and Men's Woven Underwear and Commercial Knitting Industry.* The Knitted and Men's Woven Underwear and Commercial Knitting Industry, to which this Wage Order shall apply, is defined as follows:

(a) The manufacturing, dyeing or other finishing of any knitted fabric made from any yarn or mixture of yarns, except:

(1) The knitting from any yarn or mixture of yarns and the further manufacturing, dyeing or other finishing of knitted garments, knitted garment sections or knitted garment accessories for use as external apparel or covering which are partially or completely manufactured in the same establishment as that where the knitting process is performed: *Provided,* That this exception shall not be construed to apply to the garments or garment accessories designated in paragraph (b) of this section.

(2) Fulled suitings, coatings, topcoatings, or overcoatings containing more than 25 per cent, by weight, of wool or animal fiber other than silk.

(3) Hosiery.

(b) The manufacturing, dyeing or other finishing, from any yarn or mixture of yarns, or from purchased knitted fabric, of any of the following products.

(1) Knitted garments or garment accessories for use as underwear, sleeping wear, or negligees.

(2) Fleece-lined garments made from knitted fabric containing cotton only or containing any mixture of cotton and not more than 25 per cent, by weight, of wool or animal fiber other than silk.

(3) Knitted shirts of cotton or any synthetic fiber or any mixture of such fibers which have been knit on machinery of 10-cut or finer in the same establishment as that where the knitting process is performed.

(4) Knitted towels or cloths.

(c) The manufacturing of men's and boys' underwear from any woven fabric.*

§ 613.5 *Scope of the definition.* The definition of the Knitted and Men's Woven Underwear and Commercial Knitting Industry covers all occupations in the Industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however,* That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.*

§ 613.6 *Effective date.* This Wage Order shall become effective November 24, 1941.*

Signed at Washington, D. C., this 4 day of November 1941.

PHILIP B. FLEMING,
Administrator.

PART 998—METAL OFFICE FURNITURE AND EQUIPMENT

Limitation Order L-13 to Restrict the Production of Metal Office Furniture and Equipment

Whereas, the demands of national defense have created a shortage of iron and steel used in the manufacture of metal office furniture and equipment; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries

[1] 6 F.R. 4735.

for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of metal office furniture and equipment is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 998.1 *General limitation order L–13*—(a) *Definitions.* For the purposes of this Order:

(1) "Steel Used" means the aggregate weight of steel contained in the finished products manufactured.

(2) "Class A Manufacturers" means those manufacturers of metal office furniture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was 12,000 tons or more.

(3) "Class B Manufacturers" means those manufacturers of metal office furniture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was more than 3,000 but less than 12,000 tons of steel.

(4) "Class C Manufacturers" means those manufacturers of metal office furniture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was 3,000 tons or less.

(5) "Group I Products" means the following: Insulated metal filing cabinets; safes; metal visible record equipment.

(6) "Group II Products" means the following: Metal filing cabinets other than insulated filing cabinets; metal lockers.

(7) "Group III Products" means the following: Metal office storage cabinets; metal desks; office chairs containing metal; metal office tables, including typewriter and office machine stands; metal bank vault equipment; metal shelving; metal office counters other than filing cabinets; movable metal partitions; doors, etc., for movable metal partitions; other metal office equipment, including wastepaper baskets, metal trays, and wire baskets.

(b) *General restriction.* (1) Except as provided in subparagraph (4), during the four months' period from September 1 to December 31, 1941, inclusive, no Class A Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than four times 70% of the monthly average of steel used by him for the manufacture of such Group I Product during the twelve months ending June 30, 1941; nor shall such Class A Manufacturer use in the manufacture of any Group II Product more than four times 55% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class A Manufacturer use in the manufacture of any Group III Product more than four times 40% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941.

(2) Except as provided in subparagraph (4), during the four months' period from September 1 to December 31, 1941, inclusive, no Class B Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than four times 80% of the monthly average of steel used by him for the manufacture of such Group I Product during the twelve months ending June 30, 1941; nor shall such Class B Manufacturer use in the manufacture of any Group II Product more than four times 65% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class B Manufacturer use in the manufacture of any Group III Product more than four times 50% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941.

(3) Except as provided in subparagraph (4), during the four months' period from September 1 to December 31, 1941, inclusive, no Class C Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than four times 90% of the monthly average of steel used by him for the manufacture of such Group I Product during the twelve months ending June 30, 1941; nor shall such Class C Manufacturer use in the manufacture of any Group II Product more than four times 75% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class C Manufacturer use in the manufacture of any Group III Product more than four times 60% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941: *Provided, however,* That a manufacturer who produces more than one of the above products may use in producing any one such product 120% of the steel allotted to that product, provided that he reduces the amount of steel used in his other products by an equivalent amount with the result that his total use of steel does not exceed the total amount permitted by this Order.

(4) Any manufacturer who manufactures more than one product may, as between such products, adjust the permissible amounts of steel to be used, but such adjustment shall be within the following limits: In the production of any one product he may use up to but not exceeding 120% of the amount of steel permitted for such product under the terms of paragraph (b) (1), (b) (2), or (b) (3), but, in such a case, the amount of steel permitted for his other products shall be correspondingly reduced. In no event shall the total amount of steel used by any manufacturer exceed the total permitted under the terms of paragraph (b) (1), (b) (2), or (b) (3), whichever may be applicable.

(5) The restriction provided for by the preceding paragraphs shall apply to use of steel from the manufacturer's own inventories of raw and semi-processed metal, as well as to use of steel from all other sources.

(6) If any manufacturer has Defense Orders or other orders bearing preference ratings which, alone and without reference to the requirements of any other orders, require the use, during the above-specified four months' period, of more steel than is permitted by the foregoing restrictions, he may apply in writing to the Division of Priorities, Office of Production Management, Social Security Building, Washington, D. C., for permission to exceed such restrictions.

(c) *Avoidance of excessive inventories.* Manufacturers of metal office furniture and equipment shall not accumulate inventories of raw materials, semiprocessed materials, finished parts, or assembled office furniture and equipment in quantities in excess of practicable minimum working inventories.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each manufacturer to whom this Order applies shall on the 30th day of November, 1941, and on the 15th day of every month thereafter, file with the Electrical Appliances and Consumers' Durable Goods Branch of the Division of Civilian Supply of the Office of Production Management, a report of inventories of metal office furniture and equipment and materials entering into the production of the same, in such form as shall be prescribed by the Office of Production Management. In addition, each manufacturer's report for the month of October shall include a statement of such manufacturer's production of metal office furniture, by types, for the year ending June 30, 1941, together with a statement of the steel used by such manufacturer in the production of such office furniture and equipment for the year ending June 30, 1941. Each manufacturer to whom this Order applies shall also execute and file with the Office of Production Management such other reports and questionnaires as said Office shall from time to time request.

(g) *Applicability to manufacturers previously using metals other than steel.* Any manufacturer who, during the twelve months ending June 30, 1941, used Metals other than steel in the production of any Group I, Group II, or Group III Products and, during the four months' period from September 1 to December 31, 1941, inclusive, uses or wishes to use steel in lieu of such other metals, may apply to the Director of Priorities for permission to convert the weight of such other metals previously used into an equivalent weight of steel for the purpose of computing such manufacturer's "steel used" during the base period. Such applications for permission to make such conversion shall be made on forms to be prescribed, and shall be addressed to the Chief, Electrical Appliance and Consumers Durable Goods Branch, Division of Civilian Supply, Office of Production Management. Permission to make such conversion in a proper case will be granted only upon condition that the manufacturer agrees to use none of the metals formerly used in the production of metal office furniture and equipment.

(h) *Violations or false statements.* Any person who violates this Order or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Effective date.* This Order shall take effect upon the date of the issuance thereof and shall continue in effect until revoked by the Director of Priorities subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483, sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1347—PAPER AND PAPER PRODUCTS

AMENDMENT OF PRICE SCHEDULE NO. 32[1]—PAPERBOARD SOLD EAST OF THE ROCKY MOUNTAINS

Sections 1347.51, 1347.56, and 1347.60 are amended to read as follows:

[1] 6 F.R. 5012, 5073.

§ 1347.51 *Maximum prices for paperboard.* On and after November 1, 1941, regardless of the terms of any contract of sale or purchase or other commitment, in the area East of the Rocky Mountains, no person shall sell, offer to sell, deliver or transfer any grade of paperboard, and no person shall buy, offer to buy, or accept delivery of any grade of paperboard at prices higher than the maximum prices set forth in Appendices A and B hereof, incorporated herein as §§ 1347.61 and 1347.62 respectively.

§ 1347.56 *Affirmation of compliance.* All persons who are required by § 1347.54 to keep records, shall transmit, on or before December 10, 1941, and on or before the tenth day of each month thereafter, an affirmation of compliance on Form 132:1 containing a sworn statement that during the month for which the record is kept all purchases and sales were made at prices in compliance with this Schedule or with any exception or modification thereof. Copies of Form 132:1 can be procured from the Office of Price Administration or, provided no change is made in the style and content of it and that it is reproduced on 8" by 10½" paper, may be prepared by persons required to submit affirmations of compliance hereunder.

§ 1347.60 *Effective date.* This Schedule (§§ 1347.51–1347.62) shall become effective on November 1, 1941. (Executive Order No. 8734, 8875; 6 F.R. 1917, 4483.)

Issued this 6th day of November 1941.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER I—COAST GUARD

PART 9—GENERAL LICENSES FOR MOVEMENTS OF VESSELS WITHIN, OR DEPARTURE FROM, TERRITORIAL WATERS

Pursuant to § 6.4 (b), Title 33 (*Anchorage regulations, regulations for the control of vessels in the territorial waters of the United States*) (6 F.R. 5221), the Commandant of the Coast Guard, with the approval of the Secretary of the Treasury, may classify vessels for the purposes of exempting any or all persons on board any class of vessels from the requirement of personal identification as provided in said section.

§ 9.2 *Classification of vessels pursuant to § 6.4 (b) of this Chapter.* By virtue of the authority vested in me by the regulations above cited, the following classifications of vessels are hereby prescribed for the purposes of permitting the captain of the port to exempt any or all persons aboard any class of vessels from the requirement of personal identification contained in § 6.4 (b) of this chapter:

(a) Vessels operating exclusively in territorial waters within the jurisdiction of a Captain of the Port;

(b) Vessels documented or numbered under the laws of the United States, owned, controlled, and operated by citizens or corporations of the United States;

(c) Undocumented or unnumbered vessels, owned, controlled, and operated by citizens or corporations of the United States, operating exclusively in territorial waters;

(d) Vessels documented under the laws of a foreign country;

(e) Vessels owned by citizens of a foreign country but not documented under the laws of such foreign country;

(f) Undocumented or unnumbered vessels, of which the masters, operators, or other persons in charge are citizens of the United States, and of which the personnel complements of such vessels are more than 50 per centum citizens of the United States;

(g) Vessels used for commercial purposes;

(h) Vessels not used for commercial purposes;

(i) Vessels having mechanical power;

(j) Vessels not having mechanical power;

(k) Vessels less than 16 feet in length;

(l) Vessels from 16 feet to 65 feet in length;

(m) Vessels from more than 65 feet to 100 feet in length;

(n) Vessels more than 100 feet in length;

(o) Vessels not operating within 100 feet of any navy yard, shipbuilding plant, power plant, oil terminal, marine terminal, munitions plant, military or naval arsenal or depot, warehouse, or freight pier;

(p) Vessels not carrying explosives as cargo.

Classification of a vessel may include two or more of the categories mentioned in paragraphs (a) to (p).

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-842]

PETITION OF GUY S. MARTIN (DE SOTO COAL COMPANY), A CODE MEMBER IN DISTRICT NO. 10, FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT THE DE SOTO MINE (MINE INDEX NO. 1098), IN DISTRICT NO. 10 FOR TRUCK SHIPMENT

NOTICE OF AND ORDER FOR HEARING TO SHOW CAUSE WHY PETITION SHOULD NOT BE DISMISSED

Guy S. Martin (De Soto Coal Company) filed an original petition in the above-entitled matter on April 29, 1941, seeking revision of the effective price classifications and minimum prices established for the coals produced at the De Soto Mine (Mine Index No. 1098) in District No. 10. Petitioner was notified of certain defects of the petition both as to form and substance on May 12, 1941, and again on August 14, 1941. No response to these letters has been received, and the deficiencies have not been corrected.

Now, therefore, it is ordered, That petitioner show cause why the above-entitled proceeding should not be dismissed without prejudice at a hearing before Joseph A. Huston or any other officer of the Division duly designated to preside at such hearing on December 5, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. The Chief of the Records Section in Room 502 will advise as to the room in which such hearing will be held. The dismissal of the proceeding pursuant to this Order, however, shall be without prejudice to the right of petitioner to file a petition with the Division in regard to the same matters pursuant to the Rules and Regulations of the Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 5, 1941.

[Docket No. A–1093]

DISTRICT BOARD 11, REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR DISTRICT 11 COALS PRODUCED FOR RAIL SHIPMENT TO KELLOGG AIRPORT, BATTLE CREEK, MICHIGAN, MARKET AREA NO. 21

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on December 9, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 4, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 11 requesting the revision of the effective minimum prices for District No. 11 by providing for deductions in mine prices based upon differences in freight rates among mines in District No. 11 on shipments to Kellogg Airport (Battle Creek), Michigan, in Market Area No. 21.

Dated: November 5, 1941.

[Docket No. 1716–FD]

IN THE MATTER OF RICHARD ALMOND AND GEORGE GALBAVY, DEFENDANTS

ORDER RESCHEDULING HEARING AND REDESIGNATING EXAMINER

The above-entitled matter having been scheduled for hearing at Havre, Montana, on August 25, 1941, pursuant to the order of the Acting Director dated July 12, 1941, and subsequently postponed pursuant to the Order of the Director dated September 12, 1941, to a date and hearing room to be thereafter designated by an appropriate order;

And it appearing to the Director that the place and date of said hearing should now be designated;

Now, therefore, it is ordered, That a hearing in the above-entitled matter be held at Billings, Montana on November 15, 1941, in a hearing room of the Bituminous Coal Division in the Billings Commercial Club, and;

It is further ordered, That Scott A. Dalquist be and he is hereby designated to preside at such hearing vice D. C. McCurtain and;

It is further ordered, That the Notice of and Order for Hearing herein dated July 12, 1941, shall in all other respects remain in full force and effect.

Dated: November 5, 1941.

PETITIONS OF L. F. GORDLEY, DISTRICT BOARD 6, AND DISTRICT BOARD 11

ORDER TO SHOW CAUSE WHY PETITIONS SHOULD NOT BE DISMISSED

Original petitions requesting relief under section 4 II (d) of the Bituminous Coal Act of 1937 have been filed by the above-named parties and have been assigned the following docket numbers: L. F. Gordley, Docket No. A–154; District Board 6, Docket No. A–273; and District Board 11, Docket No. A–390.

In Docket No. A–154, L. F. Gordley, doing business as Franceville Coal Company, requested the revision of the minimum prices established for coals of the Pike View Mine (Mine Index No. 119). By letter dated May 9, 1941, petitioner was requested to correct certain deficiencies in his petition, which were specifically pointed out in that letter. No further communication concerning this Docket has been received from petitioner.

In Docket No. A–273, District Board 6 requested an increase in specific price adjustments for certain coals for delivery to Cleveland, Ohio, in Market Area 13, via Pittsburgh and West Virginia Railway and Wheeling and Lake Erie Railway. Pursuant to the request in the petition for the granting of temporary relief, an informal conference was held on November 6, 1940. At the conference petitioner agreed to amend its original petition and to supply certain data. No such amendment has been filed.

In Docket No. A–390, District Board 11 requested the establishment of temporary minimum prices for washed coals of the Clinton Mine (Mine Index No. 22) of the Ayrshire Patoka Collieries Company. By Order of the Director dated December 13, 1940, temporary relief was granted permitting shipment, for experimental purposes, of 2,500 tons of washed coal from the Clinton Mine and requiring the District Board to notify the Division "when the sale of this coal has been completed." On August 22, 1941, District Board 11 filed an affidavit stating that 1,183.25 tons of such coal had been shipped and that District Board 11 had been notified by the code member that it had completed the sale of coal under the temporary relief granted.

Apparently petitioners in the foregoing matters have no further interest in these proceedings.

Now, therefore, it is ordered, That the petitioners be required to show cause why the foregoing proceedings should not be dismissed at a hearing before Joseph A. Huston or any other officer of the Division duly designated to preside at such hearing on December 5, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held. The dismissal of any proceedings pursuant to this Order, however, shall be without prejudice to the right of the aforesaid petitioners to file petitions with the Division in regard to the same matters pursuant to the Rules and Regulations of the Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 5, 1941.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-424]

IN THE MATTER OF NORTH WEST UTILITIES COMPANY AND LAKE SUPERIOR DISTRICT POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 6th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named companies; and

Notice is further given that any interested person may, not later than November 17, 1941, at 4:30 p. m., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Transaction A. Lake Superior District Power Company proposes, by amendment of its Articles of Organization, to change each of its 56,467 authorized shares of Common Stock, presently of the par value of $75 each, into three (3) shares of Common Stock of the par value of $25 each, and to issue and deliver certificates for 106,797 shares of its Common Stock, of the par value of $25 each, to North West Utilities Company upon the surrender by it for cancellation of the certificates presently held by it for 35,599 shares of Common Stock of Lake Superior District Power Company of the par value of $75 each, being all the shares of Common Stock of Lake Superior District Power Company now issued and outstanding. Lake Superior District Power Company desires the necessary consent and authority to issue the 106,797 shares of its Common Stock of the par value of $25 each and to acquire in exchange, and cancel, the 35,599 shares of the par value of $75 each now outstanding. North West Utilities Company desires the necessary consent and authority to acquire the 106,797 shares of Common Stock of Lake Superior District Power Company of the par value of $25 each and to surrender for cancellation the 35,599 shares of the par value of $75 each now held by it.

Transaction B. North West Utilities Company proposes to sell to underwriters the 106,797 shares of Common Stock of the par value of $25 each of Lake Superior District Power Company to be acquired as a result of the consummation of Transaction A. Public invitation of proposals for the purchase of said shares will be made by North West Utilities Company pursuant to the provisions of Rule U-50. The requisite authority and consent is desired by North West Utilities Company for the sale of said shares.

By the Commission.

IN THE MATTER OF PROCEEDING TO DETERMINE WHETHER THE REGISTRATION OF TRANSAMERICA CORPORATION CAPITAL STOCK, $2 PAR VALUE, SHOULD BE SUSPENDED OR WITHDRAWN

ORDER DENYING MOTIONS, ETC., AND RECONVENING HEARING

At a regular session of the Securities and Exchange Commission held at its offices in the City of Washington, D. C., on the 5th day of November, A. D. 1941.

Transamerica Corporation having filed pursuant to section 12 (b) of the Securities Exchange Act of 1934 an application on Form 24 and amendments thereto for the registration of 11,590,784 shares of its capital stock, $2 par value, on the New York Stock Exchange, the Los Angeles Stock Exchange, and the San Francisco Stock Exchange; and

The Commission having issued an order under section 19 (a) (2) of the Securities Exchange Act of 1934 directing that a hearing be held to determine whether, in said application for registration and amendments thereto and in the annual report on Form 24-K filed by Transamerica Corporation for the fiscal year ending December 31, 1937, said Transamerica Corporation had failed to comply with sections 12 (b) and 13 (a) and (b) of the Securities Exchange Act of 1934 and the rules, regulations and forms promulgated by the Commission thereunder, and if so, whether it was necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or to withdraw such registration; and

The hearing pursuant to said order having been duly convened on January 16, 1939 and having been continued thereafter from time to time until March 28, 1939, on which date said hearing was adjourned subject to call on ten days' notice from the Commission; and

The Commission, on November 22, 1940, having entered an amended order for hearing and a supplemental amended order for hearing directing that the hearing originally ordered and adjourned as set forth above be reconvened on December 9, 1940; and

Transamerica Corporation, on December 9, 1940, having filed various motions, objections and demands which were entitled as follows: Motion to Dismiss for Lack of Prosecution; Objections to Jurisdiction and Motion to Dismiss; Special Appearance and Motion to Strike Out Portions of Order, to Dismiss Proceeding under section 19 (a) (2), and to Reform Proceeding into a Proceeding under section 21 (a) of the Act; Objection to Trial Examiner; Demand for Auditor's Report; and

Transamerica Corporation, on January 19, 1939, having filed a motion entitled Special Appearance and Motion to Strike Out Certain Portions of Order Filed Herein and to Reform Proceeding; and

Transamerica Corporation, on February 17, 1941, having filed motions to strike the affidavits, or in the alternative portions of the affidavits, of James A. Treanor, Jr., Henry Fitts, Chester T. Lane, O. John Rogge, and Earle C. King; and

Transamerica Corporation, on February 24, 1941, having renewed its applications to take the depositions of Chester T. Lane, O. John Rogge, James A. Treanor, Jr., Earle C. King, and Henry Fitts; and

Transamerica Corporation having submitted briefs and affidavits in support of the motions, objections and demands filed by it and counsel to the Commission having filed a brief and affidavits in opposition to the various motions filed by Transamerica Corporation, and Transamerica Corporation's request for oral argument having been denied; and

The Commission having considered the record, the briefs and affidavits filed by Transamerica Corporation and the brief and affidavits filed by counsel to the Commission, and having this day entered its opinion;

It is ordered, That the motion dated January 19, 1939, and entitled Special Appearance and Motion to Strike Out Certain Portions of Order Filed Herein and to Reform Proceeding be and the same hereby is denied; and

It is further ordered, That the motions, objections and demands dated December 9, 1940 and entitled Objection to Trial Examiner, Motion to Dismiss for Lack of Prosecution; Objections to Jurisdiction and Motion to Dismiss; Special Appearance and Motion to Strike Out Portions of Order, to Dismiss Proceeding under section 19 (a) (2), and to Reform Proceeding into a Proceeding under section 21 (a) of the Act; Demand for Auditors' Report be and the same hereby are denied; and

It is further ordered, That the applications to take the depositions of Chester T. Lane, O. John Rogge, Earle C. King, Henry Fitts and James A. Treanor, Jr., be and the same hereby are denied; and

It is further ordered, That the motions to strike the affidavits, or in the alternative portions of the affidavits, of James A. Treanor, Henry Fitts, Chester T. Lane, O. John Rogge and Earle C. King be and the same hereby are denied; and

It is further ordered, That the hearing in this proceeding shall be reconvened on January 12, 1942, at 10:00 o'clock, A. M., in Room 1301, of the Commission's regional offices, at 625 Market Street, San Francisco, California, and shall be conducted before Henry Fitts, an officer of the Commission, and that said officer shall enjoy and exercise the same powers as conferred upon him by the original order in this matter issued November 22, 1938, and that the said hearing shall continue thereafter at such times and places as the said officer may designate.

IN THE MATTER OF PHILADELPHIA ELECTRIC COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 5th day of November, A. D. 1941.

Philadelphia Electric Company, a subsidiary of The United Gas Improvement Company, a registered holding company, having filed an application and amendments thereto pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof, regarding the issue and sale of $20,000,000 principal amount of First and Refunding Mortgage Bonds, 2¾% Series due 1971, the proceeds to be used to retire a like principal amount of 1½% notes payable to banks and maturing December 3, 1941;

Pursuant to Rule U-50 of the General Rules and Regulations under the Act, applicant will publicly invite proposals for the purchase of the bonds; and

A public hearing having been held after appropriate notice, and the Commission having considered the record in this matter and having made and filed its Findings and Opinion herein;

It is ordered, That said application, as amended, be and the same is hereby granted subject, however, to the terms and conditions prescribed in Rule U-24 and to the following further condition:

That the applicant report to the Commission the results of competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby, jurisdiction being reserved for this purpose.

IN THE MATTER OF FEDERAL LIGHT & TRACTION COMPANY, RAWLINS ELECTRIC COMPANY, SHERIDAN COUNTY ELECTRIC COMPANY, AND THE TRINIDAD ELECTRIC TRANSMISSION, RAILWAY & GAS COMPANY

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its

NOV 12 .41

office in the City of Washington, D. C., on the 6th day of November, A. D. 1941.

The above-named companies having filed declarations and applications pursuant to the Public Utility Holding Company Act of 1935, particularly sections 7, 10 and 12 thereof and Rules U-42, U-43, U-44, U-45 and U-50 thereunder, regarding:

1. The issue and sale of 3½% First Mortgage Bonds, due 1966, to John Hancock Mutual Life Insurance Company, for the following companies in the following amounts:

Rawlins Electric Co	$200,000
Sheridan County Electric Co	750,000
The Trinidad Electric Transmission, Railway & Gas Co	1,600,000

2. The issue and sale to Federal Light & Traction Company of 1,500 shares of common stock of Sheridan County Electric Company.

3. The acquisition and retirement of all outstanding bonds, notes, open accounts and preferred stocks by Rawlins Electric Company, Sheridan County Electric Company and The Trinidad Electric Transmission, Railway & Gas Company.

4. The disposition by Federal Light & Traction Company of securities of Rawlins Electric Company, Sheridan County Electric Company and The Trinidad Electric Transmission, Railway and Gas Company, to be retired and redeemed by such companies.

5. The capital contribution to be effected by Federal Light & Traction Company by surrender for cancellation of $2,413,000 principal amount of bonds of The Trinidad Electric Transmission, Railway & Gas Company.

6. The acquisition by Federal Light & Traction Company of the common stock to be issued by Sheridan County Electric Company.

7. A request for the entry by the Commission of an order exempting the issue and sale of the said bonds by The Trinidad Electric Transmission, Railway & Gas Company from the requirements of Rule U-50; and

Said applications and declarations having been filed on October 10, 1941 and certain amendments having been filed thereto, the last of said amendments having been filed on November 3, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for hearing with respect to said applications and declarations within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant and permit to become effective the said applications and declarations pursuant to Rules U-42, U-43, U-44 and U-45; and finding with respect to said declaration under Section 7 of said Act that the requirements of section 7 (c) of said Act are satisfied and that no adverse findings are necessary under section 7 (d) of said Act and that compliance with paragraphs (b) and (c) of Rule U-50 with respect to the issuance and sale by The Trinidad Electric Transmission, Railway & Gas Company of such bonds as above set forth is not appropriate to aid the Commission (in carrying out the provisions of section 7 of the Act) to determine whether the fees, commissions or other remuneration to be paid directly or indirectly in connection with the issue, sale or distribution of such securities is reasonable, or whether any term or condition of such issue or sale is detrimental to the public interest or the interest of investors or consumers; and with respect to said application under section 10 of said Act, that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act and that the transaction involved has the tendency required by section 10 (c) (2) of said Act;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid applications and declarations as amended be and the same hereby are granted and permitted to become effective forthwith;

It is further ordered, That the issuance and sale of the $1,600,000 principal amount of 3½% First Mortgage Bonds due 1966 to John Hancock Mutual Life Insurance Company by The Trinidad Electric Transmission, Railway & Gas Company be and hereby is exempted from the provisions of Rule U-50.

IN THE MATTER OF NATHAN A. SMYTH AND LEO LOEB, AS TRUSTEES IN REORGANIZATION UNDER CHAPTER X OF THE BANKRUPTCY ACT OF WASHINGTON GAS AND ELECTRIC COMPANY, DEBTOR

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 5th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party or parties; and

Notice is further given that any interested person may, not later than November 15, 1941, at 4:30 P. M., E. S. T., or 1:00 P. M., E. S. T., if such date be a Saturday, request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Nathan A. Smyth, as Trustee in Reorganization under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, debtor, a registered holding company, proposes to enter into an agreement with The Chase National Bank of the City of New York as Trustee under the mortgage securing the First Mortgage Gold Bonds of the above named debtor to distribute $5,534,343 out of the sum of $5,900,843.97, now held in the Release Fund, to the holders of said first mortgage bonds. The proposed distribution will amount to 80% of the principal and interest accrued on said bonds to December 10, 1941 or approximately $81.58 per $100 of principal amount of each bond of the Series of 1947, $81.94 per $100 of principal amount of each bond of the Series of 1953, and $82.44 per $100 of principal amount of each bond of the Series of 1955. Such payments will leave a balance of approximately $366,500.97 remaining in the Release Fund subject to said mortgage.

The agreement will further provide that of the amount due on the bonds not paid as above set forth including interest thereon, the bondholders shall retain their pro rata rights under the mortgage with respect to all of the other assets pledged or held under the lien of the mortgage as security for such payment.

The applicants have requested that this application be granted as soon as possible, particularly for the reason that a hearing by the United States District Court for the Southern District of New York upon a petition of The Chase National Bank of the City of New York as Trustee under debtor's mortgage dated February 1, 1927, and upon the petition of Nathan A. Smyth praying for the approval of the agreement hereinbefore described, has been set for November 25, 1941.

By the Commission.

The President

THANKSGIVING DAY—1941

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate and set aside Thursday, the twentieth day of November 1941, as a day to be observed in giving thanks to the Heavenly Source of our earthly blessings.

Our beloved country is free and strong. Our moral and physical defenses against the forces of threatened aggression are mounting daily in magnitude and effectiveness.

In the interest of our own future, we are sending succor at increasing pace to those peoples abroad who are bravely defending their homes and their precious liberties against annihilation.

We have not lost our faith in the spiritual dignity of man, our proud belief in the right of all people to live out their lives in freedom and with equal treatment. The love of democracy still burns brightly in our hearts.

We are grateful to the Father of us all for the innumerable daily manifestations of His beneficient mercy in affairs both public and private, for the bounties of the harvest, for opportunities to labor and to serve, and for the continuance of those homely joys and satisfactions which enrich our lives.

Let us ask the Divine Blessing on our decision and determination to protect our way of life against the forces of evil and slavery which seek in these days to encompass us.

On the day appointed for this purpose, let us reflect at our homes or places of worship on the goodness of God and, in giving thanks, let us pray for a speedy end to strife and the establishment on earth of freedom, brotherhood, and justice for enduring time.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 8th day of November, in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

EMERGENCY BOARD, RAILWAY EXPRESS AGENCY, INCORPORATED—EMPLOYEES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS, the President, having been duly notified by the National Mediation Board that a dispute between the Railway Express Agency, Incorporated, a carrier, and certain of its employees as they are represented by the following labor organization:

International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers

which dispute has not been heretofore adjusted under the provisions of the Railway Labor Act, amended, now threatens substantially to interrupt interstate commerce to a degree such as to deprive Cincinnati, Ohio, Cleveland, Ohio, Newark, N. J., New York, N. Y., Philadelphia, Pa., St. Louis, Mo., San Francisco, Calif., Chicago, Ill., and twenty adjoining suburban cities of essential transportation services;

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, by virtue of the power vested in me by the Constitution and laws of the United States, and by virtue of and under the authority in me vested by Section 10 of the Railway Labor Act, amended, do hereby create a board to be composed of 3 persons not pecuniarily or otherwise interested in any organization

The instructions in this part are issued pursuant to the provisions of Title III—Sec. 302 (a) of the Agricultural Adjustment Act of 1938, as Amended, and Public Law 74, 77th Congress, Approved May 26, 1941.

Commodity Credit Corporation has authorized the making of loans on, and the purchase of eligible paper secured by rice stored on farms or in approved public rice warehouses. These instructions state the requirements of Commodity Credit Corporation with reference to making such loans on rice and the purchase of notes secured by rice.

§ 225.1 *Definitions.* For the purpose of the instructions in this part and the notes and loan agreements or mortgages relating thereto, the following terms shall be construed, respectively, to mean:

(a) *Eligible producer.* An eligible producer shall be any person (including a partnership, association, or corporation) that has an interest as a landowner, landlord, tenant, or sharecropper in the rice produced on a farm on which the acreage planted to rice in 1941 is not in excess of the 1941 rice acreage allotment under the 1941 Agricultural Conservation Program for such farm, and on which the sum of the acreages of wheat, cotton, corn, rice, and tobacco does not exceed the sum of the allotments or permitted acreages for such crops under the 1941 Agricultural Conservation Program: *Provided*, That such person shall not be an eligible producer if the county agricultural conservation committee determines that such person's aggregate share of the 1941 acreage of wheat, cotton, corn, rice, and tobacco on all farms in the county in which he has an interest exceeds his aggregate share of the allotments or permitted acreages for such commodities under the 1941 Agricultural Conservation Program on such farms, or the State agricultural conservation committee determines that such person's aggregate share of the 1941 acreage of wheat, cotton, corn, rice, and tobacco on all farms wherever situated in which he has an interest, exceeds his aggregate share of the allotments or permitted acreages for such commodities under the 1941 Agricultural Conservation Program for such farms.

(b) *Eligible rice.* Eligible rice is rough rice of the classes listed below (1) which grades U. S. No. 6 or better; (2) which has a milling quality of prime, good, medium, fair, or ordinary; (3) which was produced in 1941; (4) the beneficial interest in which is, and always has been, in the eligible producer tendering such rice as security for the loan; and (5) which meets the special requirements set out in § 225.21 and § 225.31 of the instructions in this part:

Edith Rough Rice (Class II).
Fortuna Rough Rice (Class III).
Lady Wright Rough Rice (Class V).
Rexoro Rough Rice (Class VII).
Mira Rough Rice (Class IX).
Blue Rose Rough Rice (Class XI).
Early Prolific Rough Rice (Class XII).
Japan (including California-Japan) Rough Rice (Class XIV).
Calady Rough Rice (Class XV).
Zenith Rough Rice (Classification pending).

(c) *Eligible storage.* Eligible storage shall include public warehouses and farm storage meeting the requirements prescribed by the Commodity Credit Corporation. Public warehouses must meet the requirements set out in § 225.4 of the instructions in this part. Farm storage shall consist of farm bins and granaries which are of such substantial and permanent construction as to afford safe storage of rice for a period of two years and permit effective fumigation for the destruction of insects and vermin and afford protection against rodents, other animals, thieves, and weather, as determined by the county agricultural conservation committee.

(d) *Lending agency.* A lending agency shall be any bank, or other corporation, partnership, or person making loans in accordance with these instructions, which has entered into the Contract to Purchase (1941 C.C.C. Rice Form E) or any rice cooperative association which has entered into the 1941 Rice Cooperative Association Contract (1941 C. C. C. Rice Form C) and which makes loans in accordance with the instructions in this part and such 1941 Rice Cooperative Association Contract.

(e) *Eligible paper.* For the purposes of the Contract to Purchase (1941 C.C.C. Rice Form E) and the 1941 Rice Cooperative Association Contract (1941 C.C.C. Rice Form C), eligible paper shall consist of notes executed by eligible producers, secured by chattel mortgages covering or warehouse receipts representing a single variety of eligible rice in existence. Such notes must be dated not earlier than September 1, 1941, nor later than March 1, 1942, and must be executed in accordance with these instructions and, in the case of cooperative associations, in accordance with the 1941 Rice Cooperative Association Contract, with State documentary revenue stamps affixed thereto where required by law. Notes executed by an administrator, executor, or trustee will be acceptable only where valid in law.*

*§§ 225.1 to 225.35, inclusive, issued under the authority contained in sec. 302 (a), 52 Stat. 43, par. (10) (a), (b), 55 Stat. 205; 7 U.S.C., Sup., 1302.

§ 225.2 *Areas in which loans will be made.* Loans shall be made on eligible rice stored in approved farm storage and in approved public rice warehouses in the States of Arkansas, Louisiana, Texas, Missouri, and California.*

§ 225.3 *Separate loans on each variety of rice.* Each note to be acceptable by the Commodity Credit Corporation must be secured by a chattel mortgage covering or warehouse receipts representing a single variety of eligible rice. Producers will be required to obtain a separate loan and to execute separate loan documents with respect to each variety of eligible rice.*

§ 225.4 *Public warehouses.* Commodity Credit Corporation will accept only non-insured negotiable warehouse receipts representing a single variety of rice pledged as collateral to notes on 1941 C.C.C. Rice Form B, issued by any public rice warehouse which is approved by the Commodity Credit Corporation (see 1941 C.C.C. Rice Forms 2 and 2a) and with respect to which the warehouseman has executed the Rice Warehouse Agreement (1941 C.C.C. Rice Form 3). Warehousemen desiring approval should communicate with the Regional Director of the Commodity Credit Corporation serving the area in which the warehouse is located. A list of the approved warehouses and their locations will be available at the offices of such Regional Directors or any State or county agricultural conservation committee office in the areas in which rice is produced. Each approved public rice warehouse will be required to enter into the Rice Warehouse Agreement and to furnish a bond in accordance with 1941 C.C.C. Rice Form 2. All rice pledged as security for any one note must be in the same warehouse, and each producer must arrange for the storage of rice in an approved warehouse.*

§ 225.5 *Warehouse receipts.* Warehouse receipts must not include insurance, must be dated on or prior to the date of the related note, must be issued to and in the name of the producer and endorsed by him in blank so as to vest title in the holder, and must be issued by an approved warehouse. Commodity Credit Corporation will not accept warehouse receipts indicating any lien for charges prior to unloading in or delivery to the warehouse issuing such receipts. Liens for storage charges will be recognized by Commodity Credit Corporation only from September 1, 1941, or the date that the warehouse receipts are pledged as security to a loan under the 1941 Rice Loan Program, whichever is later. Such receipts must set out in their written or printed terms the number of bushels, the

gross weight, and variety of the rice represented thereby, and, in addition, if stored in bags, the number of bags of rice; must set out or be accompanied by certificates issued by the Agricultural Marketing Service of the United States Department of Agriculture stating the variety, grade, milling quality, percentage of moisture, and dockage (if any) of the rice represented thereby: *Provided, however,* That, in the case of any loans made by any rice cooperative association in accordance with the 1941 Rice Cooperative Association Contract (1941 C. C. C. Rice Form C), such information may be shown as provided in such contract; and must set out all other facts and statements required to be stated in the written or printed terms of a negotiable warehouse receipt by section 2 of the Uniform Warehouse Receipts Act.*

§ 225.6 *Farm storage.* In accordance with regulations issued by the Secretary of Agriculture, the State and county agricultural conservation committees will inspect and approve farm storage facilities and will arrange for measuring, weighing, sampling, grading, and sealing the rice collateral in approved structures. Chattel mortgages securing notes on 1941 C. C. C. Rice Form A must cover a single variety of rice and must be executed, signed, and recorded or filed in accordance with the applicable State law. Producers may obtain information and assistance from the county agricultural conservation committees in regard to the execution and filing of such chattel mortgages. Where the borrower is a tenant farmer and the rice collateral is stored on the farm, the expiration date of the lease shall be given in section 1 (d) of the chattel mortgage. If the expiration date of the lease is prior to June 30, 1942, or, in the case of rice stored in California, September 30, 1942, the borrower must secure from the owner and any other interested parties, consent that the rice collateral may remain in the described storage structure(s) for a period of sixty days beyond the maturity date of the note without charge except as provided in these instructions. The consent agreement is set forth in the chattel mortgage. Each producer must designate in section 1 (b) of the chattel mortgage a shipping point reasonably convenient for delivery of the rice as determined by the county committee. Notes and chattel mortgages will not be acceptable if they provide a shipping point other than the normal shipping point customarily used by the producers in the area in which the rice was produced. A separate note and chattel mortgage must be submitted for rice stored on each quarter section of land and, as stated above, each such chattel mortgage must cover only a single variety of rice.

In the event Commodity Credit Corporation becomes the holder of any note secured by farm-stored rice, it will, upon the delivery of the mortgaged rice pursuant to section 6 of the 1941 Chattel Mortgage (1941 C. C. C. Rice Form AA), pay to the producer, or his personal representative, without right of assignment to, or substitution of, any other person, a storage payment computed at the rate of one (1) cent per bushel for the first full thirty-day period, or fraction thereof, from the date of the approval of the note and related mortgage by the county agricultural conservation committee; one (1) cent per bushel for the next succeeding thirty-day period, or fraction thereof; and thereafter, one-half (½) cent per bushel for each thirty-day period, or fraction thereof, to the date of the delivery of the rice: *Provided,* That (1) in no event shall the total storage payment exceed four (4) cents per bushel of the rice delivered; (2) no storage payment whatever shall be made if the producer has made any misrepresentation in the chattel mortgage or in connection with the loan; (3) no storage payment whatever shall be made if the rice is delivered pursuant to demand of the Commodity Credit Corporation made because the rice was damaged, threatened with damage, abandoned, or otherwise impaired; and (4) if the rice delivered is of a different quality (i. e., grades lower) or of a lesser quantity than that shown in section 1 of the chattel mortgage, there shall (unless paid by the producer) be set off against any storage payment otherwise due, an amount determined in accordance with subsections (a) and (b) of section 7 of the chattel mortgage.*

§ 225.7 *Liens.* The rice collateral must be free and clear of all liens except in favor of the lienholders listed in the space provided therefor in 1941 C. C. C. Rice Form AA or B or on the separate C. C. C. Form AB. The names of the holders of all existing liens on the pledged or mortgaged rice, such as landlords, laborers, threshers, or mortgagees, must be listed as prescribed herein. The waiver and consent to mortgage or pledge contained in the mortgage or loan agreement or in C. C. C. Form AB must be signed personally by all lienholders listed or by their duly authorized agents or, if corporations, by the designated officer thereof authorized to execute such instruments. The producer may designate on the note (1941 C. C. C. Rice Form A) or on the note and loan agreement (1941 C. C. C. Rice Form B), persons, other than himself, to whom the proceeds of the note will be remitted. Producers should read carefully all real estate and other mortgages previously given by them in order to be sure that the rice tendered for loan is not covered thereby. Any fraudulent representation of fact made in the execution of the note and mortgage or loan agreement and related forms shall render the producer personally liable for the amount of the loan and subject to the provisions of the United States Criminal Code.*

§ 225.8 *Insurance*—(a) *Primary insurance.* All producers shall provide insurance on pledged and mortgaged rice for one year from the date of the approval of the note, and related loan agreement or mortgage, by the county agricultural conservation committee for not less than the amount of the note with accrued interest to maturity, against the perils of fire, lightning, inherent explosion, windstorm, cyclone, and tornado. Such insurance shall be evidenced by a certificate, in a form approved by Commodity Credit Corporation, issued by a company or association licensed to do an insurance business in the State in which the rice is stored. The insurance coverage may be obtained through the customary channels and the form of certificate required will be furnished by the agent writing the insurance.

(b) *Insurance carried by Commodity Credit Corporation.* In addition to the foregoing, Commodity Credit Corporation may obtain insurance which protects it and the lending agency against all physical loss of or damage to the pledged or mortgaged rice from any external cause (except by vermin), including theft, wrongful conversion, and flood. Such insurance is in the nature of excess insurance and covers errors and omissions in the producer's insurance. The cost of such insurance will be paid for from service fees collected from the producer as stated in § 225.10 of the instructions in this part.*

§ 225.9 *Approval of loans by member of county agricultural conservation committee*—(a) The 1941 C. C. C. Rice Forms A and B (with the exception of 1941 C. C. C. Rice Forms B evidencing loans made by cooperative associations on the basis of association weights and grades pursuant to the 1941 Rice Cooperative Association Contract) must be approved in the space provided therefor on the forms A and B by a member of the county agricultural conservation committee for the county in which farm-stored rice is stored and the county in which warehoused rice was produced. The date of the approval must not be prior to the date of the execution by the producer of the applicable form. A member of the county agricultural conservation committee for the county in which the rice was produced must certify that any producer obtaining a loan on 1941 C. C. C. Rice Form B on the basis of association weights and grades pursuant to the 1941 Rice Cooperative Association Contract is an eligible producer as defined in § 225.1 (a).

The rice loan instructions of the Agricultural Adjustment Administration will require county agricultural conservation committees, through the State agricultural conservation committees, to report as of the same day each week to the Regional Director of the Commodity Credit Corporation serving the area in which the loan is approved, the total dollar value of all loans approved during the preceding seven-day period and the total quantity of rice securing such loans (except loans on 1941 C. C. C. Rice Form B made by cooperative associations). Such reports are required to be made by cooperative associations directly to the Regional Director of the Commodity Credit Corporation serving the area in which the loans are made.

(b) The member of the county committee signing in the space provided on the 1941 Producer's Note (1941 C.C.C. Rice Form A), certifies for and on behalf of the county committee, to the committee's best knowledge and belief: (1) that the rice securing the note and the storage structure(s) in which the rice is stored have been inspected and sealed; (2) that the quantity, variety, grade, milling quality, and the loan value of the rice have been determined in accordance with regulations of the Secretary of Agriculture and the requirements of the Commodity Credit Corporation; (3) that the representations set forth in the chattel mortgage are true and complete; (4) that the chattel mortgage covering the rice has been properly executed and will be duly and properly filed for record in accordance with the requirements of the applicable State law; (5) that, in the event any person whose signature appears on the form has signed in a representative or fiduciary capacity, the committee has determined that such representative or fiduciary has authority so to act, and, if the committee did not have personal knowledge of the authority of the representative or fiduciary, that it has required such person to show the committee documentary evidence of his authority; (6) that the original or duplicate copy of the chattel mortgage, bearing receipt of the county recording official, will be held by the committee; (7) that an insurance certificate on the approved form is filed with and attached to the copy of the chattel mortgage which will be held by the county committee; (8) that all lienholders have executed the lienholders' waiver and consent to mortgage; and (9) that, where necessary, consents for storage have been granted.

(c) The member of the county committee signing in the space provided on the 1941 Rice Producer's Note and Loan Agreement (1941 C.C.C. Rice Form B), certifies for and on behalf of the county committee, to the committee's best knowledge and belief: (1) that the quantity, variety, grade, milling quality, and the loan value of the rice represented by the warehouse receipts securing the note have been determined in accordance with regulations of the Secretary of Agriculture and the requirements of the Commodity Credit Corporation; (2) that the representations set forth in the note and loan agreement are true and complete; (3) that the note and loan agreement has been properly executed; (4) that, in the event any person whose signature appears on the form has signed in a representative or fiduciary capacity, the committee has determined that such representative or fiduciary has authority so to act, and, if the committee did not have personal knowledge of the authority of the representative or fiduciary, that it has required such person to show the committee documentary evidence of his authority; (5) that all lienholders have executed the lienholders' waiver and consent to pledge; and (6) that an insurance certificate on the approved form has been executed and is attached to the original of the note and loan agreement to be transmitted to Commodity Credit Corporation or the lending agency, as the case may be.*

§ 225.10 *Source and preparation of documents.* Forms will be obtainable from the appropriate county agricultural conservation committees in the States designated in § 225.2 and from the offices of the Regional Directors of the Commodity Credit Corporation at New Orleans, Louisiana, and Portland, Oregon. All 1941 C.C.C. rice forms must be appropriately filled in and executed with ink, typewriter, or indelible pencil, and no documents containing additions, alterations, or erasures will be accepted by the Commodity Credit Corporation. The forms furnished by the Commodity Credit Corporation must be used, and reprints or substitutes of such forms may not be used and, if used, will not be accepted. In order to meet the costs of the county committees in servicing loan papers and assisting producers and the cost of insurance referred to in § 225.8 (b), county agricultural conservation committees will collect a service fee for all loans, except loans made by cooperative associations on 1941 C.C.C. Rice Form B pursuant to the 1941 Rice Cooperative Association Contract.*

§ 225.11 *Source of loans.* It is contemplated that loans will ordinarily be obtained from banks, cooperative associations, and other local lending agencies which, in turn, may sell the paper evidencing such loans to Commodity Credit Corporation. Producers may also obtain loans directly from Commodity Credit Corporation. Notes evidencing direct loans shall be made payable to Commodity Credit Corporation and shall be delivered or sent to the Regional Director serving the area in which the rice is stored. Documents for such direct loans tendered by mail, in person, or otherwise must be delivered or postmarked not later than March 1, 1942. Upon delivery of all necessary documents properly executed and upon approval of the loan by the Regional Director, payment will be made pursuant to the directions of the producer contained in the note.*

§ 225.12 *Purchase of loans.* Commodity Credit Corporation will purchase, without recourse, eligible paper, as defined in the instructions in this part, only from lending agencies which have executed and delivered to the office of the Regional Director to which notes are submitted, a Contract to Purchase (1941 C.C.C. Rice Form E) or, in the case of cooperative associations, a 1941 Rice Cooperative Association Contract (1941 C.C.C. Rice Form C). These forms will be obtainable only from such Regional Director.

Notes and chattel mortgages and notes and loan agreements held by lending agencies must be tendered to the appropriate Regional Director of the Commodity Credit Corporation for purchase within the period prescribed in any demand made by the Commodity Credit Corporation for the tender of such notes and related mortgages or loan agreements. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the face amount of such notes, plus accrued interest at the rate of one and one-half (1½) percent per annum from the respective dates of the notes to the date of payment of the purchase price. Lending agencies are required, under their contracts with Commodity, to report weekly on 1941 C.C.C. Rice Form F or, in the case of cooperative associations, on 1941 C.C.C. Rice Form G, all collections and repayments on producers' notes held by them, and to remit with such reports to the Regional Director of Commodity Credit Corporation, an amount equivalent to one and one-half (1½) percent per annum on the principal amount collected or repaid from the date of the note to the date of payment.*

§ 225.13 *Release of collateral.* A producer may obtain the return of his notes and the release of rice securing such notes upon his request in writing addressed to the payee of the note (either the lending agency or the Commodity Credit Corporation, as the case may be), and upon his payment to the holder of the note of the principal amount due thereon, together with any charges applicable thereto, plus accrued interest. If the payee of the producer's note is the Commodity Credit Corporation, the producer should address his request to the Regional Director of the Commodity Credit Corporation serving the area. Upon receipt of such a written request by the Regional Director, the producer's note, with warehouse receipts (if any) securing the note, will be transmitted to an approved bank with instructions to deliver such documents to the producer or his agent upon the payment of the principal amount of the note, together with any applicable charges, plus accrued interest. The bank to which the note is sent will be instructed to return the note to the Commodity Credit Corporation if payment is not made by the producer within fifteen days. All charges and expenses of the collecting bank incident to the collection of the note will be payable by the producer. Upon payment of notes secured by farm-stored rice, county agricultural conservation committees will release the chattel mortgages of record, either by the filing of an instrument of release or by a margin release on the county records.

In submitting a written request for the release of farm-stored rice, the producer must identify to the lending agency or the Regional Director, the seal number(s) of the bin(s) of rice securing the loan to be repaid. No partial repayments of loans will be permitted and the Commodity Credit Corporation will, in no event, allow a partial release of the rice securing any one loan. Upon receipt of such a request, the producer's note will

be forwarded to an approved bank, as stated above, to be released to the producer against the payment of the total amount loaned, together with any applicable charges, plus accrued interest.

In submitting a request for the release of warehouse-stored rice, the lending agency or the Regional Director should be informed of the warehouse receipt numbers applicable to such rice. Each request for release must cover all the rice pledged as collateral for any one loan.

In the case of notes on 1941 C. C. C. Rice Forms A and B which have not been purchased from lending agencies by the Commodity Credit Corporation, such lending agencies will also permit repayments and releases as provided above. The lending agency should remit to the Regional Director, in accordance with the terms of the Contract to Purchase (1941 C. C. C. Rice Form E) or, in the case of cooperative associations, the 1941 Rice Cooperative Association Contract (1941 C. C. C. Rice Form C), an amount equal to one and one-half (1½) percent interest per annum on the face amount of the notes repaid from the date of the note to the date of repayment.*

Special Instructions Applicable to Arkansas, Louisiana, Texas, and Missouri

§ 225.21 *Eligible rice.* Eligible rice shall be rice of the varieties described in § 225.1 (b). However, in Arkansas, Louisiana, Texas, and Missouri, rice grading "damp" or having a moisture content in excess of 14.5 percent or which is weevily, musty, or of sample grade shall not be eligible for a loan.*

§ 225.22 *Amount of loans.* Rice of the varieties produced in Arkansas, Louisiana, Texas, and Missouri shall have the following loan values:

§ 225.23 *Determination of quantity of rice.* All quantity determinations shall be stated in bushels. Loans shall be made at values expressed in cents per bushel. One bushel weighs forty-five (45) pounds. One barrel weighs one hundred sixty-two (162) pounds and is equivalent to 3.6 bushels. When determined by measurement, one bushel shall equal 1.25 cubic feet of rice testing forty-five (45) pounds per bushel. In determining the quantity of rice by measurement, fractional pounds of the bushel test weight for rice testing less than forty-five (45) pounds per bushel will be disregarded and the quantity determined by measurement will be the following percentages of the quantity determined for 45-pound rice:

For rice testing 45 pounds or over, 100 percent.

For rice testing 44 pounds or over, but less than 45 pounds, 98 percent.

For rice testing 43 pounds or over, but less than 44 pounds, 96 percent.

For rice testing 42 pounds or over, but less than 43 pounds, 93 percent.

For rice testing 41 pounds or over, but less than 42 pounds, 91 percent.

For rice testing 40 pounds or over, but less than 41 pounds, 89 percent.*

§ 225.24 *Maturity and interest rate.* Notes secured by rice stored on farms and in public warehouses in Arkansas, Louisiana, Texas, and Missouri shall mature on demand, or April 30, 1942, whichever is earlier. All loans shall bear interest at the rate of three (3) percent per annum.*

§ 225.25 *The Office of the Regional Director of Commodity Credit Corporation.* The address of the Regional Director of the Commodity Credit Corporation serving the States of Arkansas, Louisiana, Texas, and Missouri is the Masonic Temple Building, New Orleans, Louisiana.*

Special Instructions Applicable to California

§ 225.31 *Eligible rice.* Eligible rice shall be rice of the California-Japan and Calady varieties as described in section 225.1 (b), of these instructions. However, in California, rice having a moisture content in excess of sixteen (16) percent or which is weevily, musty, or of sample grade shall not be eligible for a loan.*

§ 225.32 *Amount of loans.* Rice of the California-Japan and Calady varieties produced in California, basis San Francisco, straight fifty (50) pounds extra fancy, shall have the following loan values:

[Cents per bushel]

Grade and moisture content	California-Japan	Calady
U. S. Grades Nos. 1, 2, and 3:		
Straight	91	100
Over 15% but not more than 16% moisture	82	91
U. S. Grade No. 4:		
Straight	87	96
Over 15% but not more than 16% moisture	78	87
U. S. Grade No. 5:		
Straight	82	91
Over 15% but not more than 16% moisture	74	83
U. S. Grade No. 6:		
Straight	78	87
Over 15% but not more than 16% moisture	71	80

A premium of one (1) percent will be added to the loan value of any grade for each whole pound in excess of fifty (50) pounds extra fancy. A deduction of one (1) percent from the loan value of each grade will be made for each whole pound by which the rice falls below fifty (50) pounds extra fancy.*

§ 225.33 *Determination of quantity of rice.* All quantity determinations shall be stated in bushels. Loans shall be made at values expressed in cents per bushel. Each determination of weight and quantity shall be based on rough rice, free of dockage. One bushel weighs forty-five (45) pounds. One barrel weighs one hundred sixty-two (162) pounds and is equivalent to 3.6 bushels. When determined by measurement, one bushel shall equal 1.25 cubic feet of rice testing forty-five (45) pounds per bushel. In determining the quantity of rice by measurement, fractional pounds of the bushel test weight for rice testing less than forty-five (45) pounds per bushel will be disregarded and the quantity determined by measurement will be the following percentages of the quantity determined for 45-pound rice:

For rice testing 45 pounds or over, 100 percent.

For rice testing 44 pounds or over, but less than 45 pounds, 98 percent.

For rice testing 43 pounds or over, but less than 44 pounds, 96 percent.

For rice testing 42 pounds or over, but less than 43 pounds, 93 percent.

For rice testing 41 pounds or over, but less than 42 pounds, 91 percent.

For rice testing 40 pounds or over, but less than 41 pounds, 89 percent.

§ 225.34 *Maturity and interest rate.* Notes secured by rice stored on farms and in public warehouses in California shall mature on demand, or July 31, 1942, whichever is earlier. All loans shall bear interest at the rate of three (3) percent per annum.*

§ 225.35 *The Office of the Regional Director of Commodity Credit Corporation.* The address of the Regional Director of the Commodity Credit Corporation serving the State of California is 444 Pittock Block, Portland, Oregon.*

TITLE 7—AGRICULTURE

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[ACP-1941-13]

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM[1]

SUBPART C—1941

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended, the 1941 Agricultural Conservation Program is amended as follows:

1. Section 701.201 (b) (7) is hereby amended by the addition after the word "length" of the following:

§ 701.201 *Allotments, yields, productivity indexes, payments, and deductions.*

* * * * *

(b) *Cotton.*

* * * * *

(7) * * * or (4) if it is determined by the county committee, with the approval of the State committee, that the producers on any farm were unable to dispose of excess cotton on the farm within the period set forth in (2) above because of excessive rainfall and such excess cotton is disposed of within 10 days after receipt of notice of the approved action taken by the county committee. * * *

2. Section 701.201 (g) (5) is hereby amended to read as follows:

(g) *Commercial vegetables.*

* * * * *

(5) *Payment.* $1.30 for each acre in the commercial vegetable acreage allotment determined for the farm.

* * * * *

3. Section 701.201 (k) (3) is hereby amended to read as follows:

(k) *Miscellaneous.*

* * * * *

(3) *Failure to plant 80 percent of allotment.* Upon recommendation of the State committee and approval of the Agricultural Adjustment Administration, for areas in which there is a wide fluctuation from year to year in the acreage planted to corn, peanuts, potatoes, rice, tobacco, commercial vegetables, wheat, or general soil-depleting crops on a substantial number of farms, if the acreage of any such crop is less than 80 percent of the acreage allotment for such crop, or, in the case of commercial vegetables, if the acreage of commercial vegetables plus the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing is less than 80 percent of the farm's commercial vegetable allotment, payment will be computed on an acreage equal to 125 percent of the acreage of such crop, except that payment with respect to commercial vegetables will be computed for an acreage equal to 125 percent of the acreage of commercial vegetables plus 125 percent of the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing, unless the county committee finds that failure to have 80 percent of such acreage allotment was due to flood, drought, hail, or plant bed diseases, except that with respect to commercial vegetables unless the county committee finds that the acreage of commercial vegetables plus the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing is less than 80 percent of such allotment due to flood or drought.

* * * * *

4. Section 701.201 (k), subparagraph (7) is hereby amended to read as follows:

(7) *Minimum soil-building performance.* Notwithstanding any provisions herein, in counties, groups of counties, or States in Area B or C, upon recommendation of the State committee and approval of the Agricultural Adjustment Administration, the payment made with respect to special soil-depleting acreage allotments shall not exceed a percentage of the net payment earned with respect to such allotments equal to the percentage of that part of the soil-building allowance computed under § 701.202 (d) (1) to (7), inclusive, which is earned for the farm, except that such limitation will not be applicable if (i) the amount of the soil-building payment earned on the farm is equal to or exceeds the total special crop payment earned, (ii) the farm is retired from agricultural production during the 1941 program year, or (iii) the county committee determines that small grain winter cover crops, other than wheat, are seeded in accordance with good farming practice during the period August 1 through the end of the program year on a number of acres equal to or in excess of two-thirds of the number of dollars obtained by subtracting the soil-building payment earned on the farm from that part of the soil-building allowance computed under § 701.202 (d) (1) to (7), inclusive. In determining performance under this subparagraph, in areas designated by the Agricultural Adjustment Administration where the allowance on noncrop open pasture is the major portion of the soil-building allowance on a substantial number of farms, the allowance on noncrop open pasture shall not be included. This subparagraph is applicable only to farms for which a special soil-depleting acreage allotment is determined. In areas where this provision is in effect the rate under § 701.202 (d) (4) shall be 60 cents per acre. The amount of the deductions made from farm payments under this provision, as estimated by the Agricultural Adjustment Administration, shall be available for use in the area where deducted for administrative expenses and for conservation materials for which a soil-building practice payment will not be made and for which no deduction from payments will be made if the material is properly used.

5. Section 701.202 (f), Practice (3) is hereby amended to read as follows:

§ 701.202 *Soil-building goals, payments, and practices.*

* * * * *

(f) *Soil-building practices.*

* * * * *

(3) Application of air-dried straw or equivalent mulching material (excluding barnyard and stable manure) in orchards (or vineyards) or on commercial vegetable land.

In areas where straw normally costs

(i) $5.00 or less per ton—$0.75 per ton.

(ii) More than $5.00 per ton—$3.00 per ton.

* * * * *

6. Section 701.202 (f), Practice (8) is hereby amended to read as follows:

(8) Seeding winter legumes, crotalaria, or strawberry, ladino, or white clover—$1.50 per acre, except in areas designated by the Agricultural Adjustment Administration where the rate for seeding winter legumes shall be as follows:

Vetch—6½ cents per pound.

Austrian winter peas—4½ cents per pound.

Clean crimson clover—6½ cents per pound.

Bur-clover (in the bur)—2 cents per pound.

Wild winter peas—6½ cents per pound.

* * * * *

7. Section 701.202 (f), Practice (47) is hereby amended to read as follows:

(47) Upon prior approval of the county committee, planting fruit and nut trees and vineyards on the contour where because of slope it is necessary to prevent erosion—$1.50 per acre.

* * * * *

8. Section 701.203 (u) is hereby amended to read as follows:

§ 701.203 *Soil-depleting acreage.*

* * * * *

(u) Sweet sorghums, when harvested for any purpose in the East Central Re-

[1] 5 F.R. 2915.

gion, in the North Central Region except South Dakota and Nebraska, or in Area B in the Southern Region; when harvested for grain, seed, or sirup in the Western Region, in Area A in the Southern Region, or in Nebraska and South Dakota.

9. Section 701.211, paragraph (c) is hereby amended to read as follows:

§ 701.211 *Applications for payment.*

* * * * *

(c) *Applications for other farms.* If a person makes application for payment with respect to a farm in a county and has the right to receive all or a portion of the crops or proceeds therefrom produced on any other farm in the county, such person must make application for payment with respect to all such farms, except that for any region, upon approval of the Regional Director, if a person makes application for payment or is furnished conservation material or services in lieu of payment with respect to a farm in a county and has the right to receive all or a portion of the crops or proceeds therefrom produced on any other farm in the county for which a deduction could be computed under the program, such person must make application for payment with respect to all such farms. Upon request by the State committee any person shall file with the committee such information as it may request regarding any other farm in the State with respect to which he has the right to receive all or a portion of the crops or proceeds thereof or which he rents to another.

Done at Washington, D. C., this 7th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

GENERAL

§ 726.406 *Definitions.* As used in this procedure and in all instructions, forms, and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them, unless the context or subject matter otherwise requires.

(a) "Fire-cured tobacco allotment procedure for 1941" means this Form Tobacco 603 (Fire-cured) Part I.

(b) "Local committee" means the county and community committees utilized under the Act. "County committee" or "community committee" shall have corresponding meanings in the connection in which they are used.

(c) "New farm" means a farm on which fire-cured tobacco was not produced in any of the five years 1937 to 1941, but on which fire-cured tobacco will be produced in 1942.

(d) "Old farm" means a farm on which fire-cured tobacco was produced in one or more of the five years 1937 to 1941, and on which fire-cured tobacco will be produced in 1942.

(e) "Operator" means the person who, as owner, landlord, or tenant, is in charge of the supervision and the conduct of the farming operations on the entire farm.

(f) "State committee" means the group of persons so designated within any State to assist in the administration in the State of the Act.

(g) "Fire-cured tobacco" means tobacco classified in Service and Regulatory Announcement Numbered 118 of the Bureau of Agricultural Economics of the United States Department of Agriculture as types 21, 22, 23 and 24, collectively known as fire-cured tobacco.*

*§§ 726.406 to 726.418, inclusive, issued under authority contained in sec. 313 of the Agricultural Adjustment Act of 1938, as amended, 52 Stat. 47, 202, 586, 53 Stat. 1261, 54 Stat. 392, 1209; 7 U.S.C. Sup., 1313.

§ 726.407 *Extent of calculations and rule of fractions.* All acreages except the preliminary farm acreage allotment and the final farm acreage allotment for 1942 shall be calculated to the nearest one-hundredth of an acre. The preliminary and final 1942 farm acreage allotment shall be calculated to the nearest one-tenth of an acre and fractions of fifty-one thousandths of an acre or more shall be rounded upward and fractions of five-hundredths of an acre or less shall be dropped. For example, 1.051 would become 1.1 and 1.050 would become 1.0.*

§ 726.408 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration of the United States Department of Agriculture shall cause to be approved and issued with his approval such instructions and such forms as may be necessary or expedient for carrying out this procedure.*

§ 726.409 *Applicability of procedure.* This Tobacco 603 (Fire-cured) Part 1 shall relate to, and be effective for, the establishment of farm acreage allotments for fire-cured tobacco for the year 1942.*

DETERMINATION OF ACREAGE ALLOTMENTS AND YIELDS FOR OLD FARMS

§ 726.410 *1942 acreage allotments for old farms.* The 1942 fire-cured tobacco acreage allotment for an old farm shall be the preliminary 1942 fire-cured tobacco acreage allotment for the farm adjusted in accordance with section 726.412, *Provided, however,* That in case farms are retired from agricultural production either (1) because of their purchase or lease by a state or federal agency for any purpose or (2) because of acquisition for use in connection with the National Defense Program, any tobacco acreage allotted to such farms in 1942 shall be placed in a State pool.

Such acreage shall be available for allotment by local committees. A farm shall be eligible for a 1942 allotment from the State pool provided that the 1942 operator of such farm was engaged in the production of tobacco in 1941 on a retired farm (or the county committee determines that he would have engaged in the production of tobacco in 1941 except for the retirement of such farm) for which a 1941 tobacco acreage allotment was established. The acreage allotment for such farm shall be that acreage which the county committee determines to be fair and reasonable for the farm taking into consideration the tobacco producing experience of the farm operator; land, labor and equipment available for the production of tobacco; crop rotation practices; the soil and other physical factors affecting the production of tobacco; and allotments determined for other old tobacco farms in the new community which are similar with respect to such factors. The acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the acreage allotment for the retired farm unless a larger allotment has been previously established for the newly acquired farm in which case the allotment for such farm shall be that acreage previously determined.*

§ 726.411 *Determination of preliminary 1942 acreage allotment for old farm.* The preliminary 1942 fire-cured tobacco acreage allotment for an old farm shall be that percent of the 1942 normal acreage for the farm which the 1942 State acreage allotment is of the 1942 normal acreage of tobacco for all old farms in the State: *Provided,* That if the acreage allotment so determined for any farm (except a farm operated, controlled, or directed by a person who also operates, controls or directs another farm on which fire-cured tobacco is produced) is less than that acreage which with the normal yield would produce 2,400 pounds of tobacco, such acreage allotment shall be increased to the smaller of 120 percent thereof, or that acreage, which when multiplied by the normal yield would produce 2,400 pounds of tobacco.

(a) *Determination of 1942 normal acreage for old fire-cured tobacco farms.* The 1942 normal acreage for an old farm shall be the 1941 fire-cured tobacco acreage allotment plus diversion, adjusted as provided below.

(b) *Adjustment of 1942 normal acreage.* The 1942 normal acreage for an old farm, determined as provided above, shall be adjusted so as to take into account any changes for the farm for 1942 in respect to the past acreage of tobacco (harvested and diverted acreage in the five years 1937–41 as compared with the five years 1936–40) making due allowance for the effect of drought, flood, hail, other abnormal weather conditions, plantbed and other diseases; land, labor and equipment available for the production of tobacco; crop rotation practices; and the soil and other physical factors affecting the production of tobacco: *Provided,* That in determining the 1941 acreage of tobacco any amount by which the 1941 harvested acreage is less than the 1941 farm acreage allotment shall be considered as diverted acreage.

(c) *Determination of 1941 acreage allotment plus diversion.* The 1941 allotment plus diversion for any farm shall be computed as follows:

Size of 1940 acreage allotment	Size of 1941 acreage allotment	Fire-cured tobacco allotment plus diversion
3.5 acres or less	2.6 acres or less	194% of allotment.
3.6 acres	2.7 acres	196% of allotment.
3.7 acres	2.8 acres	211% of allotment.
3.8 acres	2.8 acres	225% of allotment.
3.9 acres	2.9 acres or more	233% of allotment

The above method of determining preliminary 1942 fire-cured tobacco acreage allotments will result in a preliminary 1942 acreage allotment equal to the 1941 acreage allotment for a farm except for those farms for which the normal acreage is adjusted as provided in paragraph B above; therefore, for all other farms the committee may, in lieu thereof, establish the preliminary 1942 allotment at the same acreage as the 1941 acreage allotment.*

§ 726.412 *Adjustment of preliminary 1942 acreage allotment.* An acreage not in excess of one-half of one percent of the State acreage allotment for fire-cured tobacco shall be apportioned to each county in the State on the basis of the percentage the total 1941 fire-cured tobacco acreage allotment in each county is of the State acreage allotment for fire-cured tobacco, adjusted between counties as recommended by the State committee and approved by the Regional Director in such manner as will be fair and equitable taking into consideration the factors affecting the production of tobacco in the different counties in the State. Such acreage shall be used by the local committees as hereinafter provided in this section, if the committees find that such action will establish allotments which are fair and equitable taking into consideration the past acreage of fire-cured tobacco grown on the farm; land, labor and equipment available for the production of fire-cured tobacco; crop rotation practices; and the adaptability of the soil to the growing of fire-cured tobacco. The acreage available in each county may be used for establishing 1942 fire-cured tobacco acreage allotments and for adjusting upward preliminary 1942 fire-cured tobacco acreage allotments in the following order and under the following conditions:

(a) The acreage by which 1942 allotments established as provided in § 726.411 (b) hereof exceeds the 1941 acreage allotments for such farms shall be deducted from the acreage apportioned to the county as provided above.

(b) 1942 fire-cured tobacco acreage allotments may be established for farms which grew fire-cured tobacco in 1941 for which no fire-cured tobacco acreage allotment was established in such year. Any such allotment shall not exceed the larger of five-tenths acre or 10 percent of the 1941 harvested acreage of fire-cured tobacco.

(c) The preliminary 1942 fire-cured tobacco acreage allotment for any farm may be adjusted upward. Such adjustment shall not exceed the larger of 10 percent of the 1942 preliminary acreage allotment or one-half acre.

Any allotment established or adjusted as provided above shall be subject to the approval of the State committee.*

§ 726.413 *Reduction of acreage allotment for violations of 1941 marketing quota regulations.* If tobacco was sold or was permitted to be sold on a marketing card for any farm which was produced on a different farm the acreage allotment for each farm shall be reduced by the amount of tobacco so marketed: *Provided,* That such reduction shall not be made if the Secretary through the local committee, determines that no person connected with such farm caused, aided, or acquiesced in such marketing. If proof of the disposition of any amount of tobacco produced on a farm is not furnished, as required by the Secretary, the acreage allotment shall be reduced by such amount of tobacco.

The amount of tobacco involved will be converted to an acreage basis by dividing such amount of tobacco by the 1941 actual yield for the farm.*

§ 726.414 *Reconstituted farms.* (a) If land operated as a single farm in 1941 has been subdivided for 1942 into two or more tracts, the 1942 fire-cured tobacco acreage allotment established for the farm shall be apportioned among the tracts in the same proportion as the acreage of cropland suitable for the production of fire-cured tobacco on each such tract in such year bore to the total number of acres of cropland suitable for the production of fire-cured tobacco on the entire farm in such year unless otherwise recommended by the county committee and approved by the State committee.

(b) If two or more farms operated separately in 1941 are combined into a single farm for 1942, the 1942 fire-cured tobacco allotment shall be the sum of the 1942 fire-cured tobacco allotment for each of the farms composing the combination.*

§ 726.415 *Determination of normal yields.* The normal yield for any farm shall be the average of the yields obtained on the farm during the years 1936–40, adjusted by the local committee so as more accurately to reflect the normal yield on the farm represented by the soil and other physical factors affecting the production of fire-cured tobacco, by taking into consideration yields obtained on other farms in the locality which are similar with respect to such factors. The weighted average of the normal yields for all farms in each county shall not exceed the yield established for the county in 1941 unless an adjustment for abnormal conditions is made by the Secretary upon recommendation of the State committee.*

DETERMINATION OF ACREAGE ALLOTMENTS AND YIELDS FOR NEW FARMS

§ 726.416 *Determination of fire-cured tobacco acreage allotments for new farms.* The fire-cured tobacco acreage allotment for a new farm for 1942 shall be that acreage which the local committee determines is fair and reasonable for the farm taking into consideration each of the following factors: The past fire-cured tobacco experience of the farm operator; the acreage of cropland in the farm suitable for fire-cured tobacco production; the acreage capacity of barns which are located on the farm and which are in usable condition and available for the curing of fire-cured tobacco, the customary crop rotation practices and the adaptability of the soil to the growing of fire-cured tobacco: *Provided,* That the acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the smallest of one-fifth of the past acreage of fire-cured tobacco grown by the farm operator in the years 1937–1941; 75 percent of the average fire-cured tobacco acreage allotment for old farms in the county; or one acre.

Notwithstanding any other provisions of this section a fire-cured tobacco acreage allotment shall not be established for any new farm unless the following conditions have been met:

(a) The farm operator shall have had two years or more experience in growing fire-cured tobacco as a sharecropper, tenant, or as a farm operator during the past five years;

(b) The farm operator shall be living on the farm and largely dependent on this farm for his livelihood;

(c) The farm covered by the application shall be the only farm owned or

operated by the farm operator on which tobacco of any kind is produced;

(d) There is a fire-cured tobacco curing barn in condition for use on the farm; and

(e) No kind of tobacco other than fire-cured tobacco will be grown on the farm in 1942.

The fire-cured tobacco acreage allotments determined as provided in this section shall be subject to such adjustment as is necessary to bring such allotments in line with the total acreage available for allotment to all new fire-cured tobacco farms.

The fire-cured tobacco acreage available for establishing allotments for farms on which no fire-cured tobacco was grown during the past five years shall be one-tenth of one percent of the national allotment for fire-cured tobacco.*

§ 726.417 *Time for filing application.* In order to obtain an allotment for a new fire-cured tobacco farm in 1942, the operator of the farm shall file an application therefor on Tobacco 608 prior to February 1, 1942.*

§ 726.418 *Determination of normal yields.* The normal yield for a new farm shall be that yield per acre which the local committee determines is reasonable for the farm as compared with yields for other farms in the locality on which the soil and other physical factors affecting the production of fire-cured tobacco are similar.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing Part I of the Marketing Quota Regulations for Fire-cured Tobacco for the 1942–43 Marketing Year, consisting of procedure for determination of farm acreage allotments, to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 7th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

DETERMINATION OF ACREAGE ALLOTMENTS AND YIELDS FOR OLD FARMS

§ 726.460 *1942 acreage allotments for old farms.* The 1942 dark air-cured tobacco acreage allotment for an old farm shall be the preliminary 1942 dark air-cured tobacco-acreage allotment for the farm adjusted in accordance with section 726.462: *Provided, however,* That in case farms are retired from agricultural production either (a) because of their purchase or lease by a State or federal agency for any purpose or (b) because of acquisition for use in connection with the National Defense Program, any tobacco acreage allotted to such farms in 1942 shall be placed in a State pool. Such acreage shall be available for allotment by local committees. A farm shall be eligible for a 1942 allotment from the State pool: *Provided,* That the 1942 operator of such farm was engaged in the production of tobacco in 1941 on a retired farm (or the county committee determines that he would have engaged in the production of tobacco in 1941 except for the retirement of such farm) for which a 1941 tobacco acreage allotment was established. The acreage allotment for such farm shall be that acreage which the county committee determines to be fair and reasonable for the farm taking into consideration the tobacco-producing experience of the farm operator; land, labor and equipment available for the production of tobacco; crop rotation practices; the soil and other physical factors affecting the production of tobacco; and allotments determined for other old tobacco farms in the new community which are similar with respect to such factors. The acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the acreage allotment for the retired farm unless a larger allotment has been previously established for the newly acquired farm in which case the allotment for such farm shall be that acreage previously determined.*

§ 726.461 *Determination of preliminary 1942 acreage allotment for old farm.* The preliminary 1942 dark air-cured tobacco acreage allotment for an old farm shall be that percent of the 1942 normal acreage for the farm which the 1942 State acreage allotment is of the 1942 normal acreage of tobacco for all old farms in the State: *Provided,* That if the acreage allotment so determined for any farm (except a farm operated, controlled, or directed by a person who also operates, controls or directs another farm on which dark air-cured tobacco is produced) is less than that acreage which with the normal yield would produce 2,400 pounds of tobacco, such acreage allotment shall be increased to the smaller of 120 percent thereof, or that acreage, which when multiplied by the normal yield would produce 2,400 pounds of tobacco.

(a) *Determination of 1942 normal acreage for old dark air-cured tobacco farms.* The 1942 normal acreage for an old farm shall be the 1941 dark air-cured tobacco acreage allotment plus diversion, adjusted as provided below.

(b) *Adjustment of 1942 normal acreage.* The 1942 normal acreage for an old farm, determined as provided above, shall be adjusted so as to take into account any changes for the farm for 1942 in respect to the past acreage of tobacco (harvested and diverted acreage in the five years 1937–41 as compared with the five years 1936–40) making due allowance for the effect of drought, flood, hail, other abnormal weather conditions, plant-bed and other diseases; land, labor, and equipment available for the production of tobacco; crop rotation practices; and the soil and other physical factors affecting the production of tobacco: *Provided,* That in determining the 1941 acreage of tobacco any amount by which the 1941 harvested acreage is less than the 1941 farm acreage allotment shall be considered as diverted acreage.

(c) *Determination of 1941 acreage allotment plus diversion.* The 1941 allotment plus diversion for any farm shall be computed as follows:

Size of 1940 acreage allotment	Size of 1941 acreage allotment	Dark air-cured tobacco allotment plus diversion
3.0 acres or less	2.6 acres or less	104% of allotment.
3.6 acres	2.7 acres	100% of allotment.
3.7 acres	2.8 acres	211% of allotment
3.8 acres	2.8 acres	205% of allotment.
3.9 acres or more	2.9 acres or more	233% of allotment.

The above method of determining preliminary 1942 dark air-cured tobacco acreage allotments will result in a preliminary 1942 acreage allotment equal to the 1941 acreage allotment for a farm except for those farms for which the normal acreage is adjusted as provided in paragraph (b) above; therefore, for all other farms the committee may, in lieu thereof, establish the preliminary 1942 allotment at the same acreage as the 1941 acreage allotment.*

§ 726.462 *Adjustment of preliminary 1942 acreage allotment.* An acreage not in excess of one-half of one percent of the State acreage allotment for dark air-cured tobacco shall be apportioned to each county in the State on the basis of the percentage the total 1941 dark air-cured tobacco acreage allotment in each county is of the State acreage allotment for dark air-cured tobacco, adjusted between counties as recommended by the State committee and approved by the Regional Director in such manner as will be fair and equitable taking into consideration the factors affecting the production of tobacco in the different counties in the State. Such acreage shall be used by the local committees as hereinafter provided in this section, if the committees find that such action will establish allotments which are fair and equitable taking into consideration the past acreage of dark air-cured tobacco grown on the farm; land, labor, and equipment available for the production of dark air-cured tobacco; crop rotation practices; and the adaptability of the soil to the growing of dark air-cured tobacco. The acreage available in each county may be used for establishing 1942 dark air-cured tobacco acreage allotments and for adjusting upward preliminary 1942 dark air-cured tobacco acreage allotments in the following order and under the following conditions:

(a) The acreage by which 1942 allotments established as provided in § 726.461 (b) hereof exceeds the 1941 acreage allotments for such farms shall be deducted from the acreage apportioned to the county as provided above.

(b) 1942 dark air-cured tobacco acreage allotments may be established for farms which grew dark air-cured tobacco in 1941 for which no dark air-cured tobacco acreage allotment was established in such year. Any such allotment shall not exceed the larger of five-tenths acre or 10 percent of the 1941 harvested acreage of dark air-cured tobacco.

(c) The preliminary 1942 dark air-cured tobacco acreage allotment for any farm may be adjusted upward. Such adjustment shall not exceed the larger of 10 percent of the 1942 preliminary acreage allotment or one-half acre.

Any allotment established or adjusted as provided above shall be subject to the approval of the State committee.*

§ 726.463 *Reduction of acreage allotment for violations of 1941 marketing quota regulations.* If tobacco was sold or was permitted to be sold on a marketing card for any farm which was produced on a different farm the acreage allotment for each farm shall be reduced by the amount of tobacco so marketed; *Provided,* That such reduction shall not be made if the Secretary, through the local committee, determines that no person connected with such farm caused, aided, or acquiesced in such marketing. If proof of the disposition of any amount of tobacco produced on a farm is not furnished, as required by the Secretary, the acreage allotment shall be reduced by such amount of tobacco.

The amount of tobacco involved will be converted to an acreage basis by dividing such amount of tobacco by the 1941 actual yield for the farm.*

§ 726.464 *Reconstituted farms.* (a) If land operated as a single farm in 1941 has been subdivided for 1942 into two or more tracts, the 1942 dark air-cured tobacco acreage allotment established for the farm shall be apportioned among the tracts in the same proportion as the acreage of cropland suitable for the production of dark air-cured tobacco on each such tract in such year bore to the total number of acres of cropland suitable for the production of dark air-cured tobacco on the entire farm in such year unless otherwise recommended by the county committee and approved by the State committee.

(b) If two or more farms operated separately in 1941 are combined into a single farm for 1942, the 1942 dark air-cured tobacco allotment shall be the sum of the 1942 dark air-cured tobacco allotment for each of the farms composing the combination.*

§ 726.465 *Determination of normal yields.* The normal yield for any farm shall be the average of the yields obtained on the farm during the years 1936–40, adjusted by the local committee so as more accurately to reflect the normal yield on the farm represented by the soil and other physical factors affecting the production of dark air-cured tobacco, by taking into consideration yields obtained on other farms in the locality which are similar with respect to such factors. The weighted average of the normal yields for all farms in each county shall not exceed the yield established for the county in 1941 unless an adjustment for abnormal conditions is made by the Secretary upon recommendation of the State committee.*

DETERMINATION OF ACREAGE ALLOTMENTS AND YIELDS FOR NEW FARMS

§ 726.466 *Determination of dark air-cured tobacco acreage allotments for new farms.* The dark air-cured tobacco acreage allotment for a new farm for 1942 shall be that acreage which the local committee determines is fair and reasonable for the farm taking into consideration each of the following factors: The past dark air-cured tobacco experience of the farm operator; the acreage of cropland in the farm suitable for dark air-cured tobacco production; the acreage capacity of barns which are located on the farm and which are in usable condition and available for the curing of dark air-cured tobacco, the customary crop rotation practices and the adaptability of the soil to the growing of dark air-cured tobacco; provided, that the acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the smallest of one-fifth of the past acreage of dark air-cured tobacco grown by the farm operator in the years 1937–1941; 75 percent of the average dark air-cured tobacco acre-

age allotment for old farms in the county; or one acre.

Notwithstanding any other provisions of this section a dark air-cured tobacco acreage allotment shall not be established for any new farm unless the following conditions have been met:

(a) The farm operator shall have had two years or more experience in growing dark air-cured tobacco as a share-cropper, tenant, or as a farm operator during the past five years;

(b) The farm operator shall be living on the farm and largely dependent on this farm for his livelihood;

(c) The farm covered by the application shall be the only farm owned or operated by the farm operator on which tobacco of any kind is produced;

(d) There is a dark air-cured tobacco curing barn in condition for use on the farm; and

(e) No kind of tobacco other than dark air-cured tobacco will be grown on the farm in 1942.

The dark air-cured tobacco acreage allotments determined as provided in this section shall be subject to such adjustment as is necessary to bring such allotments in line with the total acreage available for allotment to all new dark air-cured tobacco farms.

The dark air-cured tobacco acreage available for establishing allotments for farms on which no dark air-cured tobacco was grown during the past five years shall be one-tenth of one percent of the national allotment for dark air-cured tobacco.*

§ 726.467 *Time for filing application.* In order to obtain an allotment for a new dark air-cured tobacco farm in 1942, the operator of the farm shall file an application therefor on Tobacco 608 prior to February 1, 1942.*

§ 726.468 *Determination of normal yields.* The normal yield for a new farm shall be that yield per acre which the local committee determines is reasonable for the farm as compared with yields for other farms in the locality on which the soil and other physical factors affecting the production of dark air-cured tobacco are similar.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing Part I of the Marketing Quota Regulations for Dark Air-cured Tobacco for the 1942–43 Marketing Year, consisting of procedure for determination of farm acreage allotments, to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 8th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

Secretary of Agriculture.

(sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV. sec. 45b) [Cease and desist order, Casey Concession Company, Docket 3413, October 28, 1941]

In the Matter of Louis Keller and William Carsky, Individually and Trading as Casey Concession Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 28th day of October, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, the testimony and other evidence taken before duly appointed trial examiners of the Commission designated by it to serve in this proceeding, the report of the trial examiners and exceptions thereto, briefs in support of and in opposition to the complaint, and oral arguments; and the Commission having made its findings as to the facts and its conclusion that the respondents, Louis Keller and William Carsky, individually and as copartners trading as Casey Concession Company, have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondents, Louis Keller and William Carsky, individually and trading as Casey Concession Company, or trading under any other name or designation, their representatives, agents and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of candy, cardboard toy cameras, women's hosiery, face powder, perfume, note books, pencils, dolls, cigarette cases, or any other merchandise, in commerce as "commerce" is defined in the Federal Trade Commission Act, shall forthwith cease and desist from:

(1) Selling or distributing any merchandise so packed or assembled that sales of such merchandise to the public are to be made, or may be made, by means of a game of chance, gift enterprise or lottery scheme;

(2) Supplying to or placing in the hands of others any merchandise together with a sales plan or device, or separately, which said sales plan or device is to be used or may be used in the sale or distribution of said merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

(3) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

In the Matter of J. Fred Malone and Joe P. Malone, Individuals, Trading as Harper Manufacturing Company, Malone Clothing Manufacturing Company, Gray-Dickson Clothing Company, Piedmont Clothing Company, and Various Other Names.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 29th day of October, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Comission, the answer of the respondents, and a stipulation as to the facts entered into between the respondents herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondents herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents J. Fred Malone and Joe P. Malone, individuals trading as Harper Manufacturing Company, Malone Clothing Manufacturing Company, Gray-Dickson Clothing Company, Piedmont Clothing Company, and various other names, whether trading under said trade names or otherwise, their representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of men's clothing in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Using order blanks in taking orders for ready-made clothing which contain illustrations showing measurements being taken for the fitting of men's tailor-made or made-to-measure clothes, instructions for such fittings, or blank spaces for the entry of such fittings, or which otherwise import and imply that the clothing sold by respondents is tailor-made or made-to-measure;

(2) Representing that the ready-made suits and other garments sold by respondents will be made from the materials selected by the purchasers from samples exhibited by their salesmen or agents, unless and until ready-made suits and other garments sold by respondents are made from materials of the identical quality, color, design, weave and pattern selected by such purchasers;

(3) Representing that the material from which respondents' ready-made suits and other garments are made contains no cotton, when such is not the fact;

(4) Representing that E. I. duPont deNemours & Company, also known as the duPont Company, is in any manner associated with respondents in connection with the sale of their ready-made suits and other garments, or that the material contained in respondents' ready-made suits and other garments is manufactured by said duPont Company or that said duPont Company is furnishing free the goods to be used in the making of respondents' said ready-made suits and other garments, and that the customer is paying only for the labor involved in the making thereof;

(5) Representing that respondents' customers will have an opportunity to inspect and try on the ready-made suits and other garments shipped to such customers by respondents before finally accepting the same and paying the balance due thereon, unless and until an opportunity for such inspection and trying on of respondents' suits and other garments is actually provided before such customers finally accept such clothing and pay any balance due thereon;

(6) Representing that respondents manufacture all of the ready-made suits and other garments sold by them or their agents and ship same to the customer direct from their own factory.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF IMPERIAL KNIFE COMPANY, INC.

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of pocket knives, or any other merchandise, (1) selling, etc., knives or any other merchandise so packed or assembled that sales of such knives or other merchandise to the public are to be made, or may be

made, by means of a game of chance, gift enterprise, or lottery scheme; (2) supplying, etc., others with push or pull cards, punchboards, or other lottery devices, either with assortments of knives or other merchandise or separately, which said push or pull cards, punchboards, or other lottery devices are to be used, or may be used, in selling or distributing said knives or other merchandise to the public; and (3) selling, etc., any knives or other merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b [Cease and desist order, Imperial Knife Company, Inc., Docket 4573, October 29, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 29th day of October, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint, and states that it waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Imperial Knife Company, Inc., a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of pocket knives or any other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Selling or distributing knives, or any other merchandise, so packed or assembled that sales of such knives or other merchandise to the public are to be made, or may be made, by means of a game of chance, gift enterprise, or lottery scheme;

(2) Supplying to or placing in the hands of others push or pull cards, punch boards, or other lottery devices, either with assortments of knives or other merchandise or separately, which said push or pull cards, punch boards, or other lottery devices are to be used, or may be used, in selling or distributing said knives or other merchandise to the public;

(3) Selling or otherwise disposing of any knives or other merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 25—INDIANS

CHAPTER I—OFFICE OF INDIAN AFFAIRS

PART 148—READJUSTMENT AND CANCELATION OF CERTAIN IRRIGATION COSTS, UINTAH PROJECT, UTAH

JUNE 30, 1939.

Whereas the Act of Congress approved June 22, 1936 (49 Stat. 1803) authorized and directed the Secretary of the Interior to cause an investigation to be made to determine whether the owners of non-Indian lands within Indian irrigation projects are unable to pay irrigation charges; and

Whereas the said act provides in part as follows:

* * * Where the Secretary finds that said landowners are unable to make payment due to the existence of such causes, he may adjust, defer, or cancel such charges, in whole or in part, as the facts and conditions warrant. * * *

Where irrigation assessments against any such lands remained unpaid at the time the Indian title to such lands became extinguished and no lien existed and attached to such lands for the payment of charges so assessed and no contract for the payment of such charges was entered into, the Secretary shall cancel all such charges.

and

Whereas such investigation and report thereon have been completed of the Uintah Indian irrigation project in Utah, which show it to be impossible for the lands to produce sufficient returns to enable the project landowners to pay certain construction, operation and maintenance costs against their lands and that the collection of certain delinquent assessments of such costs should be adjusted and payment made in installments spread over a period of years:

Now therefore, I, Harold L. Ickes, Secretary of the Interior, pursuant to authority vested in me by the said Act of June 22, 1936, hereby order:

§ 148.1 *Order of the Secretary.* Subject to confirmation by Congress, as provided in section 6 of said Act, (1) the cancellation of $283,170.73 of unpaid construction assessment obligations and $28,875.37 of unpaid operation and maintenance assessment obligations carried on the books of the project; (2) the deferment until December 1, 1943, of the collection of $61,983.16 expended in drainage operations on the said project; and (3) I further find that contracts should be authorized with landowners covering $19,230.72 accrued operation and maintenance assessments providing for the payment of such assessments over a period of years as provided in the said Act. (49 Stat. 1803, Pub. 83, 77th Congress, 1st session)

There is attached a draft of proposed legislation,[1] the enactment of which is necessary to provide fully for the carrying out of the provisions of this Order.[2]

HAROLD L. ICKES,
Secretary of the Interior.

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-283-a]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER SUPPLEMENTING ORDER OF OCTOBER 6, 1941, IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

On October 6, 1941, the Director issued his Memorandum Opinion and Order of Dismissal in the above-entitled proceedings, in which the Director (1) ordered an intervening petition, seeking relief in the form of a modification of the price classifications and minimum prices temporarily established by Order of the Director on January 31, 1941, 6 F.R. 790, for the coals of the Solon Mine (Mine Index No. 432) of the Meadow Creek Coal Company, a code member in District 8, for shipment into Market Area 114, dismissed and (2) ordered the minimum price classifications temporarily established for the coals of said mine on November 6, 1940, 5 F.R. 4490, made permanent.

The Order of January 31, 1941, modified the Order of the Director of November 6, 1940, so as to establish certain prices for the coals of the Solon Mine for shipment to Market Area 114 only. In the Order of October 6, 1941, in making permanent the minimum price classifications temporarily established for the coals of the Solon Mine on November 6, 1940, it was the intention of the Director to make permanent such prices as modified by the Order of January 31, 1941.

Now, therefore, it is ordered, That § 328.12 (*General prices for high volatile coals*) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck be and it hereby is amended by establishing the following exception:

Exception: The coal of the Solon Mine (Mine Index No. 432 of the Meadow Creek Coal Company shall be priced as follows for shipment to Market Area 114 only:

Size group:	*Minimum Price*
1–2	$2.10
3	2.00
5	2.00
6	1.90
7	1.80
8	1.75

[Amendment No. 112]

AMENDING THE REGULATIONS SO AS TO PROVIDE FOR THE APPOINTMENT OF ASSOCIATE MEMBERS OF ADVISORY BOARDS FOR REGISTRANTS

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective immediately upon the filing hereof with the Division of the Federal Register, the Selective Service Regulations, Volume One, section VII,[1] by striking out paragraph 145 thereof and substituting the following:

145. *Advisory boards for registrants.* In each State, Advisory Boards for Registrants shall be appointed by the Governor to insure that advice and assistance in preparing questionnaires, claims, or other papers which will serve as a basis for classification are readily available to every registrant. Each board shall normally be composed of three lawyers or three other reputable persons. The chairman shall, if practicable, be a judge of a county court or of a court of similar jurisdiction. Associate members of the Advisory Boards for registrants shall be appointed by the Governor upon recommendation of the members of the Advisory Boards for registrants. Members and associate members shall take the prescribed oath (Form 21), which shall then be sent to the Governor for filing. The Advisory Boards for registrants shall certify to the Governor the names of all persons who are associate members of Advisory Boards for registrants and who have been appointed through the procedure heretofore existing. The appointment of such persons will then be completed in the same manner as for persons who are hereafter appointed to be associate members.

SUBCHAPTER B—PRIORITIES DIVISION

PART 958—REPAIRS, MAINTENANCE, AND SUPPLIES

Amendment No. 1 to Preference Rating Order No. P–22 Amended

Section 958.1 (Preference Rating Order No. P–22 Amended[1] paragraph (b) (1)) is hereby amended to read as follows:

§ 958.1 *Preference rating order P–22.*

* * * * * * *

(b) *Definitions.* (1) "Producer" means:

(i) Any governmental unit;

(ii) Any individual, partnership, association, corporation, or other form of enterprise engaged in one or more of the following activities or acting in one or more of the following capacities to the extent that it is so engaged or so acts:

(*a*) Manufacturing, processing, or fabricating;

(*b*) Warehousing—maintaining warehouses for storage or distribution of any Material;

(*c*) Wholesaling—acting as a distributor of products sold to manufacturers, wholesalers, retailers, or other persons not consumers;

(*d*) Charitable institutions—any charitable or eleemosynary institution which is recognized as such for purposes of the Internal Revenue Laws of the United States;

(*e*) Carriers—urban, suburban, and interurban common or contract carriers of passengers or freight by electric railway, electric coach, motor truck, or bus, including terminals of any of the foregoing; railroads, including terminals; shipping—commercial carriers of freight and passengers by ocean, lake, river, or canal, including terminals;

(*f*) Educational institutions (including vocational training);

(*g*) Printers and publishers;

(*h*) Radio—commercial broadcasting and communication;

(*i*) Telephone and telegraph communication, including wire services;

(*j*) Hospitals, clinics, and sanatoriums;

(*k*) Petroleum and Natural Gas—discovery, development, and depletion of pools of petroleum and associated hydrocarbons, and transportation of petroleum, associated hydrocarbons and derivatives thereof;

(*l*) Irrigation systems, whether publicly or privately owned; toll bridges and toll canals.

(iii) Any person using tools or equipment to repair or maintain the property of any Producer as defined in (b) (1) (i) and (ii).

* * * * * * *

Section 958.1 (Preference Rating Order No. P–22 Amended paragraph (b) (5)) is hereby amended to read as follows:

(5) Subject to subparagraph (6), "Operating Supplies" means any Material which is essential to the operation of the Producer's business and which is consumed in the course of such business, including without limitation, fuel, lubricants, catalysts, and small perishable tools: *Provided,* It shall not include any Material which is physically incorporated, in whole or in part, into any product of the Producer, or any Material which the Producer acquires solely to distribute, store or transport.

Section 958.1 (Preference Rating Order No. P–22 Amended paragraph (b) (6)) is hereby amended to read as follows:

(6) The terms "Maintenance," "Repair," and "Operating Supplies" *do not* include Material:

(i) For the improvement of a Producer's property or equipment through the replacement of Material in the existing installation, unless such equipment is beyond repair;

(ii) For additions to, or expansion of, such property or equipment;

(iii) Which is of a type not heretofore carried on the Producer's books under "Maintenance," "Repairs," "Operating Supplies," or the equivalent.

* * * * * * *

Section 958.1 (Preference Rating Order No. P–22 Amended paragraph (g)) is hereby amended to read as follows:

(g) *Restrictions on deliveries, withdrawals, and inventory.* (1) Except as provided in paragraph (g) (4) and (5), no Producer shall, during any Calendar Quarterly Period, accept deliveries (whether or not rated pursuant to this Order) of any items of Material to be used as Operating Supplies or for Maintenance or Repair the aggregate dollar volume of which shall exceed twenty-five percent (25%) of the aggregate dollar volume of the withdrawals of items of Material of the same class as carried on the Producer's books from stores or inventory during the calendar year 1940.

(2) Except as provided in paragraph (g) (4) and (5), no Producer shall, at any time, accept deliveries (whether or not rated pursuant to this Order) of any item of Material to be used as Operating Supplies or for Maintenance or Repair until the Producer's inventory and stores of items of Material of the same class, as carried on the Producer's books, have been reduced to a practical working minimum. Such practical minimum shall in no case exceed the aggregate dollar volume of items of Material of the same class, as carried on the Producer's books, in inventory and stores of December 31, 1940, or, at the Producer's option, at the close of the Producer's fiscal year ending during the calendar year 1940.

(3) Except as provided in paragraph (g) (4) and (5), no Producer shall, during any Calendar Quarterly Period, make withdrawals from stores or inventory of any items of Material to be used as Operating Supplies or for Maintenance or Repair the aggregate dollar volume of which shall exceed the aggregate dollar volume of the withdrawals of such items of Material of the same class, as carried on the Producer's books, during the corresponding quarter of 1940, or, at the Producer's option, twenty-five percent (25%) of the aggregate dollar volume of the withdrawals of such items of Material of the same class as carried on the Producer's books during the calendar year 1940.

(4) From time to time the Director of Priorities may determine that certain Producers or classes of Producers are exempt, in whole or in part, from the restrictions contained in paragraphs (g) (1), (2), and (3).

(5) Restrictions contained in paragraphs (g) (1), (2), and (3) shall not apply to any Producer during any Calendar Quarterly Period in which the total volume of his purchases or withdrawals of Material for Maintenance, Repairs, and Operating Supplies does not exceed two thousand five hundred dollars ($2,500).

* * * * * * *

Section 958.1 (Preference Rating Order No. P–22 Amended paragraph (i)) is hereby amended to read as follows:

(i) *Utilities and mines excepted.* This Order is not applicable to any Utility defined as a Producer in Preference Rating Order No. P–46 (§ 978.1) as amended from time to time, nor to any Mine Operator as defined in Preference Rating Order No. P–56 (§ 982.1). The Director of Priorities may from time to time specifically except further classes of Producers from this Order by specific direction.

Effective date. This Amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3

PART 969—PHENOLS

Amendment to General Preference Order No. M-27 to Conserve the Supply and Direct the Distribution of Phenols

§ 969.1 (General Preference Order No. M-27 [1]) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Phenols, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 969.1 *General preference order*—(a) *Definitions.* For the purposes of this Order:

(1) "Phenols" means:

(i) Synthetic phenols of all grades and from whatever source derived.

(ii) The acids, either in pure or crude form, recovered from coal tar distillates or petroleum, comprising chiefly phenol, ortho cresol, meta cresol, para cresol and xylenols and various mixtures of these products.

(2) "Producer" means any person engaged in the production of Phenols and includes any person who has Phenols produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or who purchases Phenols for purposes of resale.

(b) *Applicability of priorities regulation No. 1.* Control of the supply and direction of the distribution of Phenols is hereby taken by the Director of Priorities, and all future transactions of any kind in Phenols are regulated and governed by the provisions and definitions contained in Regulation No. 1 of the Priorities Division of the Office of Production Management, issued on the 27th day of August, 1941, except as herein otherwise specifically provided.

(c) *Assignment of preference rating to certain defense orders.* Deliveries under all Defense Orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A-10.

(d) *Restrictions on deliveries.* On and after December 1, 1941, no deliveries of Phenols shall be made, or accepted by any person, except as specifically directed by the Director of Priorities. At the beginning of each calendar month the Director of Priorities will issue to all Producers and Distributors specific directions covering deliveries of Phenols which may be made by such Producers and Distributors during such month. Such directions will be made primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for assential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or orders. If the Director of Priorities shall not have issued, by the first day of the month, specific directions covering deliveries of Phenols which may be made during such month, Producers and Distributors may, subject to the provisions of Priorities Regulation No. 1, make deliveries of Phenols without limitation.

(e) *Reports.* Reports required by Priorities Regulation No. 1, hereinabove referred to, shall be made at such times and on such forms as shall be prescribed therefor by the Chemicals Section of the Office of Production Management. In addition to the reports required by Priorities Regulation No. 1, every person other than a Producer having an inventory of Phenols in excess of a 30-day supply thereof shall forthwith report such fact to the Chemicals Section of the Office of Production Management. A 30-day supply of Phenols shall be a quantity equal to one-twelfth of such person's consumption (distribution, in the case of a Distributor) of such Phenols during the 12-month period ending September 30, 1941.

(f) *Effective date.* This Order shall take effect immediately and unless sooner terminated by direction of the Director of Priorities, will expire on the 31st day of July, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 10th day of November 1941.

PART 980—RAYON YARN

Interpretation No. 1 of Supplementary Order No. M-37-a

The following official interpretation is hereby issued by the Director of Priorities with respect to § 980.2, Supplementary Order M-37-a,[1] dated September 27, 1941.

(a) The term "jobber" as used throughout the said Supplementary Order includes, in addition to jobbers acting as such, persons acting as "merchant yarn converters," namely, persons who do merchant throwing, repackaging, waxing, dyeing and similar converting functions on yarn owned by them, and persons acting as "fabric converters," namely persons who formerly bought silk and caused it to be woven or knit for them on commission.

(b) The term "reserved rayon yarn owned, controlled or otherwise held by the manufacturer," as used in paragraph (c) (9) of the Supplementary Order, does not include such yarn ordered by a manufacturer prior to the date on which such manufacturer has the right to compel delivery upon compliance with any conditions precedent.

Issued this 10th day of November 1941.

PART 1015—CELLOPHANE AND SIMILAR TRANSPARENT MATERIALS DERIVED FROM CELLULOSE

Limitation Order L-20 To Limit the Use of Cellophane and Similar Transparent Materials Derived From Cellulose

Whereas, the manufacture of cellophane and similar transparent materials derived from cellulose requires utilization of large quantities of chlorine, phenol, and glycerine; and

Whereas, National Defense requirements have created a shortage in these materials for defense, private account and export; action has already been taken to conserve the supply and direct the distribution of chlorine and phenol to insure deliveries for defense requirements; and

Whereas, present supplies of these materials will be insufficient for defense and essential civilian requirements;

Now, therefore, it is hereby ordered that:

§ 1015.1 *General limitation order L-20*—(a) *Definitions.* For the purposes of this Order:

(1) "Person" means any individual, partnership, association, corporation or other form of enterprise;

(2) "Supplier" means any manufacturer, converter, jobber, dealer, printer and other Person who directly or indirectly delivers cellophane or similar transparent materials derived from cellulose, to the users enumerated in (b) hereof, or to any other users.

(b) *Restrictions on use.* Subject to the provisions of (d) hereof, no Person shall use cellophane or similar transparent materials derived from cellulose for packaging or manufacture of the materials included in the following categories:

Razor blades.
Cosmetics and soaps.
Textiles.
Rubber and rubber products, except for use as a substitute for Holland Cloth in the backing of retreading stocks for tires.
Hardware, metals and sporting goods.
Paper and paper products.
Laundry.
Candles and wax products.
Electrical equipment, except the manufacture thereof.
Decorations and novelties, including molded paper hats, molded Christmas bells, molded flower pot covers, bows and rosettes, flowers, wreaths and garlands, soda straws, ribbons, household rolls, and gift wrappings.

(c) *Restrictions on deliveries.* No Supplier shall knowingly, directly or indirectly, deliver or cause to be delivered any cellophane or similar transparent material derived from cellulose, and no Person shall accept the same, to be used for packaging or manufacture of any of the materials listed in (b) hereof.

(d) *Non-applicability to existing stocks.* The terms of (b) hereof shall not apply to stocks of cellophane or similar transparent materials derived from cellulose in the hands of users at the date of issue of this Order, and the terms of (c) hereof shall not apply to stocks of cellophane or similar transparent materials derived from cellulose in the hands of Suppliers and which have been heretofore so cut, processed, or printed as to render impracticable use by Persons other than those prohibited from using such materials under (b) hereof. *Provided, however,* That all such stocks shall be used in packaging or manufacture, as the case may be, within sixty days of the date of issue of this Order.

(e) *Notification of customers.* Any Person who is prohibited from, or restricted in, making deliveries of cellophane or similar transparent materials made from cellulose by the terms of this Order shall, as soon as practicable, notify each of his regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any customer from the obligation of complying with the terms of this Order.

(f) *Effective date.* This Order shall take effect on the date of issuance thereof and shall continue in effect until revoked by the Director of Priorities subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities.

(g) *Violations.* Any Person who violates any provision of this Order may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation, and the Director of Priorities may also take any other action deemed appropriate. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 8th day of November 1941.

The Bituminous Coal Division (the "Division") having issued a Notice of and Order for Hearing dated October 9, 1941, in the above-entitled matter to determine whether or not the Elfgen Coal Company, registered distributor, has violated certain provisions of the Bituminous Coal Act (the "Act"), the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors, and the Distributor's Agreement executed April 8, 1940, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other penalty imposed; and

Additional evidence relating to the transactions involved having come into the possession of the Division;

It is ordered, That the Notice of and Order for Hearing in the above-entitled matter, beginning with the paragraph No. 2 thereof, be and it hereby is amended and supplemented to read as follows:

2. The respondent, during the period from October 1, 1940, to December 31, 1940, both dates inclusive, purchased in carload lot quantities approximately 15,913 net tons of coal of various sizes from Walter Bledsoe & Co., St. Louis, Missouri, acting as sales agent for various code member producers, Sahara Coal Company, code member, Chicago Illinois; Binkley Coal Company, St. Louis, Missouri, acting as sales agent for various code member producers; and Lumaghi Coal Company, code member, St. Louis, Missouri, and during said period resold in carload lot quantities approximately 15,719 net tons of said coal to the City Fuel and Supply Company, Alton, Illinois, and approximately 194 net tons of said coal to the Bluff City Coal Company, Alton, Illinois. The acceptance of discounts from the effective minimum prices in these transactions where the respondent did not purchase such coal for bona fide resale was in violation of paragraph (d) of the Distributor's Agreement.

3. The acceptance of discounts in the transactions referred to in paragraph 2 hereof rendered no service of value to the sellers of the coal to the respondent and was in violation of paragraph (g) of the Distributor's Agreement.

4. The acceptance of discounts on the transactions referred to in paragraph 2 hereof, which were entered into between the distributor and his vendee primarily for the purpose of unjustly enriching the distributor and when except for the incidence of section 4 II (h) of the Act, the consumer would have purchased directly from a code member, was in violation of paragraph (g) of the Distributor's Agreement.

5. The payment of a distributor's discount on the transactions referred to in paragraph 2 hereof created unfair competition and was, therefore, in violation of paragraph (g) of the Distributor's Agreement.

6. The transactions referred to in paragraph 2 hereof concern sales to or through a broker, jobber, commission account or sales agency, which is in fact or in effect an agency or instrumentality of a retailer whereby they or any of them secure either directly or indirectly a discount, dividend, allowance, or rebates, or a price other than that determined in the manner prescribed in the Act, and were, therefore, in violation of section 4 II (i) 12 of the Act, Rule 12 of section XIII of the Marketing Rules and Regulations, and paragraphs (c) and (e) of the Distributor's Agreement.

7. The acceptance of discounts on the transactions referred to in paragraph 2 hereof, where coal was resold to a retailer who controls, financially or otherwise, the respondent, is in violation of paragraph (h) of the Distributor's Agreement and of Section 304.19 (c) of the Rules and Regulations for Registration of Distributors.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, be renewed in all other respects.

Dated: November 6, 1941.

[Docket No. B-15]

IN THE MATTER OF THE OAKLAND COAL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 6934, RESPONDENT

ORDER AMENDING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division having issued a Notice of and Order for Hearing dated October 9, 1941 in the above-entitled matter to determine whether or not The Oakland Coal Company, Registered Distributor, has violated certain provisions of the Act, the Code, the Marketing Rules and Regulations, Rules and Regulations for Registration of Distributors, and the Distributor's Agreement executed June 20, 1939, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

It is ordered, That said Notice of and Order for Hearing dated October 9, 1941 in the above-entitled matter be and it is hereby amended by adding after Paragraph No. 5, two additional Paragraphs Nos. 6 and 7, respectively, reading as follows:

6. The transactions referred to in Paragraph No. 2 hereof concern, directly or indirectly, the use of brokerage commissions or jobbers' arrangements or sales agencies for making discounts, allowances, or rebates, or prices other than those determined under the Act, to a retailer and were therefore in violation of section 4 II (i) (11) of the Act, and Rule 11 of Section XIII of the Marketing Rules and Regulations, and Paragraphs (c) and (e) of the Distributor's Agreement.

7. The transactions referred to in Paragraph No. 2 hereof concern sales to or through a broker, jobber, commission account, or sales agency, which is in fact or in effect an agency or instrumentality of a retailer, whereby they or any of them secure either directly or indirectly a discount, dividend, allowance, or rebates, or a price other than that determined in the manner prescribed by the Act, and are therefore in violation of section 4 II (i) (12) of the Act, Rule 12 of section XIII of the Marketing Rules and Regulations and Paragraphs (c) and (e) of the Distributor's Agreement.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941 shall, in all other respects, remain in full force and effect.

Dated: November 6, 1941.

[Docket No. 1763-FD]

IN THE MATTER OF LITTLE JOHN COAL COMPANY, A CORPORATION, CODE MEMBER, DEFENDANT

ORDER GRANTING APPLICATION FOR REINSTATEMENT OF CODE MEMBERSHIP

A complaint, dated July 3, 1941, in the above-entitled matter, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on July 7, 1941, by the Bituminous Coal Producers Board for District No. 10, complainant, with the Bituminous Coal Division (the "Division"), alleging that the defendant wilfully violated the provisions of the Bituminous Coal Code (the "Code"), the effective minimum prices, and the Marketing Rules and Regulations; and

An Order having been entered herein on October 25, 1941, pursuant to the stipulation of the Little John Coal Company and the said District Board dated October 13, 1941, cancelling and revoking the code membership of the Little John Coal Company, effective ten (10) days after the service of a copy of such Order upon the Little John Coal Company and ordering defendant and all persons acting or claiming to act in its interest to cease and desist from violating the provisions of the Code, the Act, the Marketing Rules and Regulations, and the effective minimum prices, which Order was duly served upon the Little John Coal Company on October 27, 1941; and

The Little John Coal Company having filed on October 30, 1941, with the Division its application dated October 29, 1941, for reinstatement of code membership to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that the Little John Coal Company has paid to the Collector of Internal Revenue at Indianapolis, Indiana, the sum of two thousand three hundred four dollars and fifty-four cents ($2,304.54), pursuant to said Order dated October 25, 1941, as a condition precedent to reinstatement of its code membership;

Now, therefore, it is ordered, That said application of the Little John Coal Company, dated October 29, 1941, for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of code membership be and the same is hereby granted.

It is further ordered, That said reinstatement of the code membership of the Little John Coal Company shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

It is further ordered, That except as hereinabove amended, said Order of Cancellation and Revocation dated October 25, 1941, shall in all other respects remain in full force and effect.

Dated: November 6, 1941.

[Docket No. 1709-FD]

IN THE MATTER OF PRINCESS PAT COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on June 2, 1941, with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 4, complainant, alleging wilful violation by the Princess Pat Coal Company, a code member in District No. 4, defendant, of the Bituminous Coal Code and the Rules and Regulations thereunder as follows:

That the defendant, between December 1, 1940 and January 31, 1941, both dates inclusive, sold through its sales agent, H. C. Bolin Coal Company, for shipments by truck, approximately 145 tons of 2" nut and slack coal produced at its Princess Pat Mine (Mine Index No. 112), located at Meigs County, Ohio, in District No. 4, to the Ohio River Salt Company, Mason City, West Virginia, at a delivered price of $1.10 per ton. The sale of said coal at $1.10 per ton delivered, (a) was at a price less than the effective minimum price of $1.40 per ton f. o. b. the mine, and (b) was at a price less than the effective minimum price f. o. b. defendant's mine plus an amount at least equal to the actual transportation charges and other incidental handling charges from the transportation facilities at the defendant's mine to the points from which all such charges were directly paid by the purchaser, as set forth in the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments, and Price Instruction No. 6, as amended, contained in said Schedule;

Pursuant to an order of the Director and after due notice to all interested parties, a hearing having been held in this matter on September 17, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Pomeroy, Ohio;

The defendant having appeared, and all interested parties having been afforded an opportunity to be present and to participate fully in the hearing;

At the conclusion of the hearing all parties having joined in the waiving of the preparation and filing of the Examiner's report, the matter having been thereupon submitted to the Director, and the Director having made Findings of Fact, Conclusions of Law, and having rendered an Opinion, which is filed herewith;[1]

Now, therefore, it is ordered, That, pursuant to section 5 (b) of the Act, the code membership of the defendant, the Princess Pat Coal Company, a code member in District No. 4, be and it is hereby revoked and cancelled; and

It is further ordered, That prior to any reinstatement of the defendant, Princess Pat Coal Company, or the owner thereof, Scott Dana Folmer, to membership in the Code, the defendant or the owner thereof shall pay to the United States a tax in the amount of $79.47 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 6, 1941.

IN THE MATTER OF MACLEAN COAL COMPANY, DEFENDANT

ORDER DISMISSING COMPLAINT

A complaint having been filed with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 20, the complainant, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937; the complainant alleging wilful violations by MacLean Coal Company, a code member, defendant, of the Bituminous Coal Code or Rules and Regulations thereunder as follows:

By selling (a) on or about November 22, 1940, to Rolapp-Romney Company, a registered distributor of Salt Lake City, Utah, one railroad car of 3" x 8" (Size Group 5) stove coal produced by the defendant at its MacLean Mine, Mine Index No. 11, located in District No. 20, shipped by rail to Opportunity, Washington, at a price of $3.05 per net ton f. o. b. said mine, whereas, the effective minimum price f. o. b. the mine established for such coal was $3.50 per net ton; (b) on or about November 22, 1940, to the Rolapp-Romney Company, a registered distributor of Salt Lake City, Utah, one railroad car of 3" x 8" (Size Group 5) stove coal produced by the defendant at its MacLean Mine, shipped by rail to Pendleton, Oregon, at a price of $3.05 per net ton f. o. b. the mine, whereas the effective minimum price established for such coal was $3.50 per net ton; (c) on or about November 27, 1940, to the Inter-Mountain Seed Company, Twin Falls, Idaho, one railroad car of 3" x 8" (Size Group 5) stove coal produced by the defendant at its MacLean Mine, shipped by rail to Twin Falls, Idaho, at a price of $3.45 per net ton f. o. b. the mine, whereas the effective minimum price f. o. b. said mine established for such coal was $3.50 per net ton; (d) on or about November 27, 1940, to the Filer Elevator Company, Filer, Idaho, one railroad car of 3" x 10" (Size Group 3) lump coal produced by the defendant at its MacLean Mine, shipped by rail to Filer, Idaho, at a price of $3.45 per net ton f. o. b. the mine, whereas the effective minimum price f. o. b. the mine established for such coal was $3.65 per net ton; (e) on or about November 30, 1940, to the Rolapp-Romney Company, a registered distributor, Salt Lake City, Utah, one railroad car of oil-treated 1" x 0 (Size Group 11) slack coal produced by the defendant at its MacLean Mine, shipped by rail to Vale, Oregon, at a price of $1.85 per net ton f. o. b. said mine, whereas the effective minimum price f. o. b. said mine established for such coal was $2.00 per net ton; and (f) on or about December 7, 1940, to the Pratt Sales Company, Twin Falls, Idaho, one railroad car of 3" x 10" (Size Group 3) lump coal produced by the defendant at its MacLean Mine, shipped by rail to Twin Falls, Idaho, at a price of $3.50 per net ton f. o. b. said mine, whereas the effective minimum price f. o. b. said mine established for such coal was $3.65 per net ton;

Pursuant to an Order of the Acting Director, a public hearing on this matter having been held before a duly designated Examiner of the Division at a hearing room thereof in Salt Lake City:

Appearances having been entered for the complainant and the defendant;

All interested persons having been afforded an opportunity to be present, and otherwise be heard; all parties having joined in waiving the preparation and filing of the Report by the Examiner; a record of the proceeding thereupon having been submitted to the Director; and the Director having made Findings of Fact, Conclusions of Law and having rendered an Opinion which are filed herewith;

Now, therefore, it is ordered, That the complaint of District Board No. 20 in this proceeding be and it is hereby dismissed without prejudice.

IN THE MATTER OF R. B. HIDDLESTON, TRADING AS H. & M. COAL COMPANY, DEFENDANT

CEASE AND DESIST ORDER

District Board 15 having filed a complaint, as amended, with the Bituminous Coal Division on June 12, 1941, pursuant to the provisions of Sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation of R. B. Hiddleston, trading as H. & M. Coal Company, a code member in District No. 15, of the Bituminous Coal Code and effective minimum prices established thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District No. 15 For Truck Shipments, and with intent to violate the same and in violation thereof, sold for shipment by truck 1¼" lump coals produced by the defendant at his H. & M. Mine (Mine Index No. 1203) located in Craig County, Oklahoma, at a price of $3.00 per net ton which is 30 cents lower than the effective minimum price of $3.30 per net ton f. o. b. the mine for such coals.

Pursuant to an Order of the Acting Director and after notice to all interested persons, a hearing having been held in this matter on September 29, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof;

All parties having joined in waiving the preparation and filing of a report by the Examiner; the record of the proceeding thereupon having been submitted to the undersigned for consideration; the undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith;[1]

Now, therefore, it is ordered, That the defendant, his officers, representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist and are hereby permanently enjoined and restrained from violating the Code and selling and offering to sell coal produced by the defendant at less than the applicable minimum prices established therefor contrary to the Bituminous Coal Act or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 15 For Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That if the defendant fails or neglects to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where such defendant carries on business or the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof, or take other appropriate action.

IN THE MATTER OF OWL COAL COMPANY, A PARTNERSHIP, DEFENDANT

CEASE AND DESIST ORDER

A complaint, as amended, having been filed with the Bituminous Coal Division, pursuant to the provisions of Section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 11, alleging wilful violation by the Owl Coal Company, a partnership composed of Roscoe Davidson, Robert McDaniel, and M. S. Spurlin, the defendant, a code member in District 11, of the Bituminous Coal Code and the effective minimum prices established thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments sold for shipment by truck, between March 1, 1941 and March 31, 1941, 78.2 tons of ⅝" lump coal (Size Group 6) as mine run coal at $1.80 per net ton for truck shipment; whereas the effective minimum price established for such coal is $2.20 per net ton f. o. b. the mine for truck shipment;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on September 24, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Shoals, Indiana;

All parties having joined in waiving the preparation and filing of a report by the Examiner; the record of the proceeding thereupon having been submitted to the undersigned for consideration;

The undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the defendant, its officers, representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf or interest or in behalf or interest of Roscoe Davidson, Robert McDaniel or M. S. Spurlin, partners of the Owl Coal Company, cease and desist and they hereby are permanently enjoined and restrained from selling and offering to sell coal produced by the defendant at prices below the applicable minimum prices established therefor or otherwise violating the Bituminous Coal Act or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments, and Marketing Rules and Regulations.

It is further ordered, That if the defendants or any of them fail to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where such defendant carries on business or the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof, or may take any other appropriate action.

NOTICE OF HEARING WITH RESPECT TO A PROPOSAL TO AMEND THE TENTATIVELY APPROVED MARKETING AGREEMENT, AS AMENDED, AND ORDER NO. 46, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE LOUISVILLE, KENTUCKY, MARKETING AREA

Notice is hereby given of a hearing to be held in the Kentucky Hotel, Louisville, Kentucky, at 10:00 a. m., c. s. t., November 18, 1941, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and Order No. 46, as amended, regulating the handling of milk in the Louisville, Kentucky, marketing area.

This notice is given pursuant to the provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, and of the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture.

This public hearing is for the purpose of receiving evidence on proposed amendments submitted by the Falls Cities Cooperative Milk Producers' Association, Fenley's Model Dairy, and the Dairy Division, Surplus Marketing Administration, United States Department of Agriculture, to (1) revise the class prices, including the price for Class I milk disposed of outside the marketing area and for Class I milk disposed of for relief distribution, (2) substitute an individual handler pooling arrangement for the present market-wide type of pool, and (3) revise any sections of the order, as amended, to make them consistent with any changes made necessary by the adoption or rejection of the aforesaid proposed amendments or any part thereof.

Copies of the proposed amendments may be obtained from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C., in Room 0310, South Building, or may be there inspected.

Dated: November 8, 1941.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 5701]

IN RE APPLICATION OF THOMAS PATRICK, INC. (KWK), ST. LOUIS, MISSOURI

ORDER AMENDING NOTICE OF ISSUES AND CONTINUING HEARING

It is ordered, On the Commission's own motion, this 5th day of November 1941 that the notice of issues heretofore released on the application in Docket No. 5701, be, and it is hereby, amended to read as follows:

1. To determine the financial, technical and other qualifications of the applicant to construct and operate Station KWK, as proposed.

2. To determine the nature and character of the technical and program service proposed to be rendered.

3. To determine the nature, extent and effect of interference which would result between KWK, as proposed, and Stations KPO, WPTF, and WMAQ.

4. To determine whether the proposed antenna array would constitute a hazard to air navigation.

5. To determine the extent of any interference which would result from the simultaneous operation of Station KWK as proposed and Station XED, Guadalajara, Mexico.

6. To determine whether the granting of this application would be consistent with the provisions of the North American Regional Broadcasting Agreement.

7. To determine whether the operation of Station KWK on the frequency of 680 kc., as herein proposed, would serve public interest, convenience and necessity better than the operation of Station KFEQ on this frequency as authorized in construction permit B4-P-2477.

8. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served by the granting of this application.

It is further ordered, That the hearing on the above-entitled application heretofore scheduled for November 10, 1941, be, and it is hereby, continued to December 15, 1941.

By the Commission, Norman S. Case, Commissioner.

FEDERAL POWER COMMISSION.

[Docket No. IT-5685]

IN THE MATTER OF IOWA UNION ELECTRIC COMPANY

ORDER APPROVING ACCOUNTING ENTRIES AND CANCELLING HEARING

NOVEMBER 6, 1941.

It appearing to the Commission that:

(a) On December 27, 1938, Iowa Union Electric Company, formerly Keokuk Electric Company, hereinafter referred to as "Company," filed and submitted proposed reclassification and original cost studies required by Electric Plant Accounts Instruction 2-D of the Commission's Uniform System of Accounts Prescribed for Public Utilities and Licenses, effective January 1, 1937, and the Commission's order of May 11, 1937, for its properties and acquired properties, Dallas City Light Company and Fort Madison Electric Company;

(b) The Commission's staff has made a field study of the Company's proposed reclassification and original cost studies of electric plant and submitted a report entitled "Report on the Original Cost Study of Electric Plant of Iowa Union Electric Company, formerly Keokuk Electric Company, and Acquired Companies, Fort Madison Electric Company and Dallas City Light Company, as at December 31, 1936";

(c) The Commission's staff report was transmitted to the Company on September 29, 1939, with a request that the accounting adjustments indicated in the report be made, and copies of adjusting journal entries be submitted;

(d) Under date of November 25, 1940, there was transmitted to the Company, as a result of correspondence, conferences, and the submission of additional data, a supplemental report in which a revised allocation of the differences between original cost and book cost of certain gas, electric and railway properties of the companies named in paragraph (a) hereof, was made, and at the same time the Company was requested to submit a plan for the immediate disposition of the amounts established in Account 100.5, Electric Plant Acquisition Adjustments, and Account 107, Electric Plant Adjustments, by said supplemental report;

(e) By order adopted April 1, 1941, the Commission ordered that the Company show cause at a public hearing why the adjustments proposed in the Commission's Staff Report should not be made and why disposition of the amounts established by such report in Account 100.5, Electric Plant Acquisition Adjustments, and Account 107, Electric Plant Adjustments, should not be made;

(f) Thereafter, by petition filed with the Commission on June 7, 1941, the Company requested the Commission's approval of certain journal entries reclassifying its Electric, Gas and Railway Plant Accounts and of certain plans of disposition of amounts included in Account 100.5, Electric Plant Acquisition Adjustments, Account 107, Electric Plant Adjustments, Gas Plant Acquisition Adjustments and Gas Plant Adjustments, within Account 108, Other Utility Plant, and Street Railway Plant Acquisition Adjustments and Street Railway Plant Adjustments, within Account 108, Other Utility Plant; all in accordance with the adjustments proposed by the Commission's Staff in their "Report on the Original Cost Study of Electric Plant of Iowa Union Electric Company, formerly Keokuk Electric Company, and Acquired Companies, Fort Madison Electric Company and Dallas City Light Company, as at December 31, 1936" with certain minor modifications thereof;

(g) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $209,266.58 in Account 100.5, Electric Plant Acquisition Adjustments, which amount the Company proposes to dispose of as follows:

To Account 250, Reserve for Depreciation, representing the excess of purchase cost over original cost of properties acquired by Fort Madison Electric Company and Dallas City Light Company, specifically provided for in the companies' annual provision for depreciation from 1929 to 1937, $21,237.27.

From Account 250, Reserve for Depreciation, representing the examiners' adjustment of the amount of such reserve applicable to acquired property, ($5,230.02).

To Account 250, Reserve for Depreciation, representing the portion of the cost of changing customers' appliances of Keokuk Electric Company specifically provided for in the Company's annual provision for depreciation from 1929 to 1940, $4,673.03.

To Account 250, Reserve for Depreciation, representing the portion of the excess of purchase cost over original cost of properties acquired by Keokuk Electric Company specifically provided for in the company's annual provision for depreciation from 1929 to 1940, $60,092.54.

To Account 271, Earned Surplus, representing the excess of purchase cost over original cost of properties acquired by Fort Madison Electric Company and Dallas City Light Co., $17,018.46.

To Account 271, Earned Surplus, representing the examiners' adjustment of the amount of Reserve for Depreciation applicable to such acquired property (Account 250 contra), $5,230.02.

To Account 271, Earned Surplus, representing the entire cost of changing customers' appliances of Fort Madison Electric Company and Dallas City Light Company, $7,214.54.

To Account 271, Earned Surplus, representing that portion of the cost of changing customers' appliances of Keokuk Electric Company not provided for by annual provision for depreciation, $7,009.55.

To Account 271, Earned Surplus, representing adjustment of estimated original cost of parcel of land located in Fort Madison, Iowa, which parcel had originally been acquired by Fort Madison Electric Company, $2,100.00.

From Account 271, Earned Surplus, representing the adjustment of retirements as between acquired and constructed property, ($217.62)

To Account 537, Miscellaneous Amortization, representing balance of excess of book cost over original cost to be amortized over a period of not more than five years through this account beginning with the year 1941, in equal annual installments, $90,138.81.

Total, $209,266.58.

(h) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $144,051.12 in Account 107, Electric Plant Adjustments, which amount the Company proposes to dispose of as follows:

To Account 250, Reserve for Depreciation, representing unrecorded retirements, $35,034.09.

To Account 250, Reserve for Depreciation, representing non-existent property, $14,433.61.

To Account 250, Reserve for Depreciation, representing that portion of a syndicate write-up of the plant specifically provided for in the company's annual provision for depreciation from 1929 to 1940, $34,924.82.

To Account 271, Earned Surplus, representing the balance of a syndicate write-up of plant, $52,387.24.

To Account 271, Earned Surplus, representing cost of expired franchises and other items improperly included in Organization Account, $7,030.38.

To Account 271, Earned Surplus, representing operating expenses improperly capitalized, $240.98.

Total, $144,051.12.

(i) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $96,148.06 in Gas Plant Acquisition Adjustments within Account 108, Other Utility Plant, which amount the Company proposes to dispose of as follows:

To Account 250, Reserve for Depreciation, representing that portion of the excess of purchase cost over original cost of gas properties acquired by Keokuk Electric Company specifically provided for in the Company's annual provision for depreciation from 1929 to 1940, $38,459.22.

To Account 537, Miscellaneous Amortization, representing balance of excess of book cost over original cost to be amortized over a period of not more than five years through this account beginning with the year 1941, in equal annual installments, $57,688.84.

Total, $96,148.06.

(j) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $55,879.72 in Gas Plant Adjustments within Account 108, Other Utility Plant, which amount the Company proposes to dispose of as follows:

To Account 250, Reserve for Depreciation, representing that portion of a syndicate write-up of plant, specifically provided for in the company's annual provision for depreciation from 1929 to 1940, $22,351.89.

To Account 271, Earned Surplus, representing the balance of a syndicate write-up of plant, $33,527.83.

Total, $55,879.72.

(k) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $54,083.28 in Railway Plant Acquisition Adjustments within Account 108, Other Utility Plant, which the company proposes to dispose of as follows:

To account 250, Reserve for Depreciation, representing that portion of the excess of purchase cost over original cost of railway properties acquired by Keokuk Electric Company specifically provided for in the company's annual provision for depreciation from 1929 to 1940, $21,633.31.

To Account 271, Earned Surplus, representing the balance of excess of purchase cost over original cost of railway properties acquired by Keokuk Electric Company, which properties have since been abandoned, $32,449.97.

Total, $54,083.28.

(l) The proposed journal entries referred to in paragraph (f) hereof will establish an amount of $31,432.34 in Railway Plant Adjustments within Account 108, Other Utility Plant, which amount Company proposes to dispose of as follows:

To Account 250, Reserve for Depreciation, representing that portion of a syndicate write-up of plant, specifically provided for in the company's annual provision for retirements from 1929 to 1940, $12,572.94.

To Account 271, Earned Surplus, representing the balance of a syndicate write-up of plant, $18,859.40.

Total, $31,432.34.

The Commission finds that:

The proposed journal entries and the plans for disposition of the amounts established in Account 100.5, Electric Plant Acquisition Adjustments, Account 107, Electric Plant Adjustments, Gas Plant Acquisition Adjustments and Gas Plant Adjustments within Account 108, Other Utility Plant, and Street Railway Plant Acquisition Adjustments and Street Railway Plant Adjustments, within Account 108, Other Utility Plant, submitted in the petition filed on June 7, 1941, and described in paragraphs (g) to (l) hereof, are in conformity with correct accounting principles and the Commission's Uniform System of Accounts Prescribed for Public Utilities and Licensees;

The Commission orders that:

(A) The proposed journal entries submitted by the Company in its petition filed with the Commission on June 7, 1941, be and they are hereby approved;

IN THE MATTER OF THE HUTCHINS SECURITIES COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 8th day of November, A. D. 1941.

An application having been duly filed by the above named applicant under and pursuant to the provisions of sections 3 (b) (2) and 6 (c) of the Investment Company Act of 1940, for an order declaring applicant to be primarily engaged in a business other than that of investing, reinvesting, owning, holding or trading in securities either directly or through majority owned subsidiaries or through controlled companies conducting similar types of businesses, or in the alternative for an order of exemption from all provisions of the Act;

It is ordered, That a hearing on the said application under and pursuant to sections 3 (b) (2) and 6 (c) of the said Investment Company Act be held on November 17, 1941 at 10:00 o'clock in the forenoon of that day in Room 1101 of the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C.

It is further ordered, That Charles S. Lobingier, Esq., or any officer or officers of the Commission designated by it for that purpose shall preside at such hearing on such application. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under Sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the above named applicant and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

IN THE MATTER OF ASSOCIATED GAS AND ELECTRIC COMPANY AND STANLEY CLARKE, TRUSTEE THEREOF, IN HIS CAPACITY AS SUCH; ASSOCIATED GAS AND ELECTRIC CORPORATION AND WILLARD L. THORP AND DENIS J. DRISCOLL, TRUSTEES THEREOF, IN THEIR CAPACITY AS SUCH; GENERAL GAS & ELECTRIC CORPORATION; SOUTHEASTERN ELECTRIC AND GAS COMPANY; AND VIRGINIA PUBLIC SERVICE COMPANY

NOTICE OF FILING OF ANSWER AND ORDER FOR HEARING THEREON

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 8th day of November A. D. 1941.

Notice is hereby given that an application and a declaration have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Virginia Public Service Company, Virginia Public Service Generating Company, The Hampton Towing Corp., Middle Virginia Power Company and General Gas & Electric Corporation, it being represented that this filing is, and respondents having requested that the Commission so consider it, an answer to proceedings instituted by the Commission pursuant to section 11 (b) (2) of the Act, a hearing thereon having been scheduled previously for November 12, 1941 (See Holding Company Act Release No. 3088).

The matters embraced by said application and declaration, which are on file in the Washington office of the Securities and Exchange Commission and to which interested parties are referred for a detailed description of the provisions of the proposed transactions, are briefly described below:

The Hampton Towing Corporation and Middle Virginia Power Company, two wholly owned subsidiaries of Virginia Public Service Company, are to be dissolved and all of their assets conveyed in liquidation to Virginia Public Service Company in consideration of the latter company's surrendering for cancelation of all the stock of each of such subsidiaries and assuming all of the liabilities thereof;

Virginia Public Service Generating Company is to be merged into Virginia Public Service Company and in connection with such merger all of the outstanding indebtedness of Virginia Public Service Generating Company will be discharged (by the use of part of the funds to be generated by the issuance and sale of securities by Virginia Public Service Company to be hereinafter discussed) and all of the 3,300 shares of Common Stock of Virginia Public Service Generating Company now owned by Virginia Public Service Company are to be canceled;

Virginia Public Service Company proposes to issue the following new securities:

$22,800,000 principal amount of First Mortgage 30-Year 3½% Bonds. $5,700,000 principal amount of Serial Notes maturing two and one-half to ten years from issuance and bearing interest at rates to average not more than 3%. 70,000 shares of cumulative 5¼%, $100 par value Preferred Stock. 628,333 shares of Common Stock without par value.

All of the new Bonds, Serial Notes and Preferred Stock of Virginia Public Service Company (other than shares of new Preferred Stock which may be issued to present preferred stockholders as hereinafter described) will be sold to the public for the account of Virginia Public Service Company. Present preferred stockholders shall have the right "at their sole option, to elect prior to the time of entering into an agreement for the sale of the new securities to receive in respect of each share an amount in cash equal to the par value thereunder, plus all accrued and unpaid dividends thereon to the date of the closing. Holders of the present outstanding Preferred Stock not so electing to take cash will receive for each one share of Preferred Stock now outstanding one share of new Preferred Stock, plus an amount in cash equal to the accrued and unpaid dividends on the presently outstanding Preferred Stock to the date of closing less the sum of (a) $6 per share being the amount of estimated minimum premium at which the new Preferred Stock will be sold to the public. (In the event the new Preferred Stock is initially sold to the public at a premium less than the amount hereinbefore stated to be the estimated minimum premium the amount to be deducted to be correspondingly reduced); and (b) the accrued dividends to the date of the closing on the new Preferred Stock received. The new and reclassified Common Stock of Virginia Public Service Company will be sold for the joint account of Virginia Public Service and General Gas & Electric Corporation. The exact number of shares of the new and reclassified Common Stock of Virginia Public Service Company which will be sold for the respective accounts of Virginia Public Service Company and General Gas & Electric Corporation cannot be determined until a contract has been entered into for the sale of all of the new securities of Virginia Public Service Company;

Out of the proceeds received by it, General Gas & Electric Corporation proposes to purchase from Virginia Public Service Company the 60,666 shares of Common Stock of Eastern Shore Public Service Company (Delaware) now owned by Virginia Public Service Company for a total consideration not to exceed $500,000, the exact price not yet having been determined;

Virginia Public Service Company proposes to acquire from General Gas & Electric Corporation $1,200,000 in principal amount of First Mortgage and Refunding Twenty-year 5% Gold Bonds, Series B of Virginia Public Service Company for a cash payment of 97% of principal amount and accrued interest thereon to the date of delivery of such bonds to Virginia Public Service Company;

In addition to characterizing the above filings as an answer to the proceedings instituted by the Commission under Section 11 (b) (2), the respondents-applicants have made separate filings of the same material designating sections 6 (a), 6 (b), 7 (e), 9 (a), 10, 11 (g), 12 (c), 12 (d), 12 (e), 12 (f), 15 (f) and 20 (a) of the Act and Rules U-42, U-43, U-44, and U-62 promulgated thereunder as applicable to such transactions, the parties not yet having determined whether to seek an exemption from Rule U-50;

Representatives of Virginia Public Service Company having requested, for good cause shown, that the hearing now scheduled for November 12, 1941 on the

previously instituted proceedings under section 11 (b) (2) of the Act, and to which the instant filing is an answer, be postponed;

It is ordered, That a consolidated hearing on such matters under the applicable provisions of said Act and the Rules of the Commission thereunder be held on November 17, 1941, at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room where such hearing will be held. All persons desiring to be heard or otherwise participate in the proceedings should notify the Commission in a manner prescribed by our Rules of Practice, Rule XVIII on or before November 15, 1941;

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matters. The officer so designated to preside at such hearing is hereby authorized to assert all powers granted to the Commission under Section 18 (c) of the Act and to the trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the generality of the foregoing and without limiting the scope of the proceedings as outlined in our original order of August 12, 1941, in the premises, particular attention be directed at said hearing to the following matters and questions raised by this new filing:

1. Whether the proposed refinancing of Virginia Public Service Company satisfies the standards of the Public Utility Holding Company Act and is fair to the investors, consumers and the public generally.

2. Whether the consummation of the transactions as outlined in the filing and in the answer to the section 11 (b) (2) proceedings instituted by the Commission will be appropriate and adequate.

3. In the event the Commission finds such refinancing appropriate, what terms and conditions, if any, seem necessary and desirable to be imposed upon such transactions.

4. What pertinent facts set forth in the report, dated August 5, 1941, and the supplemental report, dated October 15, 1941, prepared by the Public Utilities Division of the Commission concerning Virginia Public Service Company and the problems attendant thereto arising under the Public Utility Holding Company Act of 1935 are admitted by respondents-applicants; what pertinent facts set forth in said report are denied; and what pertinent facts set forth in said report need further elaboration.

5. Whether the various types of securities to be offered by Virginia Public Service Company should be offered for competitive bidding separately as to each type of security, or whether bids embracing two or more types of securities may be accepted.

By the Commission.

IN THE MATTER OF UNION ELECTRIC COMPANY OF MISSOURI, and UNION ELECTRIC COMPANY OF ILLINOIS

NOTICE REGARDING FILING SUBJECT TO RULE U-23

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 8th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party or parties; and

Notice is further given that any interested person may, not later than November 24, 1941, at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested parties are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Union Electric Company of Missouri, a registered holding company and a subsidiary of The North American Company, also a registered holding company, proposes (a) to acquire for cash from time to time during the period ending June 30, 1942, 150,000 shares of additional common stock having an aggregate par value of $3,000,000 of its subsidiary, Union Electric Company of Illinois; and (b) to pledge under its First Mortgage and Deed of Trust the 150,000 shares of its said subsidiary so to be acquired by it.

Union Electric Company of Illinois proposes to issue and sell to Union Electric Company of Missouri for cash from time to time during the period ending June 30, 1942, 150,000 shares of its common stock having an aggregate par value of $3,000,000 and to use the proceeds therefrom to finance its construction program.

By the Commission.

IN THE MATTER OF NEW ENGLAND GAS AND ELECTRIC ASSOCIATION, AND NEW HAMPSHIRE GAS AND ELECTRIC CORPORATION

AMENDATORY ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 8th day of November, A. D. 1941.

The Commission having heretofore under date of September 24, 1941, duly entered an order, subject to certain conditions contained therein, in the above entitled proceedings whereby New Hampshire Gas and Electric Corporation was granted exemption pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 from the provisions of section 6 (a) of the said Act of the issue and sale of $1,500,000 of additional common stock represented by 22,500 shares without par or nominal value, $1,000,000 principal amount of first mortgage 3½% bonds, Series B, due 1971, and the reduction of the interest rate from 4½% to 3½% per annum on $970,000 principal amount of first mortgage bonds, Series A, due 1963 of said issuer; said order also granting an application of New England Gas and Electric Association filed pursuant to section 10 of said Act regarding the acquisition of the said $1,500,000 of common stock of New Hampshire Gas and Electric Corporation; and said order providing that the Commission retain jurisdiction over a fee of $10,000 proposed to be paid to The First Boston Corporation and that such fee should not be paid until further order of the Commission; and

A hearing having been held on October 15, 1941 with respect to the reasonableness of said fee; and the Commission deeming that such fee is not unreasonable and that payment thereof may appropriately be permitted;

It is ordered, That New Hampshire Gas and Electric Corporation be and is hereby authorized to pay said fee of $10,000 to The First Boston Corporation for services rendered in connection with the above described transactions, and that the reservation of jurisdiction over the said fee be and is hereby released.

By the Commission.

*§§ 724.411 to 724.422, inclusive, issued under authority contained in sec. 313 of the Agricultural Adjustment Act of 1938, as amended, 52 Stat. 47, 202, 586. 53 Stat. 1261, 54 Stat. 392; 7 U.S.C. Sup., 1313.

§ 724.412 *Extent of calculations and rule of fractions.* (a) All percentages shall be calculated to the nearest whole percent. Fractions of more than fifty-hundredths of one percent shall be rounded upward, and fractions of fifty-hundredths of one percent or less shall be dropped except as may be provided by the Regional Director. For example, 87.51 percent would become 88 percent and 87.50 percent would become 87 percent.

(b) All acreage shall be calculated to the nearest one-tenth of an acre. Fractions of more than fifty-thousandths of an acre shall be rounded upward, and fifty-thousandths of an acre or less shall be dropped. For example, 1.051 would become 1.1 and 1.050 would become 1.0.*

§ 724.413 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration of the United States Department of Agriculture shall cause to be prepared and issued with his approval such instructions and such forms as may be necessary or expedient for carrying out this procedure.*

§ 724.414 *Applicability of procedure.* This Burley allotment procedure for 1942 shall relate to, and be effective for, the establishment of farm acreage allotments for Burley tobacco for the year 1942.*

ESTABLISHMENT OF ALLOTMENTS AND YIELDS FOR OLD FARMS

§ 724.415 *Acreage allotments for old tobacco farms.* The farm acreage allotment for an old farm shall be the 1941 acreage allotment for the farm plus any acreage by which such allotment was reduced because of violation of the 1940 marketing quota regulations unless adjusted in accordance with § 724.416 or § 724.417 hereof: *Provided, however,* That in case farms are retired from agricultural production either (a) because of their purchase or lease by a State or federal agency for any purpose or (b) because of acquisition for use in connection with the National Defense Program, any tobacco acreage allotted to such farms in 1942 shall be placed in a State pool. Such acreage shall be available for allotment by local committees. A farm shall be eligible for a 1942 allotment from the State pool provided that the 1942 operator of such farm was engaged in the production of tobacco in 1941 on a retired farm (or the county committee determines that he would have engaged in the production of tobacco in 1941 except for the retirement of such farm) for which a 1941 acreage allotment was established. The acreage allotment for such farm shall be that acreage which the county committee determines to be fair and reasonable for the farm taking into consideration the tobacco producing experience of the farm operator; land, labor and equipment available for the production of tobacco; crop rotation practices; the soil and other physical factors affecting the production of tobacco; and allotments determined for other old tobacco farms in the new community which are similar with respect to such factors. The acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the acreage allotment for the retired farm unless a larger allotment has been previously established for the newly acquired farm in which case the allotment for such farm shall be that acreage previously determined.*

§ 724.416 *Reduction of acreage allotment for violations of 1941 marketing quota regulations.* If tobacco was sold or was permitted to be sold on a marketing card for any farm which was produced on a different farm the acreage allotment for each farm shall be reduced by the amount of tobacco so marketed; *Provided,* That such reduction shall not be made if the Secretary, through the local committee, determines that no person connected with such farm caused, aided, or acquiesced in such marketing. If proof of the disposition of any amount of tobacco produced on a farm is not furnished, as required by the Secretary, the acreage allotment shall be reduced by such amount of tobacco.

The amount of tobacco involved will be converted to an acreage basis by dividing such amount of tobacco by the 1941 actual yield for the farm.*

§ 724.417 *Allotments by local committees.* An amount not in excess of one-half of one percent of the 1941 acreage allotment for each State will be apportioned to the counties in the State on the basis of the percentage the county acreage allotment is of the State acreage allotment, unless otherwise recommended by the State committee and approved by the Regional Director. The acreage apportioned to the county will be available for allotment by the local committee. A farm shall be eligible for allotment as provided hereunder (a) if the committee finds that the 1941 allotment for the farm is relatively smaller

in relation to the land, labor and equipment available for the production of tobacco on the farm than the average of the allotments in relation to the land, labor, and equipment available for the production of tobacco on other farms in the county, or (b) if tobacco was harvested on the farm in 1941 and the acreage allotment therefor was zero. In making the adjustment in the farm acreage allotment the local committee shall consider the past acreage of tobacco (harvested and diverted), the land, labor, and equipment available for the production of tobacco, and crop rotation practices. In no event shall the adjustment of the acreage allotment to any farm be more than the larger of ten percent of the 1941 allotment for the farm or five-tenths of an acre: *Provided,* That in the case of any farm on which tobacco was harvested in 1941 for which no acreage allotment was established the committee may establish an allotment not exceeding five-tenths of an acre.

Any adjustment as provided above shall be subject to the approval of the State committee.*

§ 724.418 *Reconstituted farms.* (a) If land operated as a single farm in 1941 has been subdivided for 1942 into two or more tracts, the 1942 tobacco acreage allotment for the farm shall be apportioned among the tracts in the same proportion as the acreage of cropland suitable for the production of tobacco on each such tract in such year bore to the total number of acres of cropland suitable for the production of tobacco on the entire farm in such year, unless otherwise recommended by the county committee and approved by the State committee.

(b) If two or more farms operated separately in 1941 are combined into a single farm for 1942, the 1942 allotment shall be the sum of the 1942 allotments for each of the farms composing the combination.*

§ 724.419 *Determination of normal yields.* The normal yield for any farm shall be that yield which the local committee determines is normal for the farm taking into consideration (a) the yields obtained on the farm during the years 1936–40; (b) the soil and other physical factors affecting the production of tobacco on the farm and (c) the yields obtained on other farms in the locality which are similar with respect to such factors. The weighted average of the normal yields for all farms in each county shall not exceed the yield established for the county in 1941, unless an adjustment for abnormal conditions is made by the Secretary upon recommendations of the State committee.*

ACREAGE ALLOTMENTS AND YIELDS FOR NEW FARMS

§ 724.420 *Determination of acreage allotments for new farms.* The acreage allotment for a new farm shall be that acreage which the local committee determines is fair and reasonable for the farm taking into consideration each of the following factors: The past tobacco experience of the farm operator; the acreage of cropland in the farm suitable for tobacco production; the acreage capacity of barns which are located on the farm and which are in usable condition and available for the curing of tobacco; the customary crop rotation practices; and the adaptability of the soil to the growing of tobacco: *Provided,* That the acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the smallest of: First, one-fifth of the past acreage of tobacco grown by the farm operator 1937–1941; or, second, 75 percent of the average acreage allotment for old farms in the county; or, third, one acre.

Notwithstanding any other provisions of this section a tobacco acreage allotment shall not be established for any new farm unless the following conditions have been met:

(a) The farm operator shall have had two years or more experience in growing tobacco as a sharecropper, tenant, or as a farm operator during the past five years;

(b) The farm operator shall be living on the farm and largely dependent on this farm for his livelihood;

(c) The farm covered by the application shall be the only farm owned or operated by the farm operator on which any tobacco is produced; and

(d) No kind of tobacco other than Burley will be grown on the farm in 1942.

The acreage allotments established as provided in this section shall be subject to such downward adjustment as is necessary to bring such allotments in line with the total acreage available for allotment to all new farms. The acreage available for establishing allotments for farms on with no tobacco was grown during the past five years shall be one-tenth of one percent of the national allotment.*

§ 724.421 *Time for filing application.* In order to obtain an allotment for a new tobacco farm in 1942, the operator of the farm shall file an application therefor prior to February 1, 1942.*

§ 724.422 *Determination of normal yields.* The normal yield for a new farm shall be that yield per acre which the local committee determines is reasonable for the farm as compared with yields for other farms in the locality on which the soil and other physical factors affecting the production of tobacco are similar.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing Part I of the Marketing Quota Regulations for Burley Tobacco for the 1942–43 Marketing Year, consisting of procedure for determination of farm acreage allotments, to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 12th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

GENERAL

§ 727.411 *Definitions.* As used in this procedure and in all instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them, unless the context or subject-matter otherwise requires:

(a) "Flue-cured allotment procedure for 1942" means this Tobacco 603 (Flue-cured).

(b) "Local committee" means the county and community committee utilized under the Act. "County committee" or "community committee" shall have corresponding meanings in the connection in which they are used.

(c) "New farm" means a farm on which tobacco was not produced in any of the 5 years 1937 to 1941 but on which tobacco will be produced in 1942.

(d) "Old farm" means a farm on which tobacco was produced in one or more of the 5 years 1937 to 1941 and on which tobacco will be produced in 1942.

(e) "Operator" means the person who, as owner, landlord, or tenant, is in charge of the supervision and the conduct of the farming operations on the entire farm.

(f) "State committee" means the group of persons so designated within any State to assist in the administration in the State of the Act.

(g) "Tobacco" means tobacco classified in Service and Regulatory Announcement No. 118 of the Bureau of Agricultural Economics of the United States Department of Agriculture, as types 11, 12, 13, and 14 and collectively known as flue-cured tobacco.*

*§§727.411 to 727.422, inclusive, issued under authority contained in sec. 313 of the Agricultural Adjustment Act of 1938, as amended, 52 Stat. 47, 202, 586; 53 Stat. 1261; 54 Stat. 392; 7 U.S.C. Sup. 1313.

§ 727.412 *Extent of calculations and rule of fractions.* (a) All percentages shall be calculated to the nearest whole percent. Fractions of fifty-one hundredths of one percent or more shall be rounded upward, and fractions of five-tenths of one percent or less shall be dropped. For example, 87.51 percent would become 88 percent and 87.50 percent would become 87 percent.

(b) All acreages shall be calculated to the nearest one-tenth of an acre. Fractions of fifty-one thousandths of an acre or more shall be rounded upward, and fractions of five-hundredths of an acre or less shall be dropped. For example, 1.051 would become 1.1 and 1.050 would become 1.0.*

§ 727.413 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration of the United States Department of Agriculture shall cause to be prepared and issued with his approval such instructions and such forms as may be necessary or expedient for carrying out this procedure.*

§ 727.414 *Applicability of procedure.* This flue-cured allotment procedure for 1942 shall govern the establishment of farm acreage allotments for flue-cured tobacco for use in connection with the 1942 Agricultural Conservation Program and in connection with farm marketing quotas for flue-cured tobacco for the marketing year therefor beginning July 1, 1942.*

ESTABLISHMENT OF ALLOTMENTS AND YIELDS FOR OLD FARMS

§ 727.415 *Acreage allotments for old tobacco farms.* The farm acreage allotment for an old farm shall be the 1941 acreage allotment for the farm plus any acreage by which such allotment was reduced because of violation of the 1940 marketing quota regulations unless adjusted in accordance with the procedure listed in §§ 727.416 and 727.417 below: *Provided, however,* That in case farms are retired from Agricultural production either (a) because of their purchase or lease by a State or federal agency for any purpose or (b) because of acquisition for use in connection with the National Defense Program, any tobacco acreage alloted to such farms in 1942 shall be placed in a State pool. Such acreage shall be available for allotment by local committees. A farm shall be eligible for a 1942 allotment from the State pool: *Provided,* That the 1942 operator of such farm was engaged in the production of tobacco in 1941 on a retired farm (or the county committee determines that he would have engaged in the production of tobacco in 1941 except for the retirement of such farm) for which a 1941 tobacco acreage allotment was established. The acreage allotment for such farm shall be that acreage which the county committee determines to be fair and reasonable for the farm taking into consideration the tobacco producing experience of the farm operator; land, labor and equipment available for the production of tobacco; crop rotation practices; the soil and other physical factors affecting the production of tobacco; and allotments determined for other old tobacco farms in the new community which are similar with respect to such factors. The acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the acreage allotment for the retired farm unless a larger allotment has been previously established for the newly acquired farm in which case the allotment for such farm shall be that acreage previously determined.*

§ 727.416 *Reduction of acreage allotment for violations of 1941 marketing quota regulations.* If tobacco was sold or was permitted to be sold on a marketing card for any farm which was produced on a different farm the acreage allotment for each farm shall be reduced by the amount of tobacco so marketed; provided that such reduction shall not be made if the Secretary through the local committee determines that no person connected with such farm caused, aided, or acquiesced in such marketing. If proof of the disposition of any amount of tobacco produced on a farm is not furnished as required by the Secretary the acreage allotment shall be reduced by such amount of tobacco.

The amount of tobacco involved will be converted to an acreage basis by dividing such amount of tobacco by the 1941 actual yield for the farm.*

§ 727.417 *Allotments by local committees.* An amount not in excess of one-half of one percent of the 1941 acreage allotment for each State will be apportioned to the counties in the State on the basis of the percentage the county acreage allotment is of the State acreage allotment, unless otherwise recommended by the State committee and approved by the Regional Director. The acreage apportioned to the county will be available for allotment by the local committee. A farm shall be eligible for allotment as provided hereunder (a) if the committee finds that the 1941 allotment for the farm is relatively smaller in relation to the land, labor and equipment available for the production of tobacco on the farm than the average of the allotments in relation to the land, labor and equipment available for the production of tobacco on other farms in the county, or (b) if tobacco was harvested on the farm in 1941 and the acreage allotment therefor was zero. In making the adjustment in the farm acreage allotment the local committee shall consider the past acreage of tobacco (harvested and diverted), the land, labor and equipment available for the production of tobacco, and crop-rotation practices. In no event shall the adjustment of the acreage allotment to any farm be more than the larger of ten percent of the 1941 allotment for the farm or five-tenths of an acre; *Provided,* That in the case of any farm on which tobacco was harvested in 1941 for which no acreage allotment was established the committee may establish an allotment not exceeding 10 percent of the acreage of tobacco harvested on the farm in 1941.

Any adjustment as provided above shall be subject to the approval of the State committee.*

§ 727.418 *Reconstituted farms.* (a) If land operated as a single farm in 1941 has been subdivided for 1942 into two or more tracts, the 1942 tobacco acreage allotment for the farm shall be apportioned among the tracts in the same proportion as the acreage of cropland suitable for the production of tobacco on each such tract in such year bore to the total number of acres of cropland suitable for the production of tobacco on the entire farm in such year, unless otherwise recommended by the county committee and approved by the State committee.

(b) If two or more farms operated separately in 1941 are combined into a single farm for 1942, the 1942 allotment shall be the sum of the 1942 allotments for each of the farms composing the combination.

§ 727.419 *Determination of normal yields.* The normal yield for any farm shall be that yield which the local committee determines is normal for the farm taking into consideration (a) the yields obtained on the farm during the years 1936–1940; (b) the soil and other physical factors affecting the production of tobacco on the farm and (c) the yields obtained on other farms in the locality which are similar with respect to such factors. The weighted average of the normal yields for all farms in each county shall not exceed the yield established for the county in 1941, unless an adjustment for abnormal conditions is made by the Secretary upon recommendation of the State committee.*

ACREAGE ALLOTMENTS AND YIELDS FOR NEW FARMS

§ 727.420 *Determination of acreage allotments for new farms.* The acreage allotment for a new farm shall be that acreage which the local committee determines is fair and reasonable for the farm taking into consideration each of the following factors: The past tobacco experience of the farm operator; the acreage of cropland in the farm suitable for tobacco production; the number of families on the farm available for tobacco production; the acreage capacity of barns which are located on the farm and which are in usable condition and available for the curing of tobacco; the customary crop rotation practices and the adaptability of the soil to the growing of tobacco; *Provided,* That the acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the smallest of: First, one-fifth of the past acreage of tobacco grown by the farm operator 1937–1941; or, second, one-half of the acreage capacity of the curing barns which are located on the farm and which are in usable condition and available for the curing of tobacco for the farm; or, third, one acre.

Notwithstanding any other provisions of this section a tobacco acreage allotment shall not be established for any new farm unless the following conditions have been met:

(a) The farm operator shall have had two years or more experience in growing tobacco as a share-cropper, tenant, or as a farm operator during the past five years;

(b) The farm operator shall be living on the farm and largely dependent on this farm for his livelihood;

(c) The farm covered by the application shall be the only farm owned or operated by the farm operator on which any tobacco is produced;

(d) No kind of tobacco other than flue-cured will be grown on the farm in 1942.

The acreage allotments established as provided in this section shall be subject to such adjustment as is necessary to bring such allotment in line with the total acreage available for allotments to all new farms. The acreage available for establishing allotments for farms on which no tobacco was grown during the past five years shall be one-tenth of one percent of the national allotment.*

§ 727.421 *Time for filing application.* In order to obtain an allotment for a new tobacco farm in 1942, the operator of the farm shall file an application therefor prior to February 1, 1942.*

§ 727.422 *Determination of normal yields.* The normal yield for a new farm shall be that yield per acre which the local committee determines is reasonable for the farm as compared with yields for other farms in the locality on which the soil and other physical factors affecting the production of tobacco are similar.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing Part I of the Marketing Quota Regulations for Flue-Cured Tobacco for the 1942–43 Marketing Year, consisting of procedure for determination of farm acreage allotments, to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 12th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 8—ALIENS AND NATIONALITY

CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE

[2d Supplement, General Order No. C–26]

PART 150—ARREST AND DEPORTATION

AMENDMENT OF REGULATIONS GOVERNING THE ARREST AND DEPORTATION OF ALIENS

NOVEMBER 10, 1941.

Pursuant to the authority contained in section 23 of the Act of February 5, 1917 (39 Stat. 892; 8 U.S.C. 102); section 24 of the Act of May 26, 1924 (43 Stat. 166; 8 U.S.C. 222); section 1 of Reorganization Plan No. V (5 F.R. 2223); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458), and § 90.1, Title 8, Chapter I, Code of Federal Regulations (5 F.R. 3503), the following change in § 150.11 of the said regulations (§ 19.11 of General Order No. C–26, of December 31, 1940; 6 F.R. 72) is hereby promulgated.

Section 150.11 (d) is amended to read as follows:

(d) *Special deportation procedure in cases involving recent illegal entrants and in emergencies; hearing and procedure thereunder.* The hearing and all further proceedings in the case of an alien arrested upon a warrant issued and executed in accordance with paragraph (c) of this section shall, if issuance of the warrant of arrest was based upon the emergency powers granted by paragraph (a) (2) of this section and the case is not one which also falls within the terms of paragraph (a) (1), be conducted in the same manner as if the warrant had been issued by the Central Office. In every case falling within the terms of paragraph (a) (1), the hearing shall be conducted in the same manner as is provided elsewhere in this part, with the following exceptions:

(1) The presiding inspector, immediately before the hearing is concluded, shall state for the record in the presence of the alien his findings of fact, conclusions of law, and recommendation as to the disposition of the case, and

(2) The alien shall be required then and there to state whether or not he takes exception to such findings of fact, conclusions of law, and recommendation as to the disposition of the case and he shall be informed that if he does take exception, the transcript of record will be submitted to the Central Office for decision, and

(3) The transcript of the record, including the findings of fact, conclusions of law and proposed order of the presiding inspector as stated in the record shall be presented to the officer in charge of the district in which the hearing is held.

TITLE 20—EMPLOYEES' BENEFITS

CHAPTER II—RAILROAD RETIREMENT BOARD

PART 262—MISCELLANEOUS

AMENDMENT TO REGULATIONS UNDER THE RAILROAD RETIREMENT ACT OF 1937

Pursuant to the general authority contained in section 10 of the Act of June 24, 1937 (sec. 10, 50 Stat. 314; 45 U.S.C. Sup. III, 228j), § 262.16 of the Regulations of the Railroad Retirement Board under such Act (4 F.R. 1477) is amended, effective June 1, 1938, by Board Order 41-463 dated November 4, 1941, by redesignating subsection (h) to become subsection (i), by adding certain words to said subsection (i), and by inserting a new subsection (h) immediately after subsection (g), said subsections (h) and (i) to read as follows:

§ 262.16 *Records and other papers of the Board; disclosure; service of process.*

* * * * * *

(h) No document, and no information acquired pursuant to any agreement, arrangement, contract, or request by or on behalf of the Board, relating to the gathering, preparation, receipt or transmittal of documents or information to, from or for the Board which is, by virtue of such agreement, arrangement, contract or request, in the possession of any person other than an employee of the Board, shall be produced, reproduced, or duplicated, disclosed or delivered by any person to any other person or tribunal (other than the Board or an employee thereof), whether in response to a subpoena or otherwise, except with the consent of the Board. Any person, upon receipt of any request, subpoena, or order calling for the production, disclosure, or delivery of such document or information shall notify the Board of the request, subpoena or order and shall take no further action except upon advice of the Board. Unless consent of the Board is given, the person shall respectfully decline to comply with the request, subpoena or order, basing his refusal upon the authority of this Regulation.

(i) As used in this Regulation, the word "document" includes correspondence, applications, claims, reports, records, memoranda and any other papers used, prepared, received or transmitted to, from, or for the Board in connection with the administration of any Act of Congress administered by the Board. (Sec. 10, 50 Stat. 314, 315; 45 U.S.C. Sup. III, 228j, 228k)

By Authority of the Board.

CHAPTER V— WAGES AND HOUR DIVISION

PART 522—EMPLOYMENT OF LEARNERS

REGULATIONS APPLICABLE TO THE EMPLOYMENT OF LEARNERS IN THE SINGLE PANTS, SHIRTS AND ALLIED GARMENTS AND WOMEN'S APPAREL INDUSTRIES

Whereas, Regulations Part 522, §§ 522.160 to 522.178, Regulations Applicable to the Employment of Learners in the Single Pants, Shirts and Allied Garments and Women's Apparel Industries,[1] were inadvertently issued so as to become effective upon my signing the original and upon publication thereof in the FEDERAL REGISTER on September 23, 1941, and

Whereas publication on that date was in error and should have occurred on September 29, 1941 to coincide with the effective date of Administrative Wage Orders for these industries, Parts 605 and 656, published in the FEDERAL REGISTER on September 13, 1941:

Now, therefore, said Regulations are made effective as of September 29, 1941. (Sec. 14, 52 Stat. 1068; 29 U.S.C., Sup., 214)

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-769]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR REVISION OF PRICE CLASSIFICATIONS AND MINIMUM PRICES OF CERTAIN COALS OF THE NEW RIVER COMPANY, SKELTON MINE, MINE INDEX NO. 167

A petition having been filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 7, requesting relief changing the classification of the coals of the Skelton Mine (Mine Index No. 167) from "A" to "B" in Size Groups 6 and 7;

A hearing in this matter having been held, pursuant to Order of the Director and after due notice to all interested persons, before a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record thereupon having been submitted to the undersigned;

The Director having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That § 327.11 (*Low volatile coals: Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck be and it hereby is amended by changing the classifications of the coals of the Skelton Mine (Mine Index No. 167) in Size Groups 6 and 7 from "A" to "B".

[Docket No. A-715]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER OF THE DIRECTOR APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING FINAL RELIEF IN THE MATTER OF THE PETITION OF THE CONSUMERS' COUNSEL DIVISION SEEKING FREE ALONGSIDE PRICES FROM DISTRICT 8 FOR THE PROCTER AND GAMBLE COMPANY, CINCINNATI, OHIO, IN MARKET AREA 19

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Bituminous Coal Division by Consumers' Counsel Division on behalf of Procter and Gamble Company, Cincinnati, Ohio, a consumer, seeking a modification of the effective minimum price schedule for District No. 8 so as to grant to Procter and Gamble Company the privilege of purchasing coals produced in District 8 for delivery to its Ivorydale and St. Bernard plants located at St. Bernard, Ohio, within the switching limits of Cincinnati, Ohio, at the minimum f. o. b. mine prices for free alongside delivery in lieu of the presently applicable ex-river prices;

Petitions of intervention having been filed by District Board 8, in opposition to the requested relief, and by the Procter and Gamble Company, in support thereof;

A hearing having been held before Travis Williams, a duly designated Examiner of the Division in Washington, D. C., on April 7-8 and April 17-18, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in this matter, dated September 18, 1941, recommending that the relief prayed for by the original petitioner be granted;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

The Director having determined that the Proposed Findings of Fact and Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director;

It is ordered, That the said Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and the same hereby are, approved and adopted as the Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That § 328.13 (*Special prices*—(a) *Prices for river (free alongside deliveries) and ex-river shipments* (1) *Special river price instructions and exceptions*—(iii) *Special cases*) in the Schedule of Effective Minimum Prices for District 8 for All Shipments Except Truck be and the same hereby is amended at subdivision (b) by inserting the following note:

Procter and Gamble Company (for consumption at its Ivorydale and St. Bernard plants located at St. Bernard, Ohio, provided that such coal is delivered in not less than barge-load lots).

Dated: November 7, 1941.

SUBCHAPTER B—PRIORITIES DIVISION

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

Amendment No. 3 to General Preference Order No. M-15 to Conserve the Supply and Direct the Distribution of Rubber

It is hereby ordered, That § 940.1 General Preference Order No. M-15 [1] is hereby amended by inserting immediately after paragraph (m) thereof the following new paragraph:

§ 940.1 *General preference order M-15.*

* * * * * *

(n) Each Company (which term when used in this paragraph shall include any corporation together with all other corporations controlling, and all other corporations controlled by, such corporation) which is a Processor of Rubber and which operates plants in more than one community (all plants operated by the same Company in the same community being herein collectively referred to as a "Unit") shall (1) within fifteen days after the effective date of this order file with the Rubber and Rubber Products Branch of the Division of Civilian Supply, Office of Production Management, a report showing the amount of Rubber processed or consumed by each Unit during the month of July, 1941; and (2) immediately upon any distribution of Rubber for any calendar month among its Units which is at a ratio which differs materially from the ratio of processing or consumption by such Units during July, 1941, file with the Rubber and Rubber Products Branch of the Division of Civilian Supply, Office of Production Management, a full report thereof showing clearly the reasons for such departure in ratio of distribution. In any case in which it appears that such change in ratio was not justified or proper, the Office of Production Management will take such action as it may deem appropriate.

This order shall take effect upon the date of the issuance thereof. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4469; O.P.M. PART 971—ALCOHOL

Amendment to General Preference Order No. M-31 to Conserve the Supply and Direct the Distribution of Methyl Alcohol (Methanol)

Section 971.2 (General Preference Order No. M-31[1]) is hereby amended to read as follows:

Whereas, the national defense requirements have created a shortage of Methyl Alcohol (Methanol) for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 971.2 *General preference order M-31*—(a) *Definitions.* For the purposes of this Order:

(1) "Methyl Alcohol" (Methanol), known also as wood alcohol, means Methyl Alcohol in any form and from whatever source derived.

(2) "Natural Origin Methyl Alcohol" means Methyl Alcohol produced by the destructive distillation of wood.

(3) "Synthetic Methyl Alcohol" means Methyl Alcohol manufactured by any process other than by the destructive distillation of wood.

(4) "Producer" means any person engaged in the production of Methyl Alcohol and includes any person who has Methyl Alcohol produced for him pursuant to toll agreement.

(5) "Distributor" means any person who has purchased or who purchases Methyl Alcohol for purposes of resale.

(b) *Applicability of Priorities Regulation No. 1.* Control of the supply and direction of the distribution of Methyl Alcohol is hereby taken by the Director of Priorities, and all future transactions of any kind in Methyl Alcohol are regulated and governed by the provisions and definitions contained in Regulation No. 1 of the Priorities Division of the Office of Production Management, issued on the 27th day of August 1941, except as herein otherwise specifically provided.

(c) *Assignment of preference rating to certain defense orders.* Deliveries under all Defense Orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A-10.

(d) *Directions with respect to residual supply.* After providing for all deliveries under Defense Orders, giving preference among such deliveries in accordance with any preference ratings specifically assigned thereto, Producers and Distributors shall make deliveries of Methyl Alcohol in accordance with the following directions:

(1) Deliveries of Natural Origin Methyl Alcohol to persons who require the same for use as a denaturant for ethyl alcohol and who, prior to delivery thereof, shall have certified to the Producer or the Distributor (i) that the Natural Origin Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such use only, and (ii) that the quantity sought in any month, together with all quantities on order with other Producers or Distributors for delivery during such month, does not exceed one-twelfth of the quantity of Natural Origin Methyl Alcohol used by such persons for such purpose during the 12-month period ended September 30, 1941, are hereby assigned preference rating B-4.

(2) Deliveries of Synthetic Methyl Alcohol to persons who require the same for general chemical manufacture including the production of formaldehyde for non-defense uses permitted in General Preference Order No. M-25 as amended, and excluding the uses set forth in paragraph (d) (3) of this section, and who, prior to delivery thereof, shall have certified to the Producer of the Distributor (i) that the Synthetic Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such purpose only, and (ii) that the quantity sought in any month, together with all quantities on order with other Producers or Distributors for delivery during such month, does not exceed one-twelfth of the quantity of Synthetic Methyl Alcohol used by such persons for such purpose during the 12-month period ended September 30, 1941, are hereby assigned preference rating B-4.

(3) Deliveries of Methyl Alcohol to persons who require the same for anti-freeze or general denaturant and solvent uses, and who, prior to delivery thereof, shall have certified to the Producer or the Distributor (i) that the Methyl Alcohol sought will be used (sold, in the case of a Distributor) for such purposes only, and (ii) that the quantities sought, in any month, together with all quantities on order with other Producers or Distributors for delivery during such month, does not exceed one-twelfth of the quantity of Methyl Alcohol used by such persons for such purposes during the 12-month period ended September 30, 1941, are hereby assigned preference rating B-8.

(4) When a non-defense order for Methyl Alcohol for a use specified in paragraph (d) (1) and (2) of this section, to which a preference rating has been assigned either by specific certificate or otherwise, is offered to a Producer or a Distributor, it shall be accepted, subject to the same terms and conditions applicable to the acceptance of Defense Orders set forth in Priorities Regulation No. 1; and deliveries shall be made under such an order in accordance with the preference rating assigned thereto and the delivery schedule specified therein even though deferment of deliveries under non-defense orders, bearing a lower preference rating or no preference rating, previously accepted is necessitated thereby. Any person seeking to place a non-defense order to which a preference rating has been assigned must make application for acceptance of such order in the first instance to his regular supplier (if a person has several regular suppliers, the order should be divided among such suppliers in accordance with such person's normal method of placing orders).

(e) *Reports.* Reports required by Priorities Regulation No. 1, hereinabove referred to, shall be made at such times and on such forms as shall be prescribed therefor by the Chemicals Section of the Office of Production Management.

(f) *Inventory restrictions.* Anything in this Order to the contrary notwithstanding, in addition to the inventory restrictions contained in Priorities Regulation No. 1, hereinabove referred to, no person shall accept deliveries of Methyl Alcohol which will effect an increase (or a further increase) in such person's inventory of Methyl Alcohol in excess of a 30-day supply, at the expected rate of use (distribution, in the case of a Distributor) thereof.

(g) *Effective date.* This Order shall take effect immediately, and unless sooner terminated by direction of the Director of Priorities will expire on the 31st day of July, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1325—CONSUMER'S DURABLE GOODS

PRICE SCHEDULE NO. 39—UPHOLSTERY FURNITURE FABRICS

Prices of upholstery furniture fabrics constitute an important cost to the furniture manufacturer. A survey of representative upholstery fabric manufacturers shows an average increase of 24 per cent in the period between January 1, 1941, and October 15, 1941. A contemplated price schedule will freeze current prices of wood furniture at their existing levels. Preventing further rises in upholstery furniture fabrics will implement this ceiling.

With the cooperation of the great majority of the industry, by means of individual voluntary agreements, the Office of Price Administration has succeeded in achieving some measure of stability in prices during September and October.

During that period, by letters of September 27 and October 15, this Office attempted to secure detailed cost and profit information from the industry to determine whether or not the previous price rises were justified. Hardly any of this information has been submitted. This investigation is continuing. This Office is also undertaking research, in conjunction with the Bureau of Standards, for the purpose of establishing standards of quality. Meanwhile, effective measures must be taken to prevent further increases which may result in unwarranted prices. After investigation, this Office has determined that the most effective action, and the one best calculated to assure uniform treatment for all members of the industry, is the issuance of a price schedule fixing maximum prices at 105 per cent of those in effect on September 10, 1941.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1325.51 *Maximum prices for upholstery furniture fabrics.* On and after November 10, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer shall sell, offer to sell, deliver or transfer any present pattern of upholstery furniture fabrics at a price higher than the maximum price. The maximum price for any present pattern shall be 105 per cent of the price quoted for such pattern in the manufacturer's price list in effect on September 10, 1941, to the same general class of purchasers. If no such price exists, the maximum price shall be 105 per cent of the highest price, f. o. b. seller's point of shipment, at which such pattern was sold and delivered to a purchaser of the same general class in the sixty-day period ended September 10, 1941.*

*§§ 1325.51 to 1325.60, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1325.52 *Less than maximum prices.* Lower prices than those established in § 1325.51 may be charged, demanded, paid or offered.*

§ 1325.53 *Evasion.* The price limitations set forth in this Price Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of upholstery furniture fabrics, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1325.54 *Reports*—(a) *Line as of September 10, 1941.* On or before November 20, 1941, each manufacturer shall submit to the Office of Price Administration reports on present patterns on Form 139:1, showing in the detail required by such Form the maximum prices established for such patterns by § 1325.51 of this Schedule, the name or number of such patterns, the specifications used for such patterns, and such other information as such Form may require. Manufacturers who have already submitted information required in Form 139:1 need not duplicate such information, but shall fill out such part of the Form as is necessary to complete the information required, and shall enclose with the Form a reference to the information already submitted. Copies of Form 139:1 can be procured from the Office of Price Administration.

(b) *Additions to such line.* Every addition to a manufacturer's line which is first delivered to a purchaser (or to a carrier for shipment to a purchaser) in the period commenced September 10, 1941, and ended November 10, 1941, shall be reported on Form 139:1 to the Office of Price Administration on or before November 20, 1941. Every addition to a manufacturer's line which is first delivered to a purchaser (or to a carrier for shipment to a purchaser) after November 10, 1941, shall be reported on Form 139:1 to the Office of Price Administration within ten days after such delivery.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1325.55 *Records.* Every manufacturer making sales of upholstery furniture fabrics after November 10, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale, showing the date thereof, the name and address of the buyer, and the prices received, the patterns, and the quantity of upholstery furniture fabrics sold.*

§ 1325.56 *Affirmations of compliance.* On or before January 1, 1942, and quarterly thereafter, every manufacturer who is required to keep records of sales under § 1325.55 hereof shall submit to the Office of Price Administration an affirmation of compliance on Form 139:2, containing a sworn statement that during such period all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 139:2 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½ inch paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1325.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the receipt or demand of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of upholstery furniture fabrics, or of the hoarding or accumulation of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1325.58 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof, or exception therefrom: *Provided,* That no application under this section will be considered unless the person making such application shall have complied with this Schedule.*

§ 1325.59 *Definitions.* When used in this Schedule the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Manufacturer" means a person operating a factory, plant, or mill which manufactures upholstery furniture fabrics, with the exception of persons who in the first six months of 1941, manufactured at least 80 percent by dollar volume of their products on the individual order of the purchaser, rather than for their stock, in quantities of 300 yards or less per pattern per month;

(c) "Upholstery furniture fabrics" means fabrics, in their manufactured state, which are commonly used for furniture upholstery;

(d) "Pattern" means any design of upholstery furniture fabrics, irrespective of color, manufactured and sold as a distinct item;

(e) "Present pattern" means any pattern offered for sale in the sixty-day period ended September 10, 1941;

(f) "Addition" means an upholstery furniture fabric offered for sale in which the pattern or the specifications differ from the pattern or the specifications of the upholstery furniture fabrics offered for sale by the same manufacturer in the sixty-day period ended September 10, 1941.*

§ 1325.60 *Effective date of the schedule.* This schedule shall become effective on November 10, 1941.*

Issued this 10th day of November 1941.

LEON HENDERSON,
Administrator.

SUBPART A—DEFINITIONS AND CONDITIONS OF FEDERAL AID

§ 293.0 *Definitions.* As used herein, the following definitions shall apply:

(a) "Commission" shall mean the United States Maritime Commission.

(b) "Division of Training" shall mean the Division of Training, United States Maritime Commission.

(c) "Superintendent" and "Commanding Officer" shall mean one and the same person, providing he fills both capacities; otherwise the word "Superintendent" shall mean the Superintendent of the state maritime academy and the "Commanding Officer" shall mean the Commanding Officer of the training ship.

(d) "Officers" shall mean all officers and instructors connected with the state maritime academy or the training ship, except part-time civilian instructors.*

*§§ 293.0 to 293.161, inclusive, issued under the authority contained in section 4 of the Act approved July 29, 1941 (Public Law 191, 77th Congress, 1st Session).

§ 293.1 *Loan of training vessel and Federal aid.* The Commission will loan a training vessel, if available, and during each fiscal year will, if funds therefor are appropriated by the Congress, grant to each of the four existing state maritime academies and such others as may be approved by the Commission, providing such maritime academies comply with the regulations and minimum standards prescribed by the Commission, federal aid equal to the annual appropriation to each of such academies by their respective states, not in excess of $25,000 per annum. Additional annual federal aid, when equalled by state appropriations, may be supplemented to cover the per capita cost of students admitted on appointment by the Commission, not in excess of a total of $25,000 per annum.*

§ 293.2 *Admittance of Commission appointed students.* In pursuance of Public Law 191, as a condition to receiving any portion of such monetary aid in excess of $25,000 each fiscal year, the state shall under appropriate authority agree to admit students appointed by the Commission from national competitive eligible lists upon such terms and in such numbers as the Commission shall prescribe: *Provided,* That the per capita cost of students designated by the Commission for admission to such schools shall be paid from the federal funds and that the total number of such students shall not exceed one-third of the student capacity of such schools. Such cadets shall be subject to all of the rules and regulations of the maritime academy to which they are appointed.*

§ 293.3 *Federal grant for maintenance and operation.* The federal grant of $25,000 to $50,000 per year shall be spent in the operation of the training ship and the maintenance and operation of the shore base. The state shall appropriate and spend at least an amount equal to that received from the federal government each year for the same purpose.*

§ 293.4 *Receipt by State of loan of training vessel.* The state shall sign a formal receipt for the loan of the training ship and submit same with a statement, under appropriate authority, that it will comply with the regulations and minimum standards prescribed and issued by the Commission.*

SUBPART B—GENERAL PROVISIONS

§ 293.11 *Jurisdiction of Board of Education and appointment of Board of Visitors.* The state maritime academies shall be under the jurisdiction of the Board of Education, or other state department, bureau, or agency, and it is recommended that a Board of Visitors shall be appointed, composed of at least eight members and shall include, if practicable, the following:

One from the shipping industry.
One from the shipbuilding or ship repair industry.
One Merchant Marine Master Mariner, possessing active license.
One Merchant Marine Chief Engineer, possessing active license.
One from the alumni of the academy.
One officer of the United States Navy, active or retired, designated by the Commandant of the Naval District in which the academy is located.
One from the State Board of Education, or other state department, bureau, or agency.
One representative of the Maritime Commission designated by the Commission.*

§ 293.12 *Board of Visitors; advisory capacity.* The Board of Visitors shall act in an advisory capacity only and shall meet at least once each year.*

§ 293.13 *Names of State maritime academies.* The names of the state maritime academies operating training ships on loan from the Commission shall, as soon as practicable, be as follows:

New York State Maritime Academy.
Pennsylvania Maritime Academy.
Massachusetts Maritime Academy.
California Maritime Academy.*

§ 293.14 *Names of training ships.* The names of the training ships on loan to the state maritime academies on the date of these regulations shall be:

Empire State for New York State Maritime Academy.
Keystone State for Pennsylvania Maritime Academy.
Bay State for Massachusetts Maritime Academy.
Golden State for California Maritime Academy.

These vessels shall be designated as "training ships."*

§ 293.15 *Graduation dates.* As soon as academy schedules can be arranged, graduation shall take place once each year as follows:

New York State Maritime Academy, May.
Pennsylvania Maritime Academy, October.
Massachusetts Maritime Academy, September.
California Maritime Academy, May.

The above schedule is subject to adjustment.*

§ 293.16 *Enrollment of cadets in Merchant Marine Reserve.* Cadets of the state maritime academies shall qualify for enrollment in the Merchant Marine Reserve as Cadets. When appointed, they shall wear such Naval Reserve insignia as is prescribed by the Secretary of the Navy.*

§ 293.17 *Seal of Commission on stack.* On each side of the stack of each training ship shall be the seal of the Commission; said seal to be in proper proportion to the size of the stack.*

§ 293.18 *Insurance.* Cadets shall be insured at their own expense, as soon as practicable, from loss of life or limb during their enrollment at the academy or on board the training ship, resulting from any accident they may suffer. The benefits shall be at least as follows:

Death, $5,000.
Loss of sight (both eyes), $5,000.
Loss of sight (one eye), $2,500.
Loss of two limbs, $5,000.
Loss of sight of one eye and one limb, $5,000.
Loss of one limb, $2,500.

In no event shall the Commission be liable for any damages to any of the ship's personnel or trainees due to accident, illness, or death.*

SUBPART C—FACILITIES FOR TRAINING

§ 293.31 *Condition survey.* A condition survey will be made of the vessel at least every six months by the Division of Maintenance and Repairs of the Commission, or at any other time when an inspection is required, after due notice.*

§ 293.32 *Removal of Commission property.* The Commission property on board the training ship shall not be permanently removed from the ship to shore base without written approval of the Commission.*

§ 293.33 *Use of ship's equipment by State.* The state shall have the use of all equipment, appliances, apparel, spare and replacement parts on board the ship, provided the same or their substantial equivalent shall be returned to the Commission, ordinary wear and tear, unavoidable accident, and/or perils of the sea excepted, and any such items lost, destroyed, or consumed in service shall be replaced at the expense of the state, if so requested by the Commission.*

§ 293.34 *Cost of consumable stores paid by State.* The state shall pay for all consumable stores, expendable equipment (except vessel's sails for propulsion), and fuel, in accordance with the existing law.*

§ 293.35 *Inventories of State and Federal property.* The Division of Purchase and Supply of the Commission shall take inventories of state and federal property on board the vessel and at the shore base at such times as it or the Commission deems necessary after consultation with academy authorities. A representative of the state shall be present when such inventories are being taken. The Commanding Officer of the training ship or the Superintendent of the academy shall furnish necessary assistance from the academy's personnel.*

§ 293.36 *Costs and expenses to be borne by State.* The state shall, at its own expense, man, operate, victual, fuel, and supply the vessel and shall pay all port charges, pilotage, and other operation expenses, and all other costs and expenses incidental to the operation of the vessel and the maintenance and operation of the shore base, other than those items which are deemed by the Commission to be properly chargeable to appropriated repair funds.*

§ 293.37 *Operation of academy and training ship by State.* The state shall operate the academy and training ship in the most efficient manner and shall exercise due diligence to safeguard the interests of the Commission and avoid loss and damage of every nature. Log books and reports shall be submitted, as directed, to the Commission.*

§ 293.38 *Commission approval of home port berth and vessel movements.* The Commission shall determine whether the berth of the training ship at the base in its home port is satisfactory from the standpoint of safety. When the training ship is not on the practice cruise, the Commanding Officer shall keep the Commission informed relative to the location of the vessel and of any contemplated change of the location of her berth. While on the practice cruise, the Commission shall be advised by dispatch of the date of arrival at each port visited. The date of departure shall also be reported if at variance with the approved itinerary. The cruise itinerary of the training ship shall be submitted to the Commission at least sixty days in advance of the date the cruise is scheduled to begin. At the time of submitting the itinerary, the Commanding Officer shall request the Commission to arrange with the Department of State for permission to visit the foreign ports listed on the proposed itinerary. Permission for the training ship to visit U. S. Naval Stations or Naval Bases shall be arranged by the Commanding Officer of the vessel.*

§ 293.39 *Posting notice of ownership.* The following notice shall be posted in a conspicuous place, approved by the Commission, on board the training ship, and it shall remain in such place while the training ship is on loan to the state:

> This training ship is the property of the United States of America. It is loaned to the State of ---------- by the United States Maritime Commission for the purpose of training young men to become officers in the Merchant Marine of the United States. Neither the state, the Commanding Officer, nor any other person has any right, power, or authority to create, incur, or permit to be imposed upon this vessel any lien whatever.

§ 293.40 *Fumigation.* The training ship shall be fumigated, at the expense of the state, at least twice a year, if required by the Commission. A copy of the fumigation certificate shall be forwarded to the Commission.*

§ 293.41 *Requisitions covering repairs, renewals, and betterments.* Requisitions covering repairs, renewals, and betterments shall be prepared in quintuplicate by the heads of departments of the training ship and submitted by the Commanding Officer to the Commission at least thirty days before the date that it is expected to commence the annual overhaul. The Division of Training shall confer with the Division of Maintenance and Repairs to determine which items of repair will be accomplished.* [III–11]

§ 293.42 *Repairs by trainees.* To further training and for the purpose of reducing expenses, repairs which need not be carried out during the annual overhaul period shall be done by the trainees under the supervision of ship's officers. When material is needed or has been ordered by the state, the Commanding Officer of the training ship shall forward to the Commission a list of material and estimated costs, and a description of the repairs to be carried out by the trainees. The Commission will promptly advise the Commanding Officer whether or not the Commission considers such work under the heading of repairs. If approved as under the heading of repairs, the state will be reimbursed by the Commission after submission of voucher and statement relative to completion of the repair job, to the Commission. In the event repairs are necessary in foreign ports, the Superintendent or Commanding Officer is authorized to make repairs, at the expense of the state, not exceeding $500 and submit vouchers for reimbursement upon the termination of the cruise. If repairs amount to more than $500, authority must be obtained from the Commission by dispatch.*

§ 293.43 *Major spare parts.* The Commanding Officer shall promptly advise the Commission when it is anticipated or it is determined that major spare parts will be or are required.*

§ 293.44 *State to keep training ship in good order and condition.* The state shall, at its own expense, keep the training ship and its machinery, boilers, appurtenances, equipment, and spare parts in good order and condition, and shall keep her clean and painted to the satisfaction of the Commission; with the exception of such items approved by the Commission as falling under the heading of repairs.*

§ 293.45 *Structural changes.* No structural changes shall be made to the training ship, her machinery or boilers without securing the written approval of the Commission.*

§ 293.46 *Presence of Commission representative at repairs or dry docking.* The Commission shall be promptly notified, sufficiently in advance to enable its representative to be present, except in an emergency, when it is necessary to repair or dry dock the training ship because of damage or other reason, except for annual overhaul.*

§ 293.47 *Reports in case of accident causing damage to training ship or other ship or property.* Complete and detailed reports shall be promptly forwarded to the Commission in case of accident causing damage to the training ship, her equipment or machinery, or damage by the ship to any other ship or property.*

§ 293.48 *Termination of loan of training ship if not operated satisfactorily.* The loan of the training ship to the state may be terminated in the event she is not operated to the satisfaction of the Commission, after due notice to state authorities and their failure to remedy conditions complained of.*

§ 293.49 *Substitution of vessel.* The Commission may substitute another vessel for the present training ship.*

§ 293.50 *Termination of loan of training ship if required for other training.* The Commission also may terminate the loan of the training ship to the state in the event said vessel is required for other training. The Commission will, however, return the vessel or provide another to the state for its annual cruises.*

§ 293.51 *Relinquishment of training ship at termination of loan.* Upon the termination of the loan of the training ship to the state, the state shall turn over to the Commission in the state base port, at such time as the Commission may direct, the vessel and all property whatsoever owned by the Commission, plus replacements and renewals made by the state, at the request of the Commission. Upon delivery of the vessel a condition survey will be made by the Division of Maintenance and Repairs to determine her then physical condition.*

SUBPART D—THE SHORE BASE

§ 293.61 *Facilities and equipment of shore base.* The state maritime academies shall maintain berthing, messing, and classroom instruction facilities ashore for at least 200 cadets; such facilities and all instructional equipment must be ready for use within two years of the date these regulations are approved: *Provided, however,* That upon proper showing to the Commission the time factor may be temporarily waived or extended.*

§ 293.62 *Maximum enrollment.* The maximum number of cadets that the state maritime academies may enroll shall be determined by the Commission. Until otherwise prescribed by the Commission, the number shall not exceed 300 for any one of the academies to which the Commission has loaned a training ship.*

§ 293.63 *Fees for State appointed cadets.* The state shall fix the fees for state appointed cadets. In determining the per capita cost the Commission shall pay for each cadet it has appointed, the total number of state cadets shall be divided into the total cost to the state. The $25,000 annual grant to the state shall be deducted from the total cost to arrive at the cost to the state. The per capita cost shall be established annually on an equitable basis.*

§ 293.64 *Uniforms, textbooks and other costs.* The Commission, in addition to paying the per capita cost for cadets it appoints, shall also pay for the uniforms and textbooks of such cadets. Other costs to cadets appointed by the Commission shall be borne by such cadets.*

§ 293.65 *Rules and regulations for internal organization.* Rules and regulations for the internal organization of the state maritime academies and training ships shall be recommended by the Superintendent of the academy and approved by the proper state authority.*

SUBPART E—ENTRANCE REQUIREMENTS

§ 293.71 *Requirements of candidate.* A candidate for entrance to a state maritime academy must be a male citizen of the United States and in all respects acceptable to the United States Navy as a Cadet, Merchant Marine Reserve.*

§ 293.72 *Oath or affirmation of allegiance to United States and finger printing.* Cadets, upon enrollment, shall be required to take an oath or affirmation of allegiance to the United States of America and submit to finger printing as prescribed by the Commission. Copies of the oath or affirmation of allegiance and finger prints shall be furnished to the Commission.*

§ 293.73 *Age.* He must be not less than 17 years of age and shall not have reached his 23rd birthday on the date of entrance: *Provided, however,* That within this range, each state may fix its upper age limit for cadets appointed by the state.*

§ 293.74 *Marriage status.* He must be unmarried, and in the event it is subsequently determined that he was married at the time of admission to the academy, or if he marries while at the academy, he shall be dismissed.*

§ 293.75 *Physical requirements.* Candidates shall be physically sound, of robust constitution, and must be of good moral character. The physical requirements for entrance shall be the same as the United States Navy requires for appointment as Cadets, Merchant Marine Reserve. The final physical examination shall be conducted by a Medical Officer of the United States Navy or Naval Reserve.*

§ 293.76 *Scholastic tests.* Objective type scholastic tests prescribed by the Commission shall be used by the state maritime academies for competitive scholastic tests. The papers will be graded and eligible lists compiled by the state maritime academies. Selection from the top of the list shall be made by the state maritime academies. The scholastic tests shall consist of algebra (up to but not including quadratics), plane geometry, and physics. Double weight shall be given to physics in arriving at average grade.*

§ 293.77 *Required and elective units.* Candidates must possess at least 16 units from accredited secondary schools. Subjects and their corresponding weights in units, which must be submitted, are given below:

Required

Mathematics, 2.
Science or Vocational Subjects, 2.
English, 3.

Elective

The remaining nine units may be supplied from other subjects completed in accredited secondary schools.*

§ 293.78 *Allocation of units.* In the event a candidate has four or more units in English or more than the required number of units in any other subject listed in the required group, such units may be accredited to the elective group.*

§ 293.79 *Unit.* The term "unit" as used herein is the value assigned to a study which has been pursued for at least 120 sixty minute hours of a school year.*

§ 293.80 *Credit for studies.* A candidate may be given credit for studies being undertaken at school, provided the principal of the school, or a tutor approved by the Superintendent of the state maritime academy, submits a statement that in his opinion the candidate will complete subjects with satisfactory grades at the end of the term.*

SUBPART F—COMMANDING OFFICER, SUPERINTENDENT AND STAFF OF INSTRUCTORS

§ 293.91 *Superintendent and commanding officer.* The Superintendent of the state maritime academy and the Commanding Officer of the training ship shall be nominated by the state and approved by the Commission after consultation with the Navy Department. They shall be either:

(a) A United States Naval Officer (active or retired) with a rank not lower than Lieutenant Commander, or

(b) A state maritime academy graduate with experience as the Master or Commanding Officer of a vessel no less in size than the training ship, and shall be an officer of the United States Naval Reserve at a rank not lower than Lieutenant Commander.

The transcript of service of the nominee, and such other documents as may be prescribed by the Commission, for the Superintendent and the Commanding Officer must be submitted to the Commission for its approval before appointment by the state.*

§ 293.92 *Discharge of superintendent or commanding officer.* If for any good and sufficient reason, following due investigation and hearing by the Commission, the Commission is dissatisfied with the Superintendent or the Commanding Officer, it will request his discharge by the state.*

§ 293.93 *Responsibility for training ship and equipment.* The Superintendent or, in his absence, the Commanding Officer of the training ship shall be responsible for the training ship and all property of the federal government and the state aboard the training ship.*

§ 293.94 *Bond.* The Superintendent and the Commanding Officer of the training ship shall be bonded. They shall be responsible for financial matters pertaining to the academy and the training ship, and the amount of said bond shall be approved by the Commission.*

§ 293.95 *Responsibility for courses of instruction and training.* The Superintendent or, in his absence, the Commanding Officer of the training ship shall be responsible for the courses of instruction and the general system of training as approved by the Commission.*

§ 293.96 *Records.* Proper records pertaining to the academy, its officers, instructors, cadets, crew, the training ship and shore base shall be maintained by each academy and shall be available to an authorized representative of the Commission upon request.*

§ 293.97 *Pay and allowance scale.* The Commission urgently recommends the adoption, as soon as possible, of the pay scale and allowances for the officers and staff of each maritime academy, which are contained in the following sections, reserving the right, if within its legal authority, to require an established pay and allowance scale at an appropriate time in the future.*

§ 293.98 *Minimum pay and allowances of superintendent and commanding officer.* The pay and allowances of the Superintendent, to be paid by the State, shall not be less than $6,000 per annum. In the event two men hold the positions of Superintendent and Commanding Officer, the pay of the Commanding Officer

shall be not less than $5,600. There shall be no cognizance taken of the retired pay or personal income received by the Superintendent, Commanding Officer, or any other member of the instruction staff.*

§ 293.99 *Succession to command.* In the absence of the Commanding Officer, the next senior deck officer shall be in command of the training ship.*

§ 293.100 *Licenses of officers and instructors.* All officers of the training ship and the instruction staff shall possess active licenses issued by the Local Inspectors of the Bureau of Marine Inspection and Navigation, United States Department of Commerce, or the Federal Communications Commission in the case of radio instructors. In addition, all such officers and instructors, except those in service on the date of these regulations, must have served at least three years in a licensed capacity on board merchant vessels of not less than 2,000 gross tons. The following shall be exempt from the above requirements:

(a) Officers of the United States Navy or Coast Guard, active or retired

(b) Civilian instructors in other than marine subjects, etc., who do not make cruises

(c) The Medical Officer

(d) The Paymaster or Supply Officer *

§ 293.101 *Appointment of officer-instructors.* Officer-instructors shall be appointed by the state after the approval of the Commission. Their transcript of service and such other documents prescribed by the Commission shall be submitted to the Commission for approval. The Commission is authorized to approve temporary appointments pending investigation of transcripts of service, and the state is authorized to make emergency appointments.*

§ 293.102 *Qualities for appointment of officers and instructors.* Officers and instructors shall be appointed for qualities of practical experience and training in their specialties, their ability to impart their knowledge to students, and their personality, including the ability to deal with young men without friction.*

§ 293.103 *Officer-instructors must be commissioned in Navy, Naval Reserve or Coast Guard.* All officer-instructors, except those for temporary emergency service and civilian part-time instructors not on cruise, must be commissioned officers in the United States Navy, Naval Reserve, or Coast Guard, and except those in service on the date of these regulations, who are not acceptable to the United States Navy because of age or lack of physical qualifications, and others listed in § 293.99.*

§ 293.104 *Appointment of Chief Engineer.* The Chief Engineer of the training ship shall be appointed by the state with the approval of the Commission. He shall possess an active unlimited license as Chief Engineer, issued by the Local Inspectors of the Bureau of Marine Inspection and Navigation, or in lieu thereof be an experienced engineer officer of the United States Navy, Naval Reserve, or Coast Guard.*

§ 293.105 *Requirements of Chief Engineer.* The Chief Engineer must have had at least ten years licensed officer experience in the Merchant Marine and/or a state maritime academy training ship, unless he is an officer of the United States Navy, Naval Reserve, or Coast Guard, with adequate experience.*

§ 293.106 *Minimum pay and allowances for officers and instructors.* The minimum pay and allowances for officers and instructors other than civilian part-time instructors, effective January 1, 1942, or as soon thereafter as practicable, shall be as follows:

Executive Officer—same as U. S. Naval Reserve (active duty) Lt. Commander, 2d pay grade.

Navigating Officer—same as U. S. Naval Reserve (active duty) Lieutenant, 4th pay grade.

Watch Officer (Senior)—same as U. S. Naval Reserve (active duty) Lieutenant (jg) 5th pay grade.

Watch Officer (Junior)—same as U. S. Naval Reserve (active duty) Lieutenant (jg) 1st pay grade.

Engineer Officer—same as U. S. Naval Reserve (active duty) Lt. Commander, 2d pay grade.

First Asst. Engineer Officer—same as U. S. Naval Reserve (active duty) Lt. 4th pay grade.

Second Asst. Engineer Officer—same as U. S. Naval Reserve (active duty) Lieutenant (jg) 5th pay grade.

Third Asst. Engineer Officer—same as U. S. Naval Reserve (active duty) Lieutenant (jg) 1st pay grade.

Paymaster [1]—same as U. S. Naval Reserve (active duty) Lieutenant, 1st pay grade.

Medical Officer [1]—same as U. S. Naval Reserve (active duty) Lieutenant 1st pay grade.

Communications Officer—same as U. S. Naval Reserve (active duty) Lieutenant (jg) 1st pay grade.

Machinists—same as U. S. Naval Reserve (active duty) Chief Warrant Officer 1st pay grade.

Boatswains—same as U. S. Naval Reserve (active duty) Chief Warrant Officer 1st pay grade.

C. P. O.'s—same as Navy permanent rating of 12 years' service.

*

§ 293.107 *Minimum increases.* Minimum increases shall be granted at the end of each three years of service with the academy, as per U. S. Naval Reserve (active duty) pay tables effective January 1, 1942.*

§ 293.108 *Deductions for quarters furnished officers and instructors.* Deductions may be made as per U. S. Naval Reserve (active duty) pay and allowance tables in event quarters are owned by the state and furnished to officers and instructors and their dependents.*

§ 293.109 *Expenses chargeable to officers and instructors.* Officers and instructors may be required by the state to pay wardroom mess for subsistance and laundry service. Wardroom and galley equipment shall not be charged to the accounts of officers and instructors.*

§ 293.110 *Minimum number of officers and instructors.* The Commission shall set the minimum number of officers for the training ships and instructors, except for part-time instructors, for the state maritime academies.*

§ 293.111 *State retirement plan.* All paid personnel attached to the state maritime academies or training ships, except part-time civilian instructors, shall be eligible to participate in the state retirement plan, with the same deductions from pay and in the same ratio as other state employees, if compatible with state law.*

SUBPART G—MEMBERS OF THE CREW

§ 293.121 *Citizenship.* Members of the crew of the training ships shall be citizens of the United States in accordance with the requirements of the United States Navy for citizenship, except during emergency.*

§ 293.122 *Oath of allegiance or affirmation to United States and finger printing.* They shall be required to take an oath of allegiance or affirmation to the United States of America and submit to finger printing as prescribed by the Commission.*

§ 293.123 *Members of the United States Navy, Naval Reserve, or Coast Guard.* They shall be members of the United States Navy, Naval Reserve, or Coast Guard, active or retired, except during an emergency, and except those in service on the date these regulations are approved. Waivers may be granted by the Commission.*

§ 293.124 *Minimum number.* The minimum number of the crew shall be set by the Commission.*

SUBPART H—CURRICULUM

§ 293.131 *Period of training.* The period of training shall be three school years and include either two cruises of at least 120 days each, or three cruises of no less than 100 days each. At least 50 percent of each cruise, excluding time at a shipyard, shall be spent actually at sea, and one passage each shall be not less than 1,000 miles.*

§ 293.132 *Minimum curriculum and number of hours.* The minimum curriculum and number of hours shall be as approved by the Commission.*

§ 293.133 *Curriculum of minimum subjects and hours.* The curriculum of minimum subjects and minimum hours for classroom approved by the Commission for the state maritime academies shall become effective not later than one year after the date of these regulations and shall be as follows:

*

§ 293.134 *Textbooks.* Textbooks for the minimum subjects shall be as listed in § 293.133 unless suitable substitutes are approved by the Commission and may be sold to the state at United States government prices.*

§ 293.135 *Classroom hours.* Classroom hours shall not include study hours or practical work and shall be full fifty minute periods.*

§ 293.136 *Maritime Commission Cadet Corps study assignments and quizzes.* Copies of Maritime Commission Cadet Corps study assignments and quizzes shall be furnished on request to state maritime academies for their information.*

§ 293.137 *Performance of practical work.* Cadets of all classes shall perform practical work as prescribed by the superintendent of the academy and a schedule of such practical work for each class shall be submitted to the Commission for its approval.*

§ 293.138 *School year.* The school year shall be divided into an "academic term" and a "sea term". During either term of the first year of training, the state maritime academy may elect to designate all cadets "nautical cadets" rather than cadets (D) and cadets (E).*

§ 293.139 *Sea term.* The "sea term" shall include the time the training ship is on the cadet practice cruise and at the shipyard. The Superintendent of the state maritime academy may elect to carry out some class room work, although it is desirable to carry out the maximum of practical work during the sea term.*

SUBPART I—MISCELLANEOUS

§ 293.151 *Medical attention and provisions with regard to illness or injury.* The Superintendent, Commanding Officer, officers, instructors (other than part-time civilian instructors), cadets, and members of the crew shall be entitled to free medical attention. The Superintendent, Commanding Officer, officers, and instructors (other than part-time instructors) shall also receive full pay and allowance during periods of illness or injury and if taken ill and left in other than the home port, suitable transportation shall be paid to the home port, unless contrary to state law.*

§ 293.152 *Annual leave.* Officers and instructors (other than part-time instructors) shall be granted a total of 26 days annual leave, with pay, unless contrary to state law.*

§ 293.153 *Medical officer and medical attention to dependents.* A medical officer shall be attached to the state maritime academies at all times when any cadets are present and on board the training ships when at shipyard and on cruise. The dependents of the Superintendent, officers, and instructors (other than part-time instructors) shall be entitled to free medical attention while a medical officer is attached to the academy, if living within a four mile radius of the academy, and permitted by state law.*

§ 293.154 *Uniform insignia.* The uniform insignia for Superintendents and Commanding Officers (except regular Navy or Coast Guard officers, active or retired), officers, instructors (other than part-time civilian instructors), and cadets, shall be the same as prescribed for instructors and cadets of the Commission, except that such insignia shall have the seal or shield of the state in lieu of the United States Maritime Commission shield.*

[1] If under 35 years of age, the minimum pay shall be as that of U. S. Navy Lieutenant (jg), 1st pay grade.

§ 293.155 *Commission Approval of Lists of and Design of Uniforms.* Lists of and design of uniforms for officers (except regular Navy or Coast Guard officers, active or retired) and cadets shall be submitted to the Commission for approval.•

§ 293.156 *Merchant Marine Reserve insignia.* All officers of the training ship and instructors holding commissions in the United States Naval Reserve shall wear Merchant Marine Reserve insignia prescribed by the Secretary of the Navy.•

§ 293.157 *Officers' stripes.* The stripes of officers on the training ships shall be as follows:

Commanding Officer	4
Executive Officer	3
Chief Engineer	3
Navigator	2½
1st Asst. Engineer	2½
Sr. Watch Officer	2
Jr. Watch Officer	2
2d Asst. Engineer	2
3d Asst. Engineer	2
Medical Officer	[1] 2
Paymaster or supply officer	[1] 2

[1] 1½ if under 35 years of age.

[Docket No. 1754-FD]

IN THE MATTER OF CHESTER TEDROW, A CODE MEMBER, DEFENDANT

ORDER REVOKING AND CANCELLING A CODE MEMBERSHIP

A complaint having been filed on May 28, 1941, with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 11, complainant, alleging that the defendant, Chester Tedrow, a code member in District No. 11, operating the Chester Tedrow Mine, Mine Index No. 433, wilfully violated the Bituminous Coal Code and Rules and Regulations thereunder as follows:

Defendant with knowledge of the provisions contained in the Schedule of Effective Minimum Prices for District No. 11, For Truck Shipments, and with intent to violate same and in wilful violation thereof, sold for shipment by truck during the months of January and February 1941 coal produced at the aforesaid mine to W. H. Purkhiser at the following prices f. o. b. the mine: approximately 36 tons of 1½" x 1" nut coal, Size Group No. 10, at $1.65 per ton and approximately 50 tons of 1" x 0 screenings, Size Group 14, at $0.60 per ton, whereas the effective minimum prices for said coals, f. o. b. the mine, at the time of said sales were $1.85 and $1.55 per ton, respectively;

Pursuant to an Order of the Director and after due notice to all interested parties, a hearing having been held in this matter on September 29, 1941, at a hearing room of the Division in Shoals, Indiana; all parties having joined in waiving the preparation and filing of a report by the Examiner; the record of this proceeding having thereupon been submitted to the Director for consideration;

The Director having made Findings of Fact, Conclusions of Law, and having rendered an Opinion in this matter, which are filed herewith,[1] in which it was concluded that the defendant's code membership should be revoked and cancelled;

Now, therefore, it is ordered, That pursuant to section 5 (b) of the Act the code membership of the defendant, Chester Tedrow, be and it is hereby revoked and cancelled;

It is further ordered, That prior to any reinstatement of the defendant, Chester Tedrow, to membership in the Code, the defendant shall pay to the United States a tax in the amount of $56.19, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

IN THE MATTER OF DALE MCCOY, DOING BUSINESS AS THE MCCOY COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 12, alleging willful violation by Dale McCoy, doing business as the McCoy Coal Company, a code member in District No. 12, of the Bituminous Coal Code and the Rules and Regulations thereunder as follows:

That the defendant sold 50 or more tons of screenings produced at his mines, Mine Index Nos. 460 and 679 in District No. 12 from January 1, 1941, to May 10, 1941, to the Iowa Power and Light Company and/or the Des Moines Electric Light Company, located at Des Moines, Iowa, at the delivered price of $2.42 per net ton, whereas the effective delivered minimum price for such coal was $2.54 per net ton, as shown by the Schedule of Effective Minimum Prices for District No. 12 for All Shipments Except Truck;

Pursuant to an Order of the Director and after due notice to all interested parties, a hearing having been held in this matter on September 16, 1941, before a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa;

Appearances having been entered by District Board No. 12 and by Dale McCoy, the defendant, and all interested parties having been afforded an opportunity to be present and participate fully in the hearing;

At the conclusion of the hearing all parties having joined in the waiving of the preparation and filing of a report by the Examiner, the matter thereupon submitted to the undersigned, and the undersigned having made Findings of Fact and Conclusions of Law and having rendered an opinion which are filed herewith;

Now, therefore, it is ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Dale McCoy, doing business as the McCoy Coal Company, a code member in District No. 12, be, and it is hereby, revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant, Dale McCoy, to membership in the code, the defendant shall pay to the United States a tax in the amount of $193.16 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR CHANGE IN LOADING POINTS OF THE GRIFFITH MINE (MINE INDEX NO. 549) OF THE GRIFFITH COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in the loading points of the Griffith Mine (Mine Index No. 549) of the Griffith Coal Company, a code member in District No. 7, from Raleigh, West Virginia, on the Chesapeake & Ohio Railway to Laurel Siding, West Virginia, on the Chesapeake & Ohio Railway and the Virginian Railway[1]; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, all shipments made from the Griffith Mine (Mine Index No. 549) of the Griffith Coal Company shall be made on the Virginian Railway or the Chesapeake & Ohio Railway from Laurel Siding, West Virginia, and no further shipments shall be made on the Chesapeake & Ohio Railway from Raleigh, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 18 shall be applicable to all shipments from Laurel Siding on either the Virginian Railway or the Chesapeake & Ohio Railway.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 7, 1941.

[Docket No. A-1093]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD 11, REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR DISTRICT 11 COALS PRODUCED FOR RAIL SHIPMENT TO KELLOGG AIRPORT, BATTLE CREEK, MICHIGAN, MARKET AREA NO. 21

MEMORANDUM OPINION AND ORDER AFFIRMING ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party requesting that the effective minimum prices for District No. 11 be revised by providing for deductions in mine prices, based upon differences in freight rates among mines in District No. 11, on shipments to Kellogg Airport, Battle Creek, Michigan, in Market Area No. 21. Thereafter, by an Order dated October 10, 1941, the Director granted temporary relief whereby all District No. 11 coals of the same price classification were enabled to deliver at the Kellogg Airport at the same price, and coals of different classifications were enabled to deliver therein at the same price relationships as are effective in Market Area No. 29 and certain other market areas.

On October 13, 1941, District Board No. 8 filed an intervening petition in opposition to the original petition.

Pursuant to telegraphic notice by the Director, dated October 17, 1941, District Board No. 11 was required to show cause why the temporary relief heretofore granted in this docket should not be terminated. Pursuant to said notice, an informal conference was held on October 21, 1941, at which conference there appeared representatives of District Board No. 8, District Board No. 11, West Virginia Coal and Coke Corporation and Island Creek Coal Company.

The following representations were made on behalf of District Board No. 11: The officer of the Quartermaster of the United States Army for the 6th Corps Area, Chicago, Illinois, had opened invitations to bid, returnable October 7, 1941, for 590 tons of egg coal for shipment to the Supply Officer, Kellogg Airport, Battle Creek, Michigan, and it appears that it is likely and probable that further invitations to bid on coal for shipment to the Airport will be issued from time to time.

The Kellogg Airport is situated in Market Area No. 21 and is served by the Grand Trunk Railway System, which also serves Fort Custer. The boundary lines of the Kellogg Airport and Fort Custer are approximately one mile apart and the coal dumps in the Kellogg Airport and Fort Custer are located approximately two and one-half miles apart. The freight rates from producing mines in District No. 11 for shipment to Kellogg Airport are the same in all instances as those for shipment to Fort Custer.

The relief sought in this petition is identical to that requested in Docket No. A-735 by District Board No. 11 with respect to shipments to Fort Custer (Battle Creek, Michigan) which temporary relief was granted by an Order dated June 16, 1941, on the basis of the record made at a formal hearing in said docket.

There are four major freight rate groups of producing mines in District No. 11 and the relief requested is merely designed to enable District No. 11 coals of the same classification to effect the same delivered price at the Airport. Since the Airport is new, it constitutes an entirely new market for District No. 8 and District No. 11 coals. The relief sought would effect the same delivered relationships among District No. 11 coals as have been established by the Director in Market Area No. 29 and other market areas. The temporary relief will not impair or adversely affect the competitive opportunities of producers in District No. 8; and, in fact, the delivered relationship which was temporarily established by the Order of October 10, 1941, is less favorable to District No. 11 coals than is the relationship existing between District No. 8 and District No. 11 coals in other market areas (22 to 30) in which District No. 8 and District No. 11 coals meet in highly active competition. In the absence of temporary relief as provided in the Order of October 10, 1941, the only mines of District No. 11 mines that can bid on airport requirements are those located in the Brazil-Clinton Subdistrict of Indiana, which district enjoys a freight rate of at least ten cents less

than any other subdistrict in District No. 11. This would result in discrimination between Brazil-Clinton producers and other producers in District No. 11.

The following representations were made on behalf of District Board No. 8: The relief heretofore granted by the Order of October 10, 1941, should be terminated because it does not appear that code members of District No. 11 will suffer a substantial and irreparable injury in the event that the temporary relief is terminated. If relief is granted in this docket, there will be an inevitable extension of such relief to the whole of Market Area No. 21 which will materially increase the competition between District No. 11 and District No. 8 coals to the deteriment of District No. 8 producers.

The representatives of West Virginia Coal and Coke Corporation and Island Creek Coal Company substantially adopted the statements made by the representative of District Board No. 8.

The intervener in this proceeding has not shown that the factual situation involved in this proceeding differs substantially from that involved in Docket No. A–735, in which proceeding District Board No. 8 failed to appear and oppose the petitioner at the hearing, although it had previously filed a petition of intervention. On the other hand, the petitioner has affirmatively demonstrated that the factual situations in the two dockets are, for all practical purposes, identical. The same considerations are present in both cases.

There is no substance in the contention that relief should be denied here because the granting of temporary relief in this docket will constitute a ruling as to any future proceedings which may be instituted with respect to other destinations in Market Area No. 21.

On November 1, 1941, the Bituminous Coal Consumers' Counsel filed a motion to terminate the temporary relief. It is alleged that the relief in issue nullifies the economies of natural geographical location, reduces realization, and is of no benefit to consumers.

Although the Bituminous Coal Consumers' Counsel was notified of the conference by a letter dated October 17, 1941, he did not participate therein; neither did he appear at the hearing in Docket No. A–735. Ample opportunity to support his allegations will be available at the hearing in this matter scheduled to proceed on December 9, 1941.

Now, therefore, it is ordered, That the Order of October 10, 1941, granting temporary relief, pending final disposition of the petition herein, is affirmed.

Nothing contained herein shall be construed as a ruling or expression of views concerning the final disposition of this proceeding.

Dated: November 7, 1941.

[Docket No. B–7]

IN THE MATTER OF J. F. MARLOWE & CO., REGISTERED DISTRIBUTOR, REGISTRATION NO. 5972, RESPONDENT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") having issued a Notice of and Order for Hearing dated October 9, 1941, in the above-entitled matter to determine whether or not J. F. Marlows & Co., Registered Distributor, Registration No. 5972, has violated any provisions of the Bituminous Coal Act (the "Act"), the Code, the Marketing Rules and Regulations, Rules and Regulations for Registration of Distributors, and the Distributor's Agreement (the "Agreement"), executed October 23, 1939, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties be imposed;

Now, therefore, it is ordered, That the Notice of and Order for Hearing dated October 9, 1941, in the above-entitled matter be and it hereby is amended and supplemented to read as follows:

2. The respondent, during the months of October and November 1940 purchased approximately 23 cars of coal of various sizes produced by the Carrs Fork Coal Company, Hazard, Kentucky, Mine Index No. 10, a code member in District No. 8, Ayshire Patoka Coal Company, Posey, Indiana, Mine Index No. 121, a code member in District No. 11, Greenville Coal Company, Greenville, Kentucky, Mine Index No. 55, the Shearn Coal Company, 1005 Cotton Belt Building, St. Louis, Missouri, and Beach Creek Coal Company, Beach Creek, Kentucky, code members in District No. 9, and secured and accepted distributor's discounts thereon from said code member producers which coal it resold to the Chickasaw Coal Company, a retailer of Memphis, Tennessee, of which a majority of the outstanding shares of capital stock was owned or controlled by the respondent.

3. In the transactions referred to in paragraph 2 hereof, the respondent did not purchase said coal for bona fide resale, and the acceptance or retention of a distributor's discount in such circumstances was a violation of paragraph (d) of the Agreement.

4. The transactions referred to in paragraph 2 hereof were entered into between the respondent and the Chickasaw Coal Company primarily for the purpose of enriching the respondent and when except for the incidence of section 4 II (h) of the Act, the consumer would have purchased directly from a code member, and were, therefore, in violation of paragraph (g) of the Agreement.

5. The payment of a distributor's discount on the transactions referred to in paragraph 2 hereof created unfair competition and was, therefore, in violation of paragraph (g) of the Agreement.

6. The acceptance of a distributor's discount by the respondent on the coal purchased by it referred to in paragraph 2 hereof, under circumstances whereby this coal was retailed by the respondent, was in violation of § 304.19 (a) of the Rules and Regulations for Registration of Distributors.

7. The transactions referred to in paragraph 2 hereof, concern sales to or through a broker, jobber, commission account, or sales agency, which is in fact or in effect an agency or an instrumentality of a retailer, whereby they or any of them secure either directly or indirectly a discount, dividend, allowance, or rebates, or a price other than that determined in the manner prescribed by the Act, and were, therefore, in violation of section 4 II (i) 12 of the Act, and Rule 12 of section XIII of the Marketing Rules and Regulations.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, as amended, be renewed in all other respects.

Dated: November 7, 1941.

IN THE MATTER OF THE BEECH GROVE COAL COMPANY, DEFENDANT

CEASE AND DESIST ORDER

A complaint having been filed on June 24, 1941, with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 4, alleging that the Beech Grove Coal Company, the defendant, a code member producer in District 4, wilfully violated the provisions of the Bituminous Coal Code and the Rules and Regulations thereunder by selling during the month of October 1940 approximately 820 tons of 1¼" nut and slack coal produced at its Beech Grove Mine (Mine Index No. 11) located in Guernsey County, Ohio, District 4, to the Timkin Roller Bearing Company, Columbus, Ohio, at a price of $1.55 per ton f. o. b. the mine for rail delivery, whereas the effective minimum price for said coal was $1.70 per ton f. o. b. the mine for delivery by rail to Columbus, Ohio, as set forth in the Schedule of Effective Minimum Prices for District No. 4 for All Shipments Except Truck;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on September 19, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Zanesville, Ohio;

Appearances being entered by the defendant, and all interested parties having been afforded an opportunity to be present and to participate fully at the hearing;

At the conclusion of the hearing the defendant having waived the preparation and filing of a report by the Examiner, the record of the proceeding having thereupon been submitted to the undersigned, and the undersigned having made Findings of Fact and Conclusions of Law, and having rendered an opinion, which are filed herewith;[1]

Now, therefore, it is ordered, That the defendant, the Beech Grove Coal Company, or any or all the partners thereof, its sales agent, Edward W. Clark, its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf or interest, cease and desist, and they are hereby permanently enjoined and restrained from selling or offering to sell coal produced by the defendant at less than the applicable effective minimum prices established therefor, contrary to the provisions of section 4 II (e) of the Act and any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Marketing Rules and Regulations, and the Schedule of Effective Minimum Prices for District 4 for All Shipments Except Truck.

It is further ordered, That upon the failure or neglect of the defendant to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States where such defendant carries on business, or to the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof or take any other appropriate action.

PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9, FOR ALL SHIPMENTS EXCEPT TRUCK

[Docket No. A–1074, Part II]

PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES AND OF CHARLESTON AND DAWSON SPRINGS, KENTUCKY, AS RAILROAD SHIPPING POINTS FOR THE COAL OF DUNN #3 MINE (MINE INDEX NO. 941) OF PRODUCER DUNN, FRANK L., AND FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES AND OF SULLIVAN AND STURGIS, KENTUCKY, AS RAILROAD SHIPPING POINTS FOR THE COAL OF WILSON MINE (MINE INDEX NO. 944) OF WILLIAMS BROS. (SAM WILLIAMS)

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A–1074 PART II FROM DOCKET NO. A–1074, GRANTING TEMPORARY RELIEF IN DOCKET NO. A–1074 PART II, AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A–1074 PART II

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications, minimum prices and shipping points for the coals produced at certain mines in District No. 9 for shipment by rail, as indicated in a separate Order issued in Docket No. A–1074.

The original petition requests, among other things, the establishment of price classifications and minimum prices for the coal of Dunn #3 Mine (Mine Index No. 941) of producer Dunn, Frank L., for rail shipment from Charleston and Dawson Springs, Kentucky, and the establishment of minimum prices and price classifications for the coals of the Wilson Mine (Mine Index No. 944) of Williams Bros. (Sam Williams) for rail shipment from Sullivan and Sturgis, Kentucky.

The Director is of the opinion, however, that the original petition has not set forth sufficient facts to warrant the temporary establishment of price classifications and minimum prices for rail shipment from more than one shipping point for either of the two said mines or for the granting of the final relief requested for the two said mines. It appears appropriate, however, that temporary relief shculd be granted for the Dunn #3 Mine with respect to the establishment of price classifications and minimum prices for rail shipment from Dawson Springs, Kentucky, and for the Wilson Mine with respect to the establishment of price classifications and minimum prices for rail shipment from Sturgis, Kentucky.

Now, therefore, it is ordered, That the portion of Docket No. A–1074 relating to the coal of Dunn #3 Mine (Mine Index No. 941) of producer Dunn, Frank L., and to the coal of the Wilson Mine (Mine Index No. 944) of Williams Bros. (Sam Williams), for all shipments except truck, be and the same hereby is severed from the remainder of Docket No. A–1074 and designated as Docket No. A–1074 Part II.

It is further ordered, That a hearing in Docket No. A–1074 Part II, under the applicable provisions of said Act and the rules of the Division, be held on November 26, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW. Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or

entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 21, 1941.

All persons are hereby notified—that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 9 for the establishment of price classifications and minimum prices and of Charleston and Dawson Springs, Kentucky, as railroad shipping points for the coal of Dunn #3 Mine (Mine Index No. 941) of producer Dunn, Frank L., and for the establishment of price classifications and minimum prices and of Sullivan and Sturgis, Kentucky, as railroad shipping points for the coal of Wilson Mine (Mine Index No. 944) of Williams Bros. (Sam Williams), for all shipments except truck.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 9 For All Shipments Except Truck, is supplemented to include the price classifications, minimum prices and shipping points set forth in the schedule marked "Supplement," attached hereto and hereby made a part hereof.

Notice is hereby given that all applications to stay, terminate or modify the temporary relief herein granted may be filed pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act.

Dated: October 29, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1346—BUILDING MATERIALS

PRICE SCHEDULE NO. 40—BUILDERS' HARDWARE AND INSECT SCREEN CLOTH

Builders' hardware, which includes such items as knobs, handles, locks, hinges, and window bolts, and insect screen cloth are important elements in building construction, and as such have considerable significance both in the defense program and in the civilian economy. Shortages of their basic raw materials, chiefly copper, and to a lesser extent such metals as zinc and tin, have produced inflationary pressure upon builders' hardware and screen cloth, most noticeably in the case of existing inventories. The issuance by the Office of Production Management of Conservation Order No. M–9–c [1] on October 21, as amended November 3, severely curtailing at once the use of copper in builders' hardware and screening (among other things), and prohibiting its use therein altogether after January 1, 1942, will tend to cause an accentuation of this pressure on inventories.

The present schedule, instead of specifying the ceiling price for each item of builders' hardware and screen cloth, fixes as maximum prices on a group of named items the highest prices prevailing during the thirty-day period ending October 21, 1941. This action is taken because of the difficulty of classifying these products, and because of the danger of inflationary price action during the time that would be required for the preparation of individual schedules covering each product.

[1] 6 F.R. 5394, 5589.

Accordingly, under the authority vested in me under Executive Order No. 8734, it is hereby directed that:

§ 1346.1 *Maximum prices for builders' hardware screen cloth.* (a) On and after November 19, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no person, except a retailer as defined in § 1346.7 (b), shall sell, offer to sell, deliver, or transfer any of the builders' hardware or screen cloth products set forth in Appendix A, incorporated herein as § 1346.9, at prices higher than the maximum price.

(b) (1) The maximum price shall be the highest price received by the seller for the delivery during the period between September 22, 1941, and October 21, 1941, of builders' hardware or screen cloth products of approximately the same grade, quality, and amount, to the same purchaser.

(2) If no such delivery to the same purchaser was made, the maximum price shall be the highest price received by the seller for a delivery during such period of builders' hardware or screen cloth products of approximately the same grade, quality, and amount, to a purchaser recognized by the trade as entitled to similar treatment.

(3) If no delivery of products of approximately the same grade, quality, and amount was made, the maximum price shall be determined from the price of a related builders' hardware or screen cloth product, delivered during such period, by making an appropriate adjustment for differences in type of product, grade, quality, amount, and type of purchaser. A "related builders' hardware or screen cloth product" means one bearing a recognized or determinable price relationship to the product being sold.

(4) In all other cases, the maximum price shall be the market price during such period for the same type of prod-

uct, grade, quality, amount, and type of purchaser.*

*§§ 1346.1 to 1346.9, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1346.2 *Less than maximum prices.* Lower prices than the maximum prices established by this Schedule may be charged, demanded, paid, or offered.*

§ 1346.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of builders' hardware or screen cloth products, alone or in conjunction with any other material, or by way of premium, commission, service, transportation, or other charge, or by a tying-agreement or other trade understanding, by making discounts or other terms and conditions of sale more onerous to the purchaser than those available or in effect on October 21, 1941, or by any other means.*

§ 1346.4 *Records and reports.* Every person, other than a retailer, whose total sales of builders' hardware and/or screen cloth products during any calendar month beginning with November 1941, shall exceed One Thousand Dollars shall have available for inspection by the Office of Price Administration for a period of not less than one year a complete and accurate record of every such sale of such products, including the date of sale, the name of the purchaser, the price, and the grade, quality, and amount sold.

Every such person shall also, within thirty days of the effective date of this Schedule, have available a record of his selling prices for such products during the period from September 22, 1941, to October 21, 1941.

Every person affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1346.5 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the receipt or demand of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, are urged to communicate with the Office of Price Administration.*

§ 1346.6 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1346.7 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Retailer" means a person who maintains a store or similar establishment, where 75% of the dollar volume of sales of all products during the six months preceding the effective date of this Schedule consisted of sales without discount (except cash discount) from the said person's regular retail price.

(c) "Builders' hardware products" means any products listed in Appendix A suitable for use in a building, whether they are actually so used or not. "Screen cloth" means insect screen cloth of the types listed in Appendix A.

(d) "Delivery" means the physical transfer of builders' hardware or screen cloth products to the purchaser, or to a carrier for carriage to the purchaser, pursuant to a sale.*

§ 1346.8 *Effective date of schedule.* This Schedule (§§ 1346.1 to 1346.9, inclusive) shall become effective on November 19, 1941.*

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1057]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

No price classifications and no minimum prices are established herein for the mixing of the coals of Mine Index Nos. 890 and 891, no rail loading point is established for the coals of Mine Index No. 1471, and no price classifications or minimum prices are established for the coals of Mine Index Nos. 2812, 885, 774, and 894, for all shipments except truck, for the reasons set forth in an Order designating that portion of Docket No. A-1057 relating to such coals, as Docket No. A-1057 Part II, and granting in part temporary relief.

Dated: October 20, 1941.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT No. 2

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R-II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No minimum prices are established herein for the coals of the Sterling #2 Mine (Mine Index No. 378) of Wm. Haas, for truck shipments, because such prices were established for these coals in Docket No. A-511.

No minimum prices are established herein for the coals of the Morgan (Strip) Mine (Mine Index No. 499) of G. M. Hochheimer (Sackett Coal & Coke Co., H. R.), for truck shipments, because such prices were established for these coals in Docket No. A-989.

No relief is granted herein to certain mines included in the original petition, as these mines are affected by unique considerations set forth in an Order designating that portion of Docket No. A-1024 which relates to them as Docket No. A-1024 Part II, and granting them temporary relief therein.

The petition proposes price classifications and minimum prices for the coals of the Palmer Mine of Louis Johnson. It appears from the official records of the Bituminous Coal Division and from the data submitted in this proceeding that Louis Johnson is operating a slate dump in connection with the Palmer Mine of the H. C. Frick Coke Company and that the price classifications and minimum prices proposed herein are for the coals from this slate dump. No price classifications or minimum prices are therefore established herein for these coals.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 21, 1941.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The petition proposed a Price Classification "J" for Size Group 7, 8, and 9 coals of the Titus (Strip) Mine of Downey Bros. Coal Co. for all shipments except truck. All other Sewickley seam coals in District 2 are classified "H" in Size Groups 7, 8, and 9 for all shipments except truck, and the petition states no facts justifying the establishment of a lower classification for coal of this mine in these size groups. In the absence of such facts it is proper that an "H" classification be established for coals of the Titus (Strip) Mine in Size Groups 7, 8, and 9 for all shipments except truck.

Permission to D. W. Heck to make rail shipments from his Dan Mine from Mercer Road on the Western Allegheny Railroad; to Lindey Bros. Coal Co. to make rail shipments from its Lindey No. 2 (Strip) Mine from Mercer Road on the Western Allegheny Railroad; and to Mutual Coal Co. to make rail shipments from its McDonald No. 2 Mine from Forrestville on the Bessemer and Lake Erie Railroad is not granted because it appears from the records of the Division that there are no loading facilities on these railroads at the points named and because it also appears that freight rates have not been published for shipments over the Western Allegheny Railroad from Mercer Road and over the Bessemer and Lake Erie Railroad from Forrestville.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 23, 1941.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9, FOR ALL SHIPMENTS EXCEPT TRUCK

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for all shipments except truck for the coals produced at the mines of certain code members in District No. 9; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

No relief is granted herein for the coal of Dunn #3 Mine (Mine Index No. 941) of producer Dunn, Frank L., nor for the coal of the Wilson Mine (Mine Index No. 944) of Williams Bros. (Sam Williams), for the reasons set forth in the Order designating that portion of Docket No. A-1074 relating to such coals as Docket No. A-1074 Part II.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, and applications to stay, terminate, or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 29, 1941.

PART 333–MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party requesting the establishment, both temporary and permanent, of price classifications and minimum prices for coals produced by certain mines in District No. 13, including, among others, the establishment of price classifications and minimum prices for the coals of the Alabama By-Products Corporation, Labuco Mine (Mine Index No. 52) for shipment by railroad, for all uses except railroad locomotive fuel, steamship bunker fuel and blacksmithing; and

An Order granting temporary relief and conditionally providing for final relief having been entered in this matter on September 8, 1941, 6 F.R. 5070; and

It appearing that price classifications and minimum prices proposed in the original petition herein for the coals of the Alabama By-Products Corporation, Labuco Mine (Mine Index No. 52) for shipment by railroad, applicable for all uses except railroad locomotive fuel, steamship bunker fuel and blacksmithing, were inadvertently omitted from the above-mentioned Order granting temporary and conditionally final relief.

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 333.6 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 13, For All Shipments Except Truck, is supplemented to include the price classifications and minimum prices designated in the schedule marked "Supplement R–I," annexed hereto and made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 23, 1941.

PART 337—MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

ORDER GRANTING IN PART FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 17 FOR THE ESTABLISHMENT OF MINIMUM PRICES FOR THE COALS PRODUCED IN SUBDISTRICT NO. 10 IN DISTRICT NO. 17, FOR SHIPMENT BY RAIL INTO ALL MARKET AREAS, AND FOR THE ESTABLISHMENT OF A MINIMUM PRICE FOR THE COALS OF THE SIZE ⅝'' x ¼'' PRODUCED IN SUBDISTRICT NO. 18 IN THAT DISTRICT, FOR SHIPMENT BY TRUCK

A petition having been filed with the Bituminous Coal Division by District Board 17, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, seeking the establishment of rail prices for all mines in Subdistrict 10 (New Mexico No. 2) of District 17 and prices for truck shipment from all mines in Subdistrict 18 (Rifle-New Castle) in a new size, ⅝'' x ¼'';

A hearing in this matter having been held on August 11, 13, 14, and 15, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Denver, Colorado, at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That § 337.5 (*General prices: minimum for shipment via rail transportation*) in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments be and the same hereby is amended by the establishment for all mines in Subdistrict 10, of the effective minimum prices for rail shipment set forth in "Supplement R", attached hereto and made a part hereof.

It is further ordered, That the Schedule of Effective Minimum Prices for District No. 17 for All Shipments be and the same hereby is amended by inserting in § 337.21 (*General prices in cents per net ton for shipment into all market areas*) in Price Schedule No. 1, Truck Shipments, Subdistrict No. 18, immediately

following the prices of the Zieseniss Mine, the following:

Exception. Zieseniss Mine (Mine Index No. 420), Henry Zieseniss, price for ⅝" x ¼" coals for truck shipment into all market areas, shall be 200 cents per net ton.

It is further ordered, That the prayers for relief contained in the petition filed herein in all other respects be and they hereby are denied.

Dated: October 30, 1941.

CHAPTER I—COAST GUARD, DEPARTMENT OF THE TREASURY

PART 7—ANCHORAGE AND MOVEMENTS OF VESSELS AND THE LADING AND DISCHARGING OF EXPLOSIVE OR INFLAMMABLE MATERIAL, OR OTHER DANGEROUS CARGO

Pursuant to the authority contained in section 1, Title II of the Act of June 15, 1917, 40 Stat. 220 (U.S.C. title 50, sec. 191), and a Proclamation issued June 27, 1940 (5 F.R. 2419), the Rules and Regulations for the Anchorage and Movements of Vessels and the Lading and Discharging of Explosive or Inflammable Material, or Other Dangerous Cargo, approved October 29, 1940 (5 F.R. 4401), as amended, are hereby further amended as follows:

Section 7.10 (c) is amended by adding the following subparagraph:

§ 7.10 *Anchorage Regulations for certain ports of the United States.*

* * * * * *

(c) * * *

(20) *San Francisco Bay, California; restricted area for Naval operations.* (i) The following area in San Francisco Bay, California, divided into a North Section and a South Section, is hereby designated a restricted area for Naval operations:

An area in San Francisco Bay, the five corners of which are the following true bearings and distances from the point described: (a) 225°, 3,060 yards from Point Stuart Light; (b) 233°, 1,590 yards from Point Stuart Light; (c) 280°, 1,370 yards from Alcatraz Light; (d) 215°, 2,375 yards from Alcatraz Light; (e) 234°, 3,705 yards from Alcatraz Light. The area is divided into a North Section and a South Section by a line through buoys "A", bearing 245°, 3,250 yards from Alcatraz Light and "B", bearing 232°, 2,215 yards from Alcatraz Light.

(ii) No vessel except those engaged in Naval operations shall navigate or anchor in the North Section without the permission of the captain of the port.

(iii) Vessels shall cross the restricted area only through the South Section. Upon publication of due notice through the usual channels of notice to mariners, no vessel shall navigate or anchor in the South Section except with the permission of and subject to the directions of the captain of the port.

(iv) Anchorage (temporary) No. 1 in San Francisco Bay (33 CFR 202.90 (a) (1)) is discontinued.

CHAPTER II—CORPS OF ENGINEERS, WAR DEPARTMENT

PART 204—DANGER ZONE REGULATIONS[1]

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1) the following danger zone is hereby defined and established in Monterey Bay, California, for target practice and antiaircraft firing practice at Fort Ord, California, and the following regulations relating thereto are hereby adopted:

§ 204.98a *Monterey Bay, California; danger zone for target range, Fort Ord.*

THE DANGER ZONE

(a) (1) The sector in Monterey Bay, California, the southerly limit of which is a line bearing 265°20' true, 14,000 yards from the shore line of said bay at Indian Harbor Beach, 5.1 miles south of the mouth of the Salinas River, and the northeasterly limit of which is a line bearing 327°20' true, 14,000 yards from the shore line of said bay opposite Marina, 3.75 miles south of the mouth of the Salinas River.

(2) The above danger zone is divided into a short-range area, extending from the shore line seaward for a distance of 7,500 yards, and a long-range area, embracing the entire danger zone.

THE REGULATIONS

(b) (1) Except when notified to the contrary as prescribed in subparagraph (b) (4) of this section, any ship, vessel, or boat may proceed over and/or through the above danger zone without restriction.

(2) Fishermen desiring to fish in the above danger zone will be required to have written permits which will be issued by the Commanding General, Fort Ord, California. Applications for permits may be made direct to the Commanding General, Fort Ord, California.

(3) When firing over the water is in progress, no vessel or boat, except vessels of the United States or one authorized by the Commanding General, Fort Ord, will enter or remain in the above danger zone.

[1] § 204.98a is added.

(4) In all cases where firing will extend over the water, notice of such firing will be given by the Commanding General, Fort Ord, by the use of one or more of the following means. The notice will state whether the firing will be over the short-range or long-range area.

(i) Notice published in the Monterey daily papers.

(ii) Display of red flags at Indian Beach Harbor for firing over the short-range area and of red flags near Point Pinos Lighthouse and at Indian Beach Harbor for firing over the long-range area.

(iii) Radio broadcast.

(iv) Telephone advice to such fishermen's organizations as may request, in writing, that such advice be given.

(v) Notice to individual craft by a visit of a United States vessel.

(5) These regulations will be enforced by the Commanding General, Fort Ord, California. (Sec. 7, River and Harbor Act, Aug. 8, 1917, 40 Stat. 266; 33 U.S.C. 1) [Regs. Oct. 30, 1941 (E.D. 7195 (Monterey Bay, Calif.)—1/7)]

SUMMARY OF CONTRACT FOR CONSTRUCTION

CONTRACTOR: JOSEPH E. BENNETT CO.; BOSTON, MASS.

Contract for: Construction of temporary buildings.

Amount: Approx. $1,144,987.00.

Place: Presque Isle, Maine.

This contract authorized by Procurement Authority–Eng–3033 P137–32 A0021–13.

This contract,[1] entered into this 5th day of September 1941.

ARTICLE 1. *Statement of work.* The contractor shall furnish the materials, and perform the work for constructing temporary buildings for the Air Base, Presque Isle, Maine, for the consideration of One Million, One Hundred Forty-Four Thousand, Nine Hundred and Eighty-Seven Dollars ($1,144,987.00) in strict accordance with the specifications, schedules, and drawings, all of which are made a part hereof.

ART. 3. *Changes.* The contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawing and/or specifications of this contract and within the general scope thereof.

ART. 9. *Delays—Damages.* If the contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in article 1, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been delay. If the Government does not terminate the right of the contractor to proceed, the contractor shall continue the work, in which event the actual damages for the delay will be impossible to determine and in lieu thereof the contractor shall pay to the Government as fixed, agreed, and liquidated damages for each calendar day of delay until the work is completed or accepted the amount as set forth in the specifications or accompanying papers and the contractor and his sureties shall be liable for the amount thereof.

ART. 16. *Payments to contractors.* Unless otherwise provided in the specifications, partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable, on estimates made and approved by the contracting officer.

All material and work covered by partial payments made shall thereupon become the sole property of the Government.

Upon completion and acceptance of all work required hereunder, the amount due the contractor under this contract will be paid upon the presentation of a properly executed and duly certified voucher therefor.

FRANK W. BULLOCK,
Lt. Col., Signal Corps,
Assistant to the Director of Purchases and Contracts.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Discount. All or any payments made under the terms of this contract shall be subject to a discount of one-half of one percent (½ of 1%) of the amount or amounts stipulated if payment of the invoice is made within ten (10) calendar days after date of delivery of articles invoiced.

[1] Approved by the Under Secretary of War, Sept. 30, 1941.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a) Act of July 2, 1940, and section 9, Act of June 30, 1941.

[Docket No. A-1024]

PETITION OF DISTRICT BOARD 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

[Docket No. A-1024, Part II]

PETITION OF DISTRICT BOARD 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1024 PART II FROM DOCKET NO. A-1024, GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1024 PART II, AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1024 PART II

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was filed by District Board No. 2 in Docket No. A-1024 proposing price classifications and minimum prices for the coals of certain mines in that district. Among the mines included in that petition are those listed in Supplements R and T, attached hereto. For each of the mines listed in Supplement R the petition requested permission to ship coal by rail from more than one loading point and, in many instances, on more than one railroad. No explanation was offered for this request, and the Director deems it appropriate that each mine be permitted to use only one loading point until some showing has been made of the necessity for permitting rail shipments from more than one loading point.

It is, therefore, ordered, That the portion of Docket No. A-1024 relating to the mines listed in Supplements R and T attached hereto be severed from the remainder of that docket and that it be designated hereafter as Docket No. A-1024 Part II.

It is further ordered, That a hearing in the above-entitled matter be held under the applicable provisions of the Act and the rules of the Division on November 18, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 13, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervenors or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to:

(1) The establishment of price classifications and minimum prices proposed for the following mines and the determination of the exact loading point for rail shipments from each: Mack Mine of E. C. Fullick; Big Six #3, #4, and #5 mines of George Grandi; S & C Mine of Snider & Cudzilo; Sunnyside (strip) and Mt. Nebo (strip) mine of Fred S. Geer, Inc.;

(2) The establishment of price classifications and minimum prices for the coals of the following mines in District No. 2 for rail shipments from more than one loading point and on more than one originating railroad: Ewing (strip) Mine of The Florence Coal Co.; Baxter Ridge Mine of C. H. Franks Coal Co.; Jacobs (strip) Mine of Hatfield Coal Co.; Holter Mine of Holter Coal Co.; McGrew (strip) Mine of Robert L. McGrew; Rex Mine of Charles Metz; Minnich Mine of John Minnich; Negley No. 2 (strip) Mine of Negley Coal Company; Public Coal Co. (strip) Mine of F. C. Newcomer; and Sunnyhill No. 2 (strip) Mine of Sunnyhill Coal Co.;

(3) The establishment of price classifications and minimum prices for river shipments from the Natali (strip) Mine of Natali, Pelligrini & Bianchi and the Rothey Brothers (strip) Mine of Rothey Brothers;

(4) The establishment of price classifications and minimum prices for coals of the Weigle Mine of L. S. Weigle for shipment by rail from an additional loading point, namely, Annandale on the Bessemer and Lake Erie Railroad.

It is further ordered, That, a reasonable showing of necessity therefor having been made, pending final disposition of the above matter, temporary relief be and the same is hereby granted as follows: Commencing forthwith the Schedule of Effective Minimum Prices for District No. 2 for All Shipments is revised so as to include the price classifications and minimum prices set forth in the Schedules marked Supplement R and Supplement T attached hereto and hereby made a part hereof.

Notice is hereby given that applications to stay, modify or terminate the temporary relief granted in this Order may be filed in accordance with the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act.

Dated: October 21, 1941.

IN THE MATTER OF PATTERSON & WILLIAMS, ALSO KNOWN AS WILLIAM PATTERSON AND ARTHUR WILLIAMS, INDIVIDUALS, TRADING AS PATTERSON & WILLIAMS, A CO-PARTNERSHIP, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 16, 1941, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on December 15, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Post Office Building, Altoona, Pennsylvania.

It is further ordered, That C. R. Larrabee or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to Sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendant, Patterson & Williams, R. F. D. #1, Osceola Mills, Pa., sold substantial quantities of run of mine coal subsequent to September 30, 1940, to various purchasers, including 16 tons during the period from February 6 to February 18 inclusive to W. D. Krouse, Osceola Mills, Pa., produced at their Wilpat Mine, Mine Index No. 2637, at an f. o. b. mine price of $1.75 per net ton whereas the effective minimum price for such coal was $2.25 per net ton as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments; therefore, the transactions hereinabove described were in violation of section 4 Part II (e) of the Act and Part II (e) of the Code.

Dated: November 10, 1941.

IN THE MATTER OF JAMES F. EYERLY, DOING BUSINESS AS THE HILLSIDE COAL COMPANY, A CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed

on October 16, 1941, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on December 18, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Clearfield, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, bay file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, James F. Eyerly, whose address is 115 11th Street, Philipsburg, Pennsylvania, sold a quantity of 2" slack coal f. o. b. the mine for truck shipment which was produced at his Moshannon #11 Mine (Mine Index No. 337), located in Centre County, Pennsylvania, District No. 1 in that on or about March 17, 1941 he sold 5.50 net tons at a price of $1.64 per net ton to H. O. Andrews, Jr., of Mapleton, Pennsylvania, and 3.63 net tons at a price of $1.70 per net ton to Lee W. Ellenberger, of Pennsylvania Furnace, Pennsylvania, and on or about March 28, 1941 he sold 5.51 net tons at a price of $1.75 per net ton to Richard H. Albert of Mill Hall, Pennsylvania, whereas the effective minimum price for said coal was $2.05 f. o. b. the mine for truck shipment as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipment. The transactions as hereinabove set forth were in violation of section 4 Part II (e) of the Act and Part II (e) of the Code.

Dated: November 10, 1941.

[Docket No. B-95]

IN THE MATTER OF MOHAWK MINING COMPANY, A CORPORATION, A CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 16, 1941, by Bituminous Coal Producers Board for District 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on December 15, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Armstrong County Court House, Kittanning, Pennsylvania.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by

Schedule, and were, therefore, in violation of section 4 Part II (e) and section 4 Part II (g) of the Act and Part II (e)

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, Mohawk Mining Company, 132 N. McKean Street, Kittanning, Pennsylvania sold for rail shipment during the period October 1, 1940 to January 31, 1941, both dates inclusive, approximately 4,528 tons of run of mine coal produced at the defendant's Mohawk Mine (Mine Index No. 326) located in Clearfield County, Pennsylvania, District No. 1 to Pittsburg and Shawmut Coal Company at a price of not more than $1.87 per net ton f. o. b. the mine and approximately 1,125 tons of run of mine coal produced at the aforesaid mine to the Pittsburg and Shawmut Coal Company at a price of not more than $1.83 per net ton f. o. b. the mine, whereas the applicable minimum price for said coal was $2.10 per net ton f. o. b. the mine as set forth in the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck. The sales of coal as hereinabove set forth were in violation of section 4 Part II (e) of the Act and Part II (e) of the Code.

Dated: November 10, 1941.

IN THE MATTER OF THE APPLICATION OF JEROME FREEDMAN FOR REGISTRATION AS A DISTRIBUTOR

NOTICE OF AND ORDER FOR HEARING

An application, pursuant to § 304.11 of the Rules and Regulations for Registration of Distributors, and a request for hearing thereon having been filed with the Bituminous Coal Division by the above-named party;

It is ordered, That a hearing on such matter be held on December 16, 1941, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such applicant and to any other person who may have an interest in such proceeding. Any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Bituminous Coal Division on or before December 12, 1941.

The matter concerned herewith is in regard to the application of Jerome Freedman, 800 8th Avenue, New York, New York, to be registered as a distributor.

Dated: November 10, 1941.

[Docket No. B-98]

IN THE MATTER OF H. G. LUCAS, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 16, 1941, by Bituminous Coal Producers Board for District 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on December 15, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Post Office Building, Altoona, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: The defendant, Harry G. Lucas, whose address is 409 Center Street, Curwensville, Pennsylvania, sold and delivered by truck, during the period from November 1, 1940 to March 31, 1941, 926 net tons of run of mine coal produced at his Lucas Mine (Mine Index No. 1702), located at Curwensville, Pennsylvania, and his Snyder Mine (Mine Index No. 2870), located in Olanta, Pennsylvania, both in Clearfield County, Pennsylvania, District No. 1 to the Franklin Tannery located at Curwensville, Pennsylvania, at a truck delivered price of $2.20 per net ton, whereas the applicable minimum price f. o. b. the mine was $2.20 per net ton. The sales and deliveries hereinabove described were at prices less than the effective minimum price for said coal f. o. b. the mine plus amounts at least equal to the actual transportation charges and other incidental handling charges from the transportation facilities at the Lucas Mine and the Snyder Mine to the point from which all such charges were assumed and directly paid by the purchaser as set forth in the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipment and Price Instruction No. 6 as amended and contained in said Schedule, and were, therefore, in violation of section 4 Part II (e) and section 4 Part II (g) of the Act and Part II (e) and Part II (g) of the Code.

Dated: November 10, 1941.

[Docket No. A-1132]

PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT MINE INDEX NO. 511 OPERATED BY PARIS PURITY COAL CO., A CODE MEMBER IN DISTRICT NO. 14

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on December 8, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 3, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 14 for revision of the effective price classifications and minimum prices, by size groups, for the coals produced at Mine Index No. 511 operated by Paris Purity Coal Co., a code member in District No. 14, as follows:

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on December 18, 1941, at ten o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 13, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and re-

lated thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 9 for reduction in the effective minimum prices and price classifications for the coals of the Brown (K. Y. 6) Mine (Mine Index Nos. 97 and/or 235) in District No. 9, for truck and rail shipments, and for the establishment of minimum prices and price classifications for the coals of the said mine in Size Groups 17 to 25, inclusive, for shipment by rail.

IN THE MATTER OF PETERSON COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on June 2, 1941, with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board No. 4, alleging wilful violation by the Peterson Coal Company, the defendant, a code member in District No. 4, of the Bituminous Coal Code and the Rules and Regulations thereunder by:

(a) selling during January, 1941, approximately 100 tons of 1½" x 4" egg coal produced at its Peterson Bros. Mine (Mine Index No. 1623), located in Portage County, Ohio, in District No. 4, for shipment via trucks owned or controlled by said defendant to the Republic Steel Corp. at Newton Falls, Ohio, at a delivered price of $2.50 per ton;

(b) selling during January 1941, approximately 720 tons of 2" nut and slack coal and approximately 220 tons of 1½" x 4" egg coal produced at its Peterson Bros. Mine for shipment via trucks owned or controlled by the defendant to the Republic Steel Corp. at Niles, Ohio, at a delivered price of $2.30 per ton for the nut and slack and $2.60 per ton for the 1½" x 4" egg coal;

(c) selling during January 1941, approximately 78.8 tons of 2" nut and slack coal produced at its Peterson Bros. Mine for shipment via trucks owned or controlled by the defendant to the Ohio Boxboard Company at Rittman, Ohio, at a delivered price of $2.30 per ton; and

(d) selling during January 1941, approximately 37.6 tons of mine run coal produced at its Peterson Bros. Mine for shipment via trucks owned or controlled by the defendant to the Ohio Edison Company at Cuyahoga Falls, Ohio, at a delivered price of $2.60 per ton;

The complaint further alleges that these violations were accomplished by failing to add not less than the actual charge for or cost of transportation to the minimum f. o. b. mine price when such sale was made f. o. b. destination, all in violation of section 4 II (g) of the Bituminous Coal Act of 1937 and Price Instruction No. 6 in the Schedule of Effective Minimum Prices for Truck Shipments for District No. 4.

An answer having been filed by the defendant on August 7, 1941, and pursuant to an Order of the Director and after due notice to all persons, a hearing having been held on this matter on September 5, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Akron, Ohio;

Appearances having been entered by the Division and by the Peterson Coal Company, the defendant; and all interested parties having been afforded an opportunity to be present and to take part fully in the hearing;

At the conclusion of the hearing all parties having joined in the waiving of the preparation and filing of the Examiner's Report, the matter having thereupon been submitted to the Director, and the Director having made Findings of Fact, Conclusions of Law, and having rendered an Opinion, which is filed herewith,[1]

Now, therefore, it is ordered, That pursuant to section 5 (b) of the Act the code membership of the defendant, the Peterson Coal Company, a code member in District No. 4, be and it is hereby revoked and cancelled; and

It is further ordered, That prior to any reinstatement of the defendant, the Peterson Coal Company, a partnership, or Roy Kays, C. E. Peterson, and Harry Peterson, partners therein, to membership in the Code, the defendant or any of the individual partners thereof shall pay the United States a tax in the amount of $902.60 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

[Docket No. A-983]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR THE ESTABLISHMENT OF MAXIMUM PRICES FOR ALL COALS

MEMORANDUM OPINION AND ORDER CONCERNING MOTION OF DISTRICT BOARDS 3, 4, 6, 7, 8 AND 11 FOR CONTINUANCE

Bituminous Coal Producers Boards for Districts Nos. 3, 4, 6, 7, 8 and 11, interveners herein, on November 6, 1941, filed a consolidated motion requesting a further continuance of the hearing in this matter from November 12, 1941, to a date subsequent to the entry of the final Order of the Director in the first or cost phase of General Docket No. 21, or in any event to a date subsequent to November 25, 1941, the date set for oral argument before the Director in that Docket. District Boards Nos. 9 and 10 consent to the granting of this motion.

The Bituminous Coal Consumers' Counsel has expressed objection to any postponement.

The District Boards allege that they are now engaged in an analysis of the Examiner's Report in General Docket No. 21, are preparing exceptions, briefs, and oral argument thereon, and that in order to prepare intelligently and efficiently, it will be necessary for the Boards and their counsel constantly to devote themselves to those tasks at least until the oral argument, scheduled for November 25, 1941, is completed.

In the light of these considerations, and in the absence of any showing that the further postponement will adversely affect the interests of producers, consumers, or any party to this proceeding, the Director is of the opinion that a postponement of the hearing in this matter until December 2, 1941, is warranted.

Accordingly, it is ordered, That the hearing in this proceeding be and it hereby is postponed until December 2, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Division, 734 Fifteenth Street NW., Washington, D. C., to be designated by the Chief of the Records Section in Room 502.

Dated: November 7, 1941.

[Docket No. 1596-FD]

IN THE MATTER OF B. B. B. COAL COMPANY, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on February 19, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by the Bituminous Coal Producers' Board for District 12, alleging that B. B. B. Coal Company, a partnership composed of Edmon Briggs and George W. Burke, a code member in District 12, defendant, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder by selling 443.7 tons of screenings (Size Group 8) to one George Pope at $1.00 per ton f. o. b. the mine, whereas the effective minimum price for such coal is $1.60 per ton f. o. b. the mine, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa, on April 9, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter dated September 30, 1941, in which it was rec-

ommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions to the Examiner's Report and supporting briefs and no such exceptions or supporting briefs having been filed;

The undersigned having determined after a consideration of the record that the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is therefore ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, B. B. B. Coal Company, a partnership composed of Edmon Briggs and George W. Burke, operating Mine Index No. 9, located near Hamilton, Iowa, be and it is hereby revoked and cancelled;

And it is further ordered, That, prior to any reinstatement of the defendant or either partner to membership in the Code, the defendant or either partner shall pay to the United States a tax in the amount of $267.87, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 10, 1941.

[Docket No. 1726-FD]

IN THE MATTER OF EDWARDS BROTHERS COAL COMPANY, A PARTNERSHIP, DEFENDANT

CEASE AND DESIST ORDER

A complaint having been filed on May 17, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, with the Bituminous Coal Division, alleging the wilful violation by Edwards Brothers Coal Company, the defendant, a partnership consisting of Mathew Edwards and Oliver Edwards, of the Bituminous Coal Code or the rules and regulations thereunder, *inter alia*, as follows:

That the defendant sold certain coals at less than the effective minimum prices established therefor and falsified records in order to avoid discovery of the violation;

The defendant having filed an answer on July 31, 1941, amounting to a general denial of the alleged violations;

Pursuant to an appropriate Order and after due notice to all interested persons a hearing in this matter having been held on September 5, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Oskaloosa, Iowa, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

At the conclusion of the hearing, the preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith; [1]

Now, therefore, it is ordered, That the defendant, and each partner thereof, its representatives, servants, agents, employees, attorneys, and all persons acting or claiming to act in its behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal at prices below the effective minimum prices, from violating the Bituminous Coal Act of 1937, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments, the Marketing Rules and Regulations, and Orders of the Director.

It is further ordered, That upon the failure or neglect of the defendant to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit wherein the defendant carries on business for the enforcement thereof.

Dated: November 10, 1941.

FEDERAL POWER COMMISSION.

[Docket No. G-217]

PUBLIC SERVICE COMMISSION OF INDIANA V. PANHANDLE EASTERN PIPE LINE COMPANY, MICHIGAN GAS TRANSMISSION CORPORATION, AND NORTHERN INDIANA PUBLIC SERVICE COMPANY

ORDER FIXING DATE OF HEARING

NOVEMBER 6, 1941.

It appearing to the Commission that:

(a) On September 29, 1941, the Public Service Commission of Indiana filed a petition requesting the Federal Power Commission to hold a hearing, and upon said hearing to determine the just and reasonable charge, rate, practice, and contracts thereafter to be observed, and in force respecting certain mutual contractual relations between Panhandle Eastern Pipe Line Company, Michigan Gas Transmission Corporation, Northern Indiana Public Service Company, Defendants, and Eva Simerman, et al., consumers of natural gas supplied by said Defendants in the cities and towns of Fort Wayne, Bluffton, Huntington, Decatur, Columbia City, Preble, Ossian and South Whitley, Indiana, and other consumers similarly situated, and petitioning further for all other proper relief in the premises;

(b) On August 25, 1941, there was filed with the Public Service Commission of Indiana the petition of said Eva Simerman, et al., requesting the said Commission to file a complaint before the Federal Power Commission requesting the said hearing, a copy of which petition is marked Exhibit I and made a part of the petition in this proceeding;

(c) Said petition of Eva Simerman, et al., alleges, among other things, that Panhandle Eastern Pipe Line Company sells and delivers natural gas at the Illinois-Indiana State line to Michigan Gas Transmission Corporation pursuant to a contract dated October 1, 1936, designated in the files of the Commission as Rate Schedule FPC No. 18; that said gas is delivered by Michigan Gas Transmission Corporation to Northern Indiana Public Service Company for resale in Bluffton, Preble, Decatur, Toscin, Fort Wayne, Columbia City, South Whitley and Huntington, Indiana, under a contract dated May 1, 1937, designated in the files of the Commission as Michigan Gas Transmission Corporation Rate Schedule FPC No. 11; and that said contracts and their provisions, conditions and limitations affecting the rates of said petitioners as consumers are unjust and unreasonable, unduly discriminatory, and preferential;

(d) The Public Service Commission of Indiana alleges that the matters contained in the said petition of Eva Simerman, et al., are matters over which it has no jurisdiction, said matters being interstate in nature; that an investigation should be made by the Federal Power Commission relative to the charge that the practices complained of are capricious, arbitrary, unfair, discriminatory, and in violation of the Natural Gas Act; and that it is interested in having a determination by the Federal Power Commission of the alleged discriminatory and unfair practices;

(e) On October 28, 1941, Michigan Gas Transmission Corporation filed with the Commission an answer to the said petition of the Public Service Commission of Indiana denying certain allegations contained therein, and praying that the petition be dismissed as to said Michigan Gas Transmission Corporation;

(f) On November 4, 1941, Panhandle Eastern Pipe Line Company filed with the Commission an answer to the said petition of the Public Service Commission of Indiana denying certain allegations contained therein, and praying that the petition be dismissed as to said Panhandle Eastern Pipe Line Company;

The Commission orders that: A public hearing upon said petition of the Public Service Commission of Indiana shall be held commencing on December 8, 1941 at 9:45 a. m., in Room 353, Federal Building at Fort Wayne, Indiana.

IN THE MATTER OF CENTRAL U. S. UTILITIES COMPANY, AND OHIO RIVER POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

Notice is hereby given that a declaration and application have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central U. S. Utilities Company and Ohio River Power Company;

Notice is further given that any interested person may, not later than November 29, 1941 at 1:15 p. m. E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest; or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration and application as filed or as amended may become effective and may be granted as provided in Rule U-23 of the Rules and Regulations promulgated to said Act or the Commission may exempt such transaction as provided in Rules U-20 (c) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C. All interested persons are referred to said declaration and application, which are on file in the office of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

Ohio River Power Company proposes to transfer all its property—real, personal and mixed and wherever located—and all its liabilities to Central U. S. Utilities Company in return for the surrender by Central U. S. Utilities Company to Ohio River Power Company for cancelation and retirement all of the outstanding shares of capital stock of Ohio River Power Company. Such transfer is to be followed by liquidation and dissolution of Ohio River Power Company which company then will cease to do business, surrender its charter, and no longer exist as a corporation;

Subsequent to the liquidation of Ohio River Power Company, Central U. S. Utilities Company proposes to sell the properties and other assets formerly owned by Ohio River Power Company to the cities of Tell City and Cannelton, Indiana. By the terms of the proposed contract for purchase and sale, Cannelton is to pay $125,000 and Tell City $475,000 for the properties to be acquired by each, these figures being subject to certain adjustments detailed in the sales contract.

It is represented by Central U. S. Utilities Company that the proceeds of the sale to be derived by it will be used for one or more of the following purposes:

(1) For the purchase of bonds of Associated Electric Company.

(2) For the purchase of bonds or stock of subsidiaries.

(3) For advances or contributions to subsidiary companies for capital expenditures.

(4) For the acquistion of additional operating units or companies within the Associated Electric Company group.

Applicants-declarants have designated sections 2 (c), 9 (a) (1), 10, 12 (c), 12 (f), Rules U-42, U-43 and U-44 (b) (3) as being applicable to the proposed transaction.

IN THE MATTER OF PROCEEDING TO DETERMINE WHETHER THE REGISTRATION OF GNOME GOLD MINING COMPANY COMMON STOCK, 5¢ PAR VALUE SHOULD BE SUSPENDED OR WITHDRAWN

FINDINGS AND ORDER OF THE COMMISSION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

Appearances: James E. Newton, for the Registration Division of the Commission.

The Gnome Gold Mining Company, a corporation organized under the laws of the State of Washington, has its common stock, 5¢ par value, listed and registered on the Standard Stock Exchange of Spokane. These shares were effectively registered under the Securities Exchange Act of 1934 on October 1, 1935.[1]

On August 14, 1941, the Commission instituted this proceeding, pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, to determine whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding 12 months, or to withdraw, the registration and listing of registrant's common stock. The order instituting the proceeding set forth as the issues to be determined at the hearing:

(1) Whether the registrant has failed to comply with section 13 (a) of the Act and the Commission's rules thereunder in failing to file its annual report for the fiscal year ended December 31, 1940; and

(2) If so, whether it is necessary or appropriate for the protection of investors to suspend, or to withdraw, the registration of its common stock.

After appropriate notice to the registrant, the Standard Stock Exchange of Spokane, and the public, a hearing was held before a trial examiner in Seattle, Washington. The trial examiner filed an advisory report in which he found that, in contravention of section 13 (a) of the Act and the Commission's rules thereunder, the registrant failed to file its annual report for the fiscal year ended December 31, 1940.[2] No exceptions to the trial examiner's report have been filed, and no objection to the withdrawal of listing and registration has been made either by the Standard Stock Exchange of Spokane or the registrant.[3] Upon an independent review of the record, we adopt the aforementioned finding of the trial examiner as being in accord with the record.

We find that the registrant has failed to comply with the statute and the rules thereunder in the respects noted above, and that it is necessary and appropriate for the protection of investors that the listing be withdrawn. Cf. *North European Oil Corporation,* 9 S.E.C. — (1941), Securities Exchange Act Release No. 2987; *Lehi Tintic Mining Company,* 9 S.E.C. — (1941), Securities Exchange Act Release No. 3049.

Accordingly, it is ordered, That the listing and registration of the common stock, 5¢ par value, of the Gnome Gold Mining Company on the Standard Stock Exchange of Spokane, a national securities exchange, be and it hereby is withdrawn.

By the Commission (Chairman Eicher, Commissioners Healy, Purcell, and Burke), Commissioner Pike being absent and not participating.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

[F. R. Doc. 41-8506; Filed November 13, 1941; 11:38 a. m.]

[1] The volume of trading in the stock from January 1, 1937, to August 29, 1941, was as follows: 1937, 1,568,441 shares; 1938, 343,600 shares; 1939, 110,000 shares; 1940, 54,000 shares; 1941 (to August 29), none.

[2] Under Rule X-13A-1 the registrant is required to file its annual reports not more than 120 days after the close of its fiscal year. No annual report has yet been filed by the registrant for its fiscal year ended December 31, 1940, although such report was due to be filed not later than April 30, 1941. No request was made for an extension of time within which to file the report. The registrant advises by letter that the report was not filed because the company was unable to pay the expense entailed in making out the report.

[3] In a letter to the Commission the registrant stated that the officers of the company were authorized to take such steps as were necessary to delist the securities; and that "On February 13, 1941, a letter was written to the Standard Stock Exchange of Spokane, requesting that the listing of the stock of the said company be terminated, to which the Secretary replied on February 14 that the Application must be made in conformity with certain rules, with which the Company has no funds to comply."

UNITED STATES TARIFF COMMISSION.

NOTICE OF SUPPLEMENTAL INVESTIGATION AND HEARING WITH RESPECT TO CERTAIN COTTON AND COTTON WASTE

INVESTIGATION NO. 1

The United States Tariff Commission, on this 12th day of November 1941,[1] announces a supplemental investigation under section 22 of the Agricultural Adjustment Act of 1933, as amended, and Executive Order No. 7233, of November 23, 1935, with respect to:

(a) Cotton and cotton waste produced in the United States offered for reentry after exportation;

(b) Commercial samples of cotton and cotton waste of any origin;

(c) Card strips made from cottons having a staple of $1^{3}/_{16}$ inches or more in length.

The object of the supplemental investigation is to determine whether any or all of the foregoing items may be suspended from the application of the President's proclamation "Imposing Quotas on Imports of Cotton and Cotton Waste," of September 5, 1939, without causing imports to render or tend to render the cotton program ineffective.

Hearing. All parties interested will be given opportunity to be present, to produce evidence, and to be heard at a public hearing to be held at the office of the Commission in Washington, D. C., at 10 a. m., on the 10th day of December 1941.

Nature of information at hearing. Information submitted at the hearing must be relevant and material to the matters under investigation.

Appearances at hearing. Interested persons may appear at the hearing either in person or by representative; if several persons have a joint interest in the subject, it is suggested that effort be made for the designation of a representative in order to avoid unnecessary repetition of testimony.

EXECUTIVE ORDER

PERMITTING CERTAIN POSITIONS IN THE FARM SECURITY ADMINISTRATION TO BE FILLED BY PROMOTION, TRANSFER, OR ASSIGNMENT OF CERTAIN EMPLOYEES, AND AUTHORIZING SUCH EMPLOYEES TO ACQUIRE A CLASSIFIED STATUS

By virtue of the authority vested in me by the Civil Service Act (22 Stat. 403) and by section 1753 of the Revised Statutes of the United States, it is hereby ordered as follows:

SECTION 1. The incumbent of any position (other than a temporary position) in the Farm Security Administration of the Department of Agriculture who held a permanent, indefinite, or emergency appointment on June 30, 1941, and who is still so employed, may be promoted, transferred, or assigned to any position in the Farm Security Administration which, on and after July 1, 1941, is required to be filled in accordance with the Civil Service Rules.

SECTION 2. Any employee of the Farm Security Administration who, subsequent to June 30, 1941, is promoted, transferred, or assigned under section 1 of this order may acquire a competitive classified civil-service status in accordance with the provisions of the act of November 26, 1940, 54 Stat. 1211, extending the classified civil service.

This order shall be effective as of July 1, 1941.

PART 75—DOURINE IN HORSES AND ASSES

ORDER AMENDING REGULATIONS GOVERNING THE INTERSTATE MOVEMENT OF LIVESTOCK

Pursuant to the authority conferred upon the Secretary of Agriculture by section 3 of the Act of Congress approved May 29, 1884 (23 Stat. 31; 21 U.S.C. 114), and the Act of Congress approved July 1, 1941 (Public Law, 144—77th Congress—1st Session), § 75.3, Part 75, Chapter I, Title 9, Code of Federal Regulations [Reg. 5, Sec. 3, B.A.I. Order 309], as amended, is hereby further amended to read as follows:

§ 75.3 *Appraisal of and compensation for animals.* When it is necessary, in order to prevent the spread of dourine and to aid in its extermination, and an appropriation is available therefor, the department will cooperate with state and federal governmental agencies in the purchase of diseased animals in the following manner:

(a) The fact of infection with this disease shall be determined by the complement-fixation test applied in the laboratory of the Bureau.

(b) The animal shall be appraised at its actual value by a Bureau inspector and a representative of the cooperating agency, or, when provided by State law, assessed value as shown by the assessor's books will be accepted in lieu of appraisal.

(c) The department will pay one-half of the appraised or assessed value, not to exceed $100, if the owner signs an agreement to accept such sum as compensation in full for the discharge of all claims he may have against the department on account of the destruction of the animal in question: *Provided*, That if the eradication work is carried on in cooperation with a federal agency the department may pay all of the appraised value, not to exceed $100.

This amendment, which for purpose of identification is designated Amendment 5 to B.A.I. Order 309, shall be effective on and after November 17, 1941. (23 Stat. 31, Public Law 144, 77th Cong., 1st Session; 21 U.S.C. 114)

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A–887]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF PETITION OF DISTRICT BOARD 8 FOR REVISION OF EFFECTIVE MINIMUM PRICES ESTABLISHED FOR COALS PRODUCED FOR TRUCK SHIPMENT BY J. S. STEWART (SAXTON COAL COMPANY), A. W. DENHAM, AND ISHAM SMITH, CODE MEMBER PRODUCERS IN DISTRICT 8

This is a matter instituted upon an original petition filed on May 26, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision of the effective minimum prices established for coals produced for shipment by truck at the Saxton Coal Company Mine (Mine Index No. 1882) of J. S. Stewart (Saxton Coal Company), at the Denham Mine (Mine Index No. 1826) of A. W. Denham, and at the Isham Mine (Mine Index No. 1880) of Isham Smith, all code member producers in District 8, as follows:

Mine index No.	Code member	Mine	Size group 1	2	3	4	5	6	7	8
1882	Stewart, J. S.	Saxton Coal Co.: Change—								
		From	335	315	235	260	225	225	-----	-----
		To	275	255	220	230	215	210	-----	-----
1826	Denham, A. W.	Denham: Change—								
		From	300	280	225	250	-----	215	170	165
		To	275	255	220	230	-----	210	145	140
1880	Smith, Isham	Isham: Change—								
		From	300	280	225	250	-----	215	170	165
		To	275	255	220	230	-----	210	145	140

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

The Saxton Coal Company Mine of J. S. Stewart (Mine Index No. 1882), Denham Mine of A. W. Denham (Mine Index No. 1826), and Isham Mine of Isham Smith (Mine Index No. 1880) are located near Saxton in Whitley County, Kentucky. The truck coals of the Isham Mine and the Denham Mine are designated as being in the River Gem Seam, and of the Saxton Coal Company Mine as being in the Blue Gem Seam. About 100 tons of coal a day are mined at the Saxton Coal Company Mine by the strip method, and from 1 to 10 tons a day at the Isham Mine by the drift method. Coals have been mined in the past at the Denham Mine by the strip method although at the time of the hearing this mine was not operating. All these coals compete chiefly with coals produced in the Jellico Seam and in the Blue Gem Seam.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8, that the coals of the three mines involved herein are comparable and are produced from the same seam. Hence, the witness stated, the coals of the Saxton Coal Company Mine should be designated as produced in the River Gem Seam and not in the Blue Gem Seam as presently designated in the truck schedule for District 8.[1] The witness Daniel further testified that in

[1] In Docket No. A–615, the seam designation of the rail coals of the Saxton Coal Company Mine was corrected by Order of the Director from "Blue Gem" to "River Gem".

the domestic sizes (Size Groups 1–6) these River Gem coals are of better quality than some Jellico Seam coals but not as good as other Jellico Seam coals. His testimony also indicates that in the industrial sizes (Size Groups 7 and 8) the River Gem Seam coals are of very poor quality. The record also shows that the River Gem Seam coals are inferior in quality to the Blue Gem Seam coals; they are slower burning and have a higher ash content. The witness stated that in view of the comparability of the River Gem Seam coals to each other and their poorer qualitative content than the better Jellico Seam coals and the Blue Gem Seam coals, revision of the effective minimum prices of the River Gem Seam coals is necessary to reflect their relative market value and to afford them a reasonable opportunity to compete on a fair basis with such other coals.

Upon the basis of the uncontroverted testimony, I find and conclude that the revision of the effective minimum prices of the coals of Mine Index Nos. 1882, 1826 and 1880 for shipment by truck, and of the seam designation of the coals of Mine Index No. 1882 is necessary to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and to comply with all of the standards thereof.

Now, therefore, it is ordered, That § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be and it hereby is revised by establishing the following minimum prices for the mines indicated:

Mine Index No.	Code member	Mine	Size groups							
			1	2	3	4	5	6	7	8
1882	Stewart, J. S.	Saxton Coal Co.	275	255	220	230	215	210	.....	.....
1826	Denham, A. W.	Denham	275	255	220	230	.....	210	145	140
1880	Smith, Isham	Isham	275	255	220	230	.....	210	145	140

It is further ordered, That the seam designation of the coals produced at the Saxton Coal Company Mine (Mine Index No. 1882) be and it hereby is changed from "Blue Gem" to "River Gem" in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

Dated: November 10, 1941.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITIONS OF CERTAIN PRODUCERS IN WILLIAMSON AND SALINE COUNTIES, DISTRICT 10, FOR A REDUCTION OF MINIMUM PRICES

On September 9, 1941, 6 F.R. 4662, the Director issued his Findings of Fact, Conclusions of Law, and Opinion in the above-entitled proceedings, and issued an Order Granting Permanent Relief therein. On October 21, 1941, 6 F.R. 5428, the Director issued his Order Amending Order Granting Permanent Relief. The Order Granting Permanent Relief, as thus amended, provided for certain reductions, for shipments by truck, of the effective minimum prices applicable to all mines in section 10 of District 10 which are set forth in the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments. The Order, as amended, further provided that the effective minimum prices in all size groups for Mine Index No. 40 (Augustina Coloni) for truck shipments be established the same as those for the above-mentioned mines in section 10 of District 10.

In section 10 of District 10 there are producers whose coals are priced for shipment both by rail and truck. The coals of other producers located in section 10 are priced for shipment by truck only. It appears from the Findings of Fact issued by the Director on September 9 that all the petitioners herein are in the latter class, operating exclusively as truck mines and being given only truck mine prices, with the exception of Coloni, whose mine has rail facilities and has heretofore been priced for both rail and truck shipments. Coloni testified at the hearing herein, however, that he had discontinued rail shipments. It further appears from the Findings of Fact of September 9 that the petitioners herein are representative truck shippers in section 10 of District 10, that the difficulties encountered by them are common to all the mines in that section shipping exclusively by truck, and that the relief granted to the petitioners should also be granted to all similar truck mine producers in section 10.

Some question has been raised as to whether a proper interpretation of the Order of September 9, as amended, restricts the application of the reduced prices to those truck mine producers in section 10 of District 10 which operate exclusively as truck mines. The Findings of Fact of September 9 are clear that the application of the reduced prices is thus restricted. To prevent any misinterpretation of the Order of September 9, as amended, I will further amend it to eliminate any ambiguity which may appear therein.

Now, therefore, it is ordered, That the next to the last paragraph of the Order Granting Permanent Relief entered in this proceeding on September 9, 1941, as amended on October 21, 1941, be and it hereby is amended and revised to read as follows:

It is ordered, That commencing forthwith, the effective minimum prices in § 330.25 (*General prices in cents per net ton for shipment into all market areas*), applicable to all mines in Section 10 of District 10 which are priced only for truck shipment shall be and the same are hereby reduced for shipments by truck as follows: Size Group 8 from $1.80 to $1.60; Size Group 9 from $1.75 to $1.50; Size Groups 10, 11, and 12 from $1.65 to $1.50; Size Group 13 from $1.40 to $1.30; and Size Group 15 from $.75 to $.65 per ton f. o. b. the mine; that the effective minimum prices in all size groups for Mine Index 40 (Augustina Coloni) for truck shipments be and the same are hereby established the same as those for the above-mentioned mines in section 10 of District 10, as herein revised; and that the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments be and it hereby is revised accordingly.

Dated: November 10, 1941.

General License No. 58, as Amended, Under Executive Order No. 8389, April 10, 1940, as Amended, and Regulations Issued Pursuant Thereto, Relating to Transactions in Foreign Exchange, Etc.

NOVEMBER 12, 1941.

General License No. 58[1] is amended to read as follows:

§ 131.58 *General license No. 58.* (a) A general license is hereby granted licensing all transactions ordinarily incident to the importing and exporting of goods, wares and merchandise between the United States and any part of China other than Manchuria; *provided*, the following terms and conditions are complied with:

(1) Such transaction shall not involve property in which any one of the following has at any time on or since the effective date of the Order had any interest

[1] 6 F.R. 3723.

and shall not be by, or on behalf of, or pursuant to the direction of any one of the following:

(i) Any blocked country other than China, or

(ii) Any person within Manchuria, or

(iii) Any national of any blocked country other than China unless such national is within China;

(2) Exports from the United States to China having a value in excess of $100 shall be effected only provided *both* of the following conditions are satisfied:

(i) Payment therefor has been or will be made through a domestic bank and such domestic bank has been notified by an appointed bank that the importer within China has paid or has completed arrangements to pay therefor with United States dollars acquired from such appointed bank, or in lieu of the foregoing, a domestic bank has been notified by an appointed bank that the shipment has been otherwise approved by the Stabilization Board of China; and

(ii) On each shipment the domestic bank referred to in (i) shall execute Form TFR–158[2] in quadruplicate. The original of such executed form shall be transmitted by the domestic bank directly to the collector of customs at the port of exportation and shall be received by such collector of customs prior to the exportation of the shipment. The duplicate of such executed form shall be delivered by the domestic bank to the exporter or his agent who shall present and, if requested, deliver such copy to the collector of customs at the port of exportation at the time the Shipper's Export Declaration is filed. The remaining two copies of such executed form shall be filed promptly by the domestic bank with the appropriate Federal Reserve Bank.

(3) Imports into the United States from China having a value in excess of $100 shall be effected only provided *both* of the following conditions are satisfied:

(i) Payment therefor in United States dollars has been or will be made through a domestic bank and the exporter within China has sold or has completed arrangements for selling such United States dollars to an appointed bank, or in lieu of the foregoing, the shipment has been otherwise approved by the Stabilization Board of China; and

(ii) Prior to the release of any such shipment from customs custody the collector of customs of the port of entry through which the shipment is imported shall have received a consular invoice covering such shipment and such consular invoice shall bear the certification of a United States consul in China that an appointed bank has duly notified the consul that the exporter within China has sold or has completed arrangements for selling the United States dollar proceeds from such shipment to such appointed bank or that the shipment has been otherwise approved by the Stabilization Board of China.

(4) The conditions prescribed in (2) and (3) shall not apply with respect to any import or export:

(i) If the shipment was in transit between the United States and China on November 12, 1941; or

(ii) If the consignee or consignor of the shipment is the United States Government or the Chinese National Government or a recognized agency or political instrumentality of either government; or

(iii) If payment for the shipment was fully effected prior to November 12, 1941, and the following reporting procedure is followed: On each such shipment a domestic bank participating in financing the shipment shall execute Form TFR–158A in quadruplicate. The original of such executed form shall be transmitted by such domestic bank directly to the collector of customs at the port of importation or exportation as the case may be and shall be received by such collector of customs prior to the release of such shipment from customs custody or prior to the exportation of such shipment as the case may be. The duplicate of such executed form shall be delivered by the domestic bank to the importer or exporter or their respective agents who shall present and, if requested, deliver such copy to the collector of customs at the time the shipment is released from customs custody or the Shipper's Export Declaration is filed, as the case may be. The remaining two copies of such executed form shall be filed promptly by the domestic bank with the appropriate Federal Reserve Bank.

(5) Any domestic bank prior to issuing, confirming or advising letters of credit, or accepting or paying drafts drawn, or reimbursing themselves for payments made, under letters of credit, or making any other payment or transfer of credit, in connection with any importation or exportation pursuant to this general license, or engaging in any other transaction herein authorized, shall satisfy itself (from the shipping documents or otherwise) that:

(i) Any such transaction is incident to a bona fide importation or exportation and is customary in the normal course of business, and that the value of such importation or exportation reasonably corresponds with the sums of money involved in financing such transaction; and

(ii) Such importation or exportation is or will be made pursuant to all the terms and conditions of this license.

(b) As used in this general license:

(1) The term "appointed bank" shall mean any of those banks cooperating with the Stabilization Board of China and buying and selling foreign exchange with the permission of, and subject to the conditions prescribed by, such Board, the names of which appear on Schedule A of this general license at the time the transaction is effected.

(2) A person shall not be deemed to be "within China" unless such person was situated within and doing business within China on and since June 14, 1941.

General License No. 75 Under Executive Order No. 8389, April 10, 1940, as Amended, and Regulations Issued Pursuant Thereto, Relating to Transactions in Foreign Exchange, Etc.

NOVEMBER 12, 1941.

§ 131.75 *General license No. 75.* (a) A general license is hereby granted authorizing remittances in any amount by any person through any domestic bank to any person in any part of China except Manchuria, and any domestic bank is authorized to effect such remittances, provided the following terms and conditions are complied with:

(1) Such remittances may be made from any account other than a blocked account and, subject to item (2) hereof, such remittances may be made from the blocked account of any national of China.

(2) Such remittances may not be made from any blocked account if any of the following has an interest in such account:

(i) Any national of any blocked country other than China;
(ii) Any person within Manchuria; or
(iii) Any blocked country other than China; and

(3) Such remittances shall be effected by a domestic bank paying the dollar amount of the remittance to a designated agent of the Central Bank of China for the account of an appointed bank.

(b) All domestic banks effecting such remittances shall satisfy themselves that the foregoing terms and conditions are complied with.

(c) With respect to each remittance made pursuant to this general license reports on Form TFR-132 shall be executed and filed in the manner and form and under the conditions prescribed in General License No. 32. Domestic banks through which any such remittances originate shall note on the reverse side of such form the nature of the transaction for which the remittance is being made but need not furnish the information called for in item 6 of such form.

(d) All dollars accruing to any appointed bank pursuant to this general license shall, if so required by the Stabilization Board of China, be made available to the Board by payment to the Central Bank of China against delivery of an equivalent amount of Chinese national currency.

(e) This general license shall not be deemed to authorize any transaction incidental to imports and exports between the United States and China.

(f) As used in this general license:

(1) The term "appointed bank" shall have the same meaning as that prescribed in General License No. 58.

(2) The term "designated agent of the Central Bank of China" shall mean either the Bank of China or the Philippine Bank of Communications. (Sec. 5 (b), 40 Stat. 415 and 966; sec. 2, 48 Stat. 1; 54 Stat. 179; E.O. 8389, April 10, 1940, as amended by E.O. 8785, June 14, 1941, and E.O. 8832, July 26, 1941; Regulations, April 10, 1940, as amended June 14, 1941, and July 26, 1941)

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 922—MAGNESIUM

General Preference Order No. M-2-b to Conserve the Supply and Direct the Distribution of Magnesium

Whereas national defense requirements have created a shortage of magnesium; and

Whereas notwithstanding every effort to increase the production of magnesium, such shortage continues and is intensified by reason of increasing defense requirements; and

Whereas under current practices in the handling of magnesium scrap, scrap of proper quality is not coming forward in sufficient volume for reprocessing for reuse for defense purposes; and

Whereas the restrictions and requirements relating to the use of magnesium hereinafter set forth are necessary to conserve the supply and direct the distribution thereof in the interest of national defense;

Now, therefore, it is ordered, That:

§ 922.3 *General preference order No. M-2-b*—(a) *Definitions.* For the purposes of this Order:

(1) "Magnesium" means any material the principal ingredient of which is magnesium, including, but not limited to, "Magnesium Scrap" and "Magnesium Products", as well as "Magnesium Metal".

(2) "Magnesium Metal" or "Metal" means primary or secondary metal or any alloy thereof, the principal ingredient of which is magnesium, as distinguished from "Magnesium Products" or "Magnesium Scrap".

(3) "Magnesium Products" means any finished or semi-finished part, component, casting, powder or other product, the principal ingredient of which is magnesium.

(4) "Magnesium Scrap" or "Scrap" means any scrap material the principal ingredient of which is magnesium, including, but not limited to:

(i) Scrap material, the principal ingredient of which is magnesium, generated in the course of any industrial process, herein sometimes called "Plant Scrap";

(ii) Defective work in process made of Magnesium, and rejected Magnesium Products, herein sometimes called "Reject Scrap";

(iii) Work in process made of Magnesium which, if completed would be classified as "Dead Stock" as hereinafter defined; as well as

(iv) Discarded Magnesium Products, by whomsoever held.

(5) "Person" means any individual, partnership, association, corporation or other form of enterprise.

(6) "Producer" means the Dow Chemical Company, the Permanente Corporation and any other Person who, upon application, may be so designated by the Director of Priorities.

(7) "Approved Smelter" means the American Magnesium Company, Apex Smelting Company, National Smelting Company, Aluminum and Magnesium Company and the Federated Metals Division, American Smelting and Refining Company, and any other Person who upon application, may be so designated by the Director of Priorities.

(8) "Fabricator" means any Person, including pattern shops and foundries, who fabricates Magnesium Products from Metal or Scrap.

(9) "User" means any Person who uses Magnesium Products in the production of material, or who incorporates Magnesium Products as parts or components in products which he is producing, whether or not the principal content of such material or products is Magnesium.

(10) "Dead Stock" means all Metal and Magnesium Products by whomsoever held, except

(i) That amount of Metal, held by any Fabricator, which constitutes the minimum working inventory (stocks on hand and work in process) required for his currently scheduled production of products to be delivered in filling purchase orders bearing a rating of A-1-j or higher (any Metal held by such Fabricator in excess of such amount to be classified as Dead Stock hereunder);

(ii) Metal held by any Producer or Approved Smelter;

(iii) That amount of Magnesium Products held by any User, which constitutes the minimum working inventory (stocks on hand and work in process) required for his currently schedule production of products to be delivered in filling purchase orders bearing a rating of A-1-j or higher (any Magnesium Products held by such User in excess of such amount to be classified as Dead Stock hereunder); and

(iv) Magnesium Products, held by any Fabricator, for which at the time he has purchase orders on his books bearing a rating of A-1-j or higher (any other Magnesium Products held by such Fabricator to be classified as Dead Stock hereunder).

(v) Magnesium Products consisting of patterns, forming blocks, blocks, dies, jigs, flasks, fixtures and other equipment: *Provided, however*, That such Magnesium Products, if obsolete or if substitute equipment is available, shall be classified as Dead Stock hereunder.

(b) *Prohibition of contamination and debasement.* No Person shall contaminate or debase Magnesium by the admixture therewith of, or the incorporation thereof with, any other metal or material, except as the Director of Priorities may, upon application, specifically authorize; provided, that any admixture or incorporation for the purpose of producing Magnesium or aluminum alloys, which alloys are produced, held, used and disposed of in conformity with this Order or any Order issued by the Director of Priorities with reference to aluminum, is hereby permitted.

(c) *Allocation of output of producers, approved smelters and fabricators.* Each Producer and Approved Smelter shall set aside currently his entire stock of Metal (current production, work in process and stocks on hand), and each Fabricator shall set aside currently his entire stock of Magnesium Products (current output, work in process and stocks on hand), to be held subject to allocation by the Director of Priorities. Except as provided in (d) below, no deliveries or withdrawals shall be made from this stock for any purpose except pursuant to specific directions heretofore or hereafter issued by the Director of Priorities. Prior to the first day of December, 1941, and of each calendar month thereafter, the Director of Priorities will issue to each Producer, Approved Smelter and Fabricator specific directions covering deliveries of metal which may be made by each such Producer or Approved Smelter and of Magnesium Products which may be made by each such Fabricator, to its customers during each month. However, even though specifically authorized by the Director of Priorities, no Producer, Approved Smelter or Fabricator shall make any delivery of Magnesium to any User during any month unless such User shall have furnished him with a statement that (1) such User has filed with the Office of Production Management the inventory report currently required from such User, to be prescribed hereunder, and that (2) such User has not placed an order for Magnesium with some other Person duplicating the order for delivery in question: *Provided, however*, That such delivery may be made pursuant to a specific direction from the Director of Priorities which specifies that delivery shall be made notwithstanding the failure of such User to file such report.

(d) *Operations confined to purchase orders bearing a rating of A-1-j or higher.* No User shall order, acquire, offer, deliver or use Magnesium Products except for the purpose of filling purchase orders bearing a rating of A-1-j or higher, or except as the Director of Priorities may specifically authorize or direct. Pending receipt of specific directions allocating his output pursuant to (c) above, any Fabricator or Approved Smelter may, during November, 1941, continue to use, offer and deliver Magnesium, but only in the fulfillment of purchase orders bearing a rating of A-1-j or higher.

(e) *Inventory and scheduling provisions.* No Fabricator shall order or acquire Metal, and no User shall order or acquire Magnesium Products, except for delivery at such times and to the extent that may be necessary to maintain the minimum working inventory (stocks on hand and work in process) which is required for his currently scheduled production of products to be delivered in fulfillment of purchase orders bearing a rating of A-1-j or higher, except as the Director of Priorities may specifically authorize or direct.

(f) *Dead stock.* (1) Except as the Director of Priorities may, upon application, authorize or direct, each Person owning Dead Stock shall sell such Dead Stock to a Producer, Approved Smelter, Fabricator or, in the case of Dead Stock other than Metal, a User; and no such Person shall in any way use or dispose of such Dead Stock except by such a sale.

(2) Each Fabricator, User and any other Person who in the normal course of operations accumulates or acquires Metal or Magnesium Products, which may constitute Dead Stock hereunder, shall immediately review, and thereafter at least monthly shall review, his stock of Metal and Magnesium Products, with a view to determination as to what part of such stock may, without jeopardizing the filling of purchase orders currently on his books which bear a rating of A-1-j or higher, but irrespective of any dislocation of his other business operations which may arise from changes in inventory practice resulting from compliance with this Order, be set aside as Dead Stock.

(3) On or before the last day of November, 1941, and of each calendar month thereafter, each Person owning any Dead Stock shall report the amount and kind of all such Dead Stock to the Aluminum and Magnesium Branch, Office of Production Management, Social Security Building, Washington, D. C.: *Provided*, That no such report shall be required of any Producer, Approved Smelter, Fabricator or User except as a part of the monthly report of his operations to be prescribed hereunder. In all such reports except the first, such Person shall also state the source of any such Dead Stock which may have been acquired after the effective date of this Order from any Person other than a Producer, Approved Smelter, Fabricator or User. Failure to make such report on the part of any Person, other than a Producer, Approved Smelter, Fabricator or User shall be deemed a representation to the Office of Production Management, subject to the penalties of Section 35A of the United States Criminal Code, that such Person does not own any Metal or Magnesium Products.

(g) *Collection, segregation, and use of scrap.* (1) Except as provided in (2) below, any Person owning any Scrap, and any Person operating a plant which generates any Plant or Reject Scrap, shall, in his plant or on his premises, collect, bag or place in suitable containers, label, identify and otherwise prepare for shipment for reprocessing by others, all such Scrap which he owns or which is generated in his plant. Such Scrap shall be segregated so as to avoid contamination by other metals and materials and otherwise handled in such manner that it will be of acceptable quality for reprocessing.

(2) Any Producer or Approved Smelter may use any Scrap in the production of Magnesium in a plant operated by it. Any Fabricator, who, in the normal course of, or as an incident to its operations, melts Scrap for the purpose of fabricating Magnesium Products therefrom, may use any Plant Scrap and Reject Scrap generated in his plant in the course of such fabrication, but only if such Scrap is re-melted and re-fabricated in such plant into products for the production of which such Fabricator is currently obtaining deliveries of Magnesium in conformity with this Order, and if, in estimating, applying for and ordering such Magnesium, such Fabricator reduced his requirements by an amount which, under the circumstances, represented a reasonable anticipation of the amount of Plant and Reject Scrap which would be recoverable for reuse as above authorized.

(h) *Disposition of all scrap.* Except as provided in (g) above or as the Director of Priorities may, upon application, specifically authorize or direct, any Person owning any Scrap shall promptly sell all such Scrap to a Producer or Approved Smelter and shall not use or dispose of such Scrap in any way except by such a sale. On or before the last day of November 1941, and each calendar month thereafter, each Person owning any Scrap shall report the amount and kind of all such Scrap to the Aluminum and Magnesium Branch, Office of Production Management, Social Security Building, Washington, D. C.: *Provided*, That no such report shall be required of any Producer, Approved Smelter, Fabricator or User except as part of the monthly reports of his operations to be prescribed hereunder. In all such reports except the first, such Person shall also state the source of any such Scrap owned which may have been acquired after November 30, 1941, from any Person other than a Producer, Approved Smelter, Fabricator or User. Failure to make such a report on the part of any Person, other than a Producer, Approved Smelter, Fabricator or User, shall be deemed a representation to the Office of Production Management, subject to the penalties of section 35A of the United States Criminal Code, that such Person does not own any Scrap.

(i) *General provisions.* Except as hereinbefore provided, or as may be specifically authorized or directed by the Director of Priorities, no Person shall accept delivery, order or attempt to order, contaminate, debase, use, acquire for use or attempt to use, deliver, offer or attempt to deliver, Magnesium. No Per-

son shall accept delivery of Magnesium knowing or having reason to believe that such Magnesium has been owned, acquired, held, used, contaminated, debased or disposed of in violation of this Order; nor shall any Person dispose of Magnesium to any other Person if he knows or has reason to believe that such other Person is acquiring, or will use, contaminate, debase, hold or dispose of such Magnesium in violation of this Order: *Provided*, That for any purpose permitted by this Order, any Producer or Approved Smelter may freely acquire any Scrap or Dead Stock, any Fabricator may freely acquire Dead Stock and any User may freely acquire Dead Stock other than Metal, irrespective of the status under this Order of the Person disposing of the same.

(j) *Responsibility of agents, bailees, and warehousemen.* Any Person, who, as agent, bailee, warehouseman or otherwise, holds any Magnesium beneficially owned by another Person, which, as he knows or has reason to believe, is not being used or disposed of in accordance with the requirements of this Order, or is about to be used or disposed of in contravention of the terms of this Order, shall be deemed responsible equally with such other Person for such violation, unless he shall promptly report to the Office of Production Management the amount and kind of such Magnesium, the period of time during which he has held it, and the use or disposition to which he knows or has reason to believe such Magnesium is about to be put.

(k) *Specific authorizations or directions.* Provisions in this Order to the effect that Magnesium shall be produced, collected, segregated, delivered, acquired, held, contaminated, debased, used, or disposed of as the Director of Priorities may specifically authorize or direct, contemplate specific action by the Director of Priorities with reference to Magnesium which is specifically identified as the subject matter of such action; and, except to the extent provided in (d) above, no purported authorization or direction to deliver materials in the form of a rated preference order or otherwise, even though by its terms such order would comprehend Magnesium as a material within its scope, shall per se constitute a valid authorization for any delivery of any Magnesium by any Person.

(l) *Hardship clause.* Where, under the peculiar circumstances of an individual case, disposition of Magnesium as required by any of the foregoing provisions, cannot be effected at regularly established prices and terms of sale or payment, or would otherwise impose an unreasonable hardship or sacrifice, the Person required to dispose of the same may apply to the Director of Priorities for exemption in whole or in part from the operation of such provision. Such application shall identify the provision in question, shall specify the nature and extent of exemption applied for and shall fully set forth the facts alleged to prove unreasonable hardship or sacrifice. Except as the Director of Priorities may otherwise specifically direct, pending determination by him of the merits of any case in which exemption has been so applied for, the filing of the application therefor shall be effective to afford the applicant a temporary exemption, to the extent applied for, from the operation of the provision in question which requires disposition of Magnesium; *Provided, however*, That such filing of the application shall not have any such effect if, at any time, the Director of Priorities shall find that such application was not filed in good faith.

(m) *Regulation No. 1, Incorporation.* Except as otherwise specifically provided herein all the definitions and provisions of Priorities Regulation No. 1 issued by the Director of Priorities on August 27, 1941, (Part 944), as amended from time to time, are hereby included as a part of this Order with the same effect as if specifically set forth herein. Anything in such Priorities Regulation No. 1 to the contrary notwithstanding, no Person is required, hereunder, to accept purchase orders for Magnesium bearing a rating lower than A–1–j, except as the Director of Priorities may specifically direct.

(n) *Effective date.* This Order shall take effect on the 14th day of November, 1941, and, unless terminated by the Director of Priorities, shall expire on the 30th day of April, 1942. This Order supersedes all other Orders and instructions, including General Preference Order No. M–2 as extended,[1] issued by the Director of Priorities with reference to Magnesium but all specific directions and authorizations applicable to particular transactions which have been issued by the Director of Priorities with reference to Magnesium are hereby ratified and confirmed. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a) Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 14th day of November 1941.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Supplementary General Limitation Order L–3–b, Further Restricting the Production of Light Motor Trucks

In accordance with the provisions of § 976.3 (*General Limitation Order L–3*),[2] which the following Order supplements, *it is hereby ordered*, That:

§ 976.5 *Supplementary general limitation order L–3–b*—(a) *January restrictions.* During the period commencing January 1, 1942, and ending January 31, 1942, the manufacture of Light Motor Trucks by each Producer thereof is hereby restricted to a number equal to 7 per cent of such Producer's average annual production of Light Motor Trucks during the three years commencing August 1, 1938, and ending July 31, 1941, and no Producer shall manufacture Light Motor Trucks during such month in excess of such number.

(b) *Elimination of "bright work."* On and after December 15, 1941, no Producer shall use any "Bright Work", "Bright Finish", metal finish, or body trim containing copper, nickel, chrome or aluminum in the production of new Light Motor Trucks: *Provided, however*, That permission to use these materials in the plating of bumpers and in the plating of bumper guard assemblies may be given upon a showing that such use will utilize all possible conservation measures and will be restricted to minimum practicable quantities. Applications for such permission shall be made by a letter addressed to the Chief of the Automotive, Transportation, and Farm Equipment Branch, Division of Civilian Supply. Effective immediately, no Producer shall produce such "Bright Work", "Bright Finish", metal finish, or body trim containing copper, nickel, chrome or aluminum except in amounts necessary to complete light motor trucks scheduled to be completed before December 15, 1941.

(c) *Substitution of light motor trucks for passenger automobiles.* In any month any Producer making both passenger automobiles and light motor trucks may increase the number of light motor trucks he is authorized to produce under this General Limitation Order: *Provided*, That he correspondingly reduces his production of passenger automobiles under General Limitation Order L–2. In no event shall he exceed in any month his combined quotas of light motor trucks and passenger automobiles.

(d) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Supplementary General Limitation Order No. L–4–a

In accordance with the provisions of § 983.1 (General Limitation Order No. L–4),[1] which the following order supplements, it is hereby ordered that:

§ 983.3 *Supplementary general limitation order No. L–4–a*—(a) *January restrictions.* During the period commencing January 1, 1942 and ending January 31, 1942:

(1) A Producer shall not manufacture more than one-third of that number of replacements parts (as defined in General Limitation Order L–4) sold by him for replacement purposes during the period from January 1, 1941 to March 31, 1941.

(2) The determination of the number of replacement parts sold from January 1, 1941 to March 31, 1941, shall exclude, and the foregoing limitation upon the number of replacement parts which may be produced by any Producer during the period January 1, 1942 to January 31, 1942 shall not apply to any such replacement parts produced under contracts or orders for delivery to or for the account of any of the persons, governments or agencies enumerated in subparagraph (b) (2) of General Limitation Order No. L–4.

(b) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Extension No. 1 of Limited Preference Rating Order No. P–57

It is hereby ordered that § 983.2 (Limited Preference Rating Order No. P–57),[2] issued September 18, 1941, shall continue in effect until the 31st day of January, 1942, unless sooner revoked by the Director of Priorities.

In order to make this extension effective it is hereby ordered that § 983.2 (e) (3) be amended as follows:

§ 983.2 *Limited preference order No. P–57.*

* * * * *

(3) *By a producer or a supplier:*

(i) Unless the material to be delivered cannot be obtained when required without such rating,

(ii) To obtain deliveries earlier than required,

(iii) To deliveries of materials on purchase orders placed after January 1, 1942,

(iv) To deliveries of materials on purchase orders calling for delivery after January 31, 1942.

This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1306—IRON AND STEEL

PRICE SCHEDULE NO. 41—STEEL CASTINGS

The production of steel castings plays a critical role in the whole defense program. Steel castings at reasonable prices are essential to the increased flow of machines, tanks, ships, airplanes, guns, and, indeed, every variety of military and naval supplies, from the assembly line to the front line of the nation's defense.

Since January 1, 1941, the prices of steel castings have advanced to a point where a further increase would create pressure to raise the prices of ordnance, transportation equipment, and machinery of every description and cause unwarranted risk to our enlarged defense program in terms of delay and useless expense.

After a thorough investigation of costs and other factors relevant to the production and sale of steel castings and after numerous conferences with representatives of all branches of the steel castings industry, it has been decided in the interest of national defense and the public welfare, to establish maximum prices for steel castings of every description whatever.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Sec.
1306.100 Maximum prices for steel castings.
1306.101 Less than maximum prices.
1306.102 Castings not previously produced.
1306.103 Evasion.
1306.104 Filing of prices.
1306.105 Records and reports.
1306.106 Affirmations of compliance.
1306.107 Enforcement.
1306.108 Modification of the schedule.
1306.109 Definitions.

§ 1306.100 *Maximum prices for steel castings.* On and after December 1, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no producer shall sell, offer to sell, deliver, or transfer steel castings of any description whatever, previously made by him, and no person shall buy, offer to buy, or accept delivery of such steel castings, at prices higher than the prices, together with the extras, terms, and conditions, which were or would have been charged by such producer on July 15, 1941, and which, following December 1, 1941, are filed with the Office of Price Administration in accordance with § 1306.104.*

*§§ 1306.100 to 1306.110, inclusive, issued pursuant to authority contained in E. O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1306.101 *Less than maximum prices.* Lower prices than those set forth in § 1306.100 may be charged, demanded, paid, or offered.*

§ 1306.102 *Castings not previously produced.* Any producer undertaking to make a steel casting, which is part of an order totaling $100 or more, which has not previously been made by such producer, and which is substantially different in design from any steel casting previously made by such producer, shall file with the Office of Price Administration a copy of the Estimate Sheet for each such steel casting, with an explanation thereof, together with a clear description and the selling price: *Provided*, That where such steel casting is priced in accordance with the "Comprehensive Report" such producer shall not be required to file with the Office of Price Administration the documents mentioned in this section.*

§ 1306.103 *Evasion.* The price limitations set forth in § 1306.100 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of steel castings, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1306.104 *Filing of prices.* On or before December 1, 1941, every producer shall file with the Office of Price Administration the price or prices, extras, terms, and conditions, classified by size and quantity, in accordance with which

he sold or would have sold steel castings subject to § 1306.100, on July 15, 1941: *Provided,* That where such price or prices coincide with the "Comprehensive Report" the producer need only signify that such prices do coincide with those listed in said "Comprehensive Report." •

§ 1306.105 *Records and reports.* Every person making purchases or sales of steel castings after November 15, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each kind purchased or sold, and (b) the quantity of steel castings (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.•

§ 1306.106 *Affirmations of compliance.* On or before January 10, 1942, and on or before the 10th day of each month thereafter, every producer who, during the preceding calendar month has sold steel castings, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 141:1, containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 141:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.•

§ 1306.107 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of steel castings, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.•

§ 1306.108 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless the person making such application shall have, to the satisfaction of the Office of Price Administration, complied with this Schedule.•

§ 1306.109 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Producer" means a person engaged in the production of steel castings.

(c) "Steel castings" means any cast steel object that has been initially cast into the desired shape of the finished product, and which contains less than 1.70% carbon and/or alloys totaling not more than 8%, and includes both railroad specialty and miscellaneous steel castings.

(d) "Comprehensive Report" means the "Comprehensive Report of Price Lists of Miscellaneous Castings," published by the Steel Founders' Society of America, for the third quarter of 1941, beginning July 1, 1941.•

§ 1306.110 *Effective date of the schedule.* This Schedule shall become effective November 15, 1941.•

Issued this 14th day of November 1941.

LEON HENDERSON,
Administrator.

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 3—RULES GOVERNING STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

The Commission on November 12, 1941, effective immediately, amended § 3.406 in the following respects:

§ 3.406 *Station identification.*[1] (a) A licensee of a standard or high-frequency broadcast station shall make station identification announcement (call letters and location) at the beginning and ending of each time of operation and during operation (1) on the hour and (2) either on the half hour or at the quarter hour following the hour and at the quarter hour preceding the next hour, *Provided:*

• • • • • • •

(c) Such identification announcement need not be made on the half hour or quarter hours when to make such announcement would interrupt a single consecutive speech, play, religious service, symphony concert, or operatic production. In such cases an identification announcement shall be made at the first interruption of the entertainment continuity and at the conclusion of the program, *Provided,* That an announcement within 5 minutes of the time specified in paragraph (a) (2) of this section will satisfy the requirements of identification announcements.

(d) In the case of variety show programs, baseball game broadcasts, or similar programs of longer duration than 30 minutes, the identification announcement shall be made within 5 minutes of the hour and of the times specified in paragraph (a) (2) of this section.

(e) In the case of all other programs the identification announcement shall be made within 2 minutes of the hour and of the times specified in paragraph (a) (2) of this section. (sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

PART 6—RULES GOVERNING FIXED PUBLIC RADIO SERVICES

The Commission on November 12, 1941, effective immediately amended the following sections to read:

§ 6.9 *Radiotelegraph.* The term "radiotelegraph" as hereinafter used shall be construed to include types A–0, A–1, A–2, and A–4 emission. In addition, the term shall be construed to include type A–3 emission for the purposes of § 6.51. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

§ 6.51 *Addressed program material.* (a) Stations operating in the fixed public service and in the fixed public press service may be authorized to transmit addressed program material to a fixed point or points, specifically named in the instrument of authorization granted to the licensee, beyond the continental limits of the United States intended for broadcast only by a broadcast station. Any such authorization shall be subject to the condition that no interference is caused to the authorized regular service of the station as defined by § 6.8.

(b) Such stations may also, upon proper application therefor, be authorized to transmit addressed program material to any such fixed point in South or Central America for simultaneous interception and broadcast by a broadcast station at one or more additional points in the same general area upon a showing that public message service to such fixed point of communication will not be unduly impaired. Application for such authority shall be submitted not less than 10 days prior to the proposed date of the first interception. Such application shall show, in addition to the proposed intercept and broadcast points, the South or Central American station or stations over which the program will be broadcast, a full description of the arrangements made for such intercept and broadcast, and the period for which such authority is requested. Authorizations will be limited to the period for which arrangements for broadcasting by South or Central American stations have been made and in no event will extend beyond the term of the point-to-point station license. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

By the Commission.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-1]

IN THE MATTER OF HARMAN COAL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 4002, RESPONDENT

ORDER AMENDING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division issued a Notice of and Order for Hearing, dated October 9, 1941, in the above-entitled matter, to determine whether or not the Harman Coal Company, a registered distributor, Registration No. 4002, has violated certain provisions of the Act, the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors, and its Agreement as Distributor, executed June 29, 1939, and to determine whether or not the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, and for said purposes having given notice of information in possession of the Division, and additional information having come into the possession of the Division;

It is ordered, That said Notice of and Order for Hearing be, and the same hereby is, amended by adding after paragraph 3 a new paragraph numbered 4, reading as follows:

4. If the respondent acted as sales agent for said C. E. Haymaker, doing business as Paramount Coal Company, in the sale of the 4 cars of slack coal described in paragraph 3 hereof, then said respondent violated Rule 3 of Section II of the Marketing Rules and Regulations and paragraph (e) of its Distributor's Agreement inasmuch as the invoices filed by the respondent covering said 4 cars of slack coal failed to disclose the fact of the agency relationship between the respondent and said code member and also failed to disclose the name of the code member-principal.

It is further ordered, That, except as hereinabove specifically amended, said Notice of and Order for Hearing herein, dated October 9, 1941, shall in all other respects remain in full force and effect.

Dated: November 12, 1941.

[Docket No. A-227]

IN THE MATTER OF THE PETITION OF TRUAX-TRAER COAL COMPANY AND UNITED ELECTRIC COAL COMPANIES ON BEHALF OF THEMSELVES AND CERTAIN RETAIL DEALERS IN THE CHICAGO AREA REQUESTING FREE ALONGSIDE PRICES FOR THE RETAIL DEALERS

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon a joint petition filed with the Bituminous Coal Division ("Division") by Truax-Traer Coal Company ("Truax-Traer"), and the United Electric Coal Companies ("United Electric"), code member producers in District 10, on behalf of themselves and seven named retail coal dealers in Chicago, Illinois, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act").

The original petition requests that these retailers; South Chicago Coal and Dock Company; Chicago Waterways Fuel Company; Black Hawk Coal Company;[1] Silver Creek Coal Company; Riverdale Coal and Dock Company; Consumers Company of Illinois; and Holland Coal Company, (the "Chicago Retailers"), be permitted to purchase coals from the Buckheart Mine (Mine Index No. 17) of United Electric, and the Flatt Mine (Mine Index No. 46) of Truax-Traer (both mines being in Freight Origin Group No. 91 and Price Group No. 24 in District 10) at the minimum f. o. b. mine prices for free alongside delivery ("f. a. s. prices"), in accordance with paragraph 3-A of the "Special River Price Instructions and Exceptions" in the Schedule of Effective Minimum Prices for District 10 for All Shipments Except Truck ("District 10 Schedule").

Intervening petitions were filed by District Boards 2, 7, 10, and 11; by Franklin County Coal Corporation, et al., Pyramid Coal Corporation, and Central Illinois Coal Mining Company, et al., code members in District 10.

A hearing was held on November 26 and 27, 1940, before a duly designated examiner of the Division. Appearances at the hearing were filed by Consumers' Counsel Division and District Board 8. The original petitions, all intervening petitioners, and District Board 8 participated in the hearing.

On May 12, 1941, the Examiner, Charles O. Fowler, submitted his Report, Proposed Findings of Fact, Conclusions of Law and Recommendations, to the Di-

[1] Black Hawk Coal Company has gone out of business and was, by amendment, eliminated from this petition.

rector in which he recommended that relief be denied.

On June 2, 1941, petitioners filed a motion for an extension of time within which to file exceptions to the Examiner's Report and contemporaneously therewith filed a motion to amend the original petition to request that the Director, in the alternative, enter an order establishing just and equitable minimum prices for petitioner's coals when shipped via river to Market Area No. 29 which will preserve their existing fair competitive opportunities; and, to remand the case to the Examiner with directions to prepare a further report based upon the issues raised by the amended petition.

On July 11, 1941, the Director entered an Order sustaining the motion and permitting the amendment of the original petition as requested by the original petitioners and remanding the proceedings to an Examiner with directions to reopen the hearing for the limited purpose of receiving additional testimony directed to the question of whether the alternative relief requested by the amended petition should be granted.

Accordingly the hearing was reopened and held on August 7, 1941, before a duly designated examiner of the Division. The original petitioners; intervening petitioners; District Boards 2, 7, 8, and 11; Franklin County Coal Corporation, et al.; and the Consumers' Counsel Division, participated in the reopened hearing.

On August 9, 1941, the petitioners filed a motion for temporary relief, pending final disposition of the original petition, upon the basis of the record, including evidence presented at the hearing which concluded on November 27, 1940, and the further evidence taken at the reopened hearing on August 7, 1941.

The record shows that the development of the Illinois River began about 1919 by building locks and by dredging. The Federal Government, in cooperation with the State of Illinois, expended approximately $32,000,000 from 1919 to 1939 in improving and developing the river for navigation purposes. By 1937 improvements had progressed to the point that the river was open for navigation from Chicago to the Mississippi River. Substantial quantities of coal were transported by this river in 1937 and continued to be so transported in increasing volume.

The petitioners began making river shipments to the named retailers in 1938. The Buckheart Mine was opened in 1937 and in that same year washing facilities were installed at the Fiatt Mine. About the same time both petitioners expended funds for the construction of docks and in the acquisition of transportation facilities for transporting coal from the mines to the river and loading on barges.

Shipments to the Chicago retailers by river were as follows: From the Buckheart Mine, 23,049 tons in 1939 and 29,806 tons in 1940; from the Fiatt Mine, 16,720 tons in 1938, 12,827 tons in 1939, and 17,830 tons in 1940.

Under the present schedule of prices Chicago retailers are required to pay the ex-river prices described in the District 10 schedule. These prices, delivered prices, are the same as the prices for rail-delivered coals except that 20 cents per ton may be deducted in Size Groups 9 to 29, inclusive, and 60 cents per ton in Size Groups 1 to 8, inclusive. This deduction is allowed in order to compensate for the cost of lifting coal from the barge to the retail yard alongside the river and degradation.

Evidence was introduced by the petitioners that the cost of transporting coal (Size Groups 9 to 29, inclusive) from the Buckheart and Fiatt Mines to Chicago was $1.05 per net ton. The cost of transporting coal from the mines to Chicago via rail was shown to be $1.65 per net ton. Thus there is a difference of 60 cents in favor of river borne coals. This difference, however, is reduced by 20 cents per net ton which may be deducted from the effective minimum price for coals in Size Groups 9 to 29, inclusive, moving by river to retailers in the Chicago area. After deducting the 20 cents per ton from the 60-cent difference there remains, according to the testimony introduced by the petitioners, 40 cents per net ton net difference in favor of river borne coals. Although there was some evidence challenging this testimony, it is a fair inference from all the evidence that coal may be transported from these mines to Chicago free alongside at a lower transportation cost than when moving by rail.

There was evidence relating to quality of coals produced at the Buckheart and Fiatt Mines. These mines are in the Fulton-Peoria Subdistrict of District 10. The petitioners contended that Fulton-Peoria coals are lower in quality than competing coals. It is recognized that they are among the lower quality coals produced in District 10. Petitioners contend, however, that Fulton-Peoria coals are also inferior to competing coals from District 11.

The evidence establishes that, with the exception of a negligible quantity, petitioners have not shipped coal from the Buckheart and Fiatt Mines to the Chicago retailers by river since October 1, 1940, the date minimum prices became effective. Testimony for the petitioners was that the cessation of the river movement was due entirely to the applicable minimum prices. They contend that Fulton-Peoria coals must have a 40-cent differential favorable to those coals, equivalent to the free alongside price, before they can compete in the Chicago market. They further contend that they enjoyed that differential under open competition and that large expenditures were made by them preparatory to making river shipments and that expenditures were also made by the retailers, all in anticipation of being able to avail themselves of lower river transportation costs and thereby be enabled to sell the low grade Fulton-Peoria coal in competition with other coal.

It is further contended that at least some of the retail dealers on whose behalf this petition was brought have no facilities to accept rail-shipped coal or at best limited facilities and therefore their inability in whole or in part to purchase river-shipped coal at prices which would permit the successful resale thereof endangers the continuance of their operation.

Evidence was introduced by interveners that the minimum prices for Fulton-Peoria coals were properly coordinated in Market Area 29 (Chicago) with the lower grade coals produced in District 11 and with the coals produced in the other producing fields in District 10, and that if the relief prayed for by the original petitioners is granted the consequence will be a disruption of that coordination because of an increased flow of tonnage from the Fulton-Peoria field to Chicago with the consequent displacement of tonnage from the other fields.

Thus, the petitioners contend that the preservation of their existing fair competitive opportunities requires the granting of the relief prayed for and their competitors contend that their rights in that regard will be prejudiced by the granting of relief. Testimony introduced by the petitioners was to the effect that the granting of relief would not result in any appreciable increase over the 1938, 1939, and 1940 tonnages of petitioners' coals moving by river to Chicago.

The matter of coordination of the prices of the coals in question in Market Area 29 put in issue by petitioners' amended petition need not be now considered for it should await receipt of the Examiner's supplemental report and additional data hereinafter required to be filed in this cause.

Since the establishment of effective minimum prices on October 1, 1940, little or no coal has moved by river to the retail dealers in Chicago. Even to the extent that this shipping stoppage may have been due to the effective minimum prices, it does not necessarily mean that the established prices are improper. It may well be that this stoppage of shipment is an inevitable consequence of the application of the standards of the Act. Indeed, this is the claim of the producers shipping by rail to Chicago who contend that the granting of f. a. s. privileges here would seriously disrupt the competitive situation now existing in Chicago under which 20,000,000 tons of coal move by rail. Such a claim must, however, be carefully scrutinized, particularly because petitioners claim that the existing prices are depriving consumers of the benefit of cheaper river transportation and are rendering less useful the improvements made on the river at great expense to the government and the investments in river shipping equipment made by private industry. It is conceded that prior to the establishment of effective minimum prices petitioners were shipping by river in the aggregate of 38,000 net tons of coal to Chicago. Consequently, it cannot be urged that the continued shipping of such tonnage would, under normal circumstances, disrupt the competitive situation heretofore existing in Chicago. Therefore, as a matter of temporary relief and pending final determination of the requests for relief here, it is appropriate to grant the relief requested by petitioners, limiting it to the quantity of coal previously shipped by river to the named Chicago retailers and requiring that the shipments be spread as far as practicable over the entire year.

The "river situation" in Chicago is indeed a difficult one and the Director has considered carefully the conflicting positions of the parties. In an effort to reach a solution, which is both consistent with the standards of the Act and fair to all the interests involved, the Director has concluded that the relief, qualified as above explained, is unlikely to prejudice the movement of rail shipped coal into the Chicago market whereas it will at the same time permit the utilization of the developments heretofore made to further the use of river shipments.

The relief to be granted will be temporary only. The alternatives which will present themselves for final determination are whether (1) the f. a. s. prices should be given the petitioners, (2) petitioners should be denied f. a. s. prices, or (3) petitioners should be given f. a. s. prices extending, however, only to the quantity of coal sold prior to the establishment of effective minimum prices.

The Director feels that the Chicago "river situation" can be better resolved in the light of the experience gained under the operation of this temporary relief, and to that end certain reports will be required to be filed with the Division by petitioners and by the retail dealers on whose behalf this petition has been brought. Careful study of these reports will be made with a view to ascertaining what further action need be taken to solve the difficult problem now existing.

As has been stated, the temporary relief will be limited to the quantity of coal which the respective petitioners may ship in any one calendar year under this temporary relief. In the calendar year 1940, prior to October 1, United Electric sold 29,806 net tons, and Truax-Traer sold 17,830 net tons for shipment via the Illinois River for free alongside delivery to the seven named retailers in Chicago. These were the highest tonnages shipped by the petitioners, respectively, in any calendar year prior to the establishment of minimum prices on October 1, 1940. Good and sufficient reasons appear for a limitation upon the aggregate tonnages which may be sold by the petitioners respectively, under the temporary relief. United Electric should be limited to 30,000 tons and Truax-Traer to 18,000 tons which may be shipped via the Illinois River, to the six remaining Chicago retailers.[1] Such limitation will preserve for the petitioners the highest level of shipments attained by them in the past and will not unduly prejudice the interveners or either of them.

The effect of the relief to be given can be ascertained only if the tonnage permitted to be shipped at f. a. s. prices is shipped over in the normal manner and over a representative period. Therefore, it will be a condition of this order that no more than 1/12 of the tonnage authorized to be shipped by the respective petitioners at f. a. s. prices shall be shipped in any one month except that any tonnages authorized to be shipped in a preceding month which have not been shipped may be added to the shipments for a subsequent month.

Now, therefore, it is ordered, That temporary relief pending final disposition of this proceeding is granted forthwith by temporarily amending the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck, as follows:

Under the section "Prices for River (free alongside deliveries) and Ex-River Shipments, Special River Price Instructions and Exceptions," "Special Cases (d)," page 53, add the following provision: "Truax-Traer Coal Company (Fiatt Mine (Mine Index No. 46)), and United Electric Coal Companies (Buckheart Mine (Mine Index No. 17)), may sell coal for barge delivery free alongside at the minimum f. o. b. mine prices for free alongside delivery when shipped from the mines and reloaded into barges on the Illinois River for transshipment on the Illinois River to South Chicago Coal and Dock Company, Chicago Waterways Fuel Company, Silver Creek Coal Company, Riverdale Coal and Dock Company, Consumers Company of Illinois, and Holland Coal Company, retail coal dealers, for resale at retail by such dealers located within the switching limits of the City of Chicago, Illinois: *Provided,* That the aggregate tonnage, which may be sold under this order by Truax-Traer Coal Company shall not exceed 18,000 net tons, and by United Electric Coal Companies, 30,000 net tons in any calendar year."

Provided, however, That the relief herein granted shall apply only to coal shipped subsequent to the date hereof; and

Provided further, That petitioners Truax-Traer Coal Company and United Electric Coal Companies shall, during any one month, ship to Chicago at f. a. s. prices here authorized no more than one-twelfth of the tonnage authorized to be shipped by this order except that if in any one month less than the allowable tonnage is shipped, such deficiency may be shipped in any subsequent month in addition to the amount initially allowed to be shipped during that month;

Provided further, That Truax-Traer Coal Company or United Electric Coal Companies offering for sale, selling or reselling any coal pursuant to this Order shall submit to the Bituminous Coal Division at 734 Fifteenth Street NW., Washington, D. C., within five (5) days after such offer, sale or resale as is required by the Marketing Rules and Regulations of the Division, Order 313, and any other orders of the Division. The filing of this data at the offices of the Bituminous Coal Division in Washington, D. C., shall be in addition to that required for filing with the field office;

Each report or description required herein shall be duly verified and marked for incorporation in this docket as part of the record in these proceedings; and

Provided further, That the retail dealers on whose behalf this petition was brought shall file with the Division a statement at the end of each month setting forth the amount of coal purchased from petitioners here at f. a. s. prices and the prices at which such coal was sold at retail; and

It may be required from time to time that there shall be made available for inspection for representatives of the Bituminous Coal Division at all reasonable times and places, all books, records, correspondence, or other documents pertaining to the offer for sale, sale, delivery, or other transactions of and involving such coals.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Nothing contained herein shall be deemed to constitute a ruling or expression of the Director's views concerning the final disposition of these proceedings or the nature of the relief which may hereafter be granted.

It is proposed that, by virtue of the authority vested in the Federal Security Administrator by provisions of the Federal Food, Drug, and Cosmetic Act [Sec. 502 (d), 52 Stat. 1050, 21 U.S.C. Sec. 352 (d) (Sup. V, 1939)]; the Reorganization Act of 1939 [53 Stat. 561 ff., 5 U.S.C., 133–133v (Sup. V, 1939)]; and Reorganization Plans No. I (53 Stat. 1423, 4 F.R. 2727) and No. IV (54 Stat. 1234, 5 F.R. 2421); and upon the basis of evidence of record at the above-entitled hearing duly held pursuant to notice thereof issued by the Administrator on January 27, 1941 (6 F.R. 680), the following order be promulgated:

FINDINGS OF FACT [1]

Finding 1

The principal factors which govern formation of a drug habit are the nature of the individual who takes the drug and the pharmacologic action produced by that drug (R. pp. 520–522, 959).

Finding 2

The effect of a drug which may give rise to habit formation is pleasurable stimulation or escape from unpleasant experience, such as insomnia, fear, grief, pain, etc. (R. pp. 521–523, 527–528, 538).

Finding 3

Such effects are produced by the administration of drugs which have depressant or stimulant properties (R. pp. 523–528, 537–538, 546–548, 592).

Finding 4

Desire to obtain such effects is likely to cause frequently repeated use of such drugs (R. pp. 520–522, 526–528, 538).

Finding 5

Frequently repeated use of such drugs is likely to induce, and in certain persons does induce, psychic dependence and, in the case of some drugs, psychic and physical dependence, on such drugs (R. pp. 520–523, 526–530, 537–538, 604–606, 610–611, 614–616, Govt. Ex. No. 10).

Finding 6

Psychic dependence on a drug is habituation to that drug, and psychic and physical dependence on a drug is addiction to that drug, so that addiction to a drug includes habituation to that drug. A drug which is likely to induce, and in certain persons does induce, habituation to such drug is a habit-forming drug, although repeated use of that drug may not necessarily induce addiction to that drug (R. pp. 520–530, 546–547, 553, 604–606, 610–611, 615, Govt. Ex. No. 10).

Finding 7

The fundamental nucleus of a drug which possesses the habit-forming properties is in no way modified by the addition of the basic or acidic ion, so that the habit-forming properties of a drug are substantially the same whether it be a free base, or acid, or a salt formed by its combination with an acidic or basic ion. The principal differences between these forms are only in their physical properties, such as solubility, which may affect the mode of administration of the drug or its rate of absorption by the human body; but once absorbed their effects are identical (R. pp. 538–541, 549–550, 554, 560–561, 963–964, 971–972).

Finding 8

A chemical derivative is a substance so related to another substance by modification or partial substitution as to be regarded as theoretically derivable from it, even when not obtainable from it in practice (R. pp. 83, 236).

Finding 9

Each of the following drugs is theoretically derivable or is actually derived from a parent substance specified in section 502 (d) of the Federal Food, Drug, and Cosmetic Act, as hereinafter indicated:

Parent substance	Chemical derivative	Chemical description of derivative
Barbituric Acid	Alurate	(5-allyl-5-isopropyl-barbituric acid.)
	Amytal	(5-ethyl-5-isoamyl-barbituric acid.)
	Barbital	(5,5-diethyl-barbituric acid.)
	Butisol	(5-ethyl-5-*sec*-butyl-barbituric acid.)
	Cyclopal	(5-allyl-5-cyclopentenyl-barbituric acid.)
	Cyclopen	(5-ethyl-5-(1-methyl-1-butenyl)-barbituric acid.)
	Delvinal	(5,5-diallyl-barbituric acid.)
	Dial	(5-ethyl-5-(1-piperidyl)-barbituric acid.)
	Eldoral	(5-(2-bromoallyl)-5-isopropyl-1-methyl-barbituric acid.)
	Eunarcon	(1,5-dimethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Evipal	(5-ethyl-5-isopropyl-barbituric acid.)
	Ipral	(5-ethyl-5-phenyl-1-methyl-barbituric acid.)
	Mebaral	(5-allyl-5-isopropyl-1-methyl-barbituric acid.)
	Narconumal	(5-ethyl-5-butyl-barbituric acid.)
	Neonal	(5-isopropyl-5-(2-bromoallyl)-barbituric acid.)
	Nostal	(5-ethyl-5-hexyl-barbituric acid.)
	Ortal	(5-ethyl-5-cyclopentenyl-barbituric acid.)
	Pentenal	(5-ethyl-5-(1-methylbutyl)-barbituric acid.)
	Pentobarbital	(5-ethyl-5-(1-methylbutyl)-2-thio-barbituric acid.)
	Pentothal	(5-*sec*-butyl-5-(2-bromoallyl)-barbituric acid.)
	Pernoston	(5-ethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Phanodorn	(5-ethyl-5-phenyl-barbituric acid.)
	Phenobarbital	(5,5-dipropyl-barbituric acid.)
	Proponal	(5-(2-bromoallyl)-5-(1-methylbutyl)-barbituric acid.)
	Rectidon	(5-methyl-5-phenyl-barbituric acid.)
	Rutonal	(5-allyl-5-isobutyl-barbituric acid.)
	Sandoptal	(sodium 5-allyl-5-(1-methylbutyl)-barbiturate.)
	Seconal	(5-amyl-5-(2-bromoallyl)-barbituric acid.)
	Sigmodal	
	All lithium, sodium, potassium, magnesium, calcium, strontium, and ammonium salts of the foregoing chemical derivatives of barbituric acid.	
Bromal	Bromal Hydrate	(tribromoacetaldehyde hydrate.)
	Brometone	(2-(tribromomethyl)-2-propanol.)
	Bromoform	(tribromomethane.)
Cannabis	Extract of Cannabis.	
Marihuana	Fluidextract of Cannabis.	
	Tincture of Cannabis.	
Carbromal	Acetylcarbromal	(α-bromo-α-ethylbutyryl-acetyl-urea.)
	Bromural	(α-bromoisovaleryl-urea.)
	Neuronal	(α-bromo-α, α-diethyl-acetamide.)
	Sedormid	(α-allylisovaleryl-urea.)
Chloral	Alpha-Chloralose	(α-(β-trichloro-α-hydroxyethyl)-d-glucoside.)
	Chloralformamide	(N-(β-trichloro-α-hydroxyethyl)-formamide.)
	Chloral Hydrate	(trichloroacetaldehyde hydrate.)
	Chloralimide	(trichloroethylideneimine.)
	Chlorobutanol	(2-(trichloromethyl)-2-propanol.)
Cocaine	All salts of cocaine obtained by combining cocaine with any acid.	
Codeine	Dicodid	(dihydro-codeinone.)
	Eucodal	(dihydrohydroxy-codeinone.)
	Eucodin	(codeine methyl bromide.)
	All salts of the foregoing chemical derivatives of codeine, and all salts of codeine, obtained by combining any such derivative or codeine with any acid.	
Heroin	All salts of heroin obtained by combining heroin with any acid.	
Morphine	Dilaudid	(dihydro-morphinone.)
	Ethylmorphine.	
	Paramorphan	
	All salts of the foregoing chemical derivatives of morphine, and all salts of morphine, obtained by combining any such derivative or morphine with any acid.	
Opium	Extract of Opium.	
	Fluidextract of Opium.	
	Tincture of Opium.	
Paraldehyde	Metaldehyde	(2, 2-diethylsulfonyl-butane.)
Sulphonmethane	Sulfonethylmethane	(2, 3-diethylsulfonyl-pentane.)
	Sulfondiethylmethane	(3, 3-diethylsulfonyl-pentane.)

Each of such drugs is a chemical derivative of the parent substance indicated (R. pp. 83–86, 106–128, 132–145, 236–254).

Finding 10

Each of the derivatives specified in finding 9 has been investigated, and it has been found that each possesses depressant or stimulant properties, and that its frequently repeated use is likely to induce, and in certain persons does induce, psychic dependence on such derivative and in some cases physical dependence (R. pp. 516–520, 534–541, 546–547, 549–563, 611–617, 958–963, 968–976, 980–986).

On the basis of the evidence of record at the hearing and the foregoing findings of fact it is hereby found, after investigation, that each of the derivatives specified in finding 9 is habit forming. (See references to the record under finding 10.)

It is, therefore, ordered that the following regulation be and it hereby is promulgated:

§ 145.1 *Habit forming drugs which are chemical derivatives of substances specified in section 502 (d) of The Federal Food, Drug, and Cosmetic Act:* Each of the following chemical derivatives of a substance named in section 502 (d) of the Federal Food, Drug, and Cosmetic Act is hereby designated as habit forming:

Parent substance	Chemical derivative	Chemical description of derivative
Barbituric Acid	Alurate	(5-allyl-5-isopropyl-barbituric acid.)
	Amytal	(5-ethyl-5-isoamyl-barbituric acid.)
	Barbital	(5,5-diethyl-barbituric acid.)
	Butisol	(5-ethyl-5-*sec*-butyl-barbituric acid.)
	Cyclopal	(5-allyl-5-cyclopentenyl-barbituric acid.)
	Cyclopen	(5-ethyl-5-(1-methyl-1-butenyl)-barbituric acid.)
	Delvinal	(5,5-diallyl-barbituric acid.)
	Dial	(5-ethyl-5-(1-piperidyl)-barbituric acid.)
	Eldoral	(5-(2-bromoallyl)-5-isopropyl-1-methyl-barbituric acid.)
	Eunarcon	(1,5-dimethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Evipal	(5-ethyl-5-isopropyl-barbituric acid.)
	Ipral	(5-ethyl-5-phenyl-1-methyl-barbituric acid.)
	Mebaral	(5-allyl-5-isopropyl-1-methyl-barbituric acid.)
	Narconumal	(5-ethyl-5-butyl-barbituric acid.)
	Neonal	(5-isopropyl-5-(2-bromoallyl)-barbituric acid.)
	Nostal	(5-ethyl-5-hexyl-barbituric acid.)
	Ortal	(5-ethyl-5-cyclopentenyl-barbituric acid.)
	Pentenal	(5-ethyl-5-(1-methylbutyl)-barbituric acid.)
	Pentobarbital	(5-ethyl-5-(1-methylbutyl)-2-thio-barbituric acid.)
	Pentothal	(5-*sec*-butyl-5-(2-bromoallyl)-barbituric acid.)
	Pernoston	(5-ethyl-5-(1-cyclohexenyl)-barbituric acid.)
	Phanodorn	(5-ethyl-5-phenyl-barbituric acid.)
	Phenobarbital	(5-ethyl-5-phenyl-barbituric acid.)

Any interested person whose appearance has been entered in this hearing may, within 20 days from the date of publication of this proposed order in the FEDERAL REGISTER, file exceptions to this proposed order. Exceptions must point out with particularity the alleged errors in the proposed order, and must contain specific reference to the pages of the transcript of the testimony or to the exhibits on which each exception is based. Such exceptions may be accompanied with a memorandum or brief in support thereof. The exceptions and brief should be filed with the Hearing Clerk, Office of the Assistant General Counsel, Federal Security Agency, Room 2240, South Building, 14th Street and Independence Avenue SW., Washington, D. C.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-435]

IN THE MATTER OF THE UNITED CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 14th day of November, A. D. 1941.

An application or declaration (or both) pursuant to the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party; and

Such application or declaration (or both) concerning the following:

The United Corporation, a registered holding company, proposes to expend in the aggregate not to exceed $2,500,000 of cash in bank deposits, totalling $10,944,979.66, to purchase, through brokers, in the discretion of its board of directors, from time to time over a period of twelve months, shares of its $3 Cumulative Preference Stock; said purchases are to be made for cash at the market price on a national securities exchange; annual Preference Stock dividend requirements aggregate $7,466,136, three quarterly dividends in the amount of $5,599,602 being in arrears; and

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application (or both) and said declaration shall not become effective or said application be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on December 2, 1941, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before November 27, 1941.

It is further ordered, That without limiting the scope of issues presented by said application or declaration (or both) particular attention will be directed, among other things, to:

(1) Whether the proposed purchase program is appropriate in the public interest and in the interest of investors;

(2) Whether the proposed purchase program will circumvent any of the provisions of the Public Utility Holding Company Act of 1935 or any rules, regulations, or orders thereunder;

(3) In the event the Commission finds the proposed purchase program appropriate, whether, and to what extent, it is necessary or appropriate in the public interest or for the protection of investors to attach terms and conditions with respect to said purchase program.

By the Commission.

IN THE MATTERS OF CENTRAL NEW YORK POWER CORPORATION; NIAGARA HUDSON POWER CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

Notice is hereby given that amendments to the pending applications have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named parties; and

Notice is further given that any interested person may, not later than November 21, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such applications, as filed or as amended, may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said applications and the amendments thereto, which are on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Central New York Power Corporation, a subsidiary of Niagara Hudson Power Corporation, in turn a subsidiary of The United Corporation, a registered holding company, proposes to issue and sell, and Niagara Hudson Power Corporation proposes to acquire, 65,662 additional shares of its common stock without par value (stated value $25 per share) at a price of $25 per share, to realize proceeds of $1,641,550. Of said proceeds, the sum of $741,550 will be used to reimburse the treasury of Central New York Power Corporation for a part of the cost of reacquiring 7,415 1/2/20 shares of its Preferred Stock 5% Series, said reacquisition having been required as a legal result of the consolidation forming the company. It is then proposed to apply said amount of $741,550 toward the payment of a like amount of open account advances owed by the company to Niagara Hudson Power Corporation. The balance of said proceeds, in the sum of $900,000, is proposed to be used as additional working capital, made necessary by reason of the company's increased business.

Niagara Hudson Power Corporation owns all the presently outstanding 1,265,696 shares of the Common Stock and 41,515 17/20 shares of the presently outstanding 251,584 8/20 shares of the Preferred Stock 5% Series of Central New York Power Corporation.

Applicants have designated the third sentence of section 6 (b) of said Act and section 10 as applicable to the proposed transactions.

By the Commission.

IN THE MATTER OF WISCONSIN MICHIGAN POWER COMPANY; WISCONSIN ELECTRIC POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its offices in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party or parties; and

Notice is further given that any interested person may, not later than November 28, 1941, at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested parties are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Wisconsin Michigan Power Company, a subsidiary of Wisconsin Electric Power Company, a registered holding company, proposes (a) to issue and sell, at par, to Wisconsin Electric Power Company for cash from time to time during the period ending December 31, 1942, 50,000 additional shares of its common stock having an aggregate par value of $1,000,000; and (b) to issue and sell to certain purchasing banks, at the principal amount, unsecured promissory notes in the aggregate principal amount of $1,000,000 to be issued on or about December 15, 1941, bearing interest at the rate of 2 1/4% per annum, and maturing in installments of $200,000 on the anniversary date thereof in each of the years 1944 to 1948, both inclusive. The proceeds from the sale of the stock and notes will be used to finance the company's construction program.

Wisconsin Electric Power Company, a registered holding company and a subsidiary of The North American Company, also a registered holding company, proposes to acquire for cash, when and as issued and delivered during the period ending December 31, 1942, 50,000 shares of additional common stock having an aggregate par value of $1,000,000 of its subsidiary, Wisconsin Michigan Power Company.

By the Commission.

VOLUME 6 NUMBER 224

Washington, Tuesday, November 18, 1941

The President

CONTROL OF PERSONS ENTERING AND LEAVING THE UNITED STATES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the act of Congress approved on May 22, 1918 (40 Stat. 559), as amended by the act of Congress approved on June 21, 1941 (Public Law 114, 77th Cong., chap. 210, 1st sess., 55 Stat. 252) vests authority in me to impose restrictions and prohibitions in addition to those otherwise provided by law upon the departure of persons from and their entry into the United States when the United States is at war, or during the existence of the national emergency proclaimed by the President on May 27, 1941,[1] or, as to aliens, whenever there exists a state of war between or among two or more states, and when I find that the interests of the United States so require; and

WHEREAS the national emergency proclaimed by me on May 27, 1941 is still existing; and

WHEREAS there unhappily exists a state of war between or among two or more states and open hostilities engage a large part of the Eastern Hemisphere; and

WHEREAS the exigencies of the present international situation and of the national defense require that restrictions and prohibitions, in addition to those otherwise provided by law, be imposed upon the departure of persons from and their entry into the United States, including the Panama Canal Zone, the Commonwealth of the Philippines, and all territory and waters, continental or insular, subject to the jurisdiction of the United States:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, acting under and by virtue of the authority vested in me as set forth above, do hereby find and publicly proclaim and declare that the interests of the United States require that restrictions and prohibitions, in addition to those otherwise provided by law, shall be imposed upon the departure of persons from and their entry into the United States, including the Panama Canal Zone, the Commonwealth of the Philippines, and all territory and waters, continental or insular, subject to the jurisdiction of the United States; and I make the following rules, regulations, and orders which shall remain in force and effect until otherwise ordered by me:

(1) After the effective date of the rules and regulations hereinafter authorized, no citizen of the United States or person who owes allegiance to the United States shall depart from or enter, or attempt to depart from or enter, the United States, including the Panama Canal Zone, the Commonwealth of the Philippines, and all territory and waters, continental or insular, subject to the jurisdiction of the United States, unless he bears a valid passport issued by the Secretary of State or, under his authority, by a diplomatic or consular officer of the United States, or the United States High Commissioner to the Philippine Islands, or the chief executive of Hawaii, of Puerto Rico, of the Virgin Islands, of American Samoa, or of Guam, or unless he comes within the provisions of such exceptions or fulfils such conditions as may be prescribed in rules and regulations which the Secretary of State is hereby authorized to prescribe in execution of the rules, regulations, and orders herein prescribed. Seamen are included in the classes of persons to whom this paragraph applies.

(2) No alien shall depart from or attempt to depart from the United States unless he is in possession of a valid permit to depart issued by the Secretary of State or by an officer designated by the Secretary of State for such purpose, or unless he is exempted from obtaining a permit, in accordance with rules and regulations which the Secretary of State, with the concurrence of the Attorney General, is hereby authorized to prescribe in execution of the rules, regulations, and orders herein prescribed; nor shall any alien depart from or attempt to depart from the United States at any

place other than a port of departure designated by the Attorney General or by the Commissioner of Immigration and Naturalization or by an appropriate permit-issuing authority designated by the Secretary of State.

No alien shall be permitted to depart from the United States if it appears to the satisfaction of the Secretary of State that such departure would be prejudicial to the interests of the United States as provided in the rules and regulations hereinbefore authorized to be prescribed by the Secretary of State, with the concurrence of the Attorney General.

(3) After the effective date of the rules and regulations hereinafter authorized, no alien shall enter or attempt to enter the United States unless he is in possession of a valid unexpired permit to enter issued by the Secretary of State, or by an appropriate officer designated by the Secretary of State, or is exempted from obtaining a permit to enter in accordance with the rules and regulations which the Secretary of State, with the concurrence of the Attorney General, is hereby authorized to prescribe in execution of these rules, regulations, and orders.

No alien shall be permitted to enter the United States if it appears to the satisfaction of the Secretary of State that such entry would be prejudicial to the interests of the United States as provided in the rules and regulations hereinbefore authorized to be prescribed by the Secretary of State, with the concurrence of the Attorney General.

(4) No person shall depart from or enter, or attempt to depart from or enter, the United States without submitting for inspection, if required to do so, all documents, articles, or other things which are being removed from or brought into the United States upon or in connection with such person's departure or entry, which are hereby made subject to official inspection under rules and regulations which the Secretary of State in the cases of citizens, and the Secretary of State with the concurrence of the Attorney General in the cases of aliens, is hereby authorized to prescribe.

(5) A permit to enter issued to an alien seaman employed on a vessel arriving at a port in the United States from a foreign port shall be conditional and shall entitle him to enter only in a case of reasonable necessity in which the immigration authorities are satisfied that such entry would not be contrary to the interests of the United States; but this shall not be deemed to supersede the provisions of Executive Order 8429,[1] dated June 5, 1940 concerning the documentation of seamen.

(6) The period of validity of a permit to enter or a permit to depart, issued to an alien, may be terminated by the permit-issuing authority or by the Secretary of State at any time prior to the entry or departure of the alien, provided the permit-issuing authority or the Secretary of State is satisfied that the entry or departure of the alien would be prejudicial to the interests of the United States which it was the purpose of the above-mentioned acts to safeguard.

(7) Except as provided herein or by rules and regulations prescribed hereunder, the provisions of this proclamation and the rules and regulations issued in pursuance hereof shall be in addition to, and shall not be held to repeal, modify, suspend, or supersede any proclamation, rule, regulation, or order heretofore issued and now in effect under the general statutes relating to the immigration of aliens into the United States; and compliance with the provisions of this proclamation or of any rule or regulation which may hereafter be issued in pursuance of the act of May 22, 1918, as amended by the act of May 22, 1918, as amended by considered as exempting any individual from the duty of complying with the provisions of any statute, proclamation, rule, regulation, or order heretofore issued and now in effect.

[1] 5 F.R. 2145.

(8) I direct all departments and agencies of the Government to cooperate with the Secretary of State in the execution of his authority under this proclamation and any subsequent proclamation, rule, regulation, or order promulgated in pursuance hereof. They shall upon request make available to the Secretary of State for that purpose the services of their respective officials and agents. I enjoin upon all officers of the United States charged with the execution of the laws thereof the utmost diligence in preventing violations of the act of May 22, 1918, as amended by the act of June 21, 1941, and in bringing to trial and punishment any persons who shall have violated any provisions of such acts.

(9) Paragraph 6, part I, of Executive Order 8766,[2] issued June 3, 1941, is hereby superseded by the provisions of this proclamation and such regulations as may be prescribed hereunder.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 14th day of November in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

CHAPTER VIII—PROCUREMENT AND DISPOSAL OF EQUIPMENT AND SUPPLIES

PART 81—PROCUREMENT OF MILITARY SUPPLIES AND ANIMALS [1]

BIDS AND AWARDS [2]

§ 81.12 *Opening of bids.* Pertinent questions asked at the opening will be fully answered and the examination of bids by properly interested persons will be permitted, provided the bids remain at all times in the personal possession of the officer opening the bids or his superiors, and provided such action does not unduly interfere with the conduct of Government business. (20 Stat. 36, 22 Stat. 487, R.S. 3710; 5 U.S.C. 218, 41 U.S.C. 8) [Par. 2*b* (5)]

§ 81.13 *Awards* — (a) *General* — (1) *How made.* The award will be made to the lowest responsible bidder complying with conditions of the invitation for bids, provided:

(i) His bid is reasonable, and

(ii) It is to the interest of the United States to accept it.

(2) *Definitions.* (i) A responsible bidder is one who:

(*a*) Qualifies as such under the laws and lawful regulations governing the purchase of the articles in question.

(*b*) Has complied with all of the requirements of the invitation for bids.

(*c*) Is a manufacturer of or a regular dealer in the articles which he offers to supply.

(*d*) Is in position to perform the contract, and whose previous record for the faithful fulfillment of similar contract obligations does not justify determination that he is irresponsible.

(ii) A regular dealer is:

(*a*) An individual or firm who regularly carries a stock of the merchandise bid upon and who has a warehouse or shop from which sales are made to the public or to the Government, or

(*b*) A bona fide manufacturers' agent who is regularly employed on a salary or commission basis by one or more manufacturers of the goods bid upon with authority to bind such manufacturer or manufacturers to a contract and who holds proper credentials which establish those facts.

(b) *Bids received after opening.* A bid received in the mail after the time fixed for opening but before award is made will be considered only when it is shown to the satisfaction of the officer authorized to make the award that the nonarrival on time was due solely to delay in the mails for which the bidder was not responsible.

(c) *Telegraphic bids.* Unless specifically authorized in the invitation for bids, telegraphic bids will not be considered, but modifications by telegraph of bids already submitted will be considered if received prior to the hour for opening.

(d) *Modification or withdrawal of bids by bidders.* There is no authority to permit a bidder to modify or withdraw his bid after the time set for opening as provided in the invitation, which time will not be delayed on account of such a request. Any such request by a bidder will be forwarded to the chief of the arm, service, or bureau concerned. If a bidder to whom an award is made refuses to enter into a contract, the contract will be offered to the next lowest responsible bidder and a report of the matter made to the chief of the arm, service, or bureau concerned.

(e) *Mistake in bid*—(1) *When the prices as entered on the bids are the lowest received but as clearly intended are not the lowest received.* When a low bid is received which when compared with other bids shows clearly that a bona fide mistake in the amount of such bid has been made, or does not show clearly that a bona fide mistake in the amount of such bid has been made but the low bidder alleges a bona fide mistake and furnishes the purchasing officer with evidence which in the latter's opinion sustains the allegation, such bids should not in any circumstances be accepted. In such cases the matter will be forwarded to the chief of the supply arm or service concerned, except that when there is either an emergency requiring that the contract be awarded immediately, or circumstances (such as the limited time allowed for acceptance of the erroneous bid or of the next low bid) which does not permit of sufficient delay to submit the case to the chief of the supply arm or service, if there is no room for doubt as to the price intended in the bid in which the mistake occurred, such bid will be entered on the abstract of bids at the prices clearly intended and the award will be made to the bidder who is then the lowest. A statement of the pertinent facts and any supporting evidence, together with reasons for receiving the intended bid and making the award accordingly, will be attached to and accompany the abstract of bids.

(2) *When the prices as entered on the bid are not the lowest received but as clearly intended are the lowest received.* When a bid is received which when compared with other bids shows clearly that a bona fide mistake in the amount of such bid has been made, or does not show clearly that a bona fide mistake in the amount of such bid has been made but the low bidder alleges a mistake, the matter will be forwarded to the chief of the supply arm or service concerned, except that when there is either an emergency requiring that the contract be awarded immediately, or circumstances (such as the limited time allowed for acceptance of the erroneous bid or of the next low bid) which do not permit of sufficient delay to submit the case to the chief of the supply arm or service, if there is no room for doubt as to the price intended in the bid in which the mistake occurred, such bid will be entered on the abstract of bids at the prices clearly intended and the award will be made in the usual manner. A statement of the pertinent facts and supporting evidence, together with reasons for receiving the intended bid and making the award accordingly or the reason for refusing to accept the bid intended as alleged by the bidder, will be attached to and accompany the abstract of bids.

(3) *When the lowest acceptable bid received is from a bidder who alleges a mistake but fails to submit satisfactory evidence to support the allegation.* (i) When a low bid is received which when compared with other bids does not show clearly that a bona fide mistake in the amount of such bid has been made but the low bidder alleges a mistake yet fails to furnish the purchasing officer with satisfactory evidence to support the mistake claimed, the purchasing officer may:

(*a*) If time does not permit, accept the bid as submitted and inform the bidder that he must perform under the tender and that failure to perform will result in a purchase against the bidder, or

(*b*) If time permits, forward the case as provided in subparagraph (e) (4) of this section.

(ii) If a bidder is compelled to accept a contract over his protest, he should be informed of his right to present to the Comptroller General, after performing the contract, a claim for such amount as he may contend is due in addition to the amount provided in the contract.

(4) *When a mistake in bid is forwarded.* When a mistake in bid is forwarded to the chief of a supply arm or service, the following should be clearly shown:

(i) A statement from the bidder declaring:

(*a*) That a mistake has been made.
(*b*) How the mistake was made.
(*c*) In what the mistake consists.

(ii) A statement from the purchasing officer as to whether notice of the alleged mistake was received before the acceptance of the bid.

(iii) A copy of the invitation for bids.

(iv) A copy of the bid wherein the mistake is alleged or appears to have been made.

(v) An abstract of bids received.

(f) *Discounts.* (1) In determining which of several bids received is the lowest, any discount offered will be deducted from the bid price under the assumption that the discount will be obtained, unless it is known with reasonable certainty that the Government cannot take advantage of the discount within the time specified.

(2) If, when bids are opened, facts become known which render it necessary to disregard a discount, a full statement of the facts and circumstances and of the reasons for the action taken will be entered upon the abstract of bids, provided, that such bid would have been the lowest bid received if the discount offered had been taken.

(g) *Rejection of bids.* The lowest bid as to price may be rejected by the purchasing officer if:

(1) The bidder does not qualify as a responsible bidder.

(2) The price is unreasonable.

(3) All of the essential conditions of the invitation have not been complied with.

(4) The bidder is at the time on the "Confidential List of Bidders to Whom Awards Will Not Be Made", as published by The Adjutant General.

(5) No guaranty has been required and the bidder is unable to furnish satisfactory evidence that he possesses the experience and equipment to perform his contract satisfactorily in accordance with the terms thereof.

(6) The grade, quality, or kind of supplies bid upon are not those upon which bids were invited.

(7) The bidder offers foreign materials or offers to use foreign vessels in effecting shipments to the oversea departments and the excess cost of satisfactory domestic materials or of the use of American vessels is reasonable.

(h) *Waivers of irregularities in bids.* Minor irregularities in bids should be waived when it is in the interest of the United States to do so. Failure to furnish a bid bond may be waived under certain conditions. (See 7 Comp. Gen. 563)

(i) *Equal bids.* (1) Where two or more bids are equal in all respects, i. e., as to price, cost of transportation, cash discounts, etc., and it is in the interest of the Government, award will be made by lot.

(2) Under the conditions stated in paragraph (i) (1) of this section, and when liquidated damages are provided, award will be made to the bidder offering the earliest performance.

(3) Under the conditions stated in paragraph (i) (1) of this section, and when the bidders have been requested in the invitation to state the time within which performance will be completed but no liquidated damages are provided, award may be made to the bidder offering the earliest performance or by lot as the interest of the Government may dictate.

(4) When award is made by lot and the information available shows that the products of a particular manufacturer is offered by more than one bidder, a preliminary drawing by lot will be made to ascertain which of the bids will represent that manufacturer in the final drawing to determine the award.

(5) As a result of the preliminary drawing, the field of the bidders for the final drawing is narrowed to one bidder only on the product of each manufacturer. This bidder may be the manufacturer himself or one of the other bidders offering his product, depending upon the results of the preliminary drawing.

(6) In the final drawing there will be included with the names of the bidders drawn in the preliminary drawing the names of any other bidders whose product is offered only by the one bidder.

(7) In the case of lumber, awards will be made on the basis of the special conditions in the invitation prescribed in § 81.10 (f) (6).

(j) *Correspondence and contact with bidders*—(1) *General.* Because of the established policy of decentralization of purchasing operations and the fact that the purchasing officer has available more information on his purchases than has any other office in the War Department, all purchasing officers are charged with the responsibility of making every possible effort to furnish legitimate information to bidders, to make complete response to their proper questions, and to explain to their satisfaction the action which has been taken by the War Department. If it is found impossible to do so, a complete report of the matter will be forwarded to higher authority so that if bidders apply thereto also, prompt action can be taken by it.

(2) *Furnishing of information as to awards made.* Subject to Army Regulations as to restricted projects:

(i) Purchasing officers will furnish to any bidder or his representative the names of the successful bidders and the prices at which awards were made on items on which the inquirer submitted bids: *Provided,* That the number of items and bidders is reasonable and that furnishing such information would not interfere with the work of the purchasing office.

(ii) If a written request is received from an inquirer who is not a bidder or representative of a bidder and the request is for a reasonable number of items, the purchasing officer may furnish the names of the successful bidders and the prices at which awards were made.

(iii) In cases where requests require a large amount of work, the inquirer should be informed that a copy of the abstract of bids is on file in the purchasing office and in the office of the Under Secretary of War, Purchase and Contract Branch, Washington, D. C., where it may be seen by a representative of his office, if he wishes to call.

(iv) The foregoing procedure is not intended to apply to requests for general information as to purchases made over extended periods of time, such as one for information as to the number of shoes purchased during a year and the prices paid therefor. No general procedure is prescribed for such cases.

(3) *Notice of protest against award.* Notice will be given promptly to all bidders affected thereby of any protest or objection against the awarding of a contract to any particular bidder, in order that, if the parties interested so desire, they may take action in their own behalf before further steps are taken in the matter of awarding the contract.

(4) *When all bids are rejected.* When it has been decided to reject all bids and the lowest bid received is in excess of $25,000, the purchasing officer will, if otherwise expedient, inform each bidder of the fact that all bids have been rejected and the reason for such action. (20 Stat. 36, 22 Stat. 487, R.S. 3710; 5 U.S.C. 218, 41 U.S.C. 8) [Pars. 5, 6*a*, 7, 8, 9, 10, 11, 12, 13, and 16]

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3861]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF BERLAND SUPPLY COMPANY, INC., ET AL.

§ 3.7 *Aiding, assisting and abetting unfair or unlawful act or practice:* § 3.24 (a) *Coercing and intimidating—Competitors—By threatening boycott:* § 3.24 (b) *Coercing and intimidating—Customers or prospective customers—To maintain resale prices:* § 3.27 (d) *Combining or conspiring—To enhance, maintain or unify prices:* 3.27 (h) *Combining or conspiring—To restrain and monopolize trade:* § 3.33 (e) *Cutting off competitors' supplies—Threatening withdrawal of patronage.* In connection with the offer, etc., in commerce, of glassware, and on the part of respondent wholesalers thereof, respondent manu-

facturers thereof, respondent agents of said manufacturers, and respondent Hotel, Restaurant and Tavern Equipment Association and its members, continuing, entering into, or assisting each other in carrying out, any conspiracy, agreement, understanding, cooperative plan, program, concert or common course of action among said respondents, between any two or more of them, or between the officers, agents, and employees of any two or more of them, (1) to refuse to sell glassware to any person, partnership, or corporation; (2) to cut off the source or sources of supply of any person, partnership, or corporation, or hinder, impede, or handicap any person, partnership, or corporation in its efforts to obtain supplies of glassware for sale or resale in trade and commerce, or to otherwise deprive any person, partnership, or corporation of an opportunity to compete in the sale or resale of glassware; (3) to determine or designate who shall be a wholesaler of glassware and who shall not be in Milwaukee and the surrounding trade area or in any other trade area in the United States; (4) to coerce or persuade any wholesaler, retailer, or dealer of glassware to refrain from engaging in price competition in the sale and distribution of glassware in commerce; and (5) to limit the number of persons, partnerships, or corporations who may participate in trade and commerce in glassware or to limit or prescribe or seek to limit or proscribe the rights of any such person, partnership, or corporation to conduct trade and commerce according to its own free will; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Modified cease and desist order, Berland Supply Company, Inc., et al., Docket 3861, November 10, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 10th day of November, A. D. 1941.

This matter coming on to be heard by the Commission upon the request of respondent Anchor-Hocking Glass Corporation, by its attorney, that the cease and desist order entered in this case by the Commission on July 9, 1941, be modified, and the Commission having duly considered the matter, and being now fully advised in the premises;

It is ordered, That the cease and desist order[1] aforesaid be, and the same hereby is, modified to read as follows:

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence taken before Edward E. Reardon, a duly appointed Trial Examiner of the Commission designated by it to serve in this proceeding in support of the allegations of the complaint and in opposition thereto, the report of the Trial Examiner thereon and the exceptions to said report, brief in support of the complaint and in opposition thereto and oral argument by counsel for the Commission and counsel for respondents, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondents Berlan Supply Company, Inc.; S. J. Casper Company, Incorporated; I. Shapiro, Inc.; Louis M. Mintz, trading as Mintz Supply Company; W. A. Reinemann, trading as Hotel and Restaurant Supply Company; National Beverage Distributing Company; Anchor-Hocking Glass Corporation; West Virginia Glass Specialty Company; Indiana Glass Company; Roseware, Inc.; W. H. Peterson; and Hotel, Restaurant & Tavern Equipment Association and its members, in connection with the offering for sale, sale, and distribution of glassware in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist:

From continuing, entering into, or assisting each other in carrying out, any conspiracy, agreement, understanding, cooperative plan, program, concert or common course of action among said respondents, between any two or more of them, or between the officers, agents, and employees of any two or more of them:

(a) To refuse to sell glassware to any person, partnership, or corporation;

(b) To cut off the source or sources of supply of any person, partnership, or corporation, or hinder, impede, or handicap any person, partnership, or corporation in its efforts to obtain supplies of glassware for sale or resale in trade and commerce, or to otherwise deprive any person, partnership, or corporation of an opportunity to compete in the sale or resale of glassware;

(c) To determine or designate who shall be a wholesaler of glassware and who shall not be in Milwaukee and the surrounding trade area or in any other trade area in the United States;

(d) To coerce or persuade any wholesaler, retailer, or dealer of glassware to refrain from engaging in price competition in the sale and distribution of glassware in commerce;

(e) To limit the number of persons, partnerships, or corporations who may participate in trade and commerce in glassware or to limit or proscribe or seek to limit or proscribe the rights of any such person, partnership, or corporation to conduct trade and commerce according to its own free will.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

§ 3.7 *Aiding, assisting and abetting unfair or unlawful act or practice:* § 3.99 (a) *Using or selling lottery devices—Devices for lottery selling.* In connection with offer, etc., in commerce, of sauce pans, dripolators, coffee percolators, pillows, smoking stands, electric table lamps, fountain pens, ash trays, or any other articles of merchandise, supplying, etc., others with punch boards, push or pull cards or other devices which are to be, or may be, used in selling or distributing any merchandise to the public by means of a game of chance, gift enterprise or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Excel Merchandise & Novelty Company, Docket 4029, November 4, 1941]

In the Matter of Max A. Wasserman, Individually and Trading as Excel Merchandise and Novelty Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 4th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearings as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Max A. Wasserman, individually and trading as Excel Merchandise and Novelty Company, or trading under any other name or names, his representatives, agents, or employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of sauce pans, dripolators, coffee percolators, pillows, smoking stands, electric table lamps, fountain pens, ash trays, or any other articles of merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Selling or distributing any merchandise so packed or assembled that sales of such merchandise to the public are to be made or may be made by means of a game of chance, gift enterprise or lottery scheme;

2. Supplying to or placing in the hands of others any merchandise, together with Bingo sets, punch boards, push or pull cards, or other devices, which said Bingo sets, punch boards, push or pull cards or other devices are to be used or may be used in selling or distributing said merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

3. Supplying to or placing in the hands of others Bingo sets, punch boards, push or pull cards or other devices, either with assortments of merchandise or separately, which said Bingo sets, punch boards, push or pull cards or other devices are to be used or may be used in selling or distributing said merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

4. Supplying to or placing in the hands of others punch boards, push or pull cards or other devices which are to be used or may be used in selling or distributing any merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

5. Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER C—MISCELLANEOUS EXCISE TAXES

[T.D. 5097]

PART 140—TAXES ON TOBACCO, SNUFF, CIGARS, CIGARETTES, CIGARETTE PAPER AND TUBES, AND PURCHASE AND SALE OF LEAF TOBACCO

Regulations 8 as Made Applicable to the Internal Revenue Code by Treasury Decision 4885, Amended

In order to conform Regulations 8 (revised November 1934) [Part 140, Title 26, Code of Federal Regulations], relating to the taxes on tobacco, snuff, cigars, and cigarettes, also on cigarette papers and tubes and purchase and sale of leaf tobacco, to section 212 of the Revenue Act of 1940 (54 Stat. 516) and section 521 (a) (8) of the Revenue Act of 1941 (Public Law 250, 77th Congress), amending section 2000 (c) (2) of the Internal Revenue Code, such regulations, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4885,[1] approved February 11, 1939 [Chapter I, note, Title 26, Code of Federal Regulations, 1939 Supp.] are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding article 72 [§ 140.72] the following:

SEC. 2000. RATE OF TAX. (Internal Revenue Code.)

* * * * * *

(c) Cigars and Cigarettes.—Upon cigars and cigarettes manufactured in or imported into the United States, which are sold by the manufacturer or importer, or removed for consumption or sale, there shall be levied, collected, and paid the following taxes:

(1) *Cigars.* On cigars of all descriptions made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, 75 cents per thousand;

On cigars made of tobacco, or any substitute therefor, and weighing more than three pounds per thousand, if manufactured or imported to retail at not more than 5 cents each, $2 per thousand;

If manufactured or imported to retail at more than 5 cents each and not more than 8 cents each, $3 per thousand;

If manufactured or imported to retail at more than 8 cents each and not more than 15 cents each, $5 per thousand;

If manufactured or imported to retail at more than 15 cents each and not more than 20 cents each, $10.50 per thousand;

If manufactured or imported to retail at more than 20 cents each, $13.50 per thousand;

Whenever in this paragraph reference is made to cigars manufactured or imported to retail at not over a certain price each, then in determining the tax to be paid regard shall be had to the ordinary retail price of a single cigar in its principal market.

(2) *Cigarettes.* On cigarettes made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, $3 per thousand;

Weighing more than three pounds per thousand, $7.20 per thousand; except that if more than 6½ inches in length they shall be taxable at the rate provided in the preceding paragraph, counting each 2¾ inches (or fraction thereof) of the length of each as one cigarette.

The tax imposed by this subsection shall be in addition to any import duties imposed upon imported cigars and cigarettes.

* * * * * *

SEC. 212. CIGARETTES. (Revenue Act of 1940.)

Subchapter A of Chapter 15 of the Internal Revenue Code is amended by inserting at the end thereof the following new sections:

SEC. 2004. DEFENSE TAX FOR FIVE YEARS.

In lieu of the rates of tax specified in section 2000 (c) (2), the rates of tax for the period after June 30, 1940, and before July 1, 1945, shall be $3.25 and $7.80, respectively.

* * * * * *

SEC. 521. DEFENSE EXCISE TAX RATES MADE PERMANENT WHICH ARE NOT INCREASED BY THIS ACT. (Revenue Act of 1941.)

(a) The following sections of the Internal Revenue Code are amended as follows:

* * * * * *

(8) *Cigarettes.* Section 2000 (c) (2) is amended by striking out "$3" and inserting in lieu thereof "$3.25" and by striking out "$7.20" and inserting in lieu thereof "$7.80".

* * * * * *

(b) The rates specified in subsection (a) shall be applicable only with respect to the period after the date of the enactment of this Act, and the rates specified in * * * section 2004 * * * of the Internal Revenue Code shall not apply with respect to such period.

PAR. 2. Article 72 (a) [§ 140.72] as amended by Treasury Decision 4985,[1] approved July 18, 1940, is further amended to read as follows:

§ 140.72 *Rates of tax on cigars and cigarettes; date effective; when tax accrues.* (a) The rates of tax on cigars as shown below became effective on March 29, 1926. The rates of tax on cigarettes as shown below became effective on July 1, 1940.

Class	Cigars weighing more than 3 pounds per 1,000	Rate per 1,000

TITLE 27—INTOXICATING LIQUORS

CHAPTER I—BUREAU OF INTERNAL REVENUE

[T.D. 5098]

PART 4—LABELING AND ADVERTISING OF WINE

MANDATORY INFORMATION ON WINE LABELS UNDER THE FEDERAL ALCOHOL ADMINISTRATION ACT

SECTION 1. By virtue of and pursuant to section 5 (e) of the Federal Alcohol Administration Act, as amended (U.S.C. Sup., Title 27), section 3170 of the Internal Revenue Code (53 Stat., part 1), and section 161 of the Revised Statutes (U.S.C., Title 5, sec. 22), § 4.32, Part 4, Chapter 1, Title 27 of the Code of Federal Regulations (section 32 of Regulations No. 4, Relating to Labeling and Advertising of Wine), is amended to read as follows:

§ 4.32 *Mandatory label information.* (a) Except as otherwise provided in paragraph (c), there shall be stated on the brand label:

(1) Brand name, in accordance with § 4.33.

(2) Class, type, or other designation, in accordance with § 4.34.

(3) Name and address, in accordance with § 4.35.

(4) On blends consisting of foreign and domestic wines, if any reference to the presence of foreign wine is made, the exact percentage by volume of foreign wine.

(b) There shall be stated on the brand label, or on a separate label affixed in immediate proximity thereto on the same side of the container:

(1) Alcoholic content, in accordance with § 4.36.

(2) Net contents, in accordance with § 4.37.

(c) In the case of imported wine, the name and address of the importer need not be stated upon the brand label if it is stated upon any other label affixed to the container. In the case of domestic wine, bottled or packed for a retailer or other person under his private brand, the name and address of the bottler or packer need not be stated upon the brand label if the name and address of the person for whom bottled or packed appears upon the brand label, and the name and address of the bottler or packer is stated upon any other label affixed to the container.

SEC. 2. These regulations shall take effect upon the date of filing with the Division of the Federal Register.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Dockets Nos. A-848 and A-849]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING PERMANENT RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES HERETOFORE ESTABLISHED FOR THE BLACK EAGLE COAL MINE (MINE INDEX NO. 23) OF THE BLACK EAGLE SMOKELESS COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 7; AND IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES HERETOFORE ESTABLISHED FOR COALS OF THE WYCO MINE (MINE INDEX NO. 207) OF THE GULF SMOKELESS COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 7

Original petitions having been filed with the Bituminous Coal Division by District Board No. 7, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937, requesting that temporary and permanent relief be granted by revising the price classifications for certain coals produced at the Black Eagle Mine (Mine Index No. 23) of the Black Eagle Smokeless Coal Company and at the Wyco Mine (Mine Index No. 207) of the Gulf Smokeless Coal Company, code members in District No. 7;

A hearing having been held in this matter pursuant to Orders and Notices of the Director, on July 28, 1941, before a duly designated Examiner of the Bituminous Coal Division at a hearing room of the Division in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact, Conclusions of Law, and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That § 327.11 (*Low volatile coals: Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck be, and it hereby is, amended by establishing for the coals produced at the Black Eagle Mine (Mine Index No. 23) of the Black Eagle Smokeless Coal Company, in Size Groups 3, 4, 8, and 9, the effective price classifications of "E", "D", "B", and "B", respectively, in lieu of the classifications presently established therefor.

It is further ordered, That the prayer contained in the original petition in Docket No. A-849 for a reduction in the classifications established for the coals in Size Groups 2 and 3 produced at the Wyco Mine (Mine Index No. 207) of the Gulf Smokeless Coal Company be, and it hereby is, denied.

Dated: November 14, 1941.

[Docket No. A-1108]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 10, FOR ALL SHIPMENTS EXCEPT TRUCK

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

It appearing that this action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 330.2 (*Mine index numbers*) is amended by adding thereto Supplement R–I, and § 330.10 (*Special prices*—(a) *Railroad locomotive fuel prices*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 5, 1941.

[SEAL] H. A. GRAY,
Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10

[Docket Nos. A–436, A–440, A–36 Part II, A–147, A–44, A–115, A–259, A–363]

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

FINDINGS OF FACT, CONCLUSIONS OF LAW AND MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED; AND OF DISTRICT BOARD 11 FOR THE REVISION OF MINIMUM PRICES FOR THE COALS OF MINE INDEX 1055, HICKS & RELKER, INCORPORATED; AND OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE ENOS COAL MINING COMPANY'S SEVEN STAR MINE; AND OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS FOR WASHED COAL, SIZE GROUPS 17 TO 25, FOR MINE INDEX NO. 47

These are matters instituted upon petitions duly filed with the Bituminous Coal Division on October 8, 14, and 28,

November 14, and December 2, 1940, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 11. The several petitions propose and seek the establishment of price classifications and minimum prices for the coals of certain mines not theretofore classified and priced.

The original petitions prayed for the issuance of temporary as well as final orders, pending final disposition of the petitions. By Orders of the Director, dated October 28, 1940 (Dockets A–36–Part II and A–147), 5 F.R. 4349; October 28, 1940 (Docket A–115), 5 F.R. 4324; November 14, 1940 (Docket A–259), 5 F.R. 4594; December 2, 1940 (Docket A–363), 5 F.R. 4831; and December 13, 1940 (Dockets A–436 and A–440), 5 F.R. 5157, temporary relief was granted, pending final disposition of the original petition, establishing temporary price classifications and minimum prices for the coals in question in general conformance with the petitioners' proposals.

In accordance with the Orders of October 28, November 14 and 19, December 2, 6, 13 and 16, 1940, a hearing in these matters[1] was duly held on January 29, 1941, before W. A. Shipman, a duly designated Examiner of the Division at a hearing room of the Division, in Washington, D. C. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. No intervening petitions were filed and no objection to the relief requested was made at the hearing. By agreement of all parties present, the preparation and filing of the Examiner's report was waived, and the record was thereupon transmitted to the undersigned.

The record evidence reveals that the price classifications and prices set in the Orders of October 28, 1940 (Dockets A–36—Part II and A–147), except that part of Docket A–36—Part II relating to Ditney Hill Mine, Mine Index 115 (Ingle Coal Company);[2] October 28, 1940 (Docket A–115); November 14, 1940 (Docket A–259), except that part of Docket A–259 relating to the Hicks & Relker Mine, Mine Index 1055 (Hicks & Relker, Inc. (James G. Hicks));[3] December 2, 1940 (Docket A–363); and December 13, 1940 (Dockets A–436 and A–440) except that the Julian Mine, Mine Index 117 (Standard Coal Company),[4] which price classifications and prices are attached hereto as Supplements "R" and "T", are expressed in terms of the symbols of and are in conformity with the effective minimum prices for analogous and comparable coals heretofore established by the Director in General Docket No. 15; properly relate said coals among themselves and with comparable competitive coals; and should be permanently established as the effective classifications and minimum prices for the coals in question. Such classifications and prices comply in all respects with applicable standards of the Act and effectuate the purpose of sections 4 II (a) and (b) thereof.

There was no opposition to the requested relief.

Now, therefore, it is ordered, That § 331.5 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 11 is amended by adding thereto Supplements R–I, R–III, R–V and R–VII, § 331.10 (*Special prices: Railroad locomotive fuel*) is amended by adding thereto Supplements R–II, R–IV and R–VI, § 331.8 (*General prices*) is amended by adding thereto Supplement R–VIII, and § 331.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplements T–I, T–II, T–III, T–IV and T–V, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: October 8, 1941.

[SEAL] H. A. GRAY, *Director.*

[7] Mine Index 93 shall be accorded the same prices for railroad locomotive fuel as shown in § 331.10 in Minimum Price Schedule for District No. 11 for all shipments except truck as those shown for mine index 22, 59, 75 and 94.
[8] Mine Index 118 shall be accorded the same prices for railroad locomotive fuel as shown in § 331.10 in Minimum Price Schedule for District No. 11 for all shipments except truck as those shown for mine index 22, 59, 75 and 94.

[1] By Order of the Director dated January 28, 1941, Docket A–44 and that part of Docket A–36—Part II relating to the Ditney Hill Mine, Mine Index 115 (Ingle Coal Company), were severed from these proceedings.
[2] The coals of the Ditney Hill Mine will be classified and priced in Docket A–36—Part III.
[3] The Hicks & Relker Mine, Mine Index 1055, was erroneously classified in Docket A–259 as being located in Seam 5. In Docket A–440, infra, this mine was correctly classified as being in Seam 4. In all other respects the mine is duplicated and should therefore be deleted from the temporary order in Docket A–259.
[4] Permanent prices were established for the Julian Mine, Mine Index 117 (Standard Coal Company) by Order in Docket A–437 dated August 22, 1941, 6 F.R. 4707, and should therefore be deleted from the temporary order in Docket A–436.

SUBCHAPTER B—PRIORITIES DIVISION

PART 967—FORMALDEHYDE, PARAFORMALDEHYDE, HEXAMETHYLENETETRAMINE AND SYNTHETIC RESINS

Amendment No. 3 to General Preference Order No. M–25[1] to Conserve the Supply and Direct the Distribution of Formaldehyde, Paraformaldehyde, Hexamethylenetetramine and Synthetic Resins Produced Therefrom

Section 967.1 (*General preference order No. M–25*) is hereby amended in the following particulars:

(1) In paragraph (c) (1) (i), Bases for Radio Tubes shall be included in the enumeration designated Classification I.

(2) In paragraph (c) (1) (ii), the words "and radio parts not otherwise specifically provided for" shall be added after the word "Radios" appearing in the enumeration designated Classification II.

This order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 967—FORMALDEHYDE, PARAFORMALDEHYDE, HEXAMETHYLENETETRAMINE AND SYNTHETIC RESINS

Amendment No. 4 to General Preference Order No. M–25[1] to Conserve the Supply and Direct the Distribution of Formaldehyde, Paraformaldehyde, Hexamethylenetetramine and Synthetic Resins Produced Therefrom

Section 967.1, paragraph (c) (2) is hereby amended to read as follows:

§ 967.1 *General preference order No. M–25.*

* * * * * * *

(c) * * * (2) Deliveries of Resins made directly or indirectly from Formaldehyde for non-defense uses, enumerated in Classification I, are hereby assigned a preference rating of B–4, and deliveries of Resins made directly or indirectly from Formaldehyde for non-defense uses, enumerated under Classification II, are hereby assigned a preference rating of B–8. In Classifications I and II, the preference ratings, hereinabove mentioned in this paragraph (c) (2), are granted only to deliveries of Resins the use of which is essential to the functioning of the classified articles or use, except that,

(i) A preferences rating of B–8 is hereby assigned to deliveries of Synthetic Resins Molding Powder to radio manufacturers in amounts required by such radio manufacturers to fabricate molded radio cabinets for existing inventories of radio chassis and component parts therefor; and

(ii) Radio manufacturers who manufacture their own Synthetic Resins Molding Powder may use such powder in amounts required, taking into consideration amounts received under paragraph (c) (2) (i) above, by such radio manufacturers to fabricate molded radio cabinets for existing inventories of radio chassis and component parts therefor.

No such preference ratings are assigned to deliveries of Resins if satisfactory substitutes therefor are available. The quantities of Resins available for the production of articles in Classification II may be limited in amount, in which event such limited amount shall be equitably distributed.

This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 990—CHLORINE IN PULP, PAPER AND PAPERBOARD

General Limitation Order L–11 to Restrict the Use of Chlorine in the Manufacture of Pulp, Paper and Paperboard

Whereas the production of pulp, paper and paperboard consumes large quantities of chlorine; national defense requirements have created a shortage of chlorine; action has already been taken to conserve the supply and limit the use of chlorine in the production of pulp, paper and paperboard in order to insure its availability for essential defense and civilian requirements; increasing diversion of chlorine to defense uses requires further restrictions of its use in such production:

Now, therefore, it is hereby ordered, That:

§ 990.1 *General limitation order L–11*—(a) *Definitions.* For the purpose of this order:

(1) "Producer" means any individual, partnership, association, corporation or other form of business enterprise, engaged in the manufacture of pulp, paper or paperboard.

(2) "Brightness" means the degree of brightness determined by the General Electric Brightness Tester.

(3) "Semi-bleached grade" means that grade of pulp which prior to June 16, 1941, had a brightness of less than 70.

(4) "Calendar quarterly period" means the quarterly period commencing on the first day of the second, fifth, eighth, and eleventh months of the calendar year and ending, respectively, on the last day of the fourth, seventh, tenth, and first months of the calendar year.

(b) *General restrictions relating to pulp, paper and paperboard.* (1) No Producer subject to this order shall, after the effective dates of the applicable provisions hereof, use chlorine in a quantity in excess of that specifically authorized herein or increase the brightness of pulp, paper or paperboard in excess of the degrees of brightness established herein.

(2) No Producer shall increase the brightness of any pulp, paper or paperboard to a degree greater than the brightness of like pulp, paper or paperboard produced by him on June 11, 1941.

(c) *Specific restrictions relating to pulps, effective November 1, 1941.* The following restrictions in the use of chlorine shall become effective November 1, 1941:

(1) No Producer in any calendar quarterly period shall use more chlorine in the bleaching of rag stock than 80% of his use of chlorine for similar purposes during the three-month period ending July 31, 1941.

(2) Except as provided in (c) (4) and (c) (6) hereof, the brightness of the following pulps shall not exceed 74:

(i) Bleached Sulphite.
(ii) Bleached Sulphate.

(3) Except as provided in (c) (4) and (c) (6) hereof, the brightness of the following pulps shall not exceed 70:

(i) Soda Pulp.
(ii) Waste Paper when used for conversion into bleached papers.

(4) The brightness ceilings established in (c) (2) and (c) (3) hereof may be exceeded to the extent that the Office of Production Management may permit upon application accompanied by satisfactory proof that the applicant's process of achieving a higher brightness will further the program for the conservation of chlorine embodied in this Order. Such applications should be addressed to the Office of Production Management, and marked Ref: L–11.

(5) No producer in any calendar quarterly period shall use more chlorine in the production of semi-bleached grades than 70% of his use of chlorine for similar production during the three-month period ending July 31, 1941.

(6) Notwithstanding the limitations set forth in (c) (2) and (c) (3), any producer in any calendar quarterly period may use, per ton of pulp produced for the following purposes requiring the use of chlorine as a processing, rather than as a bleaching agent, an amount of chlorine necessary for such processing: *Provided,* That in no case shall he use more chlorine per ton of pulp produced than he used for similar purposes during the three-month period ending July 31, 1941:

(i) In the processing into paper stock of rope, jute, hemp, flax, Sunn fiber, Benares fiber or like fibers;

(ii) In the processing of pulp for use in the manufacture of sanitary pads, hospital wadding, or wadding for use in the filtering of dissolving and nitrating pulps.

(7) Except for (i), (j), (k), (l), (m), and (n) hereof, this Order shall not apply to the following pulps:

(i) High Alpha Pulps (not less than 90% Alpha Cellulose content).
(ii) Dissolving Pulps.
(iii) Nitrating Pulps.
(iv) Pulps used in the manufacture of photographic base papers.

(d) *Specific restrictions relating to paper and paperboard, effective November 10, 1941.* (1) Except as provided in (d) (2) hereof, after November 10, 1941 the brightness of the following grades of paper and paperboard shall not exceed the brightness ceilings specified below;

(f) *Exception as to stocks on hand and in transit.* No provision of this Order shall be construed to apply to pulp, paper or paperboard produced prior to the respective applicable dates contained herein.

(g) *Exception as to use of chlorine to destroy bacteria.* No provision of this Order shall be construed to restrict the use of chlorine for reduction of bacterial

count, for slime control or for sanitary purposes, below the minimum amounts necessary for such uses.

(h) *Ownership by producers of captive supply of chlorine.* Producers who also manufacture their own supply of chlorine shall observe the provisions of this Order in all respects.

(i) *Records.* (1) Each producer of any pulp referred to in (c) hereof shall keep and preserve for not less than two years, accurate and complete records, on a calendar month basis of:

(i) Total incoming deliveries of chlorine;

(ii) Total production of chlorine (if any);

(iii) Total chlorine consumption;

(iv) Production of each type and brightness of pulp referred to in (c) hereof, and the quantities of chlorine used in the production of each such type and brightness;

(v) The quantities of chlorine consumed for each of the purposes referred to in (g) hereof;

(vi) The quantity of chlorine on hand at the end of each month.

(2) Each producer of paper or paperboard shall keep and preserve for not less than two years, accurate and complete records, on a calendar month basis, of the quantity of each type of pulp, and the brightness thereof, used in his production of each of the kinds, grades and brightnesses of paper and paperboard listed in (d) and (e) hereof, and the quantity produced of each such kind, grade and brightness of paper and paperboard.

(j) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management such reports and questionnaires as said office shall from time to time request. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(k) *Audit and inspection.* All records required to be kept by this Order shall upon request be submitted to audit and inspection by a duly authorized representative of the Office of Production Management.

(l) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Office of Production Management, or otherwise wilfully furnishes false information to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(m) *Superseding earlier order.* This order shall supersede as of its date of issuance all directions respecting the use of chlorine by producers of pulp, paper and paperboard contained in directives issued on June 11 and September 8, 1941.

(n) *Effective date.* This order shall take effect upon its date of issuance except that sections (c), (d), and (e) hereof shall not become effective until the respective dates specified in these sections. PART 1016—SHEET STEEL

General Preference Order M-45 To Reserve an Inventory of Sheet Steel for Steel Drums

Whereas it is found that demands for steel drums for the shipment of gasoline, oil, and other petroleum products overseas, are recurringly creating temporary and local shortages of such drums and of the sheet steel necessary for the manufacture of such drums; and

Whereas it is further found that the best interests of the national defense require the reservation of a stock of sheet steel to be immediately available for the manufacture of steel drums required for such shipment;

Now, therefore, it is hereby ordered:

§ 1016.1 *General preference order M-45—*(a) *Definitions.* For the purposes of this Order:

(1) "Steel Drums" means drums made of 16 or 18 gauge hot rolled sheet steel.

(2) "Producer" means any fabricator of Steel Drums.

(b) *Reservation of sheet steel for specific allocation.* The Director of Priorities will, from time to time, by specific order to each Producer, direct the reservation of a designated quantity of 16 and 18 gauge hot rolled sheet steel in the Producer's possession or ownership. In addition, all sheet steel acquired by application of a preference rating pursuant to Preference Rating Order No. P-76 shall be likewise reserved. Thereafter the Director will, from time to time, specifically authorize the sale, delivery, or processing of quantities of sheet steel so reserved. Except pursuant to such an authorization, no Producer shall sell, deliver or process any such reserved sheet steel.

(c) *Records.* Each Producer shall keep and preserve for a period of not less than two years accurate and complete records concerning inventories and stocks on hand of, and deliveries to such Producer, and by such Producer, of 16 and 18 gauge hot rolled sheet steel and steel drums.

(d) *False statements and penalties.* Any person who wilfully violates any of the terms and provisions of this Order, or wilfully falsifies records required to be kept or information to be furnished pursuant to this Order, or who obtains a delivery of material by means of a material and willful misstatement may be prohibited from obtaining further deliveries of material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(e) *Effective date.* This Order shall take effect immediately, and unless sooner revoked, shall expire on the 30th day of May, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; P.D. Reg. 2, Sept. 9, 1941, 6 F.R. 4684; O.P.M. TITLE 41—PUBLIC CONTRACTS

CHAPTER II—DIVISION OF PUBLIC CONTRACTS

PART 202—MINIMUM WAGE DETERMINATIONS

IN THE MATTER OF THE DETERMINATION OF THE PREVAILING MINIMUM WAGES IN THE LEATHER MANUFACTURING INDUSTRY

This matter is before me pursuant to section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35) entitled "An Act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes", (hereinafter called the Act).

On April 29, 1941 notice issued (6 F.R. 2294) advising all interested parties that hearing would be held on May 12, 1941 to give them an opportunity to show cause why the Secretary of Labor should not determine the prevailing minimum wage for the tanning, currying, and finishing of leather (including rawhide) from any type of hide or skin, to be 50 cents an hour for all the states of the United States with the exception of West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Arkansas, Louisiana, Oklahoma, and Texas, as to which states the proposed minimum was 40 cents an hour; and why the Secretary of Labor should not determine the minimum wage for the manufacture of welting and power transmission belting, when made wholly or principally of leather, to be 40 cents an hour regardless of where manufactured.

On May 12, 1941 a hearing was held in Room 3135, Department of Labor Building, Washington, D. C. Appearances were made and testimony was given at the hearing by individual members of the industry and by the Tanner's Council of America. Labor was represented by the International Fur and Leather Workers Union, the United Leather Workers International Union, and the American Federation of Labor.

A survey of the earnings and hours in the leather and leather belting and packing industries, made by the Bureau of Labor Statistics and published in Bulletin No. 679, covering the payroll periods between September 10 and October 1, 1939, was introduced in evidence at the hearing. In addition to the Bureau of Labor Statistics survey there were presented the wage data of 8 Delaware plants covering 2,374 wage earners and 2 Maryland plants covering 396 wage earners for the week ending April 19, 1941. On the representation made at the hearing that there had been considerable wage changes since the Bureau of Labor Statistics survey the Tanner's Council of America agreed to solicit from all known members of the industry new information as to the wage structure, the individual schedules thus obtained to be tabulated by the Public Contracts Division and made a part of the record. The data as submitted were for a week in May 1941 and covered 237 plants in 25 states employing a total of 35,785 employees in the leather manufacturing industry and 95 plants with 2,017 employees in 23 states in the manufacture of leather belting and welting. Thus, the survey in evidence covers about 75 percent of the number of employees reported for the industry by the 1939 Census of Manufactures. Furthermore, it covers all known producing states except two. The evidence indicates that each of these states has only one plant. A check against the Census of Manufactures of 1939 indicates that the survey as made is fully representative of the various size plants in the industry. I find, therefore, that the data collected through the Tanner's Council of America and supplemented by wage data submitted at the hearing constitute a fair sample of the wage structure as it exists in the industry.

By order effective September 16, 1940 the Wage and Hour Division of the Department ordered that the minimum wage rate under the Fair Labor Standards Act for the leather industry, which is defined as in this determination, shall be 40 cents an hour. The evidence amply proves that the leather industry is engaged in interstate commerce and it is to be presumed that at least 40 cents is the prevailing wage paid in all states for the manufacture of leather and leather belting and welting.

The evidence shows that in all states except West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Arkansas, Louisiana, Oklahoma, and Texas the prevailing minimum wage for the manufacture of leather is higher than 40 cents. The variations in plant minima exist within limited geographic pattern. There is in fact a considerable variance in minimum wages even within the confines of limited political subdivisions. In the states other than those enumerated above, 30 percent of all employees covered in the survey are engaged in plants having no employees at wages below 50 cents an hour and 50 percent of all employees are engaged in plants having either no employees, or only a scattering of employees, below that rate. Furthermore, of the 216 plants covered

in these states, 75 have no workers be- | Arkansas, Louisiana, Oklahoma, and | tion of goods for commerce, as that term

in these states, 75 have no workers below 50 cents, and 105 have either no employees, or only a scattering of employees, below that figure. These facts are fairly indicative of the fact that 50 cents prevails as a minimum wage throughout all the states of the United States except those mentioned above.

The American Belting Association has protested against the determination of a minimum wage for belting because it was no more properly included in the leather determination than shoes, belts, or other products made primarily of leather. Inasmuch, however, as the minimum wage of 40 cents is required under the Fair Labor Standards Act of 1938 there would be no reason why the minimum should not be established.

The Tanner's Council objected, stating that there was no need for the establishment of a minimum because not more than one percent of the products are sold to the government, because segregation of government from commercial work is not possible, and because some of the plants in the North are paying less than the proposed 50 cents an hour. The necessity for the establishment of a minimum becomes apparent when within a limited locality there appears a divergency of wages.

I hereby determine:

§ 202.42 *Leather manufacturing industry.* That the Leather Manufacturing Industry, as that term is used in this decision, shall be understood to be that industry which (a) tans, curries, and finishes leather (including rawhide) from any type of hide or skin, and (b) manufactures welting and power transmission belting when made wholly or principally of leather.

That the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35) for the tanning, currying, and finishing of leather (including rawhide) from any type of hide or skin shall be:

50 cents an hour or $20.00 per week of 40 hours, arrived at either upon a time or piece rate basis, for the states of Maine, Vermont, New Hampshire, New York, Massachusetts, Rhode Island, Connecticut, New Jersey, Maryland, Pennsylvania, Delaware, Ohio, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, New Mexico, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, Washington, and the District of Columbia;

40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece rate basis, for the states of West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Arkansas, Louisiana, Oklahoma, and Texas.

That the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35) for the manufacture of welting and power transmission belting when made wholly or principally of leather, regardless of where manufactured, shall be:

40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece rate basis.

Nothing in this determination shall affect such obligations for the payment of minimum wages as an employer may have under the Fair Labor Standards Act of 1938 or any wage order thereunder, or under any other law or agreement more favorable to employees than the requirements of this determination.

This determination shall be effective and the minimum wages hereby established shall apply to all contracts subject to the aforesaid Act of June 30, 1936 bids for which are solicited or negotiations otherwise commenced on or after December 17, 1941.

Dated: November 17, 1941.

PART 202—MINIMUM WAGE DETERMINATIONS

IN THE MATTER OF THE DETERMINATION OF THE PREVAILING MINIMUM WAGES IN THE TEXTILE INDUSTRY

This matter is before me pursuant to section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35), entitled "An Act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes", otherwise known as the Walsh-Healey Public Contracts Act.

On August 16, 1941, the Administrator of the Division of Public Contracts issued a notice of opportunity to show cause why I should not determine the prevailing minimum wage for persons employed in the Textile Industry to be 37.5 cents per hour or $15.00 per week of forty hours, the determination to be effective and the minimum wage thereby established to apply to all contracts of the United States awarded subject to the provisions of the Walsh-Healey Public Contracts Act, contemplating any of the textile manufacturing, processing and finishing operations more fully described in the notice.

The action proposed by the notice was predicated upon evidence before the Department of Labor that substantially all members of the Textile Industry are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that in consequence thereof, the Wage Order of the Administrator of the Wage and Hour Division, issued pursuant to the provisions of the Fair Labor Standards Act and effective June 30, 1941, establishing 37.5 cents per hour as the minimum wage under that Act in the Textile Industry (6 F.R. 2885) had had the effect of establishing 37.5 cents per hour as the prevailing minimum wage in that industry within the meaning of section 1 (b) of the Walsh-Healey Public Contracts Act.

The notice of opportunity to show cause was sent to trade unions, trade publications, and trade associations. Notice was also given to interested parties through the national press and by publication in the FEDERAL REGISTER (6 F.R. 4169).

A memorandum in opposition to the proposed determination was filed by the Cotton Textile Institute, Inc. No other objections or protests in response to the notice were received.

The several points of objection enumerated in the memorandum of the Cotton Textile Institute are directed to the Institute's apprehension that the wage determination as proposed in the notice made no specific provision for the allowance of the deductions made by employers in the industry from the wages of their employees and for the employment of apprentices, learners, and handicapped workers. In substance, the Institute desires that provision be made under the Walsh-Healey Public Contracts Act for the same privileges extended to employers in the industry under the requirements of the Fair Labor Standards Act with respect to deductions and the employment of learners and handicapped workers. I have concluded that the desire of the Institute in this respect is a reasonable one, and it is my purpose in this determination to coordinate the minimum wage requirements under both Acts as presently effective and to take such action in the future as may be necessary to preserve this uniformity.

Upon consideration of all the facts and circumstances,

I hereby determine that:

§ 202.43 *Textile industry.* The minimum wage for employees engaged in the performance of contracts with agencies of the United States Government, subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U. S. C. Sup. III 35), contemplating any of the following described manufacturing, processing, and finishing operations, shall be 37.5 cents an hour or $15.00 per week of forty hours, arrived at either upon a time or piece work basis:

(a) The manufacturing or processing of yarn or thread and all processes preparatory thereto, and the manufacturing, bleaching, dyeing, printing and other finishing of woven fabrics (other than carpets and rugs) from cotton, silk, flax, jute or any synthetic fiber, or from mixtures of these fibers; or from such mixtures of the fibers with wool or animal fiber (other than silk) as are specified in paragraphs (g) and (h); except the chemical manufacturing of synthetic fiber and such related processing of yarn as is conducted in establishments manufacturing synthetic fiber;

(b) The manufacturing of batting, wadding or filling and the processing of waste from the fibers enumerated in paragraph (a);

(c) The manufacturing, bleaching, dyeing, or other finishing of pile fabrics (except carpets and rugs) from any fiber or yarn;

(d) The processing of any textile fabric, included in this definition of this industry, into any of the following products: bags; bandages and surgical gauze; bath mats and related articles; bedspreads; blankets; diapers; dish-cloths; scrubbing cloths and wash-cloths; sheets and pillow cases; tablecloths, luncheloths and napkins; towels; and window curtains;

(e) The manufacturing or finishing of braid, net or lace from any fiber or yarn;

(f) The manufacturing of cordage, rope or twine from any fiber or yarn;

(g) The manufacturing or processing of yarn or thread by systems other than the woolen system from mixtures of wool or animal fiber (other than silk) with any of the fibers designated in paragraph (a), containing not more than 45 percent by weight of wool or animal fiber (other than silk);

(h) The manufacturing, bleaching, dyeing, printing or other finishing of woven fabrics (other than carpets and rugs) from mixtures of wool or animal fiber (other than silk) containing not more than 25 percent by weight of wool or animal fiber (other than silk), with any of the fibers designated in clause (a), with a margin of tolerance of 2 percent to meet the exigencies of manufacture.

Provided, That learners, handicapped workers, and apprentices may be employed and deductions from the wages of employees may be made in accordance with the present regulations under the Fair Labor Standards Act, which I hereby adopt for the purposes of this wage determination.

This determination shall be effective and the minimum wages hereby established shall apply to all contracts subject to the aforesaid Act of June 30, 1936, bids for which are solicited or negotiations otherwise commenced on and after December 17, 1941.

Nothing in this determination shall affect such obligations for the payment of minimum wages as an employer may have under the Fair Labor Standards Act of 1938 or any wage order thereunder, or under any other law, or agreement, more favorable to employees than the requirements of this determination.

Dated: November 17, 1941.

ORD 7727 P11–0270A (1005).105–01
ORD 9508 P11–02A (1005).105–01

This contract,[1] entered into this 12th day of August 1941.

TITLE I. *Operation of plant*—ARTICLE 1–A. *Statement of work.* 1. The Contractor shall perform all organization service in connection with the planning of and the making of all necessary preparations for the operation of the Plant, including the training of operating personnel in the Plant, and all other services incident to assuring an efficient and going operating force when any unit of the Plant is ready for operation.

2. As each operating unit of the Plant is completed and is ready for operation, the Contractor shall proceed to operate it for the manufacture of cups. When all operating units of said Plant shall have been completed and ready for operation the Contractor shall so notify the Contracting Officer in writing, and from and after the date of said notice the Contractor shall operate said Plant so as to reach as promptly as possible a production of approximately * * * lbs. of cups per month (such amount being the estimated productive capacity of said Plant).

ART. I–B. *Estimates.* It is estimated that the total cost of the Contractor's performance under Section 3 of Article I–A of this Title I of this contract will be approximately ten million, seven hundred and thirty-three thousand, six hundred and one dollars and ninety-nine cents ($10,733,601.99), exclusive of the Contractor's fee.

ART. I–C. *Consideration.* In consideration of its undertaking under this Title I the Contractor shall receive the following, which shall constitute complete compensation for the Contractor's services under this Title I, including profit other than that included in the prices quoted pursuant to the provisions of section 5 of Article I–A thereof:

1. Reimbursement for expenditures as provided in Title II.

2. Fixed-fees for operation of the Plant at the rate of * * * per pound of cups: *Provided, however,* That the Contractor shall not be entitled to receive for work done under Title I hereof in connection with the performance of this contract total fees in excess of three hundred thousand dollars ($300,000.00).

TITLE II. *Cost of the work and payment therefor*—ART. II–B. *Payments*—1. *Reimbursement for cost.* The Government will currently reimburse the Contractor for expenditures made in accordance with Article II–A of this Title II, upon certification and delivery to and verification by the Contracting Officer of the original signed payrolls for labor, the original paid invoices for materials, or other papers satisfactory to the Contracting Officer. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant. All payments made under this section 1 shall be subject to the provisions of Article II–C.

2. *Payment of the fixed-fees.* The fixed-fees provided for in Article I–C shall be paid monthly as they accrue, dependent upon the types and quantities of cups produced, inspected and accepted for delivery, subject to the limitation contained in Section 2 of Article I–C.

4. *Final payment.* Upon completion of the work, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Title II hereof, and of the fees.

[1] Approved by the Chief of Ordnance October 6, 1941.

[1] Approved by the Under Secretary of War, September 17, 1941.

[1] Approved by the Under Secretary of War October 6, 1941.

ART. II–C. *Advances.* At any time and from time to time, after the execution of this contract the Government, at the request of the Contractor, and subject to the approval of the Chief of Ordnance as to the necessity therefor, shall advance to the Contractor, without payment of interest thereon by the Contractor, a sum not in excess of thirty percent (30%) of the estimated cost of the work under this contract (as increased or decreased pursuant to the provisions of Article III–O of Title III or as increased pursuant to the provisions of Article I–A of Title I).

TITLE III. *General provisions*—ART. III–A. *Termination of contract by Government.* Should the Contractor at any time refuse, neglect or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained or should conditions arise which make it advisable or necessary in the interest of the Government to cease work under this contract, the Government may terminate this contract by reasonable notice in writing from the Contracting Officer to the Contractor.

ART. III–B. *General.* The Government shall furnish the Contractor such available schedules of preliminary data, and other available information respecting the work to be done under this contract, and shall make available to the Contractor such Government designs, drawings, specifications, details, standards and safety practices as are on hand in the office of the Quartermaster General or the Chief of Ordnance and which are applicable to the work to be done under this contract.

The title to all work under this contract, completed or in the course of construction or manufacture, and to all the cups manufactured or in the process of being manufactured, shall be in the Government. Likewise, upon delivery at the site of the work, or at an approved storage site, title to all purchased materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Title II hereof, shall vest in the Government.

ART. III–O. *Changes.* The Contracting Officer may, at any time, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work or direct the omission of work covered by the contract.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. 1783–FD]

IN THE MATTER OF HORNING-ROSS COAL COMPANY (WALTER F. HORNING) REGISTERED DISTRIBUTOR, REGISTRATION NO. 4507, RESPONDENT

ORDER SUSPENDING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division, pursuant to section 4 II (h) of the Bituminous Coal Act of 1937 and § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether Horning-Ross Coal Company (Walter F. Horning), a registered distributor (Registration No. 4507), 856 Insurance Building, Omaha, Nebraska, has violated the Act, the Rules and Regulations for the Registration of Distributors, the Marketing Rules and Regulations Incidental to the Sale and Distribution of Coal and the Agreement by Registered Distributor, by purchasing and reselling coals below the effective minimum price therefor;

The respondent having filed an answer admitting the resale of coals below the effective minimum price therefor but averring its good faith and that restitution had been made;

A hearing having been held before a duly designated Examiner of the Division at a hearing room thereof in Omaha, Nebraska, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned.

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the registration of the respondent, Horning-Ross Coal Company (Walter F. Horning), as a registered distributor, Registration No. 4507, be and it hereby is suspended

[1] Not filed with the original document.

[1] Approved by the Chief of Ordnance October 2, 1941.

[1] Approved by the Chief of Ordnance October 29, 1941.

for a period of thirty (30) days from the date of this Order.

It is further ordered, That the respondent shall not evade the effect of such suspension directly or indirectly by the use of any device such as a sales agency agreement or any other device and that such suspension shall not excuse the respondent from all duties and functions imposed upon it by the Act or the rules and regulations thereunder.

It is further ordered, That as a condition to reinstatement of such registration, in accordance with § 304.15 of the Distributors' Rules, the respondent shall submit, at least five days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the period of its suspension said respondent has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to receive by virtue of registration.

[Docket No. 1789-FD]

IN THE MATTER OF LUMBERMAN'S BRICK & SUPPLY COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 5757, RESPONDENT

ORDER SUSPENDING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division pursuant to section 4 II (h) of the Bituminous Coal Act of 1937 and § 304.14 of the Rules and Regulations for the Registration of Distributors, by a Notice of and Order for Hearing dated July 31, 1941, to determine whether Lumberman's Brick & Supply Company, a registered distributor (Registration No. 5757), 2061 Farnum Street, Omaha, Nebraska, has violated the Act, the Rules and Regulations for the Registration of Distributors, the Marketing Rules and Regulations Incidental to the Sale and Distribution of Coal, and the Agreement by Registered Distributor, by extending by agreement, express or implied, with the purchasers from it of certain coals of the dates of payment for such coals beyond the twentieth day of the month following the month in which shipments were made without charging said purchasers interest from and after the due dates of the accounts at the rate of not less than five per cent per annum;

The respondent having filed an answer admitting its failure to charge interest but averring its good faith and that payment of said interest had since been made;

A hearing in this matter having been held before a duly designated Examiner of the Division at a hearing room thereof in Omaha, Nebraska, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith;[1]

Now, therefore, it is ordered, That the registration of the respondent, Lumberman's Brick & Supply Company, as a registered distributor, Registration No. 5757, be and it hereby is suspended for a period of thirty (30) days from the date of this Order.

It is further ordered, That the respondent shall not evade the effect of such suspension directly or indirectly by the use of any device such as a sales agency agreement or any other device and that such suspension shall not excuse the respondent from all duties and functions imposed upon it by the Act or the rules and regulations thereunder.

It is further ordered, That as a condition to reinstatement of such registration, in accordance with § 304.15 of the Distributors' Rules, the respondent shall submit, at least five days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the period of its suspension said respondent has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to receive by virtue of registration.

[Docket No. 1765-FD]

IN THE MATTER OF LOG CREEK COAL COMPANY, A PARTNERSHIP, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

District Board 11 having filed a complaint with the Bituminous Coal Division on May 15, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation by the Log Creek Coal Company, a code member in District 11, of the Bituminous Coal Code and rules and regulations thereunder as follows:

That the defendant sold lump coals produced by it at its mine (Mine Index No. 1009) located in Pike County, Indiana, at a price 95 cents lower than the effective minimum price thereof. At the hearing the complaint was amended without objection to allege similar violations between November 14, 1940, and May 5, 1941, and to allege violations of Division Orders Nos. 295, 296, 297, and 307;

Pursuant to Orders of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 22, 1941, before Charles S. Mitchell, a duly designated Examiner of the Division, at a hearing room thereof in Evansville, Indiana;

The preparation and filing of a report by the Examiner having been waived and the record of the proceeding thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;[1]

Now, therefore, it is ordered, That the code membership of the defendant, operating the Log Creek Mine (Mine Index No. 1009), in Pike County, Indiana, in District 11, be and it hereby is revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant to membership in the Code, the defendant shall pay to the United States a tax in the amount of $2,388.63 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 14, 1941.

[Docket No. 1746-FD]

IN THE MATTER OF CITY COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on May 22, 1941, with the Bituminous Coal Division pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 6, alleging wilful violation of the Bituminous Coal Code and rules and regulations thereunder as follows:

That the defendant, during October 1940, sold 203.7 net tons of Size Group 3 nut coal produced at its Warwood Mine (Mine Index No. 21), located at Wheeling, West Virginia, in District 6, to the Wheeling Electric Company, Wheeling, West Virginia, at $1.95 per net ton f. o. b. the mine, whereas the effective minimum price for such coal was $2.10 per net ton f. o. b. the mine, as set forth in the Schedule of Effective Minimum Prices for District No. 6 for All Shipments Except Truck;

Pursuant to an Order of the Acting Director and after due notice to all interested persons, a hearing in this matter having been held on August 20, 1941, before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Pittsburgh, Pennsylvania, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the matter having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;[1]

Now, therefore, it is ordered, That the code membership of the defendant, City Coal Company, be and it is hereby revoked and cancelled.

It is further ordered, That, prior to any reinstatement of the defendant, City Coal Company, to membership in the Code, the defendant shall pay to the United States a tax in the amount of $166.83 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 14, 1941.

IN THE MATTER OF CARTERVILLE COAL CO., DEFENDANT

CEASE AND DESIST ORDER

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 10, complainant, alleging wilful violation by Carterville Coal Co., the defendant, of the Bituminous Coal Code, or rules and regulations thereunder as follows:

That the defendant sold for shipments by truck during the period from October 5, 1940 to January 21, 1941, inclusive, 3" lump coal (Size Group 3) at $2.00, and 2" x 7/16" (Size Group 8 at $1.65, per net ton f. o. b. the mine, when the effective minimum f. o. b. mine prices applicable thereto are, for 3" lump coal (Size Group 3), $2.15, and for 2" x 7/16" (Size Group 8), $1.80, per net ton f. o. b. the mine;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on October 6, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof;

All parties having joined in waiving the preparation and filing of a report by the Examiner;

The record of the proceeding thereupon having been submitted to the undersigned for consideration;

The undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith;[1]

It is ordered, That the defendant, his officers, representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist, and they hereby are permanently enjoined and restrained from selling and offering to sell coal produced by the defendant at prices below the applicable minimum prices established therefor contrary to the Bituminous Coal Act or any rules and regulations promulgated thereunder; the Bituminous Coal Code; the Schedule of Effective Minimum Prices for District No. 19 for Truck Shipments, and Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this Order the Division may forthwith apply to the Circuit Court of Appeals of the United States within any Circuit where such defendant carries on business or the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof or reopen the proceeding as provided in section 5 (b) of the Act and take other appropriate action.

[Docket No. A-1089]

PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 13

[Docket No. A-1089, Part II]

PETITION OF DISTRICT BOARD NO. 13 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 1261 AND 1293 IN DISTRICT NO. 13 FOR RAIL SHIPMENT

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1089, PART II, FROM DOCKET NO. A-1089, GRANTING TEMPORARY RELIEF IN PART IN DOCKET NO. A-1089, PART II, AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1089, PART II

The original petition in the above-entitled matters filed with this Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 13.

As indicated in an order issued in Docket No. A-1089, a reasonable showing of necessity has been made for the granting of the relief prayed for by the petitioner, except for the coals of Mine Index Nos. 913 (because the records of the Division indicate that no code acceptance has been received for this mine), 1261, and 1293, (in part).

The original petition prays for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 1261 and 1293 for rail shipment and in addition seeks the establishment of an additional loading point for the coals of Mine Index No. 1261. The Director is of the opinion that an additional rail loading point for the coals of Mine Index No. 1261 should not be established without a hearing.

In the original petition the establishment for the coals of Mine Index Nos. 1261 and 1293 of an f. o. b. effective minimum price of $2.65 in Size Group 13 for steamship vessel fuel is sought. There does not appear in the original petition sufficient justification for the establishment of this price for these coals for steamship vessel fuel use. The Director is of the opinion, therefore, that this price of $2.65 should not be established for the coals of Mine Index Nos. 1261 and 1293 without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1089 relating to the coals of Mine Index Nos. 1261 and 1293, be, and the same hereby is severed from Docket No. A-1089 and designated as Docket No. A-1089, Part II.

It is further ordered, That, pending final disposition of Docket No. A-1089, Part II, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 13 for All Shipments Except Truck is supplemented to include the price classifications and minimum prices set forth in the schedule marked "Temporary Supplement R" annexed hereto and hereby made a part hereof.

It is further ordered, That a hearing in Docket No. A-1089, Part II, under the applicable provisions of said Act and the Rules of the Division be held on December 10, 1941, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief

[1] Not filed with the original document.

in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 5, 1941.

The matter concerned herewith is in regard to the petition of District Board No. 13 for the establishment of permanent price classifications and minimum prices for the coals of Mine Index No. 1261 for rail shipment; and for the establishment of permanent price classifications and minimum prices for steamship vessel fuel use for the coals of Mine Index Nos. 1261 and 1293.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

[Docket No. A-826]

PETITION OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF MINIMUM PRICES FOR THE COALS OF THE QUALITY MINE (MINE INDEX NO. 1468) OF RAY MORGAN (F. C. MORGAN COAL CO.), A CODE MEMBER IN DISTRICT 10, FOR ALL SHIPMENTS EXCEPT TRUCK

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was filed by District Board No. 10, proposing price classifications and minimum prices, for all shipments except truck, for the coals of the Quality Mine (Mine Index No. 1468) of Ray Morgan (F. C. Morgan Coal Co.). The petition states that minimum prices for truck shipments have heretofore been established for this mine. It appears from the records of the Bituminous Coal Division that this is a new mine, for which no minimum prices have heretofore been established, and that the mine for which minimum prices for truck shipments have been established is the Quality Mine (Mine Index No. 576) of the Quality Coal Co. A hearing appears to be the most appropriate means of resolving this conflict between the statements in the petition and the facts shown by the records of the Division. Pending a hearing, the establishment of temporary minimum prices for all shipments except truck and for truck shipments is desirable in order that coals from this mine may be marketed.

It is therefore ordered, That a hearing in the above-entitled matter be held under the applicable provisions of the Act and the rules of the Division on November 24, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 19, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment of the following minimum prices for the coals of the Quality Mine (Mine Index No. 1468) of Ray Morgan (F. C. Morgan Coal Co.):

For all shipments except truck, the minimum prices applicable to coals in Price Group No. 33.

For railroad fuel, a minimum price of $2.00 per net ton for mine run and $1.40 per net ton for screenings.

For truck shipments:

The railroad locomotive fuel prices shall be: Mine Run—$2.00; screenings—$1.40.

Notice is hereby given that at the hearing the relation between the Quality Mine (Mine Index No. 1468) of Ray Morgan (F. C. Morgan Coal Co.) and the Quality Mine (Mine Index No. 581) of the Quality Coal Co. will be a subject of inquiry.

It is further ordered, That a reasonable showing of necessity therefor having been made, pending final disposition of the above matter, temporary relief be and the same is hereby granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck and for Truck Shipments are revised to include the price classifications and minimum prices set forth in the schedules marked supplement "R" and supplement "T" attached hereto and hereby made a part hereof.

Notice is hereby given that applications to stay, modify or terminate the temporary relief granted in this Order may be filed in accordance with the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act.

NOTICE OF OPPORTUNITY TO SUBMIT WRITTEN BRIEFS ON THE MINIMUM WAGE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 31 FOR THE MISCELLANEOUS APPAREL INDUSTRY

Whereas a hearing has been held on October 27, 1941, before Major Robert N. Campbell, Presiding Officer, at which all persons interested in the report and recommendation of Industry Committee No. 31 for the establishment of a minimum wage in the Miscellaneous Apparel Industry were given an opportunity to be heard and to offer evidence relevant thereto; and

Whereas the complete record of said hearing has been transmitted to the Administrator;

Now, therefore, notice is hereby given that the Administrator will receive written briefs (not fewer than twelve copies) on or before November 24, 1941, at the Department of Labor, Washington, D. C., from any person who entered an appearance at the said hearing, based upon the complete record compiled thereat.

Signed at Washington, D. C., this 14th day of November 1941.

NOTICE OF FURTHER HEARING ON THE HOME WORK PROBLEM IN THE WOMEN'S APPAREL INDUSTRY, TO BE HELD JANUARY 13, 1942, AT WASHINGTON, D. C.

Whereas in accordance with notice of hearing published in the FEDERAL REGISTER for July 1, 1941, a hearing was held on July 28 and 29, 1941, for the purpose, inter alia, of securing evidence to determine what, if any prohibition, restriction, or regulation of home work in the Women's Apparel Industry, as defined in Administrative Order No. 103, is necessary to carry out the purposes of a wage order issued for such industry, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage rate established therein in the event a 40 cent minimum recommended by Industry Committee No. 27 were approved for such industry; and

Whereas after consideration of the evidence adduced at the same hearing, the Administrator, by order published in the FEDERAL REGISTER for September 13, 1941, approved a 40 cent minimum wage rate, effective September 29, 1941, for the Women's Apparel Industry in conformance with his authority under Section 8 of the Fair Labor Standards Act of 1938; and

Whereas after consideration of the evidence introduced at the hearing on the question of what prohibition, restriction, or regulation of home work in this industry is necessary to carry out the purposes of a wage order for this industry, to prevent the circumvention or evasion thereof and to safeguard the minimum wage rate established therein, the Administrator determined it advisable to take further evidence in this matter before deciding whether he should issue an order under the terms of section 8 (f) of the Act;

Now, therefore, notice is hereby given that:

I. A public hearing will be held on January 13, 1942, before Major Robert N. Campbell as Presiding Officer at 10:00 a. m., Room 3229 of the United States Department of Labor Building at Washington, D. C., for the purpose of taking further evidence on the following question:

What, if any, prohibition, restriction or regulation of home work in the Women's Apparel Industry is necessary to carry out the purposes of the wage order effective September 29, 1941, to prevent the circumvention or evasion of such order, and to safeguard the 40 cent minimum wage rate established therein.

II. The definition of the Women's Apparel Industry as set forth in Administrative Order No. 103, issued May 9, 1941, is as follows:

The production of women's, misses', and juniors' dresses, washable service garments, blouses, and neckwear from woven or purchased knit fabric; women's, misses', children's and infants' underwear, nightwear, and negligees from woven fabric; corsets and other body supporting garments from any material; other garments similar to the foregoing; and infants' and children's outerwear. The definition of the women's apparel industry covers all occupations in the Industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping and selling occupations: *Provided, however,* That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

III. Any interested person may appear at the aforesaid hearing to offer evidence on the home work question, either on his own behalf or on behalf of any other person: *Provided,* That not later than December 23, 1941, any such person shall file with the Administrator at Washington, D. C., a notice of his intent to appear which shall contain the following information:

1. The name and address of the person appearing.

2. If such person is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

3. The approximate length of time requested for his presentation.

Such notice may be mailed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., and shall be deemed filed upon receipt thereof.

IV. Any person interested in the home work question may secure further information concerning the aforesaid hearing by inquiry directed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., or by consulting with attorneys representing the Administrator who will be available for that purpose at the offices of the Wage and Hour Division in Washington, D. C.

V. A transcript of the testimony taken at the original hearing of July 28 and 29, 1941, and the exhibits introduced at such hearing relating to the home work question, will be offered in evidence at this hearing, and will be available for inspection at the Department of Labor Building by any interested person who intends to appear at the aforesaid hearing.

VI. The hearing will be conducted in accordance with the rules issued for the original hearing in a notice of hearing published in the FEDERAL REGISTER on July 1, 1941.

Signed at Washington, D. C., this 3d day of November 1941.

PHILIP B. FLEMING,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6215]

IN RE APPLICATION OF CHARLES P. BLACKLEY (NEW)

NOTICE OF HEARING

Application dated August 15, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Staunton, Virginia; operating assignment specified: Frequency, 1240 kc.; power, 250 w.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To obtain full information with respect to the relationships, the nature, extent and effect thereof, between Charles P. Blackley and the licensee of Station WSVA.

2. To determine the areas and populations now receiving primary service from Station WSVA which would receive similar service from the station proposed herein.

3. To determine the type and character of the program service which applicant may be expected to render, and the extent to which such service is now being rendered by any other station or stations serving the proposed service area in whole or in part.

4. To determine whether in view of the facts adduced under the foregoing issues public interest, convenience and necessity would be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Charles P. Blackley, 333 South Liberty Street, Harrisonburg, Virginia.

Dated at Washington, D. C., November 13, 1941.

By the Commision.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-436]

IN THE MATTER OF ST. LOUIS COUNTY WATER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 14th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than December 2, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transaction therein proposed, which is summarized below:

St. Louis County Water Company, a subsidiary of Commonwealth Utilities Corporation, a registered holding company and a subsidiary of The United Gas Improvement Company, also a registered holding company, proposes to issue a note dated on or about December 20, 1941, maturing not later than nine months thereafter in an amount not to exceed $100,000 payable to Mississippi Valley Trust Company, with interest at a rate not in excess of 2% per annum. It is stated that the proceeds of the note will be used to reimburse the company's treasury, in part, for amounts expended on various construction projects from June 1, 1939 to September 30, 1941.

The first sentence of section 6 (b) of the Act is designated as applicable to the proposed transaction.

By the Commission.

IN THE MATTER OF FANNY FARMER CANDY SHOPS, INC., $1 PAR VALUE COMMON STOCK

ORDER SETTING HEARING ON APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 14th day of November, A. D. 1941.

The Fanny Farmer Candy Shops, Inc., pursuant to section 12 (d) of the Securities Exchange Act of 1934, as amended, and Rule X-12D2-1 (b) promulgated thereunder, having made application to the Commission to withdraw its $1 Par Value Common Stock from listing and registration on the New York Curb Exchange; and

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10 A. M. on Friday, December 12, 1941 at the office of the Securities & Exchange Commission, 120 Broadway, New York City, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Adrian C. Humphreys, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

NOTICE OF AND ORDER OF CONSOLIDATION; NOTICE OF AND ORDER SETTING DATE FOR HEARING; ORDER OVERRULING OBJECTION AND DIRECTING PROCEDURE TO BE FOLLOWED IN PRESENTATION OF EVIDENCE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 14th day of November, A. D. 1941.

Applications, declarations, or amendments having been filed, since the hearing herein on October 30, 1941, by Columbia Gas & Electric Corporation and The Ohio Fuel Gas Company (File No. 70-430), by Columbia Oil & Gasoline Corporation (File No. 70-431), and by Panhandle Eastern Pipe Line Company (File No. 70-387) in respect of their respective parts in the following proposed transactions:

(1) The sale by Columbia Gas & Electric Corporation to Panhandle Eastern Pipe Line Company of the stock and indebtedness of Michigan Gas Transmission Corporation and of Indiana Gas Distribution Corporation;

(2) The sale by The Ohio Fuel Gas Company to Panhandle Eastern Pipe Line Company of certain gas pipe lines in Indiana and Ohio;

(3) The retirement or redemption by Panhandle Eastern Pipe Line Company of all of the $10,000,000 aggregate par value of its Class A Preferred Stock now held by Columbia Oil & Gasoline Corporation, and the related disposition by Columbia Oil & Gasoline Corporation of said stock;

(4) The application by Columbia Oil & Gasoline Corporation of the proceeds of its disposition of said Class A Preferred Stock of Panhandle Eastern Pipe Line Company, plus available cash on hand, to the acquisition, for retirement and cancelation, of approximately $11,000,000 principal amount of Twenty-Year Debentures of Columbia Oil & Gasoline Corporation held by Columbia Gas & Electric Corporation;

(5) The issue and sale by Panhandle Eastern Pipe Line Company of $10,000,000 aggregate principal amount First Mortgage and First Lien 3% Bonds, Series C, due November 1, 1960, and of $15,000,000 aggregate par value of Cumulative Preferred Stock, consisting of 150,000 shares of the par value of $100 each—the proceeds of such securities to be used in connection with the transactions mentioned in sub-paragraphs (1), (2), and (3) above and to pay part of the cost of certain construction;

said applications, declarations, or amendments being hereinafter referred to as "subsequent filings"; and

The following sections of the Public Utility Holding Company Act of 1935 and the following rules thereunder having been designated in said "subsequent filings" by the respective applicants or declarants as being applicable:

(1) Sections 12 (d) and 12 (f) and Rules U-43 and U-44, by Columbia Gas & Electric Corporation and The Ohio Fuel Gas Company;

(2) Sections 12 (c) and 12 (f) and Rules U-42 and U-43, by Columbia Oil & Gasoline Corporation;

(3) Sections 6, 9, 10, and 12 (c) and Rules U-42 and U-50, by Panhandle Eastern Pipe Line Company; and

Columbia Gas & Electric Corporation being a registered public utility holding company and a subsidiary company of The United Corporation, also a registered public utility holding company; Columbia Oil & Gasoline Corporation being a subsidiary company of Columbia Gas & Electric Corporation; Panhandle Eastern Pipe Line Company being a subsidiary company of both Columbia Gas & Electric Corporation and Columbia Oil & Gasoline Corporation; Michigan Gas Transmission Corporation, Indiana Gas Distribution Corporation, and The Ohio Fuel Gas Company being wholly-owned subsidiaries of Columbia Gas & Electric Corporation; and

The Commission having heretofore consolidated proceedings in respect of: (1) the application and amendment thereto bearing File No. 70-263 filed by Columbia Gas & Electric Corporation and a second amendment thereto filed by Columbia Gas & Electric Corporation in which The Ohio Fuel Gas Company joined; (2) the application and amendment thereto filed by Columbia Oil & Gasoline Corporation bearing File No. 70-371; (3) the application filed by Panhandle Eastern Pipe Line Company bearing File No. 70-387; and (4) proceedings instituted by the Commission against Columbia Gas & Electric Corporation, Columbia Oil & Gasoline Corporation, Panhandle Eastern Pipe Line Company, Michigan Gas Transmission Corporation, and Indiana Gas Distribution Corporation, and each of them, under sections 11 (b) (1), 11 (b) (2), 12 (c), 12 (f), and 15 (f) of the Act and bearing File No. 59-33; and

It having been proposed in the hearing held October 30, 1941, that the order of procedure previously directed by the Commission be modified so as to permit the introduction of evidence and consideration of applications, declarations, or amendments proposed to be filed by certain of the respondents and The Ohio Fuel Gas Company; and

Missouri-Kansas Pipe Line Company having objected to such modification and requested oral argument before the Commission; and

The Commission having heard oral argument on said objection and having given a full, fair and adequate hearing thereon to Missouri-Kansas Pipe Line Company, and to all others appearing herein, and having given full, fair and adequate consideration to all the arguments presented and to the issues involved; and

It appearing to the Commission that such objection should be overruled; and

It further appearing to the Commission that substantial savings in time, effort and expense, and substantial progress toward the speedy and effective carrying out of the purposes of the Act and of the applicable provisions thereof, and adequate protection of any and all rights and interests herein of Missouri-Kansas Pipe Line Company, of the City of Detroit, and of all others appearing herein, will result from the consolidation of the hearings on the aforementioned "subsequent filings" with one another and with the proceedings heretofore consolidated herein so that they may be heard as one matter and so that evidence heretofore or hereafter adduced in each matter may stand as evidence in each other matter for all purposes, and that such advantages will also result from the further provisions of this order; and

It further appearing to the Commission that the matters referred to above are related and involve common questions of law and fact and that evidence offered in respect of each of the matters may have a bearing on the others;

It is hereby ordered, That the aforementioned objection of Missouri-Kansas Pipe Line Company be and the same hereby is overruled; and

It is further ordered, That the hearing in the proceedings heretofore consolidated herein, which on October 30, 1941, was adjourned until 10:00 A. M. November 18, 1941, be and it hereby is consolidated with and set for the time and place of the consolidated hearing as hereinafter set forth; and

It is further ordered, That the proceedings heretofore mentioned in this order or here involved be consolidated for hearing and that a hearing on such matters under the applicable provisions of the Act and the Rules promulgated thereunder be held on November 25, 1941, at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on such day by the hearing room clerk in Room 1102; and

It is further ordered, That James G. Ewell, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matters. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice; and

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order, by registered mail, to Columbia Gas & Electric Corporation; Columbia Oil & Gasoline Corporation; Panhandle Eastern Pipe Line Company; Michigan Gas Transmission Corporation; Indiana Gas Distribution Corporation; The Ohio Fuel Gas Company; Missouri-Kansas Pipe Line Company; Gano Dunn, Trustee; City of Detroit, Michigan; City of Cincinnati, Ohio; Public Utilities Commission of Ohio; William H. Danforth; Abner Goldman; Department of Justice, Anti-Trust Division; Kansas Corporation Commission; and Federal Power Commission; and that notice of said hearing is hereby given to all security holders of the parties herein and their subsidiary companies, in all consumers of said companies, to all states, municipalities, or political sub-divisions of states and foreign countries in which are located any of the assets of the holding company system of Columbia Gas & Electric Corporation or under the laws of which any of such companies are incorporated, to all state commissions, state security commissions, and all agencies, authorities, or instrumentalities of one or more states, municipalities, or other political sub-divisions having jurisdiction over Columbia Gas & Electric Corporation or any subsidiary company thereof, or over any of the business affairs of any of them, and to all other persons, such notice to be given by a general release of the Commission, distributed to the Press and mailed to the mailing list for releases issued under the Act and by publication of this notice and order in the FEDERAL REGISTER; and

It is further ordered, That any person desiring to be heard in connection with these proceedings shall file with the Secretary of the Commission on or before November 21, 1941, a written statement relative thereto; and any person proposing to intervene shall file with the Secretary of the Commission on or before such date his application therefor, as provided by Rule XVII of the Commission's Rules of Practice; and

It is further ordered, In the interest of expeditious procedure that all evidence in the proceedings heretofore consolidated (File Nos. 59-33, 70-263, 70-371 and 70-387), so far as relevant to the issues herein, shall be incorporated in the record of the proceeding herein ordered and shall be regarded as evidence duly adduced in the present proceeding, subject to the same objections and exceptions preserved in the record of the proceeding in which first introduced; and such further objections and exceptions as may be made by any party in the within proceeding; and

It is further ordered, That the right be and it hereby is reserved, if at any time it may appear conducive to an orderly and economic disposition of any matter consolidated for hearing herein, to order a separate hearing, to close the record, or to take action on such matter prior to closing the record on any other matter or proceeding herein; and

It is further ordered, That upon the resumption of hearings in this consolidated proceeding, evidence bearing upon the issues raised by said "subsequent filings" (File Nos. 70-430, 70-431, and 70-387) shall first be introduced; and that thereafter evidence relating to the remaining issues raised under Section 11 (b) (1) of the Act shall be introduced; and that thereafter evidence relating to the remaining issues in this consolidated proceeding shall be introduced in accordance with the further direction of the Commission; any direction in the fourth ordering clause of the Commission's order herein dated October 15, 1941, to the contrary notwithstanding: *Provided, however*, That the Commission hereby reserves the right at any time and from time to time to direct that evidence bearing upon any and all issues herein be introduced at such time and in such order as it may direct, and hereby further reserves the right at any time and from time to time to order any

change in the priority of receiving evidence herein and to change any procedure herein or any provision of this order, and hereby further reserves the right at any time and from time to time to issue any appropriate order or orders pursuant to the provisions of the Act, insofar as may be in conformity with the Act, the Rules thereunder and any applicable law; and notice is hereby given of such reservations.

By the Commission.

The next to the last word in § 90.1 is changed from "Naturalization" to "Nationality".

Section 90.13 (j) is amended to read as follows:

§ 90.13 *Deputy commissioner in charge of the legal branch; powers.*

* * * * *

(j) To consider and determine applications for exemption from loss of residence for naturalization purposes under section 307 (b) (c) of the Act of October 14, 1940;

Section 90.13 (k) is amended to read as follows:

(k) To order the cancelation of registry fraudulently or illegally procured under the Act of March 2, 1929, as amended, or section 328 (b) of the Act of October 14, 1940;

Section 90.15 (e) is amended to read as follows:

§ 90.15 *Chief of the certification branch; powers.*

* * * * *

(e) To grant or deny registry under section 328 (b) of the Act of October 14, 1940.

Section 105.3 (h) is amended to read as follows:

(h) *Commuters.* Aliens who, without taking up residence in the United States, habitually cross and recross the land boundaries and who hold a Resident Aliens' Border Crossing Identification Card;

Section 105.3 (l) is amended by changing the figures "120.21" appearing therein to "120.20".

Section 107.9 is amended by deleting from that section the words "Government Printing Office issue of November 1924".

Section 107.17 is amended by changing the citation of authority appearing at the end of the section to read as follows:

(Sec. 12, 39 Stat. 882; Sec. 3, 43 Stat. 154, 47 Stat. 607, 54 Stat. 711; sec. 328 (a), 54 Stat. 1151; 8 U.S.C. 148, 203, 728a)

Section 110.1 is amended by changing the headquarters for District No. 6 from Jacksonville, Florida, to Miami, Florida.

Sections 110.11 and 110.12 are canceled.

Sections 110.20 to 110.26, inclusive, are canceled.

Section 110.37 is amended to read as follows:

§ 110.37 *Nonquota status on basis of former residence.* (a) An alien claiming to be a nonquota immigrant on the ground that he has previously been lawfully admitted to the United States and is returning from a temporary visit abroad shall not be admitted as such unless at the time of arrival he shall establish that he has previously been lawfully admitted for permanent residence, is returning from a temporary visit abroad, and presents such valid documents as may be necessary under the terms of an outstanding Executive Order or Orders prescribing documents required of aliens entering the United States, or a waiver of such documents has been granted by the Secretary of State under the circumstances present in his case.

(b) The following described aliens who on admission expressed an intention of remaining but temporarily in or passing in transit through the United States, of whose admission a record exists, and in whose cases a head tax was assessed, if assessable, and not refunded, but who remained in the United States, may be regarded as having been admitted for permanent residence:

(1) Aliens admitted prior to June 3, 1921, except that aliens of these classes admitted temporarily under the 9th proviso to section 3 of the Immigration Act of 1917, will not be regarded as having been admitted for permanent residence;

(2) Aliens admitted under the Act of May 19, 1921, as amended, who were of a class admissible for permanent residence under that Act notwithstanding the quota limitations of that Act;

(3) An accompanying wife or unmarried child under 21 years of age of an alien admitted under the Act of May 19, 1921, as amended, who was of a class admissible for permanent residence under that Act notwithstanding the quota limitations of the Act; and

(4) Aliens charged under such law to the proper quota at time of admission or subsequently and who remained so charged. (Secs. 4, 23, 43 Stat. 155, 165; 8 U.S.C. 204, 221; E.O. 8766, June 3, 1941, 6 F.R. 2741)

The last sentence of § 110.38 is amended to read as follows: Nothing in this section shall be deemed to preclude an alien qualified to do so from applying for registry under section 328 (b) of the Act of October 14, 1940 (54 Stat. 1152; 8 U.S.C. 728b).

The citation of authority appearing at the end of § 110.38 is amended by deleting "E.O. 7865, Apr. 12, 1938, 3 F.R. 753".

Section 110.39 is amended by deleting the last two sentences of this section and by changing the citation of authority at the end of the section to read as follows:

(Secs. 4 (c), 23, 43 Stat. 155, 165; 8 U.S.C. 204 (c), 221)

Section 114.3 is amended by eliminating the sentence "Form 514, when applicable, shall be prepared except as to date and signature, and shall be completed upon the actual admission of the holder."

Section 118.2 is amended by deleting from the citation of authority at the end of the section "E.O. 7865, Apr. 12, 1938, 3 F.R. 753".

Section 120.7 is amended by deleting the citation of authority appearing at the end of the section.

Section 120.38 is amended by changing the citation of authority at the end of the section to read:

(E.O. 8429, June 5, 1940, 5 F.R. 2145)

Section 128.4 is amended by eliminating "in accordance with §§ 150.1–150.4, 150.6, 150.8–150.31, 150.35–150.49,".

Section 165.4 (b) is amended to read as follows:

(b) Persons who have been registered under the Act of March 2, 1929, as amended, or section 328 (b) of the Act of October 14, 1940; and.

Section 165.6 is amended to read as follows:

§ 165.6 *Permit to re-enter; application for; procedure.* When an application is presented in person, the applicant will be carefully questioned to determine whether he is entitled to a re-entry permit. If the examining officer has reason to believe that any irregularity is involved, a written question and answer statement will be taken. The officer in charge will forward the application direct to the Central Office, together with the fee, photographs, statement of the applicant, if one is taken, and any information obtained concerning applications filed other than by personal appearance. At the same time, in those cases where applications are required to be filed at field offices, the officer in charge will request the port of arrival, by use of Form I–413, to forward on that form direct to the Central Office the facts of arrival. Any claim made in addition to, or in substitution for, any of those contained in the original application must be made and filed under oath and in the manner required in filing the original application and will be subject to the same interrogation or investigation as those set forth in the original application. (Sec. 10, 43 Stat. 158; 8 U.S.C. 210)

Section 168.21 is amended to show the headquarters of District No. 6 as Miami, Florida, and of District No. 11 as Kansas City, Missouri.

Part 174 entitled "Voluntary Emigration of Certain Filipinos from the United States", is hereby canceled.

General Orders No. C–9, of March 21, 1939 (4 F.R. 1292) and No. C–13, of August 28, 1939 (4 F.R. 3768) are hereby canceled.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendment 20–22, Civil Air Regulations]

PART 20—PILOT RATING

PHYSICAL CONDITION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 14th day of November 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205, 601, and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective December 1, 1941, Part 20 of the Civil Air Regulations is amended as follows:

1. By amending § 20.124 to read as follows:

§ 20.124 *Physical condition.* Same as in § 20.104.

By the Civil Aeronautics Board.

PART 61—SCHEDULED AIR CARRIER RULES

ALTITUDE RECORDING DEVICE REQUIRED

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 14th day of November 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, particularly sections 205 (a), 601 and 604 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under said Act, the Civil Aeronautics Board hereby amends the Civil Air Regulations as follows:

Effective December 1, 1941, Part 61 of the Civil Air Regulations is amended as follows:

By striking the words "January 1, 1942", appearing in the third line of § 61.341 and by inserting in lieu thereof, the words, "April 1, 1942", so that said section shall read as follows:

§ 61.341 *Altitude recording device.* No aircraft with gross weight in excess of 10,000 pounds shall be operated in scheduled air transportation of passengers after April 1, 1942, unless it is equipped with a device or devices which make a record of the altitude of the aircraft and the use of the aircraft's radio transmitter at all times during flight. This device shall be so constructed and installed as to afford substantial protection of the record in the event of an accident to the aircraft. (Secs. 205 (a), 601, 604, 52 Stat. 984, 1007, 1010; 49 U.S.C., Sup., 425 (a), 551, 554)

By the Civil Aeronautics Board.

TITLE 20—EMPLOYEES' BENEFITS

CHAPTER II—RAILROAD RETIREMENT BOARD

PART 209—MILITARY SERVICE

DEFINITIONS OF WAR PERIODS AMENDED

Pursuant to the general authority contained in section 10 of the Act of June 24, 1937 (Sec. 10, 50 Stat. 314; 45 U.S.C. Sup. III, 228j), as amended by Title VI, Part II, sections 625 and 626 of Public No. 801, 76th Congress, Chapter 757, 3d Session, approved October 8, 1940, section 209.12 (b) of the Regulations of the Railroad Retirement Board under such Act (5 F.R. 4736) is amended, effective October 8, 1940, by Board Order 41–472 dated November 13, 1941, to read as follows:

§ 209.12 *Military service; war service period; war period.*

* * * * *

(b) *War period.* A war period begins on the date on which the Congress of the United States declared war, or on the date as of which the Congress of the United States declared a state of war to have existed, or on the date on which war was declared by one or more foreign states against the United States, or on the date on which any part of the United States or any territory under its jurisdiction was invaded or attacked by any armed force of one or more foreign states, or on the date on which the United States engaged in armed hostilities for the purpose of preserving the Union or of maintaining in any State of the Union a republican form of government, whichever date is the earliest. TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISON

[Docket No. A-1095]

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 12 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS PRODUCED IN DISTRICT NO. 12

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for coals produced by certain mines in District No. 12; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with this Division in the above-entitled matter; and

The Director deeming this action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 332.2 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 332.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

No prices are established herein for the coals of the W. M. P. Coal Company Mine (Silas Jacoby) Mine Index No. 625 of the W. M. P. Coal Company for all shipments except truck because Price Classifications and Effective Minimum Prices For All Shipments Except Truck have been established previously for the coals of this mine in Dockets No. A-675 and A-873.

Dated: October 30, 1941.

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

[Docket No. A-1075]

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition in this matter requests the establishment of price classifications and minimum prices for the coals of the Spenny Mine, operated by Oval Spenny, and for the coals of the Spenny Mine, operated by M. R. Spenny. The records of this Division indicate that there is but one Spenny Mine and that M. R. Spenny (Spenny Coal Co.) operator of the Spenny Mine (Mine Index No. 1481) is the successor of Oval Spenny, former operator of such mine in Production Group No. 3, Audrain County, Missouri. Accordingly, the minimum prices established for the coals of the Spenny Mine (Mine Index No. 1481) in the attached schedule designated "Supplement T" are set forth opposite the name of M. R. Spenny, the successor code member.

The original petition identifies the operator of the Porter Mine (Mine Index No. 900) in Production Group No. 11 in District No. 15, as the Porter Coal Co. However, the records of this Division disclose that such operator has been succeeded by the Wagoner County Coal Co., c/o L. A. Blevans. Accordingly, the relief requested as to the coals of that mine is extended herein to the Wagoner County Coal Co., c/o L. A. Blevans.

No relief is granted herein for the coals of the Yake Mine operated by Yake and Burnett (John Yake) in Production Group No. 3, Callaway County, Missouri, since the requested minimum prices for those coals were established under the previous name of that mine, Stark Coal Co., by the Order of January 11, 1941, in Docket No. A-476, 6 F.R. 567.

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition in this matter requests the establishment of price classifications and minimum prices for the coals of the Spenny Mine, operated by Oval Spenny, and for the coals of the Spenny Mine, operated by M. R. Spenny. The records of this Division indicate that there is but one Spenny Mine and that M. R. Spenny (Spenny Coal Co.) operator of the Spenny Mine (Mine Index No. 1481) is the successor of Oval Spenny, former operator of such mine in Production Group No. 3, Audrain County, Missouri. Accordingly, the minimum prices established for the coals of the Spenny Mine (Mine Index No. 1481) in the attached schedule designated "Supplement T" are set forth opposite the name of M. R. Spenny, the successor code member.

The original petition identifies the operator of the Porter Mine (Mine Index No. 900) in Production Group No. 11 in District No. 15, as the Porter Coal Co. However, the records of this Division disclose that such operator has been succeeded by the Wagoner County Coal Co., c/o L. A. Blevans. Accordingly, the relief requested as to the coals of that mine is extended herein to the Wagoner County Coal Co., c/o L. A. Blevans.

No relief is granted herein for the coals of the Yake Mine operated by Yake and Burnett (John Yake) in Production Group No. 3, Callaway County, Missouri, since the requested minimum prices for those coals were established under the previous name of that mine, Stark Coal Co., by the Order of January 11, 1941, in Docket No. A-476, 6 F.R. 567.

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

[Docket No. A-1075]

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The original petition in this matter requests the establishment of price classifications and minimum prices for the coals of the Spenny Mine, operated by Oval Spenny, and for the coals of the Spenny Mine, operated by M. R. Spenny. The records of this Division indicate that there is but one Spenny Mine and that M. R. Spenny (Spenny Coal Co.) operator of the Spenny Mine (Mine Index No. 1481) is the successor of Oval Spenny, former operator of such mine in Production Group No. 3, Audrain County, Missouri. Accordingly, the minimum prices established for the coals of the Spenny Mine (Mine Index No. 1481) in the attached schedule designated "Supplement T" are set forth opposite the name of M. R. Spenny, the successor code member.

The original petition identifies the operator of the Porter Mine (Mine Index No. 900) in Production Group No. 11 in District No. 15, as the Porter Coal Co. However, the records of this Division disclose that such operator has been succeeded by the Wagoner County Coal Co., c/o L. A. Blevans. Accordingly, the relief requested as to the coals of that mine is extended herein to the Wagoner County Coal Co., c/o L. A. Blevans.

No relief is granted herein for the coals of the Yake Mine operated by Yake and Burnett (John Yake) in Production Group No. 3, Callaway County, Missouri, since the requested minimum prices for those coals were established under the previous name of that mine, Stark Coal Co., by the Order of January 11, 1941, in Docket No. A-476, 6 F.R. 567.

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 16

[Docket No. A-228]

MEMORANDUM OPINION APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND ORDER GRANTING RELIEF IN PART IN THE MATTER OF THE PETITION OF CAPROCK FUEL COMPANY, A CODE MEMBER IN DISTRICT NO. 16, FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR ITS COALS IN SIZE GROUPS 1–6, INCLUSIVE, AND 8–13, INCLUSIVE WHEN SHIPPED BY TRUCK TO MARKET AREAS 217 AND 218, FOR SPECIAL DEDUCTIONS IN SIZE GROUPS 11 AND 12 FOR SALES TO THE VALMONT PLANT OF THE PUBLIC SERVICE COMPANY OF COLORADO AND FOR OTHER RELIEF

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by the Caprock Fuel Company, a code member in District 16, operating the Caprock Mine (Mine Index No. 108) in Jefferson County, Colorado. On March 26, 1941, the petitioner filed an amendment to the petition. The amended petition requests: (1) that the petitioner be granted the right to remove from its slack coals part of the ⅜" x 0 fines on the basis that the 2½" x 0 slack produced at the Caprock Mine shall contain not less than 25 per cent ⅜" x 0 fines; (2) that the effective minimum prices of the petitioner's slack coals, Size Groups 10, 11, and 12 should be lowered 20 cents on sales for truck shipment to Market Areas 217 and 218; (3) that on sales for truck shipment of coals in Size Groups 11 and 12 to the Valmont Plant of the Public Service Company of Colorado, the effective minimum prices should be $1.45 and $1.25 per ton, respectively, and (4) that the effective minimum price on coals in Size Groups 1 through 8 should be reduced 50 cents per ton and on Size Group 9 should be reduced 25 cents per ton on sales for shipment by truck to dealers' yards in Market Area 218 (Denver).

District Board 16 filed an answer to the original petition and the Leyden Lignite Company, a code member producer in District 16, filed a petition of intervention.

On January 2, 1941, 6 F.R. 108, the Director granted the petitioner temporary relief in part, providing for a reduction in the effective minimum prices for the petitioner's coals in Size Groups 1 to 9 when shipped to two specific retail yards in Market Area 218 (Denver), and for special effective minimum prices for coals in Size Groups 11 and 12 when shipped to the Valmont Plant of the Public Service Company of Colorado.

Thereafter, pursuant to Order of the Director, a hearing in this matter was held before a duly designated Examiner of the Division at Denver, Colorado.[1] All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were entered on behalf of the petitioner, Leyden Lignite Company, District Board 16, and the Consumers' Counsel Division. Briefs on behalf of the petitioner and the Consumers' Counsel Division were filed.

Thereafter, the petitioner asked for additional temporary relief and submitted statements in support thereof. On August 1, 1941, the petitioner filed a petition to make certain data part of the record for the purpose of showing that the petitioner has suffered a loss of production despite the granting to it of partial temporary relief.

On August 9, 1941, Examiner Larrabee submitted his Proposed Findings of Fact and Conclusions of Law in this matter, recommending that the District 16 price schedule should be amended to provide for a reduction of 10 cents in the effective minimum prices for Size Groups 10, 11, and 12 of the Caprock Mine, and that the relief requested on truck shipments of coals in Size Groups 1 to 9 to retail yards in Market Area 218 should be granted, but that in all other respects the prayers for relief contained in the petitions should be denied. On August 21, 1941, Caprock filed a further petition for temporary relief and, on August 27, a statement in support thereof. On August 29, 1941, District Board 16 filed a reply in opposition to such petition for temporary relief and on September 3, the Leyden Lignite Company filed a memorandum adopting the reply of District Board 16 as its brief. On September 14, District Board 16 filed exceptions to the Proposed Findings of Fact and Conclusions of Law of Examiner Larrabee and on September 15, 1941, the petitioner

[1] By Order of the Director entered hereafter, C. Rollin Larrabee was designated Examiner vice Thurlow Lewis.

filed exceptions thereto and a brief in support thereof.

1. *Removal of fines.* The petitioner requests that it be granted the right to remove from its slack coals part of the ⅜" x 0 fines on the basis that the 2½" x 0 slack produced at the Caprock Mine shall contain not less than 25 percent of ⅜" x 0 fines. Analyses were introduced by the petitioner and District Board 16 to show the size consist of the Caprock slack coals. Those introduced by the petitioner, which had been made by F. W. Whiteside, an independent engineer, showed that such coals contained a much larger proportion of fines than those found in the slack coals of competing mines in the neighborhood. Those introduced by District Board 16 which had been made by the Bureau of Mines, showed, on the other hand, that the average proportion of fines found in the slack coals of these 13 mines is 29.1 percent, as compared with 34.7 percent found in the Caprock coals. Examiner Larrabee found that the analyses made by Whiteside were not so authentic and reliable as those made by the Bureau of Mines, and concluded that, on the basis of such Bureau of Mines analyses, the slack coals of the Caprock Mine do not compare unfavorably with slack coals of competing mines in the proportion of ⅜" x 0 fines.

The petitioner, in its exceptions, contends that the Bureau of Mines analyses had been made of samples taken at a time when the coal was extracted by the pillar system and not by the usual stope system and hence should not be given as much credence as the Whiteside analyses which had been made of samples taken from stopes. The petitioner further contends, in its exceptions, that witnesses, appearing in opposition to the petition, had admitted that the petitioner has an operating problem in view of the geological position of the mine which causes it to produce coals which contain an unusually large proportion of fines.

An examination of the record reveals that neither the analyses made by Whiteside or by the Bureau of Mines are entirely representative. The evidence indicates that under the stope system of mining, such as is employed by Caprock, it is proper to keep the stopes full, thus giving a cushion to the lumps as they come down and reducing breakage. Whiteside, however, had taken samples of coal which had rolled down empty stopes, which Whiteside himself admitted would increase the number of fines. The Bureau of Mines analyses were made of samples taken when the Caprock Mine was operating under a pillar system of mining, whereas Caprock normally employed the stope system. However, witnesses appearing in opposition to the petition submitted evidence that more efficient operations can reduce the number of fines, that Caprock employs a method of operation which tends to increase the number of fines, and that its competitors employ more efficient methods.

In light of this evidence, I agree with the Examiner's conclusion that the Bureau of Mines analyses are of more probative effect than those submitted by Whiteside. Furthermore, the burden of showing the necessity for relief was upon the petitioner and this burden it did not sustain.

The petitioner, in its exceptions, also contends that the evidence indicates that it had lost many customers because of excessive fines. At the hearing considerable testimony by retailers and truckers was introduced to the effect that they had encountered consumer resistance to Caprock slack coals because of the fines. However, it appears that the Caprock slack coals have performed satisfactorily in some large plants. As to the domestic market, the evidence indicates that the complaints have arisen since 1938, when many such consumers installed stokers. The testimony shows that the removal of fines from the Caprock slack coals results in a modified pea coal, which performs quite well in stokers and for which there is a market. The witness Pool, a member of the District 16 classification committee, testified that Caprock has an operating problem and also a marketing problem.[1]

Although in its exceptions the petitioner contends that the removal of all the fines would be necessary in order to produce a modified pea coal, the weight of the evidence indicates that the removal of fines in the amount requested by the petitioner would result in the creation of modified pea.

Accordingly, I find that the Examiner correctly concluded that the evidence does not bear out the contention of the petitioner either that its slack coals contain an appreciably greater amount of fines than the coals of its competitors, or that the sales of the Caprock Mine have been seriously reduced since the establishment of effective minimum prices, because of the failure to remove fines. The evidence indicates that the Caprock coals would be given an unfair competitive advantage, if the prayer for relief were granted, in that it would enable Caprock to sell modified pea coals at slack prices. I, therefore, find that the prayer of the petition with respect to the removal of fines should be denied.

2. *Reduction in Size Groups 10, 11, and 12.* The petitioner requests that the effective minimum prices of its coals in Size Groups 10, 11, and 12 should be reduced on sales to Market Areas 217 and 218 so as to create a price differential of 20 cents between such coals and competing coals based upon claimed quality differences between the respective coals. The Examiner found that the quality of the Caprock slack coals, which constitute 85 per cent of production at that mine, is inferior to that of the competing coals. However, he found that relief granted in Docket No. A–17, authorizing deductions of 25 cents per ton in Size Groups 10, 11, and 12 for truck shipments to plants having railroad facilities, should aid Caprock to compete with its closest competitor, the Leyden Mine, on sales to industrial plants. However, he found that the evidence of loss of business by Caprock since the establishing of minimum prices may well be due to a tendency on the part of consumers to switch to other coals even though prices were equalized since the Caprock slack coals in the past have sold at a lower price than competing coals. Under all these circumstances, Examiner Larrabee concluded that the Caprock slack coals are of a sufficiently inferior quality to be unable to meet competition on an equal basis and that relief in the amount of a 10-cent reduction in the effective minimum prices of coals in Size Groups 10, 11, and 12, should be granted.

District Board 16 in its exceptions contends that the evidence shows that the petitioner competed unfairly in the past by cutting prices, and that the very rapid growth of the petitioner's sales under unregulated prices, in comparison with those of other producers in District 16, indicates either the truth of this or that Caprock sells superior coal, neither of which would justify the Examiner's recommendations.

The evidence shows an inferior qualitative content of the Caprock slack coals to that of competing coals. Despite the District Board's charge of price-cutting by Caprock in the past, it would seem that Caprock's coals, because of their inferior quality, would have to have been offered at lower prices than those of competing coals in order to sell at all. The same appears to be true under the effective minimum prices. Yet, there is evidence to the effect that the Caprock slack does burn fairly satisfactorily in large industrial plants and that some of the petitioner's loss of business may well be due to a tendency on the part of consumers to switch business when prices are suddenly raised. Upon an examination of the record, I find, as did the Examiner, that Caprock slack coals are unable to meet competition on an equal basis, and conclude, as did the Examiner, that relief to an amount of a 10-cent reduction in the effective minimum prices for Size Groups 10, 11, and 12 should be granted.

3. *Reductions in Size Groups 1 to 9, inclusive.* The petitioner requests that the effective minimum prices for its coals should be reduced 50 cents per ton on Size Groups 1 to 8, inclusive, and 25 cents per ton on Size Group 9 when sold for truck delivery to all retail yards in Market Area 218 and unloaded in said yards. The Examiner found that the pe-

[1] The Examiner found that Pool "expressed the opinion that Caprock has a marketing, rather than an operating, problem." The petitioner has excepted to this, claiming that the substance of Pool's testimony was that Caprock has a very serious operating problem. The undersigned finds that Pool testified, as stated above, that Caprock has both an operating and a marketing problem.

titioner has shown that it is at a competitive disadvantage when shipping coal to retail yards in Market Area 218, and accordingly recommended the granting of the relief requested. District Board 16, in its exceptions, contends that the evidence shows conclusively that the practice among operators of truck mines in District 16 is not to unload coals in retail dealers' yards; that it has been the continuous practice in District 16 for many years to charge higher prices for truck coals than for rail coals so as to enable retailers to stay in business; and that the relief herein recommended by the Examiner would discriminate in favor of one mine.

An examination of the record indicates that the petitioner is at a competitive disadvantage when shipping coal to retail yards in Market Area 218. While its effective minimum prices are higher than those of its chief competitor in that market which ships by rail, its transportation charges are the same. Moreover, both Caprock's truck domestic coals and its competitor's rail domestic coals when unloaded at and handled through retail yards incur similar costs of handling and storage and loss due to degradation. Although other truck mines may not wish to ship to those retail yards, the evidence is clear that Caprock has in the past so shipped and unloaded coals, and that, in order to preserve the existing fair competitive opportunities of Caprock, the relief recommended by the Examiner should be granted.

4. *Coals for shipment to the Valmont Plant.* The petitioner requests additional reductions in prices for Size Groups 11 and 12 of 40 cents for deliveries on the Valmont Plant of the Public Service Company. The Examiner found that the evidence indicated that due to the relief granted in Docket No. A–17, the disparity between the delivered price of the petitioner's slack coals and those of its chief competitor, the Leyden Lignite Company, is quite narrow and that, moreover, the criterion of heat value used by the Valmont Plant in its purchase of coal, on the basis of which the petitioner seeks relief, cannot be adopted as the basis for granting relief, particularly in view of the lack of evidence to show the representative character of the Valmont analyses and the deleterious effect upon the price schedule of adopting the value criterion of one consumer as the basis for establishing special effective minimum prices. The petitioner contends, in its exceptions, that the Valmont analyses should nevertheless be given probative effect and that the Valmont Plant buys coal upon its analytical value as compared with competing coals, so that if the Caprock coals cannot be delivered at a competitive price, Valmont will discontinue buying Caprock coals if it can obtain an adequate supply of slack from competing mines.

An Examination of the record is convincing that the conclusion reached by the Examiner is sound. One of the most potent factors in the disruption of the flow of bituminous coals under open competition was the ability of large consumers, because of their strong bargaining power, to depress prices.[2] Accordingly, the Congress concluded that its objective of promoting interstate commerce in bituminous coal and removing burdens and obstructions therefrom could be best secured by the establishment of effective minimum prices coordinated upon the basis of relative market values of coals in common consuming market areas. To permit the standards of purchasing employed by one large consumer to serve as the basis for granting relief would militate against the purpose of Congress by creating a bewilderingly complex price schedule. I find that Examiner Larrabee correctly denied the relief requested.

On the basis of the above Opinion and for the reasons stated therein, the undersigned concludes that the Proposed Findings of Fact and the Conclusions of Law based thereon should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Conclusions of Law of the Examiner be and they hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the Director.

It is further ordered, That:

1. § 336.21 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 16 for All Shipments be and it hereby is amended to provide for a reduction of 10 cents in the effective minimum prices for Size Groups 10, 11, and 12 of the Caprock Mine (Mine Index No. 108).

2. § 336.1 (*Price instructions and exceptions*) in the Schedule of Effective Minimum Prices for District No. 16 for All Shipments be and it hereby is amended by adding Price Instruction and Exception (r) thereto, as follows:

When coals in Size Groups Nos. 1 through 9 from the Caprock Fuel Company's Caprock Mine (Mine Index No. 108) are sold by the Caprock Fuel Company for truck delivery to retail yards in Market Area 218 and the coal is unloaded within such yards, the minimum f. o. b. mine prices listed herein for Size Groups 1 through 8 may be reduced 50 cents and the minimum f. o. b. mine price listed herein for Size Group 9 may be reduced 25 cents.

Not later than the fifteenth day subsequent to the last day of each month, the Caprock Fuel Company shall file with the Statistical Bureau for District 16 reports, signed by itself, the purchasers, and the truckers, showing at least the following: (a) the name and address of the yard; (b) tonnage and size of coal sold; (c) the price charged for the coal; (d) the name and address of the person transporting the coal; and (e) if the producer delivers coal in his own trucks, the actual cost of delivery; if he does not, the transportation charge paid. Such reports shall be identified as being filed pursuant to the terms of this price exception.

3. The prayers for relief contained in the several petitions filed herein, except as granted above, be and they hereby are in all other respects denied.

It is further ordered, That the temporary relief granted by Order of the Director of January 2, 1941, with respect to shipments to the Valmont Plant be and the same hereby is revoked, such revocation to become effective ten (10) days from the date of this Order.

Dated: November 15, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1312—LUMBER AND LUMBER PRODUCTS

AMENDMENT NO. 2 TO PRICE SCHEDULE NO. 19—SOUTHERN PINE LUMBER

Sections 1312.26, 1312.28, 1312.29, 1312.30, 1312.31, 1312.32, 1312.33, and 1312.34[1] are hereby amended so that Price Schedule No. 19 shall read as follows:

Southern pine lumber is widely used in the construction industry for exterior and interior finish, framing, millwork, sheathings, floorings, and sub-floorings, and in the manufacture of motor vehicles, low grade furniture, and household and farm appliances. In the defense program it has been extensively employed in the construction of cantonments, defense housing projects and factories. The increased use of southern pine lumber stemming from the defense program and the accompanying expanded economic activity has caused demand to exceed supply. As a consequence, inflationary pressure has caused prices to rise greatly in excess of previously existing industry levels. Such price increases have markedly outstripped cost advances. Warnings to industry members to reduce prices to reasonable levels have failed to secure more than temporary price reductions. Those producers who have manifested a willingness to cooperate with the Government have been unable effectively to keep prices down because of the large number of operators who have consistently maintained high prices. Under these circumstances, voluntary cooperation with the request of the Office of Price Administration to maintain reasonable prices would subject those complying with the request to unjust discrimination.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Sec.
1312.26 Maximum prices for Southern pine lumber.
1312.27 Less than maximum prices.
1312.28 Evasion.
1312.29 Records and reports.
1312.30 Enforcement.
1312.31 Modification of the schedule.
1312.32 Definitions.
1312.33 Effective date of amendments.
1312.34 Appendix A—Maximum prices for Southern pine lumber.

§ 1312.26 *Maximum prices for Southern pine lumber.* On and after November 24, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, except as provided in § 1312.33 hereof, no person shall sell, offer to sell, deliver, or transfer, for domestic or export use, any southern pine lumber, where the shipment originates at the mill rather than at a distribution yard, at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1312.34: *Provided,* That in the case of retail sales as defined in § 1312.32, where the shipment originates at a mill rather than at a distribution yard, a mark-up of not more than $3.50 per 1,000 feet board measure may be added to the maximum prices set forth in Appendix A.*

*§§ 1312.26 to 1312.34, inclusive, issued pursuant to authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1312.27 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid, or offered.*

§ 1312.28 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of southern pine lumber, alone or in conjunction with any other material; or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege; or by tying-agreement, or other trade understanding; or by making terms or conditions of sale more onerous than those in effect or available to the purchaser on September 5, 1941; or by unnecessarily routing lumber through a distribution yard; or by unreasonably refusing to ship except in mixed cars or trucks, or in specified lengths, or under other circumstances entitling the seller to a premium; or by charges for delivery which exceed the actual cost to the seller of such delivery; or by falsely or wrongly grading or invoicing lumber; or by grading as a special grade lumber which can be graded as a standard grade; or by any other means.*

§ 1312.29 *Records and reports.* Every person who, during any calendar month, shall sell 34,000 pounds or more of southern pine lumber for shipment originating at the mill shall keep for inspection by the Office of Price Administration, for a period of not less than one year, a complete and accurate record of every such sale made during such month, showing the date thereof, the name and address of the buyer, the prices, and the quantities and grades sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1312.30 *Enforcement.* In the event of refusal or failure to abide by the price limitations and other provisions contained in this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions contained in this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who conform to this Schedule, and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the demand of prices above the limitations set forth, of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of southern pine lumber, or the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1312.31 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1312.32 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity. The term includes, without restricting the generality of the foregoing, any mill operator, manufacturer, commission salesman, manufacturer's representative, concentration yard operator, wholesaler, wholesale distributor, wholesaler's agent, or retailer.

(b) "Southern pine" means the botanical species of short leaf pine (Pinus echinata), loblolly pine (Pinus taeda), slash pine (Pinus caribaea), longleaf pine (Pinus palustris), or any other Pinus species known commercially as "southern pine".

(c) "Mill" means a manufacturing plant, concentration yard, or other establishment which sells less than 75 percent of the volume of its southern pine lumber at retail and which processes, by sawing, or by planing or other comparable method, at least 25 percent of the volume of southern pine logs or lumber purchased or received by it.

(d) "Distribution yard" means a wholesale or retail lumber yard which purchases or receives southern pine logs or lumber from a producer, a mill, or another distribution yard for purposes of unloading, sorting, and resale or redistribution, which regularly maintains a stock of lumber, and which (1) processes, by sawing, or by planing or other comparable method, less than 25 percent of the volume of such logs or lumber so purchased or received by it, or (2), regardless of the percentage of such processing, sells more than 75 percent of the volume of its southern pine lumber at retail.

(e) "Retail sale" means a sale which satisfies all of the following tests:

(1) It must be a sale of lumber to a consumer or contractor for use in building, construction, remodeling, repair, maintenance, or fabrication, and not for resale in substantially the same form.

(2) It includes only sales in less than carload quantities. Where shipment is by water or by truck, the maximum retail sale quantity shall be 20,000 feet board measure. For the purpose of this subparagraph, the size of the sale is determined by the size of the order.

(3) The sale must be accompanied by the following services: delivery to the job site or other point specified by the purchaser, and at such times and in such quantities as the purchaser specifies; tallying and checking; the privilege of exchanging goods and returning unused material; and the readiness and ability of the seller to replace deficiencies and adjust complaints from stocks kept on hand for such purposes.

(f) "Volume" means the board feet volume of lumber processed from logs, processed from other lumber, or sold, as the case may be, within the six months immediately prior to the transaction subject to this Schedule.

(g) "Deliver" means to make physical transfer of lumber to a purchaser, or to a carrier, not owned or controlled by the seller, for carriage to a puchaser to whom the lumber has been previously sold.*

§ 1312.33 *Effective date of amendments.* Amendment No. 2, amending §§ 1312.26, 1312.28, 1312.29, 1312.30, 1312.31, 1312.32, 1312.33 and 1312.34, shall become effective November 24, 1941: *Provided,* That firm commitments entered into prior to November 24, 1941, for the sale of any southern pine lumber covered by Price Schedule No. 19 prior to Amendment No. 2, at prices not exceeding the maximum prices established by such Schedule, may be completed at the contract price.*

§ 1312.34 *Appendix A—Maximum prices for Southern pine lumber—(a) Maximum f. o. b. mill prices per 1,000 feet board measure:*

For final inspection at the point of destination, rather than at the shipping point, add $5.00.
For grades and specifications other than those contained in the A. A. R. Rules, the maximum price shall be the price for the A. A. R. grade and specification which most closely corresponds to the grade and specification of the car material item involved in the sale governed by this Schedule.
Odd and fractional lengths, except 9', shall be counted and priced as next longest even length.

[1] Specifications for car material (designated above as "AAR Rules") correspond to the specifications issued by the Association of American Railroads as set forth in its pamphlet M 907-33, adopted, 1910; revised, 1933.

(b) For mixed car or mixed truck shipments, $1.00 additional per 1,000 feet board measure may be charged. A mixed car shipment consists of three or more items as hereinafter defined, provided at least three items amount to not less than 2,000 board feet each, or at least six items amount to not less than 1,000 board feet each, or at least twelve items amount to not less than 500 board feet each. A mixed truck shipment consists of three or more items as hereinafter defined, provided at least three items amount to not less than 500 board feet each, or at least six items amount to not less than 250 board feet each. An item consists of one width, thickness, or pattern of finish, casing, base, moulding, partition, ceiling, siding, plain end flooring, and matched flooring, shiplap, boards, strips, dimension, or timbers.

(c) For export sales, an addition of not more than $3.50 per 1,000 feet board measure may be charged for the services of switching, unloading at the dock, tallying, marking, and dock insurance.

(d) A delivered price in excess of the maximum f. o. b. mill prices set forth in (a) hereof may be charged, consisting of such maximum prices plus actual transportation costs to the extent that such costs are paid by the seller. In computing such actual transportation costs, the parties may adopt the practice of charging a sum equivalent to the one-quarter of a dollar nearest to such actual transportation costs. In addition, they may adopt the estimated average weights of southern pine per thousand feet board measure (worked to standard sizes unless otherwise indicated) as follows:[1]

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 14]

PART 1507—DISTRIBUTION

STEEL AND OTHER METAL CONTAINERS

To all persons using containers for petroleum or petroleum products:

The needs of the defense program of the United States for steel and other metals are so urgent and in excess of the available supply that the petroleum industry must make more steel and other metals available for such defense needs by conducting its operations in such manner as to use the minimum quantity of steel and other metals and by using substitute materials wherever and whenever possible.

Such needs are so great that the allocation of steel to drum manufacturers has already been reduced by one third and the requirements of oil companies constitute about 57% of the normal production of the drum manufacturers.

It is also necessary to curtail the use of tin cans, tubes, and other metal containers now being employed in the distribution of petroleum and its products. Wood, glass, paper, and other materials offer practicable substitutes for steel, tin, and other metal containers and the manufacturers of containers from such substitutes are in position to accept orders and make immediate shipments of wood barrels and of other containers within a reasonable time.

Therefore, pursuant to the President's letter of May 28, 1941 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1507.1 *Steel and other metal containers not to be used.* All persons in the petroleum industry shall discontinue the use of steel, tin, and other metal containers, including but not limited to drums, cans, and tubes for petroleum or petroleum products to the greatest possible degree and substitute therefor containers made of wood, paper, glass, or other materials which are available. (President's letter of May 28, 1941 to the Secretary of the Interior (6 F.R. 2760))

R. K. DAVIES,
Acting Petroleum Coordinator for National Defense.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER II—CORPS OF ENGINEERS, WAR DEPARTMENT

PART 203—BRIDGE REGULATIONS[1]

§ 203.446 *New River; highway bridge at S. E. 6th Avenue, Fort Lauderdale, Fla.*[2] (a) During the period December 1 to April 30, both dates inclusive, the owners or agency controlling the bridge may keep the drawspan closed to navigation between the hours of 11:00 a. m. and 6:30 p. m. except on the hour and half hour, when the bridge shall be opened to allow all accumulated navigation to pass, and except at 12:45 p. m., 1:15 p. m., 2:45 p. m., 4:15 p. m., 4:45 p. m., and 5:15 p. m., when the bridge shall be opened to allow the passage of any sight-seeing boat authorized to carry passengers for hire; other craft awaiting passage may also pass the drawspan at these times providing the bridge is opened for passage of a sight-seeing boat.

(b) The draw shall be opened at any time to allow the passage of a tow or vessel in distress.

(c) The owner or agency controlling the bridge shall place a clock on each side of the drawspan at such location and of sufficient size to be seen at day or night by craft within 300 feet of the bridge. The time of opening shall be governed by this clock.

(d) The owner or agency controlling the bridge shall place signs, of a size and description designated by the District Engineer, at each side of the bridge and at intervals of ½, 1, 1½, and 2 miles above and below the bridge.

(e) These regulations may be revoked at any time by the Secretary of War. (Sec. 5, River and Harbor Act, Aug. 18, 1894, 28 Stat. 362; 33 U.S.C. 499)

TITLE 46—SHIPPING

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

SUBCHAPTER A—DOCUMENTATION, ENTRANCE AND CLEARANCE OF VESSELS, ETC.

[Order No. 166]

PART 5—FOREIGN CLEARANCES

Pursuant to the authority in section 161 R.S., the following changes in the regulations contained in Part 5, Foreign Clearances, are hereby made:

Sections 5.80 *Vessel statement,* 5.81 *Vessels required to file vessel statement,* 5.82 *American vessels denied clearance to belligerent states,* 5.83 *Declaration as to right, title, and interest in articles or materials,* 5.84 *Combat areas,* and 5.86 *Armed American vessels,* are hereby rescinded.

Section 5.85 *Belligerent vessels carrying American citizens as passengers* is hereby amended to read as follows:

§ 5.85 *Foreign vessels.* (a) Final clearance shall not be granted to any foreign vessel (watercraft or aircraft), wherever bound, until the master has filed with the collector a list of all of the members of the crew of the vessel, together with the nationality of each member, which list shall be sworn to by the master.

(b) No clearance shall be granted to any vessel (watercraft or aircraft) of a belligerent state while having on board any citizen of the United States, whether as a passenger or member of the crew, except in accordance with the rules and regulations prescribed under authority of the Neutrality Act of 1939. (R.S. 161; 5 U.S.C. 22)

Section 5.89 *Definitions* is amended to read as follows:

§ 5.89 *Definitions.* Where used in 46 C.F.R. 5.85, 5.87, and 5.88: (a) The term "vessel (watercraft or aircraft)" means every description of watercraft and aircraft capable of being used as a means of transportation on, under, or over water.

(b) The term "belligerent state" means any nation, government, or country, named in a proclamation of the President issued under authority of section 1 (a) of the Neutrality Act of 1939.

(c) The term "citizen" shall include any individual owing allegiance to the United States, a partnership, company, or association composed in whole or in part of citizens of the United States, and any corporation organized and existing under the laws of the United States. (R. S. 161; 5 U.S.C. 22)

SUBCHAPTER N—EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

PART 147—REGULATIONS GOVERNING USE OF DANGEROUS ARTICLES AS SHIPS' STORES AND SUPPLIES ON BOARD VESSELS

Order Exempting Armed Merchant Passenger-Carrying Vessels of the United States From Certain Provisions of Subsection (4) of R.S. 4472 as Amended

Pursuant to the authority vested in the Secretary of Commerce by section 4472 of the Revised Statutes, as amended, the following findings relative to the acceptance, transportation, carriage, conveyance, storage, stowage or use on board armed merchant passenger-carrying vessels of the United States of high explosives and an exemption of such vessels from certain of the provi-

sions of subsection (4) of R.S. 4472, as amended, are hereby promulgated.

Acting upon representations made to the Department, I have caused an investigation to be made and as a result thereof I find that in the interest of our national defense, and notwithstanding the provisions of subsection (4) of R.S. 4472, as amended, it is essential to the safety of merchant passenger-carrying vessels of the United States that such vessels as are armed be authorized to accept, transport, carry, convey, store, stow, or use on board in connection with such arming certain high explosives. I further find that such explosives may be accepted, transported, carried, conveyed, stored, stowed or used on board these vessels with safety, provided such acceptance, transportation, carriage, conveyance, storage, stowage, or use is carried out in accordance with the provisions contained in §§ 147.06–2 to 147.06–5,[1] inclusive, of the regulations governing explosives or other dangerous articles on board vessels. Because of the existing situation with regard to the national emergency, I also find it essential to take action to make this authorization effective immediately.

Therefore, it is ordered, That under the authority contained in subsection (11), and under the emergency provisions of said subsection of R.S. 4472, as amended (46 U.S.C.; Sup. 170), that armed merchant passenger-carrying vessels of the United States shall be exempt from the application of the provisions of subsection (4) of R.S. 4472, as amended; to the extent that such vessels may accept, transport, carry, convey, store, stow, or use on board such high explosives as are necessary for such armament when said high explosives are accepted, transported, carried, conveyed, stored, stowed, or used in accordance with the provisions of §§ 147.06–2 to 147.06–5,[1] inclusive, of the regulations governing explosives or other dangerous articles on board vessels. PART 147—REGULATIONS GOVERNING USE OF DANGEROUS ARTICLES AS SHIPS' STORES AND SUPPLIES ON BOARD VESSELS

Order Amending the Regulations Governing the Use of Explosives or Other Dangerous Articles on Board Cargo Vessels

Pursuant to the authority vested in the Secretary of Commerce by section 4472 of the Revised Statutes, as amended, regulations governing the transportation, storage, stowage, or use of explosives or other dangerous articles or substances, and combustible liquids on board vessels, effective April 9, 1941, are hereby amended, under the emergency provision contained in subsection (9) of R.S. 4472, as amended; (46 U.S.C., Sup. 170); as follows:

To Part 147, Regulations Governing Use of Dangerous Articles as Ships' Stores and Supplies on Board Vessels, add after § 147.05–100, Table S.—Classification: Ships' stores and supplies of a dangerous nature, the following new section:

Arming of U. S. Merchant Cargo Vessels

§ 147.06–1 *Authorization.* Armed cargo vessels of the United States may accept, transport, carry, convey, store, stow or use such high explosives as are necessary for such armament when said high explosives are accepted, transported, carried, conveyed, stored, stowed or used in accordance with the provisions of §§ 147.06–2 to 147.06–5, inclusive.*

*§§ 147.06–1 to 147.06–5, inclusive, issued under the authority contained in R.S. 4472 as amended; 46 U.S.C.; Sup. 170.

§ 147.06–2 *Storage of high explosives.* Magazines shall be provided on board the vessel for the storage of high explosive ammunition (either fixed or separate loaded). Magazines may be located in an upper tween deck or a shelter deck cargo space, or in any other compartment below the weather deck, and adjacent to the gun mount, *provided* such magazines are not located over, under or adjacent to passenger spaces. The maximum separation possible shall be maintained between any magazine and any space allotted to the use of passengers or crew. Magazines shall not be constructed in bearing with the collision bulkhead nor with a bulkhead forming a boiler room, engine room, coal bunker or galley boundary. If it is necessary to construct such magazines in proximity to these bulkheads, a cofferdam space of at least 4 feet shall be provided between the bulkhead and the magazine side. Consistent with the above restrictions magazines shall be constructed in locations selected by the Navy Department. A "ready" supply of shells may be stowed in "ready boxes" on deck adjacent to the gun mount. These "ready boxes" shall be as provided by, or constructed to a design furnished by, the Bureau of Ships, Navy Department.*

§ 147.06–3 *Storage of small-arms ammunition.* Small-arms ammunition having all the component parts necessary for one firing, all in one assembly, may be stowed in boxes or lockers in a location adjacent to the gun mounts, such location to be selected by the Navy Department. Boxes or lockers for the stowage of small-arms ammunition shall be as provided by, or constructed to a design furnished by, the Bureau of Ships, Navy Department.*

§ 147.06–4 *Care of ammunition.* The loading, stowage, handling and use of all ammunition intended for the guns mounted on the vessel shall be under the control of the commander of the armed guard or other representative of the Navy Department.*

List of Products on Which the United States Will Consider Granting Concessions to Iceland

NOTE: The rates of duty indicated are those now applicable to products of Iceland. Where the rate is one which has been reduced pursuant to a previous trade agreement by 50 percent (the maximum permitted by the Trade Agreements Act) it is indicated by the symbol MR. Where the rate represents a reduction pursuant to a previous trade agreement, but less than a 50-percent reduction, it is indicated by the symbol R. Where a rate has been bound against increase, but has not been reduced in a previous trade agreement, it is indicated by the symbol B; likewise, items which have been bound free of duty are indicated by the symbol B.

For the purpose of facilitating identification of the articles listed, reference is made in the list to the paragraph numbers of the tariff schedules of the Tariff Act of 1930.

In the event that articles which are at present regarded as classifiable under the descriptions included in the list are excluded therefrom by judicial decision or otherwise prior to the conclusion of the agreement, the list will nevertheless be considered as including such articles.

[Docket No. 1710-FD]

IN THE MATTER OF HOLLOW ROCK COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on June 2, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 4, with the Bituminous Coal Division, alleging wilful violation by the Hollow Rock Coal Company, a code member in District 4, the defendant, of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant, with full knowledge of the requirements of the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments sold, during December 1940, approximately 275 tons of ½" lump coal produced at its Hollow Rock Mine, Mine Index No. 190, located in Jefferson County, Ohio, for shipment by truck to the Kaul Clay Manufacturing Company at $2.40 per ton delivered, whereas the applicable effective minimum price established for such coal was $2.20 per net ton f. o. b. the mine, and the cost of transporting said coal was 40 cents per ton;

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter having been held on August 21, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Pittsburgh, Pennsylvania, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which the defendant appeared;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in the matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the code membership of the defendant, The Hollow Rock Coal Company, a code member in District 4, be, and it hereby is revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant, The Hollow Rock Coal Company, to membership in the Code, the defendant shall pay to the United States a tax in the amount of $250.24 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 15, 1941.

IN THE MATTER OF EARL BICKMEIER, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 4, alleging wilful violation by Earl Bickmeier, a code member in District 4, the defendant, of the Bituminous Coal Code and rules and regulations thereunder as follows:

That the defendant, with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments, sold for shipments by truck, from November 1940 through February 1941, 1085 tons of ¾" x 0 slack coal (Size Group 8) at a delivered price of $1.50 per net ton, whereas the effective minimum price f. o. b. the mine applicable thereto was $1.90 per net ton;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing in this matter having been held on October 8, 1941, before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Canton, Ohio, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which District Board 4 and the defendant appeared;

All parties having joined in waiving the preparation and filing of a report by the Examiner, and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith; [1]

Now, therefore, it is ordered, That the code membership of the defendant, Earl Bickmeier, be and the same is hereby revoked and cancelled;

It is further ordered, That, prior to any reinstatement of the defendant, Earl Bickmeier, to membership in the Code, he shall pay to the United States a tax in the amount of $719.32, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 15, 1941.

IN THE MATTER OF IVAN SHAW AND SON, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed on June 2, 1941, with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 4, alleging wilful violation by Ivan Shaw & Son, a code member in District 4, of the Bituminous Coal Code and the Rules and Regulations thereunder as follows:

That the defendant, between October 1, 1940, and January 7, 1941, (a) sold a quantity of nut and slack coal in excess of 2" x 0 produced at Mine Index No. 1531 located in Coshocton County, Ohio, in District 4 to the Muskingum Fibre Company and to the Novelty Advertising Company, both of Coshocton, Ohio, at a truck delivered price of $2.00 per ton, whereas the effective minimum price for said coal was $1.95 per ton f. o. b. the mine, and (b) sold a quantity of 2" nut and slack coal produced at the Willowbrook Mine (Mine Index No. 2407), located in Coshocton County, Ohio, to the Muskingum Fibre Company at Coshocton, Ohio, at a truck delivered price of $2.00 per ton, whereas the effective minimum price for such coal was $1.65 per ton f. o. b. the mine;

An answer having been filed by the defendant on August 8, 1941, denying the allegations of the complaint;

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 22, 1941, before a duly designated Examiner of the Division at a hearing room thereof in Coshocton, Ohio, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard and at which the defendant appeared;

At the conclusion of the hearing, the preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith; [1]

Now, therefore, it is ordered, That the code membership of the defendant, Ivan Shaw & Son, a partnership, be, and it is hereby revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant, Ivan Shaw & Son, a partnership, or any of the partners thereof, to membership in the Code, the defendant, or any of the partners thereof, shall pay to the United States a tax in the amount of $243.36, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

[Docket No. 1689-FD]

IN THE MATTER OF NATIONAL COAL COMPANY, INC., DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division (the "Division") on May 17, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), by the Bituminous Coal Producers Board for District No. 12, alleging *inter alia* that the defendant, National Coal Company, Inc., a code member in District No. 12, operating Mine Index No. 33, in Mahaska County, Iowa, wilfully violated the Act, the Code promulgated thereunder, (the "Code") and certain Orders and Rules and Regulations of the Division;

Pursuant to an Order of the Director, and after due notice to all interested parties, a hearing having been held in this matter on September 8, 1941, at Oskaloosa, Iowa;

All parties having joined in waiving of the preparation and filing of a report by the Examiner, and a record of the proceedings thereupon having been transmitted to the Director for his consideration, and from a review of the record it appearing that the defendant violated the following provisions of the Act, and certain Orders and Rules and Regulations of the Division and that the allegations contained in said complaint are substantiated to that extent;

1. Section 4 II (e) of the Act, Part II (e) of the Code and the Schedule of Effective Minimum Prices for District No. 12 for All Shipments Except Truck, by selling to the Iowa Power and Light Company, and delivering to the Des Moines Electric Light Company at Des Moines, Iowa, 5,806.75 net tons of screenings, Size Group No. 8, produced at the aforesaid mine during the periods, in the amounts, and at the prices per net ton f. o. b. the mine, as herinafter set forth:

(a) During the period October 11, 1940, to April 25, 1941, both dates inclusive, 716.95 net tons of coal at a delivered price of $2.30 per net ton less 60 cents freight, or a net price of $1.70 per net ton f. o. b. the mine.

(b) During the period December 30, 1940, to January 28, 1941, both dates inclusive, 1,348.40 net tons of coal at a delivered price of $2.34 per net ton less 60 cents freight, or a net price of $1.74 per net ton f. o. b. the mine.

(c) During the period January 28, 1941, to March 6, 1941, both dates inclusive, 964.95 net tons of coal at a price of $2.38 per net ton less 60 cents freight, or a net price of $1.78 per net ton f. o. b. the mine.

(d) During the period October 10, 1940, to March 27, 1941, both dates inclusive, 2,776.45 net tons of coal at a delivered price of $2.42 per net ton less 60 cents freight, or a net price of $1.82 per net ton f. o. b. the mine;

2. Paragraph 8 of section 4 II (i) of the Act, Paragraph 8 of Part II (i) of the Code, and Rule 8 of section XIII of the Marketing Rules and Regulations, by intentionally making, causing, or permitting to be made, a false, untrue, misleading and deceptive statement by way of invoices concerning the size, quality, character, nature, and preparation of the coals set forth in Paragraph 1 hereof;

3. Rule 2 of section XII of the Marketing Rules and Regulations, in that the aforesaid coal was not sold under the proper size and price classification and other designations thereof in the applicable minimum price schedule published by the Division;

The Director having made Findings of Fact and Conclusions of Law, and having rendered an Opinion, which are filed herewith, [1] in which it is concluded that the defendant's code membership should be cancelled and revoked;

Now, therefore, it is ordered, That the code membership of the defendant, National Coal Company, Inc., a code member in District No. 12, be and it is hereby revoked.

And, it is further ordered, That as a condition to the reinstatement of the defendant, National Coal Company, Inc. to membership in the Code, there shall be paid to the United States a tax, as provided in section 5 (c) of the Act, in the amount of $4,393.39.

Dated: November 17, 1941.

[Docket No. 1671-FD]

IN THE MATTER OF FOREST CITY COAL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 3092, RESPONDENT

ORDER SUSPENDING DISTRIBUTOR'S REGISTRATION

This proceeding having been instituted by the Bituminous Coal Division, pursuant to the provisions of the Bituminous Coal Act of 1937, and § 304.14 of the Rules and Regulations for the Registration of Distributors, by a Notice of and Order for Hearing dated July 28, 1941, to determine whether the Forest City Coal Company, a Registered Distributor, Registration No. 3092, of Cleveland, Ohio, has

violated the Bituminous Coal Act of 1937, or the Rules and Regulations thereunder and giving notice to said distributor that information in the possession of the Division was to the following effect:

That on or about February 11, 1941, and during the period March 4 to March 20, 1941, the respondent purchased seven carloads of coal from Industrial Coal & Iron Company, Pittsburgh, Pennsylvania, and other code members in District 4, and resold and delivered said coal to United Milk Products Company of Cleveland, Ohio at its Kent, Ohio plant, the respondent prepaying transportation charges thereon to the point of delivery and accepting discounts from the effective minimum prices for such coal in violation of section 4 II (h) and subsections 3 and 6 of section 4 II (i) of the Act, Rule 1 (J) of section VII of the Marketing Rules and Regulations, and paragraphs (c) and (e) of the Distributor's Agreement;

Personal service of Notice of and Order for Hearing having been made on the respondent on August 4, 1941; a hearing having been held on September 12 and 13, 1941, before a duly designated Examiner of the Division, in Cleveland, Ohio, at which all interested parties were afforded an opportunity to be present and fully participate;

The Examiner's report having been waived and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter which are filed herewith;[1]

Now, therefore, it is ordered, That the registration of the Forest City Coal Company, Registered Distributor, Registration No. 3092, be and it hereby is suspended for a period of thirty (30) days from the effective date of this order, and the respondent, its officers, representatives, agents, servants, employees and attorneys be and they hereby are prohibited from receiving or accepting any discounts as a registered distributor, either directly or indirectly, on coal purchased by them during period of suspension; *Provided, however*, That if respondent shall not have complied with the provisions of § 304.15 of the Rules and Regulations for the Registration of Distributors within said period of suspension, said suspension shall continue in full force and effect until five (5) days after the affidavit required by § 304.15 shall have been filed with the Division; and *Provided further*, That the respondent return to the code member producers all improperly collected discounts and that a statement by respondent that such refunds have been made shall be included in the affidavit.

And it is further ordered, That the respondent during such period of suspension shall fully observe, abide by and remain in all respects subject to all pertinent and applicable provisions of (1) the Bituminous Coal Act of 1937; (2) the Bituminous Coal Code; (3) the Marketing Rules and Regulations; (4) the Rules and Regulations for the Registration of Distributors; (5) the Distributor's Agreement and all Orders of the Division.

[Docket No. 1674-FD]

IN THE MATTER OF TAGGART COAL SALES COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 8905, RESPONDENT

ORDER SUSPENDING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division, pursuant to the Bituminous Coal Act of 1937, in order to investigate and determine whether Taggart Coal Sales Company, a registered distributor (Registration No. 8905), of Massillon, Ohio, had violated certain provisions of the Rules and Regulations for the Registration of Distributors by:

(1) Purchasing on December 8 and 28, 1940, approximately 11 tons and 7.65 tons of coal, respectively, produced at the Sandy Valley Coal Company, a code member in District 4, and reselling this coal to the Griscom Russell Company, Massillon, Ohio, and accepting and retaining discounts thereon of 15 cents per ton, which discounts are in excess of the allowable maximum discount of 12 cents.

(2) Accepting and retaining discounts on the sales referred to in (1) although this coal was purchased and resold in less than railroad carload lots.

(3) Purchasing between December 1 and 16, 1940, 616.3 tons of coal produced at the Sandy Valley Coal Company and reselling it to the Timken Roller Bearing Company, Toledo, Ohio, and accepting and retaining discounts thereon of 15 cents per ton, which discounts are in excess of the allowable maximum discount of 12 cents;

The respondent, having filed an answer, admitting having accepted the alleged discounts on the 11 tons of coal resold to Griscom Russell Company and the 616.3 tons of coal resold to Timken Roller Bearing Company;

A hearing in this matter having been held on September 25, 1941, before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Canton, Ohio, pursuant to the Order of August 9, 1941, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard and the respondent appeared;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;[1]

Now, therefore, it is ordered, That the registration of the defendant, Taggart Coal Sales Company, a registered distributor (Registration No. 8905), be and it hereby is suspended for a period of thirty (30) days beginning with the date of this Order.

It is further ordered, That the effect of such suspension shall not be evaded directly or indirectly by the use of any device and that such suspension shall not excuse the Taggart Coal Sales Company from all duties and functions imposed upon it by the Act and the Rules, Regulations, and Orders of the Division.

It is further ordered, That as a condition to reinstatement, in accordance with § 304.15 of the Distributors' Rules, the respondent shall submit, at least five (5) days prior to the expiration of the suspension period, to the Director of the Division, an affidavit verifying that during the period of its suspension said respondent has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to receive by virtue of registration.

PETITION OF J. E. VINCENT FOR CHANGE IN LOADING POINT OF HIS MARION MINE, MINE INDEX NO. 331, IN DISTRICT NO. 3, FOR ALL SHIPMENTS EXCEPT TRUCK

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in the loading point of his Marion Mine, Mine Index No. 331, in District No. 3, from Fairmont, West Virginia, on Baltimore & Ohio Railroad to Fairmont, West Virginia, on Monongahela Railway, for all shipments except truck; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Marion Mine, Mine Index No. 331, of J. E. Vincent, for rail shipments on Baltimore & Ohio Railroad from Fairmont, West Virginia, shall be applicable only to shipments on Monongahela Railway from Fairmont, West Virginia, and shall no longer be applicable for shipments from Fairmont, West Virginia, on Baltimore & Ohio Railroad. All allowances or adjustments required or permitted mines in Freight Origin Group No. 52 shall be applicable to all shipments of the coals of the Marion Mine, Mine Index No. 331, of J. E. Vincent from Fairmont Siding on Monongahela Railway.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 15, 1941.

[Docket No. A-1040]

PETITION OF BOVARD COAL CO., A CODE MEMBER IN DISTRICT NO. 1, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR ALL SHIPMENTS FOR COAL PRODUCED AT ITS RIMER MINE

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This is a proceeding instituted upon an original petition filed by Bovard Coal Company, a code member in District No. 1, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. Petitioner requests the establishment of price classifications and minimum prices for the coals of its Rimer Mine in District No. 1 for all shipments except truck from Brady's Bend, Pennsylvania. Pursuant to a Notice of and Order for Hearing dated September 24, 1941, a hearing was held on October 23, 1941, before a duly designated Examiner of the Division. As no price classifications or minimum prices have been established for the coals of petitioner's Rimer Mine for rail shipment, it is necessary that such price classifications and mine prices be established temporarily, pending final disposition of this proceeding, in order to preserve for petitioner and its competitors their existing fair competitive opportunities.

It appears from the testimony adduced at the hearing that petitioner does not prepare coal in Size Groups 1 and 2 and does not now have facilities for preparing coal in Size Group 5. It further appears that petitioner requests the same price classifications as have already been established in Size Groups 3 and 4 for coals of the Fox Mine (Mine Index No. 2989) of the Rimersburg Coal Mining Company. The witness Fair stated that the Fox Mine is adjacent to the Rimer Mine, and the petition alleges that the coals of these mines are of similar quality. Pending final disposition of this proceeding the price classifications requested for Size Groups 3 and 4 for rail shipment should be established for coals of the Rimer Mine.

A difficult problem is presented by petitioner's request for permission to make rail shipments on Western Allegheny Railroad from Brady's Bend. From the testimony adduced at the hearing it appears that petitioner's crusher and loading facilities are at Brady's Bend and that petitioner desires to make rail shipments on the Western Allegheny Railroad from that point in order to serve certain customers in Meadville and Erie, Pennsylvania (in Market Area 10). Brady's Bend is in District No. 2, approximately 10 miles from the Rimer Mine. There are several nearer loading points on other railroads which petitioner might use, for example, Rimersburg, Pennsylvania, in District No. 1, approximately 3.7 miles from the Rimer Mine, on the Pennsylvania Railroad. The witness Fair stated at the hearing that petitioner would prefer to use Rimersburg if it were required to ship over the Pennsylvania Railroad.

It seems that the freight rates to Meadville and Erie are higher from Rimersburg than from Brady's Bend.[1] This results in a delivered differential in favor of District 2 producers on shipments into Market Area 10. In General Docket No. 15, after extensive public hearings, it was decided that District 1 producers had no such "existing fair competitive opportunities" in Market Area 10 as necessitated the allowance to them of freight rate absorptions on shipments into that market area. Petitioner's request represents a sharp break with the coordination established in General Docket No. 15 and should not be granted as a matter of temporary relief in the absence of a very strong showing. Such a showing does not seem to have been made.

Moreover, if petitioner's request is granted, it will receive preferential treatment over other District 1 producers, who must ship into Market Area 10 at the higher freight rate. The record does not reveal any reason for giving the Rimer

[1] To Meadville the published freight rate from Brady's Bend appears to be $1.23, from Rimersburg, $2.24; to Erie, the published freight rate from Brady's Bend is $1.49, from Rimersburg, $2.05.

Mine such special treatment as a matter of temporary relief.

Upon the basis of the foregoing considerations, I am of the opinion that pending final disposition of this mattter, minimum prices should be established for rail shipments from petitioner's Rimer Mine only via the Pennsylvania Railroad from Rimersburg, Pennsylvania. Pending the final disposition of this proceeding, the temporary relief granted will make available to the Rimer Mine those markets in which District 1 coals have customarily been sold.

It is, therefore, ordered, That, pending final disposition of this proceeding, temporary relief be granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 For All Shipments Except Truck is supplemented by including a "G" classification in Size Group 3 and an "H" classification in Size Group 4 for the coals of the Rimer Mine (Mine Index No. 902) of the Bovard Coal Company. Such shipments shall be made on the Pennsylvania Railroad from Rimersburg, Pennsylvania, and all adjustments required or permitted mines in Freight Origin Group 90 shall be applicable thereto.

Notice is hereby given that motions to stay, terminate or modify the temporary relief granted in this order may be made pursuant to the Rules and Regulations of the Bituminous Coal Division for proceedings under section 4 II (d) of the Bituminous Coal Act of 1937.

Nothing herein shall be taken as an expression of the views of the Director concerning the final disposition of this proceeding.

Dated: November 14, 1941.

IN THE MATTER OF WESTERN NEW YORK FUND, INCORPORATED

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of November, A. D. 1941.

An application having been duly filed by the above named corporation for an order of the Commission under and pursuant to the provisions of sections 6 (c) and 23 (c) of the Investment Company Act of 1940 requesting a temporary exemption from the provisions of Rule N-23-1 to the extent that said rule requires the applicant to inform its stockholders in writing of its intention to purchase its own outstanding stock prior to the mailing to stockholders of the notice of the annual stockholders' meeting in January 1942;

It is ordered, That a hearing on the matter of this application be held on November 24, 1941, at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise the interested parties where such hearing will be held.

It is further ordered, That Robert P. Reeder, Esquire or any officer or officers of the Commission designated by it for that purpose shall preside at such hearing on such application. The officer so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the above named applicant and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors.

IN THE MATTER OF PUBLIC SERVICE COMPANY OF INDIANA, INC.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 17th day of November, A. D. 1941.

Notice is hereby given that a declaration or application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may not later than November 30, 1941 at 4:45 P. M. E. S. T. request the Commission in writing that a hearing be held on such matters, stating the reason for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as amended, may become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application which is on file in the office of said Commission for a statement of the transactions therein proposed which are summarized below:

Public Service Company of Indiana, Inc., proposes to issue and sell:

1. $42,000,000 Principal Amount of its First Mortgage Bonds, Series D, 3⅜%, due December 1, 1971, and

2. Either (a) $10,000,000 aggregate Principal Amount of its Serial Debentures due December 1, 1942—December 1, 1950, or (b) to borrow $10,000,000 and to issue to the lender or lenders thereof its notes in said amount maturing serially from December 1, 1942 to December 1, 1950.

Public Service Company of Indiana, Inc., states that the proceeds of the sale of the above securities will be used (1) to call for redemption the now outstanding $38,000,000 aggregate Principal Amount of its First Mortgage Bonds, Series A, 4%, due September 1, 1959, (2) to pay and retire $8,800,000 Principal Amount of the Serial Debentures 3⅞% due March 1, 1942–September 1, 1949, (3) to pay and retire $400,000 aggregate Principal Amount of Northern Indiana Power Company's Serial Notes, 3%, assumed by Public Service Company of Indiana, Inc., (4) to pay $396,923.05 aggregate Principal Amount of Central Indiana Power Company's Collateral Notes, 2.73%, which were issued to United States of America as evidence of loans and which have been assumed by Public Service Company of Indiana, Inc., and (5) to aid the Company in carrying out a proposed major construction program.

Public Service Company of Indiana, Inc., requests that this Commission, in view of the heavy capital expenditures with which the Company is faced in order to carry out the proposed major construction program, abrogate and set aside a condition imposed by the Commission in connection with the issuance and sale by Public Service Company of Indiana, a predecessor company of Public Service Company of Indiana, Inc., of its Series B Bonds (File No. 70-258), which in effect, provides that in addition to the sinking fund provisions of its outstanding long-term debt, it should retire by 1958 $3,859,500 additional amount of its long-term debt.

Public Service Company of Indiana, Inc., states that section 6 (b) of the Holding Company Act of 1935 and Rules U-20 to 24 and Rule U-50 adopted thereunder are applicable to the proposed transactions.

By the Commission.

IN THE MATTER OF THE COMMONWEALTH & SOUTHERN CORPORATION (DELAWARE), AND TENNESSEE UTILITIES CORPORATION

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of November, A. D. 1941.

The Commonwealth & Southern Corporation (Delaware), a registered holding company, and Tennessee Utilities Corporation, a subsidiary thereof, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder regarding the liquidation of Tennessee Utilities Corporation through the payment of an immediate cash dividend to The Commonwealth & Southern Corporation of $3,150,000 and a final liquidating dividend to The Commonwealth & Southern Corporation of the remaining cash of Tennessee Utilities Corporation, consisting of cash, to be derived from liquidation of miscellaneous assets estimated to have a value of approximately $48,000, and cash (not exceeding $60,000) to be temporarily retained by Tennessee Utilities Corporation and which is not necessary for the payment of liabilities and expenses of liquidation. The liquidating dividend of $3,150,000 arises from the sale by Tennessee Utilities Corporation of certain non-utility assets (including transportation properties in and around Chattanooga, Tennessee, and the capital stock of Nashville Coach Company and Lookout Incline Railway Company); The Commonwealth & Southern Corporation proposes to utilize such liquidating dividend for reduction of its liability on notes due banks:

Said declaration having been filed on October 25, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect thereto within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and

The above-named declarants having requested that the effective date of said declaration be accelerated in order to permit The Commonwealth & Southern Corporation to effect interest savings; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the said declaration pursuant to section 12 (c) of the said Act and Rule U-46 thereunder to become effective, and being satisfied that the effective date of such declaration should be advanced;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be and hereby is permitted to become effective forthwith;

It is further ordered, That pursuant to the reservation of jurisdiction by an Order in the above-entitled matter dated December 11, 1940, jurisdiction be and it is hereby reserved over the final entries to be made in the accounts of The Commonwealth & Southern Corporation to reflect the loss, if any, in connection with the liquidation of The Tennessee Electric Power Company (whose assets in the course of liquidation were transferred to Tennessee Utilities Corporation), pending completion of such studies as may be made with respect thereto by The Commonwealth & Southern Corporation, or until such time as the Commission may, in proceedings now pending, or by institution of proceedings, or otherwise, pass upon such accounting entries.

It is further ordered, That jurisdiction reserved by our Order of August 8, 1939 in the matter of *The Commonwealth & Southern Corporation* (File No. 43-202) as to the ultimate disposition of the assets remaining in The Tennessee Electric Power Company (which assets included the above-mentioned non-utility properties), be, and the same is hereby released.

IN THE MATTER OF NATHAN A. SMYTH AND LEO LOEB, AS TRUSTEES IN REORGANIZATION UNDER CHAPTER X OF THE BANKRUPTCY ACT OF WASHINGTON GAS AND ELECTRIC COMPANY, DEBTOR

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of November, A. D. 1941.

Nathan A. Smyth and Leo Loeb, as Trustees in Reorganization Under Chapter X of the Bankruptcy Act of Washington Gas and Electric Company, Debtor, a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 7 and 12 (c) thereof, and Rule U-42 promulgated thereunder, regarding a proposal by Nathan A. Smyth, as such Trustee, to enter into an agreement with The Chase National Bank of the City of New York as trustee under the mortgage securing the First Mortgage Gold Bonds of the above-named debtor to distribute $5,534,343 out of the sum of $5,900,843.97, now held by said The Chase National Bank of the City of New York in a Release Fund, to the holders of said First Mortgage Bonds; such proposed distribution amounting of 80% of the principal, and interest on such 80% of principal accrued to December 10, 1941; and

Said declaration having been filed on November 4, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for hearing with respect thereto within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Said declarants having requested that the effective date of said declaration be advanced; and

The Commission deeming that no adverse findings are necessary under section 7 (c) and that it is appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective; and

The Commission being satisfied that the effective date of said declaration should be advanced;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be and the same hereby is permitted to become effective forthwith.

TREATMENT PRESCRIBED FOR CERTAIN PUERTO RICAN VEGETABLES

§ 301.58-3b *Administrative instructions; treatment requirement for green string beans, lima beans, faba beans, and pigeonpeas, in the pod, moving from Puerto Rico.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by paragraph (a) of § 301.58-3, Chapter III, Title 7, Code of Federal Regulations [regulation 3 of the rules and regulations supplemental to the Fruit and Vegetable Quarantine of Puerto Rico (No. 58)], treatment is prescribed for green string beans, lima beans, faba beans, and pigeonpeas, in the pod, moving by freight or express from Puerto Rico to any other State, Territory, or District of the United States, effective November 15, 1941, as follows:

(a) *Vacuum fumigation.* Treatment is to be given in a standard vacuum fumigation vault equipped with a blower, with a 15-inch vacuum maintained throughout the period, at any temperature above 34° F., with a dosage of 3 pounds of methyl bromide per 1,000 cubic feet of space, including the load, for 1½ hours.

(b) *Atmospheric fumigation.* Treatment is to be given in an approved atmospheric fumigation vault provided with a circulating fan, for a period of 2 hours, with dosages of methyl bromide as follows: (1) if the mass temperature is between 50° and 70° F., the dosage shall be at the rate of 3 pounds per 1,000 cubic feet of space, including the load; (2) if the mass temperature is above 70° F., the dosage shall be at the rate of 1½ pounds per 1,000 cubic feet of space, including the load.

NOTE: Atmospheric fumigation is not recommended at temperatures below 50° F.

Treatment vaults and equipment will be approved for fumigation purposes by the Bureau of Entomology and Plant Quarantine through the local plant quarantine inspector only when reasonably accessible for supervision purposes and when properly constructed and equipped to carry out the treatment prescribed.

All costs of treatment other than the services of the supervising inspector shall be borne by the owner of the products, or his representative.

While the prescribed treatment is judged from experimental tests to be safe for use with these products the Department assumes no responsibility for any damage sustained through or in the course of treatment.

TITLE 10—ARMY: WAR DEPARTMENT

CHAPTER IV—MILITARY EDUCATION

PART 43—PROMOTION OF RIFLE PRACTICE [1]

§ 43.5 *Rifle and pistol competitions in schools and colleges.*[2]

* * * * * * *

(c) *Annual indoor rifle matches.*

* * * * * * *

(iii) *Stages of competition.* The competition will consist of 4 stages, each stage consisting of 2 series of 2 sighting and 10 record shots each. One stage will be fired each week until the four stages have been completed. If it is found that the firing of one stage each week is impracticable, the corps area commander on application made to him, is authorized to make such changes in the time of firing each stage as will be most appropriate and equitable in each particular case, provided that no two stages shall be fired in any one day and that all four stages of any competition are fired between March 16 and April 16 of any one year. Each competitor will use 1 target for each series of 10 shots, firing 1 shot for record on each of the 10 bull's-eyes. The two sighting shots for each series will be fired on a target other than the record target, and such target will be removed from the frame or covered before any of the 10 shots for record are fired. The sighting shots will be followed immediately by the prescribed number of record shots. No other shots will be fired by the competitor during the firing of any stage of the match. The stages are as follows:

(*a*) First stage: Two sighting shots, 10 shots for record, slow fire, prone; 2 sighting shots, 10 shots for record, slow fire, sitting.

(*b*) Second stage: Two sighting shots, 10 shots for record, slow fire, prone; 2 sighting shots, 10 shots for record, slow fire, kneeling.

(*c*) Third stage: Two sighting shots, 10 shots for record, slow fire, prone; 2 sighting shots, 10 shots for record, slow fire, standing.

(*d*) Fourth stage: Four sighting shots, 20 shots for record, slow fire, prone; 2 sighting shots to be fired on each target.

* * * * * * *

(vi) *Positions.* As described in FM 23–10, U. S. Rifle, Caliber .30, M1903, except in the sitting position which may be modified to include the cross-legged sitting position. In all positions the use of a carpet, cloth, gymnasium pad, mat, or similar ground covering is permitted, provided such covering is of firm material, perfectly level, not over 2 inches in thickness and without depressions or ridges. Such covering must extend under the entire body of the shooter and not solely under or against his elbows or knees. (45 Stat. 786; 33 U.S.C. 181b)

§ 3.39 *Dealing on exclusive and tying basis.* In connection with any franchise or agreement for the sale of automobiles or in connection with the sale, or making of any contract for the sale, of automobile parts in commerce, and among other things, as in order set forth, entering into, enforcing, or continuing in operation or effect, any franchise or agreement for the sale of automobiles, or any contract for the sale of, or selling, automobile parts on the condition, agreement, or understanding that the purchaser thereof shall not use or sell automobile parts other than those acquired from the respondents, unless such condition, agreement, or understanding be limited to automobile parts necessary to the mechanical operation of an automobile, and which are not available, in like quality and design, from other sources of supply, prohibited. (Sec. 3, 38 Stat. 731; 15 U.S.C., sec. 14) [Cease and desist order, General Motors Corporation et al., Docket 3152, November 12, 1941]

In the Matter of General Motors Corporation and General Motors Sales Corporation

At a regular session of the Federal Trade Commission held at its office in the City of Washington, D. C., on the 12th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, testimony and other evidence taken before John L. Hornor and W. W. Sheppard, trial examiners of the Commission theretofore duly designated by it, in support of the allegations of the complaint and in opposition thereto, report of Trial Examiner W. W. Sheppard upon the evidence and exceptions filed thereto, briefs filed in support of the complaint and in opposition thereto, and oral arguments of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act and have violated the provisions of that certain Act of the Congress of the United States entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914, commonly known as the Clayton Act; do forthwith cease and desist from:

(1) Requiring dealers, by means of intimidation or coercion, to purchase or deal in accessories or supplies sold and distributed by the respondents, or by anyone designated by them;

(2) Canceling, or directly or by implication threatening the cancellation of, any franchise or agreement with dealers, because of failure or refusal of such dealers to purchase or deal in accessories or supplies sold and distributed by the respondents, or by anyone designated by the respondents;

(3) Canceling, or directly or by implication threatening the cancellation of, any franchise or agreement with any dealer, for purchasing or dealing in accessories or supplies not obtained from respondents, or from any other source designated by the respondents;

(4) Shipping accessories or supplies without prior orders therefor, or canceling, or directly or by implication threatening the cancellation of, any franchise or agreement with a dealer, because of a failure or refusal to accept accessories or supplies shipped without prior order;

(5) Refusing, or threatening to refuse, to deliver automobiles to dealers because of a failure or refusal of such dealer to purchase or deal in accessories or supplies sold and distributed by the respondents, or by anyone designated by them;

(6) The use of any practice, plan or method of doing business, for the purpose, or having the effect, of coercing or intimidating dealers into purchasing or dealing in accessories or supplies manufactured or supplied by the respondents, or by anyone designated by them.

It is further ordered, That the respondents, General Motors Corporation, a corporation, and General Motors Sales Corporation, a corporation, and their respective officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with any franchise or agreement for the sale of automobiles or in connection with the sale, or making of any contract for the sale, of automobile parts in commerce as "commerce" is defined in that Act of Congress entitled, "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914, commonly known as the Clayton Act, do forthwith cease and desist from:

(1) Entering into, enforcing, or continuing in operation or effect, any franchise or agreement for the sale of automobiles, or any contract for the sale of, or selling, automobile parts on the condition, agreement, or understanding that the purchaser thereof shall not use or sell automobile parts other than those acquired from the respondents, unless such condition, agreement, or understanding be limited to automobile parts necessary to the mechanical operation of an automobile, and which are not available, in like quality and design, from other sources of supply.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

Zollinger Company, a Corporation; William Edwards Company, a Corporation; Copps Company, a Corporation; Allison-Bedford Company, a Corporation; Angelus Campfire Company, a Corporation; Blue Seal Products Company, a Corporation; Bordo Products Company, a Corporation; Champion Chemical Works, a Corporation; Cupples Company, a Corporation; Dean Milk Company, a Corporation; J. B. Inderrieden Company, a Corporation; Respondents

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint [2] of the Commission, the answers of respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint, and the Commission having made its findings as to the facts and its conclusion that the respondents, with the exception of Angelus Campfire Company, have violated the provisions of section 2 (c) of the Clayton Act, approved October 15, 1914 (38 Stat. 730) as amended by the Robinson-Patman Act, approved June 19, 1936 (49 Stat. 1526; 15 U.S.C. Sec. 13);

It is ordered, That respondent United Buyers Corporation, its officers, directors, agents, representatives and employees, do forthwith cease and desist from:

1. Directly, or indirectly, in any manner or form whatever, accepting from sellers any brokerage or commission, or any allowance, discount or thing of value in lieu thereof, upon the purchase of commodities in interstate commerce, by itself, by any of its stockholders, or by any buyer for whom in fact, on whose behalf, or under whose direct or indirect control it acts.

2. Directly or indirectly, in any manner or form whatever, transmitting, passing or granting to buyers of commodities, any brokerage or commission, and any allowance, discount or thing of value, in lieu thereof, received on such buyers' purchases of commodities in interstate commerce.

It is further ordered, That respondents H. P. Lau Company, Bluffton Grocery Company, Lima-Kenton Grocery Company, S. Zollinger Company, William Edwards Company and Copps Company, and all other stockholders in United Buyers Corporation prior to May 21, 1941, their officers, directors, agents, representatives and employees, do forthwith cease and desist from accepting from United Buyers Corporation, directly or indirectly, in any manner of form whatever, any brokerage or commission, and any allowance, discount or thing of value in lieu thereof, upon their purchases of commodities in interstate commerce.

It is further ordered, That respondents Allison-Bedford Company, Blue Seal Products Company, Bordo Products Company, Champion Chemical Works, Cupples Company, Dean Milk Company and J. B. Inderrieden Company, their officers, directors, agents, representatives and employees, do forthwith cease and desist from paying or granting to United Buyers Corporation any brokerage or commission, and any allowance, discount or thing of value in lieu thereof, upon their sales of commodities in interstate commerce, except in transactions in which United Buyers Corporation renders to them a bona fide selling service as their selling agent or broker, and does not act for or on behalf of, or under the direct or indirect control of, the purchasers in such transactions.

It is further ordered, That the complaint herein be, and hereby is, dismissed as to:

1. Respondent Arthur E. Koeniger.
2. Respondent Eli P. Gale.
3. Respondent Helen M. Driscoll.
4. Respondent Angelus Campfire Company.

Respondent Arthur E. Koeniger is deceased; respondents Eli P. Gale and Helen M. Driscoll have resigned their offices and positions with the United Buyers Corporation, and there is no indication that they are likely to resume their previous employment with it; and the record does not show that respondent Angelus Campfire Company, a seller-respondent, has paid any brokerage or commissions to United Buyers Corporation.

It is further ordered, That the respondents, except those as to whom the complaint is dismissed, shall file with the Commission, within sixty (60) days after service upon them of this order, a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

Platt, Howard Marvin, and D. M. Metzger, a Partnership, Doing Business Under the Firm Name of Stevenson, Jordan and Harrison

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 10th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission on the complaint of the Commission and the answers of the corporate respondents Salt Producers Association, Avery Salt Company, Barton Salt Company, The Carey Salt Company, Cuyuga Rock Salt Company, Colonial Salt Company, Detroit Rock Salt Company, Diamond Crystal Salt Co., Inc., International Salt Company, Jefferson Island Salt Company, Inc., Hardy Salt Company, Morton Salt Company, Myles Salt Company, Ltd., Mulkey Salt Company, Ohio Salt Company, Ruggles & Rademaker Salt Company, Saginaw Salt Products Company, Union Salt Company, Watkins Salt Company, and Worcester Salt Company admitting all the material allegations of fact set forth in said complaint and waiving all intervening procedure and further hearing as to said facts; the answer of American Salt Corporation, a corporation, admitting all the material allegations of fact set forth in said complaint, certain additional facts, and waiving all intervening procedure and further hearing as to said facts; and the answer and statement of admitted facts filed by respondents Stevenson, Jordan and Harrison, Inc. (referred to in the complaint under its former name, Stevenson Corporation), a corporation, and its officers Charles R. Stevenson and D. M. Metzger, president and treasurer, respectively and its employees T. M. Harrison, C. H. Ferris, N. M. Perris, E. G. Ackerman, A. H. Dyer, R. E. Case, F. L. Sweetser, W. R. Guthrie, A. P. Nonweiler, S. M. Hudson, R. R. Bliss, L. B. Platt, and Howard Marvin (referred to in the complaint as members of a partnership trading under the name Stevenson, Jordan and Harrison), and the order of the Commission granting the motion of respondents Stevenson, Jordan and Harrison, Inc., and its said officers and employees that the Commission receive said statement of admitted facts in lieu of taking testimony or further hearing and that the statement of admitted facts be made a part of the record in this proceeding; and the Commission having made its findings as to the facts and its conclusion that the aforesaid respondents except T. M. Harrison, C. H. Ferris, N. M. Perris, E. G. Ackerman, A. H. Dyer, R. E. Case, F. L. Sweetser, W. R. Guthrie, A. P. Nonweiler, S. M. Hudson, R. R. Bliss, L. B. Platt, and Howard Marvin, have violated the provisions of Section 5 of the Federal Trade Commission Act;

It is ordered, That the respondents Salt Producers Association, a corporation, Avery Salt Company, a corporation, Barton Salt Company, a corporation, The Carey Salt Company, a corporation, Cayuga Rock Salt Company, a corporation, Colonial Salt Company, a corporation, Detroit Rock Salt Company, a corporation, Diamond Crystal Salt Co., Inc., a corporation, International Salt Company, a corporation, Jefferson Island Salt Company, Inc., a corporation, Hardy Salt Company, a corporation, Morton Salt Company, a corporation, Myles Salt Company, Ltd., a corporation, Mulkey Salt Company, a corporation, Ohio Salt Company, a corporation, Ruggles & Rademaker Salt Company, a corporation, Saginaw Salt Products Company, a corporation, Union Salt Company, a corporation, Watkins Salt Company, a corporation, Worcester Salt Company, a corporation, American Salt Corporation, a corporation, their officers, servants, agents and employees, and Stevenson, Jordan and Harrison, Inc., Charles R. Stevenson and D. M. Metzger, respectively president and treasurer of said Stevenson, Jordan and Harrison, Inc., and their agents, servants, and employees, or any two or more of said respondents, with or without the cooperation of others not parties hereto, in connection with the offering for sale, sale, and distribution of salt in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, or carrying out, or directing, instigating, or cooperating in, any common course of action, mutual agreement, combination, or conspiracy to fix or maintain the prices of salt or curtail, restrict, or regulate the production of sale thereof, and from doing any of the following acts or things pursuant thereto:

(1) Establishing or maintaining uniform prices for salt, or uniform terms and conditions in the sale thereof, or in any manner agreeing upon, fixing, or maintaining any prices, including terms

and conditions of sale, at which salt is to be sold;

(2) Adhering, or promising to adhere, to filed or published prices or terms and conditions of sale for salt pending the filing of changes therein with respondent Salt Producers Association, or with any other agency, or with each other;

(3) Establishing or maintaining delivered price zones, or making quotations and sales of salt upon a delivered price basis under a zone system whereby the cost of salt delivered to buyers within each respective zone is made identical at all destinations within such zone;

(4) Exchanging, directly or through the Salt Producers Association, or any other agency or clearing house, price lists, invoices, and other records of sale showing the quantity, current prices and terms and conditions of sale allowed by respondent corporations to dealers and distributors: *Provided, however,* That nothing herein shall prevent the respondent association from collecting and disseminating to the respective respondent manufacturers figures showing the total volume of sales of salt without disclosing the sales volume of individual producers;

(5) Exchanging, directly or through the medium of the Salt Producers Association, or any other agency, the names of distributors or dealers who receive special discounts;

(6) Curtailing, restricting, or regulating the quantity of salt to be produced and sold by any respondent corporation by any method or means during any given period of time;

(7) Doing, or causing to be done, any of the things forbidden by this order through the medium of respondents Stevenson, Jordan and Harrison, Inc., Charles R. Stevenson or D. M. Metzger, or any other corporation, firm, or individual.

It is further ordered, That respondents Stevenson, Jordan and Harrison, Inc., and Charles R. Stevenson and D. M. Metzger as officers thereof, and their agents, servants, and employees, do forthwith cease and desist from doing or performing any of the things forbidden by this order, or aiding, assisting, or cooperating in the performance thereof.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That nothing in this order is to be construed as prohibiting the respondents from entering into such contracts or agreements relating to the maintenance of resale prices as are not prohibited by the provisions of an Act entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," approved July 2, 1890, (the Sherman Act) as amended.

It is further ordered, That for the reasons appearing in the findings as to the facts the complaint herein be, and hereby is, dismissed as to the following respondents; T. M. Harrison, C. H. Ferris, N. M. Perris, E. G. Ackerman, A. H. Dyer, R. E. Case, F. L. Sweetser, W. R. Guthrie, A. P. Nonweiler, S. M. Hudson, R. R. Bliss, L. B. Platt, and Howard Marvin.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, D. Watson & Company, etc., Docket 4527, November 13, 1941]

In the Matter of Fred T. Hopkins, an Individual Trading as D. Watson & Company and as Colonnade Advertising Agency

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and answer of the respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint, and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Fred T. Hopkins, an individual, trading as D. Watson & Company and as Colonnade Advertising Agency, or trading under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his medicinal preparation known as Dr. J. Lariviere's Vegetable Compound, or any preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement (a) by means of the United States mails or (b) by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference, that said preparation constitutes a competent or effective treatment for painful or irregular menstruation; that its use will strengthen the system or organs, or build up physical resistance to restlessness, nervousness, cramps, headaches, or fainting spells, or to other symptoms which may be due to female disorders; or that restlessness, nervousness, or moody spells in young women are indicative of or symptoms of dangerous periods imperiling health;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

It is further ordered, That respondent shall within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[Order No. 21]

CASCADE LOCKS CAMP PROJECT, ESTABLISHMENT

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Cascade Locks Camp project to be work of national importance. Said camp, located at Cascade Locks, Hood River County, Oregon, will be the base of operations for forestry work in the State of Oregon, and registrants under the Selective Training and Service Act, who have been classified by their local boards as conscientious objectors to both combatant and noncombatant military service and have been placed in Class IV-E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to said Cascade Locks Camp will consist of recreational development, hazard reduction, truck trail construction and fire suppression, and shall be under the technical direction of the Forest Service of the United States Department of Agriculture insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in the camp in accordance with the provisions of the Selective Service Act and Regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

TITLE 46—SHIPPING

CHAPTER II—UNITED STATES MARITIME COMMISSION

SUBCHAPTER B—REGULATIONS AFFECTING MARITIME CARRIERS

[General Order No. 39,[1] Amended]

PART 222—STATEMENTS AND AGREEMENTS REQUIRED TO BE FILED

Cargo and Passenger Reports To Be Filed by Common Carriers by Water

Whereas pursuant to the authority contained in section 21 of the Shipping Act, 1916 (39 Stat. 736, 46 U. S. C. A. 820), the Commission may require any common carrier by water to file with it any periodical or special report of any facts and transactions appertaining to the business of such carrier in the form and within the time prescribed by the Commission; and

Whereas said section 21 also provides that whoever fails to file any report as required by the Commission shall forfeit to the United States the sum of $100 for each day of such default, and whoever willfully falsifies, destroys, mutilates or alters such report or willfully files a false report shall be guilty of a misdemeanor and subject upon conviction to a fine of not more than $1,000 or imprisonment for not more than one year, or to both such fine and imprisonment; and

Whereas by resolution of the former United States Shipping Board, passed on March 13, 1922, which is among the orders of the Board adopted and continued in effect by the Commission, every common carrier by water operating a vessel in either direction between a port in continental United States and a port in a foreign country or in any of the possessions of the United States or between a port on the Pacific Coast of continental United States and another port in continental United States not on the Pacific Coast, was ordered to file in duplicate with the Collector of Customs at the first port of entry in continental United States, on each voyage of the vessel, or at the last port of clearance therefrom, reports, on the forms prescribed, setting forth the quantity of the several kinds of goods, wares, merchandise and property forming the cargo of such vessel; and

Whereas the Commission finds it necessary that the forms of reports heretofore prescribed for use by such common carriers by water, namely, U. S. Maritime Commission Form 7801, Revised May, 1941 (Single), Cargo and Passenger Report for Vessels Entering United States Ports, and U. S. Maritime Commission Form 7802, Revised May, 1941 (Single), Cargo and Passenger Report for Vessels Clearing United States Ports be revised; *It is therefore ordered*, That:

§ 222.2 *Revised forms of cargo and passenger reports approved.* The attached U. S. Maritime Commission Form 7801 Revised November 1941, Cargo and Passenger Report (Vessels Arriving at United States Ports)[2] and the attached U. S. Maritime Commission Form 7802, Revised November, 1941, Cargo and Passenger Report (Vessels Departing from United States Ports),[2] be and they hereby are approved.*

*§§ 222.2 to 222.4, inclusive, issued under authority contained in section 21, Shipping Act, 1916 (37 Stat. 736; 46 U.S.C. 20).

§ 222.3 *Carriers required to file reports.* Every common carrier by water operating a vessel in either direction between a port in continental United States and a port in a foreign country or in any of the territories or possessions of the United States, including the Philippine Islands, is hereby ordered to file, for each voyage of the vessel, U. S. Maritime Commission Form 7801, Revised November 1941, Cargo and Passenger Report,[2] duly executed in duplicate and certified to in the manner indicated thereon, with the Collector of Customs at the first port of arrival in continental United States, and U. S. Maritime Commission Form 7802, Revised November 1941, Cargo and Passenger Report,[2] duly executed in duplicate and certified to in the manner indicated thereon, with the Collector of Customs at the last port of departure in continental United States.

In the case of an intercoastal voyage, a report on U. S. Maritime Commission Form 7801, Revised November 1941, Cargo and Passenger Report,[2] duly executed in duplicate and certified to in the manner indicated thereon, shall be filed with the Collector of Customs at the first port of arrival in continental United States after transiting the Panama Canal. No reports are required on U. S. Maritime Commission Form 7802 for vessels in intercoastal service.*

§ 222.4 *Time for filing.* U. S. Maritime Commission Form 7801, Revised November 1941, Cargo and Passenger Report for Vessels Arriving at United States Ports, and U. S. Maritime Commission Form 7802, Revised November, 1941, Cargo and Passenger Report for Vessels Departing from United States Ports must be filed with the Collector of Customs before midnight of the fourth full business day after arrival or departure, as the case may be, effective December 1, 1941. Forms filed with the Collectors of Customs for transmittal to the Commission, as provided herein, shall be deemed to be filed with the Commission within the meaning of section 21 of the Shipping Act, 1916.*

By order of the United States Maritime Commission.

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 5060]

PART 3—STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

RULES APPLICABLE TO STATIONS ENGAGED IN CHAIN BROADCASTING

The Commission hereby suspends the effective date of the Chain Broadcasting Regulations (§§ 3.101–3.108)[1] adopted May 2, 1941, in Docket No. 5060, as last amended October 11, 1941,[2] in accordance with stipulations annexed hereto (set forth below) entered into between the Commission and the plaintiffs in Civil Actions No. 16–178 and No. 16–179, brought in the District Court for the Southern District of New York to set aside those regulations.

Stipulation

It is hereby stipulated by and between all the parties by their respective counsel:

1. That counsel for all parties will cooperate to bring on for hearing on or before December 15, 1941, the Motion for Preliminary Injunction heretofore filed by plaintiffs and the defendants' Motion to Dismiss the Complaint or, in the alternative, for Summary Judgment.

2. Pending such hearing by this Court and the determination by it of plaintiffs' said Motion for Preliminary Injunction, the defendant Federal Communications Commission is suspending, and will take no steps for enforcement or application of, the Commission's Order of May 2, 1941, in Docket No. 5060, as last amended October 11, 1941, with respect to any failure by any radio station to comply with such Order.

3. Any party hereto may move before the Court to modify the terms of this stipulation to the same extent which such party would be entitled to had this stipulation been in the form of a temporary restraining order issued after hearing.

By the Commission.

TITLE 50—WILDLIFE

CHAPTER I—FISH AND WILDLIFE SERVICE

PART 29—PLAINS REGION NATIONAL WILDLIFE REFUGES

LOWER SOURIS NATIONAL WILDLIFE REFUGE, NORTH DAKOTA

Under authority of section 84 of the act of March 4, 1909, as amended by the act of April 15, 1924, 43 Stat. 98, the ad-

ministration of which was transferred to the Secretary of the Interior on July 1, 1939, by Reorganization Plan No. II (53 Stat. 1431), and in extension of § 12.9 of the regulations of December 19, 1940,[1] for the administration of national wildlife refuges, the following regulations permitting and governing the hunting of deer in the Lower Souris National Wildlife Refuge, North Dakota, are made and prescribed:

§ 29.573a *Lower Souris National Wildlife Refuge, North Dakota; hunting of deer.* Deer may be taken during the open season prescribed therefor by the Game and Fish Department of the State of North Dakota during the calendar year 1941 on certain lands, hereinafter described of the United States within the Lower Souris National Wildlife Refuge, North Dakota, under the following special provisions, conditions, restrictions, and requirements:

(a) *Area open to hunting.* The following-described lands of the United States within the refuge shall be open to the hunting of deer: That part of the refuge south and east of Dam No. 320 except the area north of the Souris River between Dam No. 320 and the line common to secs. 29 and 30, and 31 and 32, T. 159 N., R. 76 W., 5th p. m.

(b) *Compliance with State laws and regulations.* Any person who hunts on the refuge shall have in his possession a valid hunting license issued by the State of North Dakota authorizing him to hunt deer and a permit issued by the officer in charge of the refuge authorizing him to enter the refuge. The license and permit must be exhibited upon the request of any representative of the North Dakota Game and Fish Department authorized to enforce the State game laws or of any representative of the Department of the Interior. The permittee must comply in every respect with the State laws and regulations governing the hunting of deer and must upon request of any of the aforesaid representatives exhibit for inspection all game killed by him or in his possession.

(c) *Disorderly conduct; intoxication.* No person who is visibly intoxicated will be permitted to enter upon the refuge for the purpose of hunting, and any person who indulges in any disorderly conduct on the refuge will be removed therefrom by the officer in charge and dealt with as prescribed by law.

(d) *Entry upon refuge.* Persons entering the refuge for the purpose of hunting, as permitted by these regulations, shall use such routes of travel as may be designated by suitable posting by the officer in charge and shall not otherwise enter upon the refuge.

(e) *Limitation on firearms.* Deer may be taken only by the use of rifled firearms of .25 caliber or larger, shooting a projectile of not less than one hundred grains.

(f) *Penalties.* Failure of any person hunting upon the refuge to comply with any of the conditions, restrictions, or requirements of the regulations in this section will be sufficient cause for removing such person from the refuge and for refusing him further hunting privileges on the refuge.

(g) *State cooperation in management of the shooting area.* The provisions of the regulations in this section shall be incorporated in and deemed to be a part of any agreement between the Director of the Fish and Wildlife Service and the Commissioner of the Game and Fish Department of North Dakota for the regulation, management, and operation of the shooting area established hereunder.

JOHN J. DEMPSEY,
Acting Secretary of the Interior.

PART 91—ALASKA GAME REGULATIONS

REGULATIONS RESPECTING GAME ANIMALS, LAND FUR-BEARING ANIMALS, GAME BIRDS, NONGAME BIRDS, AND NESTS AND EGGS OF BIRDS IN ALASKA, APPROVED ON JUNE 6, 1941

Pursuant to the authority and direction contained in section 10 of the Alaska Game Law of January 13, 1925 (43 Stat. 739), as amended by acts of February 14, 1931, 46 Stat. 1111; June 25, 1938, 52 Stat. 1169; and October 10, 1940, 54 Stat. 1103, I, Oscar L. Chapman, Assistant Secretary of the Interior, upon consultation with and recommendation from the Alaska Game Commission, and having determined when, to what extent, and by what means game animals, land fur-bearing animals, game birds, nongame birds, and nests and eggs of birds may be taken, possessed, transported, bought, or sold in Alaska, do hereby amend that part of regulation 13 of the regulations respecting game animals, land fur-bearing animals, game birds, nongame birds, and nests and eggs of birds in Alaska (Circular AGC-19; 6 F.R. 2913, § 91.13, *Fur districts and open seasons and limits on land fur-bearing animals*, 50 CFR 91) specifying the open season in fur district 5 on mink, land otter, weasel (ermine), fox (red, cross, silver, white, and blue), and lynx, by inserting a semicolon in lieu of the period after the word "February" as it appears at the end of the paragraph under that subheading, and by adding thereafter the words "except that mink, land otter, and weasel (ermine) may be taken from November 16 to the last day of February in that part of fur district 5 lying south of the Unalakleet River."

In testimony whereof, I have hereunto set my hand and caused the official seal of the United States Department of the Interior to be affixed in the city of Washington this 10th day of November 1941.

OSCAR L. CHAPMAN,
Assistant Secretary.

This contract, entered into this 19th day of September 1941.

TITLE I—*Acquisition of Site*

ARTICLE I-A. *Acquisition of site.* In consideration of the sum of two hundred

[1] Approved by the Under Secretary of War October 6, 1941.

dollars ($200.00) in cash, to be paid to the Contractor by the Government, the Contractor agrees to convey to the Government by deed or deeds satisfactory to the Contracting Officer that certain tract of land near Copperhill, Tennessee, outlined on the map of the layout of the Plant filed in the offices of the Chief of Ordnance and The Quartermaster General * * *.

ART. I–B. *Payment.* The consideration of two hundred dollars ($200.00) provided in Article I–A of this Title I shall be paid to the Contractor upon the receipt and approval by the Contracting Officer of a deed or deeds as above-provided duly executed by the Contractor.

TITLE II—*Management Service*

ART. II–A. *Description of new ordnance facility.* 1. The new ordnance facility, hereinafter referred to as the "Plant", and designated as East Tennessee Ordnance Works, shall comprise a plant at or near Copperhill, Tennessee, for the production of Sulphuric Acid as 40% Oleum (hereinafter referred to as "Oleum"), having an estimated average daily capacity, based on working twenty-four hours per day, of * * * tons of 40% Oleum.

2. Said Plant, for use in connection with a part of Contractor's existing facilities, shall consist of the necessary buildings and structures, together with necessary utilities and appurtenances thereto, and all equipment necessary or appropriate in and about a plant for the production of 40% Oleum of the capacity above stated, when used in connection with a part of Contractor's existing facilities.

3. Said Plant shall conform, insofar as is practicable, with typical designs, drawings, specifications, details, standards or instructions which are on file in the offices of the Chief of Ordnance and The Quartermaster General and which shall be promptly furnished to the Contractor or which will be furnished hereafter by the Contracting Officer.

ART. II–B. *Statement of work.* 1. The Contractor shall, in the shortest reasonable time, furnish the labor, materials, tools, machinery, equipment, facilities, utilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of a Plant of the type and capacity described in Article II–A hereof.

2. In the performance of the work described in Section 1 of this Article II–B, the Contractor shall:

a. Furnish management service covering supervision, direction and control of the designing (including designing of the production equipment), engineering and construction (including the installation of the production equipment) of the Plant, and subject to the approval of the Contracting Officer, establish, equip and maintain adequate guard and fire fighting forces.

b. Subcontract, on forms prescribed by The Quartermaster General, for Architect-Engineer services covering design (including necessary design of production equipment) and engineering and subcontract for the construction (including the installation of production equipment) of the Plant, with subcontractors selected by The Quartermaster General and approved by the Contractor.

4. The Government shall furnish the Contractor such available schedules of preliminary data, layout sketches, and other available information respecting sites, topography, soil conditions, outside utilities and equipment, and shall make available to the Contractor such Government designs, drawings, specifications, details, standards and safety practices as are on hand in the offices of the Chief of Ordnance and The Quartermaster General and are applicable to the design, construction, and equipping of the said Plant.

5. All of the Contractor's notes and other data concerning the design, construction and equipping of the Plant shall become the property of the Government.

ART. II–C. *Estimates.* 1. It is estimated that the total cost of the work under this Title II will be approximately seven hundred fifty-nine thousand three hundred twenty-nine dollars ($759,329.00), including the cost of all subcontracts but excluding the Contractor's fee and the procurement of production equipment provided for in Title III hereof.

ART. II–D. *Consideration.* As consideration for its undertaking under this Title II the Contractor shall receive the following:

1. Reimbursement for expenditures as provided in Title IV.

2. A fixed-fee in the amount of One Dollar ($1.00) which shall constitute complete compensation for the Contractor's services, including profit, and all general overhead.

TITLE III—*Procurement of Production Equipment*

ART. III–A. *Statement of work.* 1. The Contractor shall, in the shortest reasonable time, determine the production equipment requirements for the Plant and shall, subject to the approval of the Contracting Officer, thereupon proceed to do all things necessary and incident to the procurement of the production equipment required, by subcontract or otherwise.

ART. III–B. *Estimates.* It is estimated that the total cost under this Title III will be approximately one million three hundred two thousand dollars ($1,302,000.00), exclusive of the Contractor's fixed-fee.

ART. III–C. *Consideration.* As consideration for its undertaking under this Title III the Contractor shall receive the following:

1. Reimbursement for expenditures as provided in Title IV.

2. A fixed-fee in the amount of one dollar ($1.00), which shall constitute complete compensation for the Contractor's services.

TITLE IV—*Cost of the Work Under Titles II and III and Payment Therefor*

The provisions of this Title IV shall relate only to the work to be performed under Titles II and III of this contract.

ART. IV–B. *Payments—Reimbursement for cost.* 1. The Government will currently reimburse the Contractor for expenditures made in accordance with Article IV–A of this Title IV, upon certification and delivery to and verification by the Contracting Officer of the original signed payrolls for labor, receipted invoices for materials, equipment, etc., or other evidence satisfactory to the Contracting Officer. Reimbusement will be made as promptly as possible, generally weekly, but may be made at more frequent intervals if the conditions so warrant. All payments made under this paragraph *a* of Section 1 shall be subject to the provisions of Article IV–C.

Payment of the fixed-fees. 2. *a.* The fixed-fee of one dollar ($1.00) provided for in Article II–D shall be paid upon the completion of the work provided therein.

b. The fixed-fee of one dollar ($1.00) provided for in Article III–C shall be paid upon the completion of the work provided therein.

Final payment. 4. Upon completion of the work under Titles II and III of its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Title IV hereof, and of the fees.

ART. IV–C. *Advances.* At any time, and from time to time, after the execution of this contract, the Government, at the request of the Contractor, and subject to the approval of the Chief of Ordnance as to the necessity therefor, shall advance to the Contractor without payment of interest thereon by the Contractor, a sum or sums not in excess of thirty percent (30%) of the estimated cost of the work.

TITLE V—*Provisions Applicable to Titles I, II and III*

ART. V–B. *Changes.* The Contracting Officer may at any time after consultation with the Contractor, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by this contract.

ART. V–C. *Title.* The title to all work, completed or in the course of construction, preparation or manufacture shall be in the Government. Likewise, upon delivery at the site of the work, at an approved storage site or other place approved by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Title IV hereof shall vest in the Government.

ART. V–H. *Termination by Government.* The Government may terminate this contract, at any time prior to the completion of the work under Titles I, II and III hereof, by a notice in writing from the Contracting Officer to the Contractor.

Title VI—Lease of Government-Owned Plant

ART. VI–A. *Subject matter.* The Government hereby leases to the Contractor, subject to the provisions and conditions hereof, the land and the buildings, improvements, machinery and appurtenances thereunto belonging, on said lands referred to in Title I, herein referred to as the Plant.

The Contractor shall maintain adequate guard and fire fighting forces for the protection of the Plant during the term of this lease.

ART. VI–C. *Rental.* The Contractor agrees to pay to the Government in advance, as rental for the term herein created, the sum of one dollar ($1.00).

ART. VI–E. *Termination.* In the event of termination of the work under Title VII of this contract in accordance with the terms of Article VII–G of Title VII hereof, or upon complete performance of this contract by the Contractor, this lease shall terminate, and subject to the provisions of section 2 of Article VI–A hereof, the property hereby leased shall be returned to the Government in as good condition as when received by the Contractor, ordinary wear and tear excepted.

TITLE VII—*Fixed-Price (Lump-Sum) Supply (Optional)*

ART. VII–A. *Statement of work.* 1. The obligation of the Contractor to proceed with the work under this Title VII shall be conditioned upon receipt by the Contractor of notice in writing from the Contracting Officer so to do.

2. Upon receipt by the Contractor of the notice provided in Section 1 immediately preceding, the Contractor shall proceed with the preparation for operation and operation of the Plant for the production of an initial quantity of * * * tons of Oleum; it being estimated that said initial quantity shall be produced at an approximately uniform rate over a period of * * * months operation of the Plant.

3. Upon written notice to the Contractor not less than * * * days before the anticipated completion of the operation provided for in section 2 next above, the Government may, at its option, authorize the continued operation of the Plant for the production of an additional quantity.

ART. VII–C. *Prices.* The Government agrees to pay to the Contractor for each * * * pounds of 40% Oleum inspected and accepted in accordance with the provisions of this Title VII the sum of * * * dollars

ART. VII–E. *Changes.* The Contracting Officer may at any time, by a written order, and without notice to the sureties make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

ART. VII–G. *Termination of work under Title VII.* If, in the opinion of the Contracting Officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the Contractor be not in default, by a notice in writing relative thereto from the Contracting Officer to the Contractor.

This contract is authorized by the following laws: The Act of July 2, 1940 (Public, No. 703, 76th Congress) and the Act of June 30, 1941 (Public, No. 139, 77th Congress).

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-255]

IN THE MATTER OF TRUSTEES, ASSOCIATED GAS AND ELECTRIC CORPORATION, ASSOCIATED UTILITIES CORPORATION, AND NORTHEASTERN WATER COMPANIES, INC.

ORDER REQUIRING DISSOLUTION OF HOLDING COMPANY

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

Trustees, Associated Gas and Electric Corporation, Associated Utilities Corporation, and Northeastern Water Companies, Inc., all registered holding companies, having jointly filed a declaration and applications pursuant to sections 7, 10, 11 (e), 12 (b) and 12 (c) of the Public Utility Holding Company Act of 1935, incident to a plan for the dissolution and liquidation of Northeastern Water Companies, Inc.; a public hearing having been held after appropriate notice, and the Commission on April 25, 1941, having granted the applications and having permitted the declaration to be effective in the above entitled matter, subject to the terms and conditions in Rule U-24, and having since that time ordered extensions of time for completion of the transactions involved; and

Such parties having thereafter requested, pursuant to the provisions of the Public Utility Holding Company Act of 1935, and particularly section 11 (e) thereof, that the Commission enlarge and modify the scope of its order above referred to, so as to find that the action proposed to be taken by such companies complies with the requirements of section 11 (e) of the Act and thereafter to render an appropriate order under such section;

The Commission having reviewed the record herein and finding that said companies have submitted in their said declaration and applications a plan pursuant to section 11 (e), and the Commission finding that the continued existence of Northeastern Water Companies, Inc., should be terminated and that the liquidation and dissolution of Northeastern Water Companies, Inc., and the various steps under the plan and hereinafter directed to be taken are necessary and appropriate to comply with the requirements of section 11 (b) (2) of the Public Utility Holding Company Act of 1935, that such plan is fair and equitable to the persons affected by such plan;

It is ordered, Pursuant to the provisions of the Public Utility Holding Company Act of 1935, and particularly section 11 thereof, that the plan filed under section 11 (e) be, and hereby is, approved, and that such approval shall include the steps to be taken under such plan and the dissolution and liquidation of Northeastern Water Companies, Inc.;

It is further ordered, That, in order to effectuate such dissolution and liquidation, and as steps in the plan submitted by the parties herein and approved herewith, the applicants-declarants take the following steps:

(1) Associated Utilities Corporation shall transfer to the Trustees of Associated Gas and Electric Corporation and the latter shall acquire:

Northeastern Water Companies, Inc.: Notes Payable in the amount of	$1,056,767
Accrued interest thereon	[1] 71,569
	1,128,336

In consideration thereof the Trustees of Associated Gas and Electric Corporation shall grant the following credits to Associated Utilities Corporation:

Reduction in the principal amount of 2% Convertible Obligations in the amount of	$805,376
Cancellation of accrued interest on of 2% Convertible Obligations in the amount of	[1] 322,960
Total	1,128,336

(2) Northeastern Water Companies, Inc., shall transfer to Trustees of Associated Gas and Electric Corporation and the latter shall acquire 155,747 shares of $1.00 a share, par value, common stock of Northeastern Water and Electric Corporation, which Northeastern Water Companies, Inc., now owns and carries on its books at $3,224,666. Said Trustees shall acquire such shares in consideration for the following:

Cash	$90,000
Cancellation of certain obligations of Northeastern Water Companies, Inc., (including notes to be acquired from Associated Utilities Corporation), such obligations being as follows:	
Notes payable	1,056,767
Accrued interest thereon	[1] 71,569
Notes payable	250,805
Accrued interest thereon	[1] 16,925
Accounts payable	1,839,617
Accrued interest thereon (estimated net income for 1940)	[1] 82,246
Total	3,407,929

(3) With said $90,000 received from said Trustees, Northeastern Water Companies, Inc., shall pay its remaining obligations as at November 30, 1940, which (subject to adjustment) consist of:

Notes payable to New England Gas & Electric Association	$76,353
Accrued interest thereon	[1] 5,517
Account payable to the Utility Management Corporation (now Atlantic Utility Service Corporation)	1,525
Miscellaneous accounts payable	923
Capital stock taxes	188
Total	84,506

(4) Northeastern Water Companies, Inc., shall dissolve, pursuant to the provisions of section 105 of the New York State Corporation laws, or otherwise, and shall distribute its remaining assets as liquidating dividends to said Trustees as its sole stockholder;

[1] Accrued interest is calculated to November 30, 1940, and is subject to adjustment as at the date of the consummation of the transactions and the recording thereof on the books of the several applicants-declarants.

It is further ordered, That, upon consummation of the transactions and pending the outcome of the reorganization under Chapter X of the Bankruptcy Act of Associated Gas and Electric Corporation, the Trustees thereof shall not ascribe any value to its acquisitions nor record any loss upon the exchange contemplated;

It is further ordered, Pursuant to section 11 (c) of the Public Utility Holding Company Act of 1935, that this order be complied with, within one year from the date hereof.

By the Commission.

IN THE MATTER OF MOUNTAIN STATES POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than November 28, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Mountain States Power Company proposes to acquire from Montana-Dakota Utilities Co. two of the latter company's Purchase Money Notes each in the face amount of $80,000 in payment of the purchase price of certain existing electric public utility properties located in and near Forsyth, Montana, to be sold by Mountain States Power Company to Montana-Dakota Utilities Co., said purchase money notes to be payable in three equal installments maturing on or before April 1, 1943, January 1, 1944, and October 1, 1944, respectively, bearing interest on the principal amount from time to time remaining unpaid from the date thereof until payment of the respective installments of principal, at the rate of 2½% per annum, payable quarterly on the first days of January, April, July, and October in each year. The acquisition by Mountain States Power Company of said purchase money notes is to be conditioned on the proposed sale thereof at face amount, by endorsement without recourse, to commercial banks, such sale of said purchase money notes by Mountain States Power Company to be consummated simultaneously with the receipt by it thereof.

Mountain States Power Company is a subsidiary company of Standard Gas and Electric Company which is a registered holding company while Montana-Dakota Utilities Co. is not a registered holding company nor a subsidiary company thereof. It is stated that there exists between Mountain States Power Company and Montana-Dakota Utilities Co. no intercorporate relationship through holding companies, ownership of securities or otherwise; that no finders' or underwriters' fees of any kind will be paid, that after the sale by Mountain States Power Company of said purchase money notes, the same will not be an obligation direct or indirect, conditional, or otherwise, of Mountain States Power Company; and that the properties to be sold by Mountain States Power Company are located at a considerable distance from all other properties thereof and are not connected with any other properties thereof.

By the Commission.

IN THE MATTER OF NORTH SHORE GAS COMPANY, NORTH SHORE COKE & CHEMICAL COMPANY, NORTH CONTINENT UTILITIES CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of November, A. D. 1941.

North Shore Gas Company, North Shore Coke & Chemical Company and North Continent Utilities Corporation having filed applications and declarations, and amendments thereto, pursuant to section 11 (e) and other applicable sections of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder with respect to the recapitalization of the North Shore Gas Company, the sale of assets of the North Shore Coke & Chemical Company to the North Shore Gas Company, the dissolution of the North Shore Coke & Chemical Company, and the refunding by the North Shore Gas Company of joint bonds of the North Shore Gas Company and North Shore Coke & Chemical Company; and

A public hearing having been held after appropriate notice, and the Commission having considered the record and having made and filed its findings and opinion herein; and

The Commission having found, subject to the conditions and reservations hereinafter set forth, that the plan is necessary to effectuate the provisions of subsection (b) of section 11 of the Act and is fair and equitable to the persons affected by such plan;

It is hereby ordered, That said applications, as amended, be and the same hereby are granted forthwith, and that said declarations, as amended, be and the same hereby are permitted to become effective forthwith, subject, however, to the following conditions and reservations:

1. The conditions prescribed by Rule U-24;

2. No fees or expenses incurred or to be incurred in connection with the plan and any transactions incident thereto may be paid until thirty (30) days after the applicants file a notification with this Commission as to the proposed amount of such fees and expenses, with a detailed statement as to the services and expenses for which any such amounts are to be paid. Similar statements shall be filed as to all such fees and expenses which have already been paid. Jurisdiction is reserved as to all fees and expenses, and further hearings thereon may be required prior to approval of payment if such action is deemed by this Commission necessary or appropriate in the public interest or for the protection of investors or consumers;

3. Jurisdiction is reserved with respect to the application for an exemption of the proposed new debt securities under section 6 (b) of the Public Utility Holding Company Act, and with respect to the imposition of conditions with respect to such new debt securities and their issuance and sale until the terms and provisions of such new debt securities and indentures and of the sale shall be submitted to us in definitive form;

4. Jurisdiction is reserved with respect to the amount to be entered on the books of North Continent Utilities Corporation in respect of securities or other assets to be acquired by North Continent Utilities Corporation on the liquidation and dissolution of North Shore Coke & Chemical Company;

5. Jurisdiction is reserved to entertain such further proceedings, to make other findings and to take such other action as may be appropriate in the premises in connection with the plan or the various steps required to execute the plan.

By the Commission.

NOV 24 1941

FEDERAL REGISTER

VOLUME 6 NUMBER 227

Washington, Saturday, November 22, 1941

The President

EXECUTIVE ORDER

PROVIDING FOR THE ADMINISTRATION OF THE REQUISITIONING OF PROPERTY REQUIRED FOR NATIONAL DEFENSE

By virtue of the authority vested in me by the Constitution and the statutes of the United States, and particularly by the Act of October 10, 1940, entitled "An Act to Authorize the President to requisition certain articles and materials for the use of the United States, and for other purposes," and the Act of October 16, 1941, entitled "An Act to authorize the President of the United States to requisition property required for the defense of the United States" (hereinafter referred to as the Acts), and in order to provide for the effective administration of the requisitioning of property required for the defense of the United States, it is hereby ordered:

1. The Office of Production Management, in addition to the responsibilities and duties described in Executive Order No. 8629 of January 7, 1941,[1] and Executive Order No. 8875 of August 28, 1941,[2] shall, except as may otherwise be provided hereinafter, exercise the powers and authorities conferred upon the President by the Acts.

2. Whenever the Office of Production Management determines, in accordance with the provisions of the Acts, the necessity for requisitioning property, that Office may:

a. requisition and dispose of such property on its own account; or

b. provide for the requisitioning and disposition of such property through the Department of War, the Department of the Navy, or any other department or agency of the Government authorized to engage in the procurement of property of the type subject to requisition under the Acts.

3. Whenever requested by the Office of Production Management, any department or agency of the Government is hereby authorized to requisition and dispose of property in accordance with the provisions of the Acts and to make available to the Office of Production Management such personnel, including officers of the armed services, as may be necessary to enable that Office to carry out its functions under this Order. The United States Marshals also are hereby authorized and directed, when requested by, and in accordance with directions of the Office of Production Management or the head of any department or agency of the Government authorized to requisition property pursuant to this Order, to requisition and dispose of property.

4. The Secretary of the Treasury, the Secretary of War, the Secretary of the Navy, the Secretary of Agriculture, the Chairman of the United States Maritime Commission, the Executive Director of the Economic Defense Board, or the head of such other agency as the President may from time to time designate, may initiate action for the requisitioning of property by submitting proposals for the requisitioning and disposal of such property to the Office of Production Management, whenever he determines that:

a. such property is of the type which may be requisitioned under either of the Acts;

b. with respect to proposals for requisitioning property under the Act of October 16, 1941:

(1) the use of such property is needed for the defense of the United States,

(2) such need is immediate and impending and such as will not admit of delay or resort to any other source of supply,

(3) all other means of obtaining the use of such property for the defense of the United States upon fair and reasonable terms have been exhausted,

(4) if the property to be requisitioned is machinery or equipment, such machinery or equipment is not in actual use in connection with any operating factory or business or is not necessary to the operation of such factory or business, and

(5) the property to be requisitioned is not a firearm possessed by an individual for his personal protection or sport, the possession of which is not prohibited by existing law;

c. with respect to proposals to requisition property under the Act of October 10, 1940, there exists a necessity for requisitioning the property in accordance with the provisions of section 1 of the Act.

The head of any department or agency acting pursuant to the provisions of this paragraph shall be authorized to requisition and dispose of such property, provided that the Office of Production Management determines that the proposed requisitioning and disposal of such property is consistent with the priorities and allocations program and the general production and supply plan of the Office of Production Management.

5. The Office of Production Management or the head of any department or agency which requisitions property pursuant to this Order shall determine the amount of the fair and just compensation to be paid for any property requisitioned pursuant to the Acts, and the fair value of any property returned in accordance with section 2 of the Act of October 16, 1941.

6. The Supply Priorities and Allocations Board is authorized to establish policies to govern the Office of Production Management and the several requisitioning agencies in exercising the authorities and performing the functions vested in them by this Order, and to issue such rules and regulations as may be necessary or proper to carry out the provisions of this Order.

7. The head of any department or agency of the Government authorized to requisition property pursuant to this Order may, subject to regulations promulgated by the Supply Priorities and Allocations Board, require and compel a disclosure of information under section 4 of the Act of October 16, 1941.

8. The Office of Production Management shall from time to time, but not less frequently than once every three months, transmit to the President a report of operations under this Order.

9. All Executive Orders or regulations, or any parts thereof, heretofore issued under the Act of October 10, 1940, are hereby rescinded insofar as they are inconsistent with the provisions of this Order.

10. This Order shall not affect the authority of the United States Maritime Commission with respect to the requisitioning and disposal of vessels under the terms of section 902 of the Merchant Marine Act, 1936, as amended, or by virtue of Executive Order No. 8771 of June 6, 1941,[1] and Executive Order No. 8881 of September 2, 1941,[2] issued pursuant to Public Law 101, 77th Congress, approved June 6, 1941.

EXECUTIVE ORDER

AMENDING EXECUTIVE ORDER NO. 8495 OF JULY 26, 1940, DESIGNATING AGENCIES FOR THE PURPOSE OF CARRYING OUT THE PROVISIONS OF SECTION 40 OF THE EMERGENCY RELIEF APPROPRIATION ACT, FISCAL YEAR 1941

By virtue of and pursuant to the authority vested in me by section 40 of the Emergency Relief Appropriation Act, Fiscal Year 1941, approved June 26, 1940 (Public Resolution No. 88, 76th Congress), and of all other authority vested in me, and in order to effectuate the purposes of that Act, sections 1 and 3 of Executive Order No. 8495 of July 26, 1940,[3] entitled "Designation of Agencies for the Purpose of Carrying out the Provisions of Section 40 of the Emergency Relief Appropriation Act, Fiscal Year 1941", are hereby amended to read as follows:

"1. I hereby designate the Secretary of Agriculture in respect to agricultural supplies, the Secretary of War and the Secretary of the Treasury, acting separately or jointly, in respect to medical supplies, and the Secretary of the Treasury in respect to other materials and supplies, to purchase, to transport to points of embarkation determined by The American Red Cross, or by such other agency as I may hereafter designate, and to deliver to The American Red Cross or to such other agency at such points, materials and supplies for the relief of refugee men, women, and children who have been driven from their homes or otherwise rendered destitute by hostilities or invasion."

"3. The materials and supplies to be purchased in accordance with this order shall, in the case of agricultural supplies, be determined jointly by the Secretary of Agriculture and The American Red Cross, in the case of medical supplies, jointly by the Secretary of War or the Secretary of the Treasury and The American Red Cross, and in the case of other materials and supplies jointly by the Secretary of the Treasury and The American Red Cross."

§ 175.21 *Definitions.* For the purposes of these regulations:

(a) The term "United States" includes the States, the District of Columbia, Alaska, the Panama Canal Zone, the Philippine Islands, Hawaii, Puerto Rico, the Virgin Islands, Guam, American Samoa, and all territory and waters, continental or insular, subject to the jurisdiction of the United States.

(b) The term "continental United States" includes the territory of the several States, the District of Columbia, and Alaska.

(c) The term "depart from the United States" includes any departure by land, water, or air, from any place included in the United States to any place outside of the United States, or from one port or terminus of the United States to another port or terminus of the United States, including any trip or journey on or over the Great Lakes or their connecting waters, any rivers or other waters coinciding with or covering the boundary of the United States, tidal waters beyond the shoreline of the United States, the said shoreline being hereby defined as the line of seacoast and the shores of all waters of the United States and its territorial possessions connected with the high seas: *Provided, however,* That no trip or journey upon a public ferry, passenger vessel sailing coastwise on fixed schedules, excursion vessel, or aircraft, having both termini in the continental United States or in any one of the other parts of the United States specified in paragraph (a) of this section and not touching foreign territory or waters, shall be deemed a departure from the United States.

(d) The term "seamen" includes every alien signed on the ship's articles and employed in any capacity on board any vessel arriving in or departing from the United States, as well as sea-going fishermen and all owners, masters, officers, members of crews, and other alien persons employed on vessels which for purposes of business or pleasure cruise on tidal waters beyond the shoreline or on the Great Lakes.

(e) The term "airman" includes any alien pilot, navigator, aviator, or other alien person operating or employed on any aircraft.

(f) The term "departure-control officer" means any employee of the Immigration and Naturalization Service assigned to supervise the departure of aliens from the United States, or any person assigned by the chief executive officers of the Panama Canal Zone, Guam, or American Samoa to such duties in those territories, or any person designated by the United States High Commissioner to the Philippine Islands after consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines.

(g) The term "permit-issuing authority" means the Secretary of State, the chief executive officer of Alaska, of Hawaii, of Puerto Rico, of the Virgin Islands, of the Panama Canal Zone, of Guam, or of American Samoa, or the United States High Commissioner to the Philippine Islands acting in consultation with the military and naval authorities of the United States in the Philippine Islands and with the Government of the Commonwealth of the Philippines.

(h) The term "permit to depart" means a copy of the application for a permit to depart as described hereinafter in these regulations, duly executed by the alien, approved and appropriately endorsed by the Secretary of State.

(i) The term "port of departure" means a port in continental United States, the Virgin Islands, Puerto Rico, or Hawaii designated as a port of entry by the Attorney General or by the Commissioner of Immigration and Naturalization, or a port in Guam, American Samoa or the Panama Canal Zone designated by the chief executive officer thereof, or any port in the Philippine Islands designated by the permit-issuing authority therein.*

*§§ 175.21 to 175.32, inclusive, issued pursuant to the authority contained in Proc. 2523, November 14, 1941, 6 F.R. 5821, under the act approved May 22, 1918, as amended by the act approved June 21, 1941 (40 Stat. 559; Public Law 114, 77th Cong., 55 Stat. 252).

§ 175.22 *Permits to depart required.* No alien shall hereafter depart from the United States except at a port of departure and unless there has been issued in accordance with these regulations a valid permit to depart or he is exempted under these regulations from obtaining a permit to depart.*

§ 175.23 *Aliens exempted from obtaining permits to depart.* The following classes of aliens shall not be required to obtain permits to depart:

(a) Accredited diplomatic, consular, and other officers of foreign governments recognized by the United States who have been accorded recognition as such by the Secretary of State, such recognition not having been withdrawn, and the members of the family of such officers, as well as their attendants, servants, and employees who have been notified to and recognized by the Secretary of State: *Provided,* That any such person shall obtain an exit visa from the Chief or Acting Chief of the Visa Division of the Department of State, or from another officer authorized by him. An exit visa shall be subject to verification in the discretion of a departure-control officer at the port of departure, if he has reason to question the authenticity of such exit visa;

(b) Canadian citizens or British subjects lawfully domiciled in Canada or in the United States departing across the border between the United States and Canada;

(c) Aliens in possession of border-crossing identification cards, departing

across the border between the United States and Canada;

(d) Mexican citizens lawfully domiciled in Mexico or in the United States, departing across the border between the United States and Mexico;

(e) Aliens who have entered the United States with limited entry certificates and who are departing within the limits of the period for which they were admitted;

(f) Alien seamen, *Provided*, That, in addition to complying with all other laws and regulations, they submit a passport, or document in the nature of a passport, establishing their identity and nationality (unless such document is waived by the Secretary of State), and also, where departure is from a port in continental United States, the Virgin Islands, Puerto Rico, or Hawaii, an alien registration-receipt card; *Provided further*, That they meet such other requirements as may be prescribed by the Commissioner of Immigration and Naturalization, or the appropriate permit-issuing authorities in the Panama Canal Zone, Guam, American Samoa, or the Commonwealth of the Philippines;

(g) Aliens who have received communications from an American consular officer in foreign contiguous territory to the effect that the documents submitted by them to the consular officer are sufficiently in order to warrant the alien's personal appearance at the consular office in connection with an application for an immigration visa;

(h) Aliens who present valid re-entry permits issued with the concurrence of the Secretary of State as to destination;

(i) Aliens ordered deported from the United States or aliens under deportation proceedings who are given permission to depart at their own expense in lieu of deportation to a specified destination and are departing to such destination;

(j) Immigrant aliens lawfully admitted into the United States who pass in direct transit, without stop-over, through foreign contiguous territory from one part of the United States to another by means of a transportation line which runs through the territory or waters of both countries;

(k) An alien arriving at a seaport in Canada, passing in direct transit by continuous journey through the United States to a destination in Canada by means of a transportation line which runs through the territory of both countries;

(l) Aliens who presented valid transit certificates in entering the continental United States after the effective date of these regulations: *Provided*, That any such alien is passing through the continental United States in continuous transit, remaining in the continental United States no longer than necessary for such continuous transit, and submits to the immigrant inspector at the port of arrival three copies of his itinerary to the port of departure, one copy of which shall be transmitted immediately to the port of departure for verification of the transit journey and one copy to the Secretary of State: *And provided further*, That there has been no deviation or delay in the transit journey without the consent of the Secretary of State or the Attorney General;

(m) Aliens of the following classes, departing from the United States after having been admitted under waiver of documents, as members of such classes:

(1) Aliens proceeding in continuous travel from Patterson, British Columbia, to Laurier, British Columbia;

(2) Non-immigrant aliens residing in remote sections of Canada who entered Alaska temporarily as visitors or as transients and who were unable without undue inconvenience to obtain passports and visas;

(3) Aliens lawfully residing in remote sections of Alaska who desire to enter Canada for a temporary period;

(4) Officers and employees of the International Boundary Commissions who are citizens of Canada or Mexico and who entered the United States temporarily from Canada or Mexico in connection with their official duties;

(5) Immigration and customs officers of the Canadian and Mexican Governments who entered the United States temporarily in the performance of their official duties;

(6) Employees of the Mexican Postal Service assigned to border areas who entered the United States temporarily in the performance of their official duties;

(7) Fire-fighting groups who entered the United States temporarily for fire-fighting activities;

(8) Members of the Plant Protection Division of the Canadian Department of Agriculture who entered the United States temporarily in connection with their official duties;

(9) Canadian law-enforcement officers who entered the United States temporarily in connection with their official duties;

(10) Residents of Canada or Mexico who entered the United States temporarily in urgent cases such as those involving serious illness or death, where no opportunity existed to obtain a passport or visa;

(11) Citizens of Mexico resident in the continental United States departing from the United States to Mexico in urgent cases such as those involving serious illness or death where no opportunity existed to obtain a border-crossing identification card;

(12) Naval personnel of foreign government-owned vessels of war;

(13) British subjects domiciled in the British Virgin Islands and French citizens domiciled in the French island of St. Bartholomew who were admitted into the Virgin Islands for business or pleasure for a period of less than 30 days on any one visit;

(14) Aliens residing in the Virgin Islands who have occasion to proceed temporarily to the British Virgin Islands or to the French Island of St. Bartholomew;

(15) Officials of the national Government of Canada or Mexico who enter the United States temporarily for business or pleasure;

(16) Aliens who are members of the armed forces of the United States and who are travelling under orders.*

§ 175.24 *Refusal of permission to depart.* No permit to depart, exit visa, border-crossing identification card, reentry permit, pre-examination border-crossing identification card, authorization for voluntary departure in lieu of deportation, or other document facilitating departure shall be issued to an alien if the issuing authority has any reason to believe that the departure will be prejudicial to the interests of the United States.*

§ 175.25 *Classes of aliens not entitled to depart.* The departure of an alien who is within one or more of the following categories shall be deemed to be prejudicial to the interests of the United States, for the purposes of these regulations:

(a) Any alien who, without authorization of this Government, is in possession of secret information concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(b) Any alien who, without authorization by this Government, is carrying any secret message to a foreign government, or to any officer or employee thereof, either directly or indirectly, concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(c) Any alien departing from the United States for the purpose of engaging in, or who is likely to engage in, activities designed or likely to obstruct, impede, retard, delay, or counteract the effectiveness of the national defense of the United States or the measures adopted by the United States in the public interest or for the defense of any other country;

(d) Any alien departing from the United States for the purpose of engaging in, or who is likely to engage in, activities which would obstruct, impede, retard, delay, or counteract the effectiveness of any plans made or steps taken by any country of the Western Hemisphere in the interest of the common defense of the countries of such hemisphere;

(e) Any alien departing from the United States for any country for the purpose of organizing in, or directing from, such country, any rebellion, insurrection, or violent uprising in, or against, the United States, or of waging war against the United States, or of destroying sources of supplies or material vital to the national defense of the United States or to the effectiveness of the measures adopted by the United States for the defense of any other country;

(f) Any alien who is a fugitive from justice on account of an offense punishable in the United States;

(g) Any alien whose presence is needed as a witness in, or as a party to, any criminal case pending in a Federal court or which is under investigation;

(h) Any alien who is registered or enrolled, or who is subject to registration or enrolment, for military service in the United States and who shall not have obtained the consent of the Secretary of War or of his local draft board to depart from the United States.*

§ 175.26 *Departure from the Panama Canal Zone.* In addition to all applicable restrictions upon departures from the United States hereinbefore set forth and which may be required by the permit-issuing authority, all aliens before departure from the Panama Canal Zone shall comply with such additional regulations concerning the place and method of departure and method and route of travel through the Zone to the place of departure as may be required by the permit-issuing authority in the Canal Zone.*

§ 175.27 *Departure from the Philippine Islands.* In addition to all applicable restrictions upon departure from the United States hereinbefore set forth and which may be required by the permit-issuing authority, all aliens before departure from the Philippine Islands shall comply with such reasonable additional rules and regulations, not inconsistent herewith, as may be promulgated by the United States High Commissioner to the Philippine Islands, acting in consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines, concerning the place and method of departure and mode and route of travel through the Philippine Islands to the place of departure required by the permit-issuing authority in the Philippine Islands.*

§ 175.28 *Authority to make additional regulations.* The permit-issuing authorities in the Panama Canal Zone and the Philippine Islands are hereby authorized to make such additional rules and regulations, including limitations and exceptions of a procedural character, governing departure from the Panama Canal Zone and the Philippine Islands as they may deem necessary in the public interest.*

§ 175.29 *Departure not permitted in special cases.* (a) Any departure-control officer or other authorized official in any individual case may require any alien, or person he believes to be an alien, departing or attempting to depart even if such person has a permit to depart, to submit for official inspection all documents, articles, or other things which are being removed from the United States upon, or in connection with, such person's departure.

(b) Any departure-control officer or other authorized official shall temporarily prevent the departure of any person of the class mentioned in the preceding paragraph if such person refuses to submit to such official inspection, or if the officer or official believes the departure of such person would under these regulations be prejudicial to the interests of the United States, or if directed by the Secretary of State or the Attorney General to prevent such departure. In every such case the officer or other official preventing departure shall temporarily take possession of any travel document presented by the alien. Such action shall be reported immediately by the departure-control officer to the head of his Department with a full statement of the facts. An individual so temporarily take possession of any travel docbe permitted to depart and shall not be entitled to the benefits of any exemptions or limitations hereinbefore provided unless the Secretary of State is satisfied that the departure of such person would not be prejudicial to the interests of the United States.*

§ 175.30 *Departure permitted in special cases.* (a) Notwithstanding the provisions of these regulations the Secretary of State may, in any individual case, authorize the issuance of a permit to depart to any alien or may allow any alien to depart without a permit if he deems such action to be in the interests of the United States.

(b) A departure-control officer may grant any airman emergency permission to depart, but in all such cases a copy of the airman's application shall be forwarded immediately to the appropriate permit-issuing authority or to the Secretary of State. Such emergency permission shall not be granted unless the departure-control officer is satisfied that such departure would not endanger the public safety or be prejudicial to the interests of the United States.*

§ 175.31 *Applications for permits to depart.* Except in cases for which special procedure has hereinbefore been provided and cases in which permits to depart are not required by these regulations, any alien desiring to depart from the United States shall apply to the Secretary of State, or to such officer as may be designated, for a permit to depart from the United States as follows:

(a) Blank application forms for permits to depart may be obtained from the Visa Division, Department of State, Washington, D. C., or from an office of the Immigration and Naturalization Service, or from a permit-issuing authority in the outlying possessions of the United States. Applications should be mailed at least 30 days before the date of intended departure in order that any delay in departure may be avoided.

(b) Applications for permits to depart from the continental United States, *excepting Alaska*, shall be made to the Secretary of State, Washington, D. C. All other applications for permits to depart shall be made to the appropriate permit-issuing authority specified in these regulations. Applications for permits to depart shall be made upon Form AD–1 prescribed by the permit-issuing authority and executed strictly in accordance with the instructions issued therewith, including the furnishing of photographs.

(c) A married woman accompanying her husband, or a child or children under 14 years of age accompanying either parent or both parents, may be included in the permit granted to the husband or parent, and in such case the wife or child will not be required to make a separate application. Group photographs may be used in such cases.

(d) Any attempt by an applicant to depart from the United States before action has been taken on his application, or after a permit has been denied, may subject the applicant to the penalties provided in the act of May 22, 1918, as amended by the act of June 21, 1941.

(e) If the application for permission to depart is approved the applicant will be notified, and one copy of the application, appropriately endorsed, which shall thereupon become the permit to depart, will be forwarded to the appropriate departure-control officer at the port or place from which the applicant has stated in his application that he intends to depart. Upon the applicant's personal appearance before such departure-control officer, indicated in the notification to the applicant, and upon the identification of such applicant by the departure-control officer, to whom the applicant shall surrender the notification received, the departure-control officer may permit such applicant to depart from the United States and shall verify such departure. The departure-control officer shall thereupon place a notation or certification on the permit concerning the alien's departure and forward such permit, together with the notification surrendered by the alien, to the Secretary of State, Washington, D. C. Under no circumstances should an alien to whom a

departure permit has been granted be permitted to take such permit out of the United States or to have such permit in his possession while in the United States.

(f) A permit to depart shall be revocable at any time before departure of the alien in whose case such permit shall have been granted. The Secretary of State reserves the power to revoke a permit which has been issued by any permit-issuing authority.

(g) No permit to depart from the United States shall be construed as a permit to enter any place in the United States.*

§ 175.32 *Effective date.* These regulations shall become effective on December 1, 1941.*

[SEAL] CORDELL HULL,
Secretary of State.

(g) The term "airman" includes any alien pilot, navigator, aviator, or other alien person operating or employed on any aircraft.

(h) The term "port of entry" means a port in the continental United States, the Virgin Islands, Puerto Rico, or Hawaii designated as a port of entry by the Attorney General or the Commissioner of Immigration and Naturalization, or such ports in the Panama Canal Zone, Guam, and American Samoa as may be designated by the Governors thereof, or a port in the Philippine Islands designated by the United States High Commissioner to the Philippine Islands, after consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines.*

*§§ 175.41 to 175.58, inclusive, issued pursuant to the authority contained in Proc. 2523, November 14, 1941, 6 F.R. 5821, under the act approved May 22, 1918, as amended by the act approved June 21, 1941 (40 Stat. 559; Public Law 114, 77th Cong., 55 Stat. 252), and by virtue of the authority contained in the Immigration Act approved May 26, 1924 (43 Stat. 153), as amended, section 30 of the Alien Registration Act, 1940 (54 Stat. 673), and Executive Order 8766 of June 3, 1941.

§ 175.42 *Permits to enter required.* No alien shall hereafter enter the United States (a) except at a port of entry designated as such by the Commissioner of Immigration and Naturalization or other authorized official and (b) unless he is in possession of a valid unexpired permit to enter or is exempted under these regulations from presenting a permit to enter.*

§ 175.43 *Permits to enter not a guarantee of admission.* No alien who is inadmissible into the United States under the provisions of the immigration laws and regulations, or other laws and regulations, including these regulations, shall be admitted into the United States even if he is in possession of an unexpired permit to enter.*

§ 175.44 *Immigrants not required to obtain permits to enter.* Pursuant to the provisions of section 30 of the Alien Registration Act, 1940 (54 Stat. 673; 8 U.S.C. 451), Executive Order 8766 of June 3, 1941, and the proclamation of the President hereinbefore mentioned, the following classes of immigrants are not required to obtain permits to enter and the requirements of immigration visas, which constitute permits to enter in respect of immigrants, and passports, are waived in the following emergency cases:

(a) An alien immigrant child born subsequent to the issuance of the immigration visa of an accompanying parent, the visa not having expired;

(b) An alien immigrant child born during the temporary visit abroad of an alien mother who has previously been legally admitted into the United States for permanent residence, provided the child is accompanying a parent admissible to the United States, and application is made for admission into the United States within a period of two years after the date of birth;

(c) An immigrant alien lawfully admitted into the United States who passes in direct transit, without stop-over, through foreign contiguous territory from one part of the United States to another by means of a transportation line which runs through the territory or waters of both countries;

(d) An alien immigrant who has previously been legally admitted into the United States for permanent residence and who is proceeding by vessel or airplane from the mainland to an insular possession or from an insular possession to the mainland or from one mainland port to another, without stop-over, although touching at a foreign port;

(e) An alien immigrant who has previously been legally admitted into the United States for permanent residence reentering from a journey beginning in an American port without transshipment from the original vessel to another vessel;

(f) An alien immigrant lawfully admitted into the United States and returning from a visit not exceeding 30 days to contiguous territory where, because of urgency such as one involving serious illness or death, no opportunity existed to obtain a reentry permit or a resident alien's border-crossing identification card prior to departure from the United States;

(g) Aliens, occupationally seamen, previously lawfully admitted for permanent residence, who have not relinquished their domicile in the United States and who are returning to the United States in accordance with the terms of the articles of outward voyage, or in accordance with and following the terms of their discharge before an American consular officer;

(h) Alien members of the armed forces of the United States, provided they are in uniform or bear documentation identifying them as members of the armed forces;

(i) Individual cases considered by the Department of Justice to be within the provisions of section 13 (b) of the Immigration Act of 1924 may be submitted to the Secretary of State for consideration of a waiver of documents in each case.*

§ 175.45 *Non-immigrants not required to obtain permits to enter.* Pursuant to the provisions of section 30 of the Alien Registration Act, 1940 (54 Stat. 673; 8 U. S. C. 451), Executive Order 8766 of June 3, 1941, and the proclamation of the President hereinbefore mentioned, the following classes of non-immigrants are not required to obtain permits to enter and the requirements of non-immigrant visas, border-crossing identification cards, transit certificates, and limited-entry certificates, which constitute permits to enter in respect of non-immigrants, are waived in the following classes of emergency cases:

(a) Canadian railway-mail clerks entering in connection with their official duties, provided they carry documents identifying them as such;

(b) Aliens residing in remote sections of Canada and entering Alaska temporarily as visitors or as transients, who are unable without undue inconvenience to obtain passports and visas;

(c) Members of the staff of the International Fisheries Commission and the International Pacific Salmon Fisheries Commission entering the United States temporarily in connection with the performance of their official duties, provided they carry documents bearing photographs and identifying them as members of the staff of the Commissions;

(d) Officers and employees of the International Boundary Commissions who are citizens of Canada or Mexico entering the United States temporarily from Canada or Mexico in connection with their official duties;

(e) Immigration and customs officers of the Canadian and Mexican Governments entering the United States temporarily in the performance of their official duties;

(f) Employees of the Mexican Postal Service assigned to border areas entering the United States temporarily in the performance of their official duties, who have credentials establishing their identity and their official duties in the region of the border;

(g) Fire-fighting groups entering the United States temporarily for fire-fighting activities;

(h) Members of the Plant Protection Division of the Canadian Department of Agriculture entering the United States temporarily in connection with their official duties;

(i) Canadian law-enforcement officers entering the United States temporarily in connection with their official duties and possessing identification as such;

(j) Residents of Canada or Mexico entering the United States temporarily in urgent cases, such as those involving serious illness or death, where no opportunity exists to obtain a passport or a visa, a border-crossing identification card, or a limited-entry certificate;

(k) Canadian citizens entering for a temporary stay of less than thirty days at Point Roberts, Washington;

(l) Naval personnel of foreign government-owned vessels of war;

(m) British subjects domiciled in the British Virgin Islands and French citizens domiciled in the French Island of St. Bartholomew, seeking admission into the Virgin Islands for business or pleasure for a period of less than thirty days on any one visit;

(n) Aliens residing in the Virgin Islands who have occasion to proceed temporarily to the British Virgin Islands or to the French Island of St. Bartholomew;

(o) Responsible officials of the national governments of Canada or Mexico, who proceed unexpectedly to the border and who seek to enter the United States temporarily for business or pleasure;

(p) Special cases of unforeseen emergency in which the Secretary of State is satisfied that the aliens concerned are entering temporarily and have had no reasonable opportunity to procure appropriate documents;

(q) A national of a contiguous country passing in direct transit, without stop-over, from the country of residence through the United States back to the country of residence, by means of a transportation line which runs through the territory or waters of both countries;

(r) An alien arriving at a seaport in Canada passing in direct transit by continuous journey through the United States to a destination in Canada, by means of a transportation line which runs through the territory of both countries;

(s) Persons proceeding in continuous travel from Patterson, British Columbia to Laurier, British Columbia;

(t) A non-immigrant alien child born subsequent to the issuance of the passport visa of an accompanying parent, the visa not having expired;

(u) Residents of the Fiji Islands and remote Pacific islands who, after arrival at ports of entry in Hawaii or on the Pacific Coast are found by the Immigration authorities to be classifiable as *bona fide* non-immigrant temporary visitors under section 3 (2) of the Immigration Act of 1924 or as transients under section 3 (3) of the act;

(v) Canadian seamen sent forward to join vessels in ports of the United States, provided they present seamen's identification cards;

(w) Seamen whose occupational status as such is found to be *bona fide*, seeking admission as passengers solely in pursuit of their calling as seamen, if arriving in the United States under the following circumstances:

(1) Seamen who were members of the crew of an American vessel which has been sold and delivered abroad, when the contract of employment provides for the return of the crew or when the laws of the United States provide for their return to an American port;

(2) Shipwrecked or cast-away seamen rescued by, or transferred at sea to, a vessel bound for an American port;

(3) Seamen who are American consular passengers or who are repatriated without expense to the United States Government following, and in accordance with the terms of, their discharge in a foreign port before an American consular officer;

(x) Seamen, entering temporarily as such, who are members of the crew of a vessel arriving from a port at which there is no American consul and the master of the vessel was unable to obtain a crew-list visa from a nearby consular officer without undue delay of the vessel's departure;

(y) Members of the crew of a vessel operating on a regular service between a port in Florida and Habana, Cuba, entering temporarily as seamen, are exempt from the crew-list visa requirement, except that a new crew-list visa must be presented (1) to cover the first trip each month of each such vessel and (2) to cover an additional seaman who is signed on as a member of the crew during the month;

(z) Members of the crews of vessels sailing between ports of the United States and Canada or Newfoundland which do not touch at ports of other countries, who are entering the United States temporarily as seamen, are exempt from the crew-list visa requirement;

(aa) An alien lawfully admitted to the United States as a non-immigrant who is proceeding by vessel or airplane from the mainland to an insular possession or territory or from an insular possession or territory to the mainland or from one mainland port to another, without stop-over, although touching at a foreign port;

(bb) Persons presenting certificates of identity issued by American consular officers under the provisions of section 503 of the Nationality Act of 1940 and the regulations issued thereunder (see 22 CFR. 19.18–19.29).*

§ 175.46 *Refusal of permission to enter.* (a) No permit to enter shall be issued to any alien if the issuing authority has reason to believe that the entry of the alien would be prejudicial to the interests of the United States.

(b) The permit-issuing authority shall report the refusal of a permit to the head of his department. If a permit is refused by an officer of the Immigration and Naturalization Service of the Department of Justice on the ground that he has reason to believe that the

entry of the alien would be prejudicial to the interests of the United States, the Attorney General may, after consultation with the Secretary of State, authorize issuance of the permit if he is satisfied that entry of the alien would not be prejudicial to the interests of the United States. If a permit is refused by any other officer of the United States authorized to issue documents constituting permits to enter under these regulations, the Secretary of State, or an official designated by him, may authorize the issuance of a permit to enter if he is satisfied that the entry of the alien will not be prejudicial to the interests of the United States. The report of a refusal of a permit to enter made to the head of a department other than the Secretary of State shall be communicated to the Secretary of State.*

§ 175.47 *Classes of aliens whose entry is deemed to be prejudicial to the public interest.* The entry of an alien who is within one of the following categories shall be deemed to be prejudicial to the interests of the United States for the purpose of these regulations;

(a) Any alien who belongs to one of the classes specified in the act of October 16, 1918 (40 Stat. 1012) as amended;

(b) Any alien who is a member of, affiliated with, or may be active in the United States in connection with or on behalf of a political organization associated with or carrying out the policies of any foreign government opposed to the measures adopted by the Government of the United States in the public interest or in the interest of national defense or in the interest of the common defense of the countries of the Western Hemisphere;

(c) Any alien in possession of, or seeking to procure, unauthorized secret information concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(d) Any alien engaged in activities designed to obstruct, impede, retard, delay, or counteract the effectiveness of the measures adopted by the Government of the United States for the defense of the United States or for the defense of any other country;

(e) Any alien engaged in activities designed to obstruct, impede, retard, delay, or counteract the effectiveness of any plans made or steps taken by any country of the Western Hemisphere in the interest of the common defense of the countries of such Hemisphere;

(f) Any alien engaged in organizing or directing any rebellion, insurrection, or violent uprising against the United States;

(g) Any alien engaged in a plot or plan to destroy materials or sources thereof vital to the defense of the United States;

(h) Any alien whose admission would endanger the public safety, as provided in any Executive order issued in pursuance of the act of Congress approved June 20, 1941 (Public Law 113, 77th Cong.);

(i) Any alien who is not within one or more of the foregoing classes, but in whose case circumstances of a similar character may be found to exist, which render the alien's admission prejudicial to the interests of the United States, which it was the purpose of the act of June 21, 1941 to safeguard.*

§ 175.48 *Aliens leaving close relatives in certain foreign countries.* The fact that a spouse, or a relative of the first degree or consanguinity, with whom the applicant has maintained close family ties, remains abroad in any country, or in territory under the control of any country, the government of which is opposed to the measures of the Government of the United States with regard to the wars now being waged in the Eastern Hemisphere, may be considered with other evidence in determining whether an alien's permit to enter should be denied upon the ground that the alien is within one or more of the categories set forth in § 175.47.*

§ 175.49 *Permission to enter the Panama Canal Zone, Guam, American Samoa, and the Philippine Islands.* In addition to all applicable restrictions set forth in these regulations, an alien seeking to enter the Panama Canal Zone, Guam, and American Samoa shall follow such procedure as may be prescribed by the Governors thereof, and an alien seeking to enter the Philippine Islands shall follow such procedure as may be prescribed by the United States High Commissioner to the Philippine Islands after consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines. The said officials are hereby authorized to make such additional regulations as may be required, in their judgment, to carry out the restrictions contained in these regulations.*

§ 175.50 *Entry not permitted in special cases.* (a) Any alien, even though in possession of a permit to enter, or exempted under these regulations from obtaining a permit to enter, may be excluded temporarily if at the time he applies for admission at a port of entry it appears that he is or may be within one of the categories set forth in § 175.47. The official excluding the alien shall immediately report the facts to the head of his department, who will communicate such report to the Secretary of State. Any alien so temporarily excluded by an official of the Department of Justice shall not be admitted and shall be excluded and deported unless the Attorney General, after consultation with the Secretary of State, is satisfied that the admission of the alien would not be prejudicial to the interests of the United States. Any alien so temporarily excluded by any other official shall not be admitted and shall be excluded and deported unless the Secretary of State is satisfied that the admission of the alien would not be prejudicial to the interests of the United States.

(b) In the case of an alien temporarily excluded by an official of the Department of Justice on the ground that he is or may be within one or more of the categories set forth in § 175.47, no hearing by a board of special inquiry shall be held until after the case is reported to the Attorney General and such a hearing is directed by the Attorney General or his representative. In any special case the alien may be denied a hearing before a board of special inquiry and an appeal to the Board of Immigration Appeals if the Attorney General determines that he is within one of the categories set forth in § 175.47 on the basis of information of a confidential nature the disclosure of which would be prejudicial to the public interest.*

§ 175.51 *Procedure for issuance of permits to enter.* Applications for documents which are permits to enter under these regulations shall be made as provided by the rules and regulations applicable to the issuance of such documents and in accordance with the additional requirements for admission to the United States provided in these regulations. With the exceptions hereinafter specified, no permit to enter shall be issued until after the permit-issuing authority shall have received from the Secretary of State an advisory opinion or instruction recommending the issuance of a permit.*

§ 175.52 *Additional requirements for officials of foreign governments.* In addition to all other requirements, any official, employee, or agent of a foreign government proceeding to the United States temporarily as a tourist or on personal business or for pleasure, or proceeding through the United States to a foreign destination, must disclose in connection with his application for a permit to enter his official governmental position, status, or connection and must not engage while in the United States in any official activity on behalf of his government without first having been recognized by the Secretary of State, and he is hereby prohibited from engaging in any such activity in the United States unless and until he obtains a change of status from that of a visitor to that of an official on official business. Failure to disclose his official position, status, or connection in making application for a permit to enter, or engaging in any official business in the United States prior to such change of status, shall be punishable as a breach of these regulations.*

§ 175.53 *Additional requirements for aliens in transit.* In addition to all other requirements, an alien seeking admission in transit through the United States to a foreign destination by virtue of a transit certificate must submit to the Immigrant Inspector or to an officer acting in such capacity at the port of arrival three copies of his itinerary to the port of departure, one copy of which shall be transmitted immediately to the port of departure for verification of the transit journey and departure, and one copy to the Secretary of State. No deviation or delay in the transit journey will be permitted without the consent of the Secretary of State or the Attorney General.*

§ 175.54 *Additional requirements for alien seamen.* In addition to all other requirements, no non-resident alien seaman employed on any vessel arriving in the United States from any place outside thereof shall be granted shore leave or be permitted to go ashore in the United States except with the approval of the master and in the discretion of the immigration officials at the port of arrival acting under authority of the Attorney General. The period of shore leave granted a seaman shall not exceed that during which the vessel on which he arrived will remain in a port of the United States, unless the Attorney General, in his discretion, concurs in the granting of a longer period of shore leave.*

§ 175.55 *Exceptions from requirements of advisory opinions.* (a) Final action may be taken on applications for permits to enter without prior submission of applications to the Secretary of State, as provided in § 175.51 hereof, in the following classes of cases:

(1) Applicants for re-entry permits or the renewal thereof.

(2) Applicants for border-crossing identification cards who have been previously lawfully admitted into the United States for permanent residence.

(3) Applicants for non-resident border-crossing identification cards who are citizens and residents of Mexico, born therein or born abroad of a native Mexican father, and Canadian citizens or British subjects domiciled in Canada or Newfoundland.

(4) Applicants for any kind of permit to enter, who are native born citizens of the independent countries of the Western Hemisphere, citizens of Canada or Newfoundland, British subjects born or domiciled in any Western Hemisphere territory: *Provided*, Such persons are sufficiently known by or to the permit-issuing authority to warrant a conclusion that the admission of the applicants would not be prejudicial to the interests of the United States (the wives and minor children of such persons, who have the same nationality status, may be included in this category regardless of the place of birth of such wives and children).

(5) Applicants for non-quota section 4 (a) immigration visas in whose behalf a relative petition (form 633) shall have been approved by the Department of Justice.

(6) Applicants for non-quota section 4 (b) immigration visas in Western Hemisphere countries.

(7) Applicants for transit certificates, who are proceeding to Canada or British territory in the Western Hemisphere and who have received advance permission to enter Canada or such British territory.

(8) Applicants for replace immigration visas who, because of their inability to procure passage or transportation to the United States, were unable to use their original immigration visas issued after July 1, 1941.

(9) Applicants for any kind of permit to enter, who are under 18 years of age, who have previously been lawfully admitted into the United States for either temporary or permanent residence, and who are applying in Western Hemisphere countries for permits to enter.

(10) *Bona fide* alien seamen included in crewlists submitted for visas.

(11) Female applicants who were formerly American citizens and who have lost their citizenship by marriage to aliens.

(12) Native-born citizens of Iceland domiciled therein and natives of Greenland of Danish nationality domiciled in Greenland.

(13) Members of British military or naval forces who are recommended by their responsible superior officer.

(14) Officials of governments of the countries of the Western Hemisphere and British Government officials, the members of their families, and their attendants, servants and employees, accompanying them.

(15) The lawful wife and alien minor children of an alien Chinese merchant who have complied with the pre-investigation procedure prescribed by the applicable regulations of the Immigration and Naturalization Service governing admission of Chinese.

(16) Cases concerning which the Secretary of State shall have issued special instructions to the permit-issuing authority.

(b) Notwithstanding the aforesaid exceptions a permit-issuing authority may refer any application to the Secretary of State for an opinion or decision, if he deems it to be doubtful whether the applicant comes within one of the excepted classes or if he considers that there is a question whether the entry of an alien who comes within one of such classes would be likely to prejudice the interests of the United States. Officers of the Immigration and Naturalization Service will refer such cases to the Attorney General.*

§ 175.56 *Sponsorship of applicants.* (a) An applicant for a permit, not excepted under § 175.55 from the requirement of an advisory opinion, must be sponsored by citizens of the United States or by alien residents of the United States lawfully admitted for permanent residence. Supporting statements of sponsorship under oath in accordance with the requirements of form BC, prescribed pursuant to these regulations, shall be furnished to the Secretary of State. Husbands, wives, and their children under 18 years of age traveling together may be included in one form BC. Two letters of reference from reputable and responsible persons, preferably American citizens, who know the person or persons executing the form, must be attached thereto.

(b) Form BC shall consist of:

Part B. Biographical data. A statement executed under oath and containing biographical data concerning each applicant for a permit to enter.

Part C. Affidavit of support and sponsorship. If the applicant is not self-supporting, statements of two persons executed under oath and containing information concerning the affiants' identity and financial condition and their undertaking to support the applicant, shall be furnished in accordance with the requirements of part C of form BC. If the applicant is self-supporting, statements of two persons executed under oath shall be furnished in the space provided for an alternative statement in accordance with form BC.

(c) *Form K. Authorization to act as intermediary.* In the discretion of the Secretary of State a person who desires to act as attorney or other intermediary on behalf of a sponsor may be required to present form K, executed by the sponsor authorizing him to do so.*

§ 175.57 *Procedure in formulating advisory opinions.* (a) Form BC, when properly executed and received in the Department of State, shall be considered by an inter-departmental committee, together with all the documents attached thereto and all other information which may be available concerning the applicant for a permit to enter, his sponsors, and their references. The inter-departmental committee shall be composed of one representative of each of the State, War, and Navy Departments, and of the Federal Bureau of Investigation and the Immigration and Naturalization Service of the Department of Justice. Each member of the inter-departmental committee shall be permitted to express his opinion concerning the eligibility of the applicant to receive a permit to enter. Such opinions shall be recorded and shall be considered confidential. A majority opinion shall constitute the opinion of the committee.

(b) If the committee's opinion is that a permit to enter may be granted, and if such opinion is acceptable to the Secretary of State, it may be transmitted to the permit issuing authority, thereby becoming the advisory opinion of the Department of State.

(c) If the committee's opinion is not acceptable to the Secretary of State, or if the opinion is that a permit to enter should not be issued, or if any member of the committee so requests, the opinion of the committee shall be referred to a committee of review, together with the complete record in the case. The committee of review shall be composed of

one representative of each of the agencies named in paragraph (a) of this section. The committee of review shall consider the record forwarded from the interdepartmental committee and may allot a limited time for the appearance of an alien's sponsors or other interested persons, who may submit statements. The committee may make rules and regulations governing the appearance before it of sponsors, attorneys, agents, or other intermediaries. Statements made by persons appearing before the committee of review shall be under oath. After being duly sworn a sponsor shall answer any material interrogatories which may be addressed to him by the members of the committee. Confidential information in the possession of the committee shall not be disclosed to the sponsor or to his attorney, agent, or other intermediary.

(d) If the opinion of the committee of review is that a permit to enter may be granted, and if such opinion is acceptable to the Secretary of State, it may be transmitted to the permit issuing authority, thereby becoming the advisory opinion of the Department of State.

(e) If the opinion of the committee of review is not acceptable to the Secretary of State, or if the opinion is that a permit to enter should not be issued, or if any member of the committee so requests, the opinion of the committee shall be referred to a board of appeals, together with the complete record in the case. The board shall be composed of two members appointed by the President. The board shall preserve the confidential character of any information in the record. Cases shall be considered and decided by the board of appeals solely upon the basis of the written record as made up in the committees. If the opinion of the board of appeals is not acceptable to the Secretary of State, or if the members of the board are unable to agree on any particular case, the Secretary of State may substitute his own opinion, which shall be final and shall be transmitted to the permit-issuing authority as the advisory opinion of the Department of State.

(f) Each member of the inter-departmental committee, committee of review, or board of appeals, shall, while the case of an applicant for a permit to enter is under consideration by his committee or board, express his opinion of the applicant's eligibility for entry solely with reference to one of the categories set forth in § 175.47 of these regulations, and in the case of an adverse opinion the particular category involved shall be specified and recorded. The record thereof shall be confidential, and only the recommendation of the committee or board, without the reasons therefor, shall be disclosed.

(g) The board of appeals may not reconsider any case until after the lapse of a period of six months from the date of the previous opinion of the board in the case concerned. The board shall have the power to remand any case to the committee of review or to the interdepartmental committee for investigation and reconsideration, without expressing an opinion concerning the case.

(h) If a permit-issuing authority who shall have received an advisory opinion from the Department of State is in possession of information which indicates that the entry of the alien concerned would be prejudicial to the interests of the United States as provided in § 175.47 hereof, action shall be suspended on the case and a full report shall be submitted to the Secretary of State. The permit-issuing authority shall thereafter be guided by any further advisory opinion received from the Secretary of State regarding the question whether the entry of the particular applicant for a permit to enter would be prejudicial to the interests of the United States under these regulations.*

§ 175.58 *Effective date.* These regulations shall become effective on December 1, 1941.*

TITLE 10—ARMY: WAR DEPARTMENT

CHAPTER V—MILITARY RESERVATIONS AND NATIONAL CEMETERIES

PART 55—MOTION PICTURE SERVICE [1]

§ 55.10 *Acceptance of commercially sponsored motion picture films.*[2] The following policy with regard to the acceptance of commercially sponsored motion picture films for advertising purposes is announced:

(a) Films of a purely recreational nature will not be accepted from commercial sponsors for exhibition at posts, camps, and stations served by the United States Army Motion Picture Service.

(b) Films having definite training or educational value may be accepted for the showing in camps, posts, or stations where desired by local commanders: *Provided:*

(1) That films to be shown in War Department theaters using their equipment will not be shown during paid performances of motion picture programs, but may be shown as part of the training film program if the subject matter of the film contributes substantially to the instruction in a subject concurrently appearing on the local training program. Those that are shown in places other than War Department theaters will be subject to the approval of, and at the times desired by, local commanders.

(2) That the subject matter of the film has a reasonable relationship to the commercial advertiser's product or manufacturing methods.

(3) That no admission charge for attendance will be permitted for commercially sponsored films.

(4) That such films do not advertise products which are considered to be incompatible with the best interests of the service or places of business that are of an unwholesome character.

(c) Offers of educational film sponsored by commercial concerns may be accepted at the discretion of the corps area commander concerned. The agency or individual making such offer will be advised:

(1) That either by appropriate announcement, slide, or as an integral part of film, a statement must be included to the effect that the showing of the film does not necessarily constitute War Department endorsement of the company or the product advertised.

(2) That the United States Government will not be responsible for the loss, damage, or destruction of any film loaned for this purpose. (R.S. 161; 5 U.S.C. 22)

CHAPTER IX—TRANSPORT

PART 93—TRANSPORTATION OF INDIVIDUALS [1]

SLEEPING-CAR AND SIMILAR ACCOMMODATIONS [2]

§ 93.15 *When and to whom sleeping car and similar accommodations furnished; allowances*—(a) *Standard accommodations.*

(1) • • •

• • • • • •

(iii) Aviation cadets and noncommissioned officers of first, second, and third grades, when traveling individually, or included in parties of nine persons, or less (i. e. enumerating aviation cadets, noncommissioned officers of all grades, other enlisted men, applicants for enlistment and rejected applicants for enlistment, but not officers and warrant officers).

• • • • •

(b) *Tourist accommodations*—(1) *Nine persons or less.* (i) Noncommissioned officers below the third grade traveling under orders, individually, or included in parties of nine persons or less (i. e., enumerating aviation cadets, noncommissioned officers of all grades, other enlisted men, applicants for enlistment, and rejected applicants for enlistment, when the journey exceeds 12 hours and is scheduled to terminate after midnight, or when the journey involves spending a night on the train, are entitled to a separate berth each in a tourist sleeping car, except as provided in subparagraph (3) of this paragraph, an upper, if available; otherwise a lower. See subparagraph (b) (4) of this section.

(ii) Enlisted men other than aviation cadets and noncommissioned officers, and/or applicants for enlistment, and/or rejected applicants for enlistment, traveling under orders, individually, or included in parties of nine persons or less (i. e., enumerating aviation cadets, noncommissioned officers of all grades, other enlisted men, applicants for enlistment and rejected applicants for enlistment, but not officers and warrant officers), when the journey exceeds 12 hours and is scheduled to terminate after midnight, or when the journey involves spending a night on the train, are entitled to accommodations in a tourist sleeping car, except as provided in subparagraph (3) of this paragraph, on the following basis:

(*a*) One person traveling, individually, will be furnished an upper berth, if available; otherwise a lower. See subparagraph (b) (4) of this section.

(*b*) Parties of two to nine persons, both inclusive, will be furnished accommodations on the basis of two persons in a lower berth; the "odd-number" person, if any, to be furnished an upper. If an upper is not available for the "odd-number" person, he will be furnished a lower. See subparagraph (b) (4) of this section.

(2) *Ten persons, or more.* Enlisted men (including aviation cadets and all noncommissioned officers), and/or applicants for enlistment, and/or rejected applicants for enlistment, traveling under orders and included in parties of 10 persons, or more (not enumerating officers and warrant officers), when the journey exceeds 12 hours and is scheduled to terminate after midnight, or when the journey involves spending a night on the train, are entitled to accommodations in a tourist sleeping car, except as provided in subparagraph (3) of this paragraph, on the basis of two persons in a lower berth; the "odd-number" person, if any, being entitled to an upper berth, provided that if there are more than a sufficient number of persons to occupy all the lower berths of an entire car on the basis of two persons in a berth, then the remaining persons will be furnished an upper berth each in the same car until its capacity is reached. For larger parties, accommodations in the second and succeeding cars will be furnished on the same basis as that prescribed above for the first car or a part thereof. See subparagraph (4) of this paragraph. See also § 93.18.

(4) *Alternative allowances; reservations.* The alternative allowances (upper and lower berths; tourist or standard accommodations) provided for in subparagraphs (1), (2), and (3) of this paragraph contemplate the furnishing of the most economical accommodations available on the train (and connecting trains on route) which the persons enumerated are required to use so as to carry out their orders. The higher cost berths and/or accommodations should be utilized only for such distance that those of lower cost are not available. The quartermaster furnishing the transportation should endeavor, through the carrier's agent, to reserve, so far as practicable, the required accommodations for the entire journey, except that The Quartermaster General will arrange for accommodations in the case of movements which are routed by him under existing regulations, except that under paragraph 12, MR 1-7,[3] transportation officers at induction stations arrange for any accommodations authorized herein, in connection with routings prescribed by The Quartermaster General. See § 93.20. (R.S. 161, 5 U.S.C. 22)

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 4280]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF A. KRASNE, INC.

§ 3.45 (e) *Discriminating in price—Indirect discrimination—Brokerage payments.* In the course of commerce, (1) receiving or accepting, directly or indirectly, any allowance or discount in lieu of brokerage fees or commissions in whatever manner or form said allowances, discounts, brokerage fees, or commissions may be offered, allowed, granted, paid, or transmitted; and (2) receiving or accepting from sellers in any manner or form whatever, directly or indirectly, anything of value as a commission, brokerage fee, or other compensation, or any allowance or discount in lieu thereof upon purchases of commodities made by respondent; prohibited. (Sec. 2c, 49 Stat. 1527; 15 U.S.C., Sup. IV, sec. 13c) [Cease and desist order, A. Krasne, Inc., Docket 4280, November 14, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of November, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission and the substitute answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that it waives all intervening procedure and further hearings as to said facts and expressly waives the filing of briefs and oral argument, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of subsection (c) of section 2 of an Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (the Clayton Act), as amended by an Act of Congress approved June 19, 1936 (the Robinson-Patman Act), (U.S.C. Title 15, Sec. 13):

It is ordered, That in the course of commerce, as "commerce" is defined in the aforesaid Clayton Act, the respondent A. Krasne, Inc., a corporation, its officers, agents, representatives, and employees, directly or through any corporate or other device, do forthwith cease and desist from:

(1) Receiving or accepting, directly or indirectly, any allowance or discount in lieu of brokerage fees or commissions in whatever manner or form said allowances, discounts, brokerage fees, or commissions may be offered, allowed, granted, paid, or transmitted;

(2) Receiving or accepting from sellers in any manner or form whatever, directly or indirectly, anything of value as a commission, brokerage fee, or other compensation, or any allowance or discount in lieu thereof upon purchases of commodities made by respondent.

It is further ordered, That the said respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.
